

meet the 3-year timeline for publication of the final rule due to the complexity of the rule and the large number of public comments we received.

We received a large volume of timely comments on the proposed rule. The commenters presented extremely complex and detailed policy and legal issues, which require extensive consultation, review, and analysis. Also, the development of the final rule requires collaboration among other agencies under the Department of Health and Human Services (DHHS). We note that extensive coordination has been needed to ensure that these provisions follow guidelines and rules of all affected administrative agencies.

In addition, this final rule is extremely comprehensive because it updates and revises policies, some of which were originally established in 1983, regarding patient assessment, patient care planning and delivery, quality assessment and performance improvement, drug and biologicals management, inpatient care facilities, and the role of hospice care in long term care facilities. Therefore, the incorporation of these updates has required extensive time, outreach, and collaboration to ensure that the final rule's provisions are consistent with current best practices in the provision of hospice services.

We believe that an extension of the publication timeline is necessary and appropriate to ensure that we are able to address all of the comments and issues raised in response to the May 27, 2005 proposed rule. Therefore, this notice extends the timeline for publication of the final rule until May 27, 2009.

Authority: Section 1871 of the Social Security Act (42 U.S.C. 1395hh). (Catalog of Federal Domestic Assistance Program No. 93.773 Medicare—Hospital Insurance Program; and No. 93.774, Medicare—Supplementary Medical Insurance Program)

Dated: May 21, 2008.

Ann Agnew,

Executive Secretary to the Department.

BILLING CODE 4120-01-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA-B-7783]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before August 25, 2008.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-7783, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT:

William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make

determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

Administrative Procedure Act Statement. This matter is not a rulemaking governed by the Administrative Procedure Act (APA), 5 U.S.C. 553. FEMA publishes flood elevation determinations for notice and comment; however, they are governed by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and do not fall under the APA.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR,

1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

Flooding source(s)	Location of referenced elevation**	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground		Communities affected
		Effective	Modified	

Ellsworth County, Kansas, and Incorporated Areas

Smoke Hill River	Approximately 0.65 mile downstream of the bridge on Douglas Avenue.	None	+1533	Unincorporated Areas of Ellsworth County.
	Approximately 0.50 mile upstream of the bridge on Douglas Avenue.	None	+1540	

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

ADDRESSES

Unincorporated Areas of Ellsworth County

Maps are available for inspection at 210 North Kansas Street, Ellsworth, KS 67439.

Crittenden County, Kentucky, and Incorporated Areas

Ohio River	Approximately at confluence with Deer Creek (at upstream county boundary).	None	+355	Unincorporated Areas of Crittenden County.
	Approximately at confluence with Tradewater River (at downstream county boundary).	None	+362	

* National Geodetic Vertical Datum.

+ North American Vertical Datum.

Depth in feet above ground.

** BFEs to be changed include the listed downstream and upstream BFEs, and include BFEs located on the stream reach between the referenced locations above. Please refer to the revised Flood Insurance Rate Map located at the community map repository (see below) for exact locations of all BFEs to be changed.

Send comments to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472.

ADDRESSES

Unincorporated Areas of Crittenden County

Maps are available for inspection at 107 South Main Street, Marion, KY 42064.

Monmouth County, New Jersey, and Incorporated Areas

Big Brook	Approximately 34 feet upstream of Boundary Road	None	+79	Township of Colts Neck.
	At Boundary Road	None	+79	
Burkes Creek	Approximately 957 feet upstream of Rutgers Road	None	+100	Township of Howell.
	Approximately 904 feet upstream of Rutgers Road	None	+100	
Deal Lake	Entire shoreline	None	+10	Borough of Interlaken.
Deal Tributary 1	At Wickapecko Drive	None	+11	
Doctors Creek	Approximately 342 feet downstream of Wickapecko Drive.	None	+11	Township of Upper Freehold.
	Approximately 915 feet upstream of South Main Street.	None	+72	
	Approximately 2,565 feet upstream of South Main Street.	None	+72	
	At Breza Road	None	+60	
Hollow Brook	Approximately 57 feet upstream of Breza Road	None	+60	City of Asbury Park.
	Approximately 133 feet upstream of Ridge Avenue	+10	+13	
	Approximately 176 feet upstream of Ridge Avenue	+10	+13	
Little Silver Creek Tributary 2B.	Approximately 95 feet downstream of Harding Road ..	+15	+14	Borough of Little Silver.
	Approximately 40 feet upstream of Harding Road	+25	+24	

Flooding source(s)	Location of referenced elevation**	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground		Communities affected
		Effective	Modified
