(d) * * *

Date of admission to or date of entry into the United States means the date established by the U.S. Citizenship and Immigration Services as the date the alien is admitted for permanent residence.

* * * *

Ineligible child means your natural child or adopted child, or the natural or adopted child of your spouse, or the natural or adopted child of your parent or of your parent's spouse (as the term *child* is defined in § 416.1101 and the term *spouse* is defined in § 416.1806), who lives in the same household with you, and is not eligible for SSI benefits.

■ 3. Amend § 416.1165 by revising paragraphs (g)(3) and (g)(4) to read as follows:

§ 416.1165 How we deem income to you from your ineligible parent(s).

* * * *

(g) * * *

(3) *Ineligible parent dies.* If your ineligible parent dies, we do not deem that parent's income to you to determine your eligibility for SSI benefits beginning with the month following the month of death. In determining your benefit amount beginning with the month following the month of death, we use only your own countable income in a prior month, excluding any income deemed to you in that month from your deceased ineligible parent (see § 416.1160(b)(2)(iii)). If you live with two ineligible parents and one dies, we continue to deem income from the surviving ineligible parent who is also your natural or adoptive parent. If you live with a stepparent following the death of your natural or adoptive parent, we do not deem income from the stepparent.

(4) *Ineligible parent and you no longer live in the same household.* If your ineligible parent and you no longer live in the same household, we do not deem that parent's income to you to determine your eligibility for SSI benefits beginning with the first month following the month in which one of you leaves the household. We also will not deem income to you from your parent's spouse (i.e., your stepparent) who remains in the household with you if your natural or adoptive parent has permanently left the household. To determine your benefit amount if you continue to be eligible, we follow the rule in § 416.420 of counting your

income including deemed income from your parent and your parent's spouse (i.e., your stepparent) (if the stepparent and parent lived in the household with you) in the second month prior to the current month.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

Benefits Payable in Terminated Single-Employer Plans; Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans prescribe interest assumptions for valuing and paying benefits under terminating single-employer plans. This final rule amends the regulations to adopt interest assumptions for plans with valuation dates in June 2008. Interest assumptions are also published on the PBGC's Web site (<http://www.pbgc.gov>).

DATES: Effective June 1, 2008.

FOR FURTHER INFORMATION CONTACT:

Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: The PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of

the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to Part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to Part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology (found in Appendix C to Part 4022).

This amendment (1) adds to Appendix B to Part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during June 2008, (2) adds to Appendix B to Part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during June 2008, and (3) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC's historical methodology for valuation dates during June 2008.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 5.68 percent for the first 20 years following the valuation date and 4.75 percent thereafter. These interest assumptions represent a decrease (from those in effect for May 2008) of 0.13 percent for the first 20 years following the valuation date and 0.13 percent for all years thereafter.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 3.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. These interest assumptions represent no change from those in effect for May 2008. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by the PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that
