

content of which is limited to the issues raised in the case briefs, must be filed within five days from the deadline date for the submission of case briefs. See 19 CFR 351.309(d)(1) and (2). A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Further, we request that parties submitting briefs and rebuttal briefs provide the Department with a copy of the public version of such briefs on diskette. In accordance with section 774 of the Act, the Department will hold a public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by an interested party. If a request for a hearing is made in this investigation, the hearing will tentatively be held two days after the rebuttal brief deadline date at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, at a time and in a room to be determined. Parties should confirm by telephone, the date, time, and location of the hearing 48 hours before the scheduled date.

Interested parties who wish to request a hearing, or to participate in a hearing if one is requested, must submit a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, Room 1870, within 30 days of the publication of this notice. Requests should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. See 19 CFR 351.310(c). At the hearing, oral presentations will be limited to issues raised in the briefs.

Postponement of Final Determination and Extension of Provisional Measures

Pursuant to section 735(a)(2) of the Act, on May 7, 2008, MSSA, which accounts for a significant proportion of exports of sodium metal from France, requested that in the event of an affirmative preliminary determination in this investigation, the Department fully extend the final determination (*i.e.*, postpone its final determination by 60 days). In its May 7, 2008, letter, MSSA also requested, pursuant to 733(d) of the Act, that in the event of an affirmative preliminary determination in this investigation, the Department extend the maximum duration of provisional measures from four months to six months from the date of implementation. See 735(a)(2) of the Act and 19 CFR 351.210(e)(2). In accordance

with section 733(d) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative, (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise, and (3) no compelling reason for denial exists, we are granting MSSA's request and are postponing the final determination until no later than 135 days after the publication of this notice in the **Federal Register**. Suspension of liquidation will be extended accordingly.

This determination is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: May 21, 2008.

Stephen J. Claeys,

Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XI10

Endangered Species; File No. 10037

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permit.

SUMMARY: Notice is hereby given that Dr. Douglas Peterson, Warnell School of Forest Resources (Fisheries Division), University of Georgia, Athens, Georgia 30602, has been issued a permit to take shortnose sturgeon (*Acipenser brevirostrum*) for purposes of scientific research.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)427-2521; and

Southeast Region, NMFS, 263 13th Ave South, St. Petersburg, FL 33701; phone (727)824-5312; fax (727)824-5309.

FOR FURTHER INFORMATION CONTACT: Malcolm Mohead or Kate Swails, (301)713-2289.

SUPPLEMENTARY INFORMATION: On September 11, 2007, notice was published in the **Federal Register** (72 FR 51803) that a request for a scientific research permit to take shortnose

sturgeon had been submitted by the above-named individual. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

Dr. Peterson is authorized to conduct research on shortnose sturgeon for five years to assess the abundance, age structure, distribution, movement, and critical habitat on the Ogeechee River, Georgia, and will also investigate the adverse effects of estrogenic compounds. Researchers may capture up to 150 shortnose sturgeon annually using gill and trammel nets and also anesthetize, measure, weigh, tissue and fin-ray sample, and PIT tag these fish. A subset of up to 10 sturgeon annually (no more than 40 during the permit life) will be laparoscoped and implanted with internal radio tags; a subset of up to 5 sturgeon annually (no more than 20 during the permit life) will be laparoscoped and fitted with external radio tags; and a subset of up to 12 sturgeon will be health evaluated using laparoscopy and venipuncture annually. The unintentional mortality of up to 2 shortnose sturgeon annually is permitted. Additionally researchers may also lethally collect up to 40 shortnose sturgeon eggs/larvae annually using buffer pads in order to document spawning.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Dated: May 21, 2008.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
