July 1, 2008

Pages 37351-37774

The **FEDERAL REGISTER** (ISSN 0097-6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402 is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see www.federalregister.gov.

The seal of the National Archives and Records Administration authenticates the **Federal Register** as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge as one of the databases on GPO Access, a service of the U.S. Government Printing Office.

The online edition of the **Federal Register** www.gpoaccess.gov/nara, available through GPO Access, is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 59, Number 1 (January 2, 1994) forward.

For more information about GPO Access, contact the GPO Access User Support Team, call toll free 1-888-293-6498; DC area 202-512-1530; fax at 202-512-1262; or via e-mail at gpoaccess@gpo.gov. The Support Team is available between 7:00 a.m. and 9:00 p.m. Eastern Time, Monday–Friday, except official holidays.

The annual subscription price for the **Federal Register** paper edition is \$749 plus postage, or \$808, plus postage, for a combined **Federal Register**, **Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is \$165, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register**, including postage, is based on the number of pages: \$11 for an issue containing less than 200 pages; \$22 for an issue containing 200 to 400 pages; and \$33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for \$3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Printing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see bookstore.gpo.gov.

There are no restrictions on the republication of material appearing in the **Federal Register**.

Title 3—

Memorandum of June 26, 2008

The President

Certification of Rescission of North Korea's Designation as a State Sponsor of Terrorism

Memorandum for the Secretary of State

By the authority vested in me as President by the Constitution and the laws of the United States of America, including section 301 of title 3, United States Code, and consistent with section 6(j)(4)(B) of the Export Administration Act of 1979, Public Law 96-72, as amended (50 U.S.C. App. 2405(j)), and as continued in effect by Executive Order 13222 of August 17, 2001, 66 *FR* 44025, I hereby certify, with respect to the rescission of the determination of January 20, 1988, regarding North Korea that:

- (i) the Government of North Korea has not provided any support for international terrorism during the preceding 6-month period; and
- (ii) the Government of North Korea has provided assurances that it will not support acts of international terrorism in the future.

This certification shall also satisfy the provisions of section 620A(c)(2) of the Foreign Assistance Act of 1961, Public Law 87-195, as amended (22 U.S.C. 2371(c)), and section 40(f)(1)(B) of the Arms Export Control Act, Public Law 90-629, as amended (22 U.S.C. 2780(f)).

You are authorized and directed to report this certification and the attached memorandum justifying the rescission to the Congress and to arrange for the publication of this certification in the **Federal Register**.

Rules and Regulations

Federal Register

Vol. 73, No. 127

Tuesday, July 1, 2008

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2008-0368 Directorate Identifier 2008-CE-007-AD; Amendment 39-15532; AD 2008-11-10]

RIN 2120-AA64

Airworthiness Directives; Viking Air Limited Models DHC-6-1, DHC-6-100, DHC-6-200, and DHC-6-300 Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for the products listed above. This AD results from mandatory continuing airworthiness information (MCAI) issued by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

There have been reports of inter-rivet cracking on several wing front spar adapter assemblies (P/N C6WM1027-1) on the horizontal and vertical flanges. It was determined that the cracking was caused by stress corrosion in the short transverse grain initiated by local riveting induced stresses.

We are issuing this AD to require actions to correct the unsafe condition on these products.

DATES: This AD becomes effective August 5, 2008.

On August 5, 2008, the Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov> or in person at Document Management Facility, U.S. Department of Transportation, Docket

Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT:

Pong Lee, Aerospace Engineer, FAA, New York Aircraft Certification Office, 1600 Stewart Avenue, Suite 410, Westbury, New York 11590; telephone: (516) 228-7324; fax: (516) 794-5531.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to include an AD that would apply to the specified products. That NPRM was published in the **Federal Register** on March 31, 2008 (73 FR 16782). That NPRM proposed to correct an unsafe condition for the specified products. The MCAI states:

There have been reports of inter-rivet cracking on several wing front spar adapter assemblies (P/N C6WM1027-1) on the horizontal and vertical flanges. It was determined that the cracking was caused by stress corrosion in the short transverse grain initiated by local riveting induced stresses. This directive mandates modification and inspection of the wing front spar adapter fitting and replacement of cracked fittings.

Comments

We gave the public the opportunity to participate in developing this AD. We received no comments on the NPRM or on the determination of the cost to the public.

Conclusion

We reviewed the available data and determined that air safety and the public interest require adopting the AD as proposed.

Differences Between This AD and the MCAI or Service Information

We have reviewed the MCAI and related service information and, in general, agree with their substance. But we might have found it necessary to use different words from those in the MCAI to ensure the AD is clear for U.S. operators and is enforceable. In making these changes, we do not intend to differ substantively from the information provided in the MCAI and related service information.

We might also have required different actions in this AD from those in the MCAI in order to follow FAA policies.

Any such differences are highlighted in a NOTE within the AD.

Costs of Compliance

We estimate that this AD will affect 157 products of U.S. registry. We also estimate that it will take about 18 work-hours per product to comply with the basic requirements of this AD. The average labor rate is \$80 per work-hour.

Based on these figures, we estimate the cost of this AD on U.S. operators to be \$226,080 or \$1,440 per product.

In addition, we estimate that any necessary follow-on actions will take about 200 work-hours and require parts costing \$3,696 for a cost of \$19,696 per product. We have no way of determining the number of products that may need these actions.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. "Subtitle VII: Aviation Programs," describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in "Subtitle VII, Part A, Subpart III, Section 44701: General requirements." Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this AD:

- (1) Is not a "significant regulatory action" under Executive Order 12866;
- (2) Is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and

(3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

We prepared a regulatory evaluation of the estimated costs to comply with this AD and placed it in the AD Docket.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains the NPRM, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (telephone (800) 647-5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

■ Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new AD:

2008-11-10 Viking Air Limited:

Amendment 39-15532; Docket No. FAA-2008-0368; Directorate Identifier 2008-CE-007-AD.

Effective Date

(a) This airworthiness directive (AD) becomes effective August 5, 2008.

Affected ADs

(b) None.

Applicability

(c) This AD applies to Models DHC-6-1, DHC-6-100, DHC-6-200, and DHC-6-300 airplanes, all serial numbers, that are:

(1) Equipped with wing boxes, part numbers (P/Ns) C6W1002-1, C6W1002-3, WR6-1002-59, or WR6-1002-61, that incorporate a P/N C6WM1027-1 front spar adapter assembly with 10 or more years of service; and

(2) Certificated in any category.

Subject

(d) Air Transport Association of America (ATA) Code 57: Wings.

Reason

(e) The mandatory continuing airworthiness information (MCAI) states:

There have been reports of inter-rivet cracking on several wing front spar adapter assemblies (P/N C6WM1027-1) on the horizontal and vertical flanges. It was determined that the cracking was caused by stress corrosion in the short transverse grain initiated by local riveting induced stresses. This directive mandates modification and inspection of the wing front spar adapter fitting and replacement of cracked fittings.

Actions and Compliance

(f) Unless already done, do the following actions:

(1) Within the next 180 days after August 5, 2008 (the effective date of this AD), install inspection holes in the left-hand (LH) and right-hand (RH) lower wing skins following Viking DHC-6 Twin Otter Service Bulletin Number V6/541, dated October 1, 2007.

(2) Before further flight after installing the inspection holes required in paragraph (f)(1) of this AD, inspect the LH and RH front spar adapter assemblies for cracks. For wing box P/Ns C6W1002-1 and C6W1002-3, inspect following Viking DHC-6 Twin Otter Service Bulletin Number V6/540, dated October 1, 2007. For wing box P/Ns WR6-1002-59 and WR6-1002-61, inspect following R.W. Martin, Inc. Service Bulletin No. 00160/2, Revision A, dated November 15, 2007. Repetitively inspect all affected wing box P/Ns thereafter at intervals not to exceed 1,200 hours time-in-service or 12 months, whichever occurs first, until the replacement required in paragraph (f)(3) of this AD is done.

(3) Before further flight after doing any inspection required in paragraph (f)(2) of this AD where cracks are found, replace the cracked front spar adapter assembly with a front spar adapter assembly, P/N C6WM1027-3. Do the replacement following Viking DHC-6 Twin Otter Service Bulletin Number V6/542, dated October 1, 2007. This replacement terminates the repetitive inspections required in paragraph (f)(2) of this AD for the replaced front spar adapter assembly.

(4) As a terminating action for the repetitive inspections required in paragraph (f)(2) of this AD, at any time after the initial inspection required in paragraph (f)(2) of this AD, you may replace P/N C6WM1027-1 with P/N C6WM1027-3.

FAA AD Differences

Note: This AD differs from the MCAI and/or service information as follows: (1) MCAI Transport Canada AD No. CF-2007-31, dated December 17, 2007, requires incorporating task C57-10-18 of the DHC-6 Corrosion Prevention and Control Manual (CPCM), PSM 1-6-5, within 90 days after the effective date of this AD.

(2) We are not incorporating task C57-10-18 of the DHC-6 CPCM, PSM 1-6-5, into this AD because we are currently examining Transport Canada AD No. CF-94-12R1,

dated April 13, 1999, and AD No. CF-99-11, dated May 28, 1999. Transport Canada issued these ADs to incorporate a Corrosion Prevention and Control Program that identifies specific areas that must be inspected to ensure the structural integrity of the DHC-6 fleet.

Other FAA AD Provisions

(g) The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, New York Aircraft Certification Office, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to ATTN: Pong Lee, Aerospace Engineer, FAA, New York Aircraft Certification Office, 1600 Stewart Avenue, Suite 410, Westbury, New York 11590; telephone: (516) 228-7324; fax: (516) 794-5531. Before using any approved AMOC on any airplane to which the AMOC applies, notify your appropriate principal inspector (PI) in the FAA Flight Standards District Office (FSDO), or lacking a PI, your local FSDO.

(2) *Airworthy Product:* For any requirement in this AD to obtain corrective actions from a manufacturer or other source, use these actions if they are FAA-approved. Corrective actions are considered FAA-approved if they are approved by the State of Design Authority (or their delegated agent). You are required to assure the product is airworthy before it is returned to service.

(3) *Reporting Requirements:* For any reporting requirement in this AD, under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the Office of Management and Budget (OMB) has approved the information collection requirements and has assigned OMB Control Number 2120-0056.

Airworthiness Directives; Viking Air Limited Models DHC-6-1, DHC-6-100, DHC-6-200, and DHC-6-300 Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for the products listed above. This AD results from mandatory continuing airworthiness information (MCAI) issued by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

Service experience indicates that as aircraft become older, they are more likely to exhibit indications of corrosion.

Additionally, the FAA has reviewed the service experience and finds this action to be necessary based upon that service experience. We are issuing this AD to require actions to correct the unsafe condition on these products.

DATES: This AD becomes effective August 5, 2008.

On August 5, 2008, the Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov> or in person at Document Management Facility, U.S. Department of Transportation, Docket Operations, M-30, West Building

Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to include an AD that would apply to the specified products. That NPRM was published in the **Federal Register** on March 31, 2008 (73 FR 16779). That NPRM proposed to correct an unsafe condition for the specified products. The MCAI states:

Service experience indicates that as aircraft become older, they are more likely to exhibit indications of corrosion. Transport Canada, in conjunction with other airworthiness authorities, has committed itself to ensuring that additional maintenance programs for older aircraft are developed and implemented to minimize and control corrosive deterioration that could jeopardize airworthiness. Bombardier Inc., as manufacturer of the DHC-6 aircraft, has developed a Corrosion Prevention and Control Program which identifies specific areas that must be inspected to ensure the structural integrity of the DHC-6 fleet.

Comments

We gave the public the opportunity to participate in developing this AD. We have considered the comment received.

The Aircraft Owners and Pilots Association (AOPA) states that:

AOPA opposes broad-based fleet-wide airworthiness directives to address corrosion related issues such as this one. Instead AOPA supports a more focused approach that takes aircraft maintenance and usage into account; instead of an AD based solely on age.

In general, the FAA agrees that broad-based fleet-wide ADs are not always appropriate. However, in this case, the FAA has determined an AD should be issued because an unsafe condition exists in the product and the condition is likely to exist or develop in other products of the same type design.

The FAA is issuing this AD for two reasons, both of which are stated in the NPRM. First, service experience indicates that as aircraft become older, they are more likely to exhibit indications of corrosion. Second, we have performed a review of the relevant service experience, including a review of the Corrosion Prevention and Control Program inspection reports that were made by operators to the manufacturer. This service experience supports the issuance of an AD.

The FAA agrees in principle that based upon maintenance history, type of usage, etc., some operators may be in the position to address this unsafe condition using alternative methods to those proposed in the NPRM. However, it is not possible for the FAA to know all operators' specific conditions and write a different AD for each operator. Operators are encouraged to provide supporting evidence regarding their maintenance and operations in support of an alternative method of compliance (AMOC) when appropriate and should follow the procedures in 14 CFR 39.19 and this AD for requesting an AMOC.

We are not changing the final rule AD action based on this comment.

Conclusion

We reviewed the available data, including the comment received, and determined that air safety and the public interest require adopting the AD as proposed.

Differences Between This AD and the MCAI or Service Information

We have reviewed the MCAI and related service information and, in general, agree with their substance. But we might have found it necessary to use different words from those in the MCAI to assure the AD is clear for U.S. operators and is enforceable. In making these changes, we do not intend to differ substantively from the information provided in the MCAI and related service information.

We might also have required different actions in this AD from those in the MCAI in order to follow FAA policies. Any such differences are highlighted in a NOTE within the AD.

Costs of Compliance

Based on the service information, we estimate that this AD will affect 162 products of U.S. registry. We also estimate that it will take about 40 work-hours per product to comply with basic requirements of this AD. The average labor rate is \$80 per work-hour.

Based on these figures, we estimate the cost of this AD to the U.S. operators to be \$518,400 or \$3,200 per product.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. "Subtitle VII: Aviation Programs," describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in "Subtitle VII, Part A, Subpart III, Section 44701:

General requirements.” Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this AD:

- (1) Is not a “significant regulatory action” under Executive Order 12866;
- (2) Is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and
- (3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

We prepared a regulatory evaluation of the estimated costs to comply with this AD and placed it in the AD Docket.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD

docket contains the NPRM, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (telephone (800) 647-5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

Adoption of the Amendment

■ Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new AD:

2008–13–11 Viking Air Limited:
Amendment 39–15574; Docket No. FAA–2008–0367; Directorate Identifier 2007–CE–089–AD.

Effective Date

(a) This airworthiness directive (AD) becomes effective August 5, 2008.

Affected ADs

(b) None.

Applicability

(c) This AD applies to Models DHC–6–1, DHC–6–100, DHC–6–200, and DHC–6–300 airplanes, serial numbers (SNs) 001 through 844, certificated in any category.

Subject

(d) Air Transport Association of America (ATA) Code 51: Structures.

Reason

(e) The mandatory continuing airworthiness information (MCAI) states:

Service experience indicates that as aircraft become older, they are more likely to exhibit indications of corrosion. Transport Canada, in conjunction with other airworthiness authorities, has committed itself to ensuring that additional maintenance programs for older aircraft are developed and implemented to minimize and control corrosive deterioration that could jeopardize airworthiness. Bombardier Inc., as manufacturer of the DHC–6 aircraft, has developed a Corrosion Prevention and Control Program which identifies specific areas that must be inspected to ensure the structural integrity of the DHC–6 fleet.

Additionally, the FAA has reviewed the service experience of the Viking Air Limited Models DHC–6–1, DHC–6–100, DHC–6–200, and DHC–6–300 airplanes and finds this action to be necessary based upon that service experience. The MCAI requires that you do the corrosion tasks (CTs) required by the corrosion prevention and control program.

Actions and Compliance

(f) Unless already done, do the following actions:

(1) Within the next 90 days after August 5, 2008 (the effective date of this AD), develop a schedule for doing the initial and repeat CTs required in paragraph (f)(2) and (f)(3) of this AD.

(2) Initially, do all of the seven basic CTs defined at paragraph 3.0 of Part 3 of DHC–6 Twin Otter (Series 100/200/300) Corrosion Prevention and Control Manual PSM 1–6–5, Revision 3, released and dated January 15, 2007 (individual pages dated as specified in the List of Effective Pages on pages 7 through 12 of the document); and the temporary revisions listed in Table 1—*Viking Temporary Revisions*, of this AD:

TABLE 1.—VIKING TEMPORARY REVISIONS

Temporary revision number and date	
(i) Viking Temporary Revision, C57–10–18 (TR 2–2), dated December 19, 2007.	
(ii) Viking Temporary Revision, Part 3, Supplement 1 (TR 3–2), dated December 19, 2007.	
(iii) Viking Temporary Revision, Part 3, Supplement 1 (TR 3–3), dated December 19, 2007.	
(iv) Viking Temporary Revision, Part 3, Supplement 1, (TR 3–4), dated December 19, 2007.	

Determine corrosion level following the definitions contained in the introduction section of DHC–6 Twin Otter (Series 100/200/300) Corrosion Prevention and Control

Manual PSM 1–6–5, Revision 3, released and dated January 15, 2007 (individual pages dated as specified in the List of Effective Pages on pages 7 through 12 of the

document). The initial accomplishment deadlines are specified in Table 2—*Initial Accomplishment Deadline*, of this AD:

TABLE 2.—INITIAL ACCOMPLISHMENT DEADLINE

Applicable airplane serial numbers	Initial accomplishment deadline for all airplanes in applicable S/N range
(i) 001 through 199	15 months after August 5, 2008 (the effective date of this AD).
(ii) 200 through 439	27 months after August 5, 2008 (the effective date of this AD).
(iii) 440 through 659	51 months after August 5, 2008 (the effective date of this AD).
(iv) 660 through 844	63 months after August 5, 2008 (the effective date of this AD).

(3) After the initial completion of each CT, repeat each CT at the repeat interval (R) specified in the manual. Determine corrosion level following the definitions contained in the introduction section of DHC-6 Twin Otter (Series 100/200/300) Corrosion Prevention and Control Manual PSM 1-6-5, Revision 3, released and dated January 15, 2007 (individual pages dated as specified in the List of Effective Pages on pages 7 through 12 of the document).

(4) If any corrosion is found during any action required by this AD, before further flight, address corrosion following paragraph 4.0 of Part 3 of DHC-6 Twin Otter (Series 100/200/300) Corrosion Prevention and Control Manual PSM 1-6-5, Revision 3, dated January 15, 2007. All repairs are to be done following a method approved by the Manager, New York Aircraft Certification Office or Transport Canada Civil Aviation (or its delegated agent).

(5) Within 21 days after the finding of Level 3 corrosion, submit a plan to the FAA to identify a schedule for accomplishing the applicable CTs on the remainder of the airplanes in the operator's fleet that are subject to this AD or data substantiating that the Level 3 corrosion that was found is an isolated case. The FAA may impose a schedule other than proposed in the plan upon finding that a change to the schedule

is needed to assure that any other Level 3 corrosion is detected in a timely manner. For the purposes of this paragraph, the FAA is defined as the cognizant principal maintenance inspector (PMI) for operators that are assigned a PMI (e.g., part 121, 125, and 135 operators) and the cognizant flight standards district office for other operators (e.g., part 91 operators).

(6) If any Level 3 corrosion is found while doing any action required by this AD, within 21 days after the finding of Level 3 corrosion, report the finding on the form in Figure 1 of this AD and send it to Viking Air Limited, VP Engineering, 9574 Hampden Road, Sidney, British Columbia, Canada V8L 5V5.

(7) Incorporation of the initial and repeat CTs into your FAA-approved maintenance program constitutes terminating action for this AD. If this AD is terminated in this way, then the maintenance program must be in accordance with this AD.

FAA AD Differences

Note: This AD differs from the MCAI and/or service information as follows: No differences.

Other FAA AD Provisions

(g) The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, New York Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Send information to ATTN: Richard Beckwith, Aerospace Engineer, FAA, New York ACO, 1600 Stewart Avenue, Suite 410, Westbury, New York 11590; telephone: (516) 228-7302; fax: (516) 568-2716. Before using any approved AMOC on any airplane to which the AMOC applies, notify your appropriate PMI in the FAA Flight Standards District Office (FSDO), or lacking a PMI, your local FSDO.

(2) *Airworthy Product:* For any requirement in this AD to obtain corrective actions from a manufacturer or other source, use these actions if they are FAA-approved. Corrective actions are considered FAA-approved if they are approved by the State of Design Authority (or their delegated agent). You are required to assure the product is airworthy before it is returned to service.

(3) *Reporting Requirements:* For any reporting requirement in this AD, under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the Office of Management and Budget (OMB) has approved the information collection requirements and has assigned OMB Control Number 2120-0056.

Airworthiness Directives; Eurocopter France Model AS 355 N Helicopters

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for Eurocopter France Model AS 355 N helicopters. This AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The European Aviation Safety Agency (EASA), the technical agent for France, with which we have a bilateral agreement, states in

the MCAI: “This Airworthiness Directive (AD) is issued because it was found that the power drawn by the starter generators from the engines is above the consumption capacity at altitudes above 3,000 meters, declared for the engines of AS 355 N helicopters. Excessive power consumption of the starter generators reduces the engine surge margin, which can result in engine failure.”

After engine start, the starter generator functions as the normal operational electrical generator. We are issuing this AD to require actions that are intended to address this unsafe condition.

DATES: This AD becomes effective on August 5, 2008.

ADDRESSES: You may examine the AD docket on the Internet at <http://regulations.gov> or in person at the Docket Operations office, U.S. Department of Transportation, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC between 9 a.m. and 5 p.m. Monday through Friday, except Federal holidays.

You can get the service information identified in this AD from American Eurocopter Corporation, 2701 Forum Drive, Grand Prairie, Texas 75053-4005, telephone (972) 641-3460, fax (972) 641-3527.

Examining the AD Docket: The AD docket contains the Notice of Proposed Rulemaking (NPRM), the economic evaluation, any comments received, and other information. The street address

and operating hours for the Docket Operations office (telephone (800) 647-5227) are in the **ADDRESSES** section of this AD. Comments will be available in the AD docket shortly after they are received.

FOR FURTHER INFORMATION CONTACT: Ed Cuevas, Aviation Safety Engineer, FAA, Rotorcraft Directorate, Safety Management Group, Fort Worth, Texas 76193-0111, telephone (817) 222-5355, fax (817) 222-5961.

SUPPLEMENTARY INFORMATION:**Discussion**

We issued an NPRM to amend 14 CFR part 39 to include an AD that would apply to the specified products. That NPRM was published in the **Federal Register** on January 23, 2008 (73 FR 3891). That NPRM proposed to correct an unsafe condition for the specified products. The MCAI states: “This Airworthiness Directive (AD) is issued because it was found that the power drawn by the starter generators from the engines is above the consumption capacity at altitudes above 3,000 meters, declared for the engines of AS 355 N helicopters. Excessive power consumption of the starter generators reduces the engine surge margin, which can result in engine failure.”

Comments

By publishing the NPRM, we gave the public an opportunity to participate in developing this AD. However, we received no comment on the NPRM or

on our determination of the cost to the public. Therefore, based on our review and evaluation of the available data, we have determined that air safety and the public interest require adopting the AD as proposed except for some formatting changes. These changes will neither increase the economic burden on any operator nor increase the scope of the AD.

Relevant Service Information

Eurocopter has issued Alert Service Bulletin, Revision 1, No. 01.00.52, dated September 14, 2006. The actions described in the MCAI are intended to correct the same unsafe condition as that identified in the service information.

Differences Between This AD and the MCAI AD

There are no substantive differences between this AD and the MCAI AD.

Costs of Compliance

We estimate that this AD will affect about 17 helicopters of U.S. registry. We also estimate that it will take about 15 minutes to install the placard in each helicopter. The average labor rate is \$80 per work-hour. The manufacturer states in its service bulletin that the "labels will be delivered free of charge on the Operator's order." Because the manufacturer has indicated it will provide the placard free of charge, we have assumed there will be no charge for these placards. However, because we do not control warranty coverage for affected parties, some parties may incur costs higher than estimated here. Based on these figures, we estimate the cost of the AD on U.S. operators to be \$340 or \$20 per helicopter.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. "Subtitle VII: Aviation Programs," describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in "Subtitle VII, Part A, Subpart III, Section 44701: General requirements." Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on

products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this AD:

1. Is not a "significant regulatory action" under Executive Order 12866;
2. Is not a "significant rule" under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and
3. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

We prepared an economic evaluation of the estimated costs to comply with this AD and placed it in the AD docket.

Adoption of the Amendment

■ Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new AD:

2008-14-04 Eurocopter France:
Amendment 39-15599. Docket No. FAA-2008-0041; Directorate Identifier 2007-SW-16-AD.

Effective Date

- (a) This amendment becomes effective on August 5, 2008.

Other Affected ADs

- (b) None.

Applicability

- (c) This AD applies to Model AS 355 N helicopters, certificated in any category.

Reason

(d) The mandatory continuing airworthiness information (MCAI) states: "This Airworthiness Directive (AD) is issued because it was found that the power drawn by the starter generators from the engines is

above the consumption capacity at altitudes above 3,000 meters, declared for the engines of AS 355 N helicopters. Excessive power consumption of the starter generators reduces the engine surge margin, which can result in engine failure."

The starter-generator is a single unit that is operated both as an engine starter generator and after starting, as an operational generator. The EASA AD and the Eurocopter service bulletin refer to this unit as a starter generator. The starter generator requires energy from the engine to generate electricity. When the electrical current exceeds 100 amps, the load on the engine reduces the engine surge margin and may cause the engine to surge and flame out.

Therefore, at altitudes above 10,000 feet, the maximum continuous current supplied by each starter generator must be limited to 100 amps to prevent engine surging.

Actions and Compliance

(e) Within 100 hours time-in-service or within 12 months, whichever occurs first, unless already done, do the following actions:

(1) Install a limitation placard (indicating the new load limitation for the starter generator) on the overhead instrument panel, immediately below the ammeter.

(2) The placard must state the following: Maximum continuous load per generator 100A If Hp>10000 ft.

Differences Between This AD and the MCAI AD

- (f) None.

Other Information

(g) Alternative Methods of Compliance (AMOCs): The Manager, Safety Management Group, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. Related Information

(h) MCAI EASA Airworthiness Directive No. 2006-0338, dated November 7, 2006, and Eurocopter Alert Service Bulletin, Revision 1, No. 01.00.52, dated September 14, 2006, contain related information.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 97****[Docket No. 30613; Amdt. No. 3274]****Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments****AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This Rule establishes, amends, suspends, or revokes STANDARD Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective July 1, 2008. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of July 1, 2008.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

*Availability—*All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit nfdc.faa.gov

to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

FOR FURTHER INFORMATION CONTACT:

Harry J. Hodges, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Divisions, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) Telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This rule amends Title 14 of the Code of Federal Regulations, Part 97 (14 CFR part 97), by establishing, amending, suspending, or revoking SIAPs, Takeoff Minimums and/or ODPS. The complete regulators description of each SIAP and its associated Takeoff Minimums or ODP for an identified airport is listed on FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR 97.20. The applicable FAA Forms are FAA Forms 8260-3, 8260-4, 8260-5, 8260-15A, and 8260-15B when required by an entry on 8260-15A.

The large number of SIAPs, Takeoff Minimums and ODPS, in addition to their complex nature and the need for a special format make publication in the **Federal Register** expensive and impractical. Furthermore, airmen do not use the regulatory text of the SIAPs, Takeoff Minimums or ODPS, but instead refer to their depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP, Takeoff Minimums and ODP listed on FAA forms is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAPs and the effective dates of the Associated Takeoff Minimums and ODPS. This amendment also identifies the airport and its location, the procedure, and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP, Takeoff Minimums and ODP as contained in the transmittal. Some SIAP and Takeoff Minimums and textual ODP amendments may have

been issued previously by the FAA in a Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP and Takeoff Minimums and ODP amendments may require making them effective in less than 30 days. For the remaining SIAPs and Takeoff Minimums and ODPS, an effective date at least 30 days after publication is provided.

Further, the SIAPs and Takeoff Minimums and ODPS contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs and Takeoff Minimums and ODPS, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs, Takeoff Minimums and ODPS, and safety in air commerce, I find that notice and public procedures before adopting these SIAPs, Takeoff Minimums and ODPS are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Extension of Time for Filing Returns

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final and temporary regulations and removal of temporary regulations.

SUMMARY: This document contains final and temporary regulations relating to the simplification of procedures for obtaining automatic extensions of time to file certain returns. For these returns,

the final and temporary regulations also remove the requirements for a signature and an explanation of the need for an extension of time to file. The final and temporary regulations affect taxpayers who are required to file certain returns and need an extension of time to file. The text of the temporary regulations also serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section of this issue of the **Federal Register**.

DATES: *Effective Date:* These regulations are effective on July 1, 2008.

Applicability Date: For dates of applicability of these regulations see §§ 1.6081-1(c), 1.6081-2T(i), 1.6081-3(e), 1.6081-4(f), 1.6081-5(f), 1.6081-6T(h), 1.6081-7(g), 1.6081-10(f), 1.6081-11(e), 25.6081-1(f), 26.6081-1(f), 53.6081-1(f), 55.6081-1(f), 156.6081-1(f), 157.6081-1(f), and 301.6081-2(e).

SUPPLEMENTARY INFORMATION:

Background

This document contains amendments to 26 CFR parts 1, 25, 26, 53, 55, 156, 157, and 301 under section 6081 of the Internal Revenue Code (Code). On November 8, 2005, a temporary regulation (TD 9229) relating to the simplification of procedures for obtaining automatic extensions of time to file certain returns was published in the **Federal Register** (70 FR 67356). A notice of proposed rulemaking (REG-144898-04) cross-referencing the temporary regulations was published in the **Federal Register** for the same day (70 FR 67397). No public hearing was requested or held. Written or electronic comments responding to the notice of proposed rulemaking were received. After consideration of all the comments, the proposed regulations are adopted as revised by this Treasury decision containing both final and temporary regulations. The revisions are discussed in this preamble. A notice of proposed rulemaking (REG-115457-08) cross-referencing the temporary regulations appears in the Proposed Rules section of this issue of the **Federal Register**.

Summary of Comments and Explanation of Revisions

These final and temporary regulations simplify the extension process by allowing certain taxpayers to file a single request for an automatic extension of time to file certain returns. Because the extension is automatic, these taxpayers do not need to sign the

extension request or provide an explanation of the reasons for requesting an extension. Simplifying, consolidating, and standardizing extension forms will reduce taxpayer burden. This simplification will also lower processing costs and facilitate increased efficiency for the IRS.

Individual Income Taxpayers

The proposed regulations provided an automatic six-month extension to taxpayers who must file an individual income tax return if they submit a timely, completed application for extension on Form 4868 "Application for Automatic Extension of Time To File a U.S. Individual Income Tax Return." This new procedure, adopted in the final regulations, replaces the process where an individual could obtain an initial automatic four-month extension by filing Form 4868 and apply for an additional two-month discretionary extension by filing Form 2688, "Application for Additional Extension of Time To File U.S. Individual Income Tax Return." In connection with the new procedure, the IRS eliminated Form 2688.

One commentator noted that individuals who are abroad may qualify for an extension beyond six months and previously applied for this extension using Form 2688. The commentator suggests that the elimination of this form places an added administrative burden on these individual taxpayers who are abroad. The commentator notes that without Form 2688, the alternative for requesting an additional extension beyond six months is to write a letter in accordance with Treas. Reg. § 1.6081-1(b). Thus, the commentator requests that Form 2688 be retained for use by taxpayers who are abroad and require more than a six-month extension of time to file.

The primary goal for these regulatory revisions is to reduce taxpayer burden by simplifying the extension process through the elimination of unnecessary forms and required information. The elimination of Form 2688 is among those measures aimed at streamlining the extension process. Although previously used by some taxpayers who are abroad to apply for an additional extension beyond six months, the Treasury Department and the IRS have determined that retention of this form for such a limited purpose and small class of taxpayers would not be efficient. The Treasury Department and the IRS have also determined that due to the discretionary nature of any additional extension for taxpayers who are abroad, requiring a letter explaining the need for the extension is the most

appropriate procedure. There is no additional administrative burden from this decision as in both situations the taxpayer must file a document containing substantially the same information and the IRS must process it. Thus, the comment is not adopted and the final regulations eliminate all references to the obsolete Form 2688.

Individual taxpayers who are abroad seeking guidance on applying for an additional extension of time to file beyond six months should refer to IRS Publication 54, Tax Guide for U.S. Citizens and Resident Aliens Abroad, or the IRS Internet site at <http://www.irs.gov/formspubs/article/0,,id=154856,00.html>.

Corporate Income Taxpayers

The proposed regulations did not change the rules regarding filing extensions for corporations but merely changed the appearance and title of Form 7004, now titled "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns."

While not specifically addressed by the proposed regulations, one comment was received regarding extensions for affiliated groups of corporations filing a consolidated return. The commentator suggests that the requirement under § 1.6081-3(a)(4) to include a statement listing the name and address of each member of the affiliated group if the affiliated group will file a consolidated return is inconsistent with § 1.1502-75(a). Section 1.1502-75(a) allows a group which did not file a consolidated return for the immediately preceding taxable year to file a consolidated return, provided that each member of the group that is eligible to do so files a Form 1122, "Authorization & Consent of Subsidiary Corporation to be included in a Consolidated Income Tax Return," not later than the last day prescribed by law (including extensions of time) for the filing of the common parent's return. The commentator contends that § 1.6081-3 suggests that in order to have a valid extension all members of the affiliated group must be listed with the extension request even though the affiliated group may not have decided at the time the extension is filed if a consolidated return will be elected. Although, § 1.6081-3 requires a listing of subsidiaries with the extension request, the commentator suggests that, because § 1.1502-75(a) does not require the members of an affiliated group to elect to file a consolidated return until the common parent's extended due date, the failure to include the name and address of a member of the affiliated group that will be filed as part of the

consolidated return should not invalidate a request for an automatic extension of time to file.

The IRS and Treasury Department find no inconsistency between these regulations. If, at the time the extension request is due, the affiliated entities have not decided whether to file a consolidated return, the various affiliated entities must either file separate returns or individually request an extension of time to file. The failure to do either will result in a late return. Additionally, by including a list of affiliated members with the extension request, each member is deemed to be applying for an extension of time to file. In the event that a subsidiary does not file as part of a consolidated return, that entity will have a valid extension to file its own return. Therefore, the final regulations retain the requirement to list the name and address of each member of the affiliated group with the extension request. To address the commentator's concern, the final regulations explicitly state that the attached list will grant an extension for each member's separate return in the event that the member does not file as part of the consolidated group.

Partnership, Trust, and Estate Taxpayers

The proposed regulations provided for an automatic six-month extension of time to file returns for certain entities not taxed at the entity level (pass-through entities). Recognizing the potential that some taxpayers may not receive timely information returns from pass-through entities (for example, Schedule K-1s from partnerships) needed to complete their own income tax returns, the proposed regulations specifically requested comments on whether a shorter extension of time to file for pass-through entities might reduce overall taxpayer burden. Several comments addressing this issue were received. Four commentators suggested that the filing date for pass-through entities should be moved back to March 15th instead of April 15th. This would allow these entities to receive six-month extensions of time to file (until September 15th) but still allow individual taxpayers with ownership interests in the pass-through entities to receive information needed to file a timely and complete income tax return by the October 15th extended due date. The filing dates for these pass-through entity returns are governed by statute. See for example, sections 6012(a), and 6072. Accordingly, without legislative action, the Treasury Department and the IRS are unable to change the filing due dates for these pass-through entities.

The remaining comments on this topic suggested that an extension period for pass-through entities of five months or less would benefit individual taxpayers with ownership interests in pass-through entities in preparation of their own individual income tax returns. Three commentators suggested that the proposed regulations would actually increase taxpayer burden by making it easier for pass-through entities to delay the filing of their returns. Two commentators also pointed out that the five-month extension period would not alleviate the burden on corporate taxpayers with ownership interests in pass-through entities. These commentators expressed a concern that even a five-month extension period for pass-through entities would, in most cases, simply align the extended due date for pass-through entities with the extended due date for corporate returns, resulting in the same delay of information to corporate owners of pass-through entities. This delay, the commentators contend, would greatly increase the need for filing amended returns. These commentators suggested shortening the automatic extension for pass-through entities to a period of less than five months, which would ultimately reduce burden on both taxpayers and the IRS.

In response to these comments, the Treasury Department and IRS have adopted temporary regulations which will provide for a five-month automatic extension period with no additional extension for certain pass-through entities. These entities are partnerships filing Form 1065, "U.S. Partnership Return of Income," or Form 8804, "Annual Return for Partnership Withholding Tax," and estates and trusts filing Form 1041, "U.S. Income Tax Return for Estates and Trusts." While some commentators suggested adopting an extension period shorter than five months, the Treasury Department and the IRS believe a five-month automatic extension period for certain partnerships, trusts, and estates, strikes a reasonable balance and reduces the overall burden on taxpayers. The Treasury Department and IRS believe the five-month extension period allows pass-through entities, including complex and tiered entities, an adequate time for preparation of the required pass-through return and also ensures the timely and accurate dissemination of information to a large number of taxpayers who require that information for completion of their own income tax returns. It is recognized that some corporations with ownership interests in pass-through entities may continue to

experience delayed receipt of information needed to complete their own corporate returns and some pass-through entities may find it difficult to complete their returns. Thus the Treasury Department and the IRS request comments on whether the five-month automatic extension of time to file for these pass-through entities increases or reduces overall taxpayer burden. Please follow the instructions in the "Comments and Public Hearing" section in the notice of proposed rulemaking accompanying these temporary regulations in this issue of the **Federal Register**.

Transitional Rule for Pass-Through Entities

The temporary regulations allowing certain pass-through entities to obtain an automatic five-month extension apply to applications by these entities for an automatic extension of time to file certain returns due on or after January 1, 2009. These entities will be allowed to obtain an automatic six-month extension of time to file the applicable returns, which are required to be filed before January 1, 2009.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. Although these final regulations reference forms that are approved under the Paperwork Reduction Act (44 U.S.C. chapter 35), the regulations themselves do not impose a collection of information on small entities. Therefore the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. For the applicability of the Regulatory Flexibility Act to the temporary regulations, refer to the Special Analyses section of the preamble to the cross-reference notice of proposed rulemaking published in the Proposed Rules section of this issue of the **Federal Register**. Pursuant to section 7805(f) of the Internal Revenue Code, the notice of proposed rulemaking preceding these regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small businesses. Pursuant to the same provision, the temporary regulations contained in this Treasury Decision will be submitted for comment on their impact on small businesses.

Par. 2. Section 1.911-7 is amended by revising paragraph (c)(2) and adding paragraph (e) to read as follows:

§ 1.911-7 Procedural rules.

* * * * *

(c) * * *

(2) *Extensions.* An individual desiring an extension of time (in addition to the automatic extension of time granted by § 1.6081-4) for filing a return until after the completion of the qualifying period described in paragraph (c)(1) of this section for claiming any exclusion or deduction under section 911 may apply for an extension. An individual whose moving expense deduction is attributable to services performed in two years may apply for an extension of time for filing a return until after the end of the second year. The individual may make such application on Form 2350, "Application for Extension of Time to File U.S. Income Tax Return" or in any other manner prescribed by the Commissioner. The application must be filed in accordance with the instructions to the form or as prescribed by the Commissioner. The application must set forth the facts relied on to justify the extension of time requested and must include a statement as to the earliest date the individual expects to become entitled to any exclusion or deduction by reason of completion of the qualifying period.

* * * * *

(e) *Effective/applicability date.* This section applies to applications for extension of time to file returns filed after July 1, 2008.

■ **Par. 3.** Section 1.6081-1 is amended by revising paragraph (b) and adding paragraph (c) to read as follows:

§ 1.6081-1 Extension of time for filing returns.

* * * * *

(b) *Application for extension of time—(1) In general.* Under other sections in this chapter, certain taxpayers may request an automatic extension of time to file certain returns. Except in undue hardship cases, no extension of time to file a return will be allowed under this section until an automatic extension of time to file the return has been allowed under the applicable section. No extension of time to file a return will be granted under this section for a period of time greater than that provided for by automatic extension. A taxpayer desiring an extension of the time for filing a return, statement, or other document shall submit an application for extension on or before the due date of such return,

statement, or other document. If a form exists for the application for an extension, the taxpayer should use the form; however, taxpayers may apply for an extension in a letter that includes the information required by this paragraph. Except as provided in § 301.6091-1(b) of this chapter (relating to hand-carried documents), the taxpayer should make the application for extension to the Internal Revenue Service office where such return, statement, or other document is required to be filed. Except for requests for automatic extensions of time to file certain returns provided for elsewhere in this chapter, the application must be in writing, signed by the taxpayer or his duly authorized agent, and must clearly set forth—

(i) The particular tax return, information return, statement, or other document, including the taxable year or period thereof, for which the taxpayer requests an extension; and

(ii) An explanation of the reasons for requesting the extension to aid the internal revenue officer in determining whether to grant the request.

(2) *Taxpayer unable to sign.* In any case in which a taxpayer is unable, by reason of illness, absence, or other good cause, to sign a request for an extension, any person standing in close personal or business relationship to the taxpayer may sign the request on his behalf, and shall be considered as a duly authorized agent for this purpose, provided the request sets forth the reasons for a signature other than the taxpayer's and the relationship existing between the taxpayer and the signer.

(c) *Effective/applicability dates.* This section applies to requests for extension of time filed after July 1, 2008.

■ **Par. 4.** Section 1.6081-2T is revised to read as follows:

§ 1.6081-2T Automatic extension of time to file certain returns filed by partnerships (temporary).

(a) *In general.* (1) Except as provided in paragraph (h) of this section, a partnership required to file Form 1065, "U.S. Partnership Return of Income," or Form 8804, "Annual Return for Partnership Withholding Tax," for any taxable year will be allowed an automatic 5-month extension of time to file the return after the date prescribed for filing the return if the partnership files an application under this section in accordance with paragraph (b) of this section. No additional extension will be allowed pursuant to § 1.6081-1(b) beyond the automatic 5-month extension provided by this section. In the case of a partnership described in § 1.6081-5(a)(1), the automatic extension of time to file allowed under

this section runs concurrently with an extension of time to file granted pursuant to § 1.6081-5.

(2) An electing large partnership (ELP) required to file Form 1065-B, "U.S. Return of Income for Electing Large Partnerships," for any taxable year will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the partnership files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), the partnership must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the later of—

(i) The date prescribed for filing the return of the partnership; or

(ii) The expiration of any extension of time to file granted under § 1.6081-5(a); and

(3) File the application with the Internal Revenue Service office designated in the application's instructions.

(c) *Payment of section 7519 amount.*

An automatic extension of time for filing a partnership return of income granted under paragraph (a) of this section does not extend the time for payment of any amount due under section 7519, relating to required payments for entities electing not to have a required taxable year.

(d) *Section 444 election.* An automatic extension of time for filing a partnership return of income will run concurrently with any extension of time for filing a return allowed because of section 444, relating to the election of a taxable year other than a required taxable year.

(e) *Effect of extension on partner.* An automatic extension of time for filing a partnership return of income under this section does not extend the time for filing a partner's income tax return or the time for the payment of any tax due on a partner's income tax return.

(f) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the partnership a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the partnership's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(g) *Penalties.* See section 6698 for failure to file a partnership return.

(h) *Special rule for applications for extensions of time to file returns due on or after July 1, 2008 and before January 1, 2009.* A partnership required to file Form 1065, "U.S. Partnership Return of Income," or Form 8804, "Annual Return for Partnership Withholding Tax," on or after July 1, 2008 and before January 1, 2009, will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the partnership files an application under this section in accordance with paragraph (b) of this section.

(i) *Effective/applicability dates.* This section applies to applications for an automatic extension of time to file the partnership returns listed in paragraph (a) of this section filed on or after July 1, 2008.

(j) *Expiration date.* The applicability of this section expires on or before June 30, 2011.

■ **Par. 5.** Section 1.6081-3 is amended by revising paragraphs (a)(1) and (4) and (e) to read as follows:

§ 1.6081-3 Automatic extension of time for filing corporation income tax returns.

(a) * * *

(1) An application must be submitted on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner.

* * * * *

(4) The application must include a statement listing the name and address of each member of the affiliated group if the affiliated group will file a consolidated return. Upon the timely filing of Form 7004, the 6-month extension of time to file shall be considered as granted to the affiliated group for the filing of its consolidated return or for the filing of each member's separate return.

* * * * *

(e) *Effective/applicability dates.* This section applies to requests for extension of time to file corporation income tax returns filed after July 1, 2008.

§ 1.6081-3T [Removed]

■ **Par. 6.** Section 1.6081-3T is removed.

■ **Par. 7.** Section 1.6081-4 is added to read as follows:

§ 1.6081-4 Automatic extension of time for filing individual income tax return.

(a) *In general.* An individual who is required to file an individual income tax return will be allowed an automatic 6-

month extension of time to file the return after the date prescribed for filing the return if the individual files an application under this section in accordance with paragraph (b) of this section. In the case of an individual described in § 1.6081-5(a)(5) or (6), the automatic 6-month extension will run concurrently with the extension of time to file granted pursuant to § 1.6081-5.

(b) *Requirements.* To satisfy this paragraph (b), an individual must—

(1) Submit a complete application on Form 4868, "Application for Automatic Extension of Time To File U.S. Individual Income Tax Return," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the later of—

(i) The date prescribed for filing the return; or

(ii) The expiration of any extension of time to file granted pursuant to § 1.6081-5;

(3) File the application with the Internal Revenue Service office designated in the application's instructions; and

(4) Show the full amount properly estimated as tax for the taxable year.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the individual a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 4868 or to the individual's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file an individual income tax return or failure to pay the amount shown as tax on the return. In particular, see § 301.6651-1(c)(3) of this chapter (relating to a presumption of reasonable cause in certain circumstances involving an automatic extension of time for filing an individual income tax return).

(f) *Effective/applicability dates.* This section is applicable for applications for an automatic extension of time to file an individual income tax return filed after July 1, 2008.

§ 1.6081-4T [Removed]

■ **Par. 8.** Section 1.6081-4T is removed.

■ **Par. 9.** Section 1.6081-5 is amended by revising paragraphs (a), (b), and (f) to read as follows:

§ 1.6081-5 Extensions of time in the case of certain partnerships, corporations, and U.S. citizens and residents.

(a) An extension of time for filing returns of income and for paying any tax shown on the return is hereby granted to and including the fifteenth day of the sixth month following the close of the taxable year in the case of—

(1) Partnerships which are required under section 6072(a) to file returns on the fifteenth day of the fourth month following the close of the taxable year of the partnership, and which keep their records and books of account outside the United States and Puerto Rico;

(2) Domestic corporations which transact their business and keep their records and books of account outside the United States and Puerto Rico;

(3) Foreign corporations which maintain an office or place of business within the United States;

(4) Domestic corporations whose principal income is from sources within the possessions of the United States;

(5) United States citizens or residents whose tax homes and abodes, in a real and substantial sense, are outside the United States and Puerto Rico; and

(6) United States citizens and residents in military or naval service on duty, including non-permanent or short term duty, outside the United States and Puerto Rico.

(b) In order to qualify for the extension under this section—

(1) A statement must be attached to the return showing that the person for whom the return is made is a person described in paragraph (a) of this section; or

(2) If a person described in paragraph (a) of this section requests additional time to file, the person must request the extension on or before the fifteenth day of the sixth month following the close of the taxable year and check the appropriate box on Form 4868, "Application for Automatic Extension of Time To File a U.S. Individual Income Tax Return," or Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," whichever is applicable, or in any other manner prescribed by the Commissioner.

* * * * *

(f) *Effective/applicability date.* This section is applicable for returns of income due after July 1, 2008.

§ 1.6081-5T [Removed]

■ **Par. 10.** Section 1.6081-5T is removed.

■ **Par. 11.** Section 1.6081-6T is revised to read as follows:

§ 1.6081-6T Automatic extension of time to file estate or trust income tax return (temporary).

(a) *In general.* (1) Except as provided in paragraph (g) of this section, an estate or trust required to file an income tax return on Form 1041, "U.S. Income Tax Return for Estates and Trusts," will be allowed an automatic 5-month extension of time to file the return after the date prescribed for filing the return if the estate or trust files an application under this section in accordance with paragraph (b) of this section. No additional extension will be allowed pursuant to § 1.6081-1(b) beyond the automatic 5-month extension provided by this section.

(2) An estate or trust required to file an income tax return on Form 1041-N, "U.S. Income Tax Return for Electing Alaska Native Settlement," or Form 1041-QFT, "U.S. Income Tax Return for Qualified Funeral Trusts" for any taxable year will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the estate or trust files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), an estate or trust must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office designated in the application's instructions; and

(3) Show the amount properly estimated as tax for the estate or trust for the taxable year.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Effect of extension on beneficiary.* An automatic extension of time to file an estate or trust income tax return under this section will not extend the time for filing the income tax return of a beneficiary of the estate or trust or the time for the payment of any tax due on the beneficiary's income tax return.

(e) *Termination of automatic extension.* The Commissioner may

terminate an automatic extension at any time by mailing to the estate or trust a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the estate or trust's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(f) *Penalties.* See section 6651 for failure to file an estate or trust income tax return or failure to pay the amount shown as tax on the return.

(g) *Special rule for applications for extensions of time to file returns due on or after July 1, 2008 and before January 1, 2009.* An estate or trust required to file an income tax return on Form 1041, "U.S. Income Tax Return for Estates and Trusts," on or after July 1, 2008 and before January 1, 2009, will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the estate or trust files an application under this section in accordance with paragraph (b) of this section.

(h) *Effective/applicability dates.* This section applies to applications for an automatic extension of time to file an estate or trust income tax return filed on or after July 1, 2008.

(i) *Expiration date.* The applicability of this section expires on or before June 30, 2011.

■ **Par. 12.** Section 1.6081-7 is added to read as follows:

§ 1.6081-7 Automatic extension of time to file Real Estate Mortgage Investment Conduit (REMIC) income tax return.

(a) *In general.* A Real Estate Mortgage Investment Conduit (REMIC) required to file an income tax return on Form 1066, "U.S. Real Estate Mortgage Investment Conduit Income Tax Return," or Form 8831, "Excise Tax on Excess Inclusions of REMIC Residual Interests," for any taxable year will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the REMIC files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), a REMIC must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office

designated in the application's instructions; and

(3) Show the full amount properly estimated as tax for the REMIC for the taxable year.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Effect of extension on residual or regular interest holders.* An automatic extension of time to file a REMIC income tax return under this section will not extend the time for filing the income tax return of a residual or regular interest holder of the REMIC or the time for the payment of any tax due on the residual or regular interest holder's income tax return. An automatic extension will also not extend the time for payment of any excise tax on excess inclusions of REMIC residual interests.

(e) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the REMIC a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the REMIC's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(f) *Penalties.* See sections 6698 and 6651 for failure to file a REMIC income tax return or failure to pay an amount shown as tax on the return.

(g) *Effective/applicability dates.* This section applies to applications for an automatic extension of time to file REMIC income and excise tax returns listed in paragraph (a) of this section filed after July 1, 2008.

§ 1.6081-7T [Removed]

■ **Par. 13.** Section 1.6081-7T is removed.

■ **Par. 14.** Section 1.6081-10 is added to read as follows:

§ 1.6081-10 Automatic extension of time to file withholding tax return for U.S. source income of foreign persons.

(a) *In general.* A withholding agent or intermediary required to file a return on Form 1042, "Annual Withholding Tax Return for U.S. Source Income of Foreign Persons," for any taxable year will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the withholding agent or intermediary files an application under this section in

accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), a withholding agent or intermediary must—

(1) Submit a complete application on Form 7004, “Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns,” or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office designated in the application’s instructions; and

(3) Remit the amount of the properly estimated unpaid tax liability on or before the date prescribed for payment.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the withholding agent or intermediary a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the withholding agent or intermediary’s last known address. For further guidance regarding the definition of last known address, see § 301.6212–2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file a return or failure to pay an amount shown as tax on the return.

(f) *Effective/applicability dates.* This section is applicable for applications for an automatic extension of time to file the withholding tax return for U.S. source income of foreign persons return filed after July 1, 2008.

§ 1.6081–10T [Removed]

■ **Par. 15.** Section 1.6081–10T is removed.

■ **Par. 16.** Section 1.6081–11 is added to read as follows:

§ 1.6081–11 Automatic extension of time for filing certain employee plan returns.

(a) *In general.* An administrator or sponsor of an employee benefit plan required to file a return under the provisions of chapter 61 or the regulations under that chapter on Form 5500 (series), “Annual Return/Report of Employee Benefit Plan,” will be allowed an automatic extension of time to file the return until the 15th day of the third month following the date prescribed for filing the return if the administrator or

sponsor files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), an administrator or sponsor must—

(1) Submit a complete application on Form 5558, “Application for Extension of Time To File Certain Employee Plan Returns,” or in any other manner as may be prescribed by the Commissioner; and

(2) File the application with the Internal Revenue Service office designated in the application’s instructions on or before the date prescribed for filing the information return.

(c) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the administrator or sponsor a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 5558 or to the administrator or sponsor’s last known address. For further guidance regarding the definition of last known address, see § 301.6212–2 of this chapter.

(d) *Penalties.* See sections 6652, 6692, and the Employee Retirement Income Security Act of 1974 for penalties for failure to file a timely and complete Form 5500.

(e) *Effective/applicability dates.* This section is applicable for applications for an automatic extension of time to file Forms 5500 for plan years ending after July 1, 2008.

§ 1.6081–11T [Removed]

■ **Par. 17.** Section 1.6081–11T is removed.

PART 25—GIFT TAX; GIFTS MADE AFTER DECEMBER 31, 1954

■ **Par. 18.** The authority citation for part 25 is amended by removing the entry for § 25.6081–1T and adding an entry in numerical order to read in part as follows:

Authority: 26 U.S.C. 7805 * * *

Section 25.6081–1 also issued under the authority of 26 U.S.C. 6081(a).

■ **Par. 19.** Section 25.6081–1 is added to read as follows:

§ 25.6081–1 Automatic extension of time for filing gift tax returns.

(a) *In general.* Under section 6075(b)(2), an automatic six-month extension of time granted to a donor to file the donor’s return of income under § 1.6081–4 of this chapter shall be deemed also to be a six-month extension

of time granted to file a return on Form 709, “United States Gift (and Generation-Skipping Transfer) Tax Return.” If a donor does not obtain an extension of time to file the donor’s return of income under § 1.6081–4 of this chapter, the donor will be allowed an automatic 6-month extension of time to file Form 709 after the date prescribed for filing if the donor files an application under this section in accordance with paragraph (b) of this section. In the case of an individual described in § 1.6081–5(a)(5) or (6) of this chapter, the automatic 6-month extension of time to file Form 709 will run concurrently with the extension of time to file granted pursuant to § 1.6081–5 of this chapter.

(b) *Requirements.* To satisfy this paragraph (b), a donor must—

(1) Submit a complete application on Form 8892, “Payment of Gift/GST Tax and/or Application for Extension of Time To File Form 709,” or in any other manner prescribed by the Commissioner;

(2) File the application on or before the later of—

(i) The date prescribed for filing the return; or

(ii) The expiration of any extension of time to file granted pursuant to § 1.6081–5 of this chapter; and

(3) File the application with the Internal Revenue Service office designated in the application’s instructions.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an extension at any time by mailing to the donor a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 8892, or to the donor’s last known address. For further guidance regarding the definition of last known address, see § 301.6212–2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file a gift tax return or failure to pay the amount shown as tax on the return.

(f) *Effective/applicability dates.* This section is applicable for applications for an extension of time to file Form 709 filed after July 1, 2008.

§ 25.6081–1T [Removed]

■ **Par. 20.** Section 25.6081–1T is removed.

PART 26—GENERATION-SKIPPING TRANSFER TAX REGULATIONS UNDER THE TAX REFORM ACT OF 1986

■ **Par. 21.** The authority citation for part 26 is amended by removing the entry for § 26.6081-1T and adding an entry in numerical order to read in part as follows:

Authority: 26 U.S.C. 7805 and 26 U.S.C. 2663 * * *

Section 26.6081-1 also issued under the authority of 26 U.S.C. 6081(a).

* * * * *

■ **Par. 22.** Section 26.6081-1 is added to read as follows:

§ 26.6081-1 Automatic extension of time for filing generation-skipping transfer tax returns.

(a) *In general.* A skip person distributee required to file a return on Form 706-GS(D), "Generation-Skipping Transfer Tax Return for Distributions," or a trustee required to file a return on Form 706-GS(T), "Generation-Skipping Transfer Tax Return for Terminations," will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing if the skip person distributee or trustee files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), a skip person distributee or trustee must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office designated in the application's instructions; and

(3) Remit the amount of the properly estimated unpaid tax liability on or before the date prescribed for payment.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the skip person distributee or trustee a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the skip person distributee or trustee's last

known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file a generation-skipping transfer tax return or failure to pay the amount shown as tax on the return.

(f) *Effective/applicability dates.* This section is applicable for applications for an automatic extension of time to file a generation-skipping transfer tax return filed after July 1, 2008.

§ 26.6081-1T [Removed]

■ **Par. 23.** Section 26.6081-1T is removed.

PART 53—FOUNDATION AND SIMILAR EXCISE TAXES

■ **Par. 24.** The authority citation for part 53 is amended by removing the entry for § 53.6081-1T and adding an entry in numerical order to read in part as follows:

Authority: 26 U.S.C. 7805 * * *
Section 53.6081-1 also issued under 26 U.S.C. 6081(a). * * *

■ **Par. 25.** Section 53.6081-1 is added to read as follows:

§ 53.6081-1 Automatic extension of time for filing the return to report taxes due under section 4951 for self-dealing with a nuclear decommissioning fund.

(a) *In general.* A "disqualified person" for purposes of section 4951(e)(4) who engaged in self-dealing with a Nuclear Decommissioning Fund, and must report tax due under section 4951 on Form 1120-ND, "Return for Nuclear Decommissioning Funds and Certain Related Persons," will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return if the disqualified person files an application under this section in accordance with paragraph (b) of this section. For guidance on requesting an extension of time to file Form 1120-ND for purposes of reporting contributions received, income earned, administrative expenses of operating the fund, and the tax on modified gross income, see § 1.6081-3 of this chapter.

(b) *Requirements.* To satisfy this paragraph (b), a disqualified person must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office

designated in the application's instructions; and

(3) Remit the amount of the properly estimated unpaid tax liability on or before the date prescribed for payment.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the disqualified person a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the disqualified person's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file or failure to pay the amount shown as tax on the return.

(f) *Effective/applicability dates.* This section is applicable for applications for an automatic extension of time to file a return to report taxes due under section 4951 for self-dealing with a Nuclear Decommissioning Fund filed after July 1, 2008.

Employment Tax Adjustments

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations.

SUMMARY: This document contains final regulations relating to employment tax adjustments and employment tax refund claims. The final regulations modify the process for making interest-free adjustments for both underpayments and overpayments of Federal Insurance Contributions Act (FICA) and Railroad Retirement Tax Act (RRTA) taxes and Federal income tax withholding (ITW) under sections 6205(a) and 6413(a), respectively, of the Internal Revenue Code (Code). These regulations also modify the process for filing claims for refund of overpayments of employment taxes under sections 6402 and 6414.

This document contains final regulations relating to the return requirements under section 6011 to reflect the changes to the adjustment and refund processes, and to reflect additional statutory and process updates. This document also contains final regulations under section 6302 to clarify deposit obligations with respect to interest-free adjustments of underpayments and the effect of adjustments and refunds on the deposit schedule of a Form 943 filer.

DATES: *Effective Date:* These final regulations are effective on January 1, 2009.

Applicability date: With respect to the regulations under Code sections 6205, 6402, 6413, and 6414, these final regulations apply to any error ascertained on or after January 1, 2009.

SUPPLEMENTARY INFORMATION:

Paperwork Reduction Act

The collection of information contained in these final regulations has been reviewed and approved by the Office of Management and Budget in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)) under control number 1545-2097. The collection of information in these proposed regulations is in §§ 31.6011(a)-1, 31.6011(a)-4, 31.6011(a)-5, 31.6205-1, 31.6402(a)-2, 31.6413(a)-1, 31.6413(a)-2, and 31.6414-1. This information is required by the IRS to verify compliance with return requirements under section 6011, employment tax adjustments under sections 6205 and 6413, and claims for refund of overpayments of employment taxes under sections 6402 and 6414. This information will be used to determine whether the amount of tax has been reported and calculated correctly.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by the Office of Management and Budget.

Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Background

These final regulations are issued in connection with the IRS's development of new forms to report adjustments to employment taxes which will replace the existing process of reporting adjustments of employment taxes on regularly filed employment tax returns. These regulations affect taxpayers that file employment tax returns, including Form 941, "Employer's QUARTERLY Federal Tax Return," Form 943, "Employer's Annual Tax Return for Agricultural Employees," Form 944, "Employer's ANNUAL Federal Tax Return," Form 945, "Annual Return of Withheld Federal Income Tax," and Form CT-1, "Employer's Annual Railroad Retirement Tax Return," and any related Spanish-language returns or returns for U.S. possessions.

These final regulations are part of the IRS's effort to reduce taxpayer burden by permitting employers to make employment tax adjustments on a separately filed form as soon as an error is ascertained. These regulations amend the Employment Tax Regulations (26

CFR part 31) under section 6011 relating to the requirement to file a return, under sections 6205(a) and 6413(a) relating to the process for making adjustments of underpayments and overpayments, respectively, of employment taxes, under section 6302 relating to deposit obligations, and under sections 6402 and 6414 relating to the process of filing a claim for refund for an overpayment of employment taxes. For purposes of these regulations, the term *employment taxes* means the Federal Insurance Contributions Act (FICA) tax (both the social security and Medicare portions) imposed on both the employer and the employee, the Railroad Retirement Tax Act (RRTA) tax imposed on both the employer and employee, and Federal income tax withholding (ITW). To the extent that other types of withholding are treated as ITW under section 3402(a) (that is, gambling withholding, pension withholding, and backup withholding as set forth in sections 3402(q)(7), 3405(f), and 3406(h)(10), respectively), these other types of withholding are included in the term employment taxes.

Interest-Free Adjustments

Generally, the Code requires that interest be paid to the IRS on any underpayment of tax and that interest be allowed and paid to the taxpayer on any overpayment of tax. See sections 6601(a) and 6611(a), respectively. An exception to the general rule, however, applies uniquely to employment taxes. Where an amount other than the correct amount of tax imposed by sections 3101 (employee FICA tax), 3111 (employer FICA tax), 3201 (employee RRTA tax), 3221 (employer RRTA tax), or 3402 (ITW) is reported to the IRS with respect to any payment of wages or compensation, sections 6205(a) and 6413(a) permit employers to make interest-free adjustments for underpayments and overpayments, respectively. Where the correct amount of tax has been reported but not paid, no adjustment to the amount reported is necessary; accordingly, the interest-free adjustment rules do not apply.

Claims for Refund

For overpayments of employment taxes, section 6413(b) permits the filing of a claim for refund when an interest-free adjustment cannot be made. Under the regulatory authority in section 6413(b), the IRS has permitted taxpayers to choose between filing a claim for refund pursuant to section 6402(a) and making an interest-free adjustment pursuant to section 6413(a) to correct an overpayment of employment taxes.

Under section 6402(a), the IRS, within the applicable period of limitations on

credit or refund, may credit the amount of an overpayment, including any interest, against any tax liability of the person who made the overpayment and shall, subject to certain offsets, refund any balance to such person. A claim for refund under section 6402(a) must be filed within the period of limitations on credit or refund. Section 6414 permits refunds of ITW only to the extent the amount of the ITW overpayment was not actually deducted and withheld from an employee.

Since 1960, the regulations under sections 6205 and 6413 have provided that employment tax adjustments are made by reporting the adjustment on an employer's current period employment tax return. Because the adjustment was reported on a current period return, the amount of the adjustment was treated as part of the current period's liability. Such a process for making adjustments of employment taxes presented a number of problems for both employers and the IRS, in large part because it required employers to make adjustments for past periods in connection with the filing of their current period returns.

The IRS, as part of the Form 94X Project initiated by the Office of Taxpayer Burden Reduction and in response to the request of employers and the payroll community, is developing new forms to be used when making adjustments of employment taxes. The new forms will reduce the employer's burden in making and tracking adjustments and increase the IRS's ability to ensure employment tax compliance. The IRS is simultaneously revising the process for claiming refunds. These final regulations are issued in connection with the IRS's development of such new forms which will be used by employers to make overpayment and underpayment adjustments to employment taxes or to claim refunds of overpaid employment taxes.

A notice of proposed rulemaking (REG-111583-07, 2008-4 IRB 323, 72 FR 74233) was published in the **Federal Register** on December 31, 2007. A correction to the notice of proposed rulemaking was published in the **Federal Register** on January 28, 2008 (73 FR 4765). No requests for a public hearing were received, therefore, no public hearing was held. The IRS received written and electronic comments responding to the notice of proposed rulemaking, but none of them requested substantive changes to the proposed regulations. The proposed regulations are adopted as amended by this Treasury decision. The revisions are discussed.

Summary of Comments and Explanation of Provisions

Several positive comments were received on the proposed regulations. No substantive changes to the regulations were requested. Several commentators suggested changes for the draft form, Form 941X, "Adjusted Employer's QUARTERLY Federal Tax Return or Claim for Refund," which was released to the public on the IRS Web site (<http://www.irs.gov>) on March 4, 2008, as a vision draft for comment. The Form 941X is the first of a series of forms being developed by the IRS in conjunction with these regulations. The series of forms will correspond to Form 941, Form 943, Form 944, Form 945, and Form CT-1 and will be used by employers when making adjustments of employment taxes or claiming refunds of employment taxes. The comments on the draft Form 941X will be taken into account in preparing the final version of the form.

As the IRS has continued to prepare for the implementation of the new adjustment and refund claim processes for employment taxes, some necessary changes to the proposed regulations were identified and incorporated into these final regulations. These changes to the proposed regulations are discussed below.

Overview of Final Regulations Under Sections 6205 and 6413

The final regulations under sections 6205 and 6413 set forth the procedures for making interest-free adjustments for underpayments and overpayments of employment taxes, respectively. Like the proposed regulations, the final regulations under sections 6205 and 6413 have been drafted to set up parallel structures according to the type of tax being adjusted and when the error is ascertained. Accordingly, the final regulations under sections 6205 and 6413 are divided into provisions dealing with FICA and RRTA taxes and provisions dealing with ITW. The provisions are further broken down based on when the error is ascertained, that is, whether the error is ascertained before or after a return has been filed.

Interest-Free Adjustments

The final regulations under section 6205 set forth the procedures for making interest-free adjustments for underpayments of employment taxes. They provide that if a return is filed and less than the correct amount of employee or employer portions of FICA or RRTA tax is reported, and the employer discovers such error after filing the return, the employer shall

adjust the resulting underpayment of tax by reporting the additional amount due on an adjusted return for the return period in which the wages or compensation was paid. The adjustment must be made by the due date of the return for the return period in which the error is ascertained and the amount of the underpayment must be paid by the time the adjustment is made, or interest will begin to accrue from that date. An underpayment adjustment may only be made within the period of limitations for assessment. For underpayments of ITW where the incorrect amount was withheld, subject to limited exceptions, an adjustment may be made only for errors ascertained during the calendar year in which the wages were paid.

Under the final regulations interest-free adjustments for underpayments of FICA tax, RRTA tax, and ITW are available under certain circumstances where the underpayment arises because the employer failed to file an original return or failed to report and pay the correct type of tax. The final regulations revise the processes set forth in the proposed regulations to accommodate the various possibilities of errors in these situations and to ensure the IRS can process the adjustments.

Specifically, under the final regulations, if an employer filed a return reporting FICA tax when a return reporting RRTA tax should have been filed, the employer can make an interest-free adjustment by filing an original return reporting the correct amount of RRTA tax and attaching an adjusted return to correct the erroneously reported FICA tax. Conversely, if an employer filed a return reporting RRTA tax when a return reporting FICA tax should have been filed, the employer can make an interest-free adjustment by filing an original return reporting the correct amount of FICA tax and attaching an adjusted return to correct the erroneously reported RRTA tax. In the latter situation, if the employer already filed a return that is used to report FICA tax in order to report ITW, the employer can make an interest-free adjustment by filing an adjusted return to report the correct amount of FICA tax with an adjusted return to correct the erroneously reported RRTA tax. The final regulations also add a cross-reference to the regulations under section 3503 which provide that if an amount is paid under the wrong chapter, that is, an employer erroneously pays FICA tax under chapter 21 instead of RRTA tax under chapter 22, or RRTA tax instead of FICA tax, the amount erroneously paid shall be credited against the tax for which the

employer is liable and any balance refunded.

In addition, the final regulations provide the process by which an employer can make an interest-free adjustment if the employer failed to file a return for a return period solely because the employer failed to treat any individuals as employees. The employer can make an interest-free adjustment to report the tax due with respect to the reclassified workers by filing an original return and an attached adjusted return reporting the correct amount of tax, in accordance with the instructions for the adjusted return.

Generally, such reporting will constitute an interest-free adjustment in each of these situations if the original return and/or adjusted return(s) are filed by the due date of the correct return for the return period in which the error is ascertained. The amount reported must be paid by the time the original return and/or adjusted return(s) are filed or interest will accrue from that date.

The final regulations under section 6413(a) set forth the procedures for making interest-free adjustments for overpayments of employment taxes. They provide that, if an employer ascertains an overpayment error within the applicable period of limitations on credit or refund, the employer is required to repay or reimburse its employees the amount of overcollected employee FICA tax or employee RRTA tax prior to the expiration of the applicable period of limitations on credit or refund. However, the requirement to repay or reimburse does not apply to the extent that taxes were not withheld from the employee or if, after reasonable efforts, the employer cannot locate the employee; in such case, the employer may make an adjustment for only the employer share of FICA or RRTA tax. An interest-free adjustment for an overpayment may not be made once a claim for refund has been filed.

