

sufficient federalism implications to warrant preparation of a federalism summary impact statement.

G. Executive Order 12988 (Civil Justice Reform)

This rule has been prepared in accordance with the standards in sections 3(a) and 3(b)(2) of Executive Order 12988.

H. Paperwork Reduction Act

This rule does not create any information collection requirement.

List of Subjects in 8 CFR Part 1003

Administrative practice and procedure, Aliens, Immigration, Legal services, Organization and functions (Government agencies).

8 CFR Chapter V

■ Accordingly, for the reasons stated in the interim rule published at 71 FR 70855 on December 7, 2006, the amendments set forth in the interim rule are adopted as final without change.

Dated: June 5, 2008.

Michael B. Mukasey,

Attorney General.

Performance and Handling Qualities Requirements for Rotorcraft; Correcting Amendment

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; correcting amendment.

SUMMARY: The FAA is correcting a previously published final rule entitled Performance and Handling Qualities Requirements for Rotorcraft. In that final rule, we inadvertently left two cited references unchanged. The intent of this action is to correct the error in the regulation to ensure the requirement is clear and accurate.

DATES: Effective June 16, 2008.

FOR FURTHER INFORMATION CONTACT: For technical questions concerning this final rule contact Jeff Trang, Rotorcraft Standards Staff, ASW-111, Federal Aviation Administration, Fort Worth,

Texas 76193-0111; telephone (817) 222-5135; facsimile (817) 222-5961, e-mail jeff.trang@faa.gov. For legal questions concerning this final rule contact Steve Harold, Directorate Counsel, ASW-7G, Federal Aviation Administration, Fort Worth, Texas 76193-0007, telephone (817) 222-5099; facsimile (817) 222-5945, e-mail steve.c.harold@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

On February 29, 2008, the FAA published a final rule (73 FR 10987) that provided new and revised airworthiness standards for normal and transport category rotorcraft. The amendment re-designated § 27.79, as new § 27.87. However, in § 27.25(a)(1)(iv) and § 27.1587(a), we inadvertently made references to § 27.79 instead of § 27.87 as intended. This document makes the correction to reflect § 27.87 as the intended reference. This correction will not impose any additional requirements.

List of Subjects in 14 CFR Part 27

Air transportation, Aircraft, Aviation safety, Rotorcraft, Safety.

■ Accordingly, 14 CFR part 27 is corrected as follows:

PART 27—AIRWORTHINESS STANDARDS: NORMAL CATEGORY ROTORCRAFT

■ 1. The authority citation for part 27 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701-44702, 44704.

■ 2. Amend § 27.25 by revising paragraph (a)(1)(iv) to read as follows:

§ 27.25 Weight limits.

(a) * * *

(1) * * *

(iv) The highest weight in which the provisions of §§ 27.87 or 27.143(c)(1), or combinations thereof, are demonstrated if the weights and operating conditions (altitude and temperature) prescribed by those requirements cannot be met; and

* * * * *

■ 3. Amend § 27.1587 by revising the introductory text of paragraph (a) to read as follows:

§ 27.1587 Performance information.

(a) The Rotorcraft Flight Manual must contain the following information, determined in accordance with §§ 27.49 through 27.87 and 27.143(c) and (d):

* * * * *

Issued in Washington, DC, on June 11, 2008.

Pamela Hamilton-Powell,

Director, Office of Rulemaking.

Airworthiness Directives; Agusta S.p.A. Model A109E, A109S, and A119 Helicopters

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; request for comments.

SUMMARY: We are adopting a new airworthiness directive (AD) for Agusta S.p.A. Model A109E, A109S, and A119 helicopters. This AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority to identify and correct an unsafe condition on an aviation product. The European Aviation Safety Agency (EASA), the technical agent for Italy, with which we have a bilateral agreement, states in the MCAI:

During a ground test of the emergency door release system, the Pilot doors failed to disengage. Investigation determined that the reason of this malfunction is interference between the lower hinge and the fuselage structure. This condition, if not corrected, creates the risk of non-disengagement of the Pilot- and/or Co-pilot doors during an emergency, inhibiting the evacuation of the aircraft, possibly resulting in injuries to the occupants.

This AD requires actions that are intended to address the unsafe condition caused by interference between the pilot or co-pilot door lower hinge and the fuselage structure.

DATES: This AD becomes effective on July 1, 2008.

The Director of the Federal Register approved the incorporation by reference of Agusta Alert Bollettino Tecnico No. 109EP-83, No. 109S-18, and No. 119-25, all dated November 29, 2007, as of July 1, 2008.

We must receive comments on this AD by August 15, 2008.

ADDRESSES: You may send comments by any of the following methods:
