may not be granted. To submit an application electronically, please use the Grants.gov Web site. Download a copy of the application package on the Grants.gov Web site, complete it offline and then upload and submit the application via the Grants.gov site. You may not e-mail an electronic copy of a grant application to IHS.

Please be reminded of the following:

- Under the new IHS application submission requirements, paper applications are not the preferred method. However, if any UIHO has technical problems submitting the application on-line, please contact Grants.gov Customer Support directly at: <http://www.grants.gov/CustomerSupport>.

- Upon contacting Grants.gov, obtain a Grants.gov tracking number as proof of contact. The tracking number is helpful if there are technical issues that cannot be resolved and a waiver request from Grants Policy Staff (GPS) must be obtained. If any of the organizations are still unable to successfully submit the application on-line, please contact Michelle G. Bulls, GPS, at (301) 443-6290 at least fifteen days prior to the application deadline to advise her of the difficulties you have experienced.

- If it is determined that a formal waiver is necessary, each organization must submit a request, in writing (e-mails are acceptable), to Michelle.Bulls@ihs.gov providing a justification for the need to deviate from the standard electronic submission process. Upon receipt of approval, a hard-copy application package must be downloaded from Grants.gov, and sent directly to the Division of Grants Operations (DGO), 801 Thompson Avenue, TMP 360, Rockville, MD 20852 by May 1, 2008.

- Upon entering the Grants.gov Web site, there is information available that outlines the requirements to each UIHO regarding electronic submission of application and hours of operation. We strongly encourage each organization to not wait until the deadline date to begin the application process as the registration process for CCR and Grants.gov could take up to fifteen working days.

- To use Grants.gov, each UIHO must obtain a Data Universal Numbering System (DUNS) and register in the CCR. Each organization should allow a minimum of ten working days to complete CCR registration. See below on how to apply.

- Each organization must submit all documents electronically, including all information typically included on the SF-424 and all necessary assurances and certifications.

- Please use the optional attachment feature in Grants.gov to attach additional documentation that may be requested by IHS.

- Each organization must comply with any page limitation requirements described in the program announcement.

- After you electronically submit your application, you will receive an automatic acknowledgment from Grants.gov that contains a Grants.gov tracking number. The DGO will retrieve your application from Grants.gov. The DGO will notify each organization that the application has been received.

- You may access the electronic application for this program on Grants.gov.

- You may search for the downloadable application package using either the CFDA number or the Funding Opportunity Number. Both numbers are identified in the heading of this announcement.

- To receive an application package, each UIHO must provide the Funding Opportunity Number: HHS-2008-IHS-UIHP-0001.

E-mail applications will not be accepted under this announcement.
