Vessels that can pass under the bridge without a bridge opening may do so at all times.

Update of Continuous Instrumental Test Methods: Technical Amendments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is taking final action to correct errors in a final rule published May 15, 2006, that updated five continuous instrumental test methods. As published, the rule contained inadvertent errors and provisions that needed to be clarified. We published a direct final rule with a parallel proposed rule on September 7, 2007 to correct the errors and to add clarifying language. However, we received an adverse comment on the direct final rule, and it was subsequently withdrawn on November 5, 2007. This action finalizes

the parallel proposal. In this final rule, EPA corrects errors, clarifies certain provisions, and responds to the adverse comment received on the direct final rule published on September 7, 2007.

DATES: This final rule is effective on May 22, 2008.