The final regulations under section 6413(a) further provide that once an employer repays or reimburses an employee to the extent required, the employer may report both the employee and employer portions of FICA or RRTA tax as an overpayment on an adjusted return. The employer must certify on the adjusted return that it has repaid or reimbursed its employees to the extent required.

Under the final regulations, the reporting of the overpayment constitutes an interest-free adjustment if the overpayment is reported on an adjusted return filed before the 90th day prior to expiration of the period of limitations on credit or refund. Similar rules apply

for making interest-free adjustments for overpayments of ITW, except that an interest-free adjustment may only be made if the employer ascertains the error and repays or reimburses its employees within the same calendar year that the wages were paid and reports the adjustment on an adjusted return.

Unlike the proposed regulations, the final regulations do not require the employer to repay or reimburse the employee or to adjust the overpayment by the due date of the return for the return period following the return period in which the error is ascertained. Upon further consideration, the IRS determined there was insufficient reason to impose a timing restriction other than the period of limitations on credit or refund of taxes.

For both underpayments and overpayments, interest-free adjustments are made by reporting the error on a separately filed adjusted return. The new adjusted return will not be filed as an attachment to a current return and will not affect the liability reported on the current return. In addition, the regulations provide that the forms used to accept an assessment of employment taxes after an examination (that is, Form 2504, "Agreement and Collection of Additional Tax and Acceptance of Overassessment (Excise or Employment Tax)", and Form 2504-WC, "Agreement to Assessment and Collection of Additional Tax and Acceptance of Overassessment in Worker Classification Cases (Employment Tax)") constitute adjusted returns for purposes of permitting the assessment to be treated as an interest-free adjustment.

The IRS intends to issue guidance to provide examples of how the final regulations under sections 6205, 6402, 6413, and 6414 apply in different factual scenarios.

Deposits, Payments, and Credits

The final regulations under section 6302 provide that an employer making an interest-free adjustment must pay the amount of the adjustment by the time it files an adjusted return; such timely payment will satisfy the employer's deposit obligations with respect to the adjustment. Conversely, if the amount of the adjustment is not paid by the time the adjusted return is filed, a penalty under section 6656 for failure to deposit may apply because the deposit obligation for such taxes is not deemed to be satisfied and the employer may not have otherwise satisfied its deposit obligations for accumulated employment taxes.

In addition, the final regulations governing agricultural employers (Form 943 filers) provide that for purposes of determining the amount of accumulated taxes in the employer's lookback period (which determines the employer's deposit schedule), adjustments to tax liability made pursuant to the filing of adjusted returns or claims for refund will not be taken into account. This rule is consistent with the rule already in effect with respect to Form 941 and Form 944 filers that adjustments to prior return periods are not taken into account in determining the employment tax liability for such prior return period. See § 31.6302-1T(b)(4). The final regulations also added language to clarify that new agricultural employers are treated as having employment tax liabilities of zero for any lookback period before the date the employer started or acquired its business, which is consistent with the current rule governing the lookback period for Form 941 and Form 944 filers.

The adjusted overpayment amount will be applied as a credit toward payment of the employer's liability for the calendar quarter (or calendar year for annual returns being adjusted) in which the adjusted return is filed, unless the IRS notifies the employer that the employer is not entitled to the adjustment (that is, because there is no overpayment or because the requirements for making an adjustment were not satisfied) or that the credit will be applied to a different return period.

Refunds for Overpayments

In lieu of making an interest-free adjustment for an overpayment, employers may file a claim for refund pursuant to section 6402 or 6414 for the amount of the overpayment. Furthermore, if an employer cannot make an interest-free adjustment with respect to an overpayment because the period of limitations for claiming a credit or refund for such overpayment will expire within 90 days or because the IRS has otherwise notified the employer that it is not entitled to the adjustment, the employer may recover the overpayment only by filing a claim for refund.

The final regulations under section 6402(a) set out the procedures for filing a claim for refund of overpaid FICA and RRTA taxes. The regulations permit an employer to file a claim for refund of an overpayment of FICA or RRTA tax, but require the employer to certify as part of the claim process that the employer has repaid or reimbursed the employee's share of FICA or RRTA tax to the employee or has secured the written consent of the employee to allowance of

the refund or credit. However, the employer is not required to repay or reimburse the employee or obtain the written consent of the employee to the extent that the overpayment does not include taxes withheld from the employee or, after reasonable efforts, the employer cannot locate the employee or the employee, once contacted, will not provide the requested consent.

The final regulations under section 6414 set out the procedures for filing a claim for refund of overpaid ITW which are similar to the procedures for filing a claim for refund of overpaid FICA or RRTA tax, except that an employer may not file a claim for refund of an overpayment of ITW for an amount the employer deducted or withheld from an employee.

Tax Returns or Statements

The final regulations for reporting employment taxes under section 6011 reflect the changes to the adjustment and refund processes. The final regulations are updated to conform to current law due to the enactment of section 3510, added to the Code by section 2(b)(1) of the Social Security Domestic Employment Reform Act of 1994 (Public Law 103-387), which mandates annual returns for domestic service employment taxes, and to reflect the current use of Schedule H (Form 1040) as the generally prescribed form for reporting wages for domestic service in a private home paid in calendar years beginning after December 31, 1994.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations.

In accordance with the Regulatory Flexibility Act (5 U.S.C. chapter 6), this regulation will not have a significant economic impact on a substantial number of small entities.

The final regulations under sections 6011, 6205, 6402, 6413, and 6414 affect all taxpayers that file employment tax returns. Therefore, the IRS has determined that these regulations will have an impact on a substantial number of small entities.

The IRS has determined, however, that the impact on entities affected by the final regulations will not be significant. The regulations require taxpayers to provide certain information if they file adjusted returns to make interest-free adjustments to their

employment taxes for either underpayments or overpayments or file claims for refund for an overpayment of employment tax. The taxpayer must provide an explanation setting forth the basis for the correction or the claim in detail, designating the return period in which the error was ascertained and the return period being corrected, and setting forth such other information as may be required by the instructions to the form. In addition, for adjustments of overpayments and for claims for refund, taxpayers must also obtain and retain the written receipt of the employee showing the date and amount of the repayment, evidence of reimbursement, or the written consent of the employee. For purposes of overpayment adjustments and claims for refund of employee FICA and RRTA tax overcollected in an earlier year, the employer must also obtain and retain the employee's written statement that the employee has not claimed refund or credit of the amount of the overcollection, or if so, such claim has been rejected, and that the employee will not claim refund or credit of the amount.

This collection of information is not new to the final regulations and has been in existence since the 1960's when the previous regulations were promulgated. In addition, the amendments to the regulations are being made in conjunction with a project of the Office of Taxpayer Burden Reduction which seeks to revise the process for making corrections to employment tax returns to make it less burdensome to taxpayers. The filing of a claim for refund and the making of an interest-free adjustment pursuant to the final regulations are voluntary on the part of taxpayers.

Based on these facts, the IRS hereby certifies that the collection of information contained in these regulations will not have a significant economic impact on a substantial number of small entities. Accordingly, a regulatory flexibility analysis is not required.

Pursuant to section 7805(f) of the Code, the proposed regulations preceding these regulations were submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Adoption of Amendments to the Regulations

■ Accordingly, 26 CFR parts 31 and 602 are amended as follows:

PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT THE SOURCE

■ **Paragraph 1.** The authority citation for part 31 continues to read, in part, as follows:

Authority: 26 U.S.C. 7805 * * *

■ **Par. 2.** Section 31.6011(a)–1 is amended by revising the text of paragraphs (a)(2), (a)(3), and the section heading and text of paragraphs (a)(4) and (c) to read as follows:

§ 31.6011(a)–1 Returns under Federal Insurance Contributions Act.

(a) * * *

(2) *Employers of agricultural workers.*

Every employer who pays wages for agricultural labor with respect to taxes imposed by the Federal Insurance Contributions Act must make a return for the first calendar year in which the employer pays such wages and for each subsequent calendar year (whether or not wages are paid) until the employer has filed a final return in accordance with § 31.6011(a)–6. Form 943, “Employer’s Annual Federal Tax Return for Agricultural Employees,” is the form prescribed for making the annual return required by this section, except that, if the employer’s principal place of business is in Puerto Rico, or if the employer has employees who are subject to income tax withholding for Puerto Rico, the return must be made on Form 943–PR, “Planilla para la Declaración ANUAL de la Contribución Federal del Patrono de Empleados Agrícolas.” However, Form 943 is the form prescribed for making such return in the case of every employer of agricultural workers who is required pursuant to § 31.6011(a)–4 to make a return of income tax withheld from wages.

(3) *Employers of domestic workers.* Schedule H (Form 1040), “Household Employment Taxes,” is the form prescribed for use by every employer in making a return as required under paragraph (a)(1) of this section in respect of wages, as defined in the Federal Insurance Contributions Act, paid by the employer in any calendar year for domestic service as defined in section 3510. Schedule H (Form 1040) is generally filed as an attachment to an income tax return; however, if the employer does not otherwise have an obligation to file an income tax return, Schedule H (Form 1040) may be filed as a separate return. If, however, the employer is required under paragraph (a)(1) of this section to make a return on Form 941, “Employer’s QUARTERLY Federal Tax Return,” or under paragraph (a)(2) of this section to make a return on Form 943, “Employer’s Annual Federal Tax Return For Agricultural Employees,” or under paragraph (a)(5) of this section to make a return on Form 944, “Employer’s ANNUAL Federal Tax Return,” the employer may choose instead to report wages with respect to domestic workers on such Form 941, Form 943, or Form 944. If such wages are included on Form 941, Form 943, or Form 944, the employer must also include Federal unemployment tax for the employee(s) on Form 940, “Employer’s Annual Federal Unemployment (FUTA) Tax Return,” under the provisions of § 31.6011(a)–3.

(4) *Employers in Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands.* Form 941–PR, “Planilla para la Declaración Federal TRIMESTRAL del Patrono,” (or Form 944–PR, “Planilla para la Declaración Federal ANUAL del Patrono,” if the IRS notified the employer that the Form 944–PR must be filed in lieu of Form 941–PR) is the form prescribed for use in making the return required under paragraph (a)(1) (or (a)(5)) of this section in the case of every employer whose principal place of business is in Puerto Rico, or if the employer has employees who are subject to income tax withholding for Puerto Rico. Form 941–SS, “Employer’s QUARTERLY Federal Tax Return (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands),” (or Form 944–SS, “Employer’s ANNUAL Federal Tax Return (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands),” if the IRS notified the employer that Form 944–SS must be filed in lieu of Form

941–SS) is the form prescribed for use in making the return required under paragraph (a)(1) (or (a)(5)) of this section in the case of every employer whose principal place of business is in the U.S. Virgin Islands, Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands, or if the employer has employees who are subject to income tax withholding for these U.S. possessions. However, Form 941 (or Form 944 if the IRS notified the employer that Form 944 must be filed in lieu of Form 941) is the form prescribed for making such return in the case of every such employer who is required pursuant to § 31.6011(a)–4 to make a return of income tax withheld from wages.

* * * * *

(c) *Adjustments and refunds.* For rules applicable to adjustments and refunds of employment taxes, see sections 6205, 6402, 6413, and 6414, and the applicable regulations.

* * * * *

■ **Par. 3.** Section 31.6011(a)–4 is amended by revising paragraph (a)(2) to read as follows:

§ 31.6011(a)–4 Returns of income tax withheld.

(a) * * *

(2) *Wages paid for domestic service.* Schedule H (Form 1040), “Household Employment Taxes,” is the form prescribed for making the return required under paragraph (a)(1) of this section with respect to income tax withheld, pursuant to an agreement under section 3402(p), from wages paid for domestic service as defined in section 3510. Schedule H (Form 1040) is generally filed as an attachment to an income tax return; however, if the employer does not otherwise have an obligation to file an income tax return, Schedule H (Form 1040) may be filed as a separate return. The preceding sentence shall not apply in the case of an employer who has chosen under § 31.6011(a)–1(a)(3) to use Form 941, “Employer’s QUARTERLY Federal Tax Return,” Form 943, “Employer’s Annual Tax Return for Agricultural Employees,” or Form 944, “Employer’s ANNUAL Federal Tax Return,” as the return with respect to such payments for purposes of the Federal Insurance Contributions Act. For the requirements relating for Schedule H (Form 1040) with respect to qualified State individual income taxes, see § 301.6361–1(d)(3)(iv).

■ **Par. 4.** Section 31.6011(a)–5 is amended by revising paragraph (a) to read as follows:

§ 31.6011(a)-5 Monthly returns.

(a) *In general*—(1) *Requirement.* The provisions of this section are applicable in respect of the taxes reportable on returns required pursuant to § 31.6011(a)-1 or § 31.6011(a)-4. An employer (or other person) who is required by § 31.6011(a)-1 or § 31.6011(a)-4 to make quarterly or annual returns on any such form shall, in lieu of making such quarterly or annual returns, make returns of such taxes in accordance with the provisions of this section if the employer is so notified in writing by the IRS. Every employer (or other person) notified by the IRS shall make a return for the calendar month in which the notice is received, for each of the prior calendar months in the return period, and for each calendar month afterwards (whether or not wages are paid in any such month) until the employer has filed a final return or is required to make quarterly or annual returns pursuant to notification as provided in paragraph (a)(2) of this section. Each return required under this section shall be made on the form prescribed for making the return which would otherwise be required of the employer (or other person) under the provisions of § 31.6011(a)-1 or § 31.6011(a)-4, except that, if some other form is furnished by the IRS for use in lieu of such prescribed form, the return shall be made on such other prescribed form. The IRS may notify any employer (or other person)—

(i) Who by reason of notification as provided in § 301.7512-1, is required to comply with the provisions of such § 301.7512-1; or

(ii) Who failed to—

(A) Make any return required pursuant to § 31.6011(a)-1 or § 31.6011(a)-4;

(B) Pay tax reportable on any such form; or

(C) Deposit any such tax as required under the provisions of § 31.6302-1.

(2) *Termination of requirement.* The IRS, in its discretion, may notify the employer in writing that the employer shall discontinue the filing of monthly returns under this section. If the employer is so notified, the IRS will provide the employer with instructions for filing the final monthly return. Afterwards, the employer shall make quarterly or annual returns in accordance with the provisions of § 31.6011(a)-1 or § 31.6011(a)-4.

* * * * *

■ **Par. 5.** Section 31.6205-1 is amended to read as follows:

§ 31.6205-1 Adjustments of underpayments.

(a) *In general.* (1) An employer who has underreported and underpaid employee Federal Insurance Contributions Act (FICA) tax under section 3101 or employer FICA tax under section 3111, employee Railroad Retirement Tax Act (RRTA) tax under section 3201 or employer RRTA tax under section 3221, or income tax required under section 3402 to be withheld, with respect to any payment of wages or compensation, shall correct such error as provided in this section. Such correction may constitute an interest-free adjustment as provided in paragraph (b) or (c) of this section.

(2) No correction will be eligible for interest-free adjustment treatment if the failure to report relates to an issue that was raised in an examination of a prior return period or if the employer knowingly underreported its employment tax liability.

(3) Every correction under this section of an underpayment of tax with respect to a payment of wages or compensation shall be made on the form prescribed by the IRS that corresponds to the return being corrected. The form, filed in accordance with this section and the instructions, will constitute an adjusted return for the return period being corrected.

(4) Every adjusted return on which an underpayment is corrected pursuant to this section shall designate the return period in which the error was ascertained and the return period being corrected, explain in detail the grounds and facts relied upon to support the correction, and set forth such other information as may be required by the regulations in this section and by the instructions relating to the adjusted return.

(5) For purposes of this section, an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

(6) No correction will be eligible for interest-free adjustment treatment pursuant to this section after the earlier of the following:

(i) Receipt from the IRS of notice and demand for payment thereof based upon an assessment.

(ii) Receipt from the IRS of a Notice of Determination of Worker Classification (Notice of Determination) in connection with such underpayment. Prior to receipt of a Notice of Determination, the taxpayer may, in lieu of making a payment, make a cash bond deposit that would have the effect of stopping the accrual of any interest, but would not deprive the taxpayer of its right to receive a Notice of

Determination and to petition the Tax Court under section 7436.

(7) Subject to the exceptions specified in paragraphs (a)(2) and (a)(6) of this section, Form 2504, "Agreement and Collection of Additional Tax and Acceptance of Overassessment (Excise or Employment Tax)," Form 2504-WC, "Agreement to Assessment and Collection of Additional Tax and Acceptance of Overassessment in Worker Classification Cases (Employment Tax)," and such other forms as may be prescribed by the IRS, constitute adjusted returns for purposes of this section.

(8) For provisions related to furnishing employee statements and corrected employee statements reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041-2 and 31.6051-1. For provisions relating to filing information returns and corrected information returns reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041-2 and 31.6051-2.

(9) For the period of limitations upon assessment and collection of taxes, see § 301.6501(a)-1.

(b) *Federal Insurance Contributions Act and Railroad Retirement Tax Act*—

(1) *Undercollection ascertained before return is filed.* If an employer collects less than the correct amount of employee FICA or RRTA tax from an employee with respect to a payment of wages or compensation, and if the employer ascertains the error before filing the return on which the employee tax with respect to such wages or compensation is required to be reported, the employer shall nevertheless report on the return and pay to the IRS the correct amount of employee tax. If the employer does not report the correct amount of tax in these circumstances, the employer may not later correct the error through an interest-free adjustment.

(2) *Error ascertained after return is filed.* (i) If an employer files a return on which FICA tax or RRTA tax is required to be reported, and reports on the return less than the correct amount of employee or employer FICA or RRTA tax with respect to a payment of wages or compensation, and if the employer ascertains the error after filing the return, the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the underpayment of tax by reporting the additional amount due on an adjusted return for the return period in which the wages or compensation was paid, accompanied by a detailed explanation of the amount being reported on the adjusted return and any other information as may be

required by this section and by the instructions relating to the adjusted return. The reporting of the underpayment on an adjusted return constitutes an adjustment within the meaning of this section only if the adjusted return is filed within the period of limitations for assessment for the return period being corrected, and by the due date for filing the return for the return period in which the error is ascertained. For purposes of the preceding sentence, the due date for filing the adjusted return is determined by reference to the return being corrected, without regard to the employer's current filing requirements. For example, an employer with a current annual filing requirement who is correcting an error on a previously filed quarterly return must file the adjusted return by the due date for filing a quarterly return for the quarter in which the error is ascertained. The amount of the underpayment adjusted in accordance with this section must be paid to the IRS by the time the adjusted return is filed. If an adjustment is reported pursuant to this section, but the amount of the adjustment is not paid when due, interest accrues from that date (see section 6601).

(ii) If an employer files a return reporting FICA tax for a return period although the employer was required to file a return reporting RRTA tax, and if the employer ascertains the error after filing the return, the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the underpayment of RRTA tax by reporting the correct amount of RRTA tax on an original return for reporting RRTA tax for the return period for which the incorrect return was filed, accompanied by an adjusted return corresponding to the incorrect return that was filed to correct the erroneously reported and paid FICA tax. The adjusted return must include a detailed explanation of the amounts being reported on the original return and the adjusted return and any other information as may be required by the regulations in this section and by the instructions relating to the adjusted return. The reporting of the correct amounts for the period constitutes an adjustment within the meaning of this section only if the returns are filed by the due date of the return for reporting the RRTA tax for the return period in which the error is ascertained. Pursuant to § 31.3503-1, the amount of erroneously paid FICA tax will be credited against the underpaid RRTA tax. Any remaining underpayment of RRTA tax adjusted in accordance with

this section must be paid to the IRS by the time the returns are filed in accordance with this paragraph. If an adjustment is reported pursuant to this section, but the amount of the remaining underpayment is not paid when due, interest accrues from that date (see section 6601).

(iii) If an employer files a return reporting RRTA tax for a return period although the employer was required to file a return reporting FICA tax, and if the employer ascertains the error after filing the return, the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the underpayment of FICA tax by reporting the correct amount of FICA tax on an original return for reporting FICA tax for the return period for which the incorrect return was filed (or an adjusted return for reporting the FICA tax if an original return was already filed for such return period to report the income tax required to be withheld under section 3402), accompanied by an adjusted return corresponding to the incorrect return that was filed to correct the erroneously reported and paid RRTA tax. The adjusted return(s) must include a detailed explanation of the amount being reported on the original return and/or the adjusted return(s) and any other information as may be required by the regulations in this section and by the instructions relating to the form. The reporting of the correct amounts for the period constitutes an adjustment within the meaning of this section only if the returns are filed by the due date of the return for reporting the FICA tax for the return period in which the error is ascertained. Pursuant to § 31.3503-1, the amount of erroneously paid RRTA tax will be credited against the underpaid FICA tax. Any remaining underpayment of FICA tax adjusted in accordance with this section must be paid to the IRS by the time the returns are filed in accordance with this paragraph (b)(2)(iii). If an adjustment is reported pursuant to this section, but the amount of the remaining underpayment is not paid when due, interest accrues from that date (see section 6601).

(3) *Return not filed because of failure to treat individual as employee.* If an employer fails to file a return for a return period solely because the employer failed to treat any individuals properly as employees for the return period (and, therefore, failed to withhold and pay any employer or employee FICA or RRTA tax with respect to wages or compensation paid to the employees) and if the employer ascertains the error after the due date of

the return, the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall report the amount due by filing an original return required to be filed to report the tax for the return period for which the employer failed to file a return, accompanied by an adjusted return as provided in the instructions to the adjusted return. The adjusted return must include a detailed explanation of the amount being reported on the original return and adjusted return and any other information as may be required by this section and by the instructions relating to the adjusted return. The reporting of the correct amount of tax for the return period constitutes an adjustment within the meaning of this section only if the original and adjusted returns are filed by the due date of the return for reporting such tax for the return period in which the error is ascertained. For purposes of the preceding sentence, the due date for filing the adjusted return is determined by reference to the return being corrected, without regard to the employer's current filing requirements. For example, an employer with a current annual filing requirement who is correcting an error on a previously filed quarterly return must file the adjusted return by the due date for filing a quarterly return for the quarter in which the error is ascertained. The amount of the underpayment adjusted in accordance with this section must be paid to the IRS by the time the returns are filed in accordance with this paragraph. If an adjustment is reported pursuant to this section, but the amount of the adjustment is not paid when due, interest accrues from that date (see section 6601).

(c) *Income tax required to be withheld from wages—(1) Undercollection ascertained before return is filed.* If an employer collects less than the correct amount of income tax required to be withheld from wages under section 3402, and if the employer ascertains the error before filing the return on which the withheld tax is required to be reported, the employer shall nevertheless report on the return and pay to the IRS the correct amount of tax required to be withheld. If the employer does not report the correct amount of tax in these circumstances, the employer may not correct the error through an interest-free adjustment.

(2) *Error ascertained after return is filed.* If an employer files a return on which income tax required to be withheld from wages is required to be reported and reports on the return less than the correct amount of income tax required to be withheld, and if the

employer ascertains the error after filing the return, the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the underpayment of tax by reporting the additional amount due on an adjusted return for the return period in which the wages were paid, accompanied by a detailed explanation of the amount being reported on the adjusted return and any other information as may be required by this section and by the instructions relating to the adjusted return. The reporting of the underpayment on an adjusted return constitutes an adjustment within the meaning of this section only if the adjusted return is filed by the due date for filing the return for the return period in which the error is ascertained. For purposes of the preceding sentence, the due date for filing the adjusted return is determined by reference to the return being corrected, without regard to the employer's current filing requirements. For example, an employer with a current annual filing requirement who is correcting an error on a previously filed quarterly return must file the adjusted return by the due date for filing a quarterly return for the quarter in which the error is ascertained. However, an adjustment may only be reported pursuant to this section if the error is ascertained within the same calendar year that the wages to the employee were paid, unless the underpayment is attributable to an administrative error (that is, an error involving the inaccurate reporting of the amount actually withheld), section 3509 applies to determine the amount of the underpayment, or the adjustment is reported on a Form 2504 or Form 2504-WC. The amount of the underpayment adjusted in accordance with this section must be paid to the IRS by the time the adjusted return is filed. If an adjustment is reported pursuant to this section, but the amount of the adjustment is not paid when due, interest accrues from that date (see section 6601).

(3) *Return not filed because of failure to treat individual as employee.* If an employer fails to file a return for a return period solely because the employer failed to treat any individuals properly as employees for the return period (and, therefore, failed to withhold and pay any income tax required to be withheld from wages), the employer shall correct the error through an interest-free adjustment as provided in this section. The employer shall report the amount due by filing an original return for the return period for which the employer failed to file a

return, accompanied by an adjusted return as provided in the instructions to the adjusted return. The adjusted return must include a detailed explanation of the amount being reported on the original and adjusted returns and any other information as may be required by this section and by the instructions relating to the adjusted return. The reporting of the correct amount of tax for the return period constitutes an adjustment within the meaning of this section only if the original and adjusted returns are filed by the due date of the return for reporting such tax for the return period in which the error is ascertained. For purposes of the preceding sentence, the due date for filing the adjusted return is determined by reference to the return being corrected, without regard to the employer's current filing requirements. For example, an employer with a current annual filing requirement who is correcting an error on a previously filed quarterly return must file the adjusted return by the due date for filing a quarterly return for the quarter in which the error is ascertained. However, an adjustment may only be reported pursuant to this section if the error is ascertained within the same calendar year that the wages to the employee were paid, or if section 3509 applies to determine the amount of the underpayment, or if the adjustment is reported on a Form 2504 or Form 2504-WC. The amount of the underpayment adjusted in accordance with this section must be paid to the IRS by the time the returns are filed in accordance with this paragraph. If an adjustment is reported pursuant to this section, but the amount of the adjustment is not paid when due, interest accrues from that date (see section 6601).

(d) *Deductions from employee—(1) Federal Insurance Contributions Tax Act and Railroad Retirement Tax Act.* If an employer collects less than the correct amount of employee FICA or RRTA tax from an employee with respect to a payment of wages or compensation, the employer must collect the amount of the undercollection by deducting the amount from remuneration of the employee, if any, paid after the employer ascertains the error. Such deductions may be made even though the remuneration, for any reason, does not constitute wages or compensation. The correct amount of employee tax must be reported and paid, as provided in paragraph (b) of this section, whether or not the undercollection is corrected by a deduction made as prescribed in this paragraph (d)(1), and even if the

deduction is made after the return on which the employee tax must be reported is due. If such a deduction is not made, the obligation of the employee to the employer with respect to the undercollection is a matter for settlement between the employee and the employer. If an employer makes an erroneous collection of employee tax from two or more of its employees, a separate settlement must be made with respect to each employee. An overcollection of employee tax from one employee may not be used to offset an undercollection of such tax from another employee. For provisions relating to the employer's liability for the tax, whether or not it collects the tax from the employee, see § 31.3102-1(d). This paragraph (d)(1) does not apply if section 3509 applies to determine the employer's liability.

(2) *Income tax required to be withheld from wages.* If an employer collects less than the correct amount of income tax required to be withheld from wages during a calendar year, the employer must collect the amount of the undercollection on or before the last day of the year by deducting the amount from remuneration of the employee, if any, paid after the employer ascertains the error. Such deductions may be made even though the remuneration, for any reason, does not constitute wages. The correct amount of income tax must be reported and paid, as provided in paragraph (c) of this section, whether or not the undercollection is corrected by a deduction made as prescribed in this paragraph (d)(2), and even if the deduction is made after the return on which the tax must be reported is due. If such a deduction is not made, the obligation of the employee to the employer with respect to the undercollection is a matter for settlement between the employee and the employer within the calendar year. If an employer makes an erroneous collection of income tax from two or more of its employees, a separate settlement must be made with respect to each employee. An overcollection of income tax from one employee may not be used to offset an undercollection of such tax from another employee. For provisions relating to the employer's liability for the tax, whether or not it collects the tax from the employee, see § 31.3403-1. For provisions relating to the employer's liability for an underpayment of tax unless the employer can show that the income tax against which the tax under section 3402 may be credited has been paid, see § 31.3402(d)-1. This paragraph (d)(2)

does not apply if section 3509 applies to determine the employer's liability.

■ **Par. 6.** Section 31.6302-0 is amended by adding new entries for § 31.6302-1 paragraphs (c)(7) and (g)(4)(i) and (ii) to read as follows:

§ 31.6302-0 Table of contents.

* * * * *

§ 31.6302-1 Federal tax deposit rules for withheld income taxes and taxes under the Federal Insurance Contributions Act (FICA) attributable to payments made after December 31, 1992.

* * * * *

(c) * * *

(7) Exception to the monthly and semi-weekly deposit rules for employers making interest-free adjustments.

(g) * * *

(4) * * *

(i) In general.

(ii) Adjustments and Claims for Refund.

* * * * *

■ **Par. 7.** Section 31.6302-1 is amended by adding paragraph (c)(7) and revising paragraph (g)(4) to read as follows:

§ 31.6302-1 Federal tax deposit rules for withheld income taxes and taxes under the Federal Insurance Contributions Act (FICA) attributable to payments made after December 31, 1992.

* * * * *

(c) * * *

(7) *Exception to the monthly and semi-weekly deposit rules for employers making interest-free adjustments.* An employer filing an adjusted return under § 31.6205-1 to report taxes that were accumulated in a prior return period shall pay the amount of the adjustment by the time it files the adjusted return, and the amount timely paid will be deemed to have been timely deposited by the employer. The payment may be made by a check or money order with the adjusted return, by electronic funds transfer, or by other methods of payment as provided by the instructions relating to the adjusted return.

* * * * *

(g) * * *

(4) *Lookback period*—(i) *In general.* For purposes of this paragraph (g), the lookback period for Form 943 taxes is the second calendar year preceding the current calendar year. For example, the lookback period for calendar year 1993 is calendar year 1991. New employers shall be treated as having employment tax liabilities of zero for any lookback period before the date the employer started or acquired its business.

(ii) *Adjustments and Claims for Refund.* The employment tax liability

reported on the original return for the return period is the amount taken into account in determining whether the amount of Form 943 taxes accumulated in the lookback period exceeds \$50,000. Any amounts reported on adjusted returns or claims for refund pursuant to sections 6205, 6402, 6413 and 6414 filed after the due date of the original return are not taken into account when determining the amount of Form 943 taxes accumulated in the lookback period. However, prior period adjustments reported on Form 943 for 2008 and earlier years are taken into account in determining the employment tax liability for the return period in which the adjustments are reported.

■ **Par. 8.** Section 31.6402(a)-1 is amended by revising paragraph (a) to read as follows:

§ 31.6402(a)-1 Credits or refunds.

(a) *In general.* For regulations under section 6402 of special application to credits or refunds of employment taxes, see §§ 31.6402(a)-2, 31.6402(a)-3, and 31.6414-1. For regulations under section 6402 of general application to credits or refunds, see §§ 301.6402-1 and 301.6402-2. For provisions relating to adjustments without interest of overpayments of taxes under the Federal Insurance Contributions Act or the Railroad Retirement Tax Act or income tax withholding, see §§ 31.6413(a)-1 and 31.6413(a)-2.

* * * * *

■ **Par. 9.** Section 31.6402(a)-2 is amended by revising paragraph heading and text of paragraph (a) and removing paragraph (c) to read as follows:

§ 31.6402(a)-2 Credit or refund of tax under Federal Insurance Contributions Act or Railroad Retirement Tax Act

(a) *Claim by person who paid tax to IRS*—(1) *In general.* (i) Any person may file a claim for credit or refund for an overpayment (except to the extent that the overpayment must be credited pursuant to § 31.3503-1) if the person paid to the IRS more than the correct amount of employee Federal Insurance Contributions Act (FICA) tax under section 3101 or employer FICA tax under section 3111, employee Railroad Retirement Tax Act (RRTA) tax under section 3201, employee representative RRTA tax under section 3211, or employer RRTA tax under section 3221, or interest, addition to the tax, additional amount, or penalty with respect to any such tax.

(ii) The claim for credit or refund must be made in the manner and subject to the conditions stated in this section.

The claim for credit or refund must be filed on the form prescribed by the IRS and must designate the return period to which the claim relates, explain in detail the grounds and facts relied upon to support the claim, and set forth such other information as may be required by this section and by the instructions relating to the form used to make such claim. No refund or credit pursuant to this section for employer tax will be allowed unless the employer has first repaid or reimbursed its employee or has secured the employee's consent to the allowance of the claim for refund and includes a claim for the refund of such employee tax. However, this requirement does not apply to the extent that the taxes were not withheld from the employee or, after the employer makes reasonable efforts to repay or reimburse the employee or secure the employee's consent, the employer cannot locate the employee or the employee will not provide consent. No refund or credit of employee FICA or RRTA tax overcollected in an earlier year will be allowed if the employee has claimed a refund or credit of the amount of the overcollection which has not been rejected or if the employee has taken the amount of such tax into account in claiming a credit against or refund of the employee's income tax, including instances in which the employee has included an overcollection of employee FICA or RRTA tax in computing a special refund (see § 31.6413(c)-1).

(iii) For adjustments without interest of overpayments of FICA or RRTA taxes, see § 31.6413(a)-2.

(iv) For corrections of FICA and RRTA tax paid under the wrong chapter, see § 31.6205-1(b)(2)(ii) and (iii) and § 31.3503-1.

(v) For provisions related to furnishing employee statements and corrected employee statements reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041-2 and 31.6051-1. For provisions relating to filing information returns and corrected information returns reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041-2 and 31.6051-2.

(vi) For the period of limitations on credit or refund of taxes, see § 301.6511(a)-1.

(2) *Statements supporting employer's claims for employee tax.* (i) Every employer who files a claim for refund or credit of employee FICA tax under section 3101 or employee RRTA tax under section 3201 collected from an employee must certify as part of the claim process that the employer has repaid or reimbursed the tax to its employee or has secured the employee's written consent to allowance of the

filing of the claim for refund except to the extent that the taxes were not withheld from the employee. The employer must retain as part of its records the written receipt of the employee showing the date and amount of the repayment, evidence of reimbursement, or the written consent of the employee, whichever is used in support of the claim.

(ii) Every employer who files a claim for refund or credit of employee FICA tax under section 3101 or employee RRTA tax under section 3201 collected from an employee in a calendar year prior to the year in which the credit or refund is claimed, also must certify as part of the claim process that the employer has obtained the employee's written statement that the employee has not claimed refund or credit of the amount of the overcollection, or if so, such claim has been rejected, and that the employee will not claim refund or credit of the amount. The employer must retain the employee's written statement as part of the employer's records.

■ **Par. 10.** Section 31.6413(a)–1 is revised to read as follows:

§ 31.6413(a)–1 Repayment or reimbursement by employer of tax erroneously collected from employee.

(a) *Federal Insurance Contributions Act and Railroad Retirement Tax Act—*

(1) *Overcollection ascertained before return is filed.* (i) If an employer during any return period collects from an employee more than the correct amount of employee Federal Insurance Contributions Act (FICA) tax under section 3101 or employee Railroad Retirement Tax Act (RRTA) tax under section 3201, and if the employer ascertains the error before filing the return on which the employee tax is required to be reported, repays or reimburses the amount of the overcollection to the employee before filing the return for such return period, and obtains and keeps as part of its records the written receipt of the employee showing the date and amount of the repayment or evidence of reimbursement, the employer shall not report on any return or pay to the IRS the amount of the overcollection.

(ii) Any overcollection not repaid or reimbursed to the employee as provided in paragraph (a)(1)(i) of this section shall be reported and paid to the IRS on the return for reporting such tax for the return period in which the overcollection is made. However, the reporting and payment of the overcollection may subsequently be treated as an overpayment error

ascertained after the return is filed for purposes of paragraph (a)(2) of this section.

(iii) For purposes of this paragraph (a)(1), an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

(2) *Error ascertained after return is filed.* (i) If an employer files a return for a return period on which FICA tax or RRTA tax is reported, collects from an employee and pays to the IRS more than the correct amount of the employee FICA or RRTA tax, and if the employer ascertains the error after filing the return and within the applicable period of limitations on credit or refund, the employer shall repay or reimburse the employee in the amount of the overcollection prior to the expiration of such limitations period. However, this paragraph (a)(2) does not apply to the extent that, after reasonable efforts, the employer cannot locate the employee, or the employee does not provide the employer with the written statement required by § 31.6413(a)–1(a)(2)(iv). This paragraph (a)(2) has no application in any case in which an overcollection is made the subject of a claim by the employer for refund or credit under the procedure provided in § 31.6402(a)–2.

(ii) If the employer repays the amount of the overcollection to an employee, the employer shall obtain and keep as part of its records the written receipt of the employee, showing the date and amount of the repayment.

(iii) If the employer reimburses the amount of the overcollection to an employee, the employer shall keep as part of its records evidence of reimbursement. The employer shall reimburse the employee by applying the amount of the overcollection against the employee FICA or RRTA tax which attaches to wages or compensation paid by the employer to the employee prior to the expiration of the applicable period of limitations on credit or refund. If the amount of the overcollection exceeds the amount so applied against such employee tax, the excess amount shall be repaid to the employee as required by this section.

(iv) If, in any calendar year, an employer repays or reimburses an employee in the amount of an overcollection of employee FICA or RRTA tax that was collected from the employee in a prior calendar year, the employer shall obtain from the employee and keep as part of its records a written statement that the employee has not claimed refund or credit of the amount of the overcollection, or if so, such claim has been rejected, and that the employee will not claim refund or credit of such amount. For this purpose,

a claim for refund or credit by the employee includes instances in which the employee has included an overcollection of employee FICA or RRTA tax in computing a special refund (see § 31.6413(c)–1).

(v) For purposes of this paragraph (a)(2), an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

(vi) For the period of limitations on credit or refund of taxes, see § 301.6511(a)–1.

(vii) For corrections of FICA and RRTA tax paid under the wrong chapter, see § 31.6205–1(b)(2)(ii) and (iii) and § 31.3503–1.

(b) *Income tax withheld from wages—*

(1) *Overcollection ascertained before return is filed.* (i) If an employer during any return period collects from an employee more than the correct amount of tax required to be withheld from wages under section 3402, and if the employer ascertains the error before filing the return on which such tax is required to be reported, repays or reimburses the amount of the overcollection to the employee before filing the return for such return period and before the end of the calendar year in which the overcollection was made, and obtains and keeps as part of its records the written receipt of the employee showing the date and amount of the repayment or evidence of reimbursement, the employer shall not report on any return or pay to the IRS the amount of the overcollection.

(ii) Any overcollection not repaid or reimbursed to the employee as provided in paragraph (b)(1)(i) of this section shall be reported and paid to the IRS on the return for reporting such tax for the return period in which the overcollection is made. However, the reporting and payment of the overcollection may subsequently be treated as an overpayment error ascertained after the return is filed for purposes of paragraph (b)(2) of this section.

(iii) For purposes of this paragraph (b)(1), an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

(2) *Error ascertained after return is filed.* (i) If an employer files a return for a return period on which tax required to be withheld from wages is reported, collects from an employee and pays to the IRS more than the correct amount of the tax required to be withheld from wages, and if the employer ascertains the error after filing the return but before the end of the calendar year in which the wages were paid, the employer shall repay or reimburse the employee in the amount of the

overcollection prior to the end of the calendar year. However, this paragraph does not apply to the extent that, after reasonable efforts, the employer cannot locate the employee.

(ii) If the employer repays the amount of the overcollection to an employee, the employer shall obtain and keep as part of its records the written receipt of the employee, showing the date and amount of the repayment.

(iii) If the employer reimburses the amount of the overcollection to an employee, the employer shall keep as part of its records evidence of reimbursement. The employer shall reimburse the employee by applying the amount of the overcollection against the tax under section 3402, which otherwise would be required to be withheld from wages paid by the employer to the employee in the calendar year in which the overcollection is made. If the amount of the overcollection exceeds the amount so applied against such tax, the excess amount shall be repaid to the employee as required by this section.

(iv) For purposes of this paragraph (b)(2), an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

■ **Par. 11.** Section 31.6413(a)–2 is revised to read as follows:

§ 31.6413(a)–2 Adjustments of overpayments.

(a) *In general.* (1) An employer who has overcollected or overpaid employee Federal Insurance Contributions Act (FICA) tax under section 3101 or employer FICA tax under section 3111, employee Railroad Retirement Tax (RRTA) tax under section 3201 or employer RRTA tax under section 3221, or income tax required under section 3402 to be withheld, and has repaid or reimbursed the amount of the overcollection of such tax to the employee, shall correct such error as provided in this section. Such correction may constitute an interest-free adjustment as provided in paragraph (b) or (c) of this section.

(2) Every correction under this section of an overpayment of tax shall be made on the form prescribed by the IRS that corresponds to the return being corrected. The form, filed in accordance with this section and the instructions, will constitute an adjusted return for the return period being corrected.

(3) Every adjusted return on which an overpayment is corrected pursuant to this section shall certify that the employer has repaid or reimbursed its employee, except where taxes were not withheld from the employee or where, after reasonable efforts, the employer cannot locate the employee. Every

adjusted return shall designate the return period in which the error was ascertained and the return period being corrected, explain in detail the grounds and facts relied upon to support the correction, and set forth such other information as may be required by this section and § 31.6413(a)–1 and by the instructions relating to the adjusted return. Every adjusted return, filed by an employer, for overpayment of employee FICA tax under section 3101 or employee RRTA tax under section 3201 collected from an employee in a calendar year prior to the year in which the adjusted return is filed, must also certify that the employer has obtained the employee's written statement that the employee has not claimed refund or credit of the amount of the overcollection, or if so, such claim has been rejected, and that the employee will not claim refund or credit of the amount.

(4) For purposes of this section, an error is ascertained when the employer has sufficient knowledge of the error to be able to correct it.

(5) For provisions related to furnishing employee statements and corrected employee statements reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041–2 and 1.6051–1. For provisions relating to filing information returns and corrected information returns reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041–2 and 1.6051–2.

(b) *Federal Insurance Contributions Act and Railroad Retirement Tax Act—* (1) *Overcollection ascertained before return is filed.* If an employer collects more than the correct amount of employee FICA or RRTA tax from an employee, and if the employer ascertains the error before filing the return on which the employee tax with respect to such wages or compensation is required to be reported, and repays or reimburses the employee under § 31.6413(a)–1(a)(1), the employer shall not report on any return or pay to the IRS the amount of the overcollection. If the employer does not repay or reimburse the amount of the overcollection under § 31.6413(a)–1(a)(1) before filing the return, the employer must report the amount of the overcollection on the return. However, the payment of the overcollection may subsequently be treated as an overpayment error ascertained after the return is filed for purposes of paragraph (b)(2) of this section.

(2) *Error ascertained after return is filed—(i) Employee tax.* If an employer files a return for a return period on which FICA tax or RRTA tax is required to be reported and reports on the return

more than the correct amount of employee FICA or RRTA tax, and if the employer ascertains the error after filing the return, and repays or reimburses the employee the amount of the overcollection of employee tax, as provided in § 31.6413(a)–1(a)(2), the employer may correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the overpayment of tax by reporting the overpayment on an adjusted return for the return period in which the wages or compensation was paid, accompanied by a detailed explanation of the amount being reported on the adjusted return as required by paragraph (a)(3) of this section. Except as provided in paragraph (d) of this section, the reporting of the overpayment on an adjusted return constitutes an adjustment within the meaning of this section only if the adjusted return is filed before the expiration of the period of limitations on credit or refund. The employer shall take the adjusted amount as a credit towards payment of employment tax liabilities for the return period in which the adjusted return is filed unless the IRS notifies the employer that the adjustment is not permitted under paragraph (d) of this section.

(ii) *Employer tax.* If an employer files a return for a return period on which FICA or RRTA tax is required to be reported and reports on the return more than the correct amount of employer FICA or RRTA tax, and if the employer ascertains the error after filing the return, the employer may correct the error through an interest-free adjustment as provided in this section. The employer must first repay or reimburse the employee the amount of any overcollection of employee tax, if any, as required by § 31.6413(a)–1(a)(2), before making the adjustment for the employer tax. The employer shall adjust the overpayment of tax by reporting the overpayment on an adjusted return for the return period in which the wages or compensation was paid, accompanied by a detailed explanation of the amount being reported on the adjusted return as required by paragraph (a)(3) of this section. Except as provided in paragraph (d) of this section, the reporting of the overpayment on an adjusted return constitutes an adjustment within the meaning of this section only if the adjusted return is filed before the expiration of the period of limitations on credit or refund. The employer shall take the adjusted amount as a credit towards payment of employment tax liabilities for the return

period in which the adjusted return is filed unless the IRS notifies the employer that the adjustment is not permitted under paragraph (d) of this section.

(c) *Income tax withheld from wages—*
(1) *Overcollection ascertained before return is filed.* If an employer collects more than the correct amount of income tax required to be withheld from wages, and if the employer ascertains the error before filing the return on which the tax is required to be reported, and repays or reimburses the employee under § 31.6413(a)–1(b)(1), the employer shall not report on any return or pay to the IRS the amount of the overcollection. If the employer does not repay or reimburse the amount of the overcollection under § 31.6413(a)–1(b)(1) before filing the return, the employer must report the amount of the overcollection on the return. However, the reporting and payment of the overcollection may subsequently be treated as an overpayment error ascertained after the return is filed for purposes of paragraph (c)(2) of this section.

(2) *Error ascertained after return is filed.* If an employer files a return for a return period on which income tax required to be withheld from wages is required to be reported and reports on the return more than the correct amount of income tax required to be withheld, and if the employer ascertains the error after filing the return, and repays or reimburses the employee in the amount of the overcollection as provided in § 31.6413(a)–1(b)(2), the employer may correct the error through an interest-free adjustment as provided in this section. The employer shall adjust the overpayment of tax by reporting the overpayment on an adjusted return for the return period in which the wages were paid, accompanied by a detailed explanation of the amount being reported on the adjusted return as required in paragraph (a)(3) of this section. Except as provided in paragraph (d) of this section, the reporting of the overpayment on an adjusted return constitutes an adjustment within the meaning of this section. If the amount of the overcollection is not repaid or reimbursed to the employee under § 31.6413(a)–1(b)(2), there is no overpayment to be adjusted under this section. However, the employer may adjust an overpayment of tax attributable to an administrative error, that is, an error involving the inaccurate reporting of the amount withheld, pursuant to this section. The employer shall take the adjusted amount as a credit towards payment of employment

tax liabilities for the return period in which the adjusted return is filed unless the IRS notifies the employer that the adjustment is not permitted under paragraph (d) of this section.

(d) *Adjustments not permitted—*(1) *In general.* If an adjustment cannot be made, a claim for refund or credit may be filed in accordance with § 31.6402(a)–2 or § 31.6414–1.

(2) *90-day exception.* No adjustment in respect of an overpayment may be made if the overpayment relates to a return period for which the period of limitations on credit or refund of such overpayment will expire within 90 days of filing the adjusted return.

(3) *No adjustment after claim for refund filed.* No adjustment in respect of an overpayment may be made after the filing of a claim for credit or refund of such overpayment under § 31.6402(a)–2.

(4) *No adjustment after IRS notification.* No adjustment may be made upon notification by the IRS that the adjustment is not permitted.

■ **Par. 12.** Section 31.6414–1 is amended by revising paragraph (a) to read as follows:

§ 31.6414–1 Credit or refund of income tax withheld from wages.

(a) *In general.* (1) Any employer who pays to the IRS more than the correct amount of income tax required to be withheld from wages under section 3402 or interest, addition to the tax, additional amount, or penalty with respect to such tax, may file a claim for refund of the overpayment in the manner and subject to the conditions stated in this section on the form prescribed by the IRS. The claim for refund must designate the return period to which the claim relates, explain in detail the grounds and facts relied upon to support the claim, and set forth such other information as may be required by the regulations in this section and by the instructions relating to the form used to make such claim. No refund to the employer will be allowed under this section for the amount of any overpayment of tax which the employer deducted or withheld from an employee.

(2) For provisions related to furnishing employee statements and corrected employee statements reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041–2 and 31.6051–1. For provisions relating to filing information returns and corrected information returns reporting wages and withheld taxes, see sections 6041 and 6051 and §§ 1.6041–2 and 31.6051–2.

(3) For interest-free adjustments of overpayments of income tax withheld from wages, see § 31.6413(a)–2.

Fisheries of the Northeastern United States; Atlantic Mackerel, Squid, and Butterfish Fisheries; Amendment 9

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS is implementing approved measures contained in

Amendment 9 to the Atlantic Mackerel, Squid, and Butterfish (MSB) Fishery Management Plan (FMP). Amendment 9 was developed by the Mid-Atlantic Fishery Management Council (Council) to remedy deficiencies in the FMP and to address other issues that have arisen since Amendment 8 to the FMP became effective in 1999. Amendment 9 establishes multi-year specifications for all four species managed under the FMP (mackerel, butterfish, *Illex* squid (*Illex*), and *Loligo* squid (*Loligo*)) for up to 3 years; extends the moratorium on entry into the *Illex* fishery, without a sunset provision; adopts biological reference points recommended by the Stock Assessment Review Committee (SARC) for *Loligo*; designates essential fish habitat (EFH) for *Loligo* eggs based on best available scientific information; and prohibits bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons.

DATES: Effective July 31, 2008.

ADDRESSES: A final supplemental environmental impact statement (FSEIS) was prepared for Amendment 9 that describes the proposed action and other considered alternatives and provides a thorough analysis of the impacts of the proposed measures and alternatives. Copies of Amendment 9, including the FSEIS, the Regulatory Impact Review (RIR), and the Initial Regulatory Flexibility Analysis (IRFA), are available from: Daniel Furlong, Executive Director, Mid-Atlantic Fishery Management Council, Room 2115, Federal Building, 300 South New Street, Dover, DE 19904-6790. The FSEIS/RIR/IRFA is accessible via the Internet at <http://www.nero.nmfs.gov>.

SUPPLEMENTARY INFORMATION:

Background

This amendment is needed to remedy deficiencies in the FMP and to address other issues that have arisen since Amendment 8 to the FMP (64 FR 57587, October 26, 1999) became effective in 1999. Amendment 8 was only partially approved by NMFS because the amendment failed to adequately address some Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) requirements for Federal FMPs. Specifically, the amendment was considered deficient with respect to: Consideration of fishing gear impacts on EFH as they relate to MSB fisheries; designation of EFH for *Loligo* eggs; and the reduction of bycatch and discarding of target and non-target species in the MSB fisheries.

The final version of Amendment 9 contains alternatives that consider allowing for multi-year specifications and management measures, extending or eliminating the moratorium on entry to the directed *Illex* fishery, revising the biological reference points for *Loligo*, designating EFH for *Loligo* eggs, implementing area closures to reduce gear impacts from MSB fisheries on EFH of other federally managed species, increasing the incidental possession limit for *Illex* vessels during a closure of the *Loligo* fishery, and requiring real-time electronic reporting via vessel monitoring systems in the *Illex* fishery. The Council held four public meetings on Amendment 9 during May 2007. Following the public comment period that ended on May 21, 2007, the Council adopted Amendment 9 on August 6, 2007. The Notice of Availability (NOA) for Amendment 9 was published on March 25, 2008 (73 FR 15716), with a comment period ending on May 27, 2008. A proposed rule for Amendment 9 was published on April 4, 2008 (73 FR 18483), with a comment period ending on May 19, 2008. On June 17, 2008, NMFS approved Amendment 9 on behalf of the Secretary of Commerce.

This rule establishes management measures that were recommended by the Council as part of Amendment 9. Specifically, this rule implements measures that: Allow for multi-year specifications for all four species managed under the FMP (mackerel, butterfish, *Illex*, and *Loligo*) for up to 3 years; extend the moratorium on entry into the *Illex* fishery, without a sunset provision; adopt biological reference points for *Loligo* recommended by the SARC; designate EFH for *Loligo* eggs based on best available science information; and prohibit bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons.

Approved Measures

Multi-Year Specifications and Management Measures

Regulations at § 648.21 specify that specifications for mackerel, *Illex*, and butterfish are recommended to the Council on an annual basis, and that specifications for *Loligo* may be specified for up to 3 years, subject to annual review. To streamline the administrative and regulatory process involved in setting specifications and management measures, Amendment 9 establishes multi-year specifications for all four species: Mackerel, *Illex*, *Loligo*, and butterfish. Amendment 9 does not establish any specification measures; rather it affects the periodicity for specifying such regulatory measures

through future Council actions. Under multi-year specifications, Amendment 9 requires an annual review of updated information on the fishery by the MSB Monitoring Committee, as is the current practice, during the period of the multi-year specifications. The MSB Monitoring Committee will examine data collected from the fishery and resource surveys and alert the Council of any changes, including those of stock status, that might require a revision to the specifications before the multi-year period elapses.

This action allows for specifications and management measures for any or all of the four species in the FMP to be set for up to 3 years, subject to annual review. In the past, the specifications and management measures for MSB fisheries have remained fairly constant across years. This measure still enables the Council to respond to changes in stock status, in any given year, by modifying quotas or management measures. However, if changes were not necessary, the Council and NMFS would not have to recommend and implement annual specifications and management measures. Because this measure is largely administrative, it is not anticipated that there will be effects on the environment. This measure does have the potential to provide MSB fishery participants with an expanded planning horizon for harvesting and processing activities; therefore, it may have positive economic effects for MSB fishery participants.

Moratorium on Entry into the *Illex* Fishery

A fishery is considered overcapitalized when the harvest potential of the fishing fleet exceeds the harvest at optimum yield (OY). Information presented in Amendment 9 indicates the *Illex* fishery is overcapitalized; therefore, this amendment limits the potential for increases in the harvest capacity of the large-scale, directed *Illex* fishery.

In order to prevent excess harvest capacity from developing in the directed *Illex* fishery, a moratorium on new entry into this fishery was established in 1997. In the directed fishery, moratorium-permitted vessels are not subject to any daily *Illex* possession limit. As such, the maximum potential *Illex* landings for moratorium-permitted vessels are unlimited until 95 percent of the annual harvest quota has been achieved in any given year. Once 95 percent of the annual quota has been harvested, the possession limit for vessels with *Illex* moratorium permits becomes 10,000 lb (4.54 mt). The moratorium on new entry was initially

scheduled to expire in 2002, but has been extended several times through framework actions and is most recently scheduled to expire in July 2009.

Throughout the year, a small-scale, incidental catch fishery for *Illex* is currently provided for through an open-access Federal permit that allows possession of up to 10,000 lb (4.54 mt) of *Illex* on a single trip. In addition to the 10,000-lb (4.54-mt) trip allowance for *Illex*, vessels in possession of this permit are also allowed to land 2,500 lb (1.13 mt) of *Loligo* and 600 lb (0.27 mt) of butterfish in a single trip (unless the directed fishery closes prior to October 1, in which case the limit is 250 lb (0.11 mt)). Amendment 9 does not include any modifications to this permit.

Amendment 9 eliminates the scheduled expiration of the moratorium. As such, new entry into the directed commercial fishery for *Illex* is prohibited indefinitely. The transfer of moratorium permits from one participant to another will only be allowed through the transfer of ownership of a permitted vessel. Since the moratorium's implementation in 1997, there has been a slight decline in the number of vessels issued an *Illex* moratorium permit in any given year, from a maximum of 77 in 1998, to 72 in 2003. Amendment 9 prevents expansion of the size of the directed *Illex* fleet beyond the number of permitted vessels in 2008, thereby preventing expansion in a fishery that is already overcapitalized and offering the greatest degree of protection to historic participants in the directed *Illex* fishery.

This measure is anticipated to have economic benefits for historical participants already possessing *Illex* moratorium permits and the potential to negatively affect those wanting to become an *Illex* fishery participant in the future.

Biological Reference Points for *Loligo*

Regulations at § 600.315 state that conservation and management measures must be based upon the best scientific information available, and that FMPs should be amended on a timely basis, as new information indicates the necessity for change in objectives or management measures. Therefore, Amendment 9 revises the proxies for target and threshold fishing mortality rates, F_{Target} and $F_{\text{Threshold}}$, respectively, for *Loligo* to reflect the analytical advice provided by the most recent *Loligo* stock assessment review committee (SARC 34). While Amendment 9 revises the formulas and values for these reference points, the function of the reference points remains unchanged. F_{Target} is the basis for determining OY, and $F_{\text{Threshold}}$ is used to

determine whether overfishing is occurring.

Because *Loligo* is a sub-annual species (i.e., has a lifespan of less than 1 year), the stock is solely dependent on sufficient recruitment year to year to prevent stock collapse. The status quo proxies for F_{Target} (75 percent of the fishing mortality rate supporting maximum sustainable yield (F_{Max})) and $F_{\text{Threshold}}$ (F_{Max}) are based on maximum yield, while the revised proxies for F_{Target} and $F_{\text{Threshold}}$ in Amendment 9 are more risk averse because they are based on average fishing mortality rates achieved during a time period when the stock biomass was fairly resilient (1987–2000). The revised proxies are calculated as follows: F_{Target} is the 75th percentile of fishing mortality rates during 1987–2000 and $F_{\text{Threshold}}$ is the average fishing mortality rates during the same period. The revised proxy for F_{Target} (0.32 or 0.24 for trimesters and quarters, respectively) would be used as the basis for establishing *Loligo* OY. However, it should be noted that it is currently not possible to accurately predict *Loligo* stock biomass because recruitment, which occurs throughout the year, is highly variable inter-annually and is influenced by changing environmental conditions.

Biological reference points that ensure an adequate number of spawners produce adequate recruitment in the subsequent year are considered most appropriate for squid species. However, until such reference points can be reliably estimated for the *Loligo* stock, the revised reference points in Amendment 9 will serve as an intermediate step for calculating harvest levels that are more robust, with respect to stock sustainability, than status quo reference points.

Designation of EFH for *Loligo* Eggs

Amendment 9 designates EFH for *Loligo* eggs in order to bring the FMP into compliance with the Magnuson-Stevens Act requirement that FMPs describe and identify EFH for each life history stage of a managed species. The MSB FMP currently identifies and describes EFH for all life stages of MSB species for which information is available, with the exception of *Loligo* eggs. *Loligo* eggs are found attached to rocks and boulders on sand or mud bottom, as well as attached to aquatic vegetation in coastal and offshore bottom habitats from Georges Bank southward to Cape Hatteras. Generally, the following conditions exist where *Loligo* egg EFH is found: Bottom water temperatures between 10° C and 23° C; salinities of 30 to 32 ppt; and depths less than 50 m. Locations of fishery

interactions with *Loligo* eggs are reported in Hatfield and Cadrin (2002).¹

This action adds a description of EFH and a map for *Loligo* eggs to the FMP that are based on the above information. Some Council members expressed concern that the proposed *Loligo* egg EFH areas are based on anecdotal information (i.e., interviews with fishermen). Also, they considered it likely that the proposed EFH areas are not constant, but instead shift from year to year. Nevertheless, the information on the locations of *Loligo* eggs provided in Hatfield and Cadrin (2002) is the best scientific information that is currently available. Additionally, EFH designations are meant to include habitat areas used in different years. Failure to designate EFH for *Loligo* eggs in Amendment 9 would be inconsistent with the EFH requirements of the Magnuson-Stevens Act.

To the degree that EFH is vulnerable to damage by fishing and/or non-fishing activities, management oversight of these activities in areas designated as EFH for a given life stage of any managed resource will allow for direct and indirect benefits for that resource. That oversight cannot occur, however, without first identifying the geographical locations of EFH. Amendment 9 identifies EFH for *Loligo* eggs based upon documented observations. By implementing Amendment 9, fishing and/or non-fishing activities that could potentially affect *Loligo* egg EFH would not be restricted. However, a requirement would be established whereby NMFS must be consulted to determine whether future Federal non-fishing activities would adversely impact *Loligo* egg EFH. Also, potential adverse impacts of MSB and other federally managed fisheries on *Loligo* egg EFH would have to be evaluated and, if necessary, minimized, in a future management action.

Prohibition on Bottom Trawling to Reduce Gear Impacts on EFH by MSB Fisheries

Amendment 9 considered reducing gear impacts on EFH by MSB fisheries in order to bring the FMP into compliance with the Magnuson-Stevens Act requirements. The FMP currently lacks adequate analysis of the effects of MSB fisheries on EFH for federally managed species within the geographic scope of the MSB fisheries. Such an analysis has been conducted as part of Amendment 9, and the results indicate

¹ Hatfield, E.M.C. and S.X. Cadrin. 2002. Geographic and temporal patterns in size and maturity of the longfin inshore squid (*Loligo pealeii*) off the northeastern United States. Fish. Bull. 100 (2): 200–213.

that actions should be taken that would reduce impacts to EFH for federally managed species related to the activities of the MSB fisheries by prohibiting bottom trawling by MSB-permitted vessels.

This action prohibits bottom trawling in Lydonia and Oceanographer Canyons by MSB-permitted vessels. MSB-permitted vessels transiting these canyons must stow all bottom trawl gear. While Lydonia and Oceanographer Canyons are only minimally used by vessels with bottom trawl gear, this action will prevent future expansion of MSB fisheries into these canyons. This prohibition was determined to be practicable by the Council and is similar to regulations associated with the Northeast Region's Monkfish FMP (i.e., vessels on a monkfish day-at-sea are prohibited from entering these canyons). Even though this action does not prohibit bottom trawling by other federally permitted vessels in Lydonia and Oceanographer Canyons, this prohibition would improve habitat quality in these canyons by reducing the adverse effects of bottom trawling on EFH for federally managed species. Decreased fishery interactions with the managed stocks, non-target species, and protected and endangered species in Lydonia and Oceanographer Canyons are also expected, and this would correspond to localized benefits to these resources. The areas affected by the action represent 3 percent of the total EFH for juvenile tilefish and 2 percent or less for several other species (barndoor skate, little skate, red hake, silver hake, and witch flounder).

Short-term costs to fishery participants are related to the size of the area where bottom trawling is prohibited and how frequently those areas are utilized by fishery participants (see FRFA for complete economic analysis). The prohibition of bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons is likely to have a minimal impact on revenues both for vessel owners and ports. Other restricted area alternatives considered by the Council would have provided greater habitat protection, but were not practicable because their potential economic impact would be higher.

Comments and Responses

NMFS received four comment letters on the proposed rule for Amendment 9; letters were from one industry representative and three individuals.

Comment 1: The industry representative and one individual support the measure to extend the moratorium on entry into the *Illex*

fishery, without a sunset provision. Commenters explain that this measure benefits current participants in the *Illex* fishery by protecting their investment and preventing overcapitalization. Additionally, the industry representative believes further reduction of capacity in the *Illex* fishery is not necessary because few incentives exist for new participants to enter the *Illex* fishery (i.e., it is a high volume/low value fishery and it is cost prohibitive to install a refrigerated seawater holding system necessary for *Illex*), and the number of trips targeting *Illex* have declined each year since 1998.

Response: Amendment 9 prevents expansion of the size of the directed *Illex* fleet beyond the number of permitted vessels in 2008, thereby preventing expansion in a fishery that is already overcapitalized and offering the greatest degree of protection to historic participants in the directed *Illex* fishery. However, Amendment 9 does not preclude a future action to reduce the overcapacity that already exists in the *Illex* fishery.

Comment 2: One individual expressed support for a complete ban on all trawling that is harmful for the next 70 years.

Response: While Amendment 9 does not consider a ban on trawling, this comment indicates general support for the measure to prohibit bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons.

Comment 3: The industry representative supports the measure to allow for multi-year specifications for all four species (mackerel, butterfish, *Illex*, and *Loligo*) for up to 3 years, subject to annual review, provided the Council has flexibility to adjust measures through the specification process in response to new information.

Response: NMFS concurs with the commenter.

Comment 4: The industry representative does not support revising the biological reference points (i.e., F_{Target} and $F_{\text{Threshold}}$) recommended by the SARC for *Loligo* because they argue that the status quo reference points are adequate to meet the overfishing requirements. The industry representative also believes that *Loligo* biomass trends have been relatively stable over the past several decades, that changes in indices were mainly due to environmental factors, and that stability of indices are due to the flexibility of life history patterns of *Loligo*.

Additionally, the industry representative and one individual believe that language in the proposed rule stating that status quo biological reference points for *Loligo* "may be too

liberal and subject the stock to overfishing" is unsupported by the Amendment 9 FSEIS or the report from the most recent *Loligo* squid stock assessment report. The comment letter from the individual further explains that the status quo reference points were rejected by the SARC because they were too analytically complex in light of the dynamic nature of the *Loligo* stock; therefore, the SARC recommended a simpler approach for calculating *Loligo* biological reference points.

Response: Biological reference points for squid species, such as *Loligo*, need to account for their unique life history in order to ensure stock sustainability. *Loligo* is a sub-annual species and recruits in any given year are produced by the survivors from the previous year. However, annual population abundance levels are highly variable and recruitment levels are currently not predictable. A single recruitment failure could lead to stock collapse. In order to minimize the risk of recruitment overfishing, squid stocks are ideally managed by ensuring that a minimum percentage of the spawners escape each year. The status quo overfishing definition for *Loligo* does not minimize this risk because it maximizes yield, rather than adequate spawner escapement. For these reasons, NMFS disagrees with the conclusion that, because *Loligo* biomass trends have been relatively stable over the past several decades, the status quo reference points *Loligo* are adequate to meet the overfishing requirements.

NMFS agrees with the commenters that the language in the proposed rule stating that status quo biological reference points for *Loligo* "may be too liberal and subject the stock to overfishing" may be too general and takes this opportunity to clarify the difference between the status quo biological reference points and the revised reference points in Amendment 9. The status quo reference points maximize yield, while the reference points in Amendment 9 are more risk averse because they are based on estimated fishing mortality rates during a time period (1987–2000) when stock biomass levels appeared to be fairly resilient to the levels of landings that occurred during that same period. In addition, NMFS agrees with the commenter that the status quo reference points were too analytically complex, in light of the dynamic nature of the *Loligo* stock, and that reference points in Amendment 9 are less complex and, therefore, more appropriate for the *Loligo* stock.

Comment 5: The industry representative does not support the

measure to designate EFH for *Loligo* eggs and asserts that *Loligo* egg EFH is based on anecdotal information and areas where eggs have been observed are likely to vary year to year. The comment letter explains that *Loligo* are a short-lived, highly productive animal whose abundance is more vulnerable to environmental conditions such as temperature, depth, and salinity. The letter notes that areas with observation of *Loligo* eggs are productive, historical fishing areas and there is no evidence that the bycatch of *Loligo* eggs reduces productivity or negatively impacts *Loligo* recruitment. Additionally, the commenter believes the proposed rule inappropriately speculates that a future action would evaluate fishing activities to determine if fishing activities adversely impact *Loligo* eggs in an attempt to impose prohibitions on mobile bottom-tending gear.

Response: As described previously, Amendment 9 brings the FMP into compliance with the Magnuson-Stevens Act requirement that FMPs describe and identify EFH for each life history stage of a managed species. The MSB FMP currently identifies and describes EFH for all life stages of MSB species for which information is available, with the exception of *Loligo* eggs. Failure to designate EFH for *Loligo* eggs in Amendment 9 would be inconsistent with the EFH requirements of the Magnuson-Stevens Act. During the development of and public comment periods on Amendment 9, individuals expressed concern that the proposed *Loligo* egg EFH areas are based on anecdotal information (i.e., interviews with fishermen) and that the proposed EFH areas are not constant, but instead shift from year to year. Nevertheless, information on the location of *Loligo* eggs is based on information in a peer-reviewed, scientific journal and is, therefore, based on the best scientific information available. Additionally, EFH designations are designed to consider year-to-year variability in habitat requirements and implementation of Amendment 9 does not preclude revising descriptions of EFH for *Loligo* eggs as new information becomes available. In addition to requiring that EFH be designated for each life history stage of a managed species, the Magnuson-Stevens Act also requires that potential adverse impacts of MSB fisheries on *Loligo* egg EFH be evaluated. Explaining this requirement in the proposed rule was appropriate. Based upon the outcome of that evaluation, a range of habitat protection measures exist that could be implemented if protection of *Loligo* egg

EFH is determined to be necessary. Prohibitions on mobile bottom-tending gear is not the only option for mitigating potential effects of MSB fisheries on *Loligo* egg EFH.

Comment 6: The industry representative does not support the measure to prohibit bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons. Opposition to prohibiting bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons is based on the industry representatives belief that Amendment 9 offers no rationale on why prohibiting trawling in those areas will have an effect on MSB species and how bottom trawling for MSB species affects habitat in those areas. Further, the industry representative claims that this measure is being used to protect deep-sea corals, despite no evidence in Amendment 9 supporting that fishing for MSB species results in coral bycatch, and that, because Amendment 9 does not demonstrate that MSB fishing in these areas results in coral bycatch that NMFS and the Council have approved an alternative that is in opposition to NOAA's General Counsel and illegal.

Response: As described previously, Amendment 9 considered reducing gear impacts on EFH by MSB fisheries in order to bring the FMP into compliance with the Magnuson-Stevens Act requirements. The FMP currently lacks adequate analysis of the effects of MSB fisheries on EFH for federally managed species within the geographic scope of the MSB fisheries. Such an analysis has been conducted as part of Amendment 9, and the results indicate that actions should be taken that would reduce impacts to EFH for federally managed species related to the activities of the MSB fisheries by prohibiting bottom trawling by MSB-permitted vessels.

The prohibition of bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons is not intended to protect deep-sea coral. Neither the proposed rule or FSEIS for Amendment 9 suggests that this prohibition is because deep-sea coral is bycatch in the MSB fisheries. The proposed rule explained that the proposed prohibition was similar to regulations associated with the Northeast Region's Monkfish FMP because both regulations are based on protecting EFH for fish species (e.g., tilefish) and preventing fishery expansion into offshore canyons that contain habitat vulnerable to bottom trawling. Because neither prohibition (i.e., vessels fishing under a monkfish day-at-sea are prohibited from fishing in Lydonia and Oceanographer Canyons; MSB-permitted vessels are prohibited from bottom trawling in Lydonia and

Oceanographer Canyons) is based on protecting coral, neither prohibition is inconsistent with advice from NOAA's Office of General Counsel.

Changes From the Proposed Rule

There are no changes from the proposed rule.

