

Ohio Consumers' Counsel, New Jersey Department of the Public Advocate, Division of Rate Counsel, the Pennsylvania Office of Consumer Advocate, PJM Industrial Customer Coalition, the American Forest and Paper Association, the Portland Cement Association, the Duquesne Light Company, and the United States Department of Defense and other affected Federal Executive Agencies (collectively, the RPM Buyers) filed a formal complaint against PJM Interconnection L.L.C. (PJM) pursuant to section 206 of the Federal Power Act, 16 U.S.C. 824e, and Rule 206 of the Federal Energy Regulatory Commission's Rules of Practice and Procedure, 18 CFR 835.206. The RPM Buyers allege that the PJM's implementation of the Reliability Pricing Model during the transition period is unjust and unreasonable because it has produced excessive capacity prices, has failed to prevent suppliers from exercising market power, and has not produced benefits commensurate with its costs.

The Maryland Commission certifies that copies of the complaint were served on the contacts for PJM as listed in the Commission's Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). [Docket No. ER08-771-000]

#### North Allegheny Wind, LLC; Notice of Issuance of Order

June 2, 2008.

North Allegheny Wind, LLC (Allegheny) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provides for the sale of energy, capacity and ancillary services at market-based rates. Allegheny also requested waivers of various Commission regulations. In particular, Allegheny requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Allegheny.

On May 13, 2008, pursuant to delegated authority, the Director, Division of Tariffs and Market Development-West, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Allegheny, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004). The Commission encourages the electronic submission of protests using the FERC Online link at <http://www.ferc.gov>.

Notice is hereby given that the deadline for filing protests is June 12, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Allegheny is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise

in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Allegheny, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Allegheny's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426.
