

organization will be allowed to present oral comments and presentations will be limited to a maximum of five minutes. Both printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the Committee by forwarding their statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit. All visitors should be prepared to have their personal belongings inspected and to go through metal detection inspection. You are strongly encouraged to take public transportation to the NIH campus as there are very few visitor parking spaces available. If you must drive, short-term metered parking may be available near the Natcher Conference Center in Lot B. Natcher is a 5-minute walk from the Medical Center Station on the Red Line of the Metro.

A registration link and information about the about the IACC meeting will be available on the IACC Web site: <http://www.nimh.nih.gov/research-funding/scientific-meetings/recurring-meetings/iacc/events/index.shtml>.

Proposed Information Collection; OMB Control Number 1018-0100; North American Wetlands Conservation Act (NAWCA) Grant Programs

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice; request for comments.

SUMMARY: We (Fish and Wildlife Service) will ask the Office of Management and Budget (OMB) to approve the information collection (IC)

described below. As required by the Paperwork Reduction Act of 1995 and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This IC is scheduled to expire on September 30, 2008. We may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: You must submit comments on or before August 25, 2008.

ADDRESSES: Send your comments on the IC to Hope Grey, Information Collection Clearance Officer, Fish and Wildlife Service, MS 222-ARLSQ, 4401 North Fairfax Drive, Arlington, VA 22203 (mail); hope_grey@fws.gov (e-mail); or (703) 358-2269 (fax).

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Hope Grey by mail, fax, or e-mail (see ADDRESSES) or by telephone at (703) 358-2482.

SUPPLEMENTARY INFORMATION:

I. Abstract

The North American Waterfowl Management Plan (NAWMP) is a tripartite agreement among Canada, Mexico, and the United States to enhance, restore, and protect habitat to benefit waterfowl and other wetlands-associated wildlife. Because the NAWMP did not include a mechanism to provide for broadly based and sustained financial support for wetland conservation activities, Congress passed the North American Wetlands Conservation Act in 1989. The NAWCA promotes, through partnerships between the private and public sectors, long-term conservation of North American wetland ecosystems and the waterfowl and other migratory birds, fish, and wildlife that depend upon such habitat.

In addition to providing for a continuing and stable funding base, NAWCA establishes an administrative body, the North American Wetlands Conservation Council. It is made up of a State representative from each of the four flyways, three representatives from nonprofit wetlands conservation organizations, the Secretary of the Board of the National Fish and Wildlife Foundation, and the Director of the Fish and Wildlife Service. The Council recommends funding of select wetlands conservation project proposals to the Migratory Bird Conservation Commission.

There is a Standard and a Small Grants Program. Both are competitive grants programs and require that grant requests be matched by partner

contributions at no less than a 1-to-1 ratio. Funds from U.S. Federal sources may contribute to a project, but are not eligible as match.

The Standard Grants Program supports projects in Canada, the United States, and Mexico that involve long-term protection, restoration, and/or enhancement of wetlands and associated uplands habitats. In Mexico, partners may also conduct projects involving technical training, environmental education and outreach, organizational infrastructure development, and sustainable-use studies.

The Small Grants Program operates only in the United States. It supports the same type of projects and adheres to the same selection criteria and administrative guidelines as the U.S. Standard Grants Program. However, project activities are usually smaller in scope and involve fewer project dollars. Grant requests may not exceed \$75,000, and funding priority is given to grantees or partners new to the NAWCA Grants Program.

We publish notices of funding availability on the Grants.gov website (<http://www.grants.gov>) as well as in the Catalog of Federal Domestic Assistance. To compete for grant funds, partnerships submit applications that describe in substantial detail project locations, project resources, future benefits, and other characteristics that meet the standards established by the Council and the requirements of NAWCA. Materials that describe the program and assist applicants in formulating project proposals for Council consideration are available on our website at <http://www.fws.gov/birdhabitat/Grants/NAWCA>. Persons who do not have access to the Internet may obtain instructional materials by mail. We have not made any major changes in the scope and general nature of the instructions since the OMB first approved the information collection in 1999.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NMBCA establishes a matching grants program to fund projects that promote the conservation of neotropical migratory birds in the United States, Canada, Latin America, and the Caribbean. The purposes of NMBCA are to:

- (1) Perpetuate healthy populations of neotropical migratory birds;
- (2) Assist in the conservation of these birds by supporting conservation initiatives in the United States, Canada, Latin America, and the Caribbean; and
- (3) Provide financial resources and foster international cooperation for those initiatives.

Principal conservation actions supported by NMBCA are:

- (1) Protection and management of neotropical migratory bird populations.
- (2) Maintenance, management, protection, and restoration of neotropical migratory bird habitat.
- (3) Research and monitoring.
- (4) Law enforcement.
- (5) Community outreach and education.

We publish notices of funding availability on the Grants.gov website (<http://www.grants.gov>) as well as in the Catalog of Federal Domestic Assistance (<http://cfda.gov>). To compete for grant funds, partnerships submit applications that describe in substantial detail project locations, project resources, future benefits, and other characteristics that meet the standards established by the Fish and Wildlife Service and the requirements of NMBCA.
