

1.3 ac of onsite habitat and creating a public education area within the preserve to serve the surrounding community. As minimization for impacts to the species, clearing activities during project construction will occur outside the scrub-jay nesting season (March 1–June 30) if active nests are found onsite.

We have determined that the applicant's proposal, including the proposed mitigation and minimization measures, would have minor or negligible effects on the species covered in the HCP. Therefore, the ITP is a "low-effect" project and qualifies for categorical exclusions under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2 Appendix 1 and 516 DM 6 Appendix 1). This preliminary information may be revised based on our review of public comments that we receive in response to this notice. A low-effect HCP is one involving (1) minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

We will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 *et seq.*). If we determine that the application meets those requirements, we will issue the ITP for incidental take of the scrub-jay. We will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in the final analysis to determine whether or not to issue the ITP.

Authority: We provide this notice under Section 10 of the Act and NEPA regulations (40 CFR 1506.6).

Dated: April 24, 2008.

David L. Hankla,

Field Supervisor, Jacksonville Field Office.

Notice of Application for Recordable Disclaimer of Interest in Lands; Searcy County, Arkansas

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: An application has been filed with the Bureau of Land Management (BLM) by Robert G. Hooper for a Recordable Disclaimer of Interest from the United States for certain land in Searcy County, Arkansas. This notice is intended to inform the public of the pending application.

DATES: Comments on this action should be received by August 7, 2008.

ADDRESSES: Comments must be filed with Steven R. Wells, Deputy State Director, Division of Natural Resources, BLM—Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153.

FOR FURTHER INFORMATION CONTACT: Ida V. Doup, Chief, Branch of Lands and Realty, at the above stated address or at 703–440–1541.

SUPPLEMENTARY INFORMATION: Pursuant to Section 315 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1745), the surface owner, Robert G. Hooper, filed an application for a Disclaimer of Interest for the land described as follows:

Fifth Principal Meridian

T. 16 N., R. 17 W.,
Sec. 1, NE¹/₄NW¹/₄.

The area described contains 43.57 acres, more or less, in Searcy County. The BLM—Eastern States' review of the land status records indicates that a patent was issued to R.B. Weaver, E.S. Weaver, R.F. King, H.C. King, and R.D. Ailly for the Eureka Placer Mine, Buffalo District, Final Certificate Number 24, dated November 28, 1893. A copy of the land patent certificate cannot be located. All available land status records indicate a patent has been issued and title has transferred into private ownership. It is the opinion of this office that the Federal Government no longer has an interest in this 43.57-acre tract. Robert G. Hooper, surface owner, is seeking to clear title to demonstrate that the United States has transferred ownership to the original patentee.

All persons who wish to present comments, suggestions, or objections in connection with the pending application and proposed disclaimer may do so by writing to Stephen R. Wells, Deputy Assistant Director, Division of Natural Resources at the above address. Comments, including names and street addresses of commentors, will be available for public review at the BLM-Eastern States Office (see address above), during regular business hours, Monday through Friday, except holidays. Before including your address, phone number, e-mail address,

or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

If no valid objection is received, this action will be approved and will clear a cloud on the title by stating that the United States does not have a valid interest in this land.

Authority: 43 CFR 1864.2(a).

Terry Lewis,

Acting State Director, Eastern States.

Notice of Availability of Four Records of Decision and Three Approved Resource Management Plans for the Arizona Strip Field Office, Vermilion Cliffs National Monument, and Grand Canyon-Parashant National Monument (BLM Portion), and Approved General Management Plan for Grand Canyon-Parashant National Monument (NPS Portion), Arizona

AGENCY: Bureau of Land Management, Interior. National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act, the Federal Land Policy and Management Act, and the National Park and Recreation Act of 1978, and Bureau of Land Management (BLM) and National Park Service (NPS) policies, the BLM and NPS announce the availability of the two Records of Decision (RODs) for the Approved Resource Management Plan/General Management Plan for the jointly-managed Grand Canyon-Parashant National Monument (Parashant), located in Mohave County, Arizona. Separate RODs for the BLM and NPS decisions in the Approved Resource Management Plan/General Management Plan have been signed by the BLM Arizona State Director, and by the NPS Pacific West Regional Director, respectively, for each agency's decisions contained in the Approved Resource Management Plan/General Management
