SUMMARY: This publication is to serve as notice that on May 30, 2008, subpart F of title 38, Code of Federal Regulations, part 36, will be applicable to industry segment 3. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see Supplementary Information section, below). Segment 3 participants will be under the authority of subpart F rules on May 30, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.

SUPPLEMENTARY INFORMATION: On Friday, February 1, 2008, VA published final regulations that modify its Loan Guaranty Program's loan servicing and claims procedures modifications (73 FR 6294). In response to comments received to the proposed regulations (70 FR 8472, published February 18, 2005) and to a supplemental notice published

on November 27, 2006 (71 FR 68498), VA published a second supplemental notice on June 1, 2007 (72 FR 30505), in which the agency put forth a proposal to phase-in implementation of the new tracking system.

Based on comments received to the proposed regulations and the first supplemental notice, VA decided to proceed with gradual implementation of the new rules and its computer-based tracking system, the VA Loan Electronic Reporting Interface (VALERI), with nine separate industry segments to be phased in over a period of approximately 11 months. The first segment was subject to the new rules upon publication of the final regulations, when the rules became effective. The second segment was subject to the new rules effective April 19, 2008 (73 FR 21176). The third segment will be subject to the new rules effective May 30, 2008. Similar notices will be provided prior to the date that subpart F will be applicable to each subsequent industry segment.
