

Rules and Regulations

Federal Register

Vol. 73, No. 118

Wednesday, June 18, 2008

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 250

RIN 3206-AJ92

Human Resources Management in Agencies

AGENCY: Office of Personnel Management.

ACTION: Correcting amendment.

SUMMARY: The Office of Personnel Management (OPM) is correcting a final rule to implement certain provisions of the Chief Human Capital Officers Act of 2002, which set forth new OPM and agency responsibilities and requirements to enhance and improve the strategic management of the Federal Government's civilian workforce, as well as the planning and evaluation of agency efforts in that regard. This technical correction makes sure that the authority citation for 5 CFR part 250 is revised for subparts A, B, and C.

DATES: *Effective Date:* June 18, 2008.

Charles D. Grimes by phone at 202-418-3163, by FAX at 202-606-2838, or by e-mail at pay-performance-policy@opm.gov. You may contact Mr. Grimes by TTY on 202-418-3134.

SUPPLEMENTARY INFORMATION: The Office of Personnel Management (OPM) published a document in the **Federal Register** of April 28, 2008, (73 FR 23012) which issued final regulations to change 5 CFR part 250, to read "Human Resources Management in Agencies" to reflect current usage, to make a plain language revision in subpart A, and to add regulations on strategic human resources management as new subpart B. On May 6, 2008, OPM published a correcting amendment in the **Federal Register** (73 FR 24851) to ensure that subpart C of part 250 remained unaffected by the changes of the new

final rule. OPM was later notified that the correcting amendment, as it stands, results in two authority citations for 5 CFR part 250. This correction consolidates these two authority citations into a single citation.

Airworthiness Directives; Lockheed Model L-1011 Series Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: The FAA is superseding an existing airworthiness directive (AD), which applies to all Lockheed Model L-1011 series airplanes. That AD currently requires an inspection of the fuel level control switch, the fuel level control switch wiring harness, and the wiring harness conduit for damage, wear or chafing, broken or missing O-rings, or indications of electrical arcing. That AD also requires replacement of a

certain conduit in the fuel level control switch wiring harness, installation of electrical sleeving over the fuel level control switch wiring harness, and installation of the fuel level control switch that has been so modified. This new AD requires an inspection of the fuel level control switch, wiring harnesses, and harness conduit for any visible damage, wear or chafing, broken or missing O-rings, or indications of electrical arcing; an inspection to determine the part number of the wiring harness conduit; and corrective actions if necessary. This new AD also requires replacing certain sleeving with new, improved sleeving over the wiring harness of the fuel level control switch. This AD results from a design review of the fuel tank systems. We are issuing this AD to prevent chafing of the fuel level control switch wiring harness, which could cause arcing and result in a fire in the fuel tank.

DATES: This AD becomes effective July 23, 2008.

The Director of the Federal Register approved the incorporation by reference of a certain other publication listed in the AD as of July 23, 2008.

On June 1, 2001 (66 FR 21072, April 27, 2001), the Director of the Federal Register approved the incorporation by reference of a certain service bulletin.

ADDRESSES: For service information identified in this AD, contact Lockheed Continued Airworthiness Project Office, Attention: Airworthiness, 86 South Cobb Drive, Marietta, Georgia 30063-0567.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