Classification

The Administrator, Northeast Region, NMFS, determined that Amendment 9 to the Atlantic Mackerel, Squid, and Butterfish Fishery Management Plan is necessary for the conservation and management of the Atlantic mackerel, squid, and butterfish fisheries and that it is consistent with the Magnuson-Stevens Act and other applicable law.

This proposed rule has been determined to be not significant for purposes of Executive Order 12866.

The Council prepared an FSEIS for Amendment 9; a notice of availability was published on March 28, 2008 (73 FR 16672). The FSEIS describes the impacts of the Amendment 9 measures on the environment. The measures to allow for multi-year specifications and revised biological reference points for *Loligo* are largely administrative. However, they will provide for an expanded planning horizon for harvesting and processing activities and a fixed constant as a basis for the fishing target definition, respectively. The measure to designate EFH for *Loligo* eggs will not directly affect the environment, but it will allow future impacts to EFH for *Loligo* eggs to be identified and mitigated. Extending the moratorium on entry into the *Illex* fishery without a sunset provision and prohibiting bottom trawling by MSB-permitted vessels in Lydonia and Oceanographer Canyons will have short-term, negative economic impacts, but are expected to have long-term benefits on the biological and physical environment.

NMFS, pursuant to section 604 of the Regulatory Flexibility Act (RFA), has prepared a FRFA in support of Amendment 9. The FRFA describes the economic impact that this final rule, along with other non-preferred alternatives, will have on small entities.

The FRFA incorporates the economic impacts and analysis summarized in the IRFA for the proposed rule to implement Amendment 9, the comments and responses in this final rule, and the corresponding economic analyses prepared for Amendment 9 (e.g., the FSEIS and the RIR). The contents of these incorporated documents are not repeated in detail here. A copy of the IRFA, the RIR, and the FSEIS are available upon request

(see **ADDRESSES**). A description of the reasons for this action, the objectives of the action, and the legal basis for this final rule are found in Amendment 9 and the preamble to the proposed and final rules.

Statement of Need

The purpose of this action is to remedy deficiencies in the FMP and to address other issues that have arisen since Amendment 8 to the FMP became effective in 1999.

A Summary of the Significant Issues Raised by the Public Comments in Response to the IRFA, a Summary of the Assessment of the Agency of Such Issues, and a Statement of Any Changes Made in the Proposed Rule as a Result of Such Comments

As described previously, several of the measures in Amendment 9 are not anticipated to have direct economic effects on MSB fisheries; however, extending the moratorium on entry into the *Illex* fishery, without a sunset provision, and prohibiting bottom trawling in Lydonia and Oceanographer Canyons by MSB-permitted vessels may have economic effects on MSB fisheries. All public comments on issues relative to the IRFA, in which commenters expressed concern directly and indirectly about the economic impacts of the measures in Amendment 9, are described in the "Comments and Responses" section of the preamble of this rule. NMFS's assessment of the issues raised in comments and responses is also provided in the "Comments and Responses" section of the preamble of this final rule and, therefore, are not repeated here. After taking all public comments into consideration, NMFS approved Amendment 9 on June 17, 2008.

Description and Estimate of Number of Small Entities to Which the Rule Would Apply

There are no large entities participating in this fishery, as none grossed more than 4 million dollars annually; therefore, there are no disproportionate economic impacts on small entities. The measures in Amendment 9 affect all MSB-permitted vessels; however, many of the proposed measures (e.g., multi-year specifications, revised biological reference points for *Loligo*, designation of EFH for *Loligo* eggs) are not expected to have direct economic impacts. Section 6.5 (Human Communities) in the Amendment 9 FSEIS describes the number of vessels and revenue information for each of the MSB fisheries; therefore, that information is not repeated here.

Description of Projected Reporting, Recordkeeping, and Other Compliance Requirements

This action does not contain any new collection-of-information, reporting, recordkeeping, or other compliance requirements. It does not duplicate, overlap, or conflict with any other Federal rules.

Description of the Steps the Agency has taken to Minimize the Significant Economic Impact on Small Entities Consistent with the Stated Objectives of Applicable Statutes, Including a Statement of the Factual, Policy, and Legal Reasons for Selecting the Alternative Adopted in the Final Rule and Why Each One of the Other Significant Alternatives to the Rule Considered by the Agency Which Affect the Impact on Small Entities was Rejected

As described previously, several of the approved measures in Amendment 9 are not anticipated to have direct economic effects on MSB fisheries. Implementing multi-year specifications and management measures for all four managed species has the potential to provide MSB fishery participants with an expanded planning horizon for harvesting and processing activities. Therefore, it may have positive economic effects for MSB fishery participants when compared to the non-selected alternative of no action (annual specifications and management measures for mackerel, *Illex*, and butterfish; multi-year specifications and management measures for *Loligo*). This could lead to better business plans and ultimately greater economic benefits. Amendment 9 contains two alternatives that would have provided for multi-year specifications and management measures; the selected alternative allows for multi-year specifications for up to 3 years, subject to annual review, and a non-selected alternative would have provided for multi-year specifications for up to 5 years, subject to annual review. The 3-year alternative was selected because management based on 3-year stock projections, rather than 5-year stock projections, is likely more appropriate for MSB species, given their relatively brief life spans, but it is difficult to assign a dollar value to this effect.

The revisions to biological reference points (F_{Target} and $F_{\text{Threshold}}$) for *Loligo* are primarily administrative and are not expected to have direct economic effects on fishery participants. Revising the reference points is consistent with Magnuson-Stevens Act requirements to use the best scientific information

available, as compared to the non-selective alternative of no action (using status quo reference points for F_{Target} and $F_{\text{Threshold}}$), but the economic impacts of the proposed action are difficult to predict. The revised reference points are not expected to result in substantial changes to the *Loligo* quota; the annual quota has been set at 17,000 mt each year since 2001. Consumer demand for *Loligo* will affect *Loligo* prices, which, in turn, will result in economic impacts on *Loligo* harvesters that are currently unquantifiable. If, on the other hand, the *Loligo* stock size decreases such that harvest costs increase, then *Loligo* prices would be expected to increase. Because the revised biological reference points are considered more robust, with respect to stock sustainability, than the status quo reference points, it is expected that there would be some long-term economic benefits associated with the revised reference points as compared to benefits associated with the status quo reference points.

The measure designating EFH for *Loligo* eggs is not anticipated to have any direct economic effects on MSB participants, when compared to the non-selected alternative of not designating EFH for *Loligo* eggs. Designating EFH for *Loligo* eggs does not result in an immediate action that would restrict the actions of any regulated entity.

Additionally, the measure extending the moratorium on entry into the *Illex* fishery, without a sunset provision, is not expected to have any direct economic effects on MSB participants, when compared to the non-selected alternatives (i.e., terminating the moratorium, allowing the moratorium to expire in 2009, extending the moratorium without a sunset provision, but allowing new entry through permit transfer), because the moratorium on entry into the directed *Illex* fishery has been in place since 1997. Failure to extend the moratorium could result in further overcapitalization of this sector of the fishing industry, which in turn could have negative economic consequences for the vessels that depend upon the *Illex* resource.

The measure in Amendment 9 that may have economic effects on MSB fisheries is the prohibition on bottom trawling in Lydonia and Oceanographer Canyons by MSB-permitted vessels. The selected alternative and non-selected alternatives prohibiting bottom trawling (either at the head of Hudson Canyon or in the tilefish habitat area of particular concern (HAPC)) would improve habitat quality in the closed areas by reducing the adverse impacts of bottom trawling by MSB-permitted vessels as compared

to the no action, non-selected alternative (no new areas closed to bottom trawling by MSB-permitted vessels). Decreased fishery interactions with the managed stocks, non-target species, and protected and endangered species are also expected to be associated with action alternatives, and this would correspond to localized benefits to these resources.

Short-term costs to fishery participants are related to the size of the closure area. Analyses of ex-vessel revenues from MSB-permitted bottom trawl vessels were conducted for 2001–2004. The results indicated that closing tilefish HAPC (non-selected alternative) to bottom otter trawling during that period would have reduced annual revenue from bottom trawling by 10 percent or more for about 162 MSB-permitted vessels. Closing the head of Hudson Canyon (non-selected alternative) to bottom trawling in 2001–2004 would have reduced ex-vessel revenues by 10 percent or more for about 64 MSB-permitted bottom trawl vessels. Geographical analysis of fishing effort reveals minimal use of bottom trawl gear in Lydonia and Oceanographer Canyons; therefore, of the significant alternatives considered, the closure of Lydonia and Oceanographer Canyons (selected alternative) would have minimis potential economic impacts on revenue for vessel owners.

Proposed Rules

Federal Register

Vol. 73, No. 127

Tuesday, July 1, 2008

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[REG-115457-08]

RIN 1545-BH88

Extension of Time for Filing Returns

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of proposed rulemaking by cross-reference to temporary regulations and notice of proposed rulemaking.

SUMMARY: In the Rules and Regulations section of this issue of the **Federal Register**, the IRS is issuing final and temporary regulations relating to the simplification of procedures for automatic extensions of time to file certain returns. These simplified procedures are aimed at reducing overall taxpayer burden. The text of the temporary regulations also serves as the text of these proposed regulations.

DATES: Written or electronic comments and requests for a public hearing must be received by September 29, 2008.

ADDRESSES: Send submissions to: CC:PA:LPD:PR (REG-115457-08), room 5203, Internal Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand delivered Monday through Friday between the hours of 8 a.m. and 4 p.m. to: CC:PA:LPD:PR (REG-115457-08), Courier's Desk, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC. Alternatively, taxpayers may submit comments electronically via the Federal eRulemaking Portal at <http://www.regulations.gov> (IRS REG-115457-08).

FOR FURTHER INFORMATION CONTACT: Concerning the proposed regulations, Matthew P. Howard, (202) 622-4910; concerning submissions of comments and requests for a public hearing, Oluwafunmilayo Taylor (202) 622-7180 (not toll-free numbers).

SUPPLEMENTARY INFORMATION:

Background and Explanation of Provisions

Partnerships, Trusts, and Estates

Final and temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend 26 CFR part 1 relating to section 6081. The text of the temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the amendments. The temporary regulations allow certain pass-through entities (most partnerships, estates, and certain trusts) to obtain an automatic five-month extension of time to file certain returns if an application is submitted on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns."

In a previous notice of proposed rulemaking by cross-reference to temporary regulations, it was proposed that pass-through entities be allowed to obtain an automatic six-month extension of time to file. In response to comments received regarding the automatic six-month extension of time to file, and in an attempt to alleviate overall taxpayer burden, the Treasury Department and IRS have determined that the automatic extension period for certain pass-through entities should be five months. As a result, a majority of taxpayers with ownership interests in these pass-through entities will receive, in a timely manner, information returns from the entities that they need in order to complete their own income tax returns before those returns are due. For example, an individual income taxpayer with a six-month extension of time to October 15th to file the Form 1040, "U.S. Individual Income Tax Return" will now receive a Schedule K-1, "Partner's Share of Income, Credits, Deductions, etc." from a partnership in which the taxpayer holds an interest shortly after the partnership files its Form 1065, "U.S. Return of Partnership Income" on its extended due date of September 15th.

Although the Treasury Department and IRS are attempting to alleviate overall taxpayer burden, because the automatic extension period for certain pass-through entities will now be five months, comments are requested on whether a five-month extension of time

to file for these pass-through entities might increase overall taxpayer burden. Please follow the instructions in the "Comments and Requests for a Public Hearing" portion of this preamble.

Pension Excise Taxes

This notice of proposed rulemaking also proposes to amend 26 CFR part 54. This amendment would allow filers of Form 9928, "Return of Certain Excise Taxes Under Chapter 43 of the Internal Revenue Code," to obtain an automatic six-month extension of time to file the return after the date prescribed for filing the return.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. Although these regulations reference forms that are approved under the Paperwork Reduction Act (44 U.S.C. chapter 35), the regulations themselves do not impose a collection of information on small entities. Therefore the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, this regulation has been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact.

Comments and Requests for a Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written (a signed original and 8 copies) and electronic comments that are submitted timely to the IRS. The IRS and Treasury Department specifically request comments on the clarity of the proposed regulations and how they can be made easier to understand. All comments will be available for public inspection and copying. A public hearing will be scheduled if requested in writing by any person that timely submits comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Drafting Information

The principal author of these regulations is Matthew P. Howard of the Office of the Associate Chief Counsel (Procedure and Administration).

Proposed Amendments to the Regulations

Accordingly, 26 CFR parts 1 and 54, are proposed to be amended to read as follows:

PART 1—INCOME TAXES

Paragraph 1. The authority citation for part 1 continues to read in part as follows:

Authority: 26 U.S.C. 7805 * * *

Par. 2. Section 1.6081-2 is added to read as follows:

§ 1.6081-2 Automatic extension of time to file certain returns filed by partnerships.

[The text of proposed § 1.6081-2 is the same as the text of § 1.6081-2T(a) through (i) published elsewhere in this issue of the **Federal Register**.]

Par. 3. Section 1.6081-6 is added to read as follows:

§ 1.6081-6 Automatic extension of time to file estate or trust income tax return.

[The text of proposed § 1.6081-6 is the same as the text of § 1.6081-6T(a) through (h) published elsewhere in this issue of the **Federal Register**.]

PART 54—PENSION EXCISE TAXES

Par. 4. The authority citation for part 54 is amended by adding an entry in numerical order to read in part as follows:

Authority: 26 U.S.C. 7805 * * *

Section 54.6081-1 also issued under authority of 26 U.S.C. 6081(a).

Par. 5. Section 54.6081-1 is added to read as follows:

§ 54.6081-1 Automatic extension of time for filing returns for certain excise taxes under Chapter 43.

(a) *In general.* An employer, other person or health plan that is required to file a return on Form 8928, "Return of Certain Excise Taxes Under Chapter 43 of the Internal Revenue Code," will be allowed an automatic 6-month extension of time to file the return after the date prescribed for filing the return

if the employer, other person or health plan files an application under this section in accordance with paragraph (b) of this section.

(b) *Requirements.* To satisfy this paragraph (b), an employer, other person or health plan must—

(1) Submit a complete application on Form 7004, "Application for Automatic Extension of Time to File Certain Business Income Tax, Information, and Other Returns," or in any other manner prescribed by the Commissioner;

(2) File the application on or before the date prescribed for filing the return with the Internal Revenue Service office designated in the application's instructions; and

(3) Remit the amount of the properly estimated unpaid tax liability on or before the date prescribed for payment.

(c) *No extension of time for the payment of tax.* An automatic extension of time for filing a return granted under paragraph (a) of this section will not extend the time for payment of any tax due on such return.

(d) *Termination of automatic extension.* The Commissioner may terminate an automatic extension at any time by mailing to the estate or trust a notice of termination at least 10 days prior to the termination date designated in such notice. The Commissioner must mail the notice of termination to the address shown on the Form 7004 or to the estate or trust's last known address. For further guidance regarding the definition of last known address, see § 301.6212-2 of this chapter.

(e) *Penalties.* See section 6651 for failure to file a pension excise tax return or failure to pay the amount shown as tax on the return.

(f) *Effective/applicability date.* This section is applicable for applications for an automatic extension of time to file a return due under chapter 43, filed on or after the date final regulations are published in the **Federal Register**.

BILLING CODE 4830-01-P

PENSION BENEFIT GUARANTY CORPORATION**29 CFR Parts 4001, 4022, and 4044**

RIN 1212-AA98

Bankruptcy Filing Date Treated as Plan Termination Date for Certain Purposes; Guaranteed Benefits; Allocation of Plan Assets; Pension Protection Act of 2006

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Proposed rule.

SUMMARY: This is a proposed rule to implement section 404 of the Pension Protection Act of 2006. Section 404 amended Title IV of ERISA to provide that when an underfunded, PBGC-covered, single-employer pension plan terminates while its contributing sponsor is in bankruptcy, sections 4022 and 4044(a)(3) of ERISA are to be applied by treating the date the sponsor's bankruptcy petition was filed as the termination date of the plan. Section 4022 determines which benefits are guaranteed by PBGC, and section 4044(a)(3) determines which benefits are entitled to priority in "priority category 3" in the statutory hierarchy for allocating the assets of a terminated plan. Thus, under the 2006 amendments, when a plan terminates while the sponsor is in bankruptcy, the amount of benefits guaranteed by PBGC and the amount of benefits in priority category 3 are fixed at the date of the bankruptcy filing rather than at the plan termination date. This will, in most cases, reduce the amount of guaranteed benefits and the amount of benefits in priority category 3.

DATES: Comments must be submitted on or before September 2, 2008.

ADDRESSES: Comments may be submitted by any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

The Pension Benefit Guaranty Corporation ("PBGC") administers the single-employer pension plan termination insurance program under Title IV of the Employee Retirement Income Security Act of 1974 ("ERISA"). The program covers private-sector, single-employer defined benefit plans, which pay premiums to PBGC each year. Covered plans that are underfunded may terminate either in a distress termination under section 4041(c) of ERISA or in an involuntary termination (one initiated by PBGC) under section 4042 of ERISA. When such a plan terminates, PBGC typically is appointed statutory trustee of the plan, and becomes responsible for paying benefits in accordance with the provisions of Title IV.

The amount of benefits paid by PBGC under a terminated, trusted plan is determined by several factors. The starting point is the plan itself: PBGC pays only those benefits that were provided under the plan and that have been earned by the participant under the plan terms.

But PBGC does not guarantee all benefits earned under a terminated plan. There are statutory and regulatory limits on PBGC's guarantee, which are discussed below. On the other hand, a participant may sometimes receive from PBGC more than his guaranteed benefits, if either the allocation under section 4044 of ERISA of the plan's assets or the allocation under section 4022(c) of PBGC's recoveries, or both, results in additional benefits being payable.

When a plan terminates, a termination date must be established in accordance

with section 4048 of ERISA. If the plan is underfunded and terminates in a distress or involuntary termination, the termination date is the date agreed upon by the plan administrator and PBGC or, if they do not agree, the date set by a United States district court.

The termination date is a critical date for many purposes under Title IV of ERISA. For example, it is the date as of which a plan sponsor's liability to the PBGC for a terminated plan's unfunded benefit liabilities is determined under section 4062(b) of ERISA. Most relevant to this proposed regulation, the termination date—under prior law—was the date that governed the amount of benefits participants in the terminated plan would receive. The amount of benefits guaranteed by PBGC under section 4022 of ERISA and the amount of any additional benefits payable from the plan's assets under section 4044 or from PBGC's recoveries under section 4022(c) were all determined as of the termination date.

Many single-employer pension plans that terminate in a distress or involuntary termination do so while the plan sponsor is in bankruptcy. Indeed, two of the criteria for a distress termination are based on the sponsor's liquidating or reorganizing in bankruptcy. See ERISA section 4041(c)(2)(B)(i), (ii).

A persistent problem for the PBGC insurance program has been that the funded status of plans often deteriorates significantly while the plan sponsor is in bankruptcy. Many sponsors have failed to make minimum funding contributions to their plans during the bankruptcy, while the plan continues to pay retiree benefits as usual and employees continue to earn additional benefits. Because the termination date often comes after the sponsor has been in bankruptcy for some time, the result has been that PBGC's losses often increase substantially during the course of a bankruptcy proceeding.

Congress sought to address this problem in the Pension Protection Act of 2006 ("PPA 2006"), which the President signed into law on August 17, 2006. Section 404 of PPA 2006 provides generally that, if a PBGC-insured plan terminates while its contributing sponsor is in bankruptcy, PBGC's guarantees and the amount of benefits entitled to priority in "priority category 3" in the ERISA section 4044 allocation of the plan's assets are determined as of the date that the sponsor's bankruptcy petition was filed (the "bankruptcy filing date") rather than as of the termination date. This means, for example, that benefits earned by participants after the bankruptcy filing

date are not guaranteed. The changes generally reduce the amount of benefits guaranteed by PBGC and the amount of benefits receiving priority treatment in the section 4044 asset allocation. By protecting PBGC from growth in its liabilities during bankruptcy proceedings, these changes reduce claims on PBGC's funds and thereby strengthen the PBGC insurance program. The changes are described more fully below.

PPA 2006 provided that the changes made by section 404 of PPA 2006 are effective for plan terminations that occur during the bankruptcy of the plan sponsor, if the bankruptcy filing date was on or after September 16, 2006 (the date that is 30 days after PPA's enactment). The terminations to which the changes apply are referred to in this preamble and in the proposed regulation as PPA 2006 bankruptcy terminations. Of course, if a plan's termination date is the same as the bankruptcy filing date, then the plan is unaffected by the changes made by section 404.

Overview of Proposed Regulatory Changes

The proposed regulation implements the statutory changes, described above, made by section 404 of PPA 2006. It would amend PBGC's regulations on Benefits Payable in Terminated Single-Employer Plans, 29 CFR part 4022; Termination of Single-Employer Plans, 29 CFR part 4041; and Allocation of Assets in Single-Employer Plans, 29 CFR part 4044. The amendments would establish rules for PPA 2006 bankruptcy terminations, the most important of which are:

- A participant's guaranteed benefit is based on the amount of his service and the amount of his compensation (if applicable) as of the bankruptcy filing date.
- The Title IV guarantee limits—the maximum guaranteeable benefit, the phase-in limit, and the accrued-at-normal limit—are all determined as of the bankruptcy filing date.
- Only benefits that are nonforfeitable as of the bankruptcy filing date are guaranteed. Thus, for example, early retirement subsidies and disability benefits to which a participant became entitled after the bankruptcy filing date are not guaranteed.
- Participants who retired under a subsidized early retirement benefit (or a disability or other benefit) to which they became entitled between the bankruptcy filing date and the termination date will continue in pay status, or may go into pay status if they are not already receiving a benefit, but the amount of

the benefit is reduced to reflect that the subsidy (or other benefit) is not guaranteed.

- The benefits in priority category 3 under section 4044(a) of ERISA are benefits in pay status, or that could have been in pay status, three years before the bankruptcy filing date, generally taking into account only benefit increases that were effective throughout the five-year period ending on the bankruptcy filing date.

- Benefits under section 4022(c) of ERISA are based on (among other things) the value of a plan's unfunded nonguaranteed benefits. Because section 404 of PPA 2006 has changed guaranteed benefits and benefits in priority category 3, the unfunded nonguaranteed benefits are changed and therefore the section 4022(c) benefits are also changed.

- Where a plan has more than one contributing sponsor and all contributing sponsors did not file for bankruptcy on the same date, PBGC determines the date to treat as the bankruptcy filing date, based on the facts and circumstances.

Although the bankruptcy filing date thus displaces a plan's termination date as the controlling date for certain purposes, the termination date continues to be important for other purposes. For example, although the monthly amount of benefits guaranteed and the monthly amount of benefits in priority category 3 will be determined by reference to the bankruptcy filing date, the value of those benefits is determined—as before PPA 2006—as of the plan's termination date. The value of a terminated plan's assets, too, is determined as of the termination date. Also, determinations under sections 4062(a) and (b) of ERISA of the parties liable for a plan's unfunded benefit liabilities and the amount of those liabilities are made as of the termination date.

The proposed regulation also makes some minor changes unrelated to PPA 2006. The discussion below describes in detail the proposed regulatory changes, as well as areas in which no change to the regulations is needed.

Guaranteed Benefits

Prior Law

PBGC's guarantee is limited, under section 4022(a) of ERISA, to nonforfeitable benefits under a terminated plan. Before PPA 2006, the crucial date for determining guaranteed benefits was the plan's termination date, established under section 4048 of ERISA. PBGC had to determine the amount of benefits participants had

earned under the plan, and whether those benefits were nonforfeitable, as of the termination date.

In addition, PBGC's guarantee is subject to two important limitations under section 4022(b) of ERISA: the maximum guaranteeable benefit (sometimes referred to as the maximum guarantee limit or the maximum insurance limit) under section 4022(b)(3), and the phase-in limit under sections 4022(b)(1) and 4022(b)(7). The maximum guaranteeable benefit essentially places a ceiling, or cap, on the amount of a participant's guaranteed benefit. The maximum monthly guaranteeable benefit under section 4022(b)(3)(B) was \$750 per month for a 65-year-old participant receiving a straight-life annuity in a plan that terminated in 1974. (The maximum guaranteeable benefit may be lower, under section 4022(b)(3)(A), depending on the participant's average monthly gross income, but this limitation rarely applies, and the discussion and examples in this regulation assume that it does not apply.) The \$750 monthly figure is adjusted each year based on the contribution and wage base under the Social Security Act; for example, for a plan whose termination date was in 2005 the maximum monthly amount at age 65 payable as a straight-life annuity was \$3,801.14. The maximum guaranteeable benefit for an individual participant depends on his age at the later of the plan's termination date or the date he begins receiving his benefit from PBGC, and on the form in which the benefit is paid. For example, the maximum guaranteeable benefit is lower if the participant begins receiving benefits from PBGC before age 65, or if the benefit form will provide a survivor benefit after the participant dies.

The phase-in limit under sections 4022(b)(1) and 4022(b)(7) of ERISA provides that PBGC's guarantee of a benefit increase resulting from amendment of an existing plan or adoption of a new plan is phased in over a five-year period. PBGC's guarantee is equal to the number of full years before the termination date that the increase was in effect, multiplied by 20% (or \$20 per month, if greater). For example, a benefit increase that was in effect more than two years before the termination date but less than three years is 40% guaranteed (or \$40 per month, if greater, but not more than the amount of the increase). A benefit increase is considered to be in effect from the later of the date the benefit increase was adopted or the date it became effective.

There is a third limitation on PBGC's guarantee that the agency adopted when

it issued its initial guaranteed benefits regulation. (40 FR 43509, Sept. 22, 1975.) Under § 4022.21 of PBGC's regulation, PBGC's guarantee is generally limited to the amount of the participant's benefit payable as a straight-life annuity commencing at normal retirement age. This limit, often referred to as the "accrued-at-normal" limit, means that PBGC generally does not guarantee temporary supplemental benefits payable to a participant who retires before normal retirement age. Consider, for example, a participant who was entitled under his plan to receive \$1,000 per month as a straight-life annuity starting at his normal retirement date but who could retire early under certain conditions with an unreduced benefit of \$1,000 plus a supplement of \$400 per month payable until age 62. If the participant retires early, PBGC generally will not guarantee more than \$1,000 per month.

Before PPA 2006, the maximum guaranteeable benefit, the phase-in limit, and the accrued-at-normal limit were all calculated as of the termination date of a plan. Accordingly, before PPA 2006, a participant's guaranteed benefit would be the amount of the nonforfeitable plan benefit to which the participant was entitled as of the termination date, subject to the guarantee limits applicable as of that date.

PPA 2006 Changes

Section 404 of PPA 2006 changed the way in which the amount of guaranteed benefits will be determined in PPA 2006 bankruptcy terminations. Section 404(a) of PPA 2006 added a new subsection (g) to section 4022 of ERISA. New section 4022(g) provides as follows:

Bankruptcy Filing Substituted for Termination Date.—If a contributing sponsor of a plan has filed or has had filed against such person a petition seeking liquidation or reorganization in a case under title 11, United States Code, or under any similar Federal law or law of a state or political subdivision, and the case has not been dismissed as of the termination date of the plan, then this section shall be applied by treating the date such petition was filed as the termination date of the plan.

The "section" referred to is section 4022 of ERISA, which as explained above determines the amount of a participant's guaranteed benefit. Thus, for a plan that terminates while its contributing sponsor is in bankruptcy, section 4022(g) requires that a participant's guaranteed benefit be determined by treating the date the sponsor's bankruptcy petition was filed (the "bankruptcy filing date") as if it were the termination date of the plan.

This change has a number of important consequences. First, it means that a participant's guaranteed benefit can be no greater than the amount of his plan benefit as of the bankruptcy filing date. Even though the plan in many cases will have continued after the bankruptcy filing date and (in the absence of a plan freeze) participants will have continued to accrue benefits after that date, those post-bankruptcy accruals will not be guaranteed. Thus, under the change, a participant's guaranteed benefit will be calculated by reference to the amount of his service and the amount of his compensation (or the amount of the plan's benefit "multiplier," depending on how the plan calculates benefits) as of the bankruptcy filing date.

Second, only benefits that were nonforfeitable as of the bankruptcy filing date will be guaranteed. For example, in a plan that has five-year "cliff" vesting, a participant with less than five years of service as of the bankruptcy filing date will have no guaranteed benefit, even if his benefit becomes vested by the section 4048 termination date. Similarly, if a participant becomes entitled to a disability retirement benefit or an early retirement subsidy after the bankruptcy filing date but before the termination date, that disability benefit or subsidy will not be guaranteed.

Third, the PBGC guarantee limits—the maximum guaranteeable benefit, the phase-in limit, and the accrued-at-normal limit—will all be determined as of the bankruptcy filing date. For example, if the sponsor's bankruptcy filing date is in 2008 and the plan's termination date is in 2010, the maximum guaranteeable benefit for all plan participants will be based on the 2008 limit. Also, an individual participant's maximum guaranteeable benefit will be based on his age and form of benefit as of the later of the bankruptcy filing date or the date he begins to receive his benefit. Similarly, the phase-in rule will be applied by counting the number of full years before the bankruptcy filing date that a benefit increase has been in effect. The accrued-at-normal limit, too, will be determined based on the facts as of the bankruptcy filing date.

The proposed rule would modify PBGC's regulations to reflect the changes described above for PPA 2006 bankruptcy terminations. In most cases, the proposed regulation simply provides that in a PPA 2006 bankruptcy termination, "bankruptcy filing date" is substituted for "termination date" each place that "termination date" appears in a specified section or paragraph of the

regulation. The proposed regulation provides a number of examples to clarify what this means in various situations. The regulations are unchanged for plans to which the changes do not apply (non-PPA 2006 bankruptcy terminations).

Aggregate Limit on Benefits Guaranteed

Title IV of ERISA includes an additional limitation on PBGC's guarantee that applies only when a participant receives benefits under two or more trusted plans. Section 4022B of ERISA provides that, in such a situation, the sum of the guaranteed benefits payable from PBGC funds with respect to all such plans may not exceed the maximum guaranteeable benefit payable "as of the date of the last plan termination."

PPA 2006 made no change to this provision. PBGC therefore proposes to make no change to part 4022B of its regulations, and proposes to calculate the aggregate limit, as previously, by reference to a participant's maximum guaranteeable benefit as of the section 4048 termination date of the latest-terminating plan.

Benefits Payable Under the Section 4044 Allocation

Prior Law

PPA 2006 also made an important change to the allocation of a terminated plan's assets under section 4044 of ERISA. To understand this change, it is important to understand how the section 4044 allocation worked before the PPA 2006 amendment.

As noted above, a participant may receive more than his guaranteed benefit from PBGC, depending on the amount of the plan's assets and whether his benefits are entitled to priority under ERISA's allocation scheme. Section 4044 of ERISA specifies how a plan's assets are to be allocated among various classes of guaranteed and nonguaranteed benefits of participants. Part 4044 of PBGC's existing regulations provides detail about how assets and benefits are valued, and how the assets are allocated to the benefits. (Section 4022(c) of ERISA may provide additional benefits, as discussed below.)

The first step in the section 4044 allocation is to assign each participant's plan benefits to one or more of six "priority categories" that are described in paragraphs (1) through (6) of subsection 4044(a) of ERISA. Before PPA 2006, the benefits in each priority category were as follows:

Priority category 1: The portion of a participant's accrued benefit derived from the participant's voluntary contributions.

Priority category 2: The portion of a participant's accrued benefit derived from the participant's mandatory contributions.

Priority category 3: The portion of a participant's benefit that was in pay status as of the beginning of the three-year period ending on the termination date of the plan, or that would have been in pay status at the beginning of such three-year period if the participant had retired before the beginning of the three-year period. In either case, however, the benefits in this category are limited to the lowest annuity benefit payable under the plan provisions at any time during the five-year period ending on the termination date (*e.g.*, disregarding benefit increases in the five-year period).

Priority category 4: All other guaranteed benefits, and benefits that would be guaranteed but for the aggregate limit of section 4022B of ERISA and the stricter phase-in limit that applies to business owners.

Priority category 5: All other nonforfeitable benefits under the plan.

Priority category 6: All other benefits under the plan.

PBGC's regulations make a distinction between a participant's "gross" benefit in a priority category and his "net" benefit in that category (although the regulations do not use these terms). The gross benefit is the total amount of the participant's benefit that would be in a priority category, if benefits in higher priority (*i.e.*, lower numbered) categories were not subtracted. The net benefit is the amount in the priority category after subtracting amounts in higher priority categories. For example, a participant's net benefit in priority category 4 generally excludes any portion of his guaranteed benefit that was allocated to priority categories 2 or 3. See 29 CFR 4044.10(c). Descriptions of benefits in a priority category usually refer to the net benefits in that category, and the discussion below generally follows that usage, unless otherwise indicated.

Once the benefits of each participant have been assigned to the applicable priority category or categories, the benefits of all participants are valued, using the rules in PBGC's valuation regulation, 29 CFR part 4044, subpart B. The terminated plan's assets are also valued (at fair market value). The valuation of both the plan benefits and the plan assets is done as of the termination date.

After the plan benefits and assets are valued, the assets are "poured through" the priority categories, beginning with priority category 1. If the assets are sufficient to pay all benefits in priority

category 1, then they pour into priority category 2, and so on until either all benefits in all categories have been covered or until the assets are insufficient to pay all benefits within a category. Where assets are insufficient to pay all benefits within a category, they are allocated among the benefits in that category according to the rules in part 4044 of PBGC's regulations.

It is important to note that benefits in priority category 3—which may or may not be guaranteed—come ahead of guaranteed benefits in priority category 4 in the section 4044 asset allocation. Thus, for example, if a terminated plan's assets are sufficient to cover all benefits in priority category 3, those benefits will be paid by PBGC, regardless of whether they are guaranteed.

PPA 2006 Changes

Section 404 of PPA 2006 made an important change to priority category 3 in the asset allocation, similar to the change to guaranteed benefits. Section 404(b) added a new subsection (e) to section 4044, which provides as follows:

Allocation of Assets Among Priority Groups in Bankruptcy Proceedings.—If a contributing sponsor of a plan has filed or has had filed against such person a petition seeking liquidation or reorganization in a case under title 11, United States Code, or under any similar Federal law or law of a State or political subdivision, and the case has not been dismissed as of the termination date of the plan, then subsection (a)(3) shall be applied by treating the date such petition was filed as the termination date of the plan.

Subsection (a)(3) of section 4044 describes the benefits assigned to priority category 3. As explained above, before PPA 2006 the benefits in priority category 3 were the benefits that were in pay status as of the beginning of the three-year period ending on the termination date, or that would have been in pay status as of that date if the participant had retired—but based on the plan provisions during the five years before the termination date under which the benefit would be the least. See 29 CFR 4044.13. PBGC interprets new section 4044(e) to mean that these three-year and five-year periods are the three-year and five-year periods before the bankruptcy filing date rather than before the termination date. In other words, the benefits in priority category 3 will be benefits in pay status, or that could have been in pay status, three years before the bankruptcy filing date, but generally taking into account only benefit increases that were effective throughout the five-year period ending on the bankruptcy filing date. (The exception in § 4044.13(b)(5) for certain “automatic” benefit increases will apply

to applicable benefit increases in the fourth and fifth years preceding the bankruptcy filing date.)

In addition, the changes made by PPA 2006 section 404(a) to the way guaranteed benefits are determined necessarily affect the gross benefits that are assigned to priority category 4. As explained above, the gross benefits assigned to priority category 4 are guaranteed benefits (and benefits that would be guaranteed but for the aggregate limit of section 4022B and the stricter phase-in limit that applies to business owners). Because section 404(a) of PPA 2006 has modified PBGC's guarantee, the gross benefits assigned to priority category 4 in a PPA 2006 bankruptcy termination are those benefits guaranteed under new section 4022(g), not the benefits that would be guaranteed absent that provision. In other words, the guaranteed benefits in priority category 4 will be the plan benefits that were both accrued and nonforfeitable as of the bankruptcy filing date, based on the guarantee limits as of that date. In addition, the PPA 2006 changes to benefits in priority category 3 necessarily affect the net benefits in priority category 4 as well; some guaranteed benefits that previously would have been in priority category 3 will now fall into priority category 4. The proposed rule reflects this treatment.

PPA 2006 did not amend the other priority categories of section 4044. Therefore, the gross amount of a participant's benefit in those categories will be unaffected by the changes discussed above. For example, the gross amount of a participant's benefit in priority category 5 is all of the participant's benefit that is nonforfeitable as of the plan's termination date. See ERISA section 4044(a)(5); 29 CFR 4044.15. Thus, a benefit that is not guaranteed because it was forfeitable as of the bankruptcy filing date will be treated as nonforfeitable for purposes of priority category 5 if the participant satisfied the conditions of entitlement to the benefit between the bankruptcy filing date and the plan's termination date.

The net amount of a participant's benefit in priority category 5, however, is necessarily affected by the changes to the benefits in priority categories 3 and 4. For example, benefits that are not guaranteed because they became nonforfeitable between the sponsor's bankruptcy filing date and the plan's termination date will not be in priority category 4 but will be in priority category 5. Thus, a participant in that situation will have a smaller guaranteed benefit in priority category 4 and

therefore a larger net benefit in priority category 5. (Benefits in priority category 5 are divided into subcategories, based on whether they would have been payable based on the plan provisions in effect five years before the plan's termination date, or became payable due to subsequent plan amendments. See ERISA section 4044(b)(4) (before PPA 2006, section 4044(b)(3)); 29 CFR 4044.10(e). Because PPA 2006 did not amend this provision, PBGC interprets the five-year period in section 4044(b)(4) of ERISA—and in § 4044.10(e) of PBGC's regulation—as still being the five-year period before the termination date. No change in the regulation is needed to embody this interpretation.)

Like the change to the guarantee provisions, the PPA 2006 changes to the ERISA section 4044 asset allocation apply to PPA 2006 bankruptcy terminations—plan terminations occurring during a bankruptcy proceeding initiated on or after September 16, 2006.

The PPA 2006 changes, as explained above, require PBGC to determine the amount of a participant's monthly benefit in priority category 3 and priority category 4 by reference to the bankruptcy filing date rather than the termination date. Valuing benefits in the priority categories is a different matter. PBGC has always valued benefits and plan assets as of the plan's termination date, and section 4044(e) does not dictate a change to that approach for priority category 3. Although section 4044(e) might be read to suggest that a valuation should be done as of the bankruptcy filing date for purposes of priority category 3, PBGC believes that the better interpretation is that the valuation should still be done as of the termination date. Subsection (a)(3) of section 4044, which is to be “applied” by treating the bankruptcy filing date as the termination date, describes only the kind of benefits that fall into priority category 3, not the time or manner of valuing those benefits or plan assets.

Moreover, because the statutory change applies only to priority category 3, benefits and plan assets will still be valued as of the termination date for all other categories. Using a different valuation date for priority category 3 than for all the other priority categories would be complex to administer, difficult to explain to participants, and anomalous in its results. In the absence of a clear statutory mandate of that intricate approach, PBGC proposes to take the simpler and more coherent approach of valuing benefits and assets as of the termination date for all priority categories.

Accordingly, the proposed rule makes no change to PBGC's existing rules in this regard. Under § 4044.10(c), benefits in a trusted plan will still be valued as of the termination date. The tables in Appendix D to part 4044 used to determine a participant's expected retirement age are also unchanged, and continue to be based on the year in which the plan's termination date occurs and on the facts as of the termination date. A terminated plan's assets, too, will still be valued as of the termination date under § 4044.3(b).

Benefits Payable Under Section 4022(c) of ERISA

Prior Law

Under section 4022(c) of ERISA, PBGC pays additional benefits to participants and beneficiaries, beyond guaranteed benefits and benefits provided by the plan's assets. The amount of section 4022(c) benefits depends on PBGC's recoveries of unfunded benefit liabilities under section 4062 (or, in some circumstances, under sections 4063 or 4064). Sections 4062(a) and (b) of ERISA provide that, when a plan terminates in a distress termination or an involuntary termination, the contributing sponsor of the plan and all members of the contributing sponsor's controlled group are liable to PBGC for the "total amount of the unfunded benefit liabilities (as of the termination date) to all participants and beneficiaries under the plan." The amount of unfunded benefit liabilities, defined in section 4001(a)(18) of ERISA, is the excess of the value of the plan's benefit liabilities over the value of the plan's assets—*i.e.*, the amount of the shortfall in the plan's assets.

PBGC seeks to recover from contributing sponsors and members of their controlled groups as much as it can of terminated plans' unfunded benefit liabilities. A portion of those recoveries is paid to participants and beneficiaries of a terminated plan in accordance with the provisions of section 4022(c) of ERISA. Section 4022(c) provides for determination of a "recovery ratio," which is then multiplied by the total value of the plan's unfunded nonguaranteed benefits to determine the total amount allocable to participants in the plan who have unfunded nonguaranteed benefits. It is allocated to those unfunded nonguaranteed benefits beginning in the section 4044 priority category where the plan's assets ran out, but none of it is allocated to guaranteed benefits—*i.e.*, this section 4022(c) allocation "skips over" guaranteed benefits in the priority categories.

The recovery ratio is described in section 4022(c)(3) of ERISA. For a large plan, it equals the value of PBGC's recovery of unfunded liabilities for that plan divided by the amount of that plan's unfunded benefit liabilities "as of the termination date." For a small plan, the ratio is based on an average of PBGC's recoveries over a five-year period. For this purpose, a small plan is any plan in which the value of unfunded nonguaranteed benefits is equal to or less than \$20 million. (Section 408 of PPA 2006 changed the five-year period over which the recovery ratio is determined for small plans; that change generally applies to plans in which termination was initiated on or after September 16, 2006.)

A plan's unfunded nonguaranteed benefits, as the term suggests, are those benefits that are neither funded by the plan's assets under the section 4044 allocation nor guaranteed by PBGC. (PBGC generally uses the term "unfunded nonguaranteed benefits," because that term is more descriptive than "outstanding amount of benefit liabilities," the term used in section 4001(a)(19) of ERISA.) Stated differently, the unfunded nonguaranteed benefits are the benefits lost by participants on account of their plan's termination, a portion of which is made up by the section 4022(c) allocation.

PPA 2006 Changes

New section 4022(g) instructs PBGC to apply section 4022 by treating the bankruptcy filing date as the plan's termination date. Section 4022(c), of course, is part of section 4022. PBGC interprets this statutory language, for section 4022(c) benefits, to mean that in determining a plan's unfunded nonguaranteed benefits, PBGC must take into account the changes to guaranteed benefits under new section 4022(g) and the changes to the asset allocation under new section 4044(e). For example, a benefit that became nonforfeitable between the bankruptcy filing date and the termination date is not guaranteed and thus (if not funded) is included in the unfunded nonguaranteed benefits.

The regulation also provides that, as in a non-PPA 2006 bankruptcy termination, PBGC will value the unfunded nonguaranteed benefits as of the termination date. For reasons similar to those explained above regarding priority category 3 benefits, PBGC believes that the statutory provision should not be interpreted to require a different valuation date for this purpose.

The proposed regulation similarly provides that the other elements that go into calculation of section 4022(c)

benefits are unaffected by the PPA 2006 changes. The recovery ratio described in section 4022(c)(3)(A), as explained above, is based on PBGC's recoveries of unfunded benefit liabilities. Because that section provides that the denominator of the recovery ratio is the amount of the plan's unfunded benefit liabilities as of the termination date, one might conclude that in a PPA 2006 bankruptcy termination the unfunded benefit liabilities should be determined for this purpose as of the bankruptcy filing date. The proposed regulation does not adopt that approach. The numerator of the recovery ratio—PBGC's recoveries—is based on PBGC's statutory claim for unfunded benefit liabilities, which, under section 4062(b) of ERISA, must be determined as of the termination date. Because section 4062(b) was not amended by PPA 2006, PBGC's recoveries will still be based on that termination date-computed claim. PBGC believes that the general language of section 4022(g) should not be interpreted to require a separate determination of unfunded benefit liabilities to be made as of the bankruptcy filing date, when PBGC recoveries will be based on a determination of unfunded benefit liabilities as of the termination date. Thus, the amount of a plan's unfunded benefit liabilities, as in a non-PPA 2006 bankruptcy termination, will be determined based on the value of the plan's assets and benefit liabilities as of the termination date. *See* ERISA sections 4001(a)(18), 4062(b).

The proposed rule would add a new § 4022.51 to PBGC's regulations to incorporate the above interpretations. It provides, for example, that in computing section 4022(c) benefits in a PPA 2006 bankruptcy termination, the benefits included in a plan's unfunded nonguaranteed benefits take into account the provisions of sections 4022(g) and 4044(e) of ERISA, and the corresponding provisions of PBGC's regulations. The value of unfunded nonguaranteed benefits would be multiplied by the recovery ratio, as in a non-PPA 2006 bankruptcy termination, to determine the total dollar amount to be allocated for the plan. That dollar amount would be allocated to the unfunded nonguaranteed benefits of participants in the same manner as before PPA 2006, but the result of the allocation would be different because of the changes made by section 404 of PPA 2006 to guaranteed benefits and the benefits in priority category 3. For example, a benefit that would have been guaranteed under prior law but is not guaranteed under PPA 2006 and is not

funded under the section 4044 allocation is an unfunded nonguaranteed benefit that might be paid under the section 4022(c) allocation.

Other Issues

Reduction of Benefits to Title IV Levels

In a distress termination, the plan administrator is required, beginning on the proposed termination date, to reduce benefits in pay status to the estimated levels payable under Title IV. See ERISA section 4041(c)(3)(D)(ii); 29 CFR 4041.42(c), 4022.61–4022.63. The proposed regulation provides that for any PPA 2006 bankruptcy termination, those estimated benefits are based on the rules described above relating to the bankruptcy filing date.

PPA 2006 did not change the provision in section 4041 of ERISA about when these benefit reductions are to be made. Accordingly, the proposed regulation does not change the rule in § 4041.42(c) of the regulations that the reductions are made beginning on the proposed termination date.

Recoupment of Overpayments

PBGC's current regulations provide that the agency recoups benefit overpayments if it determines that net benefits paid exceed the amount to which a participant is entitled under Title IV of ERISA. See 29 CFR 4022.81. For example, if a retiree is paid an estimated Title IV benefit of \$3,050 per month while PBGC is processing the termination of the plan, and PBGC later determines that the participant is entitled to a Title IV benefit of only \$3,000 per month, the agency generally recoups the net overpayment (the \$50 difference times the number of months the benefit was overpaid) from future benefit payments. The amount recouped is determined by multiplying future benefit payments by a fraction the numerator of which is the net overpayment and the denominator of which is the present value of the benefit to which the participant is entitled under Title IV. The proposed regulation amends § 4022.82(a) to provide that the denominator is determined taking into account the changes to participants' benefits made by section 404 of PPA 2006.

In computing the net overpayment, the current regulations provide that PBGC takes into account only overpayments made on or after the latest of the proposed termination date, the termination date, or, if no notice of intent to terminate was issued, the date on which proceedings to terminate the plan are instituted pursuant to section

4042 of ERISA. See 29 CFR § 4022.81(c)(1). Thus, for example, in a case where a plan is terminated under section 4042 and the termination date is before the date on which PBGC initiated termination proceedings, PBGC does not recoup overpayments made before initiation of the termination proceedings even though those overpayments were made after (what later became) the termination date.

PBGC proposes not to make any change to this rule. Accordingly, as under prior law, in determining the amount to be recouped (or otherwise recovered, if there are no future benefits from which to recoup), PBGC will include only overpayments made on or after the latest of the proposed termination date, the termination date, or, if no notice of intent to terminate was issued, the date on which proceedings to terminate the plan are instituted pursuant to section 4042 of ERISA.

Entry Into Pay Status

As explained above, under new section 4022(g) of ERISA, PBGC will not guarantee a benefit that was forfeitable as of the bankruptcy filing date even if it became nonforfeitable by the termination date. This includes, for example, a subsidized early retirement benefit to which a participant became entitled between the two dates.

Because the plan normally will have been ongoing as of the bankruptcy filing date, participants who became entitled to subsidized early retirement benefits or other benefits after the bankruptcy filing date but before the termination date may have retired and been put into pay status by the plan administrator. It would impose a hardship on such participants to take them out of pay status, likely depriving them of all or most of their retirement income.

To address this situation, the regulation proposes that participants who became entitled under their plan to subsidized early retirement benefits or other benefits between the bankruptcy filing date and the termination date will be continued in pay status or, if they are not already receiving a benefit, will be allowed to go into pay status. The amount of such a benefit, however, would be reduced to reflect that the subsidy is not guaranteed.

Sufficiency for Guaranteed Benefits

In a distress termination, the plan's enrolled actuary must certify, among other things, whether the plan is sufficient for guaranteed benefits as of the proposed termination date and as of the proposed distribution date. ERISA section 4041(c)(2)(A). In making those

determinations, the actuary must take into account nonguaranteed benefits to which the plan's assets must be allocated under section 4044—notably, nonguaranteed benefits in priority category 3. PBGC must determine whether it agrees that the plan is sufficient for guaranteed benefits. ERISA section 4041(c)(3)(A). If PBGC agrees that the plan is sufficient for guaranteed benefits, it so notifies the plan administrator and the administrator then proceeds to distribute the plan's assets and carry out the termination of the plan. ERISA section 4041(c)(3)(B)(ii). One purpose of the determinations under section 4041 of the plan's sufficiency for guaranteed benefits is to avoid PBGC trusteeship of a plan that has enough assets to pay all the benefits that PBGC would pay if it took over the plan. (Any additional benefits that may be payable under section 4022(c) of ERISA are not considered for purposes of whether a plan is sufficient for guaranteed benefits.)

The proposed regulation provides that in a PPA 2006 bankruptcy termination, the determination of sufficiency for guaranteed benefits is made taking into account the amendments made by section 404 of PPA 2006. That is, the plan actuary and PBGC should determine sufficiency for guaranteed benefits based on whether, as of the termination date and the distribution date, the plan has sufficient assets to pay the benefits that are guaranteed as of the bankruptcy filing date and the benefits that are in priority category 3 as of three years before the bankruptcy filing date (based generally on the plan provisions as of five years before the bankruptcy filing date). It would make little sense to treat as insufficient for guaranteed benefits—and thus require PBGC to trustee—a plan that has enough assets to provide all the benefits that PBGC would pay if it became statutory trustee of the plan.

Amendment of Definition of Basic-Type Benefit

PBGC's regulations define the term "basic-type benefit" in § 4001.2 to mean any benefit that is guaranteed under part 4022 or that would be guaranteed if the guarantee limits in §§ 4022.22 through 4022.27 (primarily the maximum guaranteeable benefit and the phase-in limit) did not apply. A "nonbasic-type benefit" is any benefit provided by a plan other than a basic-type benefit. The effect of this distinction is to treat temporary supplements, which as explained above are generally not guaranteed due to the accrued-at-normal limitation in § 4022.21, as nonbasic-type

benefits. Nonbasic-type benefits are treated differently from basic-type benefits in the section 4044 allocation. *See, e.g.*, §§ 4044.10(c) and 4044.12.

If no change were made to the definition of basic-type benefit in a PPA 2006 bankruptcy termination, benefits that accrued, or to which a participant otherwise became entitled, between the sponsor's bankruptcy filing date and the plan's termination date would become nonbasic-type benefits (because they would not be guaranteed but not due to the limitations in §§ 4022.22 through 4022.27) and thus subject to the different treatment currently accorded temporary supplements. Such benefits would, absent this regulatory change, receive less favorable treatment in priority category 5, a technical result that PBGC believes was not intended by the statutory change. Not amending the regulation would also require PBGC to follow the more complex allocation procedures in part 4044 for nonbasic-type benefits even where a plan has no temporary supplements. Accordingly, the proposed regulation would modify the definition of "basic-type benefits" to provide that benefits not guaranteed solely because they accrued or became nonforfeitable, or the participant became entitled to them, after the bankruptcy filing date will be considered basic-type benefits. This change to the regulatory definition of basic-type benefits requires a conforming change to § 4044.14 of the regulations, to ensure that these nonguaranteed benefits are not placed in priority category 4, which (with limited exceptions for benefits of business owners and of participants in more than one terminated plan) is reserved for guaranteed benefits.

Determination of the Bankruptcy Filing Date

Section 404 of PPA 2006 requires treating the date that a contributing sponsor of a plan has filed or has had filed against it "a petition seeking liquidation or reorganization in a case under title 11, United States Code, or under any similar Federal law or law of a state or political subdivision" as the termination date of the plan, for the purposes discussed above. The proposed regulation uses the term "bankruptcy filing date" to describe the date when a bankruptcy petition has been filed, and PBGC does not anticipate difficulty determining what that date is in most cases.

However, three situations may arise in which there could be ambiguity about the bankruptcy filing date. The first involves conversion of a bankruptcy case—for example, where a bankruptcy

case began with the filing of a petition for reorganization under Chapter 11 of the Bankruptcy Code but was later converted to a liquidation case under Chapter 7. The proposed regulation clarifies that, in such a situation, the date of the original bankruptcy petition is the bankruptcy filing date. This is consistent with section 348 of the Bankruptcy Code, which provides that conversion of a case from one chapter to another under the Bankruptcy Code does not change the date of the filing of the petition.

The second situation involves plans that have more than one contributing sponsor. Section 404 of PPA 2006 applies where a plan terminates during the bankruptcy proceeding of "a" contributing sponsor of a plan. Although most terminating single-employer plans have only a single contributing sponsor, some plans have more than one contributing sponsor. If a plan with multiple contributing sponsors terminates during the sponsors' bankruptcy proceedings and if the various sponsors all filed for bankruptcy on the same date, the proposed regulation provides that that date is the bankruptcy filing date.

However, if the various contributing sponsors filed for bankruptcy on different dates, or if not all of them have filed for bankruptcy, it is not obvious what date should be treated as the bankruptcy filing date. PBGC believes that it would be impracticable to use more than one bankruptcy filing date in determining benefits under a single plan. But PBGC also believes that it would be unwise to attempt to establish a mechanical rule on what date to use that would apply in all cases. The proposed regulation therefore provides that, where a plan has more than one contributing sponsor and not all sponsors filed for bankruptcy on the same date, PBGC will determine the date to treat as the bankruptcy filing date for determining guaranteed benefits and benefits in priority category 3. PBGC's determination will be based on all the relevant facts and circumstances, which may include such things as the size of the various contributing sponsors, the relative amounts of their minimum required contributions to the plan, the amount of time between bankruptcy filing dates, and the expectations of participants regarding continuation of the plan.

The third situation involves liquidation or reorganization cases that are filed, not under the U.S. Bankruptcy Code, but under a "similar * * * law of a state or political subdivision." Some states have insolvency statutes similar to the U.S. Bankruptcy Code and

include provisions similar to 11 U.S.C. 301(a), 302(a), and 303(b) under which a case is commenced by the filing of a petition in court. The date on which such a petition is filed would be treated as the bankruptcy filing date under the proposed rule. Other, perhaps more informal, proceedings, such as assignments for the benefit of creditors, may have different procedures for commencing cases, which may vary from state to state. For such proceedings, PBGC would make case-by-case determinations on what date is most analogous to the date of the filing of a bankruptcy petition and would treat that date as the bankruptcy filing date.

Changes Unrelated to PPA 2006

A few minor changes unrelated to the PPA 2006 amendments are proposed. For example, in §§ 4022.4(a)(1), 4044.2, and 4044.13, the proposed regulation would change the words "date of termination" or "date of plan termination" to "termination date" to conform to the current phrasing in section 4048(a) of ERISA. The proposed regulation would amend § 4022.4 to codify PBGC's practice of allowing a participant who has elected an optional annuity form of benefit (not a lump sum) at any time up until the date that PBGC is appointed statutory trustee of the plan to receive his benefit in that form, even if it is not one of the PBGC optional forms under § 4022.8(c) of the regulations. The proposed regulation would also correct the reference in § 4022.22 to the provision of the Internal Revenue Code defining "earned income"; the definition has been moved from section 911(b) to section 911(d)(2) of the Code since PBGC's original regulation was adopted.

A new § 4022.62(b)(5) has been added to clarify that the rules in § 4022.62(b), which generally apply to the calculation of estimated benefits pending PBGC's determination of final benefits, do not override the requirements of subparts A or B of part 4022 with respect to the requirements for a benefit to be guaranteed by PBGC.

Coordination With Other PPA 2006 Amendments

Section 404 was only one of a number of provisions of PPA 2006 that affect the determination of benefits under Title IV. PBGC's regulations therefore must coordinate the various provisions, where necessary. Below is a description of certain PPA 2006 amendments that interrelate with the changes made by section 404.

Shutdown Benefits and Other Unpredictable Contingent Event Benefits

One situation requiring coordination involves section 403 of PPA 2006, which added new section 4022(b)(8) to the guarantee provisions of Title IV. Section 4022(b)(8) provides a special phase-in rule for shutdown benefits and other “unpredictable contingent event benefits.” In cases to which that provision applies, PBGC is to apply the phase-in rules of section 4022 as if a plan amendment had been adopted on the date that the unpredictable contingent event occurred. For example, in a case in which new section 4022(g) does not apply, if an unpredictable contingent event occurred more than two years but less than three years before the termination date, this would mean that the guarantee of a benefit increase arising from the unpredictable contingent event would be 40% phased in.

But if section 4022(g) also applies to such a case, PBGC believes that, as with other benefit increases, the five-year phase-in period must be measured by reference to the bankruptcy filing date, not the termination date. Thus, continuing the above example, if the sponsor’s bankruptcy filing date were one year before the plan’s termination date, then the guarantee of the unpredictable contingent event benefit would be only 20% rather than 40% phased in, because the unpredictable contingent event would have occurred more than one year but less than two years before the bankruptcy filing date. Section 4022(b)(8) applies to benefits that become payable as a result of an unpredictable contingent event that occurs after July 26, 2005.

PBGC intends to issue a separate proposed rule to implement section 4022(b)(8).

Commercial Airlines

Another provision that raises coordination issues is PPA 2006 section 402(g)(2)(A), which added new section 4022(h) to Title IV. Section 4022(h) modifies the guarantee and asset allocation rules primarily for plans of commercial airlines that make an election under section 402(a)(1) of PPA 2006 (relating to special minimum funding rules) and that terminate within 10 years of such election. Section 4022(h) provides that when those conditions are met, section 4022 is to be applied by treating the first day of the first applicable plan year (for the special airline funding rules) as the termination date of the plan. It also provides generally that the plan’s assets are to be

allocated first to the benefits that would have been guaranteed but for this provision (*i.e.*, ahead of benefits in all other priority categories under section 4044). Section 4022(h) applies to plan years ending after August 17, 2006.

The proposed regulation does not address implementation of section 4022(h) or how it interrelates with the amendments made by section 404 of PPA 2006. PBGC intends to do so in a future rulemaking.

Substantial Owner Benefits

Section 407 of PPA 2006 amended section 4022(b)(5) of ERISA, which previously provided a special phase-in rule for PBGC’s guarantee of the benefits of “substantial owners,” who were generally defined as those owning more than 10% of the business. Under the amendment, a special phase-in rule applies only to benefits of “majority owners,” generally defined as those owning 50% or more of the business. The amendment also completely revamped the way in which the special phase-in rule works. Previously, the substantial owner phase-in rule was used *in lieu* of the usual phase-in rule for benefits of substantial owners. The new majority owner phase-in rule, by contrast, applies *in addition* to the usual phase-in rule, but the additional limitation looks back only 10 years rather than 30 years. Finally, section 407 of PPA 2006 amended section 4044 of ERISA to change the treatment in priority category 4 of benefits subject to the majority owner phase-in. These section 407 amendments are effective for distress terminations in which notices of intent to terminate are provided on or after January 1, 2006, and for involuntary terminations in which notices of determination are provided on or after January 1, 2006.

The proposed regulation does not address implementation of these changes or how they interrelate with the amendments made by section 404 of PPA 2006. PBGC intends to do so in a future rulemaking.

Applicability

Section 404(c) of PPA 2006 provided that the changes made by section 404 apply to any plan whose termination date occurs while bankruptcy proceedings are pending with respect to the contributing sponsor of the plan, if the bankruptcy proceedings were initiated on or after September 16, 2006. Bankruptcy proceedings are pending, for this purpose, if the contributing sponsor has filed or has had filed against it a petition seeking liquidation or reorganization in a case under title 11, United States Code, or under any

similar Federal law or law of a State or political subdivision, and the case has not been dismissed as of the termination date of the plan. Accordingly, the proposed regulation, which implements the statutory changes, likewise applies to terminations occurring during a bankruptcy proceeding of the contributing sponsor that was initiated on or after September 16, 2006.

Compliance With Rulemaking Guidelines

E.O. 12866

PBGC has determined, in consultation with the Office of Management and Budget, that this rule is a “significant regulatory action” under Executive Order 12866. The Office of Management and Budget has therefore reviewed this notice under E.O. 12866. Pursuant to section 1(b)(1) of E.O. 12866 (as amended by E.O. 13422), PBGC identifies the following specific problems that warrant this agency action: Section 404 of the Pension Protection Act of 2006 made significant changes to provisions of Title IV of ERISA relating to the guarantee of benefits under section 4022 and the allocation of a terminated plan’s assets under section 4044. The proposed rule implements those statutory changes and, as described in this preamble, clarifies the implications of those changes in areas where there might be ambiguity in the absence of a regulation. The proposed rule provides guidance to participants and beneficiaries of terminated plans about their benefits paid by PBGC; it will also assist PBGC staff in making benefit determinations. Except for a few minor housekeeping items described above under “Changes Unrelated to PPA 2006,” the proposed rule is limited to implementing and clarifying the changes made by section 404.

Regulatory Flexibility Act

PBGC certifies under section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) that the amendments in this proposed regulation would not have a significant economic impact on a substantial number of small entities. The amendments implement and in some cases clarify statutory changes made in PPA 2006; they do not impose new burdens on entities of any size. Virtually all of the statutory changes affect only PBGC and persons who receive benefits from PBGC. Accordingly, as provided in section 605 of the Regulatory Flexibility Act, sections 603 and 604 do not apply.

For the reasons given above, PBGC proposes to amend 29 CFR parts 4001, 4022, and 4044 as follows.

PART 4001—TERMINOLOGY

1. The authority citation for part 4001 continues to read as follows:

Authority: 29 U.S.C. 1301, 1302(b)(3).

2. In § 4001.2:

a. Amend the definition of “*basic-type benefit*” by adding at the end: “In a PPA 2006 bankruptcy termination, it also includes a benefit accrued by a participant, or to which a participant otherwise became entitled, on or before the plan’s termination date but that is not guaranteed solely because of the provisions of §§ 4022.3(b) or 4022.4(c).”

b. Amend the definition of “*sufficient for guaranteed benefits*” by adding at the end: “In a PPA 2006 bankruptcy termination, the determination whether a plan is sufficient for guaranteed benefits is made taking into account the limitations in sections 4022(g) and 4044(e) of ERISA (and corresponding provisions of these regulations). The determinations of which benefits are guaranteed and which benefits are in priority category 3 under section 4044(a)(3) of ERISA are made by reference to the bankruptcy filing date, but the present values of those benefits are determined as of the proposed termination date and the date of distribution.”

c. Add two new definitions in alphabetical order to read as follows:

§ 4001.2 Definitions.

* * * * *

“*Bankruptcy filing date* means the date on which a petition commencing a case under the United States Bankruptcy Code is filed, or the date on which any similar filing is made commencing a case under any similar Federal law or law of a state or political subdivision, with respect to the contributing sponsor of a plan, if such case has not been dismissed as of the termination date of the plan. If a bankruptcy petition is filed under one chapter of the United States Bankruptcy Code, or under one chapter or provision of any such similar law, and the case is

converted to a case under a different chapter or provision of such Code or similar law (for example, a Chapter 11 reorganization case is converted to a Chapter 7 liquidation case), the date of the original petition is the bankruptcy filing date. If such a plan has more than one contributing sponsor: (a) If all contributing sponsors entered bankruptcy on the same date, that date is the bankruptcy filing date; (b) if all contributing sponsors did not enter bankruptcy on the same date (or if not all contributing sponsors have filed for bankruptcy), PBGC will determine the date that will be treated as the bankruptcy filing date based on all the facts and circumstances, including but not limited to the relative sizes of the contributing sponsors, the relative amounts of their minimum required contributions to the plan, and the expectations of participants regarding continuation of the plan.

* * * * *

PPA 2006 bankruptcy termination means a plan termination to which section 404 of the Pension Protection Act of 2006 applies. Section 404 of the Pension Protection Act of 2006 applies to any plan termination in which the termination date occurs while bankruptcy proceedings are pending with respect to the contributing sponsor of the plan, if the bankruptcy proceedings were initiated on or after September 16, 2006. Bankruptcy proceedings are pending, for this purpose, if a contributing sponsor has filed or has had filed against it a petition seeking liquidation or reorganization in a case under title 11, United States Code, or under any similar Federal law or law of a State or political subdivision, and the case has not been dismissed as of the termination date of the plan.”

PART 4022—BENEFITS PAYABLE IN TERMINATED SINGLE-EMPLOYER PLANS

3. The authority citation for part 4022 continues to read as follows:

Authority: 29 U.S.C. 1302, 1322, 1322b, 1341(c)(3)(D), and 1344.

4. Immediately preceding subpart A, add the following note:

Note: PBGC has not yet amended part 4022 to reflect certain changes made by the Pension Protection Act of 2006, Public Law 109–280. Those changes include Section 402(g)(2)(A) of PPA 2006 added section 4022(h) to ERISA, which modifies the Title IV guarantee and asset-allocation rules primarily for plans of certain commercial airlines. Section 403 of PPA 2006 added section 4022(b)(8) to ERISA, which provides a special rule for the phase-in of PBGC’s

guarantee of shutdown benefits and other “unpredictable contingent event benefits”. Section 407 of PPA 2006 amended section 4022(b)(5) of ERISA to change the rules for the phase-in of PBGC’s guarantee of the benefits of business owners. Section 408 of PPA 2006 amended section 4022(c)(3)(B)(ii) of ERISA to change the five-year period used for averaging PBGC’s recoveries in computing benefits under section 4022(c). PBGC intends to amend part 4022 at a later date to conform it to current statutory provisions.

§ 4022.2 [Amended]

5. In § 4022.2, amend the first paragraph by removing the words “annuity, Code” and adding in their place “annuity, bankruptcy filing date, Code”; and by removing the words “plan year, proposed termination date” and adding in their place “plan year, PPA 2006 bankruptcy termination, proposed termination date”.

6. In § 4022.3:

a. Redesignate paragraphs (a), (b), and (c) as paragraphs (1), (2), and (3).

b. Designate the introductory text as paragraph (a), and add a new heading “*General*.”

c. Add new paragraph (b) to read as follows:

§ 4022.3 Guaranteed benefits.

(a) *General.* * * *

(b) *PPA 2006 bankruptcy termination.*

(1) *Substitution of bankruptcy filing date.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “termination date” each place that “termination date” appears in paragraph (a) of this section.

(2) *Examples.*

(i) *Vesting.* A plan provides for 5-year “cliff” vesting—*i.e.*, benefits become 100% vested when the participant completes five years of service; before the five-year mark, benefits are 0% vested. The contributing sponsor of the plan files a bankruptcy petition on November 15, 2006. The plan terminates with a termination date of December 4, 2007, and PBGC becomes statutory trustee of the plan. A participant had four years and six months of service at the bankruptcy filing date and became vested in May 2007. None of the participant’s benefit is guaranteed because the benefit was not nonforfeitable as of the bankruptcy filing date.

(ii) *Subsidized early retirement benefit.* The facts regarding the plan are the same as in Example (i), but the plan also provides that a participant may retire from active employment with a subsidized (*i.e.*, not actuarially reduced) early retirement benefit if he is at least age 55 and has completed 10 years of service. A participant was age 55 and had nine years and six months of

service at the bankruptcy filing date. The participant continued working for another six months, then retired as of June 1, 2007, and immediately began receiving from the plan a subsidized early retirement benefit. The subsidized early retirement benefit is not guaranteed by PBGC because it was not nonforfeitable on the bankruptcy filing date. PBGC will continue paying the participant a benefit, but it will guarantee only that portion of the participant's benefit that does not include the subsidy. PBGC would also allow a similarly situated participant who had not started receiving a benefit before PBGC became trustee of the plan to begin receiving a benefit, but in an amount that does not include the subsidy.

(iii) *Accruals after bankruptcy filing date.* The facts regarding the plan are the same as in Example (i). A participant has a vested, accrued benefit of \$500 per month as of the bankruptcy filing date. At the plan's termination date, the participant has a vested, accrued benefit of \$512 per month. His guaranteed benefit is limited to \$500 per month, the accrued, nonforfeitable benefit as of the bankruptcy filing date.

7. In § 4022.4:

a. Amend paragraph (a)(1) by removing "date of the termination" and adding in its place "termination date".

b. Amend paragraph (a)(3) by removing "; or" at the end.

c. Amend paragraph (a)(4) by adding "; or" at the end.

d. Revise paragraph (a)(2) and add new paragraph (c) to read as follows:

§ 4022.4 Entitlement to benefit.

(a) * * *

(2) The benefit is an annuity form of payment that the participant or beneficiary elected before the termination date of the plan or, if later, the date on which PBGC became statutory trustee of the plan.

* * * * *

(c) In a PPA 2006 bankruptcy termination, "bankruptcy filing date" is substituted for "termination date" each place that "termination date" appears in paragraphs (a)(1) and (a)(3) of this section.

8. In § 4022.6:

a. Amend paragraph (a) by removing "provided in paragraph (b) of" and adding in its place "otherwise provided in".

b. Add new paragraph (d) to read as follows:

§ 4022.6 Annuity payable for total disability.

* * * * *

(d) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination,

"bankruptcy filing date" is substituted for "termination date" in paragraph (a) of this section.

9. In § 4022.21:

a. Amend paragraph (a)(1) by removing "(b), (c) and (d)" in the first sentence and adding in its place "(b), (c), (d), and (e)."

b. Add new paragraph (e) to read as follows:

§ 4022.21 Limitations; in general.

