OMB Control Number: 0575–0184.

Summary of Collection: Rural Development (RD) uses electronic methods for receiving and processing loan payments and collections. These electronic collection methods are approved by Treasury and include Preauthorized Debits (PAD), Customer Initiated Payments (CIP), and FedWire. These electronic collection methods provide the borrower the ability to submit their loan payments the day prior to, or the day of their installment due date. To administer these electronic payment methods, RD will use approved agency forms for collecting financial institution routing

information. Form RD 3550–28, Authorization Agreement for Preauthorized Payments, is prepared by the borrower to authorize RD to electronically collect regular loan payments from a borrower’s account at a financial institution (FI) as preauthorized debits. Form RD 1951–65 is prepared by the borrower to enroll in CIP. CIP is an electronic collection method that enables borrowers to input payment data to a contract bank via telephone (touch tone and voice) or computer terminal. Form RD 1951–66, FedWire Worksheet, is completed by the borrower to establish an electronic FedWire format with their FI.

Need and Use of the Information: RD will request that borrowers make payments electronically via PAD, CIP, or FedWire. The information is collected only once unless the FI routing information changes. If the information were not collected, RD would be unable to collect loan payments electronically.
