Final Results of Review

We determine that the following weighted-average margin percentage exists:

Manufacturer/exporter	Margin (percent)
Ascometal S.A.	0.00

Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b). With respect to Ascometal, we calculated importer-specific *ad valorem* duty assessment rates for the subject merchandise by aggregating the dumping margins calculated for all the U.S. sales examined and dividing this amount by the total entered value of the sales examined. Pursuant to 19 CFR 351.106(c)(2), we will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated is above *de minimis* (*i.e.*, is not less than 0.50 percent). The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the period of review produced by the company included in these final results of review for which the reviewed company did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Discontinuation of Cash Deposit Requirements

As stated in our preliminary results, we have instructed CBP to discontinue collection of cash deposits of antidumping duties on entries of the subject merchandise made on or after March 7, 2007 (the effective date of the revocation of this order). *See Preliminary Results at 16842; Revocation of Antidumping Duty Orders on Stainless Steel Bar From France, Germany, Italy, South Korea, and the United Kingdom and the Countervailing*

Duty Order on Stainless Steel Bar From Italy, 73 FR 7258 (February 7, 2008).

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: May 30, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.

Circular Welded Carbon Quality Steel Line Pipe from the People's Republic of China: Notice of Postponement of Preliminary Determination in the Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 6, 2008.

FOR FURTHER INFORMATION CONTACT: Kristen Johnson, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-4793.

SUPPLEMENTARY INFORMATION:

Background

On April 23, 2008, the Department of Commerce (the Department) initiated the countervailing duty investigation of circular welded carbon quality steel line pipe from the People's Republic of China. *See Circular Welded Carbon Quality Steel Line Pipe from the People's Republic of China: Notice of Initiation of Countervailing Duty Investigation*, 73 FR 23184 (April 29, 2008). Currently, the preliminary determination is due no later than June 27, 2008.

Postponement of Due Date for Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, if the Department concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, section 703(c)(1)(B) of the Act allows the Department to postpone making the preliminary determination until no later than 130 days after the date on which the administering authority initiated the investigation.

The Department is currently investigating alleged subsidy programs involving debt-for-equity swaps, loans, grants, income tax incentives, and the provision of goods and services for less than adequate remuneration. Due to the number and complexity of the alleged countervailable subsidy practices being investigated, it is not practicable to complete the preliminary determination of this investigation within the original time limit (*i.e.*, by June 27, 2008). Therefore, in accordance with section 703(c)(1)(B) of the Act, we are fully extending the due date for the preliminary determination to no later than 130 days after the day on which the investigation was initiated. However, as that date falls on a Sunday, the deadline for completion of the preliminary determination is now September 2, 2008, the next business day after the Labor Day holiday.

This notice is issued and published pursuant to section 703(c)(2) of the Act.

Dated: May 30, 2008.

David M. Spooner,

Assistant Secretary for Import Administration.
