OFFICE OF PERSONNEL MANAGEMENT

Proposed Collection; Comment Request for a Revised Information Collection: Mail Reinterview Form (INV10)—Previously the Ofi 10, OMB No. 3206-0106

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, May 22, 1995), this notice announces that the U.S. Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for clearance of a revised information collection. OPM sends the INV 10 questionnaire to a random sampling of record and personal sources contacted during background investigations when investigators have performed fieldwork. The INV 10 is used as a quality control instrument designed to ensure the accuracy and integrity of the investigative product, as it inquires of the sources about the investigative procedure employed by the investigator, the investigator's professionalism, and the information discussed and reported. In addition to the pre-formatted response options, OPM invites the recipients to respond with any other relevant comments or suggestions. A postage-paid envelope is provided with the INV 10.

Comments are particularly invited on:

- Whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management and its Center for Federal Investigative Services, which administers its background investigations;

- Whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology;

- Ways in which we can minimize the burden of the collection of information on those who are asked to

respond, through the use of the appropriate technological collection techniques or other forms of information technology; and,

- Whether the reinterview questionnaire addresses all of the questions relevant to ensure the accuracy and integrity of the investigative product.

It is estimated that 9,600 INV 10 forms are sent to individual sources annually. Of those, it is estimated that 5,600 individuals will respond. Each form takes approximately 6 minutes to complete. The estimated annual burden is 560 hours.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Medicare; OMB 3220-0082.

Under Section 7(d) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) administers the Medicare program for persons covered by the railroad retirement system. The RRB uses Form AA-6, Employee Application for Medicare; Form AA-7, Spouse/Divorced Spouse Application For Medicare; and Form AA-8, Widow/Widower Application for Medicare; to obtain the information needed to determine whether individuals who have not yet filed for benefits under the RRA are qualified for Medicare payments provided under Title XVIII of the Social Security Act.

Further, in order for the RRB to determine if a qualified railroad retirement beneficiary who is claiming supplementary medical insurance coverage under Medicare is entitled to a Special Enrollment Period (SEP) and/or premium surcharge relief because of coverage under an Employer Group Health Plan (EGHP), it needs to obtain information regarding the claimant's EGHP coverage, if any. The RRB uses Form RL-311-F, Evidence of Coverage Under An Employer Group Health Plan, to obtain the basic information needed by the RRB to establish EGHP coverage for a qualified railroad retirement beneficiary. Completion of the forms is required to obtain a benefit. One response is requested of each respondent.

The RRB proposes no changes to Forms AA-6, AA-7 and AA-8. The RRB proposes revision of Form RL-311-F to add a new item which asks if the employee is still working. This information is being added to clarify the employment status of the employee and is needed to determine the Special Enrollment Period. The RRB estimates that 180 Form AA-6's, 50 Form AA-7's, 10 Form AA-8's, and 800 RL-311-F's are completed annually. The completion time for Forms AA-6, AA-7 and AA-8 is estimated at 8 minutes. The completion time for Form RL-311-F is estimated at 10 minutes.

Additional Information or Comments: To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363 or send an e-mail request to Charles.Mierzwa@RRB.GOV. Comments regarding the information collection should be addressed to Ronald J.
