INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-533]

In the Matter of Certain Rubber Antidegradants, Components Thereof, and Products Containing Same; Notice Regarding Remand Proceeding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: This notice clarifies that the parties to the remand proceeding which was the subject of the Commission's June 3, 2008, notice and order are complainant Flexsys America L.P., respondents Sinorgchem Co. and Sovereign Chemical Company, and the Commission investigative attorney.

FOR FURTHER INFORMATION CONTACT: James A. Worth, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3065. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 29, 2005, based on a complaint brought by Flexsys America L.P. ("Flexsys"), alleging a violation of section 337 in the importation, the sale for importation, or the sale after importation of certain rubber antidegradants, components thereof, or products containing same by reason of

infringement of claims 30 or 61 of U.S. Patent No. 5,117,063 ("the '063 patent"), or claims 7 or 11 of U.S. Patent No. 5,608,111 ("the '111 patent"), or claims 1, 32, or 40 of U.S. Patent No. 6,140,538 ("the '538 patent"). 70 FR 15,855 (Mar. 29, 2005). The patents teach processes for the production of 4-ADPA and alkylated derivatives of 4-ADPA. One of these alkylated derivatives, 6-PPD, is used to prevent the degradation of rubber.

The complaint named as respondents Sinorgchem Co. ("Sinorgchem") of Shandong, China, as well as Sovereign Chemical Company ("Sovereign"), Korea Kumho Petrochemical Co., Ltd. ("KKPC"), Vilax Corporation ("Vilax"), and Stolt-Nielson Transportation Group Ltd. ("Stolt-Nielson"). It was alleged that the accused rubber antidegradant products were made using the patented processes. The investigation was terminated with regard to the '538 patent, and with regard to Vilax and Stolt-Nielson.

On February 16, 2006, the ALJ issued his final initial determination ("final ID" or "ID"). The ALJ found that Sinorgchem and Sovereign had violated section 337 by infringing the asserted claims of the '063 and '111 patents, but found that KKPC had not. All parties petitioned for review of various parts of the final ID.

The Commission reviewed the ALJ's final ID in its entirety, and solicited further briefing from the parties on the issues on review, as well as the on the issues of remedy, the public interest, and bonding. 71 FR 20131 (April 19, 2006). On review, the Commission found the asserted claims to be infringed by Sinorgchem and Sovereign, made a determination of violation of section 337 by Sinorgchem and Sovereign, and issued a limited exclusion order. The limited exclusion order barred the unauthorized importation into the United States by Sinorgchem and Sovereign of 4-ADPA, made by a process covered by claim 30 of the '063 patent or claim 7 of the '111 patent, and 6-PPD, made by a process covered by claim 61 of the '063 patent or claim 11 of the '111 patent.

Sinorgchem appealed the Commission's final determination of violation to the U.S. Court of Appeals for the Federal Circuit ("Federal Circuit"). Flexsys did not appeal the Commission's final determination that KKPC had not violated section 337. On December 21, 2007, the Federal Circuit issued its judgment vacating and remanding the Commission's final determination of violation for further proceedings consistent with the Court's opinion. *Sinorgchem Co., Shandong v.*