* * * * *

(e) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, "bankruptcy filing date" is substituted for "termination date" each place that "termination date" appears in paragraph (a)(1) of this section. Example: A plan provides for normal retirement at age 65. If a participant terminates employment at or after age 55 with 25 years of service, the plan will pay an unreduced early retirement benefit, plus a temporary supplement of \$400 per month until the participant reaches age 62. There are no recent benefit increases subject to the phase-in limitation. When the plan's contributing sponsor files a bankruptcy petition in 2008, a participant who is still working has a vested, accrued benefit of \$1,500 per month (as a straight-life annuity) and has satisfied the age and service requirements for the unreduced early retirement benefit. The participant retires eight months later, when his vested, accrued benefit is \$1,530 per month (as a straight-life annuity). He elects to receive his benefit as a 50% joint-and-survivor annuity, and begins receiving a total benefit of \$1,777: his \$1,530 accrued benefit, reduced by 10% for the survivor benefit, plus the \$400 temporary supplement. The plan terminates six months later, during the sponsor's bankruptcy. From the termination date until the participant reaches age 62, PBGC will guarantee \$1,500: the \$1,500 accrued benefit (as a straight-life annuity) as of the bankruptcy filing date, reduced to \$1,350 to reflect the 10% reduction for the survivor benefit, plus \$150 of the temporary supplement that, in combination with the \$1,350, does not exceed the \$1,500 accrued-at-normal limit. When the participant reaches age 62, his guaranteed benefit is reduced to \$1,350, because under plan provisions the temporary supplement ceases at that time.

10. Revise § 4022.22 to read as follows:

§ 4022.22 Maximum guaranteeable benefit.

(a) *In general.* Subject to section 4022B of ERISA and part 4022B of this chapter, and except as provided in

paragraph (b) of this section, benefits payable with respect to a participant under a plan shall be guaranteed only to the extent that such benefits do not exceed the actuarial value of a benefit in the form of a life annuity payable in monthly installments, commencing at age 65 equal to the lesser of—

(1) One-twelfth of the participant's average annual gross income from his employer during either his highest-paid five consecutive calendar years in which he was an active participant under the plan, or if he was not an active participant throughout the entire such period, the lesser number of calendar years within that period in which he was an active participant under the plan; or

(2) \$750 multiplied by the fraction $x/\$13,200$ where "x" is the Social Security contribution and benefit base determined under section 230 of the Social Security Act in effect at the termination date of the plan.

(b) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination—

(1) The five-year period described in paragraph (a)(1) of this section shall not include any calendar years that end after the bankruptcy filing date.

(2) "Bankruptcy filing date" is substituted for "termination date of the plan" in paragraph (a)(2) of this section. Example: A contributing sponsor files a bankruptcy petition in 2007. The sponsor's plan terminates in a distress termination with a termination date in 2008. PBGC will compute participants' maximum guaranteeable benefits based on the amount determined under paragraph (a)(2) of this section for 2007 (\$4,125.00 as a straight-life annuity starting at age 65).

(c) *Gross income.* For purposes of paragraph (a)(1) of this section—

(1) Gross income means "earned income" as defined in section 911(d)(2) of the Code, determined without regard to any community property laws.

(2) If the plan is one to which more than one employer contributes, and during any calendar year the participant received gross income from more than one such contributing employer, then the amounts so received shall be aggregated in determining the participant's gross income for the calendar year.

11. In § 4022.23, add new paragraph (g) to read as follows:

§ 4022.23 Computation of maximum guaranteeable benefits.

* * * * *

(g) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, "bankruptcy filing date" is substituted for "termination date" each place that

“termination date” appears in paragraphs (c), (d), and (f) of this section. Example: The contributing sponsor of a plan files a bankruptcy petition in July 2007, and the sponsor’s plan terminates in a PBGC-initiated termination with a termination date in July 2008. At the bankruptcy filing date:

- Participant A was age 64 and receiving a benefit from the plan in the form of a 10-year certain-and-continuous annuity, with 4 years remaining in the certain period.
- Participant B was age 60 and 6 months and was still working; he began receiving a benefit from the plan in the form of a 50% joint-and-survivor annuity when he turned 61 in January 2008. His spouse was the same age as he.
- Participant C was age 59 and was still working; he began receiving a straight-life annuity from the PBGC in July 2010 when he was 62 years old.

In accordance with § 4022.22(b)(2), PBGC computes the maximum guaranteeable monthly benefit for Participants A, B, and C based on the amount determined under section 4022.22(a)(2) for 2007. (The gross income-based limitation in § 4022.22(a)(1) does not apply to any of these participants.) Participant A’s maximum guaranteeable monthly benefit is \$3,759.25 [$\$4,125.00 \times .93$ (7% reduction for a benefit starting at age 64) $\times .98$ (2% reduction for a certain-and-continuous annuity with 4 years remaining in the certain period)]. Participant B’s maximum guaranteeable monthly benefit is \$2,673.00 [$\$4,125.00 \times .72$ (28% reduction for a benefit starting at age 61) $\times .90$ (10% reduction due to the 50% joint-and-survivor feature)]. Participant C’s maximum guaranteeable monthly benefit is \$3,258.75 [$\$4,125.00 \times .79$ (21% reduction for a benefit starting at age 62)].

12. In § 4022.24, add new paragraph (f) to read as follows:

§ 4022.24 Benefit increases.

* * * * *

(f) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “termination date” each place that “termination date” appears in paragraphs (a) and (c) of this section.

13. In § 4022.25, add new paragraph (f) to read as follows:

§ 4022.25 Five-year phase-in of benefit guarantee for participants other than substantial owners.

* * * * *

(f) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination,

“bankruptcy filing date” is substituted for “termination date” each place that “termination date” appears in paragraphs (c) and (d) of this section. Example: A plan amendment that was adopted and effective in February 2007 increased a participant’s benefit by \$300 per month. The contributing sponsor of the plan filed a bankruptcy petition in March 2009 and the plan has a termination date in April 2010. PBGC’s guarantee of the participant’s benefit increase is limited to \$120 ($\$300 \times 40\%$), because the increase was made more than 2 years but less than 3 years before the bankruptcy filing date.

14. In the heading for Subpart C, remove “Unfunded Nonguaranteed Benefits [RESERVED]” and add in its place “Section 4022(c) Benefits.”

15. Add new § 4022.51 to Subpart C to read as follows:

§ 4022.51 Determination of section 4022(c) benefits in a PPA 2006 bankruptcy termination.

(a) *Amount of unfunded nonguaranteed benefits.* For purposes of this section, and subject to paragraph (b), a plan’s amount of unfunded nonguaranteed benefits means the plan’s outstanding amount of benefit liabilities, as defined in section 4001(a)(19) of ERISA, determined as of the plan’s termination date. A plan’s amount of unfunded nonguaranteed benefits is multiplied by the applicable recovery ratio to determine the aggregate amount to be allocated with respect to participants of the plan under section 4022(c)(1) of ERISA.

(b) *Benefits included in unfunded nonguaranteed benefits.* For purposes of computing benefits under section 4022(c) of ERISA in a PPA 2006 bankruptcy termination, unfunded nonguaranteed benefits are benefits under a plan as of the plan’s termination date that are neither guaranteed by PBGC (taking into account section 4022(g) of ERISA) nor funded by the plan’s assets (taking into account section 4044(e) of ERISA).

(c) *Determination of recovery ratio.* In a PPA 2006 bankruptcy termination, the recovery ratio under section 4022(c) of ERISA is determined as follows. The numerator is based on PBGC’s recoveries under section 4062, 4063, or 4064, valued as of the plan’s (or plans’) termination date (or dates). The denominator of the recovery ratio is based on the amount of unfunded benefit liabilities, as defined in section 4001(a)(18) of ERISA, as of the plan’s (or plans’) termination date (or dates).

16. In § 4022.61:

a. Amend paragraph (c) by removing “4022.22(b)” and adding in its place

“4022.22(a)(2)” and by adding at the end: “In a PPA 2006 bankruptcy termination, the maximum guaranteeable benefit is determined as of the bankruptcy filing date, in accordance with §§ 4022.22(b) and 4022.23(g) of this part.”

b. Amend paragraph (f) introductory text by removing “:” and adding in its place “.” and by adding at the end “(For examples addressing issues specific to a PPA 2006 bankruptcy termination, see §§ 4022.21(e), 4022.22(b), and 4022.23(g).)”

17. In § 4022.62:

a. Amend paragraph (b)(1) by adding at the end: “In a PPA 2006 bankruptcy termination:”

b. Amend paragraph (b)(2) by adding at the end: “In a PPA 2006 bankruptcy termination, the plan administrator shall use the participant’s age as of the benefit commencement date and his or her service and compensation as of the bankruptcy filing date.”

c. Redesignate paragraph (e) as paragraph (f).

d. Amend the newly redesignated paragraph (f) introductory text by removing “:” and adding in its place “.” and by adding at the end: “(For an example addressing issues specific to a PPA 2006 bankruptcy termination, see § 4022.25(f).)”

e. Add new paragraphs (b)(1)(i), (b)(1)(ii), (b)(5), and (e) to read as follows:

§ 4022.62 Estimated guaranteed benefits.

* * * * *

(b) * * *

(1) * * *

(i) If the participant was also in pay status as of the bankruptcy filing date, the plan administrator shall use the participant’s age and benefit payable under the plan as of the bankruptcy filing date.

(ii) If the participant was not in pay status as of the bankruptcy filing date, the plan administrator shall use the participant’s age as of the benefit commencement date and his or her service and compensation as of the bankruptcy filing date.”

* * * * *

(5) Nothing in this paragraph (b) overrides the provisions of subparts A and B of part 4022 with respect to the requirements necessary for a benefit to be guaranteed by PBGC.

* * * * *

(e) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “proposed termination date” each place that “proposed termination date” appears in paragraph (c) of this section.

18. In § 4022.63:

a. Redesignate paragraph (c)(1) as paragraph (c)(1)(i) and redesignate paragraph (c)(2) as paragraph (c)(1)(ii).

b. Redesignate the introductory text of paragraph (c) as paragraph (c)(1) and add a new heading “*In general.*”

c. In paragraph (e), amend Example 1 by adding a new paragraph at the end:

PPA 2006 bankruptcy termination. In a PPA 2006 bankruptcy termination, the methodology would be the same, but “bankruptcy filing date” would be substituted for “proposed termination date” each place that “proposed termination date” appears in the example, and the numbers would change accordingly.

d. Add new paragraphs (b)(3) and (c)(2) to read as follows:

§ 4022.63 Estimated title IV benefits.

* * * * *

(b) * * *

(3) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “proposed termination date” in the first sentence of paragraph (b)(2) of this section.

(c) *In general.* * * *

(2) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “proposed termination date” each place that “proposed termination date” appears in paragraph (c)(1) of this section.

* * * * *

19. In § 4022.82:

a. Amend paragraph (a)(1) by redesignating the second sentence as paragraph (a)(1)(i), and add a new heading “*Non-PPA 2006 bankruptcy termination*” and by redesignating the third sentence as paragraph (a)(1)(iii) and add a new heading “*Facts and circumstances.*”

b. Amend the newly redesignated (a)(1)(iii) by removing “The PBGC may, however, utilize” and adding in its place “PBGC may use”.

c. Add new paragraph (a)(1)(ii) to read as follows:

§ 4022.82 Method of recoupment.

(a) * * *

(1) * * *

(i) *Non-PPA 2006 bankruptcy termination.* * * *

(ii) *PPA 2006 bankruptcy termination.* PBGC will determine the amount of benefit payable with respect to the participant under title IV of ERISA taking into account the limitations in sections 4022(g) and 4044(e) (and corresponding provisions of these regulations), and will determine the present value of that amount as of the

termination date, using PBGC interest rates and factors in effect on the termination date.

(iii) *Facts and circumstances.* * * *

* * * * *

20. In Appendix D to Part 4022, amend the introductory text by removing “§ 4022.22(b)” and adding in its place “§ 4022.22(a)(2)”, and by replacing “.” with a “,”, and by adding a sentence at the end to read as follows: “In a PPA 2006 bankruptcy termination, the applicable year is the calendar year in which the bankruptcy filing date occurred.”

PART 4044—ALLOCATION OF ASSETS IN SINGLE-EMPLOYER PLANS

21. The authority citation for part 4044 continues to read as follows:

Authority: 29 U.S.C. 1301(a), 1302(b)(3), 1341, 1344, 1362.

22. In the Note before subpart A:

a. In the second sentence, remove “in the PBGC’s” and add in its place “in other provisions of the PBGC’s”.

b. After the second sentence, add a sentence to read as follows: “In addition, the Pension Protection Act of 2006 has made a number of significant changes, including changes to the treatment in priority category 4 of benefits of owners, and changes to the valuation of PBGC recoveries of liabilities under section 4062(c) of ERISA.”

23. In § 4044.2:

a. Amend paragraph (a) by removing “annuity, basic-type benefit” and adding in its place “annuity, bankruptcy filing date, basic-type benefit” and by removing “plan administrator, single-employer plan” and adding in its place “plan administrator, PPA 2006 bankruptcy termination, single-employer plan”.

b. In paragraph (b), amend the definition of “valuation date” by removing “date of termination” and adding in its place “termination date”.

24. In § 4044.10(b), add the phrase “, but, in a PPA 2006 bankruptcy termination, subject to the limitations in sections 4022(g) and 4044(e) of ERISA (and corresponding provisions of these regulations)”, at the end of the last sentence.

25. In § 4044.13, add new paragraph (c) to read as follows:

§ 4044.13 Priority category 3 benefits.

* * * * *

(c) *PPA 2006 bankruptcy termination.* In a PPA 2006 bankruptcy termination, “bankruptcy filing date” is substituted for “termination date” and “date of the plan termination” each place that

“termination date” and “date of the plan termination” appear in paragraphs (a) and (b) of this section. In paragraph (b)(5), “the bankruptcy filing date” is substituted for “termination” in the phrase “during the fourth and fifth years preceding termination.” Example: A plan provides for normal retirement at age 65 and has only one early retirement benefit: a subsidized early retirement benefit for participants who terminate employment on or after age 60 with 20 years of service. These plan provisions have been unchanged since 1990. The contributing sponsor of the plan files a bankruptcy petition in June 2008, and the plan terminates during the bankruptcy with a termination date in September 2010. A participant retired in July 2007, at which time he was age 60 and had 20 years of service, and began receiving the subsidized early retirement benefit. The participant has no benefit in priority category 3, because he was not eligible to retire three or more years before the June 2008 bankruptcy filing date.

26. Amend § 4014.14 by removing “basic-type benefits that do not exceed the guarantee limits set forth in subpart B of part 4022 of this chapter” and adding in its place “guaranteed benefits”.

Issued in Washington, DC, this day of June, 2008.

Vincent K. Snowbarger,

Acting Director, Pension Benefit Guaranty Corporation.

38 CFR Part 21

RIN 2900–AM91

Vocational Rehabilitation and Employment Program—Duty To Assist

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the vocational rehabilitation and employment regulations of the Department of Veterans Affairs (VA) concerning VA’s responsibility to provide notification regarding information or evidence needed for an individual to substantiate a claim for vocational rehabilitation benefits and services, and regarding applicable time periods. VA’s duty to assist claimants in substantiating their claims for benefits is expanded by The Veterans Claims Assistance Act of 2000, and is

incorporated in this rulemaking. Specifically, upon receipt of a substantially complete application for benefits, VA will make reasonable efforts to help the claimant obtain the evidence necessary to substantiate the claim. In addition, VA proposes to make changes to improve readability and other clarifying changes that are nonsubstantive.

DATES: Comments must be received on or before September 2, 2008.

ADDRESSES: Written comments may be submitted through <http://www.Regulations.gov>; by mail or hand-delivery to the Director, Regulations Management (00REG), Department of Veterans Affairs, 810 Vermont Ave., NW., Room 1068, Washington, DC 20420; or by fax to (202) 273-9026. Comments should indicate that they are submitted in response to "RIN 2900-AM91—Vocational Rehabilitation and Employment Program—Duty to Assist." Copies of comments received will be available for public inspection in the Office of Regulation Policy and Management, Room 1063B, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday (except holidays). Please call (202) 461-4902 for an appointment. This is not a toll free phone number. In addition, during the comment period, comments may be viewed online through the Federal Docket Management System (FDMS) at <http://www.Regulations.gov>.

SUPPLEMENTARY INFORMATION: In 38 CFR part 21, Subpart A—Vocational Rehabilitation Under 38 U.S.C. Chapter 31, we propose to amend VA's regulations concerning claims for vocational rehabilitation and employment benefits and services, by amending 38 CFR 21.32 and adding § 21.33 with regard to VA's duty to assist claimants and applicable time limits. Those provisions would apply to claimants for such benefits and services under 38 U.S.C. chapter 31, Training and Rehabilitation for Veterans with Service-Connected Disabilities and 38 U.S.C. chapter 18, Benefits for Children of Vietnam Veterans and Certain Other Veterans.

The Veterans Claims Assistance Act of 2000 (Pub. L. 106-475) (VCAA), enacted November 9, 2000, included provisions amending 38 U.S.C. 5102

and 5103 and adding new sections 38 U.S.C. 5100 and 5103A, pertaining to VA's duty to assist claimants in obtaining evidence in support of claims for benefits. Upon receipt of a substantially complete application for benefits, VA's duty under the VCAA is to make reasonable efforts to help the claimant obtain the evidence necessary to substantiate the claim. This effort is commonly referred to as the "duty to assist." VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the claimant would substantiate the claim. Similarly, VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would substantiate the claim. Finally, VA will not consider the receipt of a notice of disagreement relating to a claim as an "application" for benefits that would trigger its duty to assist. Section 701 of the Veterans Benefits Act of 2003 (Pub. L. 108-183) further amended 38 U.S.C. 5102 and 5103 regarding time limitations relevant to claimant's applications. Public Law 108-183 allows VA to decide a claim before the one-year time limit for submitting evidence expires.

Under 38 U.S.C. 5103A(e), VA is directed to prescribe regulations to carry out the provisions of section 5103A. In the *Federal Register* of August 29, 2001 (66 FR 45620), VA issued a final rule amending 38 CFR part 3, subpart A, to carry out those and other provisions of the VCAA with respect to claims for benefits that are governed by 38 CFR part 3 (including compensation, pension, dependency and indemnity compensation, burial benefits, monetary benefits ancillary to those benefits, and special benefits) (66 FR at 45629).

In the *Federal Register* of April 30, 2008 (73 FR 23353), VA published a final rule amending provisions in 38 CFR 3.159 that were included in those 2001 regulations. The final rule was based on the rationale in its preamble and in the preamble to a proposed rule that VA published on October 31, 2006 (71 FR 63732). Those amendments were intended, in part, to clarify when VA has no duty to provide notice under 38 U.S.C. 5103(a) "of any information, and any medical or lay evidence, not previously provided to the Secretary that is necessary to substantiate" a claim for benefits. In particular, that rule included provisions that were intended to clarify that VA's receipt of a notice of disagreement (the means to initiate an

appeal of a decision on a claim to the Board of Veterans' Appeals, under 38 U.S.C. 7105 and 38 CFR 20.200) does not trigger VA's duty to provide that notice. (See 73 FR 23353-23354, 23356; 71 FR 63732-63734.)

In addition, in the *Federal Register* of April 5, 2007 (72 FR 16962), VA published a final rule that included provisions concerning, among other matters, VA's duty to assist claimants for VA education benefits. The final rule was based on the rationale in its preamble and in the preamble to a proposed rule that VA published in the *Federal Register* of February 22, 2006 (71 FR 9196). The final rule's provisions concerning VA's duty to assist claimants for VA education benefits, which were adopted without change from those in the proposed rule, are contained in 38 CFR 21.1031 and 21.1032.

We propose to amend § 21.32 and to add § 21.33 to describe VA's responsibilities for notifying the claimant of necessary information or evidence when a claim for vocational rehabilitation and employment benefits is filed, the time periods for response by the claimant or in which VA may take action in adjudicating the claim, and VA's duty to assist claimants in obtaining evidence. In particular, we are proposing that VA may decide the claim if the claimant has not responded to that notice within 30 days from the date of the notice, as set forth in proposed § 21.32(d). Under that paragraph, if the claimant subsequently submits the specified evidence or information within one year of VA's request, VA must readjudicate the claim. We believe that 30 days is a reasonable time period for these claimants to respond. It is specifically supported by our experience in administering VA's vocational rehabilitation programs, and is the same time for response provided in other circumstances under those programs. A claimant may delay VA action beyond the 30 days by responding with a request that VA wait beyond the 30-day period while the claimant attempts to gather evidence. The proposed 30-day time period also is based on administrative concerns, and is intended to assure that a lack of response does not unnecessarily delay a VA decision on the claim.

The proposed rule states that, for purposes of 38 CFR 21.32 and 21.33, the term "application" does not include a notice of disagreement. This is consistent with the provisions of 38 CFR 3.159(b)(3) as added, effective May 30, 2008, by the April 30, 2008, final rule (73 FR 23353, 23356), and the accompanying rationale published by VA in that rule's preamble (73 FR

23353–23354) and in the preamble to the corresponding proposed rule (71 FR 63732–63734).

The proposed changes to § 21.32 are also intended to improve readability, including by removing provisions in current § 21.32 that we believe are unnecessary, and to make other clarifying changes that are nonsubstantive.

These proposed rules would apply to the vocational rehabilitation programs administered by the Secretary and would apply to claims for vocational rehabilitation benefits and services filed on or after the effective date of the final rule.

Finally, we propose to add § 21.8015 to Subpart M of part 21 to clarify VA's responsibilities to claimants who apply for vocational rehabilitation benefits and services under that subpart. The proposed section would provide that §§ 21.32 and 21.33, which are located in subpart A, would apply also to claims for such benefits and services under subpart M.

Paperwork Reduction Act of 1995

This document contains no provisions constituting a new collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3521).

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any 1 year. This proposed rule would have no such effect on State, local, and tribal governments, or on the private sector.

Executive Order 12866

Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The Executive Order classifies a “significant regulatory action,” requiring review by the Office of Management and Budget (OMB) unless OMB waives such review, as any regulatory action that is likely to result in a rule that may: (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or

safety, or State, local, or tribal governments or communities; (2) create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive Order.

The economic, interagency, budgetary, legal, and policy implications of this proposed rule have been examined and it has been determined to be a significant regulatory action under Executive Order 12866 because it may raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive Order.

Regulatory Flexibility Act

The Secretary hereby certifies that this proposed regulatory amendment would not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This proposed amendment would not directly affect any small entities. Only individuals could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this proposed amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance numbers and titles for the programs that would be affected by this proposed rule are 64.116, Vocational Rehabilitation for Disabled Veterans, and 64.128, Vocational Training and Rehabilitation for Vietnam Veterans' Children with Spina Bifida or Other Covered Defects.

Gordon H. Mansfield,

Deputy Secretary of Veterans Affairs.

For the reasons set forth in the preamble, VA proposes to amend 38 CFR part 21 (subparts A and M) as follows:

PART 21—VOCATIONAL REHABILITATION AND EDUCATION

Subpart A—Vocational Rehabilitation and Employment Under 38 U.S.C. Chapter 31

1. The authority citation for part 21, subpart A is revised to read as follows:

Authority: 38 U.S.C. 501(a), chs. 18, 31, and as noted in specific sections.

2. The Subpart A heading is revised as set forth above.

3. Revise § 21.32 to read as follows:

§ 21.32 Notification by VA of necessary information or evidence when a claim is filed; time for claimant response and VA action.

The provisions of this section apply to claims that are governed by this subpart or subpart M of this part.

(a) *VA has a duty to notify claimants of necessary information or evidence.* Except when a claim cannot be substantiated because there is no legal basis for the claim, or undisputed facts render the claimant ineligible for the claimed benefit, when VA receives a complete or substantially complete application for vocational rehabilitation benefits and services provided under this subpart or subpart M of this part VA will:

(1) Notify the claimant of any information and evidence that is necessary to substantiate the claim;

(2) Inform the claimant which information and evidence, if any, the claimant is to provide to VA and which information and evidence, if any, VA will try to obtain for the claimant; and

(3) Inform the claimant of the time limit, as provided in paragraph (c) of this section, for responding to VA's notification, and of actions, as provided in paragraph (d) of this section, that VA may take to decide the claim if the claimant does not respond to such notification within 30 days.

(b) *Definitions for purposes of §§ 21.32 and 21.33.* For purposes of this section and § 21.33:

(1) The term *application* does not include a notice of disagreement.

(2) The term *notification* means the notice described in paragraph (a) of this section.

(3) The term *substantially complete application* means, for an individual's first application for vocational

rehabilitation benefits and services administered by VA, an application containing:

- (i) The claimant's name;
- (ii) His or her relationship to the veteran, if applicable;
- (iii) Sufficient information for VA to verify the claimed service, if applicable; and
- (iv) The benefit claimed.

(4) The term *information* means nonevidentiary facts, such as the claimant's Social Security number or address, or the name of the educational institution the claimant is attending.

(c) *Time limit.* Any information and evidence described in the notification as information and evidence that the claimant is to provide must be received by VA within one year from the date of the notification. If VA does not receive the information and evidence from the claimant within that time period, VA may adjudicate the claim based on the information and evidence in the file.

(d) *Actions VA may take after 30 days if no response from claimant.* If the claimant has not responded to the notification within 30 days, VA may decide the claim before the expiration of the one-year period, based on all the information and evidence in the file, including information and evidence it has obtained on behalf of the claimant. If VA does so, however, and the claimant subsequently provides the information and evidence specified in the notification within one year of the date of the notification, VA must readjudicate the claim. If VA's decision on a readjudication is favorable to the claimant, the award of vocational rehabilitation benefits and services shall take effect as if the prior decision by VA on the claim had not been made.

(e) *Incomplete applications.* If VA receives an incomplete application for benefits, it will notify the claimant of the information necessary to complete the application and will defer assistance until the claimant submits this information. If the information necessary to complete the application is not received by VA within one year from the date of such notice, VA cannot pay or provide any benefits based on that application.

(f) *Who VA will notify.* For the purpose of this section, when VA seeks to notify a claimant, it will provide such notice to:

- (1) The claimant;
- (2) His or her fiduciary, if any; and
- (3) His or her representative, if any.

(Authority: 38 U.S.C. 5102, 5103, 5103A(a)(3))

4. Immediately after § 21.32 and prior to the cross-reference, add § 21.33, to read as follows:

§ 21.33 VA has a duty to assist claimants in obtaining evidence.

The provisions of this section apply to claims that are governed by this subpart or subpart M of this part.

(a) *VA's duty to assist begins when VA receives a complete or substantially complete application.* (1) Except as provided in paragraph (d) of this section, upon receipt of a complete or substantially complete application for vocational rehabilitation benefits and services under this subpart or subpart M of this part, VA will:

- (i) Make reasonable efforts to help a claimant obtain evidence necessary to substantiate the claim; and
- (ii) Give the assistance described in paragraphs (b) and (c) of this section to an individual attempting to reopen a finally decided claim.

(2) VA will not pay any fees a custodian of records may charge to provide the records VA requests.

(Authority: 38 U.S.C. 5103A)

(b) *Obtaining records not in the custody of a Federal department or agency.* (1) VA will make reasonable efforts to obtain relevant records not in the custody of a Federal department or agency. These records include relevant records from:

- (i) State or local governments;
- (ii) Private medical care providers;
- (iii) Current or former employers; and
- (iv) Other non-Federal governmental sources.

(2) The reasonable efforts described in paragraph (b)(1) of this section will generally consist of an initial request for the records and, if VA does not receive the records, at least one follow-up request. The following are exceptions to this provision concerning the number of requests that VA generally will make:

- (i) VA will not make a follow-up request if a response to the initial request indicates that the records sought do not exist or that a follow-up request for the records would be futile.

(ii) If VA receives information showing that subsequent requests to this or another custodian could result in obtaining the records sought, reasonable efforts will include an initial request and, if VA does not receive the records, at least one follow-up request to the new source or an additional request to the original source.

(3) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from non-Federal agency or department custodians. The claimant must provide enough information to identify and locate the existing records, including:

- (i) The person, company, agency, or other custodian holding the records;

(ii) The approximate time frame covered by the records; and

(iii) In the case of medical treatment records, the condition for which treatment was provided.

(4) If necessary, the claimant must authorize the release of existing records in a form acceptable to the person, company, agency, or other custodian holding the records.

(Authority: 38 U.S.C. 5103A)

(c) *Obtaining records in the custody of a Federal department or agency.* (1) Subject to paragraphs (c)(2) through (c)(4) of this section, VA will make as many requests as are necessary to obtain relevant records from a Federal department or agency. These records include but are not limited to:

- (i) Military records;
- (ii) Medical and other records from VA medical facilities;
- (iii) Records from non-VA facilities providing examination or treatment at VA expense; and
- (iv) Records from other Federal agencies.

(2) VA will cease its efforts to obtain records from a Federal department or agency only if VA concludes that the records sought do not exist or that further efforts to obtain those records would be futile. Cases in which VA may conclude that no further efforts are required include cases in which the Federal department or agency advises VA that the requested records do not exist or that the custodian of such records does not have them.

(3) The claimant must cooperate fully with VA's reasonable efforts to obtain relevant records from Federal department or agency custodians. At VA's request, the claimant must provide enough information to identify and locate the existing records, including:

- (i) The custodian or agency holding the records;
- (ii) The approximate time frame covered by the records; and
- (iii) In the case of medical treatment records, the condition for which treatment was provided.

(4) If necessary, the claimant must authorize the release of existing records in a form acceptable to the custodian or agency holding the records.

(Authority: 38 U.S.C. 5103A)

(d) *Circumstances where VA will refrain from or discontinue providing assistance.* VA will refrain from providing assistance in obtaining evidence for a claim if the substantially complete or complete application for benefits indicates that there is no reasonable possibility that any assistance VA would provide to the

claimant would substantiate the claim. VA will discontinue providing assistance in obtaining evidence for a claim if the evidence obtained indicates that there is no reasonable possibility that further assistance would substantiate the claim. Circumstances in which VA will refrain from or discontinue providing assistance in obtaining evidence include but are not limited to:

(1) The claimant's ineligibility for the benefit sought because of lack of qualifying service, lack of veteran status, or other lack of legal eligibility;

(2) Claims that are inherently not credible or clearly lack merit;

(3) An application requesting a benefit to which the claimant is not entitled as a matter of law; and

(4) The claimant's lack of cooperation in providing or requesting information or evidence necessary to substantiate the claim.

(Authority: 38 U.S.C. 5103A)

(e) *Duty to notify claimant of inability to obtain records.* (1) VA will notify the claimant either orally or in writing when VA:

(i) Has made reasonable efforts to obtain relevant non-Federal records, but is unable to obtain them; or

(ii) After continued efforts to obtain Federal records, concludes that it is reasonably certain they do not exist or

that further efforts to obtain them would be futile.

(2) For non-Federal records requests, VA may provide the notice to the claimant at the same time it makes its final attempt to obtain the relevant records.

(3) VA will make a written record of any oral notice conveyed under this paragraph to the claimant.

(4) The notice to the claimant must contain the following information:

(i) The identity of the records VA was unable to obtain;

(ii) An explanation of the efforts VA made to obtain the records;

(iii) The fact described in paragraph (e)(1)(i) or (e)(1)(ii) of this section;

(iv) A description of any further action VA will take regarding the claim, including, but not limited to, notice that VA will decide the claim based on the evidence of record unless the claimant submits the records VA was unable to obtain; and

(v) A notice that the claimant is ultimately responsible for obtaining the evidence.

(5) If VA becomes aware of the existence of relevant records before deciding the claim, VA will notify the claimant of the existence of such records and ask that the claimant provide a release for the records. If the claimant does not provide any necessary release of the relevant records that VA

is unable to obtain, VA will ask that the claimant obtain the records and provide them to VA.

(6) For the purpose of this section, if VA must notify the claimant, VA will provide notice to:

(i) The claimant;

(ii) His or her fiduciary, if any; and

(iii) His or her representative, if any.

Subpart M—Vocational Training and Rehabilitation for Certain Children of Vietnam Veterans—Spina Bifida and Covered Birth Defects

5. The authority citation for part 21, subpart M continues to read as follows:

Authority: 38 U.S.C. 101, 501, 512, 1151 note, ch. 18, 5112, and as noted in specific sections.

6. Add § 21.8015 to read as follows:

§ 21.8015 Notification by VA of necessary information or evidence when a claim is filed; time for claimant response and VA action; and VA's duty to assist claimants in obtaining evidence.

The provisions of §§ 21.32 and 21.33 of subpart A of this part also apply to claims for benefits and services under this subpart.

Foreign-Trade Zones Board

Order No. 1566

Grant of Authority for Subzone Status, Louisiana Energy Services, L.P. (Gas Centrifuge Production Equipment), Lea County, NM

Pursuant to its authority under the Foreign-Trade Zones Act, of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for "...the establishment... of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

Whereas, the City of Albuquerque Aviation Department, grantee of Foreign-Trade Zone 110, has made application to the Board for authority to establish a special-purpose subzone for the assembly and installation of gas centrifuge production equipment for the enrichment of uranium at the facility of Louisiana Energy Services, L.P., located in Lea County, New Mexico (FTZ Docket 18-2007, filed 4/20/07);

Whereas, notice inviting public comment was given in the **Federal Register** (72 FR 21218-21219, 4/30/07); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the

requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby grants authority for subzone status for activity related to the assembly and installation of gas centrifuge production equipment for the enrichment of uranium at the facility of Louisiana Energy Services, L.P., located in Lea County, New Mexico (Subzone 110B), as described in the application and **Federal Register** notice, and subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 23rd day of June 2008.

David M. Spooner,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Andrew McGilvray,
Executive Secretary.

Bureau of Industry and Security

Action Affecting Export Privileges; Omega Engineering, Inc. In the Matter of: Omega Engineering, Inc., One Omega Drive, Stamford, CT 06907; Respondent

Order Waiving Remainder of Denial Order Period

On November 12, 2003, having approved the terms of a settlement agreement between the Bureau of Industry and Security, United States Department of Commerce ("BIS"), and Respondent Omega Engineering, Inc. ("Omega"), then-Assistant Secretary for Export Enforcement Julie L. Myers issued an order (68 Fed. Reg. 65033, Nov. 18, 2003), resolving an administrative proceeding against Omega pursuant to section 13(c) of the Export Administration Act of 1979, as amended ("Act"),¹ and the Export

¹ 50 U.S.C. app. 2401-2420 (2000). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 15, 2007 (72 Fed. Reg. 46137 (Aug. 16, 2007)), has continued the

Administration Regulations ("Regulations"),² based on allegations in a proposed charging letter that Omega had committed 17 violations of the Regulations.

Among other things, the November 12, 2003 Order provided a non-standard denial of export privileges that prohibited Omega, for a period of five years from the date of that Order, from participating in any way in any transaction involving the export from the United States to Pakistan of any item subject to the Regulations or in any other activity subject to the Regulations that involves Pakistan.

By letter dated April 25, 2008, Omega submitted a request seeking to terminate the denial order not later than May 6, 2008, rather than on November 12, 2008. Omega's request seeks relief on various grounds, including due to what it has phrased as the "extraordinary support" it provided to BIS in the investigation of another case. The grounds raised by Omega have been considered in full and with the exception of its extraordinary cooperation argument do not merit relief.

Subsequent to the entry of the November 12, 2003 Order, Omega provided extraordinary cooperation in a criminal investigation involving an individual attempting to unlawfully export U.S.-origin goods to Iran. The cooperation provided by the Omega helped enable BIS to obtain evidence that was crucial to the investigation and successful prosecution of that criminal matter.

Accordingly, upon consideration of this extraordinary cooperation provided by Respondent Omega, and upon consideration of the totality of the circumstances found here, it is therefore ordered:

1. That the remainder of the denial order period imposed on Omega Engineering, Inc., One Omega Drive, Stamford, Connecticut 06907, its successors or assigns, and, when acting

Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701-1706 (2000)) ("IEEPA").

² The Regulations are currently codified in the Code of Federal Regulations at 15 CFR Parts 730-774 (2008). The current version of the Regulations governs the procedural aspects of this case. The charged violations occurred in 1997. The Regulations governing the charged violations are found in the 1997 version of the Code of Federal Regulations (15 CFR Part 730774 (1997)).

for or on behalf of Omega, its officers, representatives, agents or employees, under the November 12, 2003 Order is hereby waived upon the effective date of this Order; and

2. This Order shall be effective upon publication in the **Federal Register**.

Entered this 20th day of June, 2008.

Assistant Secretary of Commerce for Export Enforcement.

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Upcoming Sunset Reviews.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended, the Department of Commerce

("the Department") and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for August 2008

The following Sunset Reviews are scheduled for initiation in August 2008 and will appear in that month's Notice of Initiation of Five-year Sunset Reviews.

Antidumping Duty Proceedings	Department Contact
Certain Cut-to-Length Carbon Steel from the PRC (A-570-849) (Second Review)	Juanita Chen (202) 482-1904
Countervailing Duty Proceedings.	
No Sunset Review of countervailing duty proceedings are scheduled for initiation in August 2008..	
Suspended Investigations.	
Certain Cut-to-Length Carbon Steel from Russia (A-821-808) (Second Review)	Sally Gannon (202) 482-0162
Certain Cut-to-Length Carbon Steel from Ukraine (A-823-808) (Second Review)	Judith Rudman (202) 482-0192

The Department's procedures for the conduct of Sunset Reviews are set forth in 19 CFR 351.218. Guidance on methodological or analytical issues relevant to the Department's conduct of Sunset Reviews is set forth in the Department's Policy Bulletin 98.3--Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin, 63 FR 18871 (April 16, 1998). The Notice of Initiation of Five-year ("Sunset") Reviews provides further information regarding what is required of all parties to participate in Sunset Reviews.

Pursuant to 19 CFR 351.103(c), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Please note that if the Department receives a Notice of Intent to Participate from a member of the domestic industry within 15 days of the date of initiation, the review will continue. Thereafter, any interested party wishing to participate in the Sunset Review must provide substantive comments in response to the notice of initiation no later than 30 days after the date of initiation.

This notice is not required by statute but is published as a service to the international trading community.

Dated: June 18, 2008.

DEPARTMENT OF COMMERCE**International Trade Administration****Initiation of Five-year ("Sunset") Review**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In accordance with section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department of Commerce ("the Department") is automatically initiating a five-year review ("Sunset Review") of the antidumping and countervailing duty orders listed below. The International Trade Commission ("the Commission") is publishing concurrently with this notice its notice of *Institution of Five-*

year Review which covers the same orders.

EFFECTIVE DATE: July 1, 2008.

FOR FURTHER INFORMATION CONTACT: The Department official identified in the *Initiation of Review* section below at AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Ave., NW, Washington, DC 20230. For information from the Commission contact Mary Messer, Office of Investigations, U.S. International Trade Commission at (202) 205-3193.

SUPPLEMENTARY INFORMATION:**Background**

The Department's procedures for the conduct of Sunset Reviews are set forth

in its *Procedures for Conducting Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders*, 63 FR 13516 (March 20, 1998) and 70 FR 62061 (October 28, 2005). Guidance on methodological or analytical issues relevant to the Department's conduct of Sunset Reviews is set forth in the Department's Policy Bulletin 98.3 - *Policies Regarding the Conduct of Five-year ("Sunset") Reviews of Antidumping and Countervailing Duty Orders: Policy Bulletin*, 63 FR 18871 (April 16, 1998).

Initiation of Review

In accordance with 19 CFR 351.218(c), we are initiating the Sunset Review of the following antidumping and countervailing duty orders:

DOC Case No.	ITC Case No.	Country	Product	Department Contact
A-552-801	731-TA-1012	Vietnam	Frozen Fish Fillets	Alex Villanueva (202) 482-3208
A-570-848	731-TA-752 (Second Review)	PRC	Freshwater Crawfish Tail Meat	Lyn Johnson (202) 482-5287
C-580-851	701-TA-431	Korea	Dynamic Random Access Memory Semiconductors	Nancy Decker (202) 482-0196

Filing Information

As a courtesy, we are making information related to Sunset proceedings, including copies of the pertinent statute and Department's regulations, the Department schedule for Sunset Reviews, a listing of past revocations and continuations, and current service lists, available to the public on the Department's sunset Internet Web site at the following address:

≥<http://ia.ita.doc.gov/sunset/>." All submissions in these Sunset Reviews must be filed in accordance with the Department's regulations regarding format, translation, service, and certification of documents. These rules can be found at 19 CFR 351.303.

Pursuant to 19 CFR 351.103 (c), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties to apply for access to proprietary information under administrative protective order ("APO") immediately following publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The Department's regulations on

submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304-306.

Information Required from Interested Parties

Domestic interested parties defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b) wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department's regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review. See 19 CFR 351.218(d)(1)(iii).

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department's regulations provide that *all parties* wishing to participate in the Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note

that certain information requirements differ for respondent and domestic parties. Also, note that the Department's information requirements are distinct from the Commission's information requirements. Please consult the Department's regulations for information regarding the Department's conduct of Sunset Reviews.¹ Please consult the Department's regulations at 19 CFR Part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218 (c).

Dated: June 18, 2008.

¹ In comments made on the interim final sunset regulations, a number of parties stated that the proposed five-day period for rebuttals to substantive responses to a notice of initiation was insufficient. This requirement was retained in the final sunset regulations at 19 CFR 351.218(d)(4). As provided in 19 CFR 351.302(b), however, the Department will consider individual requests to extend that five-day deadline based upon a showing of good cause.

DEPARTMENT OF COMMERCE**International Trade Administration****Quarterly Update to Annual Listing of Foreign Government Subsidies on Articles of Cheese Subject to an In-Quota Rate of Duty**

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 1, 2008.

FOR FURTHER INFORMATION CONTACT: Gayle Longest, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230, telephone: (202) 482-3338.

SUPPLEMENTARY INFORMATION: Section 702 of the Trade Agreements Act of 1979 (as amended) ("the Act") requires the Department of Commerce

("the Department") to determine, in consultation with the Secretary of Agriculture, whether any foreign government is providing a subsidy with respect to any article of cheese subject to an in-quota rate of duty, as defined in section 702(h) of the Act, and to publish an annual list and quarterly updates to the type and amount of those subsidies. We hereby provide the Department's quarterly update of subsidies on articles of cheese that were imported during the period January 1, 2008 through March 31, 2008.

The Department has developed, in consultation with the Secretary of Agriculture, information on subsidies (as defined in section 702(h) of the Act) being provided either directly or indirectly by foreign governments on articles of cheese subject to an in-quota rate of duty. The appendix to this notice lists the country, the subsidy program or programs, and the gross and net

amounts of each subsidy for which information is currently available. The Department will incorporate additional programs which are found to constitute subsidies, and additional information on the subsidy programs listed, as the information is developed.

The Department encourages any person having information on foreign government subsidy programs which benefit articles of cheese subject to an in-quota rate of duty to submit such information in writing to the Assistant Secretary for Import Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW, Washington, DC 20230.

This determination and notice are in accordance with section 702(a) of the Act.

Dated: June 25, 2008.

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries,

Northeast Region, NMFS has made a preliminary determination that the subject exempted fishing permit (EFP) application contains all the required information and warrants further consideration. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued that would allow one commercial fishing vessel to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States. The EFP, which would enable the applicants to investigate the bycatch variability of different groundfish trawl codend configurations with a small mesh cover, would allow for exemptions for one vessel from the Northeast (NE) Multispecies and Monkfish Fishery Management Programs, as follows: NE

multispecies Gulf of Maine (GOM) minimum mesh size. The EFP would also allow temporary exemptions from the following regulations, per the stipulations detailed in this document: NE multispecies minimum fish sizes; NE multispecies possession restrictions; monkfish minimum fish sizes; and monkfish possession restrictions.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments must be received on or before July 16, 2008.

SUPPLEMENTARY INFORMATION: A

complete application for an EFP for this project was submitted on June 3, 2008, by Steve Eayrs of the Gulf of Maine Research Institute (GMRI) for the F/V Skipper (Permit #250573). This project is funded by Jane's Trust and the Maine (ME) Sea Grant Program.

The primary goal of this EFP is to determine the optimal trawl configuration to reduce undersized bycatch. At present, fishermen from the Port Clyde Draggermen's Association (PCDA) voluntarily remove the chafing net from their groundfish trawls in the belief that the chafing net masks codend meshes and increases the retention of undersized bycatch. This EFP will help quantify the effectiveness of this modification for three common codend mesh sizes: 6.5-inch (16.5-cm) square; 6.5-inch (16.5-cm) diamond; and 7-inch (17.8-cm) diamond mesh.

This EFP would be issued to GMRI and Captain Glen Libby of the F/V Skipper to conduct 15 at-sea days of experimental fishing in an area north of the Cashes Ledge Habitat Closure Area and east of the Jeffery's Bank Habitat Closure Area (see Table 1). Fishing would not overlap with any GOM Rolling Closures. As a condition of this EFP, this vessel would complete no more than 78 tows, fishing 6 tows per day, each 1 hour in duration. Each tow would test one of the four possible trawl configurations: 6.5-inch (16.5-cm) diamond, with and without chafing gear; 6.5-inch (16.5-cm) square, without chafing gear; and 7-inch (17.8-cm) diamond, without chafing gear. A small-mesh 1.75 to 2.25-inch (4.4 to 5.7-cm) cover would be installed around the codend of each of these nets, supported by a hoop to prevent direct masking of the codend meshes. This small-mesh cover would provide information to determine which mesh configuration effects the greatest reduction in undersized bycatch.

TABLE 1: CORNER COORDINATES FOR EXPERIMENTAL FISHING AREA BY F/V SKIPPER

Point	Latitude	Longitude
1	44°00' N	68°50' W
2	44°00' N	69°40' W
3	43°20' N	69°40' W
4	43°20' N	68°50' W
5	44°00' N	68°50' W

The data collection would include 48 complete tows, with additional tows (not to exceed 30), during which a camera would be installed to observe codend geometry and fish behavior. The camera system could upset the geometry and performance of the codend, so the researchers opted not to install the camera during any of the primary tows. The additional 7 days and 30 tows for camera work would also allow flexibility for any potential gear, weather, or other unforeseen problems during the first 8 days of testing. The researchers intend to complete this project before October 1, 2008.

The applicants have asked for an exemption from the minimum GOM regulated mesh size specified at 50 CFR 648.80(a)(3)(i), so that they may install a small-mesh cover net around the codend to sample the variability in bycatch released from each of the four codend configurations. The applicants have also asked for temporary exemptions from the following regulations: NE multispecies minimum fish sizes (§ 648.83); NE multispecies possession restrictions (§ 648.86), monkfish minimum fish sizes (§ 648.93); and monkfish possession restrictions (§ 648.94). These exemptions are necessary to allow sampling of undersized fish and fish in excess of the possession limit; however, these exemptions would not permit the landing of fish outside of regular A days-at-sea (DAS) possession limits. These exemptions are only for the time period when trained technicians or crew are measuring, weighing, or sampling fish that would otherwise be immediately discarded.

During the 15 at-sea days of comparative fishing trials, the F/V Skipper would use A DAS and would be subject to all day and trip possession limits, with the exemptions listed above. All fish caught would be weighed, and as many fish as possible would be measured. As a condition of this EFP, all undersized fish or fish that cannot legally be landed (e.g., in excess of possession limits) would be returned

to the sea as quickly as practicable after measurement. The overall catch estimates expected for the remainder of this project under this EFP can be found in Table 2. The applicants anticipate a total harvest of 19,500 lb (8,845 kg), and an additional 6,283 lb (2,850 kg) of discards. The estimated GOM cod catch per day for the proposed number of DAS during this EFP would be 27 percent of the current daily possession limit of 800 lb (363 kg). All legal-sized fish, within the possession limit, would be sold.

Skate sp.	0	1,300(590)
Dogfish	0	1,300(590)

The applicants may request minor modifications and extensions to the EFP throughout the course of research. EFP modifications and extensions may be granted without further public notice if they are deemed essential to facilitate completion of the proposed research and result in only a minimal change in the scope or impacts of the initially approved EFP request.

In accordance with NOAA Administrative Order 216-6, a Categorical Exclusion or other appropriate NEPA document would be completed prior to the issuance of the EFP.

Further review and consultation may be necessary before a final determination is made to issue the EFP. After publication of this document in the **Federal Register**, the EFP, if approved, may become effective following the public comment period.

POLICY JUSTIFICATION

Canada – M777 155mm Light-Weight Towed Howitzers

The Government of Canada has requested a possible sale of 37 M777 155MM Light-Weight Towed Howitzers, spare and repair parts, support and test equipment, publications and technical documentation, maintenance, personnel training and training equipment, U.S. Government and contractor representatives' technical assistance, engineering and logistics support services, and other related elements of logistics support. The estimated cost is \$114 million.

This proposed sale will contribute to the foreign policy and national security objectives of the United States by improving the military capabilities of Canada and the Canadian military's interoperability with U.S. forces. Canadian deployments in support of peacekeeping and humanitarian operations have enhanced global political and economic stability and have served U.S. national security interests.

This proposed sale would greatly contribute to Canada's military capability by making it a more sustainable coalition force to support the Global War on Terror. Canada currently operates the M777 lightweight howitzers and will use these new howitzers to protect its deployed troops, and give them the ability to operate in hazardous conditions. Canada will have no difficulty absorbing the howitzers into its armed forces.

The proposed sale of this equipment and support will not affect the basic military balance in the region.

The prime contractors will be: BAE Land Systems in Hattiesburg, Mississippi, and Howmet Castings, Alcoa Business in Whitehall, Michigan. There are no known offset agreements proposed in connection with this potential sale.

The proposed sale requires engineering technical support for approximately two U.S. government representatives and five contractor representatives for one year.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for comments regarding an extension to an existing OMB clearance (9000-0141).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information requirement concerning Buy American Act—Construction (Grimberg Decision). A request for public comments was published in the **Federal Register** at 73 FR 14780, March 19, 2008. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before July 31, 2008.

FOR FURTHER INFORMATION CONTACT Ms. Meredith Murphy, Contract Policy Division, GSA, at (202) 208-6925.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (VPR), 1800 F Street, NW, Room 4035, Washington, DC 20405.

SUPPLEMENTARY INFORMATION:**A. Purpose**

The clauses at FAR 52.225-9, Buy American Act—Construction Materials, and FAR 52.225-11, Buy American Act—Construction Materials under Trade Agreements, prove that offerors/contractors requesting to use foreign construction material, other than construction material eligible under a trade agreement shall provide adequate information for Government evaluation of the request. These regulations implement the Buy American Act for construction (41 U.S.C. 10a - 10d).

BILLING CODE 6820-EP-S

DEPARTMENT OF DEFENSE**Department of the Navy****Record of Decision for the
Development of the Westside of Marine
Corps Base Quantico, Including the
2005 Base Realignment and Closure
Action**

AGENCY: Department of the Navy, DoD.

ACTION: Notice of Record of Decision.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. Section 4332(2)(c), the regulations of the Council on Environmental Quality's (CEQ) for Implementing the Procedural Provisions of (40 CFR parts 1500-1508), the Department of the Navy NEPA regulation (32 CFR part 775), and the Marine Corps Environmental Compliance and Protection Manual, which is Marine Corps Order P5090.2A (MCO P5090.2A), the Department of the Navy announces its decision to develop the area west of Interstate 95 (Westside) at Marine Corps Base Quantico (MCB Quantico), Virginia. This action will include implementation of the 2005

Base Realignment and Closure (BRAC) action at MCB Quantico. The development of Westside and implementation of BRAC 2005 at MCB Quantico will be accomplished as set out in the Preferred Alternative and described in the Final Environmental Impact Statement (Final EIS) of April 2008.

FOR FURTHER INFORMATION CONTACT: Mr. Jeff Gardner, NREA Branch (B046), 3250 Catlin Avenue, Marine Corps Base, Quantico, VA 22134-0855, telephone: 703-432-6770, and e-mail: jeff.gardner@usmc.mil.

SUPPLEMENTARY INFORMATION: In 2005, the Secretary of Defense and the Defense Base Closure and Realignment Commission recommended that certain realignment actions occur at MCB Quantico. The President and Congress approved these recommendations, which became law on November 9, 2005. These recommendations must now be implemented as provided for in the Defense Base Closure and Realignment Act of 1990 (Pub. L. 101-510), as amended, no later than September 15, 2011. The actions directed at MCB Quantico are the collocation of Military Department Investigation Agencies Headquarters with the Counterintelligence Field Activity, and the Defense Security Service at MCB Quantico. These realignment actions will add approximately 3,000 personnel to work at MCB Quantico by 2011.

Projected personnel growth in Marine Corps units currently on Mainside, requirements to consolidate personnel located elsewhere, replacement of inadequate facilities on Mainside, and an expectation that other federal and Marine Corps initiatives will continue to identify MCB Quantico as a site for relocation, combined with limited redevelopment potential on Mainside, comprise the additional need to develop Westside.

Proposed Action. The Marine Corps proposes development of the Westside of MCB Quantico including the 2005 BRAC action at MCB Quantico. The development would entail construction of new facilities in two undeveloped areas west of I-95. These areas, the Russell Road Area and the MCB-1 Area, would accommodate the collocation of Military Department Investigation Agencies with the Department of Defense Counterintelligence and Security Agency at MCB Quantico as directed by the 2005 BRAC law. They would also provide space for adequate facilities to support Marine Corps units currently at MCB Quantico, as well as potentially other federal and Marine

Corps initiatives that may identify MCB Quantico as a site for relocation. The components of the Proposed Action include construction and operation of new facilities with the necessary infrastructure, road improvements, and security measures to support new facilities.

Alternatives Considered: The Final EIS assesses two action Alternatives, A and B, that respectively provide development to support only the BRAC Action involving 3,000 personnel, or development to support both the BRAC Action and an additional 2,000 personnel that would relocate to the Westside. Both Alternatives A and B include the two development location options for the BRAC component that were identified in the 2006 *Quantico Land Use Plan, I-95 West*: (BRAC Option 1 (Russell Road) and BRAC Option 2 (MCB-1)). The following four options to implement the Proposed Action are evaluated by the Final EIS. Alternative B BRAC Option 1 (Russell Road) is the Marine Corps Preferred Alternative.

Alternative A, BRAC Action.

Alternative A would add only the development required to accommodate those personnel (approximately 3,000) associated with the BRAC 2005 action. About 70 acres would be required for the facilities. About 735,000 square feet of space and provision of parking and necessary supporting infrastructure would be constructed. Road widening and intersection improvements would be required throughout the Russell Road/MCB-1 corridor, from the intersection of Russell Road with U.S. Route 1 to the Southern Russell Road Site and/or to the MCB-1 Area. Alternative A BRAC Option 1 (Russell Road) would site the entire BRAC development in the Southern Russell Road Site, south of Telegraph Road and just east of the intersection of Russell Road with Telegraph Road. Alternative A BRAC Option 2 (MCB-1) would site the entire BRAC development in the Northern MCB-1 Site along Hotpatch Road.

Alternative B, 5,000 Personnel Including BRAC. Alternative B would add 5,000 personnel to work in the Westside, including 3,000 BRAC and 2,000 non-BRAC personnel. The non-BRAC personnel include approximately 1,000 personnel currently working elsewhere at MCB Quantico. Total space needed for BRAC and non-BRAC components is estimated to be approximately 148 acres and 1,300,000 square feet of interior space. Road widening and intersection improvements would be required throughout the Russell Road/MCB-1

corridor, from the intersection of Russell Road with U.S. Route 1 to the Southern Russell Road Site and/or to the MCB-1 Area.

Alternative B BRAC Option 1 (Russell Road) (The Preferred Alternative) would site the entire BRAC development in the Southern Russell Road Site; the remainder of the development for the additional 2,000 personnel would be sited in the MCB-1 Area, including approximately 300 personnel potentially at the Weapons Training Battalion Site. Alternative B BRAC Option 2 (MCB-1) would site the entire BRAC development in the MCB-1 Site along Hotpatch Road. The remaining development for 2,000 personnel could be completely sited in other parcels of the MCB-1 Area, or completely sited in the Southern Russell Road Site, or split between the two areas in some combination. Development for 300 personnel would be considered for the Weapons Training Battalion Site.

No Action Alternative. The No Action Alternative would maintain the status quo. The No Action Alternative would not permit the implementation of the BRAC-directed action and would not be consistent with current law.

Environmentally Preferred Alternative. The No Action Alternative maintains the status quo and therefore does not impact the existing environment. It is the environmentally preferred alternative. However, it does not meet the purpose and need of the action, and does not comply with BRAC law. Therefore, a further environmental comparison of the two action alternatives, which meet purpose and need, is provided.

Alternative A would disturb a smaller quantity of environmental resources and consequently would be environmentally preferred to Alternative B. In terms of satisfying the BRAC requirement, either BRAC Option 1 (Russell Road) or BRAC Option 2 (MCB-1) is equally environmentally preferred depending upon the environmental resource of concern. Option 1 under either alternative potentially disturbs a greater quantity of wetlands, which can be mitigated, however. Option 2 entails more roadway construction under Alternative A and results in more traffic congestion on Base under both Alternatives A and B by placing a higher density of personnel in one general area than Option 1. Option 2 also places more personnel within the radii of potentially disturbing sound contours from training exercises. Other impacts are similar for Options 1 and 2.

Environmental Impacts:

Environmental impacts associated with the Preferred Alternative, Alternative B

BRAC Option 1 (Russell Road), are discussed below.

Water Resources. The widening of Russell Road will cross Chopawamsic Creek, but would avoid all other wetlands or Waters of the U.S. The Marine Corps would obtain any required permits under the Virginia/U.S. Army Corps of Engineers Joint Permit Application process. Implementation of stormwater and erosion and sedimentation best management measures would reduce impacts to water quality.

Biological Resources. The Preferred Alternative would directly impact an estimated 148 acres of primarily forested habitat. The Preferred Alternative would occupy approximately two percent of the total 6,895 forested acres in which the Russell Road and MCB-1 Areas are located and would be near roads that already act as a barrier to wildlife. Therefore impacts to forest habitat would be minimal. Impacts to migratory birds would also be minimal. Proposed site development would avoid areas containing the federally-threatened small whorled pogonia or its designated protection zone. No other threatened or endangered species are expected in the proposed development areas. Consistent with U.S. Fish and Wildlife Service recommendations, widening of Russell Road would occur on the opposite side of most recently identified small whorled pogonia colonies. Through informal consultation, the U.S. Fish and Wildlife agreed the road widening is not likely to adversely affect the small whorled pogonia and/or its associated habitat as long as the widening of Russell Road occurred as recommended.

Build out of the construction site has the potential, through the importation of aggregate and other construction materials, as well as landscaping and natural re-vegetation processes to introduce invasive or non-native species. Mitigation measures will be employed to prevent any such introduction of invasive or non-native species and all landscape plantings will be in accordance with the approved plant list described in the Base Exterior Architecture Plan.

Air Quality: MCBQ is located in an air quality control region that is in moderate nonattainment for ozone and in nonattainment for particulate matter with diameter less than or equal to 2.5 micrometers (PM_{2.5}). It is also in an ozone transport region. Federal actions located in nonattainment and maintenance areas are required to demonstrate compliance with the general conformity guidelines. The Final EIS has a completed General

Conformity Rule applicability analysis for the ozone precursor pollutants nitrogen oxides and volatile organic compounds, for PM_{2.5}, and for the PM_{2.5} precursor pollutant sulfur dioxide to analyze impacts to air quality. It determined that annual project emissions are well below *de minimis* values and are not regionally significant; therefore, a further conformity determination is not required and impacts from these pollutants are not significant. A Record of Non-Applicability was included in the Final EIS.

Noise: The proposed development areas could be impacted by noise from nearby training ranges that will increase in the future with the introduction of new aircraft and increased ordnance. Reports from noise studies indicate that in the future much of the MCB-1 Area and approximately 10 acres in the western portion of the Southern Russell Road Site are projected to be within a zone of moderate noise impact. Noise attenuation measures would be employed to meet noise standards, most of which are already designed into the construction to meet security requirements. Temporary noise associated with construction and any increase in noise levels from traffic would not be expected to cause impacts off Base.

Transportation. Traffic studies conducted in conjunction with the EIS show that most secondary intersections within the project area currently operate at acceptable levels; major access points that serve the Base typically perform at unacceptable levels during peak commuter periods.

Anticipated growth within the region and the corresponding increase in vehicular traffic are predicted to further degrade the operation of most intersections within the area. This degradation is expected to occur with or without implementation of the proposed development of the area west of I-95, unless improvements to those intersections are made. The EIS analysis projects levels of service considered unacceptable at intersections that provide access from U.S. Route 1 and I-95, as well as within the Westside at proposed development sites, unless roadway improvement measures are implemented, including those proposed as mitigation in this document. In general, impacts within the Westside are less if the development is spread between the Southern Russell Road Site and MCB-1 Area, as occurs for the Preferred Alternative.

Socioeconomics. Implementation of the Preferred Alternative could increase local residents employed at MCB

Quantico by approximately 2,800 over time, and also would add associated additional family members to the region. The additional population would be expected to add students to the region's schools and could contribute to any need for additional services in the region. The projected additional residents represent a small percent of projected regional growth and impacts to the region are not expected to be significant. Implementation of the Preferred Alternative is not expected to have disproportionately high and adverse human health or environmental effects on minority, low-income or younger segments of the local population.

Land Use: Proposed alternatives are consistent with MCBQ land use plans; however, some land currently used for training and recreational hunting would become unavailable and routes to training areas currently passing through the development sites could require realignments. Traffic on MCB-1 Road passes through the explosive safety arcs for the adjacent ammunition supply point and would necessitate an adjustment of ammunition storage. A project is planned to accomplish this by 2011.

Mitigation: The Marine Corps has identified potential mitigation measures for any impacts to wetlands, surface water, invasive species, and federally-threatened species, control of fugitive emissions to air, potential noise exposure, and for traffic generated by the alternatives that could cause unacceptable levels of service at nearby intersections or exceed safety limits associated with the Ammunition Supply Point. Implementation of mitigation will be monitored by the Marine Corps construction management teams involved with each project.

Wetland Impacts Mitigation. The Virginia/USACE Joint Permit Application process would be followed and best management practices for erosion and sediment control will be implemented during and following construction. Use of wetlands bank credits may be used by MCB Quantico to mitigate the potential wetland losses.

Surface Water Measures. Stormwater management plans and best management practices would be employed to control runoff. In addition, a stormwater construction permit issued by the Virginia Department of Conservation and Recreation is required for all land disturbing projects greater than or equal to one acre of disturbance.

Invasive Species Measures. In accordance with Executive Order 13112 (Invasive Species), and as discussed in detail in the FEIS, during development

of the sites, recommended measures to reduce the spread of invasive species would be implemented as practicable.

Threatened Species Measures. In accordance with U.S. Fish and Wildlife Service recommendation, road widening would only occur on the west side of Russell Road.

Fugitive Dust Control Measures.

Fugitive dust from construction would be kept to a minimum by using control methods in accordance with the Regulations for the Control and Abatement of Air Pollution (9 VAC 5-50-60 *et seq.*).

Noise Impacts Measures. For facilities sited in a zone of moderate noise impacts, Noise Level Reduction (NLR) measures will be included in the design of administrative facilities to reduce noise and impulse vibrations.

Ammunition Safety and Overpressure Zone Measures. The ammunition supply point operations building will be moved to avoid a hazard to passing vehicles. Development designs will consider the overpressure zone when a specific location for buildings has been determined and the distance can be measured to identify design requirements.

Potential Traffic Improvement Measures. The following roadway improvements will be funded and implemented by the Marine Corps to mitigate impacts caused by the Preferred Alternative: (1) Russell Road will be widened to 4 lanes from the Russell Road/Telegraph Road intersection east to approximately 300 feet past the northbound entrance ramp to I-95 (I-95 overpass support structures will not be altered); (2) a connector road will be constructed between Telegraph Road and Russell Road with traffic signals installed at each end; (3) the existing Chopawamsic Creek bridge will be rehabilitated; (4) an additional 2-lane bridge will be constructed over Chopawamsic Creek adjacent to the existing bridge; (5) the I-95 southbound exit ramp will have an additional lane added (westbound) and a traffic signal installed; (6) the I-95 northbound exit ramp will have an additional lane added (westbound) and a traffic signal installed; (7) a traffic signal will be installed on Russell Road adjacent to the northbound entrance ramp to I-95 from Russell Road; (8) Ponderosa Gate will be improved; and (9) the U.S. Route 1 ramps to and from Russell Road are under study in conjunction with gate improvements to Mainside to improve level of service.

Additional roadway improvements to the west of Ponderosa Gate will be identified when development there and resultant traffic volumes warrant. The

EIS identified off-Base improvements at the U.S. Route 1/VA 637 and VA 610/ Onville road intersections that would be under the purview of the Commonwealth of Virginia; the Marine Corps will cooperate with the Commonwealth as appropriate if these improvements are implemented. The Defense Access Roads (DAR) Program is the only authority the Marine Corps has to address these recommended improvements and the Marine Corps will submit requests for consideration under this program if they meet DAR criteria. In the next update of the Base Transportation Management Plan the Marine Corps will identify strategies to reduce single-occupancy vehicle trips during peak hours. This plan will also encourage carpooling and staggered work hours where these do not impair accomplishment of the defense mission. The Base will cooperate with regional mass transit initiatives. State and/or local governments have jurisdiction over off-Base roads and intersections and would determine whether improvements identified off-Base in the EIS should be implemented.

Response To Comments Received Regarding the Final EIS: Comments on the Final EIS were received from the Commonwealth of Virginia. They noted the Virginia Department of Transportation (VDOT) concerns with the statement in the Final EIS that state and/or local governments are the action proponents for off-Base road improvements and the inference that these had been approved and funded by State or local governments. VDOT also requested commitments to carpooling, staggered work hours, regional mass transit initiatives, and a transportation demand management plan focused on reducing single-occupancy vehicle trips during peak hours. The Marine Corps has addressed these comments in the preceding section.

Conclusions: After careful consideration of the purpose and need for the proposed action, the analysis contained in the EIS and the comments received on the EIS from federal, state, and local agencies, non-governmental organizations, and individual members of the public, I have decided to proceed with the Preferred Alternative, Alternative B BRAC Option 1 (Russell Road) for development of Westside and implementation of BRAC 2005 at MCB Quantico, Virginia.

Consistent with this decision and the Proposed Action and analyses described in the Final EIS, at the sites identified in the Preferred Alternative, the Marine Corps will implement the Preferred Alternative and address all mitigation measures.

Dated: June 24, 2008.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

No FEAR Act

AGENCY: Defense Nuclear Facilities Safety Board.

ACTION: Notice.

SUMMARY: The Defense Nuclear Facilities Safety Board (Board) is providing notice to its employees, former employees, and applicants for federal employment about the rights and remedies available to them under the Federal antidiscrimination, whistleblower protection, and retaliation laws. This notice fulfills the Board's initial notification obligation under the Notification and Federal Employees Antidiscrimination and Retaliation Act (No FEAR Act), as implemented by Office of Personnel Management (OPM) regulations at 5 CFR part 724.

DATES: This notice is effective July 1, 2008.

FOR FURTHER INFORMATION CONTACT: Richard A. Azzaro, General Counsel, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW., Suite 700, Washington, DC 20004. Telephone: (202) 694-7062. FAX: (202) 208-6518.

SUPPLEMENTARY INFORMATION: On May 15, 2002, Congress enacted the "Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002," which is now known as the No FEAR Act. See Pub. L. 107-174, codified at 5 U.S.C. 2301 note. As stated in the full title of the Act, the Act is intended to "require that federal agencies be accountable for violations of antidiscrimination and whistleblower protection laws." In support of this purpose, Congress found that:

Agencies cannot be run effectively if those agencies practice or tolerate discrimination.

Pub. L. 107-174, section 101(1).

The Act also requires the Board to provide this notice to federal employees, former federal employees and applicants for federal employment to inform them of the rights and protections available under Federal antidiscrimination and whistleblower protection laws.

Antidiscrimination Laws

A federal agency cannot discriminate against an employee or applicant with respect to the terms, conditions or privileges of employment on the basis of race, color, religion, sex, national origin, age, disability, marital status, or political affiliation. Discrimination on these bases is prohibited by one or more of the following statutes: 5 U.S.C. 2302(b)(1), 29 U.S.C. 206(d), 29 U.S.C. 631, 29 U.S.C. 633a, 29 U.S.C. 791 and 42 U.S.C. 2000e-16.

If you believe that you have been the victim of unlawful discrimination on the basis of race, color, religion, sex, national origin, age, disability, marital status, or political affiliation, you must contact an Equal Employment Opportunity (EEO) counselor within 45 calendar days of the alleged discriminatory action, or, in the case of a personnel action, within 45 calendar days of the effective date of the action, before you can file a formal complaint of discrimination with the Board. See, e.g., 29 CFR 1614. If you believe that you have been the victim of unlawful discrimination on the basis of age, you must either contact an EEO counselor as noted above or give notice of intent to sue to the Equal Employment Opportunity Commission (EEOC) within 180 calendar days of the alleged discriminatory action. If you are alleging discrimination based on marital status or political affiliation, you may file a written complaint with the U.S. Office of Special Counsel (OSC) (see contact information below). In the alternative (or in some cases, in addition), you may pursue a discrimination complaint by filing a grievance through the Agency's administrative or negotiated grievance procedures, if such procedures apply and are available.

Whistleblower Protection Laws

A federal employee with authority to take, direct others to take, recommend or approve any personnel action must not use that authority to take or fail to take, or threaten to take or fail to take, a personnel action against an employee or applicant because of disclosure of information by that individual that is reasonably believed to evidence violations of law, rule or regulation; gross mismanagement; gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety, unless disclosure of such information is specifically prohibited by law and such information is specifically required by Executive Order to be kept secret in the interest of national defense or the conduct of foreign affairs.

