

an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) The workers' firm (or subdivision) is a supplier or downstream producer to a firm (or subdivision) that employed a group of workers who received a certification of eligibility to apply for trade adjustment assistance benefits and such supply or production is related to the article that was the basis for such certification; and

(3) Either—

(A) The workers' firm is a supplier and the component parts it supplied for the firm (or subdivision) described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) A loss of business by the workers' firm with the firm (or subdivision) described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

The Department has reviewed the record and has determined that section 222(b)(2) has not been met, because (1) the Mt. Vernon facility was a supplier for other Joy facilities, not for another firm, and (2) there is no certified worker group with which the plaintiffs could be associated. Therefore, the Department determines that the subject workers are not eligible to apply for TAA as secondarily-affected workers.

Issue #7: The Worker Group Cannot Be Certified as Eligible To Apply for ATAA

In addition, in accordance with section 246 of the Trade Act of 1974, as amended, the Department herein presents the results of its investigation regarding certification of eligibility to apply for ATAA.

In order for the Department to issue a certification of eligibility to apply for ATAA, the subject worker group must be certified as eligible to apply for TAA. Since the workers are denied eligibility to apply for TAA, they cannot be certified eligible to apply for ATAA.

#### Conclusion

After careful review of the findings of the remand investigation, I affirm the notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Joy Technologies, Inc., DBA Joy Mining Machinery, Mt. Vernon Plant, Mt. Vernon, Illinois.

Signed at Washington, DC, this 12th day of June 2008.