Retaliation against an employee or applicant for making a protected disclosure is prohibited by 5 U.S.C. 2302(b)(8). If you believe that you have been the victim of whistleblower retaliation, you may file a written complaint (Form OSC-11) with the U.S. Office of Special Counsel (OSC) at 1730 M Street, NW., Suite 218, Washington, DC 20036-4505 or online through the OSC Web site: <http://www.osc.gov>.

Retaliation for Engaging in Protected Activity

A federal agency cannot retaliate against an employee or applicant because that individual exercises his or her rights under any of the Federal antidiscrimination or whistleblower protection laws listed above. If you believe that you are the victim of retaliation for engaging in protected activity, you must follow, as appropriate, the procedures described in Antidiscrimination Laws and Whistleblower Protection Laws or, if applicable, administrative or negotiated grievance procedures in order to pursue any legal remedy.

Disciplinary Actions

Under the existing laws, each agency retains the right, where appropriate, to discipline a federal employee for conduct that is inconsistent with Federal Antidiscrimination and Whistleblower Protection Laws up to and including removal. If OSC has initiated an investigation under 5 U.S.C. 1214, however, according to 5 U.S.C. 1214(f), agencies must seek approval from the Special Counsel to discipline employees for, among other activities, engaging in prohibited retaliation. Nothing in the No FEAR Act alters existing laws or permits an agency to take unfounded disciplinary action against a federal employee or to violate the procedural rights of a federal employee who has been accused of discrimination.

Additional Information

For further information regarding the No FEAR Act regulations, refer to 5 CFR part 724, as well as the Board's EEO Director or Counselors. Additional information regarding Federal antidiscrimination, whistleblower protection and retaliation laws can be found at the EEOC Web site <http://www.eeoc.gov> and the OSC Web site <http://www.osc.gov>.

Existing Rights Unchanged

Pursuant to section 205 of the No FEAR Act, neither the Act nor this notice creates, expands or reduces any rights otherwise available to any

employee, former employee or applicant under the laws of the United States, including the provisions of law specified in 5 U.S.C. 2302(d).

A.J. Eggenberger,
Chairman.

DEPARTMENT OF EDUCATION

DEPARTMENT OF THE TREASURY

OFFICE OF MANAGEMENT AND BUDGET

Federal Family Education Loan Program (FFELP)

AGENCY: Department of Education, Department of the Treasury, Office of Management and Budget.

ACTION: Notice of terms and conditions of purchase of loans under the Ensuring Continued Access to Student Loans Act of 2008.

SUMMARY: Under section 459A of the Higher Education Act of 1965, as amended ("HEA"), as enacted within the Ensuring Continued Access to Student Loans Act of 2008 (Pub. L. 110-227), the Department of Education ("Department") has the authority to purchase, or enter into forward commitments to purchase, Federal Family Education Loan Program ("FFELP") loans made under sections 428 (subsidized Stafford loans), 428B (PLUS loans), or 428H (unsubsidized Stafford loans) of the HEA, on such terms as the Secretary of Education ("Secretary"), the Secretary of the Treasury, and the Director of the Office of Management and Budget (collectively, "Secretaries and Director") jointly determine are "in the best interest of the United States" and "shall not result in any net cost to the Federal Government (including the cost of servicing the loans purchased)."

This notice (a) establishes the terms and conditions that will govern the loan purchases made under section 459A of the HEA, (b) outlines the methodology and factors that have been considered in evaluating the price at which the Department will purchase loans made under section 428, 428B, or 428H of the HEA, and (c) describes how the use of those factors and methodology will ensure that the loan purchases do not result in any net cost to the Federal Government. The Secretaries and Director concur in the publication of this notice and have jointly determined that the programs described in this notice are in the best interest of the

United States and shall not result in any net cost to the Federal Government (including the cost of servicing the loans purchased).

DATES: *Effective Date:* The terms and conditions governing the Loan Purchase Commitment Program and the terms and conditions governing the Loan Participation Purchase Program are effective July 1, 2008.

SUPPLEMENTARY INFORMATION:

Introduction

The purchasing of loans is intended to encourage eligible FFELP lenders to provide students and parents access to Stafford and PLUS loans for the 2008-2009 academic year. To accomplish this objective, the Department is offering lenders the opportunity to participate in a Loan Purchase Commitment Program ("Purchase Program") and a Loan Participation Purchase Program ("Participation Program") (collectively, "Programs").

Under the Loan Purchase Commitment Program, the Department may purchase eligible loans that are held by eligible lenders. To participate in the Purchase Program, each eligible lender must enter into a Master Loan Sale Agreement with the Department and deliver to the Department or its agent the fully executed master promissory note (or all electronic records evidencing the same) evidencing each eligible loan that the eligible lender wishes to sell to the Department and any and all other documents and computerized records relating to such eligible loans.

Under the Loan Participation Purchase Program, the Department may purchase participation interests in eligible loans that are held by an eligible lender acting as a sponsor under a Master Participation Agreement. To participate in the Participation Program, each sponsor must enter into a Master Participation Agreement with the

Department and a third-party custodian acceptable to the Department and must have provided appropriate notice to the Department of the intent to participate in the Loan Purchase Commitment Program.¹

Terms and Conditions

Pursuant to section 459A of the HEA, the Secretaries and Director establish the terms and conditions that will govern the Loan Purchase Commitment Program ("Loan Purchase Commitment Program Terms and Conditions," attached as Appendix B to this notice) and the terms and conditions that will govern the Loan Participation Purchase Program ("Loan Participation Purchase Program Terms and Conditions," attached as Appendix C to this notice). The Loan Purchase Commitment Program Terms and Conditions and the Loan Participation Purchase Program Terms and Conditions are collectively referred to as the "Terms and Conditions." (The Notice of Intent to Participate, referenced in the Terms and Conditions, is attached as Appendix D to this notice.)

Outline of Methodology and Factors in Determining Prices

In accordance with Public Law 110-227, the goal in structuring the Purchase Program and the Participation Program described in this notice is to maximize student loan availability while ensuring loan purchases result in no net costs to the Federal Government. These programs will offer temporary liquidity to FFELP lenders at prices that will encourage their continued participation in the FFELP. This notice responds, in particular, to the requirement in section 459A of the HEA for an outline of the methodology and factors considered in evaluating the price at which loans may be purchased, and describes how the use of such methodology and consideration of such factors will ensure that no net cost to the Federal Government results from the loan purchases under these programs.

¹ Lenders that qualify as "eligible not-for-profit holders" for a higher special allowance rate may sell participation interests in their loans under this program without loss of eligibility for that rate. An entity qualifies for that rate only if the entity is the "sole beneficial owner of such loan." 20 U.S.C. 1085(p)(2)(C). Courts treat a participation interest in a loan as a beneficial ownership of a loan. The Department becomes a beneficial owner of a loan in which it purchases a participation interest, and the lender then holds a junior beneficial ownership interest. In light of other statutory provisions and the congressional intent they evidence, the Department interprets the HEA to disqualify an otherwise-eligible not-for-profit holder only if a for-profit entity acquires beneficial ownership of a loan. See 20 U.S.C. 1085(p)(2)(B), (E), (3).

Servicing and Financing Costs. In determining the prices described in this notice, the Secretary and the Secretary of the Treasury analyzed the costs incurred in making FFELP loans by large and small lenders, for-profit and not-for-profit lenders, and national and regional lenders based on publicly available data and consultations with a number of lenders and financial market analysts. This analysis examined lender returns in the context of loan servicing and financing expenses associated with obtaining funding to pay program costs and finance actual loan disbursements.

- The rate of lender returns on FFELP loans in the in-school and grace periods are effectively set by section 438 of the HEA at the commercial paper (CP) rate plus 1.19 percent or CP plus 119 basis points for for-profit lenders (a basis point equals one one-hundredth of a percent). 20 U.S.C. 1087-1(b)(2)(I)(ii) and (b)(2)(I)(vi)(I)(bb). For eligible not-for-profit holders, the HEA provides a return of CP plus 134 basis points. 20 U.S.C. 1087-1(b)(2)(I)(ii) and (b)(2)(I)(vi)(II)(bb). (These return levels reflect the net of borrower interest payments and Federal interest subsidies.) Returns are different for PLUS loans, which make up a relatively small portion of overall FFELP volume. These PLUS return levels were reflected in the cost neutrality calculations but, for simplicity, are not detailed in this notice.

- Lenders reported that loan servicing costs generally average between 30 basis points and 60 basis points per dollar loaned, with larger, more efficient lenders typically averaging closer to 30 basis points and small or not-for-profit lenders averaging closer to 60 basis points. Lenders pay the Department a 1 percent fee on each loan they make. 20 U.S.C. 1087-1(d)(2)(B). In addition, lenders must repay excess interest payments as required by section 438 of the HEA. 20 U.S.C. 1087-1(b)(2)(v). Because the student borrowers of most loans subject to the Purchase Program and the Participation Program will be in school and not making payments on their loans during the 2008-2009 academic year, lenders may need to obtain funding to make these statutorily-required payments to the Department. Financing costs (*i.e.*, interest expenses incurred to obtain capital from deposits or from private capital markets) typically total 15 basis points for every dollar loaned.

- Subtracting estimated servicing and financing costs from the lender return levels established in the HEA leaves lenders with estimated pre-tax returns of CP plus 44-74 basis points for for-profit lenders and CP plus 59-89 basis

points for lenders that are eligible not-for-profit holders. Lenders finance loan disbursements from these returns. If lenders sell participation interests in their loans under the Participation Program, they are charged CP plus 50 basis points, leaving a net pre-tax return of -6 basis points to 24 basis points for for-profit lenders. If lenders can obtain private financing at a lower interest rate, their net pre-tax return would be higher.

Based on this background information, the Secretaries and Director determined that setting the price paid by lenders on a participation interest in a loan at the principal of that loan and the commercial paper rate plus 50 basis points would offer most lenders sufficient opportunity to continue their participation in the FFELP. Setting a higher price risks limiting participation to only the largest lenders, while offering a lower price would be overly generous, especially for those same large lenders.

Origination and Deconversion Costs. In addition to servicing and financing costs, lenders incur administrative costs to originate loans and remove or "deconvert" loans from their servicing systems. In determining the proper price to reimburse lenders for these costs, the Department and the Department of the Treasury analyzed information from lenders and servicers.

The Department and the Department of the Treasury consulted with lenders, who provided them with their estimated origination and deconversion costs. Larger, more efficient lenders indicated that their origination costs ranged between \$20-\$30 per loan while these costs for smaller lenders were \$75 per loan. Lenders indicated that their estimated deconversion costs (*i.e.* the costs resulting from the process of taking a loan from one lender's servicing system and transferring it to another servicing system) ranged from \$20-\$50 per loan.

To ensure the Participation Program is open to more than just the largest lenders, the Secretaries and Director used these estimates to establish a flat \$75 fee paid on each loan sold to the Department to cover all servicing, origination, and deconversion costs. This assumes the lower end of the origination cost range and the higher end of the deconversion costs range.

Pricing structures on many private servicing contracts tend to have costs that differ greatly for different services, with high origination costs and relatively low deconversion costs, or at times, the converse. Notwithstanding these differences, the Secretaries and Director are reasonably certain that the \$75 fee accounts for these variations

while ensuring adequate participation in the Participation Program.

Analysis of Cost Neutrality

The cost-neutrality analysis used credit subsidy cost estimation procedures established under the Federal Credit Reform Act of 1990 (Pub. L. 101–508) and OMB Circular A–11. These procedures entail performing various analyses, projecting cash flows to and from the Government, and discounting those cash flows to the point of disbursement; the analysis also used the Credit Subsidy Calculator (“OMB calculator”), developed by the Office of Management and Budget to estimate credit subsidy costs for all Federal credit programs, as the discounting tool.² The results of the analysis were subsidy rates that reflect the Federal costs associated with a loan; these costs are expressed as a percentage of the credit extended by the loan. For example, a subsidy rate of 10.0 percent indicates a Federal cost of \$10 on a \$100 loan.

The metric to determine cost neutrality was that costs under the new Programs should not exceed costs expected under the FFELP had the loan purchase authority in section 459A of the HEA not been enacted. Thus all costs were compared to estimates in the 2009 President’s Budget for the FFELP, after adjustments were made for enacted legislation (other than the loan purchase authority provided by Pub. L. 110–227), including administrative costs.

Student loan cost estimates were developed to assess the Federal cost incurred for loans financed for students in five categories: Students attending proprietary schools, students attending two-year schools, freshmen/sophomores at four-year schools, juniors/seniors at four-year schools, and students in graduate programs. Risk categories have separate assumptions based on historical patterns—for example, the likelihood of default or the likelihood of statutory deferments or discharge benefits—of borrowers in each category. The analysis also considered risk factors that are particular to the new programs, such as the likelihood that lenders

involved in loan participation agreements file for bankruptcy protection.

This discussion outlines the analysis of the new Purchase Program and Participation Program with respect to the following critical aspects affecting the Federal cost:

- Administrative costs;
- Borrower behavior;
- Lender behavior; and
- Various risk factors.

Administrative Costs. Under the Federal Credit Reform Act, Federal administrative costs are not included in credit subsidy cost calculations. However, to capture the full cost of the Purchase Program and Participation Program, section 459A of the HEA requires the determination of cost neutrality to include total costs, including Federal administrative costs that are subject to appropriation, and thus administrative costs were estimated and included in the cost-neutrality analysis. Administrative cash flows primarily involve servicing costs associated with loans purchased by the Department. These costs extend for up to 40 years, because servicing must continue until the last loan is paid in full. Administrative costs also include start-up costs to enhance the Department’s systems to accommodate the purchase of participation interests and any put FFELP loans. Other start-up costs include legal and technical advisory contracts and changes to Department accounting, reporting, and program compliance systems and processes.

For the new programs, the Secretaries and Director estimated that start-up costs would be \$15.7 million and servicing costs would vary, according to the amount of volume in the program. Estimates for start-up costs were derived from conversations with the Department’s existing service contract providers, while servicing cost estimates were derived from costs currently incurred with the Department’s Federal Direct Loan servicing contract.

Borrower Behavior. Given the base FFELP serves as the foundation of the new programs, and the characteristics of the base program are unchanged, there is no reason to believe that the Purchase Program and Participation Program outlined in this notice will affect borrower behavior. Thus, this cost analysis uses the same borrower behavior assumptions as were used in preparing the 2009 President’s Budget to gauge the effect on program costs of borrower-based activities such as loan repayment, use of statutory benefits such as deferments and loan discharges, and default rates and timing. These

assumptions are based on a wide range of data sources, including the National Student Loan Data System, the Department’s operational and financial systems, and a group of surveys conducted by the National Center for Education Statistics such as the 2004 National Postsecondary Student Aid Survey, the 1994 National Education Longitudinal Study, and the 1996 Beginning Postsecondary Student Survey.

Lender Behavior. A key factor in assessing whether the Purchase Program and Participation Program would operate in a cost-neutral manner was lender behavior: Specifically, how many lenders would participate in each program and how many loans would they eventually choose to sell to the Department. The Secretaries and Director considered alternative scenarios of market conditions and lender behavior to determine whether each program could be considered cost-neutral.

In one scenario, the Secretaries and Director assumed that market conditions would not improve and that FFELP lenders would put or sell participation interests to the Department in 100 percent of all FFELP loans made for the 2008–09 academic year. At the end of the participation period, FFELP lenders would also put 50 percent of those loans to the Department. The Secretaries and Director assumed that the loan volume would be \$65 billion and that the total portfolio would be similar to the expected 2008–2009 school year of student loans under the FFELP before enactment of the loan purchase authority in Public Law 110–227.³ Further, the loans purchased at the end of the participation period would be representative of the total loan volume. Under this scenario, we determined that costs for both the Purchase Program and the Participation Program were less expensive to the Government than for the baseline subsidy costs for FFELP loans costs for the FFELP baseline in this period. (Please see *Table 2*, located in Appendix A, for a summary of the analysis for this scenario, which also includes the risk factors discussed in this notice.)

The Secretaries and Director also considered other scenarios. In those scenarios, the Secretaries and Director sorted the expected FFELP volume under the Purchase Program and Participation Program into three

² The OMB calculator takes projected future cash flows from the Department’s student loan cost estimation model and produces discounted subsidy rates reflecting the net present value of all future Federal costs associated with loans made in a given fiscal year. Values are calculated using a “basket of zeros” methodology under which each cash flow is discounted using the interest rate of a zero-coupon Treasury bond with the same maturity as that cash flow. To ensure comparability across various Federal credit programs, this methodology is incorporated into the calculator and used government-wide to develop estimates of the Federal costs of credit programs.

³ This loan volume assumption is the full FFELP non-consolidation estimate for the 2008–2009 academic year (as presented in the 2009 President’s Budget) and is adjusted to include increases to unsubsidized Stafford Loan limits provided for in Pub. L. 110–227.

categories: Loans made by lenders and sold to the Department; loans made by lenders on which the lenders first sold participation interests to the Department and then, on September 30, 2009, sold the loans themselves to the Department; and loans made by lenders on which participation interests were sold to the Department but then redeemed by the lender, for a cash payment, eliminating the Department's participation interest. In general, the Secretaries and Director derived volume allocations under particular scenarios by making assumptions about near-term market conditions, likely lender behavior based on type of lending institution and operational capability, and projecting lender demand for any particular option under those conditions.

One of these scenarios, considered to be one of the most costly to the Government, would be that market conditions improve significantly over the next year, and that lenders sell a greater proportion of higher cost loans to the Government (in a process often termed "cherry-picking"). A Congressional Budget Office analysis, and other analyses, of the FFELP portfolio have found that certain loans are more profitable for FFELP lenders than others. In particular, borrowers with small balances provide relatively little margin income relative to the fixed costs lenders face to service those loans. Some borrowers, including those that attended schools with higher than average default rates, are more likely to become delinquent and, consequently, present higher expected default costs, and greater losses of margin income due to default.

The Terms and Conditions seek to reduce the impact of these risk factors. For example, program guidelines requiring lenders to sell all 2008–09 Stafford loans held for a specific borrower, combined with the administrative complexity and expense of identifying and deconverting only less profitable loans, make it less likely that lenders will choose to sell only poorly-performing loans to the Department.

Nevertheless, if financial markets improve to the point where lenders can finance most loans privately, they might still sell those least profitable loans to the Department. In this situation, borrowers with very low balances will present relatively high servicing costs to the Department per dollar of outstanding balance.

Under the scenario described in the preceding paragraph, the analysis estimates 4 percent of FFELP volume (\$65 billion in the 2008–2009 academic year) will be loans made by lenders and

sold to the Department; 32 percent of volume (\$21 billion) would be loans for which participation interests, and then the loans themselves, would be sold to the Department; and 32 percent (\$21 billion) would be loans for which participation interests were sold, but then redeemed.⁴ Cost estimates assuming these volume allocations and risk adjustments for this scenario still compared favorably with the costs for the base FFELP. (Please see *Table 3*, located in Appendix A, for a summary of the analysis for this scenario and the risk factors discussed in the following sections.)

It should also be noted that, in addition to the examples discussed herein that represent certain abnormal market and lender behavior conditions, all other alternatives under which the Purchase Program and Participation Program were analyzed were less expensive than base FFELP costs.

Risk Factors. Analyzing whether the Purchase Program and Participation Program would operate in a cost-neutral manner requires that projected costs account for the presence of various risks and cost factors that must be assumed since the programs will not operate entirely like the base FFELP, nor without operational risk. In addition to cherry-picking, the Secretaries' and Director's estimates included adjustments for four other factors: that lenders involved in loan participation agreements file for bankruptcy protection ("bankruptcy remoteness");

⁴ The loan volume assumption in this scenario was developed through conversations with a variety of lending institutions. Depository lending institutions indicated that they would use their own capital to originate new student loans rather than take advantage of the participation agreement structure. Non-depository institutions indicated they would use participation agreements. For the top 100 lenders in FY 2007, which together accounted for over 80 percent of FFELP non-consolidation volume, 33 percent of volume was originated by depository institutions and 67 percent by non-depository institutions. (Figures for non-depository institutions include loans made by depository institutions acting as eligible lender trustees.)

Lenders currently have \$50 billion in warehouses and substantial additional loans securitized in rollover accounts that will require long-term refinancing. These inventory stocks may provide lenders with an incentive to put loans. Representatives of depository institutions indicated they may increase volume to ensure students have access to loans, but may not want to maintain this additional volume on their books.

In consideration of these factors, estimates assumed all 2008–2009 FFELP non-consolidation loan volume originated by depository institutions over the level originated for 2007–2008 and 50 percent of 2008–2009 loans originated by non-depository institutions and included in the Loan Participation Purchase Program will be put. Estimates further assumed that all loans of \$1,000 or less would be put first, with the balance up to the total amount put made up of loans of over \$1,000.

that lenders redeem their participation agreements early, reducing Federal earnings from the participation interests acquired ("interest adjustments"); that unforeseen problems undermine the Department's ability to effectively oversee and administer the Purchase Program and Participation Program ("operational risk"); and that some of the loans purchased by the Department would be those where the Department would otherwise reject a claim under the FFELP program ("claim rejects").

The Terms and Conditions for each program seek to reduce the impact of these risk factors. None of these factors is likely to lead to significant additional Federal costs. For example, the requirement that lenders sell participation interests that total at least \$50 million will limit involvement to large financial institutions that, in general, are financially stable and not likely to proceed to bankruptcy. Additionally, upon filing for bankruptcy, the yield owed by the lender to the Department increases from principal of that loan and the commercial paper rate plus 50 basis points, to principal of that loan and the commercial paper rate plus 300 basis points.

However, to ensure estimates reflect a conservative assessment of possible Federal costs, the Secretaries and Director added cost adjustments to incorporate each risk factor in all of the scenarios noted in the preceding paragraphs. The adjustments were based on an assessment of private-sector behavior and program data as follows:

- **Bankruptcy remoteness.** The Government might face legal risks if a lender declares bankruptcy while holding rights to loans under the participation agreement. The Secretaries and Director believe that the structure to be utilized under the Participation Program offers sufficient bankruptcy protection, in that legal title of these participated loans will be placed in a custodial facility, and that the participation agreement vests the Government with a valid security interest under the Uniform Commercial Code. Nonetheless, a bankruptcy court might tie up control of the loans until the claims of other creditors are settled. This risk is more present if markets remain distressed during the next one to two years as the likelihood of bankruptcy is higher; however, the risk never goes to zero entirely. For the scenario in *Table 2* below (where the market conditions do not improve), the analysis assumes an increase in cost of 15 basis points. For the scenario in *Table 3*, where market conditions do improve, the analysis assumes an

increase in cost of 5 basis points. Assumptions are based on an estimated one-year default rate of lenders and potential recoveries on default.

- **Interest adjustments.** If financial market conditions significantly improve between now and the end of September 2009, lenders that took advantage of the participation agreements might opt to buy their loans out early and finance them privately through more favorable rates. While this outcome is highly desirable from a policy perspective, it would deprive the Department of some of the margin income it might expect from the participation agreement under a scenario where lenders opt to maintain their loans in the participation agreements until the last possible moment. The cost neutrality analysis below assumes a 20 basis point increase in the cost for interest that the Department does not realize, based on the expected placement of FFELP loans in the participation interest program, and the difference between the commercial paper rate plus 50 basis points lenders must pay the Department and the cost of Government borrowing.

- **Operational risk.** Operational risk is in general a major concern in all credit activities in both the public and private sectors, and has been a major focus in recent efforts to overhaul bank regulations. (Operational risk is limited in this analysis to that related to funding and management of the participation or loan purchase agreements.) In the new Purchase Program and Participation Program, operational risk might result from imperfect controls of ineligible lending, servicing errors, technology failures, and the risk of fraud. While the Department has made every effort to mitigate operational risk, the emergency nature and accelerated implementation timeframe for these Programs make operational risk more of a concern than in established Department programs. For the low risk scenario, the analysis below assumes a 10 basis point increase in cost, reflecting risks other than credit or market risk, as banks are currently required to finance on average about eight percent of their assets with capital.

For the high scenario, we raised the factor related to operational risk by 70 basis points to equal a total of 0.80 percent. We estimated this worst-case scenario using survey data from bank regulators implementing an overhaul of bank regulations. The largest United States banking organizations will be subject to a new system of capital requirements which includes an explicit charge for operational risk. Under that regulation banks must develop models generating a probability distribution of losses for operational risk, and hold capital equal to the 99.9th percentile of that estimated probability distribution. Banks were surveyed to measure the anticipated impact of the regulation. Using the best available models of operational risk, the banks reported that operational risk would account for roughly ten percent of their required capital. As banks currently finance on average about eight percent of their assets with capital, worst-case scenario operational risk losses can thus be estimated at about one percent of total assets. Also, while we do not believe that this program has, or necessarily will, face such a level of operational risk, we developed the high scenario to ensure that the program is cost neutral, even under extreme and unlikely circumstances.

- **Claim rejects.** This risk factor takes into account the costs associated with the purchase of loans that would not typically qualify for the federal guarantee in the FFEL program due to improper origination or servicing. The 6 basis point increase in cost is based on a historical rejected claim rate of 1 percent of volume, and assumes that these loans would have higher loss rates than the average portfolio.

Cost estimates reflecting these factors, for each of the market condition and lender behavior scenarios discussed elsewhere in this notice, were calculated and included, as illustrated in *Tables 2 and 3*. As those analyses show, even with these risk adjustments, the estimated costs of the loans included in the Purchase Program and

Participation Program remained lower than those for standard FFELP loans.

Conclusion. After taking into account alternative market and lender behavior scenarios and appropriate risk factors, the Secretaries and Director determine that the Purchase Program and Participation Program are in the best interest of the United States and will result in no net cost to the Federal Government (including the cost of servicing the loans purchased).

APPENDIX B
Loan Purchase Commitment Program for Eligible FFELP Loans

Summary of Terms and Conditions

These terms and conditions do not purport to be all of the terms and conditions that will govern the Loan Purchase Commitment Program. The final terms and conditions of the Loan Purchase Commitment Program will be those included in a definitive Master Loan Sale Agreement and other documentation related thereto.

Purchase Program Purpose: The purpose of the Loan Purchase Commitment Program ("Purchase Program") is to encourage Eligible Lenders, as defined below, to provide students and parents access to Stafford and PLUS loans made under the Federal Family Education Loan Program ("FFELP") for the 2008-2009 academic year, by providing a market for Eligible Loans during the term of the Purchase Program. The Purchase Program described herein will consist of a standard Master Loan Sale Agreement ("Master Loan Sale Agreement") to be provided by the Department of Education ("Department") and related documents to which each Eligible Lender will agree.

Purchase Program Authority: Under section 459A of the Higher Education Act of 1965 ("HEA"), as amended by the Ensuring Continued Access to Student Loans Act of 2008 (Pub. L. 110-227), the Department has the authority to purchase, or enter into forward commitments to purchase, student loans made under sections 428 (subsidized Stafford loans), 428B (PLUS loans), or 428H (unsubsidized Stafford loans) of the HEA, on such terms as the Secretary of Education ("Secretary"), the Secretary of the Treasury, and the Director of the Office of Management and Budget jointly determine are in the best interest of the United States.

Program Description: Pursuant to the terms of the Purchase Program, the Department may purchase Eligible Loans that are held by Eligible Lenders. Such purchases may occur during the period commencing on July 1, 2008 and ending on September 30, 2009. To participate in the Purchase Program, each Eligible Lender must submit a Notice of Intent to Participate in the Program. With the filing of the Notice of Intent to Participate, the Eligible Lender is vested with the option to put Eligible Loans to the Department for purchase. Prior to executing the put, the Eligible Lender must enter into a Master Loan Sale Agreement with the Department, as explained later here. Entering into the Master Loan Sale Agreement preserves the put option. Neither the filing of the Notice of Intent to Participate nor the Master Loan Sale Agreement commits the Eligible Lender to put Eligible Loans to the Department.

Upon execution of the put option, the Lender must transfer title to the loans it sells, and at the direction of the Department, deliver to the Department or its agent the fully executed master promissory note (or all electronic records evidencing the same) evidencing each Eligible Loan that the Eligible Lender wishes to sell to the Department and any and all other documents and computerized records relating to such Eligible Loans.

In order to acquire the option to sell loans under this Purchase Program, an Eligible Lender must first file a Notice of Intent to Participate in the Purchase Program with the Department, stating its desire to have the option to sell loans to the Department. The timing of the Lender's Notice of Intent controls which loans the Lender may sell. The Lender may not sell Eligible Loans to the Department on which the first disbursement was made prior to the date on which the Department receives the Notice of Intent, unless the Department receives the Notice of Intent on or before a date fifteen calendar days after the terms of the Program are published in the Federal Register. If the Notice is received by that deadline, the Eligible Lender may sell Eligible Loans that were originated on or after May 1, 2008.

Furthermore, if an Eligible Lender wishes to sell an Eligible Loan that it did not originate, both that Eligible Lender and the originating Lender must each file a Notice of Intent to Participate with the Department. Each Lender must file its respective Notice prior to date on which it made or acquired the Loan. In addition, the Department will purchase a Loan made on or after May 1, 2008 from the Lender that acquired that Loan, if that Lender filed its Notice of Intent before it acquired the Loan, and if the originating Lender filed its Notice of Intent within the fifteen day period described above.

Commitment to Future FFELP Participation: By its execution of a Master Loan Sale Agreement, each Eligible Lender represents to the Department that it shall continue to participate in the FFELP and that at such time as funds become reasonably available to such Eligible Lender from private sources, it will originate new FFELP loans or acquire FFELP loans made by other lenders after the date of the Secretary's purchases from such Eligible Lender.

Eligible Lender: Any entity that is an eligible lender under §435(d) of the HEA that holds FFELP Loans (whether directly or through an eligible lender trustee) will be eligible to participate in the Purchase Program, subject to the terms and conditions of the Purchase Program as described herein and in the Master Loan Sale Agreement.

Eligible Loans: The following loans will be eligible for purchase pursuant to the Purchase Program:

Subject to the Notice Requirements described below, FFELP subsidized or unsubsidized Stafford Loans and FFELP PLUS loans that were made to students (and parent PLUS loans made to parents of dependent students) for loan periods that include, or begin on or after, July 1, 2008 ("Academic Year 2008-09") and on which the first disbursement is made on or after May 1, 2008 but no later than July 1, 2009 and is fully disbursed no later than September 30, 2009.

In order to be eligible for the Purchase Program, each loan must:

- (a) have been originated and serviced in compliance with all requirements of applicable law, including the HEA and the implementing regulations;
- (b) have been fully disbursed;
- (c) bear interest at the stated statutory rate under the HEA for such loan;
- (d) be evidenced by a signed master promissory note that contains the terms required by the HEA and the implementing regulations, that does not require the obligor to consent to the transfer, sale or assignment of the rights and duties of the Eligible Lender, and that does not contain any provision that restricts the ability of the Department to exercise its rights under the Master Loan Sale Agreement;
- (e) have been originated or acquired by an Eligible Lender and, pursuant to the Program Description above, the Department has received the timely Notices of Intent to Participate; and
- (f) satisfy each of the terms, conditions and representations and warranties in the Master Loan Sale Agreement, including without limitation the following representations and warranties:
 - (1) immediately prior to the sale of the Eligible Loan, the Eligible Lender has good and marketable title to the loan free and clear of any encumbrance, lien or security interest or any other prior commitment (other than as may be granted in favor of the Department or that will be released upon the Department's purchase of such loan);
 - (2) the loan has not been modified, extended or renegotiated in any way, except as required under the HEA or other applicable laws, rules and regulations, and the applicable guarantee agreement;
 - (3) the loan constitutes a legal, valid and binding obligation to pay on the part of the related obligor enforceable in accordance with its terms and is not subject to a current bankruptcy proceeding;
 - (4) the loan has no borrower benefits other than Eligible Borrower Benefits. Eligible Borrower Benefits include only unconditional upfront fee reductions which are accrued and paid or made prior to the date on which an Eligible Loan is sold, or permitted reductions in interest rates of not more than .25 percent

that are contingent on the use of an automatic payment process by the borrower for any payments due;

(5) the sale of the loan does not conflict with law or require consent of any person not a party to the sale; and

(6) the loan satisfies all of the terms and conditions of the Master Loan Sale Agreement; and

(7) if the loan is subject to a servicing agreement, such agreement is terminable upon thirty (30) days' notice, and the Eligible Lender shall be responsible for any de-boarding, deconversion or related fees or expenses to the related servicer; and

(g) if the lender holds more than one Stafford Loan for a borrower, each of which is an Eligible Loan, the lender sells all such Eligible Stafford Loans to the Department.

Loans that are ineligible for the Purchase Program include:

- FFELP Consolidation Loans or any other types of loans not specifically described in the Master Loan Sale Agreement;
- loans disbursed for academic years other than Academic Year 2008-09;
- loans on which the lender has committed to providing the borrower with any borrower benefits other than Eligible Borrower Benefits; and
- loans on which a default claim or other claim for payment on the loan has been filed with the guaranty agency.

Term: In order to participate in the Purchase Program, a lender must be an Eligible Lender and must enter into a single Master Loan Sale Agreement with the Department under which the Eligible Lender will have an irrevocable option to sell Eligible Loans, as defined above, that are fully disbursed, to the Department subject to the terms and conditions of the Master Loan Sale Agreement. The Eligible Lender must notify the Department that it will exercise its option to sell the fully disbursed Eligible Loan(s) no later than August 14, 2009, and must complete all loan sales on or before September 30, 2009. If an Eligible Lender fails to meet one or both of these dates the option expires, and the Department will not honor any commitment to purchase loans.

Purchase Price: The Department will purchase each Eligible Loan at a purchase price equal to the sum of (1) the outstanding principal balance of the Eligible Loan at time of sale, plus (2) accrued and unpaid interest on the Eligible Loan as of time of sale, plus (3) a reimbursement of the one percent loan fee (as provided by section 438(d) of the HEA) previously paid by the Eligible Lender to the Department, plus (4) \$75.00.

Document Delivery: In connection with each sale of Eligible Loans, as directed by the Department, the Eligible Lender shall be required to deliver the original fully executed master promissory note evidencing the purchased Eligible Loans and any and all other documents and electronic records evidencing such loans to the entity designated by the Department to retain such documents.

Purchase Frequency: Eligible Lenders shall sell Eligible Loans to the Department not more frequently than weekly.

Closing Conditions: On or prior to the execution of the Master Loan Sale Agreement by an Eligible Lender, such Eligible Lender, as directed by the Department, shall be required to deliver to the Department:

- (a) copies of the applicable formation documents, corporate resolutions and good standing certificates for the Eligible Lender;
- (b) incumbency certificates of the Eligible Lender;
- (c) opinions of the Eligible Lender's counsel relating to corporate matters, legality, validity and enforceability of the Master Loan Sale Agreement and related documents, no conflicts, and such other matters as the Department may request; and
- (d) such other documents as the Department may request.

On or prior to each sale of Eligible Loans to the Department, each Eligible Lender shall be required to deliver to the Department:

- (a) any required security releases for the Eligible Loans;
- (b) a purchase request for such purchase;
- (c) loan schedule (in electronic format); and
- (d) such other documents as the Department may request.

Notice Requirements: Each Eligible Lender that elects to participate in the Purchase Program must take the following steps:

- The Lender must submit its Notice of Intent to Participate in the program, as explained above.
- The Lender must, no later than March 31, 2009, execute the Master Loan Sale Agreement and provide a statement setting forth representations, warranties and guarantees required by the Department in the Federal Register notice.
- After the Department countersigns the Master Loan Sale Agreement, and at least forty-five (45) days before the date of any intended sale of loans, the Lender must

notify the Department of its intent to sell loans to the Department and must certify that the representations, warranties and guarantees made previously to the Department are current and true.

Loan Servicing: Each loan shall be purchased by the Department on a servicing-released basis. If the loan is subject to a servicing agreement, such agreement must be terminable upon thirty (30) days' notice by the Department. The Department may issue such notice at any time after the Eligible Lender provides notice of its intent to sell loans. The Eligible Lender shall be responsible for any de-boarding, deconversion or related fees or expenses to the related servicer. Accordingly, upon purchase of any Eligible Loan, the Department shall obtain all rights to service such Eligible Loan and may, in its sole discretion require deconversion of such Eligible Loan in order to service the loan itself or through a third-party servicer of its designation.

Fees and Expenses: Each Eligible Lender shall be required to pay all of its costs and expenses which are incurred in connection with the negotiation, preparation, execution and delivery of the Master Loan Sale Agreement and any or any other related documents, including, without limitation, the reasonable fees and out-of-pocket expenses of counsel for any Eligible Lender with respect thereto, and all other fees, costs and other expenses incurred in connection with the transfer of ownership of Eligible Loans, and delivery of such loans, to the Department.

Other Department Program: Separately, the Department is offering a Loan Participation Purchase Program for eligible FFELP loans. This Purchase Program does not require, nor does it preclude, the participation of an Eligible Lender in that separate program.

Governing Law and Forum: The Master Loan Sale Agreement and the Notice of Intent to Participate, and the rights and obligations of the parties thereto, shall be governed by and construed in accordance with Federal law. Insofar as there may be no applicable Federal law, the internal laws of the State of New York (without giving regard to conflicts of laws principles other than Sections 5-1401 and 5-1402 of the New York General Obligations Law) shall be deemed reflective of Federal law insofar as to do so would not frustrate the purposes of any provision of the Master Loan Sale Agreement or the transactions governed thereby.

APPENDIX C
Loan Participation Purchase Program for Eligible FFELP Loans

Summary of Terms and Conditions

The following terms and conditions do not purport to be all of the terms and conditions that will govern the Loan Participation Purchase Program. The final terms and conditions of the Loan Participation Purchase Program will be included in a definitive Master Participation Agreement and other documentation related thereto.

Loan Participation Purchase Program Purpose: The purpose of the Loan Participation Purchase Program ("Participation Program") is to encourage Eligible Lenders, as defined below, to provide students and parents access to Stafford and PLUS loans made under the Federal Family Education Loan Program ("FFELP") for the 2008-2009 academic year by selling short-term participation interests in Eligible Loans, as defined below, to the Department of Education ("Department") during the term of the Participation Program. The Participation Program described herein will consist of a standard Master Participation Agreement ("Master Participation Agreement") to be provided by the Department and related documents to which each Eligible Lender and related parties described below will agree.

Participation Program Authority: Under section 459A of the Higher Education Act of 1965 ("HEA"), as amended by the Ensuring Continued Access to Student Loans Act of 2008 (Pub. L. 110-227), the Department has the authority to purchase, or enter into forward commitments to purchase, student loans made under sections 428 (subsidized Stafford loans), 428B (PLUS loans), or 428H (unsubsidized Stafford loans) of the HEA, on such terms as the Secretary of Education ("Secretary"), the Secretary of the Treasury, and the Director of the Office of Management and Budget jointly determine are in the best interest of the United States.

Program Description: Pursuant to the terms of the Participation Program, the Department may purchase Participation Interests in Eligible Loans held by an Eligible Lender, acting as a sponsor under a Master Participation Agreement ("Sponsor"). In order to participate in the Participation Program, each Sponsor must enter into a Master Participation Agreement with the Department and a third-party Custodian acceptable to the Department.

Put Option means the option issued to Eligible Lenders by the Department under the Department's separate Loan Purchase Commitment Program. As a condition precedent to the Department's purchase of this Participation Interest in an Eligible Loan in this Loan Participation Purchase Program, both the originating Eligible Lender and, if different, the Eligible Lender then in possession of the Eligible Loan, must each have provided to the Department timely Notice of Intent to Participate in the Loan Purchase Commitment Program ("Put Option").

The participation of an Eligible Lender in the Participation Interest Program does not require that the Eligible Lender exercise the Put Option, as per the terms of this separate program.

Eligible Lender: Any entity that is an eligible lender under § 435(d) of the HEA and that holds FFELP loans (whether directly or through an eligible lender trustee) will be eligible to participate in the Participation Program, subject to the terms and conditions of the Participation Program as described herein and in the Master Participation Agreement.

Sponsor means an Eligible Lender that will sell Participation Interests in FFELP loans under the terms of the Participation Program.

Custodian means the entity selected by the Sponsor and acceptable to the Department that will hold legal title to the Purchased Eligible Loans, as defined below, that are subject to the Participation Interests. In the manner directed by the Department, and pursuant to the terms of a custodial agreement, the Custodian holds the fully executed master promissory note (or all electronic records evidencing the same) evidencing the Purchased Eligible Loans and any and all other documents and computerized records relating to such Purchased Eligible Loans. The Custodian must be a National or State-chartered bank that is an eligible lender pursuant to § 435(d)(1)(A) of the HEA. The Department reserves the right to designate the entities, or the requirements for the entities, that may act as a Custodian for the Participation Program.

Program Structure: Under the Participation Program, a Sponsor shall transfer title to an Eligible Loan to the Custodian in exchange for participation interests in such loan. The Department ("Participant") will purchase from the Sponsor the participation interest issued by the Custodian, evidenced by a participation certificate (each such participation interest, a "Participation Interest," and each such loan backing such Participation Interest, a "Purchased Eligible Loan"), that represents a 100% beneficial ownership interest in the principal portion of each such Purchased Eligible Loan, and the right to receive the "Participant's Yield."

The Participant's Yield for each Participation Interest is an amount equal to the principal portion of such Purchased Eligible Loan multiplied by the product of the commercial paper rate determined by the Department and published pursuant to § 438(b)(2)(I)(i)(I) of the HEA ("Commercial Paper Rate") plus fifty (50) basis points ("Spread") for each quarter during which the Department holds a Participation Interest for such Loan, and the number of days during such quarter during which the Department holds the Participation Interest in such principal portion divided by 360. Following the occurrence of certain adverse events specified in the Master Participation Agreement, including filing for bankruptcy, the Spread shall be increased to three hundred (300) basis points.

The Custodian will acquire and hold title to the Purchased Eligible Loans in trust for the benefit of the Department as the owner of the Participation Interest, until that Participation Interest is redeemed in full.

The Custodian will issue a second participation certificate to the Sponsor with respect to the Purchased Eligible Loans, which will evidence the Sponsor's right to redeem the Purchased Eligible Loans by exercise of the Put Option or otherwise, and subject to the terms of the Master Participation Agreement, the Sponsor's right to receive all collections on the Eligible Loans, net of the Participant's Yield and the principal collections on the Purchased Eligible Loans.

In order to protect the interests of the Department, the Department will also be granted a protective first priority perfected security interest in the following assets: (i) the Purchased Eligible Loans in which it has a Participation Interest; (ii) all payments received on the Purchased Eligible Loans and all funds collected or to be collected with respect to such Loans; and (iii) any monies on deposit in accounts established under the related Master Participation Agreement (including the Collection Account), and all related rights and security with respect thereto under the related Master Participation Agreement. Each purchase of additional Purchased Eligible Loans, or additional amounts subsequently disbursed on Purchased Eligible Loans that are subject to a Participation Interest, will be evidenced by an increase in the outstanding principal balance of the related Participation Interest. The amount of Purchased Eligible Loans and the balance of the Participation Interest may decrease as principal payments or other reductions in the principal balance are made with respect to the Purchased Eligible Loans and remitted to the Department or in connection with the redemption or exercise of the Put Option with respect to any Purchased Eligible Loans.

The Master Participation Agreement shall include representations, warranties and covenants and events of default and other termination events as are customary under similar participation interest facilities or as are determined by the Department.

Commitment to Future FFELP Participation: By its execution of a Master Participation Agreement, each Eligible Lender represents to the Department that it shall continue to participate in the FFELP and that at such time as funds become reasonably available to the Eligible Lender from private sources, it will originate new FFELP loans or acquire FFELP loans made by other lenders after the date of the Secretary's purchases from the Eligible Lender.

Eligible Loans: The following loans will be eligible for the Participation Program:

Subject to the Notice Requirements described below, FFELP subsidized or unsubsidized Stafford Loans and FFELP PLUS loans made to students and parents of dependent students for loan periods that include, or begin on or after, July 1, 2008 ("Academic Year 2008-09"), and for which the first disbursement is made on or after May 1, 2008 but no later than July 1, 2009, and that is scheduled to be fully disbursed no later than September 30, 2009.

In order to be eligible for the Participation Program each loan must:

(a) have been originated and serviced in compliance with all requirements of applicable law, including the HEA and the implementing regulations;

(b) have had at least one disbursement made;

(c) bear interest at the stated statutory rate under the HEA for such loan;

(d) be evidenced by a signed master promissory note that contains the terms required by the HEA and the implementing regulations, that does not require the obligor to consent to the transfer, sale or assignment of the rights and duties of the Sponsor, and that does not contain any provision that restricts the ability of the Department to exercise its rights under the Master Participation Agreement;

(e) be eligible, when fully disbursed, to be sold to the Department through the Put Option; and

(f) satisfy each of the terms, conditions and representations and warranties in the Master Participation Agreement, including without limitation the following representations and warranties:

(1) immediately prior to delivery of legal title to the Custodian, the Sponsor has good and marketable title to the loan free and clear of any encumbrance, lien or security interest or any other prior commitment (other than as may be granted in favor of the Department or that will be released upon the Department's purchase of a participation interest in such loan);

(2) the loan has not been modified, extended or renegotiated in any way, except as required under the HEA or other applicable laws, rules and regulations, and the applicable guarantee agreement;

(3) the loan constitutes a legal, valid and binding obligation to pay on the part of the related obligor enforceable in accordance with its terms and is not subject to a current bankruptcy proceeding;

(4) the loan has no borrower benefits or other incentive programs other than Eligible Borrower Benefits which include only unconditional upfront fee reductions which are accrued and paid or made prior to the date on which a Participation Interest is sold, or permitted reductions in interest rates of not more than .25 percent that are contingent on the use of an automatic payment process by the borrower for any payments due;

(5) the transfer of the loan to the Custodian and the sale of the Participation Interest does not conflict with law or require consent of any person not a party to the transaction;

(6) the loan satisfies all of the terms and conditions of the Master Participation Agreement;

(7) if the loan has not been fully disbursed, the Sponsor will make all subsequent scheduled disbursements as an agent of the Custodian;

(8) if the loan is subject to a servicing agreement, such agreement must be terminable upon thirty (30) days' notice, and the Sponsor shall be responsible for any de-boarding, deconversion or related fees or expenses to the related Servicer, as defined below.

Loans that are ineligible for the Participation Program include:

- FFELP Consolidation Loans or any other types of loans not specifically described in the Master Participation Agreement;
- loans disbursed for an academic year other than Academic Year 2008-09;
- loans on which the lender has committed to providing the borrower with any borrower benefits other than Eligible Borrower Benefits;
- loans that have not had at least one disbursement as of July 1, 2009;
- loans in which the Department has previously purchased a Participation Interest, whether or not that interest has been redeemed; or
- loans on which a default claim or other claim for payment on the loan has been filed with the guaranty agency.

Term: In order to participate in the Participation Program, a Sponsor must be an Eligible Lender and must enter into a single Master Participation Agreement with the Department under which the Sponsor will have an irrevocable option to sell to the Department, subject to the terms and conditions of the Master Participation Agreement, Participation Interests in each Eligible Loan. The Department will not enter into any Master Participation Agreements with Eligible Lenders after July 1, 2009. The Sponsor must exercise the option to sell Participation Interests in Eligible Loan(s) on or before August 1, 2009.

After August 1, 2009, the option to sell Participation Interests expires, and the Department will not honor any commitment to purchase Participation Interests in any loans. However, the Department will purchase a Participation Interest in a second disbursement of a Purchased Eligible Loan after that date on the following conditions --

- the first disbursement on the Loan was made by July 1, 2009,

- the Loan became subject to a Participation Interest by August 1, 2009,
- the second disbursement was made between August 1, 2009 and September 14, 2009,
- the Sponsor notified the Department that it intended to redeem the Participation Interest with respect to the Loan by selling the Loan to the Department by the Put Option, and
- the Sponsor then completes the sale under the Put Option within 30 days of the second disbursement.

Purchase Price: The Department will purchase each Participation Interest at a purchase price equal to the outstanding principal balance of the Eligible Loans subject to such Participation Interest at time of the purchase of such Interest. To maintain the Department's 100% interest in the principal balance of each Purchased Eligible Loan, the Sponsor shall be required to fund any subsequently scheduled disbursements on such loan, and the Department will purchase a Participation Interest in any amount subsequently disbursed on such Purchased Eligible Loans.

Collection Account: A segregated pledged account established at the Custodian for the purpose of holding all payments and other proceeds received on or with respect to the Purchased Eligible Loans, including proceeds of the sale of such loans ("Collections") for the benefit of the Department, as holder of the Participation Interest. The Servicers, as defined below, will deposit all Collections as soon as possible, but in no event later than two (2) business days after receipt of good funds, into the Collection Account.

Responsibility for Fees and Other Charges: The Custodian is responsible for any fee or other charge owed to the Department or to the guaranty agency on an Eligible Purchased Loan after the loan has been transferred to the Custodian, including amounts owed to the Department as a recapture of excess interest ("negative special allowance").

Permitted Investments: All amounts on deposit in each Collection Account may be invested only in overnight or short-term U.S. Treasury securities that will, in all cases, mature on or prior to the day immediately preceding the date such funds are required to be disbursed.

Minimum Delivery Requirements: Each Sponsor that enters into a Master Participation Agreement with the Department shall be required to represent and warrant to the Department that such Sponsor intends to sell to the Department during the term of the Participation Program, participation interests in Eligible Loans with an aggregate unpaid principal balance of not less than \$50,000,000. In order to satisfy such minimum delivery requirement, a Sponsor shall be permitted to aggregate Eligible Loans originated or held by other Eligible Lenders, provided that such Sponsor has authority to convey legal title to such Eligible Loans to the Custodian and to sell Participation Interests in Eligible Loans originated or held by such other Eligible Lenders. Eligible Lenders that claim Special Allowance Payments (SAP) at the rate payable for eligible not-for-profit holders and that seek to aggregate Eligible Loans must do so through a Sponsor that aggregates only loans that qualify for SAP at that rate.

Purchase Frequency: Sponsors shall sell Participation Interests to the Department not more frequently than weekly.

Closing Conditions: On or prior to the execution of the Master Participation Agreement by a Sponsor, such Sponsor shall be required to deliver to the Department:

- (a) copies of the applicable formation documents, corporate resolutions and good standing certificates for the Sponsor;
- (b) incumbency certificates of the Sponsor;
- (c) opinions of the Sponsor's counsel relating to corporate matters, legality, validity and enforceability of the Master Participation Agreement and related documents, perfection, no conflicts, and such other matters as the Department may request;
- (d) agreements, if any, with other Eligible Lenders to aggregate, transfer legal title to, and sell participation interests in Eligible Loans;
- (e) UCC search reports and all UCC-1 Financing Statements;
- (f) Master Participation Agreement, Eligible Servicing Agreement, as defined below (if any), Custodial Agreement (if not included as part of the Master Participation Agreement); and
- (g) such other documents as the Department may request.

On or prior to each sale of a Participation Interest in Eligible Loans to the Department, each Sponsor shall be required to deliver to the Department:

- (a) any required security releases for the Eligible Loans;
- (b) list of lockboxes and copies of lockbox servicing instructions, to the extent not already provided;
- (c) a purchase request for such purchase;
- (d) Loan Schedule (in electronic format); and
- (e) such other documents as the Department may request.

In addition, the Custodian will be required to deliver to the Department (a) a certification evidencing receipt and review of each of the loan documents relating to the Eligible Loans, and (b) a Participation Certificate.

Custodian Monthly Closing Reports: The Custodian will provide to the Department a monthly settlement date report in the form specified by the Department on the day of the month specified by the Department summarizing loan activity for the prior calendar month.

Loan Servicing: Each Eligible Loan which is subject to a Participation Interest shall be serviced by or at the direction of the Custodian. To service the Loans, and in its discretion and pursuant to directions from the Department, to maintain custody of Loan records, the Custodian may retain the Sponsor or a servicer of FFELP student loans not under sanction by the Department. The entity that services the Loans ("Servicer") must do so pursuant to the terms of an Eligible Servicing Agreement, as defined below, and in accordance with Department regulations. The Sponsor will be responsible for the payment of any servicing related fees and expenses incurred in connection with the Participation Program. A servicing agreement will be deemed to be an "Eligible Servicing Agreement" if it: (i) contains customary terms and conditions that reflect a negotiated, arms-length transaction; (ii) provides for not more than a fair market servicing fee; (iii) includes usual and customary representations, warranties, covenants and events of default; (iv) acknowledges or be amended to acknowledge that the Department is an intended third-party beneficiary of such agreement entitling the Department to instruct the Servicer and exercise remedies with respect to the applicable Purchased Eligible Loans upon the occurrence of a Termination Event (as defined under the Master Participation Agreement); and (v) provides that any Servicer will deposit all funds received on Purchased Eligible Loans into the Collection Account (as defined above) no later than two (2) business day after receipt of good funds.

Each Eligible Servicing Agreement will also provide that upon notice of the exercise of the Put Option or other acquisition of a Purchased Eligible Loan by the Department, such agreement is terminable upon thirty (30) days' notice without the payment of any deboarding, deconversion or related costs, penalties or fees to the related Servicer and that the servicing shall be transferred as instructed by the Department. Accordingly, upon purchase of any Eligible Loan or other acquisition of title thereto, the Department shall obtain all rights to service such Eligible Loan and may, in its sole discretion, require deconversion of such Eligible Loan in order to service the loan itself or through a third-party Servicer of its designation.

Servicing Standard: Each Servicer will manage, service, administer, make collections and calculate any amounts owed to the Department with respect to the Purchased Eligible Loans (including collection of any interest subsidy payments and special allowance payments and calculate any negative special allowance owed with respect to the Purchased Eligible Loans) in accordance with all requirements as set forth in the established Master Participation Agreement, including but not limited to compliance with all applicable federal and state laws, including all applicable rules, regulations and other requirements of the HEA and the applicable guarantee agreement. Each Servicer shall be responsible for segregating, marking each Eligible Purchased Loan as owned by the related Custodian and remitting to the Custodian all payments received on the Purchased

Eligible Loans. This includes, but is not limited to, physical or electronic marking of relevant computer records.

Additional Reports and Information: The Sponsor and the Custodian may be required by the Department to provide regular monthly reports regarding transactions affecting loans, including information identifying the schools for which loans were made, loan delinquencies, and other information.

At any time, the Department and its representatives will have the right to request, schedule and conduct, during normal business hours and upon reasonable prior notice, a due diligence/audit of the Servicer's operations in respect to this Participation Program, the transaction documents, the Eligible Purchased Loans and settlement reports at the expense of the Servicer or Sponsor. Also, from time to time during a calendar year, the Department shall have the right to request, schedule and conduct, during normal business hours and upon reasonable prior notice, additional due diligence of the Sponsor, the Custodian and any Servicers, at the Sponsor's expense.

With respect to each Servicer, the Department shall be provided any audit reports or other annual compliance/operational audits performed on such Servicer relating to the servicing of FFELP student loans.

The Custodian shall be responsible for providing to the Department within 90 days after the Termination Date of a Participation, as provided in the Master Participation Agreement, an audit conducted by an independent auditor of the Custodian's activities under that Participation.

Other information as requested by the Department shall be delivered to the Department, which may include audited annual financial statements or unaudited quarterly financial statements of the Sponsor and any Servicer or their respective consolidated groups.

Statements of Compliance: Both the Sponsor and the Servicer will provide to the Department a statement of compliance with respect to the Master Participation Agreement and any related documents and applicable law, together with an agreed upon procedures letter delivered by an independent public accountant with respect to the Master Participation Agreement, all in form acceptable to the Department within 60 days of the execution of the Master Participation Agreement and on any subsequent dates specified by the Department.

Operation of the Participation Program: The Department will pay the Sponsor the purchase price for a Participation Interest promptly after the Sponsor notifies the Department and the Custodian confirms that a disbursement has been made on the Eligible Loan and the Eligible Loan has been placed in the Participation Program, subject to timing and frequency arrangements specified herein and in the Master Participation Agreement. The Department will remit this payment through the Custodian. The Sponsor is responsible for ensuring that all fees and charges, and all servicing requirements under FFELP rules for a Purchased Loan, are satisfied. In the event that any Eligible Loan has

become subject to a Participation Interest and such Eligible Loan is purchased out of the Participation Program by the Sponsor or any other entity, such loan shall cease to be eligible for the Participation Program and no Eligible Lender shall thereafter be permitted to sell a Participation Interest in such loan to the Department.

A Purchased Eligible Loan that becomes and remains delinquent must be redeemed by the Sponsor not later than the 255th day of such delinquency.

Termination Date: The termination date for each Participation Interest will be the earliest to occur of (i) the date on which the Sponsor notifies the Department that it will no longer be a participant in the program and reduces its amount outstanding to zero, (ii) the effective date of a termination event, including, without limitation, the bankruptcy, insolvency or other adverse event with respect to the Sponsor, and (iii) September 30, 2009.

Resolution of the Facility; Redemption Payment/Put Option: Under the terms of the Participation Program, each Participation Interest will expire on September 30, 2009. On or before such date, the Sponsor must pay the Custodian for remittance to the Department, with respect to each Purchased Eligible Loan subject to the Participation Interest, the purchase price paid by the Department for the Participation Interest in such Purchased Eligible Loan together with the Participant's Yield on such purchase price, calculated through the next scheduled distribution date. Upon receipt of this redemption payment by the Custodian, the Department agrees to release its interest in any Eligible Loan which is subject to any Participation Interest that is so redeemed. If the Sponsor elects to exercise the Put Option with respect to such underlying Eligible Loans, the Sponsor will release its interest in such Eligible Loans to the Department, and the Department will offset the Redemption Payment owed by Sponsor against the amount due the Sponsor under the Put Option and will remit the net amount to the Custodian.

On the Termination Date, all Purchased Eligible Loans, and the related servicing rights attributable to such loans, for which the Sponsor has not made the Redemption Payment shall become the property of the Department without any further action by the Department and the Participation Interests and the rights of the Department and the Sponsor under the Master Participation Agreement shall be terminated.

Distribution of Funds:

Monthly distribution: On a monthly basis, the Custodian will remit to the Department funds on deposit in the Collection Account in order to satisfy the outstanding Participant's Yield and Participation Interest.

Final distribution: On or before October 20, 2009, the Custodian shall distribute any remaining funds in the Collection Account, in the following order of priority:

- a) To the Department, the Participant's Yield;

- b) To the Department, any remaining amounts until its Participation Interest balance is reduced to zero; and
- c) To the Sponsor, any remaining amounts.

Notice Requirements: The Department will publish the terms of the Loan Participation Purchase Program in the Federal Register. Each Eligible Lender that elects to participate in the Participation Program must take the following steps —

- The Lender must submit to the Department a Notice of Intent to Participate in the Loan Participation Purchase Program and the Loan Purchase Commitment Program.
- Upon confirmation of receipt by the Department of the Notice of Intent, the Lender must provide a good faith estimate of the amount of Participation Interests it proposes to sell to the Department throughout the term of the Participation Program. Additionally, the Lender must update this estimate on a monthly basis.
- The Lender must execute the Master Participation Agreement and provide the representations, warranties and guarantees required by the Department under that Agreement by the earlier of July 1, 2009, or the closing date of the sale of the first Participation Interest.
- If the Lender proposes to exercise the Put Option to sell Purchased Eligible Loans to the Department, the Lender must, after the Department countersigns the Master Participation Agreement, and at least forty-five (45) days before the date of any intended sale of loans, notify the Department of its intent to sell loans to the Department and must certify that the representations, warranties and guarantees made previously to the Department are current and true.

The timing of the Lender's Notice of Intent controls which loans for which the Lender may sell Participation Interests. The Eligible Lender may not sell Participation Interests to the Department relating to loans for which the first disbursement was made prior to the date on which the Department receives the Notice of Intent, unless the Department receives the Notice of Intent on or before a date fifteen calendar days after the terms of the program are published in the Federal Register. If the Notice is received by that deadline, the Eligible Lender may sell Participation Interests relating to Eligible Loans that were originated on or after May 1, 2008.

Furthermore, if an Eligible Lender wishes to sell a Participation Interest to the Department in an Eligible Loan that it did not originate, both that Eligible Lender and the Lender that made the loan must each file a Notice of Intent to Participate with the Department. Each Lender must file its respective Notice prior to date on which it made or acquired the Loan. In addition, the Department will purchase a Participation Interest from a Lender that acquired a Loan made on or after May 1, 2008, if that Lender filed its Notice of Intent before it acquired the Loan, and the originating Lender filed its Notice of Intent within the fifteen day period described above.

Fees and Expenses: Each Sponsor shall be required to pay all of its costs and expenses which are incurred in connection with the negotiation, preparation, execution and delivery of the Master Participation Agreement and any or any other related documents, including, without limitation, the reasonable fees and out-of-pocket expenses of counsel for such Sponsor, all other costs and expenses of servicing the Purchased Eligible Loans, and all costs and expenses incurred in connection with the transfer and delivery of the Purchased Eligible Loans to the Custodian, including, without limitation, the fees of the custodian and any fees and expenses incurred in connection with transferring ownership of any Purchased Eligible Loans to the Custodian or to the Department in connection with the exercise of the Put Option or any other acquisition of ownership of the Purchased Eligible Loans by the Department.

Governing Law and Forum: The Master Participation Agreement, the Notice of Intent to Participate, and the rights and obligations of the parties thereto shall be governed by and construed in accordance with Federal law. Insofar as there may be no applicable Federal law, the internal laws of the State of New York (without giving regard to conflicts of laws principles other than Sections 5-1401 and 5-1402 of the New York General Obligations Law) shall be deemed reflective of Federal law insofar as to do so would not frustrate the purposes of any provision of the Master Participation Agreement or the transactions governed thereby.

**Re: [ELIGIBLE LENDER] Loan Purchase Commitment Program and/or Loan
Participation Purchase Program for Eligible FFELP Loans**

Ladies and Gentlemen:

The undersigned eligible Federal Family Education Loan Program (FFELP) lender under Section 435(d) of the Higher Education Act of 1965, as amended (HEA), hereby notifies the United States Department of Education that it intends to participate in one or both of the following FFELP Loan Purchase programs for the 2008-2009 academic year. The Loan Purchase programs are authorized under Section 459A of the HEA, as amended by the Ensuring Continued Access to Student Loans Act of 2009 (Pub. L. 110-227), and described in the Notice of terms and conditions of purchase of loans under the Ensuring Continued Access to Student Loans Act of 2008 (Register Notice) published in the Federal Register, Vol. 73, No. [___], July [___], 2008. Signifying intent to participate in one or both of the programs offered does not require actual participation in such programs.

CHECK THE APPLICABLE BOX(ES): ☐ Loan Purchase Commitment Program
☐ Loan Participation Purchase Program and the
Loan Purchase Commitment Program

By signifying its intent to participate in such program(s), the undersigned hereby certifies and agrees that:

1. The eligible lender will continue to originate or acquire FFELP loans made to students and parents.
2. If the eligible lender participates in the Loan Participation Purchase Program, it will sell, from time to time, participation interests in FFELP loans to the Department of Education with an aggregate unpaid principal balance of not less than \$50,000,000 in loans either held by such eligible lender or aggregated with other FFELP loans held by one or more eligible lenders.
3. The eligible lender acknowledges that it shall not be permitted to sell FFELP loans or participation interests therein to the Department of Education with respect to which the first disbursement was made prior to the date on which the Department of Education receives this Notice of Intent to Participate, except that, if the Department of Education receives this Notice of Intent to Participate within fifteen days of publication of the Register Notice the eligible lender shall be permitted to sell to the Department of

Education FFELP loans or participation interests therein, as applicable, where the first disbursement of the loan(s) was made on or after May 1, 2008.

For the purpose of item 3 above, the Department of Education will return to the undersigned, via electronic mail (E-mail), a copy of this Notice of Intent to Participate indicating the date it was received by the Department of Education.

The Department of Education has provided that it will accept signed copies of this Notice of Intent sent via E-mail at the address below.

The undersigned is aware that it must refer to the Register Notice and to the agreements referred to therein for a complete description of the terms and conditions under which the Department of Education will administer the Loan Purchase Programs. The undersigned also is aware that in order to participate in the Loan Purchase programs it must execute a Master Agreement for the respective program

This Notice of Intent to Participate is hereby executed and dated as of the date first listed above.

By executing this Notice of Intent, the undersigned now possess an option to sell loans to the Department of Education, under the terms and conditions of the Loan Purchase Commitment Program.

The undersigned asks that the Department of Education please direct all inquiries and correspondence relating to these programs to:

DEPARTMENT OF ENERGY

Proposed Agency Information Collection

AGENCY: U.S. Department of Energy.

ACTION: Notice and Request for Comments.

SUMMARY: The Department of Energy (DOE) invites public comment on a proposed collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments must be filed by September 2, 2008. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Send comments to Alice Lippert. Written comments may be sent to Office of Electricity Delivery and Energy Reliability (Attn: Comments on Refinery Disruption and Incident Report), OE-30, Forrestal Building, U.S. Department of Energy, Washington, DC 20585 or by fax at 202-586-2623, or by e-mail at Alice.Lippert@hq.doe.gov. To ensure receipt of the comments by the due date, submission by FAX or e-mail to is recommended. Alternatively, Alice Lippert may be contacted by telephone at 202-586-9600.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Alice Lippert using the contact information listed above.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) *OMB No.:* New.

(2) *Information Collection Request Title:* Refinery Disruption and Incident Report.

(3) *Type of Review:* New.

(4) *Purpose:*

(4)(I). Background;

(4)(II). Current Actions;

(4)(III). Request for Comments.

(4)(I). Background

Section 202(b) of the Department of Energy Organization Act (DOE Act), Pub. L. 95–91, 42 U.S.C. 7132(b)) and Secretary of Energy Delegation Orders 00–002.00 and 00–001.10 provides the Office of Electricity Delivery and Energy Reliability the authority to:

(1) Implement section 13 of the Federal Energy Administration Act of 1974 (Pub. L. 93–275) (15 U.S.C. 772), to collect, assemble, evaluate and analyze energy information;

(2) Implement section 11 of the Energy Supply and Environmental Coordination Act of 1974 (ESECA) (Pub. L. 93–319, 15 U.S.C. 796), to request, acquire and collect such energy information as the Secretary of Energy determines to be necessary to assist in the formulation of energy policy or to carry out the purposes of ESECA, and to exercise all energy information reporting authorities provided in section 11;

(3) Carry out the responsibilities assigned to the Secretary of Energy in Homeland Security Presidential Directive (HSPD)–5 (Management of Domestic Incidents) and the National Response Framework adopted pursuant to HSPD–5 with respect to energy supply and distribution and related activities;

(4) Carry out the responsibilities assigned to the Secretary of Energy in HSPD–7 (Critical Infrastructure Identification, Prioritization, and Protection) with respect to energy supply and distribution and related activities;

(5) Carry out the responsibilities assigned to the Secretary of Energy in HSPD–8 (National Preparedness) with respect to energy supply and distribution and related activities; and

(6) Formulate and establish enforcement policy, initiate and conduct investigations, conduct conferences, administrative hearings and public hearings, prepare required reports, issue orders, and take such other action as may be necessary or appropriate to perform any of the above functions.

The DOE, as part of its effort to comply with the Paperwork Reduction

Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35), provides the general public and other Federal agencies with opportunities to comment on collections of energy information. Any comments received help the DOE to prepare data requests that maximize the utility of the information collected, and to assess the impact of collection requirements on the public. Also, the DOE will later seek approval by the Office of Management and Budget (OMB) under section 3507(a) of the Paperwork Reduction Act of 1995.

The purpose of the “Refinery Disruption and Incident Report” would be to provide the Department of Energy with the information necessary to alert it to the existence and severity of a problem with a refinery and its ability to supply the market with petroleum products; the report would also provide contact information should it be necessary for the Department to discuss and address the situation. The report would be filed during an emergency, when certain conditions were met, indicating that a serious problem were occurring at a refinery.

OE proposes to collect information on refinery disruptions and incidents when there is (1) an emergency shutdown of a refinery; or (2) an emergency shutdown of a major unit, processes, or system at a refinery with potential for significant production disruption; or (3) a physical or cyber attack that causes major interruptions to critical refinery facilities, systems or operations. OE proposes to collect “Emergency Alert” information within one hour that indicates when the disruption or incident began, and if it is over, when it ended. In addition, OE proposes to collect information within one hour on the type of disruption or incident and whether there is any anticipated loss of production of transportation fuels or heating oil as a result of the problem. If there is no production impact, then the one hour Emergency Alert filing is all that is required of a refinery.

OE proposes to collect more information on the disruption or incident within six hours of the occurrence, if there is a projected production impact. OE proposes to collect detailed data on the actions taken as a result of the problem, including the units or processes affected by the disruption or incident and the estimated loss of production in barrels per day of gasoline, gasoline blending stocks, jet fuel, and distillate fuel, including heating oil. OE also proposes to collect detailed information (in a narrative format) regarding: Why the refinery reduced runs or shut down, supply impacts, feedstock deficiencies,

storage issues, and distribution problems.

The frame for the report would include operators of all petroleum refineries with a crude distillation capacity of at least 50,000 barrels per day that are located in the 50 States, District of Columbia, Puerto Rico, the Virgin Islands, Guam, and other U.S. possessions. Filing of the report would be mandatory pursuant to Section 13 of the Federal Energy Administration Act of 1974 (Pub. L. 93–275) (15 U.S.C. 772), Section 202(b) of the Department of Energy Organization Act (DOE Act), Pub. L. 95–91, 42 U.S.C. 7132(b)) and Secretary of Energy Delegation Orders 00–002.00 and 00–001.10, when a disruption or incident meets certain criteria or conditions indicating the situation is significant. This is an emergency report, without any set schedule, that will only be filed when criteria for filing are met. When the criteria are met, it is critical that the report is filed in a timely manner, so the Department of Energy, if necessary, can make policy decisions and take actions to quickly address a petroleum product supply emergency.

The information collected on the report would be used by the Department to perform due diligence on policy recommendations concerning emergency actions. The Department needs accurate information and assessments of impacts and the expected duration of emergency disruptions and incidents at refineries to provide the most effective regulatory relief and restoration assistance.

Information collected on refinery disruptions and incidents will be shared with DOE policy-makers and may be shared with relevant federal and state officials who have emergency authorities to waive certain regulations in order to expedite recovery or mitigate the adverse effects of the disruption. Information that is not protected on Schedule 1 may also be published in OE’s Emergency Situation Reports, which provide public information on the status of the energy infrastructure in the United States. All information collected related to actions taken, units or processes affected by the disruption or incident, the estimated losses of production, and any additional information provided in the narrative will be considered protected data. The protected data will be kept confidential and not disclosed to the public to the extent that it satisfies the criteria for exemption under the Freedom of Information Act (FOIA), 5 U.S.C. 552, the DOE regulations, 10 CFR 1004.11, implementing the FOIA, and the Trade Secrets Act, 18 U.S.C. 1905. The

Department of Energy (DOE) will protect the information in accordance with its confidentiality and security policies and procedures.

Information on refinery disruptions and incidents and the possible effects on petroleum product supplies are essential to the mission of the DOE in general and to Energy Information Administration and OE, in particular. Data on refinery outages are limited from commercial sources.

Consideration of a proposal for OE to collect information on refinery disruptions and incidents was necessitated by requesters citing the important roles that petroleum product supplies and prices have in the U.S. economy and the potential significant effects of refinery disruptions and incidents. The survey will not collect information on planned, scheduled outages. Public and private analysts must rely on commercially available sources of information for such information, to the extent that it is available.

(4)(II). Current Actions

OE is considering collecting refinery disruption and incident information only during an emergency which meets certain defined conditions. The conditions are:

A. Emergency shutdown of refinery; or

B. Emergency shutdown of a major unit, process, or system at the refinery with potential for significant production disruption; or

C. Physical or cyber attack that causes major interruptions or impacts to critical refinery facilities, systems, or operations.

The information to be reported would include: The date and time of the disruption or incident, its duration, the type of incident, actions taken by the refinery, units or processes affected, and the estimated production impact. The report also asks the respondent to provide a narrative description of the disruption or incident and details on supply impacts, feedstock deficiencies, storage issues or distribution problems, including pipeline, waterborne transport, railroad, or truck loading issues to or from the refinery.

At this time, OE is soliciting public comments on this proposal. OE then plans to request approval from the Office of Management and Budget (OMB) for the new emergency report to collect data on refinery disruptions and incidents.

(4)(III). Request for Comments

A. Is the proposed collection of information necessary for the proper

performance of the functions of the agency and does the information have practical utility? Practical utility is defined as the actual usefulness of information, taking into account its accuracy, adequacy, reliability, timeliness, and the agency's ability to process the information it collects.

B. What enhancements can be made to the quality, utility, and clarity of the information to be collected and disseminated?

C. How soon after a disruption or incident would one expect refiners to be able to provide a meaningful estimate of a potential loss in production of transportation fuels and heating oil?

D. Given the availability of public and subscription information regarding refinery disruptions and incidents, please provide detailed reasons why actions taken by a refinery, unit- and process-level information, and estimates of production impacts collected from a refinery should not be considered as public information and releasable to the public in identifiable form. Put another way, why should OE treat such information as protected from public release and consider the information as trade secrets?

E. What, if any, issues or potential questions should OE address in this proposed emergency report and instructions for collecting information on significant disruptions and incidents affecting refinery operations?

F. The "Refinery Disruption and Incident Report" is expected to take one hour to fill out per response. The estimated burden includes the total time necessary to provide the requested information. In your opinion, how accurate is this estimate? Will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with the information collection?

G. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

H. Does any other Federal, State, or local agency or any private organization collect similar information? If so, specify the agency/organization, the data element(s), the methods of collection, and what additional value would be derived from OE undertaking a collection of that information.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the collection of the information on refinery disruptions and

incidents. They also will become a matter of public record.

(5) *Respondents*: 100 Respondents—100 refinery operators (number not expected to change over the next three years);

(6) *Estimated Number of Burden Hours*: OE estimates the annual reporting burden to be 485 hours. OE estimates the respondent burden on the Emergency Report for Schedule 1 to be about six minutes. OE estimates the respondent burden on the Status Report (Schedule 1 & Schedule 2) to be about 1 hour per response. OE estimates the respondent burden on the Final Report (Schedule 1 & Schedule 2) to be about 1 hour per response. OE estimates 150 Emergency Report filings with no production impact and 200 Emergency Report filing with a production impact. The 200 Emergency Report filings with production impact will require Status Reports and Final Reports to be filed. OE assumes about 50 respondents will file two Status Reports.

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Agency Information Collection Activities: Submission for OMB Review; Comment Request.

SUMMARY: The EIA has submitted the energy information collection, "Generic Clearance of Questionnaire Testing, Evaluating, and Research," Form EIA-882T, to the Office of Management and

Budget (OMB) for review and a three-year extension under section 3507(h)(1) of the Paperwork Reduction Act of 1995 (Pub. L. 104–13) (44 U.S.C. 3501 *et seq.*).

DATES: Comments must be filed by July 31, 2008. If you anticipate that you will be submitting comments but find it difficult to do so within that period, you should contact the OMB Desk Officer for DOE listed below as soon as possible.

ADDRESSES: Send comments to Nathan Frey, OMB Desk Officer for DOE, Office of Information and Regulatory Affairs, Office of Management and Budget. To ensure receipt of the comments by the due date, submission by Fax (202–395–7285) or e-mail (Nathan_J_Frey@omb.eop.gov) is recommended. The mailing address is 726 Jackson Place, NW., Washington, DC 20503. The OMB DOE Desk Officer may be telephoned at (202) 395–7345. (A copy of your comments should also be provided to EIA's Statistics and Methods Group at the address below.)

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Grace Sutherland. To ensure receipt of the comments by the due date, submission by Fax (202–586–5271) or e-mail

(grace.sutherland@eia.doe.gov) is recommended. The mailing address is Statistics and Methods Group (EI–70), Forrestal Building, U.S. Department of Energy, Washington, DC 20585–0670. Ms. Sutherland may be contacted by telephone at (202) 586–6264.

SUPPLEMENTARY INFORMATION: This section contains the following information about the energy information collection submitted to OMB for review: (1) The collection numbers and title; (2) the sponsor (i.e., the Department of Energy component); (3) the current OMB docket number (if applicable); (4) the type of request (i.e., new, revision, extension, or reinstatement); (5) response obligation (i.e., mandatory, voluntary, or required to obtain or retain benefits); (6) a description of the need for and proposed use of the information; (7) a categorical description of the likely respondents; and (8) an estimate of the total annual reporting burden (i.e., the estimated number of likely respondents times the proposed frequency of response per year times the average hours per response).

1. EIA–882T, “Generic Clearance for Questionnaire Testing and Research”.
2. Energy Information Administration.
3. OMB Number 1905–0186.
4. Three-year approval requested.
5. Voluntary.
6. The EIA–882T is used to conduct pretest/pilot surveys (face-to-face

interviews, telephone interviews, mail questionnaires, electronic questionnaires), focus groups, and cognitive interviews. Data are used to modify questionnaires to improve the quality of data. Samples of potential respondents to proposed surveys are selected to participate.

7. Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; Federal Government; and State, Local or Tribal Government.

8. 1000 hours (4,000 respondents × 1 response per year × .25 hours per response).

Science Advisory Board Staff Office; Notification of a Public Teleconference of the Science Advisory Board Drinking Water Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public teleconference of the SAB Drinking Water Committee (DWC) to discuss and finalize its draft advisory report regarding EPA's draft third Drinking Water Contaminant Candidate List 3 (CCL 3).

DATES: The public teleconference on August 13, 2008 will begin at 12:30 p.m. and end no later than 3:30 p.m. (Eastern Time).

ADDRESSES: The August 13, 2008, meeting will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning this public teleconference, including call-in

phone number, should contact Dr. Resha M. Putzrath, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 343-9978; fax: (202) 233-0643; or e-mail at putzrath.resha@epa.gov. General information concerning the EPA Science Advisory Board can be found on the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to FACA, Public Law 92-463, notice is hereby given that the EPA SAB Drinking Water Committee will hold a public teleconference to discuss and finalize its report concerning EPA's draft Drinking Water Contaminant Candidate List 3 (CCL 3). The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: The 1996 Safe Drinking Water Act amendments (SDWA) require EPA to (1) publish every five years a list of currently unregulated contaminants in drinking water that may pose risks (the Contaminant Candidate List or "CCL"), and (2) make determinations on whether or not to regulate at least five contaminants from that list on a staggered five year cycle. SDWA requires EPA to publish a new list of contaminants that are known or anticipated to occur in public water systems every five years. The draft CCL 3 was published on February 21, 2008 (73 FR 9628) and includes 93 chemicals or chemical groups and 11 microbiological contaminants.

The EPA sought comment from the SAB DWC on the draft CCL 3, the approach used to develop the list, and the specific contaminants. The DWC held a public, face-to-face meeting to review the draft CCL 3 on April 23-24, 2008 (announced in 73 FR 12999). At that meeting, the DWC discussed the charge questions, sought clarification from EPA staff, and began to draft comments and recommendations. Materials and public comments from the April meeting are posted on the SAB Web site at <http://yosemite.epa.gov/sab/SABPRODUCT.NSF/MeetingCal/C990CC0808123428852573C4007A5B6F?OpenDocument>. The purpose of the teleconference on August

13 is for the DWC to discuss and finalize the draft advisory report.

Availability of Meeting Materials: The meeting agenda and draft advisory report will be posted on the SAB Web site at <http://www.epa.gov/sab> under the calendar entry for that date in advance of the meeting. The draft CCL 3 can be found at <http://www.epa.gov/safewater/ccl/index.html>.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the Drinking Water Committee to consider throughout the advisory process. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public SAB teleconference will be limited to three minutes per speaker, with no more than a total of one-half hour for all speakers. To be placed on the public speaker list, interested parties should contact Dr. Resha M. Putzrath, DFO, in writing (via e-mail), by August 4, 2008, at the contact information noted above. **Written Statements:** Written statements should be received in the SAB Staff Office by August 4, 2008, so that the information may be made available to the SAB DWC for their consideration prior to the teleconference. Written statements should be supplied to the DFO via e-mail to putzrath.resha@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Resha M. Putzrath at (202) 343-9978 or putzrath.resha@epa.gov. To request accommodation of a disability, please contact Dr. Putzrath, preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: June 24, 2008.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

FEDERAL RESERVE SYSTEM

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Board of Governors of the Federal Reserve System.

SUMMARY:

Background

On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act (PRA), as per 5 CFR 1320.16, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR 1320 Appendix A.1. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Request for Comment on Information Collection Proposals

The following information collections, which are being handled under this delegated authority, have received initial Board approval and are hereby published for comment. At the end of the comment period, the proposed information collections, along with an analysis of comments and recommendations received, will be submitted to the Board for final approval under OMB delegated authority. Comments are invited on the following:

- Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions, including whether the information has practical utility;
- The accuracy of the Federal Reserve's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments must be submitted on or before September 2, 2008.

ADDRESSES: You may submit comments, identified by FR K-2; FR Y-3F; or FR 2248, by any of the following methods:

- *Agency Web Site:* <http://www.federalreserve.gov>. Follow the instructions for submitting comments at <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm>.

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *E-mail:* regs.comments@federalreserve.gov. Include docket number in the subject line of the message.

- *Fax:* 202/452-3819 or 202/452-3102.

- *Mail:* Jennifer J. Johnson, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue, NW., Washington, DC 20551.

All public comments are available from the Board's Web site at <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm> as submitted, unless modified for technical reasons. Accordingly, your comments will not be edited to remove any identifying or contact information. Public comments may also be viewed electronically or in paper form in Room MP-500 of the Board's Martin Building (20th and C Streets, NW.) between 9 a.m. and 5 p.m. on weekdays.

Additionally, commenters should send a copy of their comments to the OMB Desk Officer by mail to the Office of Information and Regulatory Affairs, U.S. Office of Management and Budget, New Executive Office Building, Room 10235, 725 17th Street, NW., Washington, DC 20503 or by fax to 202-395-6974.

FOR FURTHER INFORMATION CONTACT: A copy of the PRA OMB submission including, the proposed reporting form and instructions, supporting statement, and other documentation will be placed into OMB's public docket files, once approved. These documents will also be made available on the Federal Reserve Board's public Web site at: <http://www.federalreserve.gov/boarddocs/reportforms/review.cfm> or may be requested from the agency clearance officer, whose name appears below.

Michelle Shore, Federal Reserve Board Clearance Officer (202-452-3829), Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, DC 20551. Proposal To Approve Under OMB Delegated Authority the Extension for Three Years, With Revision, of the Following Reports

1. *Report title:* International Applications and Prior Notifications Under Subpart B of Regulation K.
Agency form number: FR K-2.
OMB control number: 7100-0284.
Frequency: On occasion.
Reporters: Foreign banks.
Annual reporting hours: 630 hours.
Estimated average hours per response: 35 hours.

Number of respondents: 18.

General description of report: This information collection is mandatory (12 U.S.C. 3105, 3107, and 3108). The applying or notifying organization has the opportunity to request confidentiality for information that it believes will qualify for a Freedom of Information Act exemption.

Abstract: Foreign banks are required to obtain the prior approval of the Federal Reserve to establish a branch, agency, or representative office; to acquire ownership or control of a commercial lending company in the United States; or to change the status of any existing office in the United States. The Federal Reserve uses the information, in part, to fulfill its statutory obligation to supervise foreign banking organizations with offices in the United States.

Current actions: The Federal Reserve proposes to replace the existing confidentiality paragraph in the General Instructions and respondents would be required to make a certification regarding information contained in the application. In addition, the Federal Reserve proposes to revise wording in one of the questions related to the proposed office in Attachments A and B. The change would reflect an amendment to Regulation K that specifically requires U.S. branches, agencies, and other offices (including representative offices) of foreign banks to comply with the Bank Secrecy Act and related regulations. Finally, the Federal Reserve proposes to request an e-mail address on the cover page of FR K-2.

2. *Report title:* Application for a Foreign Organization to Acquire a Bank Holding Company.

Agency form number: FR Y-3F.
OMB control number: 7100-0119.
Frequency: On occasion.

Reporters: Any company organized under the laws of a foreign country seeking to acquire a U.S. subsidiary bank or bank holding company.

Annual reporting hours: 580 hours.

Estimated average hours per response: Initial application, 90 hours; subsequent application, 70 hours.

Number of respondents: Initial application, 1; subsequent application, 7.

General description of report: This information collection is required to obtain or retain a benefit under sections 3(a), 3(c), and 5(a) through 5(c) of the Bank Holding Company Act (12 U.S.C. §§ 1842(a) and (c) and 1844(a) through (c)). The information provided in the application is not confidential unless the applicant specifically requests confidentiality and the Federal Reserve approves the request.

Abstract: Under the Bank Holding Company Act (BHCA), submission of this application is required for any company organized under the laws of a foreign country seeking to acquire a U.S. subsidiary bank or bank holding company. Applicants must provide financial and managerial information, discuss the competitive effects of the proposed transaction, and discuss how the proposed transaction would enhance the convenience and needs of the community to be served. The Federal Reserve uses the information, in part, to fulfill its supervisory responsibilities with respect to foreign banking organizations in the United States.

Current actions: The Federal Reserve proposes to replace the existing confidentiality paragraph in the General Information and Instructions. In addition, respondents would be required to make a certification regarding information contained in the application. Finally, the Federal Reserve proposes to request an e-mail address on the cover page of FR Y-3F. There are certain additional proposed changes that are intended to make initial filings more reflective of the proposed transaction and thereby reduce the need for subsequent information requests, which delay the Federal Reserve's consideration of an application and create additional burden for applicants.

3. *Report title:* Domestic Finance Company Report of Consolidated Assets and Liabilities

Agency form number: FR 2248.

OMB control number: 7100-0005.

Frequency: Monthly, quarterly, and semi-annually.

Reporters: Domestic finance companies and mortgage companies.

Annual reporting hours: 317 hours.

Estimated average hours per response: Monthly, 18 minutes; quarterly, 27 minutes; semi-annually, 10 minutes.

Number of respondents: 70.

General description of report: This information collection is voluntary (12

U.S.C. 225(a)). Individual respondent data are confidential under section (b)(4) of the Freedom of Information Act (5 U.S.C. 552).

Abstract: The monthly FR 2248 report collects balance sheet data on major categories of consumer and business credit receivables, major short-term liabilities, and securitized assets. For quarter-end months (March, June, September, and December), additional asset and liability items are collected to provide a full balance sheet. If the need arises, a special addendum may be used, no more than semi-annually, for timely information on questions of immediate concern to the Federal Reserve.

Current actions: The Federal Reserve proposes to split current data item 6, All other assets and accounts and notes receivable, into three separate data items: Cash and cash equivalents (proposed data item 6.A), Securities held (proposed data item 6.B), and All other assets (proposed data item 6.C). These three new data items would result in improved cash and cash equivalents data. In addition, the Federal Reserve proposes to reduce the current authorized panel size from 80 finance companies to 70. These changes would be effective October 31, 2008.

Board of Governors of the Federal Reserve System, June 26, 2008.

Jennifer J. Johnson,
Secretary of the Board.

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Federal Trade Commission ("FTC" or "Commission").

ACTION: Notice.

SUMMARY: The FTC intends to conduct consumer survey research to advance its understanding of the experiences of consumers who interact with consumer reporting agencies following an incident of identity theft. The results of this research will inform and guide the FTC's future enforcement and education efforts. Before gathering information, the FTC is seeking public comments on its proposed consumer research. Comments will be considered before the FTC submits a request for Office of Management and Budget ("OMB") review under the Paperwork Reduction Act ("PRA").

DATES: Comments must be filed by September 2, 2008.

ADDRESSES: Interested parties are invited to submit written comments. Comments should refer to "Consumer Experiences with CRAs Research: FTC File No. P065405," to facilitate the organization of comments. A comment filed in paper form should include this reference both in the text and on the envelope and should be mailed or delivered to the following address: Federal Trade Commission, Room H-135 (Annex J), 600 Pennsylvania Ave., N.W., Washington, D.C. 20580. Because paper mail in the Washington area and at the FTC is subject to delay, please consider submitting your comments in electronic form, as prescribed below. If, however, the comment contains any material for which confidential treatment is requested, it must be filed in paper

form, and the first page of the document must be clearly labeled "Confidential."¹

Comments filed in electronic form should be submitted by following the instructions on the web-based form at: (<https://secure.commentworks.com/ftc-factasurvey>). To ensure that the Commission considers an electronic comment, you must file it on the web-based form at the (<https://secure.commentworks.com/ftc-factasurvey>) weblink. If this notice appears at (www.regulations.gov), you may also file an electronic comment through that website. The Commission will consider all comments that regulations.gov forwards to it.

The FTC Act and other laws the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. All timely and responsive public comments will be considered by the Commission and will be available to the public on the FTC website, to the extent practicable, at www.ftc.gov. As a matter of discretion, the FTC makes every effort to remove home contact information for individuals from the public comments it receives before placing those comments on the FTC website. More information, including routine uses permitted by the Privacy Act, may be found in the FTC's privacy policy at (<http://www.ftc.gov/ftc/privacy.htm>).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be addressed to Pavneet Singh or Anthony Rodriguez, Attorneys, Division of Privacy and Identity Protection, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue, N.W., Mail Stop NJ-3158, Washington, DC 20580, (202) 326-2252.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501-3521, federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. "Collection of information" means agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3); 5 CFR 1320.3(c). As required by section 3506(c)(2)(A) of the PRA, the FTC is providing this opportunity for public comment before requesting that

¹ Commission Rule 4.2(d), 16 CFR 4.2(d). The comment must be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

OMB provide paperwork clearance for the information collection noted herein.

The FTC invites comments on: (1) whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collections of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments should be filed as prescribed in the **ADDRESSES** section above, and must be received on or before September 2, 2008.

1. Description of the collection of information and proposed use

The Fair Credit Reporting Act ("FCRA") provides identity theft victims with certain rights, such as the ability to place fraud alerts on their credit files, designed to assist them in avoiding or mitigating the harms they suffer as a result of the crime.

The Commission intends to use consumer survey research to advance its understanding of the experiences of identity theft victims who interact with consumer reporting agencies (CRAs) and who seek to avail themselves of their FCRA remedies. The consumer research will include focus group interviews of 30 consumers, to be followed by a pretesting phase consisting of phone interviews of another 30 consumers, and then mail surveys sent to individual consumers. The Commission seeks information from consumers who have been victims of identity theft and who have contacted one or more of the three nationwide CRAs for assistance. The information from consumers will be collected on a voluntary basis and will be maintained anonymously. The FTC staff will identify consumers to be contacted for each phase of the research from a random selection of consumers who have communicated with the FTC's Identity Theft Data Clearinghouse database between January 1, 2008 and May 30, 2008. Staff is seeking approximately 1,000 returned surveys because that input would enable it to project the results from the sample to the population from which the sample was drawn with a maximum error rate of 3%. Assuming a response rate of

about 25% - 30%, this would require staff to mail the survey to approximately 3,000 - 4,000 individuals.

Questions to identify theft victims in the research will address several topics, including but not limited to: victim experiences when they contacted one or more CRAs and whether they received the required notice of rights from CRAs; their access to free credit reports; and their ability to place fraud alerts on their files, dispute inaccurate information, and block information due to identity theft. The results of the focus groups and mail surveys will assist the FTC in assessing the experiences of identity theft victims when they interact with CRAs. This assessment will help to inform and guide the FTC's future efforts to enforce provisions of the FCRA and to educate consumers and the consumer reporting industry of their rights and obligations under the FCRA.

2. Estimated hours burden

The FTC staff intends to include a total of 30 consumers divided between three separate focus groups, consisting of 10 per group, and estimates that each consumer will take approximately one hour to participate in the focus groups. Thus, the estimated annual burden imposed by the focus groups will be approximately 30 hours. The staff estimates that respondents to the mail survey will require, on average, approximately 8 minutes to answer the survey (based on anticipated variations among consumers when they interacted with CRAs). The staff will pretest the survey through phone interviews of approximately 30 respondents to ensure that all questions are easily understood. The pretest will take approximately 4 hours as a whole (30 respondents x 8 minutes each). For the full survey, the staff intends to mail 3,000-4,000 surveys and anticipates receiving a response rate as high as 30% of the consumer recipients (i.e., 900 - 1,200 responses). Assuming 1,200 consumers respond to the survey, the staff further estimates the final survey will require approximately 160 hours to complete (1,200 respondents x 8 minutes each). Thus, cumulative burden hours for the clearance would total 194 hours.

3. Estimated cost burden

The cost per respondent should be negligible. Participation is voluntary and will not require start-up, capital, or labor expenditures by respondents.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institute for Occupational Safety and Health; Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Department of Health and Human Services (HHS) gives notice of a decision to designate a class of employees at the Kellex/Pierpont facility in Jersey City, New Jersey, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On May 30, 2008, the Secretary of HHS designated the following class of employees as an addition to the SEC:

All Atomic Weapons Employer (AWE) employees who worked at the Kellex/Pierpont facility in Jersey City, New Jersey, from January 1, 1943, through December 31, 1953, for a number of work days aggregating at least 250 work days occurring either solely under this employment or in combination with work days within the parameters established for one or more other classes of employees in the Special Exposure Cohort.

This designation will become effective on June 29, 2008, unless Congress provides otherwise prior to the effective date. After this effective date, HHS will publish a notice in the **Federal Register** reporting the addition of this class to the SEC or the result of any provision by Congress regarding the decision by HHS to add the class to the SEC.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Request for Information and Comments on the Implementation of Human Subjects Protection Training and Education Programs

AGENCY: Department of Health and Human Services, Office of the Secretary, Office of Public Health and Science, Office for Human Research Protections.

ACTION: Notice.

SUMMARY: The Office for Human Research Protections (OHRP), Office of Public Health and Science is seeking information and comments from affected entities and individuals about (a) Whether OHRP should issue additional guidance recommending that institutions engaged in human subjects research conducted or supported by the Department of Health and Human Services (HHS) implement training and education programs for certain individuals involved in the conduct, review, or oversight of human subjects research, or (b) whether HHS should develop a regulation requiring the implementation of such training and education programs. This request for information and comment stems from the 1998 report from the HHS Office of Inspector General (OIG) recommending that Federal requirements be enacted to help ensure that investigators and institutional review board (IRB) members be adequately educated about, and sensitized to, human subjects protections. More recently, the Secretary's Advisory Committee on Human Research Protections (SACHRP) recommended that OHRP require institutions to ensure that initial and continuing training is provided for IRB members and staff, investigators, and certain institutional officials. The implementation of such training and education programs might help to ensure that individuals involved in the conduct or review of human subjects research at institutions holding OHRP-approved Federalwide Assurances (FWAs) understand and meet their regulatory responsibilities for protecting human subjects.

DATES: Submit written or electronic comments by September 29, 2008.

ADDRESSES: You may submit comments by any of the following methods:

- E-mail: humansubjectstraining@hhs.gov. Include "Human Subjects Protection Training and Education" in the subject line.

- Fax: 301-402-2071.

- Mail/Hand delivery/Courier [For paper, disk, or CD-ROM submissions]: Michael A. Carome, M.D., Captain, U.S. Public Health Service, OHRP, 1101 Wootton Parkway, Suite 200, Rockville, MD 20852.

Comments received within the public comment period, including any personal information, will be made available to the public upon request.

FOR FURTHER INFORMATION CONTACT:

Michael A. Carome, M.D., Captain, U.S. Public Health Service, OHRP, 1101 Wootton Parkway, Suite 200, Rockville, MD 20852, 240-453-6900; e-mail Michael.Carome@hhs.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Under the HHS regulations for the protection of human subjects, found at 45 CFR part 46, institutions or organizations that are engaged in human subjects research that is conducted or supported by HHS must file with OHRP an assurance of compliance with the human subjects protection regulations. The assurance must be executed by an individual authorized to act on behalf of the institution and authorized to assume, on behalf of the institution, the obligations imposed by the human subjects protection regulations [45 CFR 46.103(c)]. Thus, to fulfill his or her regulatory responsibilities, the institutional official must be knowledgeable about the requirements of the human subjects protection regulations.

The institution's assurance of compliance must also designate one or more IRBs to review research covered by the regulations, and the institution must ensure that each designated IRB has sufficient staff to support the IRB's activities [45 CFR 46.103(b)(2)]. IRB members must be sufficiently qualified through experience and expertise and diversity to promote respect for their advice and counsel in safeguarding the rights and welfare of human subjects. IRB members also must have the professional competence necessary to review human subjects research activities of the institution, including the ability to ascertain the acceptability of the proposed research in terms of institutional commitments and regulations, applicable law, and standards of professional conduct and practice; therefore, members must be knowledgeable in those areas [45 CFR

46.107]. Thus, to fulfill their regulatory responsibilities, IRB members must be informed about human subjects protection requirements.

Investigators involved in the conduct of human subjects research that is conducted or supported by HHS play a crucial role in protecting the rights and welfare of human subjects. Investigators have specific responsibilities under the human subjects protection requirements related to the conduct of IRB-approved research. For example, no investigator may involve a human being in research that is conducted or supported by HHS or covered by the institution's assurance unless the investigator has obtained the legally effective informed consent of the subject or the subject's legally authorized representative in accordance with, and to the extent required by, HHS regulations at 45 CFR 46.116. Moreover, investigators are responsible for providing required information to the IRB [45 CFR 46.103(b)(5), 46.111]. Investigators are responsible for obtaining prior approval from the IRB for any modifications of the previously approved research, except those necessary to eliminate apparent immediate hazards to subjects, and investigators are responsible for ensuring that progress reports and requests for continuing review and approval are submitted to the IRB in accordance with the policies, procedures, and actions of the IRB as referenced in the institution's OHRP-approved FWA [45 CFR 46.103(b)(4), 45 CFR 46.109(e), 45 CFR 46.115(a)(1)]. Thus, investigators need to be informed about human subjects protection requirements. The HHS Office of Inspector General (OIG), in its 1998 Report, "Institutional Review Boards: A Time for Reform," called for strong Federal action concerning education of investigators conducting, and IRB members reviewing, human subjects research (<http://oig.hhs.gov/oei/reports/oei-01-97-00193.pdf>). In that report, the OIG recommended enactment of Federal requirements that help ensure that investigators and IRB members are adequately educated about, and sensitized to, human subjects protections.

In October 2000, the National Institutes of Health (NIH) instituted a policy that requires education on the protection of human research participants for all key personnel as a condition of funding grant applications or contract proposals involving human subjects research (<http://grants1.nih.gov/grants/guide/notice-files/NOT-OD-010061.html>). Key personnel include all individuals who are responsible for the design and

conduct of research studies involving human subjects.

In its 2001 report, "Ethical and Policy Issues in Research Involving Human Participants," the National Bioethics Advisory Committee (NBAC) recommended that all institutions and sponsors engaged in research involving human participants should provide educational programs in research ethics to appropriate institutional officials, investigators, IRB members, and IRB staff (<http://www.georgetown.edu/research/nrcbl/nbac/human/overvol1.pdf>). NBAC also recommended that the Federal Government, in partnership with academic and professional societies, should enhance research ethics education related to protecting human research subjects, as well as stimulate development of innovative educational programs.

In its 2002 report commissioned by HHS, "Responsible Research: A Systems Approach to Protecting Research Participants," the Institute of Medicine (IOM) recommended that research organizations should ensure that investigators, IRB members, and other individuals substantively involved in research with humans are adequately educated to perform their respective duties (<http://www.nap.edu/books/0309084881/html/>).

On March 29, 2007, SACHRP recommended that OHRP require that institutions ensure that initial and continuing training is provided for IRB members and staff, investigators, and certain institutional officials, including the official that signed the institution's FWA.

Over the past several years, OHRP has identified serious, systemic noncompliance with the requirements of HHS regulations for the protection of human subjects at a significant number of major institutions engaged in human subjects research conducted or supported by HHS. In OHRP's experience, inadequate training and education of individuals involved in the conduct or review of human subjects research has been a major root cause of such noncompliance.

OHRP developed the FWA as a new type of assurance in December 2000. Initially, OHRP proposed that the FWA include requirements for training and education regarding human subjects protection regulations for institutional officials, IRB members, IRB staff, investigators and other institutional personnel. Following public comment on the proposed FWA, OHRP issued a revised version of the FWA on March 20, 2002 that strongly recommended, rather than required, such training and education. This decision was based, in

part, on a determination that rulemaking would be a more appropriate mechanism for requiring such training and education.

In the current FWA terms of assurance, OHRP strongly recommends that the institutional official, human protections administrator, and IRB chairperson(s) designated under the assurance complete the OHRP Assurance Training Modules available on the OHRP Web site at <http://137.187.172.153/CBTs/Assurance/login.asp>. Furthermore, OHRP recommends that the institution and the designated IRB(s) establish educational training and oversight mechanisms appropriate to the nature of the institution's research portfolio to ensure that research investigators, IRB members, IRB staff, and other appropriate personnel maintain continuing knowledge of, and comply with, relevant ethical principles, relevant Federal regulations, OHRP guidance, other applicable guidance, state and local laws, and institutional policies for the protection of human subjects. OHRP also recommends that IRB members and staff complete relevant educational training before reviewing human subjects research; and that research investigators complete appropriate institutional educational training before conducting human subjects research.

II. Request for Information and Comments

Based on the recommendations of the OIG, NBAC, IOM, and SACHRP, as well as OHRP's own experience in compliance activities, which has revealed that many individuals involved in the conduct or review of HHS-supported or conducted research at numerous institutions had a significant gap in knowledge about human subject protections, OHRP is seeking comment from affected entities and individuals about (a) whether OHRP should issue additional guidance recommending that institutions engaged in human subjects research conducted or supported by HHS implement training and education programs for certain individuals involved in the conduct, review, or oversight of human subjects research, or (b) whether HHS should develop a regulation requiring the implementation of such training and education programs. The implementation of such training and education programs might help to ensure that individuals involved in the conduct or review of human subjects research at institutions holding OHRP-approved FWAs understand and meet their regulatory responsibilities for protecting human subjects.

OHRP specifically seeks comment on the following questions. Comments should also include a reference to the specific numbered question being addressed:

(1) For the past 5 years OHRP has strongly recommended through the Terms of the FWA that:

- Institutional signatory officials, human protections administrators, and the IRB chairpersons personally complete the relevant OHRP Assurance Training Modules (see <http://137.187.172.153/CBTs/Assurance/login.asp>), or comparable training that includes the content of these modules;
- Institutions and their designated IRBs establish educational training and oversight mechanisms (appropriate to the nature and volume of its research) to ensure that research investigators, IRB members and staff, and other appropriate personnel maintain continuing knowledge of, and comply with, the following: Relevant ethical principles; relevant federal regulations; written IRB procedures; OHRP guidance; other applicable guidance, state and local laws; and institutional policies for the protection of human subjects;
- IRB members and staff complete relevant educational training before reviewing human subjects research; and
- Research investigators complete appropriate institutional educational training before conducting human subjects research.

(1a) Have institutions holding OHRP-approved FWAs routinely implemented OHRP's recommendations?

(1b) What, if any, are the reasons for institutions not implementing OHRP's recommendations?

(1c) Has any failure of institutions to implement OHRP's recommendations been a significant contributing factor to noncompliance with the requirements of 45 CFR part 46 and inadequate protection of the rights and welfare of human subjects? If so, please provide examples.

(1d) If failure of institutions to implement OHRP's recommendations has been a significant contributing factor to noncompliance with the requirements of 45 CFR part 46 and inadequate protection of the rights and welfare of human subjects, would promulgation of a regulation requiring institutions to implement training and education programs for certain individuals involved in the conduct, review or oversight of human subjects research be the best mechanism to address this problem, or should different mechanisms be used (for example, would it be better if OHRP instead issued additional guidance

regarding training and education programs)?

(1e) Even if there are no data suggesting that failure of institutions to implement OHRP's recommendations regarding education and training has been a contributing factor in non-compliance with the requirements of 45 CFR part 46, are there other sound reasons for developing further guidance or a regulation regarding education and training, and if so, what are they?

(2) If HHS decided to propose further guidance recommending, or a regulation requiring, that institutions implement training and education programs for certain individuals involved in the conduct, review, or oversight of human subjects research, which of the following categories of individuals should receive training and education and why: IRB chairpersons; other IRB members; IRB staff; principal investigators; others involved in the conduct of human subjects research (e.g., co-investigators, study coordinators); FWA signatory officials; human protection administrators; or any other category of individuals (please specify)?

(3a) Should further guidance or a regulation include provisions stipulating specific content for the training and education programs? If so, what should the specific content include and why (for example, should a regulation require inclusion of any or all of the following in the content of the training and education programs: The commitments and responsibilities of the institution under the FWA; relevant ethical principles cited in the institution's FWA; relevant Federal regulations for human subjects protection; OHRP guidance; other applicable guidance; relevant state and local laws; institutional policies for the protection of human subjects; or other content (please specify))?

(3b) Should the training and education recommendations or requirements differ depending upon the nature of the individual's involvement in research? If so, in what manner?

(3c) Notwithstanding whether training should be tailored according to an individual's role in the clinical research process, is there a minimum level of knowledge and skill that should be expected of anyone working in some aspect of the research enterprise?

(3d) How often should the content of the materials used for this training be updated?

(4) Should further guidance or a regulation include provisions stipulating that proficiency in human subjects protection requirements be

demonstrated in some way (please specify)?

(5) Should further guidance or a regulation include recommendations or requirements for individuals to complete some minimum amount of training and education prior to any involvement in the conduct, review, or oversight of human subjects research?

(6) Should further guidance or a regulation include recommendations or requirements for periodic continuing training and education? If so, should the guidance or regulation stipulate a specific time interval for such periodic training and education (for example, should the regulation require individuals to complete continuing training and education activities every 1, 2, or 3 years)?

(7) Should further guidance or a regulation include recommendations or requirements for institutions to prepare and maintain written procedures for ensuring implementation of the training and education requirements?

(8) Should further guidance or a regulation include recommendations or requirements for institutions to prepare and maintain written documentation that individuals covered by the regulation have completed the required training and education activities?

(9) If HHS decided to propose a regulation, what would the estimated costs of the regulation be to institutions in terms of infrastructure and man-hour costs? OHRP is interested in receiving specific information on such estimated costs from all types and sizes of institutions that hold OHRP-approved FWAs. OHRP recognizes that the HHS human subjects protection regulations extend to a wide-range of institutions, from very small organizations and businesses that employ no more than a total of 5–10 individuals, to major academic research and health centers that may have literally thousands of individuals affected by any new training and education regulation. When providing comments regarding cost estimates, please include a description of assumptions that were made for calculating cost estimated (for example, assumptions made regarding the number and types of individuals who would be required to undergo training and education, the modalities that would be used for delivering the training and education, the time it would take for covered individuals to complete initial and continuing training and education, and how often continuing training and education would need to occur).

Administration on Aging

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Extension of Certification on Maintenance of Effort for the Title III and Certification of Long-Term Care Ombudsman Program Expenditures

AGENCY: Administration on Aging, HHS.

ACTION: Notice.

SUMMARY: The Administration on Aging (AoA) is announcing that the proposed collection of information listed below has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Submit written comments on the collection of information by July 31, 2008.

ADDRESSES: Submit written comments on the collection of information by fax 202.395.6974 to the OMB Desk Officer for AoA, Office of Information and Regulatory Affairs, OMB.

FOR FURTHER INFORMATION CONTACT:

Rodd Clay, e-mail: rodd.clay@aoa.hhs.gov.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, AoA has submitted the following proposed collection of information to OMB for review and clearance. With respect to the following collection of information, AoA invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of AoA's functions, including whether the information will have practical utility; (2) the accuracy of AoA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

The Certification on Maintenance of Effort for the Title III and Certification

of Long-Term Care Ombudsman Program Expenditures provides statutorily required information regarding state's contribution to programs funded under the Older Americans Act and conformance with legislative requirements, pertinent Federal regulations and other applicable instructions and guidelines issued by Administration on Aging (AoA). This information will be used for Federal oversight of Title III Programs and Title VII Ombudsman Program.

AoA estimates the burden of this collection of information as follows: 56 State Agencies on Aging respond annually which should be an average burden of one half (1/2) hour per State agency per year or a total of twenty-eight hours for all state agencies annually. In the **Federal Register** of March 19, 2008 (Vol. 73, No. 54 Page 14821), the agency requested comments on the proposed collection of information. No comments on the content of the collection were received.

Dated: June 26, 2008.

Centers for Medicare & Medicaid Services

Statement of Organization, Functions, and Delegations of Authority

Part F of the Statement of Organization, Functions, and Delegations of Authority for the Department of Health and Human Services, Centers for Medicare & Medicaid Services (CMS), (**Federal Register**, Vol. 73, No. 46, pp. 12451-12452, dated Friday, March 7, 2008) is amended to reflect a change in the name and updates to the functions for the Center for Beneficiary Choices.

Part F. is described below:

• Section F. 20. (Functions) reads as follows:

Center for Drug and Health Plan Choice (FAE)

• Responsible for all national policies and operations necessary for the purchasing of Medicare Prescription Drug (Part D) and Medicare Advantage (Part C) health plan benefits. Designs, implements, and manages the procurement of prescription drug plans (PDPs) and Medicare Advantage plans (MA and MA-PD plans), including the solicitation and approval of

applications, review of benefits and negotiation of competitive bids, the implementation of quality improvement and performance measures, review of fiscal solvency and contractor management activities.

• Develops and improves all bidding and payment policies related to the Medicare Prescription Drug Benefit and the Medicare Advantage (MA) program.

• Validates payments to the Part D prescription drug and MA plans, including routine annual risk adjustment data validation based on medical record review.

• Coordinates the development and management of business requirements for the national systems for enrollment, payment, and contractor management for the Prescription Drug Benefit and the Medicare Advantage (MA) programs.

• Develops and implements the national policy and oversees operational implementation for all issues related to the Retiree Drug Subsidy Program.

• Develops national policy for eligibility, enrollment and entitlement for Medicare Parts A, B, C, and D, including oversight of activities related to Part D auto-enrollment, low income subsidy, and creditable coverage.

• Develops national policy and oversees operational activities related to Medicare Part A, B, C, and D claims-related hearings, appeals, grievances and other beneficiary-centered dispute resolution processes.

• Serves as the focal point for issues related to a variety of Federal standards affecting private health insurance coverage, including those pertaining to its administration of the Medigap program, Title I of the Health Insurance Portability and Accountability Act and the Consolidated Omnibus Budget Reconciliation Act.

• Works closely with the regional Consortium for Medicare Health Plans Operations (CMHPO) on all operational aspects of the Part C and Part D programs.

• Develops and implements Part C and Part D contractor performance monitoring programs and Part C and Part D compliance and oversight programs and carries out these programs collaboratively with CMHPO.

• Develops surveys to measure consumer experiences with their health plans and health care providers; manages the Consumer Assessment of Health Care Provider and Systems (CAHPS) survey; develops and prepares performance measures for Part C sponsors; analyzes and reports Health Plan Employers Data and Information Set data for Part C performance measures and consumer reports; and

assesses the effectiveness of CMS' quality reporting activities.

- Effectively communicates program policies related to the Prescription Drug and Medicare Advantage (MA) programs to health plans and drug plan contractors, employer group sponsors, beneficiary advocates and other stakeholders in the health care field.

- Develops new policies (e.g. health plan access, benefits, special needs plans) and programs to reflect changes in program objectives, the health care delivery system, beneficiary health care needs, and new plan types to support an appropriate range of choices for beneficiaries.

- Collaborates with our partners, such as industry, other government entities and advocacy groups, to understand their perspectives on Prescription Drug and Medicare Managed Care policies and procedures and to drive best practices in the health care industry.

- Develops and implements a comprehensive strategic plan, objectives and measures for overseeing an effective compliance and oversight program for all Part C (Medicare Advantage) and Part D (Medicare Prescription Drug) contractors in close collaboration with CMHPO, the Medicare Drug Benefit and C & D Data Group, the Medicare Drug and Health Plan Contract Administration Group and other Center for Drug and Health Plan Choice components.

- Develops and implements a comprehensive and effective audit program for all Part C (Medicare Advantage) and Part D (Medicare Prescription Drug) contractors.

[Docket No. FDA-2008-N-0354]

Agency Information Collection Activities; Proposed Collection; Comment Request; Mental Models Study of Farmers' Understanding and Implementation of Good Agricultural Practices

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information and to allow 60 days for public comment in response to the notice. This notice solicits comments on the proposed study entitled "Mental Models Study of Farmers' Understanding and Implementation of Good Agricultural Practices."

DATES: Submit written or electronic comments on the collection of information by September 2, 2008.

ADDRESSES: Submit electronic comments on the collection of information to <http://www.regulations.gov>. Submit written comments on the collection of information to the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. All comments should be identified with the docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT:

Jonna Capezzuto, Office of the Chief Information Officer (HFA-250), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-827-4659.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal

agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, FDA is publishing notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, FDA invites comments on these topics: (1) Whether the proposed collection of information is necessary for the proper performance of FDA's functions, including whether the information will have practical utility; (2) the accuracy of FDA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

Mental Models Study of Farmers' Understanding and Implementation of Good Agricultural Practices

The proposed information collection will help FDA protect the public from foodborne illness by increasing the agency's understanding of how farmers

and growers use Good Agricultural Practices (GAPs) to address common risk factors in their operations and thereby minimize food safety hazards potentially associated with fresh produce. Fresh fruits and vegetables are those that are likely to be sold to consumers in an unprocessed or minimally processed (i.e., raw) form and that are reasonably likely to be consumed raw. Under section 903(b)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 393 (b)(2)), FDA is authorized to conduct research relating to foods and to conduct educational and public information programs relating to the safety of the Nation's food supply. Under Title 42 of the Public Health Service Act (1944), FDA has authority to act to protect the public health.

In 1998, FDA issued a guidance document entitled "Guide to Minimize Microbial Food Safety Hazards for Fresh Fruits and Vegetables," available at <http://www.cfsan.fda.gov/~dms/prodguid.html>. The guidance addresses microbial food safety hazards and good agricultural and good management practices common to the growing, harvesting, washing, sorting, packing, and transporting of most fruits and vegetables sold to consumers in an unprocessed or minimally processed (raw) form.

There is evidence that growers have not fully implemented the GAPs to

reduce production risks, despite intensive GAPS training programs. FDA is planning to conduct a study to determine growers' decision-making processes with regard to understanding and implementing GAPs on the farm, to more fully understand the barriers and constraints associated with GAPs implementation.

The project will use "mental modeling," a qualitative research method wherein the decision-making processes of a group of respondents (described below) concerning the implementation of GAPs on the farm are modeled and compared to a model based on expert knowledge and experience in the implementation of GAPs. The information will be collected via a telephone interview concerning the factors that influence the perceptions and motivations related to the implementation of GAPs. A comparison between expert and consumer models based on the collected information may identify "consequential knowledge gaps" that can be redressed through information campaigns designed by FDA.

Description of respondents:

Respondents will be farmers or growers, GAPs trainers, and retail buyer and/or grower association representatives.

FDA estimates the burden of this collection of information as follows:

TABLE 1.—ESTIMATED ANNUAL REPORTING BURDEN¹

21 CFR Section	No. of Respondents	Annual Frequency per Response	Total Annual Responses	Hours per Response	Total Hours
Pre-tests/ Cognitive Interviews	9	1	9	.75	6.75
Study	60	1	60	.75	45
Total					51.75

¹There are no capital costs or operating and maintenance costs associated with this collection of information.

The study will involve approximately 60 respondents, including 24 farmers or growers of fruits and vegetables, 24 GAPs trainers, and 12 retail buyer or grower association representatives. FDA will also conduct a pretest using 9 respondents. FDA estimates that each respondent will take 45 minutes (0.75 hours) to complete the interview for the study (60 respondents x 0.75 hours = 45 hours). Thus, the total annual burden for this one-time collection of information is 51.75 hours (6.75 hours + 45 hours = 51.75 hours). These estimates are based on FDA's experience with consumer research.

Please note that on January 15, 2008, the FDA Division of Dockets Management Web site transitioned to

the Federal Dockets Management System (FDMS). FDMS is a Government-wide, electronic docket management system. Electronic comments or submissions will be accepted by FDA only through FDMS at <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Requirements for Collection of Data Relating to the Prevention of Medical Gas Mix-ups at Health Care Facilities-Survey—(OMB Control Number 0910-0548)—Extension

FDA has received four reports of medical gas mix-ups occurring during the past 9 years. These reports were received from hospitals and nursing homes and involved 7 deaths and 15

injuries to patients who were thought to be receiving medical grade oxygen, but who were actually receiving a different gas (e.g., nitrogen, argon) that had been mistakenly connected to the facility's oxygen supply system. In 2001, FDA published guidance making recommendations to help hospitals, nursing homes, and other health care facilities avoid the tragedies that result from medical gas mix-ups and alerting these facilities to the hazards. This survey is intended to assess the degree of facilities' compliance with safety measures to prevent mix-ups, to determine if further steps are warranted to ensure the safety of patients.

In the **Federal Register** of March 7, 2008 (73 FR 12452), FDA published a 60-day notice requesting public comment on the information collection provisions. No comments were received.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

Innovative Food Defense Projects; New Limited Competition Cooperative Agreement U13; Request for Application Number: RFA-FDA-08-010

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA), Office of Regulatory Affairs (ORA), Division of Federal-State Relations (DFSR) is announcing the availability of grant funds for the support of innovative food defense projects. These grants are available to State, local, and tribal levels and must have national implication or application that can enhance Federal, State, and local food regulatory programs and are likely to impact preparedness, response and/or recovery. FDA anticipates providing

approximately \$240,000 in direct plus indirect costs in support of this program in fiscal year 2008. It is anticipated that 6 awards will be made for up to \$40,000 per award/per year for up to 1 year.

DATES: The application receipt date is July 30, 2008.

I. Background/Funding Opportunity Description

Food defense is a term used to describe activities associated with protecting the nation's food supply from intentional contamination. FDA (agency) has adopted 3 broad strategies that encompass its food defense activities:

(1) Awareness: Prevention/Preparedness: Increase awareness among Federal, state, local, and tribal governments and the private sector to better understand where the greatest vulnerabilities lie and develop effective protection/mitigation strategies to shield the food supply from intentional contamination; (2) Response: Develop the capacity for a rapid coordinated response to a foodborne terrorist attack; and (3) Recovery: Develop the capacity for a rapid coordinated recovery from a foodborne terrorist attack.

In the aftermath of 9/11, the agency utilized an approach known as Operational Risk Management (ORM). ORM involves a determination of which

combinations of foods and agents, and where on the farm-to-table continuum, constitute the highest risks of being targeted for attack that may result in a large number of casualties. It is recognized that any food could potentially be contaminated and thus zero-risk foods do not exist. However, based on ORM analysis it was discovered that higher-risk foods do share several common vulnerability factors: Large batch size, which implies a large number of servings; short shelf life, which implies rapid turnaround at retail and rapid consumption; uniform mixing, which would maximize the potential number of contaminated units; and accessibility of a so-called critical node, defined as a process or activity in the farm-to-table chain during which the agent could be added and go undetected.

Currently, there is a joint program led by FDA, U.S. Department of Agriculture, Federal Bureau of Investigations, and the Department of Homeland Security, in collaboration with private industry and the states known as the Strategic Partnership Program Agroterrorism (SPPA) Initiative. The SPPA was launched in July 2005 and through industry and state volunteers vulnerability assessments are conducted locally in different states on a variety of food commodities in coordination with

Federal partners. These assessments not only address a specific food commodity but also facilitate interactions between the Federal, state and local officials that would be involved in a response to a deliberate attack on the food supply.

Reports summarizing the results from the first 2 years of SPPA Assessments have been released. The report demonstrates trends seen in processing and agriculturally based commodities and also discusses potential mitigation strategies and research gaps that were identified. The full reports can be viewed at the Center for Food Safety and Nutrition (CFSAN) Web site at <http://www.cfsan.fda.gov/fooddefense>.

As we continue to move forward in meeting our food defense goals by increasing preparedness, developing response plans, and ensuring we have the tools to facilitate recovery, we must also integrate these approaches into our existing food safety infrastructure. The overlap between food safety (unintentional contamination) and food defense (intentional contamination) is extensive and the pool of resources available is often the same. Food safety and food defense are ongoing issues and it is critical that these programs be integrated to the maximum extent possible in order to ensure the most efficient use of resources as well as optimizing response to an event. FDA is committed to this approach in order to make optimal use of both human and financial resources to protect public health. As a result, FDA and State field forces may weave components of food defense awareness and education into food safety inspections. FDA encourages other stakeholders to consider the possibilities of incorporating food defense ideas into their food safety related programs.

FDA has relied on the States in assisting with these activities through formal contracts, partnership agreements, and other arrangements. Under the Public Health Security and Bioterrorism Preparedness and Response Act of 2002, the demands on both the agency and the States have increased. Procedures need to be reviewed and innovative changes need to be made. These changes should increase effectiveness and efficiency and conserve resources. CFSAN will continue to support food defense programs by providing high quality, science-based work that result in maximizing consumer protection. FDA believes that these grants will be able to generate significant innovative projects and products that will benefit State and local governments, FDA, the industry, and the general public in the areas of food defense just as past awards have

benefited all stakeholders in food safety. It is anticipated that innovative food defense programs and concepts that are developed at the State and local levels could enhance programs that are developed at the Federal level. To view past innovative food safety awards that have been generated out of this work you can view the ORA Web site at http://www.fda.gov/ora/fed_state/Innovative_Grants.html.

A. Project Emphasis

The specific goal of this program is to generate products that complement, develop, or improve State and local food defense programs and that these could be applied to food defense programs nationwide. Examples of food defense projects are: The ALERT Food Defense Awareness Initiative, Food Defense Surveillance Assignments, Food Emergency Response Network (FERN: federal and state laboratories), and SPPA Initiative. Applications that address food defense projects and fulfill the following specific project objectives will be considered for funding.

Each application must address only one project. Applicants may apply for more than one project area, but must submit a separate application for each project. If an applicant should receive a fundable score on more than one topic area only the application with the highest score will be awarded. These grants are not to be used to fund or conduct food inspections for food safety regulatory agencies. No more than 10 percent of the total award can be used to conduct food safety/food defense exercises. Food safety agencies may subcontract up to 25 percent of the award to educational institutions for assistance with development of food defense awareness education projects and materials and training.

There are three key project areas identified for this effort:

1. Innovative Food Defense Plan Integration

One key project area is the development of innovative template food defense plans and associated programs that could be integrated with established food safety programs, including continuous improvement plans for the protection of various food establishments in order to improve food defense effectiveness and efficiency. Innovative food defense programs and methodology projects must demonstrate an effect on factors that contribute to awareness, preparedness, early response, and recovery in all, or a segment of, food industry programs. For example, projects could address key elements from the ALERT Initiative. This initiative details five key points

that the food industry can use to decrease the risk of intentional food contamination. The ALERT initiative is derived from the FDA Food Security Guidance documents written for specific segments of the food industry. These proposals should focus on providing efficient and effective food defense awareness communications and/or have an effect on factors that contribute to a potential intentional food contamination. Information relative to the ALERT initiative can be found at <http://www.cfsan.fda.gov/fooddefense>.

2. Education and Awareness Information Dissemination

Another key project area is the development of innovative food defense awareness education projects and materials for State and local food safety and food defense regulatory officials that foster consistency and uniform application of State and local food regulations. These education projects and/or materials must be reproducible by other State and local food safety regulatory agencies. These projects may incorporate concurrent education of both State and local food safety and food defense regulatory agencies and the food industry and must be consistent with the ALERT Initiative messages.

3. Innovative Food Defense Training

FDA recognizes that there are a number of new technologies and methods for distance learning and training that may be applicable to the food industry and relevant stakeholders in relation to food defense. FDA also recognizes that Federal, state, and local officials should be able to identify, in a general sense, potential risks, in relation to food defense in food industry establishments. They should also be able to encourage food defense awareness in the employees and management of food industry establishments. Innovative food defense training efforts are needed so that all stakeholders will have an increased awareness of the threat of intentional contamination of the U.S. food supply. Relevant stakeholders should also understand their unique responsibilities in reducing the risk of intentional contamination of the food supply. Innovative food defense training must also be consistent with the ALERT initiative messages.

II. Award Information

Mechanism of Support

The U13—Support of Scientific Conferences will be used to support this program. Under the U13 Mechanism,

the Project Director/Principal Investigator (PD/PI) retains the primary responsibility and dominant role for planning, directing, and executing the proposed project, with FDA staff being substantially involved as a partner with the PD/PI.

III. Eligibility Information

A. Eligible Applications

This grant program is only available to State, local, and tribal government food regulatory agencies. (See single point of contact (SPOC) requirements stated in section IV.D of this document).

B. Cost Sharing or Matching

None.

C. Other

These grants are available to State, local, and tribal levels and must have national implication or application that can enhance Federal, State, and local food regulatory programs and are likely to impact preparedness, response and/or recovery. At the discretion of FDA, successful project formats will be made available to interested Federal, State, local, and tribal food safety regulatory agencies. Only one grant will be awarded per State per year. States are urged to collaborate between agencies to submit a single application.

FDA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes: (1) The copyright in any work developed under a grant, subgrant or contract under a grant or subgrant and (2) any rights of copyright to which a grantee, subgrantee, or a contractor purchases ownership with grant support (45 CFR 92.34).

IV. Application and Submission

A. Application Information

In order to apply electronically, the applicant must have a Data Universal Number System number and register in the Central Contractor Registration database. Please note: You must be registered with a username and password obtained from a Credential Provider to apply for opportunities. (See the following Web site: http://www.grants.gov/applicants/get_registered.jsp).¹

If you experience technical difficulties with your online submission you should contact either Marc Pitts,

Grants Management Specialist, Office of Acquisitions & Grants Services, Division of Acquisition Support and Grants, Food and Drug Administration, 5630 Fishers Lane, Rockville, MD 20857, 301-827-7162, Marc.Pitts@fda.hhs.gov, the Grants.gov Customer Support Center by e-mail at support@grants.gov, or the Customer Support Center by telephone at 1-800-518-4726.

B. Content and Form of Application Submission

FDA is accepting the application for this program electronically by the Internet at: Grants.gov. Applicants must apply electronically by visiting the Web site <http://www.grants.gov> and following instructions under "APPLY FOR GRANTS." The required application PHS 424, which is part of the PHS 5161-1 form, can be completed and submitted online by selecting Step 1: "Download a Grant Application Package" then by entering the funding opportunity number "RFA-FD-08-010". The "Selected Grant Applications For Download" page will provide you with the Additional Resources download for Adobe Reader and PureEdge Viewer as well as the download to the "Instructions & Application hyperlink."

The face page of the application should indicate "Innovative Food Defense Grant Program RFA-FD-08-010."

Information collection requirements requested on SF 424/PHS Form 5161-1 were approved and issued under the Office of Management and Budget Circular A-102.

C. Submission Dates and Times

The application receipt date for 2008 is July 30, 2008. Applications will be accepted from 8 a.m. to 4:30 p.m. Eastern Time, Monday through Friday, until the established receipt date.

Applications must be submitted electronically and must be received by the close of business on the established receipt date.

No addendum material will be accepted after the established receipt date.

D. Intergovernmental Review

Intergovernmental review applicants are limited to one State government agency per State. Applications submitted under this program are subject to the requirements of Executive Order 12372.

The regulations issued under Executive Order 12372 also apply to this program and are implemented through the Department of Health and Human Services regulations at 45 CFR part 100.

Executive Order 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than federally recognized Indian tribal governments) should contact the State's SPOC as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. A current listing of SPOCs is included in the application kit. The SPOC should send any State review process recommendations to the FDA Grants Management Office contact listed in section VI of this document. The due date for the State process recommendations is no later than 60 days after the deadline date for the receipt of applications. FDA does not guarantee availability to accommodate or explain SPOC comments that are received after the 60 day cut-off. A current listing of SPOCs can be found at <http://www.whitehouse.gov/omb/grants/spoc.html>.

E. Funding Restrictions

Nonallowable costs include, but are not limited to: (1) Purchase of equipment; (2) transportation costs exceeding coach class fares; (3) entertainment; (4) tips; (5) bar charges; (6) personal telephone calls; (7) laundry charges; (8) travel or expenses other than local mileage for local participants; (9) organization dues; (10) honoraria or other payments for the purpose of conferring distinction or communicating respect, esteem or admiration; (11) alterations or renovations; and (12) travel or per diem costs for Federal employees.

V. Award Administration Information

A. Award Notices/Administrative and National Policy Requirements

Support for this program will be in the form of a grant. These grants will be subject to all policies and requirements that govern the project grant programs of FDA, including the provisions of 42 CFR part 52 and 45 CFR parts 74 and 92. These grants are subject to the A-87 cost principles.

B. Reporting Requirements

A final Program Progress Report and a final Financial Status Report (SF-269) are required within 90 days of the expiration date of the project period as noted on the Notice of Grant Award. In addition, the grantee must file an invention statement and disposition of equipment statement within 90 days after the end date of the project period as noted on the notice of the cooperative agreement award. An original and two

¹ FDA has verified the non-FDA Web site addresses throughout this document, but we are not responsible for any subsequent changes to the Web sites after this document publishes in the **Federal Register**.

copies of each report shall be submitted to FDA's Grants Management Office (see section VI of this document).

A Mid-Year Progress Report is also required no later than 90 days after the close of the budget period. The Mid-Year Progress Report should cover 6 months of activity.

Program monitoring of recipients will be conducted on an ongoing basis and written reports will be reviewed and evaluated at least semi-annually by the project officer. Project monitoring may also be in the form of telephone conversations between the project officer/grants management specialist and the principal investigator.

When multiple years are involved, awardees will be required to submit the PHS Non-Competing Grant Progress Report (PHS 2590) <http://grants.nih.gov/grants/funding/2590/2590.htm> annually and financial statements as required in the Department of Health and Human Services Grants Policy Statement. Reports must be submitted two months prior to the next budget period start date. The Progress Report should include a report of the previous meeting supported by the current grant, as well as a full description of the next planned meeting.

VI. Agency Contacts

U.S. Citizenship and Immigration Services

[CIS No. 2423-08; DHS Docket No. USCIS 2008-0031]

RIN 1615-ZA60

Small Business Non-Retaliation Policy

AGENCY: U.S. Citizenship and Immigration Services, DHS.

ACTION: Notice.

SUMMARY: In support of the initiatives of the National Ombudsman of the U.S. Small Business Administration, U.S. Citizenship and Immigration Services (USCIS) announces adoption of a small business non-retaliation policy. If a small business questions or lodges a complaint regarding a USCIS policy or action or seeks help from others to deal with such a policy or action, USCIS will not retaliate against that small business in any fashion. The full policy is established by this notice.

DATES: The Acting Director of USCIS approved the small business non-retaliation policy on June 24, 2008. The policy remains in effect until modified or rescinded by the Acting Director.

ADDRESSES: You may submit comments about this policy although USCIS is not officially requesting public comments. To ensure that your comments and related materials are not entered more than once in the docket, please submit

them by only one of the following methods:

• **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

• **Mail:** Chief, Regulatory Management Division, U.S. Citizenship and Immigration Services, Department of Homeland Security, 111 Massachusetts Avenue, NW., Suite 3008, Washington, DC 20529. To ensure proper handling, please reference DHS Docket No. USCIS-2008-0031 on your correspondence. This mailing address may also be used for paper, disk, or CD-ROM submissions.

• **Hand Delivery/Courier:** Regulatory Management Division, U.S. Citizenship and Immigration Services, Department of Homeland Security, 111 Massachusetts Avenue, NW., Suite 3008, Washington, DC 20529. Contact Telephone Number (202) 272-8377.

Christine Gooding, Customer Assistance Office, U.S. Citizenship and Immigration Services, 111 Massachusetts Ave., NW., 6th Floor, Washington, DC 20539; Phone: 1-800-357-2099

SUPPLEMENTARY INFORMATION: The National Ombudsman of the U.S. Small Business Administration (SBA) has asked each Federal agency to adopt a policy that the agency will not retaliate against small businesses that question or complain about the way the agency does business. On June 24, 2008, the Acting Director of U.S. Citizenship and Immigration Services (USCIS) approved the following statement of USCIS policy:

If a small business questions or complains about a U.S. Citizenship and Immigration Services policy or action or seeks help from others to deal with a USCIS policy or action, USCIS will not retaliate against that small business in any way. If a small business thinks that USCIS has not followed this policy, the agency will investigate, take appropriate action, and ensure that mistakes are not repeated. Small businesses may comment, ask questions, or file a complaint about USCIS policies or actions by contacting the USCIS Customer Assistance Office, local USCIS offices, or the Small Business Administration's Office of the National Ombudsman at 1-888-REG-FAIR (734-3247), fax 202-481-5719; e-mail ombudsman@sba.gov.

Small businesses generally are independently owned and operated and are not dominant in their fields. If you need help determining whether or not your business qualifies as a "small business," contact the SBA's Office of

the National Ombudsman using the information as noted above.

Dated: June 24, 2008.

MMS Information Collection Activity: 1010-0068—30 CFR Part 250, Subpart M, Unitization, Extension of a Collection; Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0068).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR 250, Subpart M, Unitization. This notice also provides the public a second opportunity to comment on the

paperwork burden of these regulatory requirements.

DATE: Submit written comments by July 31, 2008.

ADDRESSES: You should submit comments directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0141), either by fax (202) 395-6566 or e-mail (OIRA_DOCKET@omb.eop.gov).

Please also send a copy to MMS by either of the following methods:

- <http://www.regulations.gov>. Under the tab "More Search Options," click Advanced Docket Search, then select "Minerals Management Service" from the agency drop-down menu, then click "submit." In the Docket ID column, select MMS-2007-OMM-0075 to submit public comments and to view supporting and related materials available for this rulemaking. Information on using *Regulations.gov*, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link. The MMS will post all comments.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information Collection 1010-0068" in your subject line and mark your message for return receipt. Include your name and return address in your message text.

FOR FURTHER INFORMATION CONTACT: Cheryl Blundon, Regulations and Standards Branch, (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION:
Title: 30 CFR 250, Subpart M, Unitization.

OMB Control Number: 1010-0068.
Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to

ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. Section 1334(a) specifies that the Secretary "provide for the prevention of waste and conservation of the natural resources of the [O]uter Continental Shelf, and the protection of correlative rights therein" and include provisions for "unitization, pooling, and drilling agreements."

Regulations implementing these responsibilities are under 30 CFR Part 250, Subpart M, Unitization. Responses are mandatory and generally on occasion or they are required to obtain or retain a benefit. No questions of a "sensitive" nature are asked. The MMS protects information considered proprietary according to the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR 2), and 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection," and 30

CFR Part 252, "OCS Oil and Gas Information Program."

The MMS Regional Supervisor must approve any lessee's proposal to enter an agreement to unitize operations under two or more leases. We must also approve modification of a unit agreement when changes in circumstances warrant. We encourage unitization of operations on OCS leases where unitized operations will further exploration of prospective geological structures; increase the ultimate recovery of oil and gas or sulphur reserves; lead to more efficient operation of leases and reservoirs; and/or is necessary to protect correlative rights. Unitization can be particularly beneficial in high-cost, high-risk OCS areas. Lessees submit consolidated Exploration Plans and Development and Production Plans for a unit area. We use the information to ensure that operations under the proposed unit agreement will result in preventing waste, conserving natural resources, and

protecting correlative rights including the government's interests. We need to review all pertinent data before determining competitiveness of a reservoir or deciding that compelling unitization will achieve the desired results.

Frequency: On occasion.

Estimated Number and Description of Respondents: Approximately 130 respondents (Federal oil and gas OCS lessees).

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual "hour" burden for this information collection is a total of 4,913 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Estimated Reporting and Recordkeeping “Non-Hour Cost”

Burden: There are three non-hour costs associated with this information collection. The estimated non-hour cost burden is \$234,140. Section 250.1303 has two fees requiring respondents to pay a filing fee when applying for a voluntary unitization proposal or unit expansion, and a fee for unitization revision. The filing fees are required to recover the Federal Government’s processing costs. Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore, section 250.1304(e) requires the party seeking the compulsory unitization to pay for the court reporter and copies of the verbatim transcript of the hearing. It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We estimate that the burden would be less than \$500 to reproduce the copies and hire the reporter. We have not identified any other “non-hour cost” burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a

collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency “ * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on December 26, 2007, we published a **Federal Register** notice (72 FR 73041) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations. The regulation also informs the public that they may

comment at any time on the collections of information and provides the address to which they should send comments. We received one comment in response to these efforts from a private citizen, B. Sachau, and the comment was not germane to the paperwork burden of this collection.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 31, 2008.

Public Availability of Comments: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Minerals Management Service

[Docket No. MMS-2008-OMM-0007]

MMS Information Collection Activity: 1010-0141, 30 CFR Part 250, Subpart D, Oil and Gas Drilling Operations, Extension of a Collection; Submitted for Office of Management and Budget (OMB) Review; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0141).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to OMB an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR Part 250, Subpart D, Oil and Gas Drilling Operations. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements.

ADDRESSES: You should submit comments directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1010-0141), either by fax (202) 395-6566 or e-mail (OIRA_DOCKET@omb.eop.gov).

Please also send a copy to MMS by either of the following methods:

- <http://www.regulations.gov>. Under the tab "More Search Options," click Advanced Docket Search, then select "Minerals Management Service" from the agency drop-down menu, then click "submit." In the Docket ID column, select MMS-2008-OMM-0007 to submit public comments and to view supporting and related materials available for this rulemaking. Information on using Regulations.gov, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link. The MMS will post all comments.

- Mail or hand-carry comments to the Department of the Interior, Minerals Management Service; Attention: Cheryl Blundon, 381 Elden Street, MS-4024, Herndon, Virginia 20170-4817. Please

reference "Information Collection 1010-0141" in your subject line and mark your message for return receipt. Include your name and return address in your message text.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart D, Oil and Gas Drilling Operations.

Forms: MMS-123, MMS-123S, MMS-124, MMS-125, MMS-133, and MMS-133S.

OMB Control Number: 1010-0141.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition. Section 1332(6) states that "operations in the Outer Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and other techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstructions to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property or endanger life or health."

Regulations implementing these responsibilities are under 30 CFR part 250, subpart D. Responses are mandatory or are required to obtain or retain a benefit. No questions of a "sensitive" nature are asked. The MMS will protect proprietary information according to 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection," 30 CFR part 252, "OCS Oil and Gas Information Program," and the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2).

The MMS needs the information to ensure safe drilling operations and to

protect the human, marine, and coastal environment. Among other things, MMS specifically uses the information to ensure: The drilling unit is fit for the intended purpose; the lessee or operator will not encounter geologic conditions that present a hazard to operations; equipment is maintained in a state of readiness and meets safety standards; each drilling crew is properly trained and able to promptly perform well-control activities at any time during well operations; compliance with safety standards; and the current regulations will provide for safe and proper field or reservoir development, resource evaluation, conservation, protection of correlative rights, safety, and environmental protection. We also review well records to ascertain whether drilling operations have encountered hydrocarbons or H₂S and to ensure that H₂S detection equipment, personnel protective equipment, and training of the crew are adequate for safe operations in zones known to contain H₂S and zones where the presence of H₂S is unknown.

The following forms are also submitted to MMS under subpart D. The forms and their purposes are:

Application for Permit To Drill, Forms MMS-123 and MMS-123S

The MMS uses the information from these forms to determine the conditions of a drilling site to avoid hazards inherent in drilling operations. Specifically, the appropriate MMS District Office uses the information to evaluate the adequacy of a lessee's plan and equipment for drilling, sidetracking or bypass operations. This includes the adequacy of the proposed casing design, casing setting depths, drilling fluid (mud), and cementing programs to ascertain that the proposed operations will be conducted in an operationally safe manner that provides adequate protection for the environment. The District Office also reviews the information to ensure conformance with specific provisions of the lease. In addition, except for proprietary data, MMS is required by the OCS Lands Act to make available to the public certain information submitted on forms MMS-123 and MMS-123S.

Application for Permit To Modify, Form MMS-124

The MMS uses the information on this form to evaluate and approve the adequacy of the equipment, materials, and/or procedures that the lessee plans to use during such post APD modifications or operations as plugging back or temporary abandonment where the well bore will be reentered and

completed or permanently plugged. In addition, except for proprietary data, MMS is required by the OCS Lands Act to make available to the public certain information submitted on form MMS-124.

End of Operations Report, Form MMS-125

The MMS uses this information to ensure that they have accurate and up-to-date data and information on wells and leasehold activities under their jurisdiction and to ensure compliance with approved plans and any conditions placed upon a suspension or temporary prohibition. It is also used to evaluate the remedial action in the event of well equipment failure or well control loss. Form MMS-125 is updated and resubmitted in the event the well status changes. The information keeps MMS aware of the status of drilling and completion operations. In addition, except for proprietary data, MMS is required by the OCS Lands Act to make available to the public certain information submitted on form MMS-125.

Well Activity Report, Forms MMS-133 and MMS-133S

The MMS uses this information to monitor the conditions of a well and status of drilling operations. Specifically, the drilling engineer in the District Office reviews the information to be aware of the well conditions and current drilling activity (i.e., well depth, drilling fluid weight, casing types and setting depths, completed well logs, and recent safety equipment tests and drills). The engineer uses this information to determine how accurately the lessee anticipated well conditions and if the lessee is following the approved Application for Permit to Drill (form MMS-123). The MMS engineer and District Supervisor also use the information in their review of an Application for Permit to Modify (form MMS-124). With the information collected on form MMS-133 available, the reviewers can analyze the proposed revisions (i.e., revised grade of casing or deeper casing setting depth) and make a quick and informed decision on the request.

In addition, except for proprietary data, MMS is required by the OCS Lands Act to make available to the public certain information submitted on forms MMS-133 and MMS-133S.

Frequency: Submissions are generally on occasion, weekly, monthly, semi-annually, annually, and varies by section.

Estimated Number and Description of Respondents: Approximately 130 respondents (Federal oil and gas OCS lessees).

Estimated Reporting and Recordkeeping "Hour" Burden: The estimated annual "hour" burden for this information collection is a total of 146,827 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: We have identified two non-hour cost burdens for this collection. When respondents submit an Application for Permit to Drill (Form MMS-123), they submit a \$1,850 fee for initial applications only (there is no fee for revisions); and when respondents submit an Application for Permit to Modify (Form MMS-124), they submit a \$110 fee. These two fees total \$1,789,340. Refer to the chart to see these specific fee breakdowns. We have not identified any other non-hour cost burdens associated with this collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is

necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on January 28, 2008, we published a **Federal Register** notice (73 FR 4911) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR part 250 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or

disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 31, 2008.

Public Availability of Comments: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

DEPARTMENT OF THE INTERIOR**Minerals Management Service****[Docket No. MMS-2008-MRM-0008]****Agency Information Collection Activities: Submitted for Office of Management and Budget (OMB) Review; Comment Request****AGENCY:** Minerals Management Service (MMS), Interior.**ACTION:** Notice of an extension of a currently approved information collection (OMB Control Number 1010-0122).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), we are notifying the public that we have submitted to the Office of Management and Budget (OMB) an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under 30 CFR part 243. This notice also provides the public a second opportunity to comment on the paperwork burden of these regulatory requirements. We changed the title of this ICR to clarify the regulatory language we are covering under 30 CFR part 243. The previous title of this ICR was "30 CFR 243—Suspensions Pending Appeal and Bonding—Minerals Revenue Management (Forms MMS-4435, Administrative Appeal Bond; MMS-4436, Letter of Credit; and MMS-4437, Assignment of Certificate of Deposit)." The new title of this ICR is "30 CFR Part 243—Suspensions Pending Appeal and Bonding—Minerals Revenue Management."

DATES: Submit written comments on or before *July 31, 2008*.**ADDRESSES:** Submit written comments by either FAX (202) 395-6566 or e-mail (*OIRA_Docket@omb.eop.gov*) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (OMB Control Number 1010-0122).

Please submit copies of your comments to MMS by the following methods:

- Electronically go to <http://www.regulations.gov>. In the "Comment or Submission" column, enter "MMS-2008-MRM-0008" to view supporting and related materials for this ICR. Click on "Send a comment or submission" link to submit public comments. Information on using Regulations.gov, including instructions for accessing documents, submitting comments, and viewing the docket after the close of the comment period, is available through the site's "User Tips" link. All

comments submitted will be posted to the docket.

- Mail comments to Armand Southall, Regulatory Specialist, Minerals Management Service, Minerals Revenue Management, P.O. Box 25165, MS 302B2, Denver, Colorado 80225. Please reference ICR 1010-0122 in your comments.

The Secretary, under the Mineral Leasing Act of 1920 (30 U.S.C. 1923), Indian Mineral Development Act of 1982 (Pub. L. 97-382—Dec. 22, 1982), and the Outer Continental Shelf Lands Act (43 U.S.C. 1353), is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties and other mineral revenues from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. The MMS performs the mineral revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral revenues are on our Web site at http://www.mrm.mms.gov/Laws_R_D/PublicLawsAMR.htm.

Regulations at 30 CFR 243 govern the suspension of orders or decisions pending administrative appeal for Federal and Indian leases. These regulations require the submission of information demonstrating financial

solvency by the person who represents the appellant, requesting a suspension without the need to provide a surety. For Federal leases, the RSFA Section 4(l), "Stay of Payment Obligation Pending Review," requires MMS to evaluate any person, ordered by the Secretary or a delegated state to pay any obligation (other than an assessment) subject to RSFA, to determine whether that person is entitled to a stay of the order without bond or other surety instrument, pending an administrative or judicial proceeding, based on the financial solvency of that person. For those appellants who are not financially solvent or for appeals involving Indian leases, MMS requires that a surety instrument be posted to secure the financial interest of the public and Indian lessors during the entire administrative or judicial appeal process. This information collection request covers the burden hours associated with appellants submitting financial statements or surety instruments, subject to annual audit, required to stay an MMS order.

Minerals produced from Federal and Indian leases vary greatly in the nature of occurrence, production, and processing methods. When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee is required to report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information collected includes data necessary to ensure that the royalties are accurately valued and appropriately paid.

Proprietary information submitted to MMS under this collection is protected, and no items of a sensitive nature are collected. A response is voluntary and required to obtain the benefit of suspending compliance of an order pending appeal.

Stay of Payment Pending Appeal

Title 30 CFR 243.1 states that lessees or recipients of MMS Minerals Revenue Management (MRM) orders may suspend compliance with an order if they appeal in accordance with 30 CFR Part 290, Subpart B—Minerals Revenue Management Appeal Procedures. Pending appeal, MMS suspends the payment requirement if the appellant submits a formal agreement of payment

in case of default, such as a bond or other surety, or demonstrates financial solvency. The MMS accepts the following surety types: Form MMS-4435, Administrative Appeal Bond; Form MMS-4436, Letter of Credit; Form MMS-4437, Assignment of Certificate of Deposit; Self-bonding; and U.S. Treasury Securities.

When one of the surety types is selected and put in place, appellants must maintain the surety until completion of the appeal. If the appeal is decided in favor of the appellant, MMS returns the surety to the appellant. If the appeal is decided in favor of MMS, then MMS will take action to collect full royalty payment or draw down on the surety. The MMS draws down on a surety if the appellant fails to comply with requirements relating to amount due, timeframe, or surety submission or resubmission. Whenever MMS must draw down on a surety, MMS must draw down the total amount due, which is defined as unpaid principal plus the interest accrued to the projected receipt date of the surety payment. Appellants may refer to the Surety Instrument Posting Instructions for each of the five surety types to submit the respective information. These instructions for the five surety types discussed below can also be found at <http://www.mrm.mms.gov/ReportingServices/PDFDocs/SuretyInst.pdf>.

Forms and Other Surety Types

Form MMS-4435, Administrative Appeal Bond

Appellants may file Form MMS-4435, Administrative Appeal Bond, which MMS uses to secure the financial interests of the public and Indian lessors during the entire administrative and judicial appeal process. Under 30 CFR 243.4, appellants are required to submit their contact and surety amount information on the bond to obtain the benefit of suspension of an obligation to comply with an order. The bond must be issued by a qualified surety company that is approved by the Department of the Treasury (see Department of the Treasury Circular No. 570, revised periodically in the **Federal Register**). The Associate Director for MRM (Associate Director) or the MRM-delegated bond-approving officer (officer) maintains these bonds in a secure facility. Once the appeal has concluded, MMS may release and return the bond to the appellant or collect royalty payment on the bond. If collection is necessary for a remaining royalty payment balance, MMS will issue a demand for payment to the

surety company with a notice to the appellant. The MMS will also include all interest accrued on the affected bill.

Form MMS-4436, Letter of Credit

Appellants may choose to file Form MMS-4436, Letter of Credit, with no modifications. Requirements of 30 CFR 243.4 continue to apply. The Associate Director or officer maintains the Letter of Credit (LOC) in a secure facility. A bank must notarize and issue the LOC for appellants in which the bank has a minimum Fitch rating of "C" for an LOC of less than \$1 million, "B/C" for an LOC between \$1 million and \$10 million, or "B" for an LOC over \$10 million. The LOC must have a minimum coverage period of 1 year and be automatically renewable for up to 5 years.

The appellant is responsible for verifying that the bank provides a current rating to MMS. If the issuing bank's rating falls below the minimum acceptable level, a satisfactory replacement surety must be submitted within 14 days, or MMS will draw down the existing LOC. If the bank issuing the LOC chooses not to renew the existing LOC, it must provide MMS with a notice of its decision not to renew 30 days prior to expiration of the LOC. Once the appeal has been concluded, MMS may release and return the LOC to the appellant or collect royalty payment on the LOC. If collection is necessary for a remaining royalty payment balance, MMS will issue a demand for payment, which includes all interest assessed on the affected bill, to the bank with a notice to the appellant.

Form MMS-4437, Assignment of Certificate of Deposit

Appellants may choose to secure their debts by requesting to use a Certificate of Deposit (CD) from their bank and submitting Form MMS-4437, Assignment of Certificate of Deposit. Requirements of 30 CFR 243.4 continue to apply. Appellants must file the request with MMS prior to the invoice due date. The MMS will accept a book-entry CD that explicitly assigns the CD to the Associate Director. A bank must issue the CD in which the bank has a minimum Fitch rating or is confirmed by a bank with an acceptable rating. The acceptable ratings for a CD are the same as for an LOC. If collection of the CD is necessary for a royalty payment balance, MMS will return unused CD funds to the appellant after total settlement of the appealed issues, including applicable interest charges.

Self-Bonding

For Federal oil and gas leases, RSFA Section 4(l), as promulgated at 30 CFR 243.201, provides that no surety instrument is required when a person representing the appellant periodically demonstrates, to the satisfaction of MMS, that guarantor or appellant is financially solvent or otherwise able to pay the obligation. Appellants must submit a written request to "self-bond" every time a new appeal is filed. To evaluate the financial solvency and exemption from requirements of appellants to maintain a surety related to an appeal, MMS requires appellants to submit a consolidated balance sheet, subject to annual audit. In some cases, MMS also requires copies of the most recent tax returns—up to 3 years—filed by appellants.

In addition, appellants must annually submit financial statements, subject to annual audit, to support their net worth. The MMS uses the consolidated balance sheet or business information supplied to evaluate the financial solvency of a lessee, designee, or payor seeking a stay of payment obligation pending review. If appellants do not have a consolidated balance sheet documenting their net worth, or if they do not meet the \$300 million net worth requirement, MMS selects a business information or credit reporting service to provide information concerning an appellant's financial solvency. We charge the appellant a \$50 fee each time we need to review data from a business information or credit reporting service. The fee covers our costs in determining an appellant's financial solvency.

U.S. Treasury Securities

Appellants may choose to secure their debts by requesting to use a U.S. Treasury Security (TS). Appellants must file the letter of request with MMS prior to the invoice due date. The TS must be a U.S. Treasury note or bond with maturity equal to or greater than 1 year. The TS must equal 120 percent of the appealed amount plus 1 year of estimated interest (necessary to protect MMS against interest rate fluctuations). The MMS accepts only a book-entry TS.

Request to OMB

The MMS is requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge his/her duties and may also result in loss of royalty payments.

Frequency: Annually and on occasion.
Estimated Number and Description of Respondents: 140 Federal/Indian appellants.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 140 hours.

The following chart shows the estimated annual burden hours by CFR section and paragraph. We have not included in our estimates certain

requirements performed in the normal course of business and considered usual and customary.

Subpart A—General Provisions				
243.4(a)(1)	How do I suspend compliance with an order? (a) If you timely appeal an order, and if that order or portion of that order: (1) Requires you to make a payment, and you want to suspend compliance with that order, you must post a bond or other surety instrument or demonstrate financial solvency * * *	1 hour	75 surety instruments (including Forms MMS–4435, MMS–4436, and MMS–4437, or TS).	75
243.6	When must I or another person meet the bonding or financial solvency requirements under this part? If you must meet the bonding or financial solvency requirements under § 243.4(a)(1), or if another person is meeting your bonding or financial solvency requirements, then either you or the other person must post a bond or other surety instrument or demonstrate financial solvency within 60 days after you receive the order or the Notice of Order.	Burden hours covered under § 243.4(a)(1).		
243.7(a)	What must a person do when posting a bond or other surety instrument or demonstrating financial solvency on behalf of an appellant? If you assume an appellant's responsibility to post a bond or other surety instrument or demonstrate financial solvency * * * (a) Must notify MMS in writing * * * that you are assuming the appellant's responsibility * * *.	Burden hours covered under § 243.4(a)(1).		
243.8(a)(2) and (b)(2)	When will MMS suspend my obligation to comply with an order? (a) <i>Federal leases.</i> * * * (2) If the amount under appeal is \$10,000 or more, MMS will suspend your obligation to comply with that order if you: (i) Submit an MMS-specified surety instrument under subpart B of this part within a time period MMS prescribes; or (ii) Demonstrate financial solvency under subpart C. (b) <i>Indian leases.</i> * * * (2) If the amount under appeal is \$1,000 or more, MMS will suspend your obligation to comply with that order if you submit an MMS-specified surety instrument under subpart B of this part within a time period MMS prescribes.	Burden hours covered under § 243.4(a)(1).		
Subpart B—Bonding Requirements				
243.101(b)	How will MMS determine the amount of my bond or other surety instrument? * * * (b) If your appeal is not decided within 1 year from the filing date, you must increase the surety amount to cover additional estimated interest for another 1-year period. You must continue to do this annually * * *.	Burden hours covered under § 243.4(a)(1).		
Subpart C—Financial Solvency Requirements				
243.200(a) and (b)	How do I demonstrate financial solvency? (a) To demonstrate financial solvency under this part, you must submit an audited consolidated balance sheet, and, if requested by the MMS bond-approving officer, up to 3 years of tax returns to the MMS, * * *. (b) You must submit an audited consolidated balance sheet annually, and, if requested, additional annual tax returns on the date MMS first determined that you demonstrated financial solvency as long as you have active appeals, or whenever MMS requests. * * *	1 hour	65 self-bonding submissions (demonstration of financial solvency).	65

RESPONDENTS' ESTIMATED ANNUAL BURDEN HOURS—Continued

243.201(c)(1), (c)(2)(i) and (c)(2)(ii) and 243.201(d)(2).	How will MMS determine if I am financially solvent? * * * (c) If your net worth, minus the amount we would require as surety under subpart B for all orders you have appealed is less than \$300 million, you must submit * * *: (1) A written request asking us to consult a business-information, or credit-reporting service or program to determine your financial solvency; and (2) A nonrefundable \$50 processing fee: (i) You must pay the processing fee * * *; (ii) You must submit the fee with your request * * * and then annually on the date we first determined that you demonstrated financial solvency, as long as you are not able to demonstrate financial solvency * * * and you have active appeals. (d) * * * (2) For us to consider you financially solvent, the business-information or credit-reporting service or program must demonstrate your degree of risk as low to moderate: * * *	Burden hours covered under §§ 243.4(a)(1) and 243.200(a) and (b).		
243.202(c)	When will MMS monitor my financial solvency? * * * (c) If our bond-approving officer determines that you are no longer financially solvent, you must post a bond or other MMS-specified surety instrument under subpart B.	Burden hours covered under § 243.4(a)(1).		
Total Burden		140		140

Estimated Annual Reporting and Recordkeeping “Non-hour” Cost Burden: There are no additional recordkeeping costs associated with this information collection. However, MMS estimates 15 appellants will pay MMS a \$50 fee to obtain credit data from a business information or credit reporting service as a “non-hour” cost burden over the next three years, or 5 appellants per year, for a total of \$250 per year (5 appellants per year × \$50 = \$250).

Public Disclosure Statement: The PRA (44 U.S.C. 3501 *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments: Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency “* * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.” Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the

information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the **Federal Register** on August 13, 2007 (72 FR 45264), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 31, 2008.

Public Comment Policy: We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Before including your address, phone number, e-mail address, or other personal identifying

information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public view, we cannot guarantee that we will be able to do so.

MMS Information Collection Clearance Officer: Arlene Bajusz (202) 208-7744.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection for 1029-0036

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request approval to

continue the collection of information under 30 CFR part 780, Surface Mining Permit Applications—Minimum Requirements for Reclamation and Operation Plans. This information collection activity was previously approved by the Office of Management and Budget (OMB), and assigned clearance number 1029–0036.

DATES: Comments on the proposed information collection must be received by September 2, 2008, to be assured of consideration.

ADDRESSES: Comments may be mailed to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW., Room 202–SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease, at (202) 208–2783.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies an information collection that OSM will be submitting to OMB for approval. The collection is contained in 30 CFR part 780, Surface Mining Permit Applications Minimum Requirements for Reclamation and Operation Plans. OSM will request a 3-year term of approval for this information collection activity. Applicants must complete and submit the information for this part in order to receive a permit for surface coal mining.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection requests to OMB.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

The following information is provided for the information collection: (1) Title of the information collection; (2) OMB control number; (3) summary of the information collection activity; and (4) frequency of collection, description of the respondents, estimated total annual responses, and the total annual reporting and recordkeeping burden for the collection of information.

Title: 30 CFR Part 780—Surface Mining Permit Applications—Minimum Requirements for Reclamation and Operation Plan.

OMB Control Number: 1029–0036.

Summary: Sections 507(b), 508(a), 510(b), 515(b) and (d), and 522 of Public Law 95–87 require applicants to submit operations and reclamation plans for coal mining activities. Information collection is needed to determine whether the plans will achieve the reclamation and environmental protections pursuant to the Surface Mining Control and Reclamation Act. Without this information, Federal and State regulatory authorities cannot review and approve permit application requests.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents:

Applicants for surface coal mine permits on Federal lands, and State Regulatory Authorities. Total Annual Responses: 225 applicants and 221 State responses.

Total Annual Burden Hours for Applicants: 131,378.

Total Annual Burden Hours for States: 76,115.

Total Annual Burden for All Respondents: 207,853.

Total Annual Burden Costs for All Respondents: \$1,992,392.

Dated: June 23, 2008.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1012 (Review)]

Certain Frozen Fish Fillets From Vietnam

AGENCY: United States International Trade Commission.

ACTION: Institution of a five-year review concerning the antidumping duty order on certain frozen fish fillets from Vietnam.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act) to determine whether revocation of the antidumping duty order on certain frozen fish fillets from Vietnam would be likely to lead to continuation or recurrence of material injury. Pursuant to section 751(c)(2) of the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission;¹ to be assured of consideration, the deadline for responses is August 20, 2008. Comments on the adequacy of responses may be filed with the Commission by September 15, 2008. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

DATES: *Effective Date:* July 1, 2008.

The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background. On August 12, 2003, the Department of Commerce issued an antidumping duty order on imports of certain frozen fish fillets from Vietnam (68 FR 47909). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably

¹ No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB number is 3117–0016/USITC No. 08–5–184, expiration date July 31, 2008. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436.

foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions. The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is Vietnam.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, the Commission defined the *Domestic Like Product* as frozen catfish fillets, whether or not breaded or marinated.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as processing operations producing frozen catfish fillets (whether or not breaded or marinated), not including catfish farming operations.²

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the *Order Date* is August 12, 2003.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list. Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will

maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official recently has advised that a five-year review is no longer considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR. 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are no longer required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification. Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and

investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions. Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is August 20, 2008. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is September 15, 2008. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 Fed. Reg. 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

Inability to provide requested information. Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

Information To Be Provided In Response to This Notice of Institution: As used below, the term "firm" includes any related firms.

(1) The name and address of your firm or entity (including World Wide Web address if available) and name,

² The Commission, nevertheless, took into account the role of catfish farmers as a condition of competition in the industry because the record of the original investigation demonstrated the importance of catfish farmers to catfish processors and vice versa.

telephone number, fax number, and E-mail address of the certifying official.

(2) A statement indicating whether your firm/entity is a U.S. producer of the *Domestic Like Product*, a U.S. union or worker group, a U.S. importer of the *Subject Merchandise*, a foreign producer or exporter of the *Subject Merchandise*, a U.S. or foreign trade or business association, or another interested party (including an explanation). If you are a union/worker group or trade/business association, identify the firms in which your workers are employed or which are members of your association.

(3) A statement indicating whether your firm/entity is willing to participate in this review by providing information requested by the Commission.

(4) A statement of the likely effects of the revocation of the antidumping duty order on the *Domestic Industry* in general and/or your firm/entity specifically. In your response, please discuss the various factors specified in section 752(a) of the Act (19 U.S.C. 1675a(a)) including the likely volume of subject imports, likely price effects of subject imports, and likely impact of imports of *Subject Merchandise on the Domestic Industry*.

(5) A list of all known and currently operating U.S. producers of the *Domestic Like Product*. Identify any known related parties and the nature of the relationship as defined in section 771(4)(B) of the Act (19 U.S.C. 1677(4)(B)).

(6) A list of all known and currently operating U.S. importers of the *Subject Merchandise* and producers of the *Subject Merchandise* in the *Subject Country* that currently export or have exported *Subject Merchandise* to the United States or other countries since the *Order Date*.

(7) If you are a U.S. producer of the *Domestic Like Product*, provide the following information on your firm's operations on that product during calendar year 2007 (report quantity data in pounds and value data in U.S. dollars, f.o.b. plant). If you are a union/worker group or trade/business association, provide the information, on an aggregate basis, for the firms in which your workers are employed/which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total U.S. production of the *Domestic Like Product* accounted for by your firm's(s') production;

(b) The quantity and value of U.S. commercial shipments of the *Domestic Like Product* produced in your U.S. plant(s); and

(c) The quantity and value of U.S. internal consumption/company

transfers of the *Domestic Like Product* produced in your U.S. plant(s).

(8) If you are a U.S. importer or a trade/business association of U.S. importers of the *Subject Merchandise* from the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data in pounds and value data in U.S. dollars). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) The quantity and value (landed, duty-paid but not including antidumping duties) of U.S. imports and, if known, an estimate of the percentage of total U.S. imports of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') imports;

(b) The quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. commercial shipments of *Subject Merchandise* imported from the *Subject Country*; and

(c) The quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. internal consumption/company transfers of *Subject Merchandise* imported from the *Subject Country*.

(9) If you are a producer, an exporter, or a trade/business association of producers or exporters of the *Subject Merchandise* in the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data in pounds and value data in U.S. dollars, landed and duty-paid at the U.S. port but not including antidumping duties). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total production of *Subject Merchandise* in the *Subject Country* accounted for by your firm's(s') production; and

(b) The quantity and value of your firm's(s') exports to the United States of *Subject Merchandise* and, if known, an estimate of the percentage of total exports to the United States of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') exports.

(10) Identify significant changes, if any, in the supply and demand conditions or business cycle for the *Domestic Like Product* that have occurred in the United States or in the market for the *Subject Merchandise* in the *Subject Country* since the *Order Date*, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply

conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the *Domestic Like Product* produced in the United States, *Subject Merchandise* produced in the *Subject Country*, and such merchandise from other countries.

(11)(Optional) A statement of whether you agree with the above definitions of the *Domestic Like Product* and *Domestic Industry*; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.61 of the Commission's rules.

Issued: June 16, 2008.

consideration, the deadline for responses is August 20, 2008. Comments on the adequacy of responses may be filed with the Commission by September 15, 2008. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

DATES: *Effective Date:* July 1, 2008.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202–205–3193), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background. On September 15, 1997, the Department of Commerce issued an antidumping duty order on imports of crawfish tail meat from China (62 FR 48218). Following five-year reviews by Commerce and the Commission, effective August 13, 2003, Commerce issued a continuation of the antidumping duty order on imports of crawfish tail meat from China (68 FR 48340). The Commission is now conducting a second review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions. The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and first full five-year review determination, the Commission defined the *Domestic Like Product* as crawfish tail meat, coextensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination and its first full five-year review determination, the Commission defined the *Domestic Industry* as all domestic producers of crawfish tail meat, which, at that time, consisted of numerous processors that were generally small, family-owned businesses in Louisiana. The Commission did not include in its definition of the *Domestic Industry* producers or growers of whole crawfish.

(5) The *Order Date* is the date that the antidumping duty order under review became effective. In this review, the *Order Date* is September 15, 1997.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list. Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and

substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official recently has advised that a five-year review is no longer considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are no longer required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification. Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions. Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is August 20, 2008.

Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is September 15, 2008. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

Inability to provide requested information. Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

Information To Be Provided In Response to This Notice of Institution: As used below, the term "firm" includes any related firms.

(1) The name and address of your firm or entity (including World Wide Web address if available) and name, telephone number, fax number, and e-mail address of the certifying official.

(2) A statement indicating whether your firm/entity is a U.S. producer of the *Domestic Like Product*, a U.S. union or worker group, a U.S. importer of the *Subject Merchandise*, a foreign producer or exporter of the *Subject Merchandise*, a U.S. or foreign trade or business

association, or another interested party (including an explanation). If you are a union/worker group or trade/business association, identify the firms in which your workers are employed or which are members of your association.

(3) A statement indicating whether your firm/entity is willing to participate in this review by providing information requested by the Commission.

(4) A statement of the likely effects of the revocation of the antidumping duty order on the *Domestic Industry* in general and/or your firm/entity specifically. In your response, please discuss the various factors specified in section 752(a) of the Act (19 U.S.C. 1675a(a)) including the likely volume of subject imports, likely price effects of subject imports, and likely impact of imports of *Subject Merchandise on the Domestic Industry*.

(5) A list of all known and currently operating U.S. producers of the *Domestic Like Product*. Identify any known related parties and the nature of the relationship as defined in section 771(4)(B) of the Act (19 U.S.C. 1677(4)(B)).

(6) A list of all known and currently operating U.S. importers of the *Subject Merchandise* and producers of the *Subject Merchandise* in the *Subject Country* that currently export or have exported *Subject Merchandise* to the United States or other countries after 2002.

(7) If you are a U.S. producer of the *Domestic Like Product*, provide the following information on your firm's operations on that product during calendar year 2007 (report quantity data in pounds and value data in U.S. dollars, f.o.b. plant). If you are a union/worker group or trade/business association, provide the information, on an aggregate basis, for the firms in which your workers are employed/which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total U.S. production of the *Domestic Like Product* accounted for by your firm's(s') production;

(b) The quantity and value of U.S. commercial shipments of the *Domestic Like Product* produced in your U.S. plant(s); and

(c) The quantity and value of U.S. internal consumption/company transfers of the *Domestic Like Product* produced in your U.S. plant(s).

(8) If you are a U.S. importer or a trade/business association of U.S. importers of the *Subject Merchandise* from the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data

in pounds and value data in U.S. dollars). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) The quantity and value (landed, duty-paid but not including antidumping duties) of U.S. imports and, if known, an estimate of the percentage of total U.S. imports of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') imports;

(b) The quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. commercial shipments of *Subject Merchandise* imported from the *Subject Country*; and

(c) The quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. internal consumption/company transfers of *Subject Merchandise* imported from the *Subject Country*.

(9) If you are a producer, an exporter, or a trade/business association of producers or exporters of the *Subject Merchandise* in the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data in pounds and value data in U.S. dollars, landed and duty-paid at the U.S. port but not including antidumping duties). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total production of *Subject Merchandise* in the *Subject Country* accounted for by your firm's(s') production; and

(b) The quantity and value of your firm's(s') exports to the United States of *Subject Merchandise* and, if known, an estimate of the percentage of total exports to the United States of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') exports.

(10) Identify significant changes, if any, in the supply and demand conditions or business cycle for the *Domestic Like Product* that have occurred in the United States or in the market for the *Subject Merchandise* in the *Subject Country* after 2002, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including

barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the *Domestic Like Product* produced in the United States, Subject Merchandise produced in the *Subject Country*, and such merchandise from other countries.

(11) (Optional) A statement of whether you agree with the above definitions of the *Domestic Like Product* and *Domestic Industry*; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On August 11, 2003, the Department of Commerce issued a countervailing duty order on imports of DRAMs and DRAM modules from Korea (68 FR 47546). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is Korea.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission found a

single Domestic Like Product consisting of all DRAM products regardless of density, including cased and uncased DRAMs as well as DRAMs packaged into memory modules, and including all DRAM product types.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the *Domestic Industry* as all producers that fabricate and assemble DRAMs in the United States, excluding module "packagers" and fabless design houses. At the time of the Commission's original determination, the *Domestic Industry* consisted of Micron, Dominion, Infineon, Samsung Austin Semiconductor, HSMA, Fujitsu, IBM, Payton, and NECELAM.

(5) The *Order Date* is the date that the countervailing duty order under review became effective. In this review, the *Order Date* is August 11, 2003.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the review and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the review as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the review.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official recently has advised that a five-year review is no longer considered the "same particular matter" as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b)(19 CFR 201.15(b)). 73 FR 24609 (May 5, 2008). This advice was

developed in consultation with the Office of Government Ethics. Consequently, former employees are no longer required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this review available to authorized applicants under the APO issued in the review, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is August 20, 2008. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is September 15, 2008. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's

rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the review you do not need to serve your response).

Inability to provide requested information.—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determination in the review.

Information To Be Provided in Response To This Notice of Institution: As used below, the term "firm" includes any related firms.

(1) The name and address of your firm or entity (including World Wide Web address if available) and name, telephone number, fax number, and e-mail address of the certifying official.

(2) A statement indicating whether your firm/entity is a U.S. producer of the *Domestic Like Product*, a U.S. union or worker group, a U.S. importer of the *Subject Merchandise*, a foreign producer or exporter of the *Subject Merchandise*, a U.S. or foreign trade or business association, or another interested party (including an explanation). If you are a union/worker group or trade/business association, identify the firms in which your workers are employed or which are members of your association.

(3) A statement indicating whether your firm/entity is willing to participate in this review by providing information requested by the Commission.

(4) A statement of the likely effects of the revocation of the countervailing

duty order on the *Domestic Industry* in general and/or your firm/entity specifically. In your response, please discuss the various factors specified in section 752(a) of the Act (19 U.S.C. 1675a(a)) including the likely volume of subject imports, likely price effects of subject imports, and likely impact of imports of *Subject Merchandise* on the *Domestic Industry*.

(5) A list of all known and currently operating U.S. producers of the *Domestic Like Product*. Identify any known related parties and the nature of the relationship as defined in section 771(4)(B) of the Act (19 U.S.C. 1677(4)(B)).

(6) A list of all known and currently operating U.S. importers of the *Subject Merchandise* and producers of the *Subject Merchandise* in the *Subject Country* that currently export or have exported *Subject Merchandise* to the United States or other countries since the *Order Date*.

(7) If you are a U.S. producer of the *Domestic Like Product*, provide the following information on your firm's operations on that product during calendar year 2007 (report quantity data in billion bits and value data in thousands of U.S. dollars, f.o.b. plant). If you are a union/worker group or trade/business association, provide the information, on an aggregate basis, for the firms in which your workers are employed/which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total U.S. production of the *Domestic Like Product* accounted for by your firm's(s') production;

(b) The quantity and value of U.S. commercial shipments of the *Domestic Like Product* produced in your U.S. plant(s); and

(c) The quantity and value of U.S. internal consumption/company transfers of the *Domestic Like Product* produced in your U.S. plant(s).

(8) If you are a U.S. importer or a trade/business association of U.S. importers of the *Subject Merchandise* from the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data in billion bits and value data in thousands of U.S. dollars). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) The quantity and value (landed, duty-paid but not including countervailing duties) of U.S. imports and, if known, an estimate of the percentage of total U.S. imports of

Subject Merchandise from the *Subject Country* accounted for by your firm's(s') imports;

(b) The quantity and value (f.o.b. U.S. port, including countervailing duties) of U.S. commercial shipments of *Subject Merchandise* imported from the *Subject Country*; and

(c) The quantity and value (f.o.b. U.S. port, including countervailing duties) of U.S. internal consumption/company transfers of *Subject Merchandise* imported from the *Subject Country*.

(9) If you are a producer, an exporter, or a trade/business association of producers or exporters of the *Subject Merchandise* in the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2007 (report quantity data in billion bits and value data in thousands of U.S. dollars, landed and duty-paid at the U.S. port but not including countervailing duties). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total production of *Subject Merchandise* in the *Subject Country* accounted for by your firm's(s') production; and

(b) The quantity and value of your firm's(s') exports to the United States of *Subject Merchandise* and, if known, an estimate of the percentage of total exports to the United States of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') exports.

(10) Identify significant changes, if any, in the supply and demand conditions or business cycle for the *Domestic Like Product* that have occurred in the United States or in the market for the *Subject Merchandise* in the *Subject Country* since the *Order Date*, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the *Domestic Like Product* produced in the United States, *Subject Merchandise*

produced in the *Subject Country*, and such merchandise from other countries.

(11)(OPTIONAL) A statement of whether you agree with the above definitions of the *Domestic Like Product* and *Domestic Industry*; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.61 of the Commission's rules.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-457 and 731-TA-1153 (Preliminary)]

Tow-Behind Lawn Groomers From China

AGENCY: United States International Trade Commission.

ACTION: Institution and scheduling of a preliminary phase countervailing duty investigation and a preliminary phase antidumping investigation.

SUMMARY: The Commission hereby gives notice of the institution of investigation and commencement of preliminary phase countervailing duty investigation No. 701-TA-457 (Preliminary) under section 703(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a)) (the Act) to determine whether there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from China of tow-behind lawn groomers ("TBLG"), currently provided for in subheadings 8432.40.00, 8432.80.00, and 8479.89.98 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Government of the People's Republic of China. The Commission also hereby gives notice of the institution of investigation and commencement of preliminary phase antidumping investigation No. 731-TA-1153 (Preliminary) under section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act) to determine whether there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury, or the establishment of

an industry in the United States is materially retarded, by reason of imports from China of TBLGs, currently provided for in the subheadings identified above of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value. Unless the Department of Commerce extends the time for initiation pursuant to section 702(c)(1)(B) of the Act (19 U.S.C. 1671a(c)(1)(B)), the Commission must reach preliminary determinations in antidumping and countervailing duty investigations within 45 days, or in this case by August 8, 2008. The Commission's views are due at Commerce within five business days thereafter, or by Friday, August 15, 2008.

For further information concerning the conduct of these investigations and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR 201), and part 207, subparts A and B (19 CFR 207).

DATES: *Effective Date:* June 24, 2008.

FOR FURTHER INFORMATION CONTACT: Russell Duncan (202-708-4727, russell.duncan@usitc.gov), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: *Background.* These investigations are being instituted in response to a petition filed on June 24, 2008, by Agri-Fab, Inc., Sullivan, IL.

Participation in the investigations and public service list. Persons (other than petitioners) wishing to participate in the investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in sections 201.11 and 207.10 of the Commission's rules, not later than seven days after publication of this notice in the **Federal Register**. Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in

Commission countervailing and antidumping investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to these investigations upon the expiration of the period for filing entries of appearance.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list. Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in these investigations available to authorized applicants representing interested parties (as defined in 19 U.S.C. 1677(9)) who are parties to the investigations under the APO issued in the investigations, provided that the application is made not later than seven days after the publication of this notice in the **Federal Register**. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Conference. The Commission's Director of Operations has scheduled a conference in connection with these investigations for 9:30 a.m. on July 15, 2008, at the U.S. International Trade Commission Building, 500 E Street SW., Washington, DC. Parties wishing to participate in the conference should contact Russell Duncan (202-708-4727) not later than July 11, 2008, to arrange for their appearance. Parties in support of the imposition of countervailing and antidumping duties in these investigations and parties in opposition to the imposition of such duties will each be collectively allocated one hour within which to make an oral presentation at the conference. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the conference.

Written submissions. As provided in sections 201.8 and 207.15 of the Commission's rules, any person may submit to the Commission on or before July 18, 2008, a written brief containing information and arguments pertinent to the subject matter of the investigations. Parties may file written testimony in connection with their presentation at the conference no later than three days before the conference. If briefs or written testimony contain BPI, they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Even

where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002).

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.12 of the Commission's rules.

Issued: June 25, 2008.

By order of the Commission.

DEPARTMENT OF JUSTICE**Drug Enforcement Administration****[Docket No. DEA-307R]****Controlled Substances: Proposed Revised Aggregate Production Quotas for 2008****AGENCY:** Drug Enforcement Administration (DEA), Justice.**ACTION:** Notice of proposed revised 2008 aggregate production quotas.**SUMMARY:** This notice proposes revised 2008 aggregate production quotas for controlled substances in schedules I and II of the Controlled Substances Act (CSA).**DATES:** Written comments must be postmarked, and electronic comments must be sent, on or before July 31, 2008.**ADDRESSES:** To ensure proper handling of comments, please reference "Docket No. DEA-307R" on all written and electronic correspondence. Written comments sent via regular or express mail should be sent to DEA Headquarters, Attention: DEA **Federal Register** Representative/ODL, 8701 Morrisette Drive, Springfield, VA 22152. Comments may be directly sent to DEA electronically by sending an electronic message to dea.diversion.policy@usdoj.gov.

However, persons wishing to request a hearing should note that such requests must be written and manually signed; requests for a hearing will not be accepted via electronic means. DEA will accept attachments to electronic comments in Microsoft Word, WordPerfect, Adobe PDF, or Excel file formats only. DEA will not accept any file format other than those specifically listed here.

FOR FURTHER INFORMATION CONTACT: Christine A. Sannerud, Ph.D., Chief, Drug and Chemical Evaluation Section, Drug Enforcement Administration, 8701 Morrisette Drive, Springfield, VA 22152, Telephone: (202) 307-7183.

SUPPLEMENTARY INFORMATION: Section 306 of the CSA (21 U.S.C. 826) requires that the Attorney General establish aggregate production quotas for each basic class of controlled substance listed in schedules I and II. This responsibility has been delegated to the Administrator of the DEA by 28 CFR 0.100. The Administrator in turn, has redelegated this function to the Deputy Administrator, pursuant to 28 CFR 0.104.

On August 24, 2007, a notice of proposed 2008 aggregate production quotas for certain controlled substances in schedules I and II was published in the **Federal Register** (72 FR 48683). This notice stipulated that the DEA would

adjust the quotas in early 2008 as provided for in 21 CFR part 1303.

The proposed revised 2008 aggregate production quotas represent those quantities of controlled substances in schedules I and II that may be produced in the United States in 2008 to provide adequate supplies of each substance for: the estimated medical, scientific, research and industrial needs of the United States; lawful export requirements; and the establishment and maintenance of reserve stocks. These quotas do not include imports of controlled substances for use in industrial processes.

The proposed revisions are based on a review of 2007 year-end inventories, 2007 disposition data submitted by quota applicants, estimates of the medical needs of the United States, product development, and other information available to the DEA.

Therefore, under the authority vested in the Attorney General by Section 306 of the CSA (21 U.S.C. 826), and delegated to the Administrator of the DEA by 28 CFR 0.100, and redelegated to the Deputy Administrator pursuant to 28 CFR 0.104, the Deputy Administrator hereby proposes the following revised 2008 aggregate production quotas for the following controlled substances, expressed in grams of anhydrous acid or base:

¹ On December 10, 2007, the Drug Enforcement Administration published a final rule establishing a new basic class: Oripavine (72 FR 69618). Prior to the final rule, oripavine was considered a thebaine derivative and hence, was included under the thebaine basic class.

The Deputy Administrator further proposes that aggregate production quotas for all other schedules I and II controlled substances included in 21 CFR 1308.11 and 1308.12 remain at zero.

All interested persons are invited to submit their comments in writing or electronically regarding this proposal following the procedures in the **ADDRESSES** section of this document. A person may object to or comment on the proposal relating to any of the above-mentioned substances without filing comments or objections regarding the others. If a person believes that one or more of these issues warrant a hearing, the individual should so state and summarize the reasons for this belief. Persons wishing to request a hearing should note that such requests must be written and manually signed; requests for a hearing will not be accepted via electronic means.

In the event that comments or objections to this proposal raise one or more issues which the Deputy Administrator finds warrant a hearing, the Deputy Administrator shall order a public hearing by notice in the **Federal Register**, summarizing the issues to be heard and setting the time for the hearing as per 21 CFR 1303.13(c).

Regulatory Certifications

Regulatory Flexibility Act

The Deputy Administrator hereby certifies that this action will not have a significant economic impact upon small entities whose interests must be

considered under the Regulatory Flexibility Act, 5 U.S.C. 601–612. The establishment of aggregate production quotas for schedules I and II controlled substances is mandated by law and by international treaty obligations. The quotas are necessary to provide for the estimated medical, scientific, research and industrial needs of the United States, for lawful export requirements, and the establishment and maintenance of reserve stocks. While aggregate production quotas are of primary importance to large manufacturers, their impact upon small entities is neither negative nor beneficial. Accordingly, the Deputy Administrator has determined that this action does not require a regulatory flexibility analysis.

Executive Order 12866

The Office of Management and Budget has determined that notices of aggregate production quotas are not subject to centralized review under Executive Order 12866.

Executive Order 13132

This action does not preempt or modify any provision of state law; nor does it impose enforcement responsibilities on any state; nor does it diminish the power of any state to enforce its own laws. Accordingly, this action does not have federalism implications warranting the application of Executive Order 13132.

Executive Order 12988

This action meets the applicable standards set forth in Sections 3(a) and 3(b)(2) of Executive Order 12988 Civil Justice Reform.

Unfunded Mandates Reform Act of 1995

This action will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$120,000,000 or more (adjusted for inflation) in any one year, and will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

This action is not a major rule as defined by Section 804 of the Small Business Regulatory Enforcement Fairness Act of 1996 (Congressional Review Act). This action will not result in an annual effect on the economy of \$100,000,000 or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

Deputy Administrator.

DEPARTMENT OF LABOR**Proposed Information Collection Request for Migrant and Seasonal Farmworkers (MSFWs) Monitoring Report and One-Stop Career Center Complaint/Referral Record: Comment Request for Extension Without Revision**

AGENCY: Employment and Training Administration.

ACTION: Notice.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration (ETA) is soliciting comments concerning the proposed three year extension without revision of the Services to Migrant and Seasonal Farm Workers Report, ETA Form 5148, and the One-Stop Career Center Complaint/Referral Record, ETA Form 8429 beyond November 30, 2008. The current Office of Management and Budget (OMB) Information Collection Request (ICR) authorization number 1205-0039 expires on November 30, 2008. A copy of the proposed ICR can be obtained by contacting the office listed below in the addressee section of this notice or by accessing: <http://www.doleta.gov/OMBCN/OMBControlNumber.cfm>.

DATES: Submit comments on or before September 2, 2008.

ADDRESSES: Send written comments to: Alina Walker, U.S. Department of Labor, Employment and Training Administration, Office of Workforce Investment, Division of Adult Services, Migrant and Seasonal Farmworkers Program, Room S-4209, 200 Constitution Avenue, NW., Washington, DC 20210. Telephone number: 202-693-2706, fax: 202-693-3587, and e-mail address: walker.alina@dol.gov.

FOR FURTHER INFORMATION CONTACT: Juan Regalado, U.S. Department of Labor, Employment and Training

Administration, Office of Workforce Investment, Division of Adult Services, Room S-4209, 200 Constitution Avenue, NW., Washington, DC 20210. Telephone number: 202-693-2661, fax: 202-693-3945, and e-mail address: regalado.juan@dol.gov.

SUPPLEMENTARY INFORMATION:**I. Background**

The regulations at 20 CFR 651, 653, and 658 under the Wagner Peyser Act, as amended by the Workforce Investment Act (WIA) of 1998, set forth requirements to ensure that Migrant and Seasonal Farmworkers (MSFWs) receive services that are qualitatively equivalent and quantitatively proportionate to the services provided to non-MSFWs. In compliance with 20 CFR 653.109, DOL established record keeping requirements to allow for the efficient and effective monitoring of State Workforce Agencies' (SWAs) regulatory compliance. The ETA Form 5148, Services to Migrant and Seasonal Farm Workers Report, is used to collect data which are primarily used to monitor and measure the extent and effectiveness of SWA service delivery to MSFWs. The ETA Form 8429, One-Stop Career Center Compliant Referral Record, is used to collect and document complaints filed by MSFWs and non-MSFWs pursuant to the regulatory framework established at 20 CFR 658.400.

II. Desired Focus of Comments

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond by including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions:

Type of Review: Extension without revision of a currently approved collection.

Agency: Employment and Training Administration.

Title: Migrant and Seasonal Farmworker (MSFW) Monitoring Report and One-Stop Career Center Complaint/Referral Record.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (08-052)]

Aerospace Safety Advisory Panel; Meeting

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of Meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration announce a forthcoming meeting of the Aerospace Safety Advisory Panel (ASAP).

DATES: Thursday, July 17, 2008, 1 p.m. to 3 p.m. Central Time.

ADDRESSES: Marshall Space Flight Center (MSFC), Building 4200, Room 504 (5th floor), Marshall Space Flight Center, AL 35812-0001. (Note that visitors will first need to go to the MSFC Visitor's Center to gain access.)

FOR FURTHER INFORMATION CONTACT: Ms. Kathy Dakon, ASAP Executive Director,

National Aeronautics and Space Administration, Washington, DC 20546, (202) 358-0732.

SUPPLEMENTARY INFORMATION: The ASAP will hold its 3rd Quarterly Meeting for 2008. This discussion is pursuant to carrying out its statutory duties for which the Panel reviews, identifies, evaluates, and advises on those program activities, systems, procedures, and management activities that can contribute to program risk. Priority is given to those programs that involve the safety of human flight. The agenda will include updates on Constellation Program Safety, Columbia Accident Investigation Board and Return to Flight Progress, and Technical Authority.

The meeting will be open to the public up to the seating capacity of the room. It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants. Photographs will only be permitted during the first 10 minutes of the meeting. During the first 30 minutes of the meeting, members of the public may make a 5-minute verbal presentation to the Panel on the subject of safety in NASA. To do so, please contact Ms. Susan Burch on (202) 358-0550 at least 48 hours in advance. Any member of the public is permitted to file a written statement with the Panel at the time of the meeting. Verbal presentations and written comments should be limited to the subject of safety in NASA. The meeting will be open to the public up to the seating capacity of the room. All U.S. citizens desiring to attend the ASAP Meeting at the MSFC must provide their full name, company affiliation (if applicable), citizenship, place of birth, and date of birth to the MSFC Security Office no later than the close of business on July 11, 2008. All non-U.S. citizens must submit their name, current address, citizenship, company affiliation (if applicable) to include address, telephone number, and their title, place of birth, date of birth, U.S. visa information to include type, number, and expiration date, U.S. Social Security Number (if applicable), Permanent Resident Alien card number and expiration date (if applicable), place and date of entry into the U.S., and Passport information to include Country of issue, number, and expiration date to the MSFC Security Office no later than the close of business on July 7, 2008. If the above information is not received by the noted dates, attendees should expect a minimum delay of two (2) hours. All visitors to this meeting will be required to process in through the Redstone/MSFC Joint Visitor Control Center located on Rideout Road, north of Gate

9 prior to entering MSFC. Please provide the appropriate data, via fax 256-544-2101, noting at the top of the page "Public Admission to the Aerospace Safety Advisory Panel Meeting at MSFC." For security questions, please call Becky Hopson at 256-544-4541.

NUCLEAR REGULATORY COMMISSION

Biweekly Notice; Applications and Amendments to Facility Operating Licenses Involving No Significant Hazards Considerations

I. Background

Pursuant to section 189a.(2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (the Commission or NRC staff) is publishing this regular biweekly notice. The Act requires the Commission publish notice of any amendments issued, or proposed to be issued and grants the Commission the authority to issue and make immediately effective any amendment to an operating license upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding the pendency before the Commission of a request for a hearing from any person.

This biweekly notice includes all notices of amendments issued, or proposed to be issued from June 5, 2008, to June 18, 2008. The last biweekly notice was published on June 17, 2008 (73 FR 34337).

Notice of Consideration of Issuance of Amendments to Facility Operating Licenses, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing

The Commission has made a proposed determination that the following amendment requests involve no significant hazards consideration. Under the Commission's regulations in 10 CFR 50.92, this means that operation of the facility in accordance with the proposed amendment would not (1) involve a significant increase in the probability or consequences of an accident previously evaluated; or (2) create the possibility of a new or different kind of accident from any accident previously evaluated; or (3) involve a significant reduction in a margin of safety. The basis for this proposed determination for each amendment request is shown below.

The Commission is seeking public comments on this proposed determination. Any comments received within 30 days after the date of publication of this notice will be considered in making any final determination.

Normally, the Commission will not issue the amendment until the expiration of 60 days after the date of publication of this notice. The Commission may issue the license amendment before expiration of the 60-day period provided that its final determination is that the amendment involves no significant hazards consideration. In addition, the Commission may issue the amendment prior to the expiration of the 30-day comment period should circumstances change during the 30-day comment period such that failure to act in a timely way would result, for example in derating or shutdown of the facility. Should the Commission take action prior to the expiration of either the comment period or the notice period, it will publish in the **Federal Register** a notice of issuance. Should the Commission make a final No Significant Hazards Consideration Determination, any hearing will take place after issuance. The Commission expects that the need to take this action will occur very infrequently.

Written comments may be submitted by mail to the Chief, Rulemaking, Directives and Editing Branch, Division of Administrative Services, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and should cite the publication date and page number of this **Federal Register** notice. Written comments may also be delivered to Room 6D44, Two

White Flint North, 11545 Rockville Pike, Rockville, Maryland, from 7:30 a.m. to 4:15 p.m. Federal workdays. Copies of written comments received may be examined at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O1F21, 11555 Rockville Pike (first floor), Rockville, Maryland. The filing of requests for a hearing and petitions for leave to intervene is discussed below.

Within 60 days after the date of publication of this notice, person(s) may file a request for a hearing with respect to issuance of the amendment to the subject facility operating license and any person whose interest may be affected by this proceeding and who wishes to participate as a party in the proceeding must file a written request via electronic submission through the NRC E-Filing system for a hearing and a petition for leave to intervene. Requests for a hearing and a petition for leave to intervene shall be filed in accordance with the Commission's "Rules of Practice for Domestic Licensing Proceedings" in 10 CFR part 2. Interested person(s) should consult a current copy of 10 CFR 2.309, which is available at the Commission's PDR, located at One White Flint North, Public File Area O1F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible from the Agencywide Documents Access and Management System's (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/doc-collections/cfr/>. If a request for a hearing or petition for leave to intervene is filed within 60 days, the Commission or a presiding officer designated by the Commission or by the Chief Administrative Judge of the Atomic Safety and Licensing Board Panel, will rule on the request and/or petition; and the Secretary or the Chief Administrative Judge of the Atomic Safety and Licensing Board will issue a notice of a hearing or an appropriate order.

As required by 10 CFR 2.309, a petition for leave to intervene shall set forth with particularity the interest of the petitioner in the proceeding, and how that interest may be affected by the results of the proceeding. The petition should specifically explain the reasons why intervention should be permitted with particular reference to the following general requirements: (1) The name, address, and telephone number of the requestor or petitioner; (2) the nature of the requestor's/petitioner's right under the Act to be made a party to the proceeding; (3) the nature and extent of the requestor's/petitioner's

property, financial, or other interest in the proceeding; and (4) the possible effect of any decision or order which may be entered in the proceeding on the requestor's/petitioner's interest. The petition must also set forth the specific contentions which the petitioner/requestor seeks to have litigated at the proceeding.

Each contention must consist of a specific statement of the issue of law or fact to be raised or controverted. In addition, the petitioner/requestor shall provide a brief explanation of the bases for the contention and a concise statement of the alleged facts or expert opinion which support the contention and on which the petitioner/requestor intends to rely in proving the contention at the hearing. The petitioner/requestor must also provide references to those specific sources and documents of which the petitioner is aware and on which the petitioner/requestor intends to rely to establish those facts or expert opinion. The petition must include sufficient information to show that a genuine dispute exists with the applicant on a material issue of law or fact. Contentions shall be limited to matters within the scope of the amendment under consideration. The contention must be one which, if proven, would entitle the petitioner/requestor to relief. A petitioner/requestor who fails to satisfy these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing.

If a hearing is requested, and the Commission has not made a final determination on the issue of no significant hazards consideration, the Commission will make a final determination on the issue of no significant hazards consideration. The final determination will serve to decide when the hearing is held. If the final determination is that the amendment request involves no significant hazards consideration, the Commission may issue the amendment and make it immediately effective, notwithstanding the request for a hearing. Any hearing held would take place after issuance of the amendment. If the final determination is that the amendment request involves a significant hazards consideration, any hearing held would take place before the issuance of any amendment.

A request for hearing or a petition for leave to intervene must be filed in

accordance with the NRC E-Filing rule, which the NRC promulgated in August 28, 2007 (72 FR 49139). The E-Filing process requires participants to submit and serve documents over the internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least five (5) days prior to the filing deadline, the petitioner/requestor must contact the Office of the Secretary by e-mail at hearingdocket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner/requestor (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each petitioner/requestor will need to download the Workplace Forms Viewer^(TM) to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer^(TM) is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a petitioner/requestor has obtained a digital ID certificate, had a docket created, and downloaded the EIE viewer, it can then submit a request for hearing or petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its documents through EIE. To be timely, an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not

serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a hearing request/petition to intervene is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically may seek assistance through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html> or by calling the NRC technical help line, which is available between 8:30 a.m. and 4:15 p.m., Eastern Time, Monday through Friday. The help line number is (800) 397-4209 or locally, (301) 415-4737.

Participants who believe that they have a good cause for not submitting documents electronically must file a motion, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service.

Non-timely requests and/or petitions and contentions will not be entertained absent a determination by the Commission, the presiding officer, or the Atomic Safety and Licensing Board that the petition and/or request should be granted and/or the contentions should be admitted, based on a balancing of the factors specified in 10 CFR 2.309(c)(1)(i)-(viii). To be timely, filings must be submitted no later than 11:59 p.m. Eastern Time on the due date.

Documents submitted in adjudicatory proceedings will appear in NRC's electronic hearing docket which is available to the public at http://ehd.nrc.gov/EHD_Proceeding/home.asp, unless excluded pursuant to an order of the Commission, an Atomic Safety and Licensing Board, or a Presiding Officer. Participants are requested not to include

personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

For further details with respect to this amendment action, see the application for amendment which is available for public inspection at the Commission's PDR, located at One White Flint North, Public File Area 01F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible from the ADAMS Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the PDR Reference staff at 1 (800) 397-4209, (301) 415-4737 or by e-mail to pdr@nrc.gov.

Entergy Nuclear Operations, Inc., Docket No. 50-333, James A. FitzPatrick Nuclear Power Plant (JAFNPP), Oswego County, New York

Date of amendment request: April 22, 2008.

Description of amendment request: The proposed amendment would modify Technical Specification (TS) 1.0, "Definitions", Limiting Conditions for Operation and Surveillance Requirement Applicability Section 3.4.9, "RCS [Reactor Coolant System] Pressure and Temperature (P/T) Limits", and Section 5.0, "Administrative Controls" to delete reference to the pressure and temperature curves, and include reference to the Pressure and Temperature Limits Report (PTLR). This proposed change would adopt the methodology of SIR-05-044-A, "Pressure-Temperature Limits Report Methodology for Boiling Water Reactors," for preparation of the pressure and temperature curves, and incorporate the guidance of TSTF-419-A, "Revise PTLR Definition and References in ISTS [Improved Standard Technical Specifications] 5.6.6, RCS PTLR."

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below:

1. Does the proposed change involve a significant increase in the probability or

consequences of an accident previously evaluated?

Response: No.

The proposed change modifies Technical Specifications (TS) Section 1.0 ("Definitions"), Limiting Conditions for Operation and Surveillance Requirement Applicability Section 3.4.9 ("RCS Pressure and Temperature (P/T) Limits"), and 5.0 ("Administrative Controls"), to delete reference to the pressure and temperature curves and include reference to the Pressure and Temperature Limits Report (PTLR). This change adopts the methodology of SIR-05-044-A, "Pressure-Temperature Limits Report Methodology for Boiling Water Reactors", dated April 2007 for preparation of the pressure and temperature curves, and incorporates the guidance of TSTF-419-A ("Revised PTLR Definition and References in ISTS 5.6.6, RCS PTLR"). In an NRC Safety Evaluation Report dated February 6, 2007, "the NRC staff has found that SIR-05-044 is acceptable for referencing in licensing applications for General Electric-designed boiling water reactors to the extent specified and under the limitations delineated in the TR [Topical Report] and in the enclosed final SE [Safety Evaluation]". As part of this change, the JAF Pressure and Temperature Limits Report (PTLR) based on the methodology and template provided in SIR-05-044-A is being supplied for review. The pressure and temperature curves utilize the methodology of SIR-05-044-A.

The NRC has established requirements in Appendix G to 10 CFR [Part] 50 in order to protect the integrity of the reactor coolant pressure boundary (RCPB) in nuclear power plants. Additionally, the regulation in 10 CFR Part 50, Appendix H, provides the NRC staff's criteria for the design and implementation of RPV material surveillance programs for operating lightwater reactors. Implementing this NRC approved methodology does not reduce the ability to protect the reactor coolant pressure boundary as specified in Appendix G, nor will this change increase the probability of malfunction of plant equipment, or the failure of plant structures, systems, or components. Incorporation of the new methodology for calculating P-T curves, and the relocation of the P-T curves from the TS to the PTLR provides an equivalent level of assurance that the RCPB is capable of performing its intended safety functions. Therefore, the proposed change does not involve a significant increase in the probability or consequences of an accident previously evaluated.

2. Does the proposed change create the possibility of a new or different kind of accident from any accident previously evaluated?

Response: No.

The proposed change does not affect the assumed accident performance of the RCPB, nor any plant structure, system, or component previously evaluated. The proposed change does not involve the installation of new equipment, and installed equipment is not being operated in a new or different manner. The change in methodology ensures that the RCPB remains capable of performing its safety functions. No

set points are being changed which would alter the dynamic response of plant equipment. Accordingly, no new failure modes are introduced which could introduce the possibility of a new or different kind of accident from any previously evaluated.

3. Does the proposed change involve a significant reduction in a margin of safety?

Response: No.

The proposed change does not affect the function of the RCPB or its response during plant transients. There are no changes proposed which alter the set points at which protective actions are initiated, and there is no change to the operability requirements for equipment assumed to operate for accident mitigation. This change adopts the methodology of SIR-05-044-A, "Pressure-Temperature Limits Report Methodology for Boiling Water Reactors", dated April 2007 for preparation of the pressure and temperature curves. Therefore, the proposed change does not involve a significant reduction in a margin of safety.

This change adopts the methodology of SIR-05-044-A, "Pressure-Temperature Limits Report Methodology for Boiling Water Reactors", dated April 2007 for preparation of the pressure and temperature curves, and incorporates the guidance of TSTF-419-A ("Revise PTLR Definition and References in ISTS 5.6.6, RCS PTLR"). In an NRC Safety Evaluation Report dated February 6, 2007, the NRC staff has found that SIR-05-044 is acceptable for referencing in licensing applications for General Electric-designed boiling water reactors."

The NRC staff has reviewed the licensee's analysis and, based on this review, it appears that the three standards of 10 CFR 50.92(c) are satisfied. Therefore, the NRC staff proposes to determine that the amendment request involves no significant hazards consideration.

Entergy Nuclear Operations, Inc., Docket Nos. 50-247 and 50-286, Indian Point Nuclear Generating Unit Nos. 2 and 3, Westchester County, New York

Date of amendment request: March 13, 2008.

Description of amendment request: The proposed amendment would revise the Updated Final Safety Analysis Reports (UFSARs) for Indian Point Nuclear Generating Unit Nos. 2 and 3 to reflect a revised Emergency Core Cooling System (ECCS) and Component Cooling Water System (CCWS) single passive failure analysis and the recirculation phase backup capability.

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the

issue of no significant hazards consideration, which is presented below:

1. Does the proposed change involve a significant increase in the probability or consequences of an accident previously evaluated?

Response: No.

The probabilities of accidents previously evaluated are based on the probability of initiating events for these accidents.

The proposed changes to the ECCS and CCWS (Unit 2 only) passive failure and recirculation phase backup capability licensing basis do not have any impact on the integrity of any plant system, structure or component that initiates an analyzed event. The ECCS system and the CCWS are accident mitigating systems under these conditions and therefore cannot cause accidents. Thus the probability of any accident previously evaluated is not significantly increased.

The consequences of accidents previously evaluated are determined by the results of analyses that are based on plant initial conditions, the type of accident, plant response, and the operation and potential failure of equipment and systems. Because a passive failure within 24 hours of the initiating event is not a credible failure, the ECCS and the CCWS (Unit 2 only) will continue to operate as required for accident mitigation. Therefore, the consequences of the accident are not significantly impacted by this proposed change.

2. Does the proposed change create the possibility of a new or different kind of accident from any accident previously evaluated?

Response: No.

New or different kinds of accidents can only be created by new or different accident initiators or sequences. The proposed changes do not create any new or different accident initiators because these changes do not cause failures of equipment or accident sequences different from those previously evaluated. The ECCS and CCWS (Unit 2 only) systems affected by the changes are used to mitigate the consequences of an accident that has already occurred. The proposed UFSAR changes do not significantly affect the mitigative function of these systems. No new failure mechanisms will be introduced by the proposed changes. The changes do not result in any event previously deemed incredible being made credible. Therefore, plant operation in accordance with the proposed changes will not create the possibility of a new or different [kind] of accident from any accident previously evaluated.

3. Does the proposed change involve a significant reduction in a margin of safety?

Response: No.

The proposed amendment does not involve a significant reduction in a margin of safety. The proposed changes do not adversely affect plant safety limits, set points, or design parameters.

The proposed changes assure that the ECCS, and Containment Spray recirculation functions can be adequately accomplished. The proposed changes do not have any impact on the integrity of any plant system, structure or component that initiates an

analyzed event. The proposed changes do revise the ECCS and CCWS (Unit 2 only) licensing basis. The revised licensing bases were appropriately evaluated to ensure that there was no significant reduction in the margin of safety. The ECCS and CCWS will continue to provide accident mitigation capability.

Therefore, the proposed change will not create a significant reduction in a margin of safety.

The NRC staff has reviewed the licensee's analysis and, based on this review, it appears that the three standards of 10 CFR 50.92(c) are satisfied. Therefore, the NRC staff proposes to determine that the amendment request involves no significant hazards consideration.

Exelon Generation Company, LLC, Docket Nos. STN 50-456 and STN 50-457, Braidwood Station, Units 1 and 2, Will County, Illinois

Docket Nos. STN 50-454 and STN 50-455, Byron Station, Unit Nos. 1 and 2, Ogle County, Illinois

Date of amendment request: April 9, 2008.

Description of amendment request:

The proposed amendments would revise Technical Specifications (TSs) 5.5.6, "Pre-Stressed Concrete Containment Tendon Surveillance Program," and 5.6.8, "Tendon Surveillance Report," for consistency with the requirements of Title 10 *Code of Federal Regulations* (10 CFR) section 50.55a, "Codes and standards," paragraph (g)(4) for components classified as American Society of Mechanical Engineers Boiler and Pressure Vessel Code (ASME Code) Class CC. Specifically, the proposed changes would replace or delete the reference to the specific ASME Code year for the tendon surveillance program with a requirement to use the applicable ASME Code and addenda as required by 10 CFR 50.55a(g)(4).

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below:

1. Does the proposed change involve a significant increase in the probability or consequences of an accident previously evaluated?

Response: No.

The proposed change revises the TS administrative controls program for

consistency with the requirements of 10 CFR 50.55a(g)(4) for components classified as Code Class CC.

The revised requirements do not affect the function of the containment post-tensioning system components. The post-tensioning systems are passive components whose failure modes could not act as accident initiators or precursors. The proposed change does not impact the physical configuration or function of plant structures, systems, or components (SSCs) or the manner in which SSCs are operated, maintained, modified, tested, or inspected. The proposed change does not impact the initiators or assumptions of analyzed events, nor does it impact the mitigation of accidents or transient events.

The proposed change does not impact any accident initiators or analyzed events or assumed mitigation of accident or transient events. It does not involve the addition or removal of any equipment, or any design changes to the facility.

Therefore, the proposed change does not involve a significant increase in the probability or consequences of an accident previously evaluated.

2. Does the proposed change create the possibility of a new or different kind of accident from any accident previously evaluated?

Response: No.

The proposed change revises the TS administrative controls program for consistency with the requirements of 10 CFR 50.55a(g)(4) for components classified as Code Class CC.

The function of the containment post-tensioning system components is not altered by this change. The proposed change does not involve a modification to the physical configuration of the plant (i.e., no new equipment will be installed) or change in the methods governing normal plant operation. The proposed change will not impose any new or different requirements or introduce a new accident initiator, accident precursor, or malfunction mechanism. Additionally, there is no change in the types or increases in the amounts of any effluent that may be released off-site and there is no increase in individual or cumulative occupational exposure.

Therefore, the proposed change does not create the possibility of a new or different kind of accident from any accident previously evaluated.

3. Does the proposed change involve a significant reduction in a margin of safety?

Response: No.

The proposed change revises the TS administrative controls program requirements for consistency with the requirements of 10 CFR 50.55a(g)(4) for components classified as Code Class CC.

The function of the containment post-tensioning system components are not altered by this change. The change is conforming and administrative in nature in that it will allow the TS to be updated to refer to the most recently approved edition of the ASME Boiler and Pressure Vessel Code Subsection IWL. The safety function of the containment as a fission product barrier will be maintained.

Therefore, the proposed change does not involve a significant reduction in a margin of safety.

The NRC staff has reviewed the licensee's analysis and, based on this review, it appears that the three standards of 10 CFR 50.92(c) are satisfied. Therefore, the NRC staff proposes to determine that the amendment request involves no significant hazards consideration.

Exelon Generation Company, LLC, Docket Nos. 50-352 and 50-353, Limerick Generating Station, Units 1 and 2, Montgomery County, Pennsylvania

Date of amendment request: November 13, 2007.

Description of amendment request: The proposed changes delete footnotes from technical specification (TS) Surveillance Requirement (SR) 4.4.1.2, regarding the reactor coolant system jet pumps, which require using data recorded from the original startup test program as a baseline for evaluating jet pump performance in accordance with the TS SR. Due to physical changes in plant configuration, the original baseline data may not reflect the most current performance characteristics of the jet pumps, and hence, its use could impact the accuracy of the TS SR results. This change provides the flexibility to re-establish baseline characteristics when warranted.

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below, with NRC staff edits in brackets:

1. Do the proposed changes involve a significant increase in the probability or consequences of an accident previously evaluated?

Response: No.

The proposed changes provide the ability to re-establish recirculation pump flow, core flow, or diffuser-to-lower plenum differential pressure characteristics, provided as the basis for performing the Technical Specification (TS) jet pump surveillances, based on physical changes to the plant that could affect the accuracy of the TS SR required comparison. The proposed changes do not impact the physical configuration or function of plant structures, systems, or components (SSCs) or the manner in which SSCs are operated, maintained, modified, or inspected [with the exception of a periodic re-baseline of the jet pump test acceptance criteria]. The proposed changes do not impact the initiators or assumptions of analyzed events, nor do they impact mitigation of accidents or transient events. [The proposed changes will continue to ensure that potential jet pump

degradation is detected prior to failure and, as a result, ensure that the current margin of safety is maintained during postulated accidents].

Therefore, the proposed changes do not involve a significant increase in the probability or consequences of an accident previously evaluated.

2. Do the proposed changes create the possibility of a new or different kind of accident from any accident previously evaluated?

Response: No.

The proposed changes provide the ability to re-establish recirculation pump flow, core flow, or diffuser-to-lower plenum differential pressure patterns or characteristics, provided as the basis for performing the TS jet pump surveillances, based on physical changes to the plant that could affect the accuracy of the TS SR required comparison. The proposed changes do not alter plant configuration, require that new plant equipment be installed, alter assumptions made about accidents previously evaluated, or impact the function of plant SSCs or the manner in which SSCs are operated, maintained, modified, or inspected [with the exception of a periodic re-baseline of the jet pump test acceptance criteria].

Therefore, the proposed changes do not create the possibility of a new or different kind of accident from any accident previously evaluated.

3. Do the proposed changes involve a significant reduction in a margin of safety?

Response: No.

The proposed changes provide the ability to re-establish recirculation pump flow, core flow, or diffuser-to-lower plenum differential pressure patterns or characteristics, provided as the basis for performing the TS jet pump surveillances, based on physical changes to the plant that could affect the accuracy of the TS SR required comparison. The proposed changes do not involve any physical changes to plant SSCs or the manner in which SSCs are operated, maintained, modified, or inspected [with the exception of a periodic re-baseline of the jet pump test acceptance criteria]. The proposed changes do not involve a change to any safety limits, limiting safety system settings, limiting conditions of operation, or design parameters for any SSC. The proposed changes do not impact any safety analysis assumptions and do not involve a change in initial conditions, system response times, or other parameters affecting an accident analysis. [The proposed changes will continue to ensure that potential jet pump degradation is detected prior to failure and, as a result, ensure that the current margin of safety is maintained during postulated accidents.]

Therefore, the proposed changes do not involve a significant reduction in a margin of safety.

The NRC staff has reviewed the licensee's analysis and, based on this review, with the changes noted above, it appears that the three standards of 10 CFR 50.92(c) are satisfied. Therefore, the NRC staff proposes to determine that the amendment request involves no significant hazards consideration.

Southern Nuclear Operating Company, Inc., Docket Nos. 50-348 and 50-364, Joseph M. Farley Nuclear Plant, Units 1 and 2, Houston County, Alabama

Southern Nuclear Operating Company, Inc., Georgia Power Company, Oglethorpe Power Corporation, Municipal Electric Authority of Georgia, City of Dalton, Georgia, Docket Nos. 50-321 and 50-366; Edwin I. Hatch Nuclear Plant, Units 1 and 2, Appling County, Georgia

Southern Nuclear Operating Company, Inc., Docket Nos. 50-424 and 50-425; Vogtle Electric Generating Plant, Units 1 and 2, Burke County, Georgia

Date of amendment request: June 12, 2008.

Description of amendment request: The proposed amendments would revise the current Technical Specifications (TS) 5.2.2.f for the Farley, Hatch and Vogtle plants to require either the Operations Manager or at least one Operations Superintendent to hold a Senior Reactor Operator (SRO) license and to provide conforming changes to TS 5.3. An application that addressed only the TS 5.2.2.f issue was submitted on July 17, 2007, and notice of that application was provided in the **Federal Register** on September 25, 2007, for Farley (72 FR 5480), Hatch (72 FR 54481), and Vogtle (72 FR 54482). Due to changes in the June 12, 2008 application from those proposed in the July 17, 2007 application, the changed application is being renoticed in its entirety. This notice supersedes the previous notice published in the **Federal Register** on September 25, 2007.

Basis for proposed no significant hazards consideration determination: As required by 10 CFR 50.91(a), the licensee has provided its analysis of the issue of no significant hazards consideration, which is presented below:

1. Does the proposed amendment involve a significant increase in the probability or consequences of an accident previously evaluated?

Response: No.

The proposed change to TS 5.2 revises the requirement concerning the Operations management position that must hold an SRO license. At least one Operations Superintendent or the Operations Manager will continue to maintain an SRO license. The proposed change to TS 5.3.1 is a clarification regarding the qualifications of

the Operations Manager. This clarification states that TS 5.2.2.f specifies the requirements for the Operations Manager regarding the holding of an SRO license. The training, qualification and experience requirements for Operations management personnel will continue to satisfy the Unit Staff Qualifications as described in the applicable TS 5.3.1.

This change does not impact any accident initiators or analyzed events. It does not impact any assumed mitigation capability for any accident or transient event. The change does not involve the addition or removal of any equipment or any design changes to the facility. As the proposed change is administrative in nature, operation of the facility in accordance with the proposed amendment does not involve a significant increase in the probability or consequences of an accident previously evaluated.

2. Does the proposed amendment create the possibility of a new or different kind of accident from any accident previously evaluated?

Response: No.

The proposed change to TS 5.2 revises the requirement concerning the Operations management position that must hold an SRO license. At least one Operations Superintendent or the Operations Manager will continue to maintain an SRO license. The proposed change to TS 5.3.1 is a clarification regarding the qualifications of the Operations Manager. This clarification states that TS 5.2.2.f specifies the requirements for the Operations Manager regarding the holding of an SRO license. The training, qualification and experience requirements for Operations management personnel will continue to satisfy the Unit Staff Qualifications as described in the applicable TS 5.3.1. This change does not involve any physical modifications to plant structures, systems, or components (SSCs), or the manner in which SSCs are operated, maintained, modified, tested, or inspected. In addition, there is no change in the types or increases in the amounts of effluents that may be released offsite, and there is no increase in individual or cumulative occupational radiation exposure. As the proposed change is administrative in nature, operation of the facility in accordance with the proposed amendment does not create the possibility of a new or different kind of accident from any accident previously evaluated.

3. Does the proposed amendment involve a significant reduction in a margin of safety?

Response: No.

The proposed change to TS 5.2 revises the requirement concerning the Operations management position that must hold an SRO license. At least one Operations Superintendent or the Operations Manager will continue to maintain an SRO license. The subject Operations Superintendent will be qualified to fill the Operations Manager position and have the same management authority over licensed operators as the Operations Manager. The proposed change to TS 5.3.1 is a clarification regarding the qualifications of the Operations Manager. This clarification states that TS 5.2.2.f specifies the requirements for the Operations

Manager regarding the holding of an SRO license. The training, qualification and experience requirements for Operations management personnel will continue to satisfy the Unit Staff Qualifications as described in the applicable TS 5.3.1.

This change does not involve any physical modifications to SSCs, or the manner in which SSCs are operated, maintained, modified, tested, or inspected. The change does not alter the manner in which safety limits, limiting safety system settings, or limiting conditions for operation are determined. The setpoints at which protective actions are initiated are not altered by the change. As the proposed change is administrative in nature, operation of the facility in accordance with the proposed amendment does not involve a significant reduction in a margin of safety.

The NRC staff has reviewed the licensee's analysis and, based on this review, it appears that the three standards of 10 CFR 50.92(c) are satisfied.

Therefore, the NRC staff proposes to determine that the amendment request involves no significant hazards consideration.

The following notices were previously published as separate individual notices. The notice content was the same as above. They were published as individual notices either because time did not allow the Commission to wait for this biweekly notice or because the action involved exigent circumstances. They are repeated here because the biweekly notice lists all amendments issued or proposed to be issued involving no significant hazards consideration.

For details, see the individual notice in the **Federal Register** on the day and page cited. This notice does not extend the notice period of the original notice.

Dominion Nuclear Connecticut, Inc., Docket Nos. 50-336 and 50-423, Millstone Power Station, Unit Nos. 2 and 3, New London County, Connecticut

Date of amendment request: July 13, 2007.

Brief description of amendment request: The proposed amendment would modify the Technical Specifications (TSs) and facility operating licenses in response to the application dated July 13, 2007, as supplemented by letters dated December 7, 2007, March 5 and 25, 2008, and April 28, 2008. The proposed amendment would establish more effective and appropriate action, surveillance, and administrative requirements related to ensuring the habitability of the control room envelope in accordance with the Commission-approved TS Task Force (TSTF) Standard Technical Specification change traveler TSTF-448, Revision 3, "Control Room Habitability." Additionally, the proposed amendment would change the "irradiated fuel movement" terminology and adopt "movement of recently irradiated fuel assemblies" terminology consistent with TSTF-448, Revision 3.

Notice of Issuance of Amendments to Facility Operating Licenses

During the period since publication of the last biweekly notice, the Commission has issued the following amendments. The Commission has determined for each of these amendments that the application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment.

Notice of Consideration of Issuance of Amendment to Facility Operating License, Proposed No Significant Hazards Consideration Determination, and Opportunity for a Hearing in connection with these actions was published in the **Federal Register** as indicated.

Unless otherwise indicated, the Commission has determined that these amendments satisfy the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for these amendments. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.22(b) and has made a determination based on that assessment, it is so indicated.

For further details with respect to the action see (1) the applications for amendment, (2) the amendment, and (3) the Commission's related letter, Safety Evaluation and/or Environmental Assessment as indicated. All of these items are available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area 01F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible from the Agencywide Documents Access and Management Systems (ADAMS) Public Electronic Reading Room on the internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams.html>. If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the PDR Reference staff at 1 (800) 397-4209, (301) 415-4737 or by e-mail to pdr@nrc.gov.

Carolina Power & Light Company, et al., Docket No. 50-400, Shearon Harris Nuclear Power Plant, Unit 1, Wake and Chatham Counties, North Carolina

Date of application for amendment: June 15, 2007, as supplemented by letter dated March 6, 2008.

Brief description of amendment: This amendment relocates the Inservice Testing (IST) requirements to the administrative section of the Technical Specifications (TSs), removes the Inservice Inspection (ISI) requirements from the TSs, and establishes a TS Bases Control Program. Specifically, the amendment deletes TS 4.0.5, relocates the IST requirements to section 6 of the TSs as a separate program, and establishes a TS Bases Control Program consistent with NUREG-1431, Revision 3.0, "Standard Technical Specifications—Westinghouse Plants." This amendment supports the third 10-year intervals of the ISI and IST programs at the Shearon Harris Nuclear Plant, Unit 1.

Date of issuance: June 12, 2008.

Effective date: Effective as of the date of issuance and shall be implemented within 60 days.

Amendment No.: 127.

Operating License No. NPF-63: The amendment revises the TSs and Facility Operating License.

Date of initial notice in *Federal Register*: July 31, 2007 (72 FR 41782).

Public comments requested as to proposed no significant hazards consideration: No.

The Commission's related evaluation of the amendment is contained in a safety evaluation dated June 12, 2008.

Attorney for licensee: David T. Conley, Associate General Counsel II—Legal Department, Progress Energy Service Company, LLC, Post Office Box 1551, Raleigh, North Carolina 27602-1551.

NRC Branch Chief: Thomas H. Boyce.

Entergy Nuclear Operations, Inc., Docket No. 50-286, Indian Point Nuclear Generating Unit No. 3, Westchester County, New York

Date of application for amendment: February 28, 2008.

Brief description of amendment: The amendment revises the containment buffering agent used for pH control under post loss-of-coolant accident (LOCA) conditions, from sodium hydroxide to sodium tetraborate.

Date of issuance: June 9, 2008.

Effective date: As of the date of issuance, and shall be implemented within 60 days.

Amendment No.: 236.

Facility Operating License Nos. DPR-64: The amendment revised the License and the Technical Specifications.

Date of initial notice in *Federal*

Register: April 8, 2008 (73 FR 19109).

The Commission's related evaluation of the amendment is contained in a Safety Evaluation dated June 9, 2008.

No significant hazards consideration comments received: No.

Entergy Nuclear Operations, Inc., Docket Nos. 50-247 and 50-286, Indian Point Nuclear Generating Unit Nos. 2 and 3, Westchester County, New York

Date of application for amendment: December 20, 2007.

Brief description of amendment: The amendments revise the Technical Specifications (TSs) associated with the definition of E Bar and Reactor Coolant System (RCS) Specific Activity consistent with Revision 0 to the TS Task force (TSTF) Standard Technical Specification Change Document TSTF-490, "Deletion of E Bar Definition and Revision to RCS Specific Activity Tech Spec."

Date of issuance: June 17, 2008.

Effective date: As of the date of issuance, and shall be implemented within 60 days.

Amendment Nos.: 254 and 237.

Facility Operating License Nos. DPR-26 and DPR-64: The amendment revised the License and the Technical Specifications.

Date of initial notice in *Federal Register*: March 25, 2008 (73 FR 15786).

The Commission's related evaluation of the amendment is contained in a Safety Evaluation dated June 17, 2008.

No significant hazards consideration comments received: No.

Virginia Electric and Power Company, et al., Docket Nos. 50-280 and 50-281, Surry Power Station, Unit Nos. 1 and 2, Surry County, Virginia

Date of application for amendments: June 25, 2007, as supplemented on November 14, 2007, January 10, and April 11, 2008.

Brief description of amendments: These amendments increased the maximum Technical Specification (TS) service water (SW) temperature limit from 95 °F to 100 °F, and revised the TS Figure 3.8-1, which provides the allowable containment air partial pressure versus SW temperature.

Date of issuance: June 17, 2008.

Effective date: As of the date of issuance and shall be implemented within 30 days.

Amendment Nos.: 259 and 259.

Renewed Facility Operating License Nos. DPR-32 and DPR-37: Amendments

changed the licenses and the technical specifications.

Date of initial notice in Federal Register: July 17, 2007 (72 FR 39084).

The supplements dated November 14, 2007, January 10 and April 11, 2008, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the staff's original proposed no significant hazards consideration determination.

The Commission's related evaluation of the amendments is contained in a Safety Evaluation dated June 17, 2008.

No significant hazards consideration comments received: No.

Dated at Rockville, Maryland, this 18th day of June, 2008.

For the Nuclear Regulatory Commission.

Timothy J. McGinty,

Acting Director, Division of Operating Reactor Licensing, Office of Nuclear Reactor Regulation.

NUCLEAR REGULATORY COMMISSION

Governors' Designees Receiving Advance Notification of Transportation of Nuclear Waste

On January 6, 1982 (47 FR 596 and 47 FR 600), the U.S. Nuclear Regulatory Commission (NRC) published in the **Federal Register** final amendments to 10 CFR Parts 71 and 73 (effective July 6, 1982), that require advance notification to Governors or their designees by NRC licensees prior to transportation of certain shipments of nuclear waste and spent fuel. The advance notification covered in Part 73 is for spent nuclear reactor fuel shipments and the notification for Part 71 is for large quantity shipments of radioactive waste (and of spent nuclear reactor fuel not covered under the final amendment to 10 CFR Part 73).

The following list updates the names, addresses, and telephone numbers of those individuals in each State who are

responsible for receiving information on nuclear waste shipments. The list will be published annually in the **Federal Register** on or about June 30, to reflect any changes in information. Current State contact information can also be accessed throughout the year at <http://nrc-stp.ornl.gov/special/designee.pdf>.

Questions regarding this matter should be directed to Stephen N. Salomon, Office of Federal and State Materials and Environmental Management Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555, by e-mail at Stephen.Salomon@nrc.gov or by telephone at 301-415-2368.

Dated at Rockville, Maryland this 25th day of June 2008.

For the U.S. Nuclear Regulatory Commission.

Dennis K. Rathbun,

Director, Division of Intergovernmental Liaison and Rulemaking, Office of Federal and State Materials and Environmental Management Programs.

NUCLEAR REGULATORY COMMISSION

[Docket No. 52-024]

Entergy Operations, Inc. et al.; Notice of Hearing and Opportunity To Petition for Leave To Intervene and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information for Contention Preparation on a Combined License for the Grand Gulf Unit 3

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10 of the *Code of Federal Regulations* (10 CFR) Part 2, “Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders,” 10 CFR Part 50, “Domestic Licensing of Production and Utilization Facilities,” and 10 CFR Part 52, “Licenses, Certifications, and Approvals for Nuclear Power Plants,” notice is hereby given that a hearing will be held, at a time and place to be set in the future by the U.S. Nuclear Regulatory Commission (NRC, the Commission) or designated by the Atomic Safety and Licensing Board (Board). The hearing will consider the application dated February 27, 2008, filed by Entergy Operations, Inc., on behalf of itself and Entergy Mississippi, Inc., Entergy Louisiana, LLC, Entergy Gulf States Louisiana, LLC, and System Energy Resources, Inc. (SERI), pursuant to Subpart C of 10 CFR Part 52, for a combined license (COL). The application, which was supplemented by letters dated April 9, 2008, and April 11, 2008, requests approval of a COL for Grand Gulf Unit 3, located in Claiborne County, Mississippi. The application was accepted for docketing on April 17, 2008. The docket number established for this is 52-024. The Grand Gulf Unit 3 COL application references the Early Site Permit (ESP-002) granted to SERI for the Grand Gulf ESP site, which was issued on April 5, 2007, and the application for certification of the economic simplified boiling water reactor (ESBWR) design, which was initially submitted on August 24, 2005.

The hearing will be conducted by a Board that will be designated by the Chairman of the Atomic Safety and Licensing Board Panel or will be conducted by the Commission. Notice as to the membership of the Board will be published in the **Federal Register** at a later date. The NRC staff will complete a detailed technical review of the application and will document its findings in a safety evaluation report. The Commission will refer a copy of the application to the Advisory Committee on Reactor Safeguards (ACRS) in accordance with 10 CFR 52.87, “Referral to the ACRS,” and the ACRS will report on those portions of the application that concern safety.

Any person whose interest may be affected by this proceeding and desires to participate as a party to this proceeding must file a written petition for leave to intervene in accordance with 10 CFR 2.309. Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing.

A petition for leave to intervene must be filed no later than 60 days from the date of publication of this notice in the **Federal Register**. Non-timely filings will not be entertained absent a determination by the Commission or presiding officer designated to rule on the petition, pursuant to the requirements of 10 CFR 2.309(c)(1)(i)–(viii).

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing. A petition for leave to intervene must be filed in accordance with the NRC E-Filing rule, which was promulgated by the NRC on August 28, 2007 (72 FR 49139).

The E-Filing process requires participants to submit and serve documents over the Internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the

petitioner must contact the Office of the Secretary by e-mail at HearingDocket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each participant will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>. Information about applying for a digital ID certificate is available on NRC's public Web site at <http://www.nrc.gov/site-help/e-submittals/apply-certificates.html>.

Once a participant has obtained a digital ID certificate, had a docket created, and downloaded the EIE viewer, it can then submit a petition for leave to intervene. Submissions should be in Portable Document Format (PDF) in accordance with NRC guidance available on the NRC public Web site at <http://www.nrc.gov/site-help/e-submittals.html>. A filing is considered complete at the time the filer submits its documents through EIE. To be timely, an electronic filing must be submitted to the EIE system no later than 11:59 p.m. Eastern Standard Time on the due date. Upon receipt of a transmission, the E-Filing system time-stamps the document and sends the submitter an e-mail notice confirming receipt of the document. The EIE system also distributes an e-mail notice that provides access to the document to the NRC Office of the General Counsel and any others who have advised the Office of the Secretary that they wish to participate in the proceeding, so that the filer need not serve the documents on those participants separately. Therefore, applicants and other participants (or their counsel or representative) must apply for and receive a digital ID certificate before a petition to intervene

is filed so that they can obtain access to the document via the E-Filing system.

A person filing electronically may seek assistance through the "Contact Us" link located on the NRC Web site at <http://www.nrc.gov/site-help/e-submittals.html> or by calling the NRC technical help line, which is available between 8:30 a.m. and 4:15 p.m., Eastern Standard Time, Monday through Friday. The help line number is (800) 397-4209 or locally, (301) 415-4737.

Participants who believe that they have a good cause for not submitting documents electronically must file a motion, in accordance with 10 CFR 2.302(g), with their initial paper filing requesting authorization to continue to submit documents in paper format. Such filings must be submitted by: (1) First class mail addressed to the Office of the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff; or (2) courier, express mail, or expedited delivery service to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, Maryland, 20852, Attention: Rulemaking and Adjudications Staff. Participants filing a document in this manner are responsible for serving the document on all other participants. Filing is considered complete by first-class mail as of the time of deposit in the mail, or by courier, express mail, or expedited delivery service upon depositing the document with the provider of the service.

Non-timely requests and/or petitions and contentions will not be entertained absent a determination by the Commission, the presiding officer, or the Atomic Safety and Licensing Board that the petition and/or request should be granted and/or the contentions should be admitted based on a balancing of the factors specified in 10 CFR 2.309(c)(1)(i)-(viii). To be timely, filings must be submitted no later than 11:59 p.m. Eastern Standard Time on the due date.

Documents submitted in adjudicatory proceedings will appear in the NRC's electronic hearing docket which is available to the public at <http://ehd.nrc.gov/EHDProceeding/home.asp>, unless excluded pursuant to an order of the Commission, an Atomic Safety and Licensing Board, or a Presiding Officer. Participants are requested not to include personal privacy information, such as social security numbers, home addresses, or home phone numbers in their filings. With respect to copyrighted works, except for limited excerpts that serve the purpose of the adjudicatory

filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

Any person who files a motion pursuant to 10 CFR 2.323 must consult with counsel for the applicant and counsel for the NRC staff who are listed below. Counsel for the applicant are Terence A. Burke, (601) 368-5680, tburke@entergy.com, and Steven P. Frantz, (202) 739-5460, sfrantz@morganlewis.com. Counsel for the NRC staff in this proceeding are Sara E. Brock, (301) 415-8393, Sara.Brock@nrc.gov, and Renee V. Holmes, (301) 415-3319, Renee.Holmes@nrc.gov.

A person who is not a party may be permitted to make a limited appearance by making an oral or written statement of his or her position on the issues at any session of the hearing or any pre-hearing conference within the limits and conditions fixed by the presiding officer, but may not otherwise participate in the proceeding.

Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland, and will be accessible electronically through the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room link at the NRC Web site <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing documents located in ADAMS should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, 301-415-4737, or by e-mail to pdr.resource@nrc.gov. The application is available at <http://www.nrc.gov/reactors/new-licensing/col/grand-gulf.html>. The ADAMS accession number for the application cover letter is ML080640433. The ADAMS accession numbers for the supplemental letters are ML081020230 and ML081070304. To search for documents in ADAMS using the Grand Gulf 3 COL application docket number, 52-024, enter the term "05200024" in the "Docket Number" field when using either the Web-based search (advanced search) engine or the ADAMS find tool in Citrix. The Grand Gulf ESP can be found in ADAMS using the accession number ML070780457 or by going to <http://www.nrc.gov/reactors/new-licensing/col/grand-gulf.html>. To search for documents on the Grand Gulf ESP docket, enter "05200009" in the "Docket Number" field in the web-based search (advanced search) engine

or the ADAMS find tool. The ESBWR design certification can be found by going to <http://www.nrc.gov/reactors/new-licensing/design-cert/esbwr.html> or by accessing our ADAMS Advanced Web Search and entering "05200010" in the "Docket Number" field to search for documents linked to the ESBWR design certification application.

Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information for Contention Preparation

1. This order contains instructions regarding how potential parties to this proceeding may request access to documents containing sensitive unclassified information (including Sensitive Unclassified Non-Safeguards Information (SUNSI) and Safeguards Information (SGI)).

2. Within 10 days after publication of this notice of hearing and opportunity to petition for leave to intervene, any potential party as defined in 10 CFR 2.4 who believes access to SUNSI or SGI is necessary for a response to the notice may request access to SUNSI or SGI. A "potential party" is any person who intends or may intend to participate as a party by demonstrating standing and the filing of an admissible contention under 10 CFR 2.309. Requests submitted later than 10 days will not be considered absent a showing of good cause for the late filing, addressing why the request could not have been filed earlier.

3. The requester shall submit a letter requesting permission to access SUNSI and/or SGI to the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, and provide a copy to the Associate General Counsel for Hearings, Enforcement and Administration, Office of the General Counsel, Washington, DC 20555-0001. The expedited delivery or courier mail address for both offices is U.S. Nuclear Regulatory Commission, 11555 Rockville Pike, Rockville, Maryland 20852. The e-mail address for the Office of the Secretary and the Office of the General Counsel are HearingDocket@nrc.gov and OGCmail@nrc.gov, respectively.¹ The request must include the following information:

a. A description of the licensing action with a citation to this **Federal Register** notice of hearing and

¹ While a request for hearing or petition to intervene in this proceeding must comply with the filing requirements of the NRC's "E-Filing Rule," the initial request to access SUNSI and/or SGI under these procedures should be submitted as described in this paragraph.

opportunity to petition for leave to intervene;

b. The name and address of the potential party and a description of the potential party's particularized interest that could be harmed by the action identified in (a);

c. If the request is for SUNSI, the identity of the individual requesting access to SUNSI and the requester's need for the information in order to meaningfully participate in this adjudicatory proceeding, particularly why publicly available versions of the application would not be sufficient to provide the basis and specificity for a proffered contention;

d. If the request is for SGI, the identity of the individual requesting access to SGI and the identity of any expert, consultant or assistant who will aid the requester in evaluating the SGI, and information that shows ¹:

(i) Why the information is indispensable to meaningful participation in this licensing proceeding; and,

(ii) The technical competence (demonstrable knowledge, skill, experience, training or education) of the requester to understand and use (or evaluate) the requested information to provide the basis and specificity for a proffered contention. The technical competence of a potential party or its counsel may be shown by reliance on a qualified expert, consultant or assistant who demonstrates technical competence as well as trustworthiness and reliability, and who agrees to sign a non-disclosure affidavit and be bound by the terms of a protective order; and,

e. If the request is for SGI, Form SF-85, "Questionnaire for Non-Sensitive Positions," Form FD-248 (fingerprint card), and a credit check release form completed by the individual who seeks access to SGI and each individual who will aid the requester in evaluating the SGI. For security reasons, Form SF-85 can only be submitted electronically, through a restricted-access database. To obtain online access to the form, the requester should contact the NRC's Office of Administration at 301-415-0320.² The other completed forms must be signed in original ink, accompanied by a check or money order payable in

the amount of \$191.00 to the U.S. Nuclear Regulatory Commission for each individual and mailed to the U.S. Nuclear Regulatory Commission, Office of Administration, Security Processing Unit, Mail Stop T-6E46, Washington, DC 20555-0012.

These forms will be used to initiate the background check, which includes fingerprinting as part of a criminal history records check. Note: Copies of these forms do not need to be included with the request letter to the Office of the Secretary, but the request letter should state that the forms and fees have been submitted as described above.

4. To avoid delays in processing requests for access to SGI, all forms should be reviewed for completeness and accuracy (including legibility) before submitting them to the NRC. Incomplete packages will be returned to the sender and will not be processed.

5. Based on an evaluation of the information submitted under items 2 and 3.a through 3.d, above, the NRC staff will determine within 10 days of receipt of the written access request whether (1) there is a reasonable basis to believe the petitioner is likely to establish standing to participate in this NRC proceeding, and (2) there is a legitimate need for access to SUNSI or need to know the SGI requested. For SGI, the need to know determination is made based on whether the information requested is necessary (*i.e.*, indispensable) for the proposed recipient to proffer and litigate a specific contention in this NRC proceeding³ and whether the proposed recipient has the technical competence (demonstrable knowledge, skill, training, education, or experience) to evaluate and use the specific SGI requested in this proceeding.

6. If standing and need to know SGI are shown, the NRC staff will further determine based upon completion of the background check whether the proposed recipient is trustworthy and reliable. The NRC staff will conduct (as necessary) an inspection to confirm that the recipient's information protection systems are sufficient to protect SGI from inadvertent release or disclosure. Recipients may opt to view SGI at the NRC's facility rather than establish their own SGI protection program to meet SGI protection requirements.

³ Broad SGI requests under these procedures are thus highly unlikely to meet the standard for need to know; furthermore, staff redaction of information from requested documents before their release may be appropriate to comport with this requirement. These procedures do not authorize unrestricted disclosure or less scrutiny of a requester's need to know than ordinarily would be applied in connection with an already-admitted contention.

7. A request for access to SUNSI or SGI will be granted if:

a. The request has demonstrated that there is a reasonable basis to believe that a potential party is likely to establish standing to intervene or to otherwise participate as a party in this proceeding;

b. The proposed recipient of the information has demonstrated a need for SUNSI or a need to know for SGI, and that the proposed recipient of SGI is trustworthy and reliable;

c. The proposed recipient of the information has executed a Non-Disclosure Agreement or Affidavit and agrees to be bound by the terms of a Protective Order setting forth terms and conditions to prevent the unauthorized or inadvertent disclosure of SUNSI and/or SGI; and,

d. The presiding officer has issued a protective order concerning the information or documents requested.⁴ Any protective order issued shall provide that the petitioner must file SUNSI or SGI contentions 25 days after receipt of (or access to) that information. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or opportunity for hearing), the petitioner may file its SUNSI or SGI contentions by that later deadline.

8. If the request for access to SUNSI or SGI is granted, the terms and conditions for access to sensitive unclassified information will be set forth in a draft protective order and affidavit of non-disclosure appended to a joint motion by the NRC staff, any other affected parties to this proceeding,⁵ and the petitioner(s). If the diligent efforts by the relevant parties or petitioner(s) fail to result in an agreement on the terms and conditions for a draft protective order or non-disclosure affidavit, the relevant parties to the proceeding or the petitioner(s) should notify the presiding officer within 5 days, describing the obstacles to the agreement.

9. If the request for access to SUNSI is denied by the NRC staff or a request for access to SGI is denied by NRC staff either after a determination on standing and need to know or, later, after a

⁴ If a presiding officer has not yet been designated, the Chief Administrative Judge will issue such orders, or will appoint a presiding officer to do so.

⁵ Parties/persons other than the requester and the NRC staff will be notified by the NRC staff of a favorable access determination (and may participate in the development of such a motion and protective order) if it concerns SUNSI and if the party/person's interest independent of the proceeding would be harmed by the release of the information (*e.g.*, as with proprietary information).

¹ While a request for hearing or petition to intervene in this proceeding must comply with the filing requirements of the NRC's "E-Filing Rule," the initial request to access SUNSI and/or SGI under these procedures should be submitted as described in this paragraph.

² The requester will be asked to provide his or her full name, social security number, date and place of birth, telephone number, and email address. After providing this information, the requester usually should be able to obtain access to the online form within one business day.

determination on trustworthiness and reliability, the NRC staff shall briefly state the reasons for the denial. Before the Office of Administration makes an adverse determination regarding access, the proposed recipient must be provided an opportunity to correct or explain information. The requester may challenge the NRC staff's adverse determination with respect to access to SUNSI or with respect to standing or need to know for SGI by filing a challenge within 5 days of receipt of that determination with (a) the presiding officer designated in this proceeding; (b) if no presiding officer has been appointed, the Chief Administrative Judge, or if he or she is unavailable, another administrative judge, or an administrative law judge with jurisdiction pursuant to 10 CFR 2.318(a); or (c) if another officer has been designated to rule on information access issues, with that officer. In the same manner, an SGI requester may

challenge an adverse determination on trustworthiness and reliability by filing a challenge within 15 days of receipt of that determination.

In the same manner, a party other than the requester may challenge an NRC staff determination granting access to SUNSI whose release would harm that party's interest independent of the proceeding. Such a challenge must be filed within 5 days of the notification by the NRC staff of its grant of such a request.

If challenges to the NRC staff determinations are filed, these procedures give way to the normal process for litigating disputes concerning access to information. The availability of interlocutory review by the Commission of orders ruling on such NRC staff determinations (whether granting or denying access) is governed by 10 CFR 2.311.⁶

10. The Commission expects that the NRC staff and presiding officers (and

any other reviewing officers) will consider and resolve requests for access to SUNSI and/or SGI, and motions for protective orders, in a timely fashion in order to minimize any unnecessary delays in identifying those petitioners who have standing and who have propounded contentions meeting the specificity and basis requirements in 10 CFR Part 2. Attachment 1 to this Order summarizes the general target schedule for processing and resolving requests under these procedures.

Dated at Rockville, Maryland this 25th day of June 2008.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.

Attachment—General Target Schedule for Processing and Resolving Requests for Access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information in this Proceeding

Day	Event/activity
0	Publication of FEDERAL REGISTER notice of hearing and opportunity to petition for leave to intervene, including order with instructions for access requests.
10	Deadline for submitting requests for access to Sensitive Unclassified Non-Safeguards Information (SUNSI) and/or Safeguards Information (SGI) with information: supporting the standing of a potential party identified by name and address; describing the need for the information in order for the potential party to participate meaningfully in an adjudicatory proceeding; demonstrating that access should be granted (e.g., showing technical competence for access to SGI); and, for SGI, including application fee for fingerprint/background check.
20	Nuclear Regulatory Commission (NRC) staff informs the requester of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows (1) need for SUNSI or (2) need to know for SGI. (For SUNSI, NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents). If NRC staff makes the finding of need to know for SGI and likelihood of standing, NRC staff begins background check (including fingerprinting for a criminal history records check), information processing (preparation of redactions or review of redacted documents), and readiness inspections.
25	If NRC staff finds no "need," "need to know," or likelihood of standing, the deadline for petitioner/requester to file a motion seeking a ruling to reverse the NRC staff's denial of access; NRC staff files copy of access determination with the presiding officer (or Chief Administrative Judge or other designated officer, as appropriate). If NRC staff finds "need" for SUNSI, the deadline for any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information to file a motion seeking a ruling to reverse the NRC staff's grant of access.
30	Deadline for NRC staff reply to motions to reverse NRC staff determination(s).
40	(Receipt +30) If NRC staff finds standing and need for SUNSI, deadline for NRC staff to complete information processing and file motion for Protective Order and draft Non-Disclosure Affidavit. Deadline for applicant/licensee to file Non-Disclosure Agreement for SUNSI.
60	Deadline for submitting petition for intervention containing: (i) Demonstration of standing; (ii) all contentions whose formulation does not require access to SUNSI and/or SGI (+25 Answers to petition for intervention; +7 petitioner/requestor reply).
190	(Receipt +180) If NRC staff finds standing, need to know for SGI, and trustworthiness and reliability, deadline for NRC staff to file motion for Protective Order and draft Non-disclosure Affidavit (or to make a determination that the proposed recipient of SGI is not trustworthy or reliable). Note: Before the Office of Administration makes an adverse determination regarding access, the proposed recipient must be provided an opportunity to correct or explain information.
205	Deadline for petitioner to seek reversal of a final adverse NRC staff determination either before the presiding officer or another designated officer.
A	If access granted: Issuance of presiding officer or other designated officer decision on motion for protective order for access to sensitive information (including schedule for providing access and submission of contentions) or decision reversing a final adverse determination by the NRC staff.
A + 3	Deadline for filing executed Non-Disclosure Affidavits. Access provided to SUNSI and/or SGI consistent with decision issuing the protective order.
A + 28	Deadline for submission of contentions whose development depends upon access to SUNSI and/or SGI. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of hearing or opportunity for hearing), the petitioner may file its SUNSI or SGI contentions by that later deadline.

⁶ As of October 15, 2007, the NRC's final "E-Filing Rule" became effective. See Use of Electronic Submissions in Agency Hearings (72 FR 49139; August 28, 2007). Requesters should note that the

filing requirements of that rule apply to appeals of NRC staff determinations (because they must be served on a presiding officer or the Commission, as applicable), but not to the initial SUNSI/SGI

requests submitted to the NRC staff under these procedures.

Day	Event/activity
A + 53	(Contention receipt +25) Answers to contentions whose development depends upon access to SUNSI and/or SGI.
A + 60	(Answer receipt +7) Petitioner/Intervenor reply to answers.
B	Decision on contention admission.

BILLING CODE 7590-01-P

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and Purpose of information collection:

Evidence for Application of Overall Minimum: OMB 3220-0083. Under Section 3(f)(3) of the Railroad Retirement Act (RRA), the total monthly benefits payable to a railroad employee and his/her family are guaranteed to be

no less than the amount which would be payable if the employee's railroad service had been covered by the Social Security Act. The Social Security Overall Minimum Guarantee is prescribed in 20 CFR part 229. To administer this provision, the Railroad Retirement Board (RRB) requires

information about a retired employee's spouse and child(ren) who would not be eligible for benefits under the RRA but would be eligible for benefits under the Social Security Act if the employee's railroad service had been covered by that Act. The RRB obtains the required information by the use of forms G-319

(Statement Regarding Family and Earnings for Special Guaranty Computation) and G-320 (Statement by Employee Annuitant Regarding Student Age 18-19). One form is completed by each respondent. The RRB proposes no changes to Form G-319 or Form G-320.

ESTIMATE OF ANNUAL RESPONDENT BURDEN

The estimated annual respondent burden is as follows:

Form No.(s)	Annual responses	Time (min)	Burden (hrs)
G-319 Employee Completed:			
With assistance	5	26	2
Without assistance	100	5	92
G-319 Spouse Completed:			
With assistance	5	30	3
Without assistance	100	60	100
G-320:			
(Age 18 at Special Guaranty begin date or Special Guaranty Age 18 Attainments)	95	15	24
(Student monitoring done in Sept, March, and at end of school year)	170	15	43
Total	475		264

Additional Information or Comments:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58007; File No. SR-CBOE-2008-64]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing of Proposed Rule Change Amending CBOE Rules 5.3 and 5.4 To Enable the Listing and Trading of Options on Index-Linked Securities

June 24, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 19, 2008, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to revise CBOE Rules 5.3 and 5.4 to enable the listing and trading on the Exchange of options on Index-Linked Securities. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.cboe.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange states that the purpose of the proposed rule change is to revise CBOE Rules 5.3 and 5.4 to enable the listing and trading of options on equity index-linked securities ("Equity Index-Linked Securities"), commodity-linked securities ("Commodity-Linked Securities"), currency-linked securities ("Currency-Linked Securities"), fixed income index-linked securities ("Fixed Income Index-Linked Securities"), futures-linked securities ("Futures-Linked Securities"), and multifactor index-linked securities ("Multifactor Index-Linked Securities"), collectively known as ("Index-Linked Securities") that are principally traded on a national securities exchange and an "NMS stock" (as defined in Rule 600 of Regulation NMS under the Act).

Index-Linked Securities are designed for investors who desire to participate in a specific market segment by providing exposure to one or more identifiable underlying securities, commodities, currencies, derivative instruments, or market indexes of the foregoing ("Underlying Index" or "Underlying Indexes"). Index-Linked Securities are the non-convertible debt of an issuer that have a term of at least one year but

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

not greater than thirty years. Despite the fact that Index-Linked Securities are linked to an underlying index, each trade as a single, exchange-listed security. Accordingly, rules pertaining to the listing and trading of standard equity options would apply to Index-Linked Securities. The Exchange does not propose any changes to rules pertaining to Index Options.

Listing Criteria

The Exchange will consider listing and trading options on Index-Linked Securities provided the Index-Linked Securities meet the criteria for underlying securities set forth in CBOE Rule 5.3(a)–(b) and Interpretation and Policy .01 to Rule 5.3.

The Exchange proposes that Index-Linked Securities deemed appropriate for options trading represent ownership of a security that provides for the payment at maturity, as described below:

- *Equity Index-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of an underlying index or indexes of equity securities (“Equity Reference Asset”);

- *Commodity-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of one or more physical commodities or commodity futures, options or other commodity derivatives or Commodity-Based Trust Shares or a basket or index of any of the foregoing (“Commodity Reference Asset”);

- *Currency-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of one or more currencies, or options or currency futures or other currency derivatives or Currency Trust Shares³ or a basket or index of any of the foregoing (“Currency Reference Asset”);

- *Fixed Income Index-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of one or more notes, bonds, debentures, or evidence of indebtedness that include, but are not limited to, U.S. Department of Treasury securities (“Treasury Securities”), government-sponsored entity securities (“GSE Securities”),

municipal securities, trust preferred securities, supranational debt and debt of a foreign country or a subdivision thereof or a basket or index of any of the foregoing (“Fixed Income Reference Asset”);

- *Futures-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of an index of (a) futures on Treasury Securities, GSE Securities, supranational debt and debt of a foreign country or a subdivision thereof, or options or other derivatives on any of the foregoing; or (b) interest rate futures or options or derivatives on the foregoing in this subparagraph (b) (“Futures Reference Asset”); and

- *Multifactor Index-Linked Securities* are securities that provide for the payment at maturity of a cash amount based on the performance of any combination of two or more Equity Reference Assets, Commodity Reference Assets, Currency Reference Assets, Fixed Income Reference Assets or Futures Reference Assets (“Multifactor Reference Asset”).

For the purposes of Interpretation and Policy .13 to CBOE Rule 5.3, Equity Reference Assets, Commodity Reference Assets, Currency Reference Assets, Fixed Income Reference Assets, Futures Reference Assets, and Multifactor Reference Assets, would be collectively referred to as “Reference Assets.”

Index-Linked Securities must meet the criteria and guidelines for underlying securities set forth in Interpretation and Policy .01 to CBOE Rule 5.3, or the Index-Linked Securities must be redeemable at the option of the holder at least on a weekly basis through the issuer at a price related to the applicable underlying Reference Asset. In addition, the issuing company is obligated to issue or repurchase the securities in aggregation units for cash or cash equivalents satisfactory to the issuer of Index-Linked Securities which underlie the option as described in the Index-Linked Securities prospectus.

Continued Listing Requirements

Options on Index-Linked Securities would be subject to all Exchange rules governing the trading of equity options. The current continuing or maintenance listing standards for options traded on CBOE would continue to apply.

The Exchange proposes to establish Interpretation and Policy .16 to CBOE Rule 5.4 which would include criteria related to the continued listing of options on Index-Linked Securities.

Under the applicable continued listing criteria in proposed Interpretation and Policy .16 to CBOE Rule 5.4, options on Index Linked

Securities initially approved for trading pursuant to proposed Interpretation and Policy .13 to CBOE Rule 5.3 may be subject to the suspension of opening transactions as follows: (1) Non-compliance with the terms of Interpretation and Policy .13 to CBOE Rule 5.3; (2) non-compliance with the terms of Interpretation and Policy .01 to CBOE Rule 5.4, except that in the case of options covering Index-Linked Securities approved pursuant to Interpretation and Policy .13(3)(B) to CBOE Rule 5.3 that are redeemable at the option of the holder at least on a weekly basis, then option contracts of the class covering such Securities may only continue to be open for trading as long as the Securities are listed on a national securities exchange and are an “NMS stock” as defined in Rule 600 of Regulation NMS; (3) in the case of any Index-Linked Security trading pursuant to Interpretation and Policy .13 to CBOE Rule 5.3, the value of the Reference Asset is no longer calculated or available; or (4) such other event shall occur or condition exist that in the opinion of the Exchange makes further dealing in such options on the Exchange inadvisable.

The Exchange represents that the listing and trading of options on Index-Linked Securities under Interpretation and Policy .13 to CBOE Rule 5.3 will not have any effect on the rules pertaining to position and exercise limits⁴ or margin.⁵

The Exchange states that it will implement surveillance procedures for options on Index-Linked Securities, including adequate comprehensive surveillance sharing agreements with markets trading in non-U.S. components, as applicable. CBOE represents that these procedures will be adequate to properly monitor Exchange trading of options on these securities and to deter and detect violations of Exchange rules.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and

³ See Interpretation and Policy .06 to CBOE Rule 5.3. The term “Currency Trust Shares” is defined as a security that: (a) Is issued by a trust or similar entity that holds a specified non-U.S. currency deposited with the trust or similar entity; (b) when aggregated in some specified minimum number may be surrendered to the trust by the beneficial owner to receive the specified non-U.S. currency; and (c) pays the beneficial owner interest and other distributions on the deposited non-U.S. currency, if any, declared and paid by the trust.

perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that the proposed rules applicable to trading pursuant to generic listing and trading criteria, together with the Exchange's surveillance procedures applicable to trading in the securities covered by the proposed rules, serve to foster investor protection.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange states that written comments on the proposed rule change were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- A. By order approve such proposed rule change, or
- B. Institute proceedings to determine whether the proposed rule change should be disapproved.

The CBOE has requested accelerated approval of this proposed rule change prior to the 30th day after the date of publication of the notice of the filing thereof. The Commission has determined that a 15-day comment period is appropriate in this case.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58016, File No. SR-MSRB-2008-04]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Order Granting Approval of Proposed Rule Change Relating to MSRB Rule G-34, CUSIP Numbers and New Issue Requirements, to Require Underwriter Registration and Testing with Depository Trust and Clearing Corporation's New Issue Information Dissemination System

June 25, 2008.

On May 9, 2008, the Municipal Securities Rulemaking Board ("MSRB"), filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² a proposed rule change consisting of changes to Rule G-34, CUSIP Numbers and New Issue Requirements. The proposed rule change was published for comment in the **Federal Register** on May 22, 2008.³ The Commission received no comment letters about the proposed rule change. This order approves the proposed rule change.

The proposed rule change would require underwriters to register and conduct tests with the Depository Trust and Clearing Corporation's ("DTCC") New Issue Information Dissemination System ("NIIDS"). The proposed rule change would help ensure that dealers are prepared for the September 30, 2008 effective date of changes to other MSRB rules to require underwriters to participate in NIIDS.⁴ Accordingly, the proposed rule change would require all brokers, dealers and municipal securities dealers (collectively "dealers") that have acted as underwriter⁵ in the last year on a new issue of municipal securities with nine months or greater effective maturity to register to use NIIDS with DTCC and successfully test NIIDS prior to September 15, 2008.⁶ On an ongoing

³ See Securities Exchange Act Release No. 57830 (May 16, 2008), 73 FR 29799 (May 22, 2008) ("Commission's Notice").

⁴ See Securities Exchange Act Release No. 57750 (May 1, 2008), 73 FR 25815 (May 7, 2008).

⁵ Rule G-34 defines "underwriter" very broadly to include a dealer acting as a placement agent as well as any dealer purchasing new issue securities from the issuer as principal. If there is an underwriting syndicate, the lead manager is considered to be the "underwriter" for purposes of Rule G-34.

⁶ Many underwriters have already registered with DTCC and initiated NIIDS testing. The proposed

basis the proposed rule change would require dealers to register to use NIIDS with DTCC and successfully test NIIDS prior to acting as underwriter on a new issue of municipal securities with nine months or greater effective maturity. A full description of the proposal is contained in the Commission's Notice.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to the MSRB⁷ and, in particular, the requirements of Section 15B(b)(2)(C) of the Act⁸ and the rules and regulations thereunder. Section 15B(b)(2)(C) of the Act requires, among other things, that the MSRB's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.⁹ In particular, the Commission finds that the proposed rule change is consistent with the Act because it will allow the municipal securities industry to produce more accurate trade reporting and transparency.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-MSRB-2008-04), be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

rule change would place a deadline on underwriters to register with DTCC and complete NIIDS testing. Underwriters that have already satisfied the requirements of the proposed rule change prior to SEC approval are not required to re-register or re-test.

⁷ In approving this proposed rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58017; File No. SR-NASDAQ-2008-056]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding a Clerical Change to a NASDAQ Rule

June 25, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 19, 2008, the NASDAQ Stock Market LLC ("Nasdaq") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared substantially by the Exchange. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(3) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to make a clerical correction to the Nasdaq rulebook. The text of the proposed rule change is available at Nasdaq's principal office, the Commission's Public Reference Room, and <http://www.complinet.com/nasdaq>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to make a clerical correction to the Nasdaq rulebook. Specifically, Nasdaq proposes to renumber Nasdaq Rule 7039 to Nasdaq Rule 7041.⁵

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the requirements of Section 6(b) of the Act,⁶ in general, and Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change makes a minor clerical change to renumber an existing Nasdaq rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-4(f)(3) thereunder,⁹ because it is

⁵ Nasdaq is renumbering Nasdaq Rule 7039 to Rule 7041 because Nasdaq has filed other proposed rule changes that necessitate a renumbering of Rule 7039. See e-mail from Jonathan Cayne, Nasdaq, to Joseph Morra, Special Counsel, Division of Trading and Markets, Commission, dated June 20, 2008. Nasdaq is making no changes to Rule 7039, other than to change its number to 7041.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58014; File No. SR-NASDAQ-2008-055]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change Regarding Fees for Orders Routed via the Options Intermarket Linkage

June 24, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 18, 2008, The NASDAQ Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to amend its fees related to orders routed to the NASDAQ Options Market ("NOM") via the Options Intermarket Linkage ("Linkage")³ to establish a Linkage Fee Pilot Program that is effective through July 31, 2009 and to clarify the application of options transaction fees for trades executed through Linkage on

the Exchange. Nasdaq will implement the proposed rule upon approval. The text of the proposed rule change is available at Nasdaq, the Commission's Public Reference Room, and <http://www.nasdaq.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to establish a Linkage Fee Pilot Program that is effective through July 31, 2009 and to clarify the application of options transaction fees for trades executed through the Linkage on the Exchange. Under this pilot, the fees applicable to Nasdaq members entering orders directly into NOM systems will apply to Nasdaq members and non-members that enter orders into other options exchanges that are then routed to Nasdaq via the Linkage and executed on NOM.

Under the Exchange's current Rule 7050(1), the fee for members entering an order that executes on the NOM is \$.45 per executed contract. Nasdaq's current rule does not differentiate between orders entered directly into the NOM via Nasdaq systems and orders received by Nasdaq via the Linkage. Since the launch of the NOM, Nasdaq has been assessing the same fee for all orders executed on behalf of members on its market regardless of whether such orders were entered directly into Nasdaq systems or via the Linkage.

Nasdaq did not differentiate between those groups because firms that are members of away markets are, by and large, also members of Nasdaq. Nasdaq states that, all orders received via the Linkage and executed by Nasdaq have been entered on away markets by firms that are also Nasdaq members. Nonetheless, the possibility exists that a firm that is not a Nasdaq member could enter an order that is routed to Nasdaq via the Linkage and executed by

¹⁰ 17 CFR 200.30-3(a)(12).

¹¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ On July 28, 2000, the Commission approved a national market system plan for the purpose of creating and operating an intermarket options market linkage proposed by the American Stock Exchange LLC, Chicago Board Options Exchange, Inc., and International Securities Exchange LLC. See Securities Exchange Act Release No. 43086 (July 28, 2000), 65 FR 48023 (August 4, 2000). Subsequently, the Philadelphia Stock Exchange, Inc., Pacific Exchange, Inc. (n/k/a NYSE Arca), Boston Stock Exchange, Inc., and Nasdaq joined the Linkage Plan. See Securities Exchange Act Release Nos. 43573 (November 16, 2000), 65 FR 70851 (November 28, 2000); 43574 (November 16, 2000), 65 FR 70850 (November 28, 2000); 49198 (February 5, 2004), 69 FR 7029 (February 12, 2004); and 57545 (March 21, 2008), 73 FR 16394 (March 27, 2008).

Nasdaq. In that case, under Nasdaq's current rule, Nasdaq would lack an approved rule to assess an execution fee to that non-member.

Nasdaq believes it is proper to charge the same fee for executions regardless of whether an order was entered directly into Nasdaq's systems or routed to Nasdaq via the Linkage. Since most firms join multiple exchanges, pricing that differentiates between orders originating in different markets tends to skew trading behaviors in ways that are unintended and possibly detrimental.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act,⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The proposed Linkage Fee Pilot Program will result in the same fee being charged for the execution of all orders regardless of the manner in which they are sent to the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, Nasdaq notes that the options markets compete aggressively on the basis of execution price and that the proposal is part of Nasdaq's attempt to compete effectively.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-58013; File No. SR-NYSE-2008-48]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Rule 103A To Exempt Executive Floor Governors From Floor Member Continuing Education

June 24, 2008.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 19, 2008, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which rendered the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend NYSE Rule 103A(a)(3) (Specialist Stock Reallocation and Member Education and Performance) to exempt Executive Floor Governors ("EFGs") of the Exchange from Floor Member Continuing Education ("FMCE") requirements. The Exchange further proposes, in connection with specific FMCE modules, to deem members who substantially assisted NYSE Regulation, Inc. ("NYSE Regulation") staff in the development of such modules as having fulfilled their obligation to complete required training on that module. The

text of the proposed rule change is available at <http://www.nyse.com>, the Exchange, and the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is submitting this proposed amendment to NYSE Rule 103A(a)(3) to permit the Exchange to exempt EFGs from the Exchange's mandatory FMCE program and to deem certain other members who have substantially assisted NYSE Regulation in developing a training module to have fulfilled their obligation to complete training on that module.

NYSE Rule 103A(a)(3) requires that the Exchange, via NYSE Regulation, provide mandatory continuing education for all Floor members and permits the Exchange to deny non-complying members access to the Trading Floor until they complete their required education.

On March 18, 2008, NYSE Regulation, which supervises the creation and delivery of content for the Exchange's FMCE program, launched the Learning Management System ("LMS"), which automates the delivery of program content to members via a Web-based interactive program that participants can access from an internet-capable computer. The Exchange filed certain amendments to Rule 103A to update the Rule in light of the new system requirements.⁵

This proposed rule change seeks limited relief from the technical program requirements for two groups of members: (i) EFGs; and (ii) members who provide substantial assistance to NYSE Regulation staff in the

development of specific training modules.

EFGs are experienced and knowledgeable Exchange members who volunteer substantial amounts of time providing consultative and interpretive advice with respect to many NYSE rules. Among other things, EFGs:

- Take an active role in supervising unusual trading situations pursuant to NYSE Rules 46 and 47, which requires them to know and keep abreast of changes to NYSE rules and policies;
- Are frequently called on by NYSE rule development staff to provide feedback from the perspective of a knowledgeable practitioner with respect to proposed rules changes;
- Are regularly consulted with respect to trading situations on the Floor and provide trading dispute rulings in conjunction with NYSE Market, Inc. and NYSE Regulation staff; and
- Participate in regular meetings with NYSE Regulation senior staff to discuss various issues regarding trading on the Exchange and other Floor-related issues.

In addition to the foregoing, NYSE Regulation also consults with the EFGs on FMCE content, including previewing LMS modules to some or all of the EFGs during the development phase.

In view of their participation in the development of policies that are then taught to all members through the FMCE program, and in view of their contact with the FMCE program during its development, the Exchange believes it is appropriate to exempt EFGs from sitting through the completed FMCE program modules; the EFGs clearly have provided valuable assistance by the time the modules are rolled out to the general membership. Accordingly, NYSE Regulation seeks a limited exemption for EFGs from FMCE requirements.

Additionally, in conjunction with creating educational materials for the FMCE program, NYSE Regulation staff from time to time may consult at length with experienced Floor members, including but not limited to Floor Officials (who act in such capacity by volunteering their time), in the development of content (e.g., slide shows and scripts). The purpose of such consultations is to ensure that the educational materials are both practical and effective as educational tools. Floor member contributions include, but are not limited to, ensuring that market examples used to drive home teaching points are realistic, that descriptions of how members interact with trading systems are feasible, that trading examples used to demonstrate applicable rules are useful, and that descriptions of trading activities are phrased in language that is familiar to

qualified Floor members. Such member participation may include attending applicable meetings, drafting and reviewing documents, providing input on visuals and narration used for the module, and conducting research. Where such members have made a substantial contribution to the development of an educational module, the Exchange seeks authority to deem such members as having fulfilled their obligation to complete only that particular module on which they were consulted, in recognition of the fact that they have partnered with staff to create the final product and, in doing so, have become educated on the related regulatory aspects. These members would still be obligated to complete modules on which they were not consulted, just like any other member.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with and furthers the objectives of Section 6(b)(5) of the Act,⁶ in that it is designed to prevent fraudulent and manipulative practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes this proposed rule change will serve all of these goals by providing for a more reasonable and robust program for developing educational materials for Floor members that are accurate in accordance with applicable rules and policies and couched in terms that are better understood by trading practitioners. Offering the exemptions proposed in this filing will encourage participation by experienced Floor members in the development of the program.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

⁵ See Securities Exchange Act Release No. 56851 (November 28, 2007), 72 FR 68932 (December 6, 2007) (SR-NYSE-2007-106).

⁶ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay.

In support of its request, the Exchange has represented that certain EFGs are overdue or have pending due dates for completion of their FMCE requirements. The Exchange has stated that it would prefer to grant the waivers proposed in this filing to the EFGs, rather than continuing to apply a deadline extension for these individuals.¹²

The Commission believes that the proposed exemptions should not unduly advantage the affected members or subvert the intent of the continuing education requirement in NYSE Rule 103A. Waiving the operative delay will allow the Exchange to grant waivers immediately to those floor members who are eligible under the proposed rule change, rather than continuing to

extend to deadline for these floor members during the 30-day operative delay.

For these reasons, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission designates the proposed rule change to be operative upon filing with the Commission.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSE-2008-48 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSE-2008-48. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the

provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 am and 3 pm. Copies of the filing will also be available for inspection and copying at the NYSE's principal office and on its Internet Web site at <http://www.nyse.com>. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSE-2008-48 and should be submitted on or before July 22, 2008.

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law (Pub. L.) 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes new information collections, revisions to OMB-approved information collections and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the Agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize the burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and the SSA Reports Clearance Officer to the addresses or fax numbers listed below.

E-mail address: OPLM.RCO@ssa.gov.

I. The information collections listed below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. Therefore, submit your comments to SSA within 60 days from the date of this publication. You can obtain copies of the collection instruments by calling the SSA Reports Clearance Officer at 410-965-0454 or by writing to the address listed above.

1. *Farm Arrangement Questionnaire—20 CFR 404.1082(c)—0960-0064.* When self-employed workers submit earnings data to SSA, they cannot count rental income from a farm unless they demonstrate "material participation" in the farm's operation. A material participation arrangement means the farm owners who are seeking to have earnings counted by SSA must perform a combination of physical duties, management decisions, and capital investment in the farm they are renting out. In such cases, SSA uses form SSA-7157, the Farm Arrangement Questionnaire, to document material participation. The respondents are workers who are renting farmland to other people and who are involved in the operation of the farm and want to claim countable income from their work there.

Type of Request: Extension of an OMB-approved information collection
Number of Respondents: 38,000.

Frequency of Response: 1.

Average Burden Per Response: 30 minutes.

Estimated Annual Burden: 19,000 hours.

2. *Application for Benefits under a U.S. International Social Security Agreement—20 CFR 404.1925—0960-0448.* When SSA enters into international Social Security agreements between the United States and foreign countries, applicants can file for benefits from one country. This can constitute an application for benefits from the other country, provided the applicants express the intent to claim benefits from the other country at the time of the initial application. SSA refers to these agreements as Totalization agreements. SSA uses Form SSA-2490-BK to collect information to determine eligibility for Social Security benefits from the United States or from a country that has entered into a Social Security agreement with the United States. The respondents are individuals who are applying for old-age, survivors or disability benefits from the U.S. or from a Totalization agreement country.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 26,700.

Average Burden Per Response: 30 minutes.

Estimated Average Burden: 13,350 hours.

3. *Statement Regarding Date of Birth and Citizenship—20 CFR 404.716—0960-0016.* SSA uses Form SSA-702 to obtain information when preferred or other evidence is not available to prove age or citizenship for an individual applying for Social Security benefits. SSA uses this information to establish age as a factor of entitlement or U.S. citizenship as a payment factor. Respondents are individuals with knowledge about the date of birth and/or citizenship of applicants who need to establish these factors of entitlement for payment of benefits.

Type of Request: Revision of an OMB-approved information collection.

Number of Respondents: 1,200.

Frequency of Response: 1.

SSA uses this information to evaluate the recipient's plan and to determine eligibility under the provisions of the SSI program. The respondents are SSI applicants/recipients who are blind or disabled and want to develop a plan to go to work.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 7,000.

Frequency of Response: 1.

Average Burden Per Response: 2 hours.

Estimated Annual Burden: 14,000 hours.

II. SSA has submitted the information collections listed below. Your comments on the information collections will be most useful if OMB and SSA receive them within 30 days from the date of this publication. You can request a copy of the information

collections by e-mail, OPLM.RCO@ssa.gov, fax 410-965-6400, or by calling the SSA Reports Clearance Officer at 410-965-0454.

1. *Statement Regarding Marriage, 20 CFR 404.726—0960-0017.* Some State laws recognize marriages entered into without a ceremony (common-law marriages). SSA uses Form SSA-753 to obtain third party statements about intent and cohabitation, which are the basic tenets of a common-law marriage. SSA uses the information to determine if a valid marital relationship exists for entitlement to spouse/widow(er) benefits. The respondents are third party individuals/households.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 40,000.

Frequency of Response: 1.

Average Burden Per Response: 9 minutes.

Estimated Average Burden: 6,000 hours.

2. *Statement Regarding Contributions, 20 CFR 404.360-.366; 20 CFR 404.736—0960-0020.* SSA uses the Form SSA-783 to obtain information about the source of support for a child applicant who must meet a dependency requirement for benefits. SSA must determine if one-half support or regular and substantial contributions entitle certain child applicants to Social Security benefits. The respondents are persons with information on sources of a child applicant's support.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 30,000.

Frequency of Response: 1.

Average Burden Per Response: 17 minutes.

Estimated Annual Burden: 8,500 hours.

3. *Questionnaire for Children Claiming Supplemental Security Income (SSI) Benefits—0960-0499.* SSA uses Form SSA-3881 to obtain the names and addresses of non-medical sources such as schools, counselors, agencies, organizations, or therapists who have information about how well the child functions. SSA uses this information to help determine a child's claim for benefits or continuing benefits. The respondents are applicants who appeal SSI childhood disability decisions or

recipients undergoing a continuing disability review.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 253,000.

Frequency of Response: 1.

Average Burden Per Response: 30 minutes.

Estimated Annual Burden: 126,500 hours.

4. *Statement of Death by Funeral Director, 20 CFR 404.715, 404.720—0960-0142.* SSA uses the information collected on Form SSA-721 to: (1) Prove the death of an insured individual; (2) learn of the death of a beneficiary whose benefits should terminate; and (3) determine who is eligible for the lump-sum death payment or may be eligible for benefits. The respondents are funeral directors who report the death of a beneficiary.

Type of Request: Extension of an OMB-approved information collection.

Number of Respondents: 319,811.

Frequency of Response: 1.

Average Burden Per Response: 3.5 minutes.

Estimated Annual Burden: 18,656 hours.

5. *Representative Payee Report-Adult, Representative Payee Report-Child, Representative Payee Report-Organizational Representative Payees,—0960-0068.* When SSA determines it is not in a beneficiary's best interest to receive Social Security benefit payments directly, the Agency will designate a family member, unrelated person, or organization to act as the representative payee for the beneficiary. Representative payees must account to SSA on how they use these payments on their beneficiaries' behalf. SSA collects this information on Forms SSA-623 (for adult beneficiaries), SSA-6230 (for child beneficiaries), and SSA-6234 (organizational repayees). This information collection request contains two changes to the collection: (1) we are clearing an Internet version of the Representative Payee Report (iRPA), an Internet platform customized for users of all three paper forms; and (2) we are clearing all three paper forms under one OMB Number, 0960-0068.

Type of Request: Revision to an OMB-approved information collection.

AC No. 135-42, Extended Operations (ETOPS) and North Polar Area

This AC provides certificate holders guidance for obtaining operational approval to conduct Extended Operations (ETOPS) under § 135.364. Operations under part 135 with multi-engine powered airplanes may be authorized over a route that contains a point farther than 180 minutes flying time, but no more than 240 minutes flying time, from an airport meeting the requirements of §§ 135.385, 135.393, and 135.219 at an approved one-engine inoperative cruise speed (see 14 CFR part 135 and Appendix 1 of part 135 for definition of one-engine inoperative cruise speed) under standard conditions in still air. This AC also provides guidance for obtaining authorization under § 135.98 to conduct operations in the North Polar Area.

Discussion

Interested parties were given the opportunity to review and comment on the draft ACs during the proposal and development phases. A notice of availability and request for comments was published in the **Federal Register** on September 17, 2008, part 121 (72 FR 53044) and part 135 (72 FR 53078). A summary of the comments and the FAA's responses may be obtained by accessing the FAA's Web page at <http://www.faa.gov/avr/arm/nprm.htm> and at <http://www.regulations.gov> in Docket No. FAA-1999-6717. A copy of the final AC may be obtained by accessing the FAA's Web page at <http://www.faa.gov/avr/arm/nprm.htm>.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Rescinding the Notice of Intent for an Environmental Impact Statement: Boulder, Broomfield, and Jefferson Counties, CO

AGENCY: Federal Highway Administration.

ACTION: Notice.

SUMMARY: This notice rescinds the Notice of Intent for preparing an Environmental Impact Statement that was issued on July 21, 2003, for a proposed transportation improvement project in Boulder, Broomfield, and Jefferson Counties, Colorado. The action is being taken because there are no federal or state funds identified to make the proposed transportation improvements in the corridor for the next 20 years. It is not known when federal or state funds may become available for these improvements therefore an Environmental Impact Statement will not be prepared until further notice.

FOR FURTHER INFORMATION CONTACT: Ms. Monica Pavlik, Senior Operations Engineer, FHWA, Colorado Division, 12300 West Dakota Avenue, Suite 180, Lakewood, CO 80228, Telephone: (720) 963-3012. Mr. William McDonnell, Project Engineer, Colorado Department of Transportation Region 6, 2000 South Holly Street, Denver, Colorado 80222, Telephone: (303) 757-9914.

SUPPLEMENTARY INFORMATION: The Federal Highway Administration (FHWA) in cooperation with the Colorado Department of Transportation (CDOT) initiated an Environmental Impact Statement (EIS) with a Notice of Intent July 21, 2003, for an improved connection between the western terminus of the Northwest Parkway in Broomfield County and the SH 58, 1-70, or C-470 freeway systems to the south in Jefferson County. This corridor is referred to as the Northwest Corridor. The FHWA and CDOT have determined that while major transportation improvements in the northwest Denver metropolitan area are needed, federal, state, or other funds are not available to meet these needs in the foreseeable future. Much work has been completed towards an EIS for this corridor and can

serve as a planning foundation for future projects by CDOT or others.

In late 2007, it became apparent that many transportation needs in the State would be competing for very limited funding. This EIS project was one of four major Denver-area EISs initiated in 2003 with the expectation that funding levels would continue and possibly increase. While the need for a project is an important factor in determining which projects receive funding, those with the greatest public and local-entity support are more likely to receive funding in a fiscally-constrained, long-range plan. As a result, the current long-range plan does not include funding for the improvements studied for the Northwest Corridor. As such, it is not the best use of limited public funds to continue the NEPA process for this project. A report, Northwest Corridor Transportation and Environmental Planning Study, will document the results of the analysis to date and be available to the public in July/August 2008.

If any entity or authority, public or private, wants to proceed with improvements or connections to state highways in this area in the future, applicable state and federal requirements must be met and established study processes followed to determine feasibility and environmental impacts. In consultation with CDOT and FHWA, the Northwest Corridor Transportation and Environmental Planning Study document could support these efforts to develop future NEPA or technical studies. As part of planning and environmental linkages (PEL), elements that could be used to assist decision-making on future projects include purpose and need, alternatives development and evaluation, environmental resource background data, and public and agency coordination.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highway in San Bernardino County, CA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for judicial review of actions of FHWA and other Federal agencies.

SUMMARY: This notice announces actions taken by the California Department of Transportation (Caltrans) pursuant to its assigned responsibilities under 23 U.S.C. 327 that are final within the meaning of 23 U.S.C. 139(l)(1). These actions relate to a proposed highway project, US-395 from post miles 19.05-35.6 in San Bernardino County, California. Those actions grant licenses, permits, and approval of the project.

DATES: By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before December 29, 2008. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT:

Marie J. Petry, California Department of Transportation District 8, 464 W. 4th Street, San Bernardino, CA 94201-1400, telephone (909) 383-6379, Marie_Petry@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the California Department of Transportation (Caltrans), pursuant to its assigned responsibilities under U.S.C. 327, and certain Federal Agencies have taken final agency actions subject to 23 U.S.C. 139(l)(1) by approving the United States 395 (US-395) widening project in the State of California. When completed, the US-395 widening project will accommodate the installation of rumble strips on the 7.9 ft (2.40 m) outside paved shoulders and a 3.9 ft (1.2 m) median buffer. In addition, roadway resurfacing will be conducted in both directions and the following intersections will be paved to accommodate the new width of the US-395: Colusa Road, Desert Flower Road, Purple Sage Street, Shadow Mountain Avenue, Sun Hill Ranch, and Princess Pat Mine. The project would require right of way acquisition and utility relocation. The right of way acquisition will include the required land for the project as well as land required to

accommodate future passing lanes. Since the project consists of widening the existing facility, there will be no additional encroachment either upon any floodplain or drainage course that might be determined to be associated with a floodplain. In addition, the project would not require any new structures, retaining walls, and/or soundwalls; therefore, it would not create any visual impacts in the area. The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Final Initial Study with Mitigated Negative Declaration/Environmental Assessment for the project, approved on May 1, 2008, in the FHWA Finding of No Significant Impact (FONSI) issued on May 1, 2008, and in other documents in the FHWA project records. The Final Initial Study with Mitigated Negative Declaration/Environmental Assessment, FONSI, and other project records are available by contacting FHWA or the California Department of Transportation, District 8 at the address provided above. The FHWA FONSI can be viewed and downloaded from the project Web site at <http://district8.dot.ca.gov/projects/index.htm>.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), notice is hereby given that the Federal Railroad Administration (FRA) received a request for a waiver of compliance with certain requirements of its safety standards. The individual petition is described below, including the party seeking relief, the regulatory provisions involved, the nature of the relief being requested, and the petitioner's arguments in favor of relief.

Union Pacific Railroad Company (Docket Number FRA–2008–0073)

The Union Pacific Railroad Company (UP) requests relief from certain provisions of Title 49 CFR Part 232 *Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment*, and CFR Part 229 *Railroad Locomotive Safety Standards*, in order to begin implementation of Electronically Controlled Pneumatic (ECP) brakes. As well, the petition implicitly requests exemption from

certain provisions of Chapter 203, Title 49 United States Code.

UP's request is in line with the requests of BNSF Railway Company and Norfolk Southern Corporation in Docket Number FRA–2007–26435. The petitioner believes that this relief will permit them to implement this pilot program on an expedited basis, allow FRA and the industry to identify definable savings with ECP brake equipped train operations, and evaluate changes to the CFR to accommodate these operations on a permanent basis. UP states that implementation of ECP technology will require a substantial capital commitment of approximately one million dollars per train. Accordingly, UP requests that this waiver be in effect for a minimum of five (5) years.

UP specifically requests relief from the following sections of 49 CFR Part 232: 232.207 *Class IA Brake Tests*; 232.15(a)(7) *Movement of defective equipment*; 232.103(d) and 232.103(g) *General requirement for train braking system*; 232.109 *Dynamic brake requirements*; 232.111(b)(3) and (4) *Train handling information*; 232.205 (c)(3), (c)(4) and (c)(5) *Class I brake tests*; 232.209(a)(1) *Class II brake inspection*; 232.211 *Class III brake inspection*; 232.217 (c)(3) *Train brake tests conducted using yard air*; 232.305 *Single car airbrake tests*; and 232.505(e) *Pre-revenue service acceptance testing plan*. UP also requests relief from the requirements of 49 CFR Part 232, Subpart E related to end of train devices.

UP states that the ECP brake system they will use will meet all current Association of American Railroad Standards for ECP brakes and that they will also provide all of the necessary training to both operating and mechanical personnel. UP also represents that this requested relief should provide a framework for an expedited rulemaking by FRA which will encourage further investment in ECP brake technology throughout the railroad industry.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. Although the petition appears to present issues that would require findings under 49 U.S.C. 20306 (exemption for technological improvements), FRA does not anticipate scheduling a public hearing in connection with this request since two prior hearings in docket numbers FRA–2007–26435 and FRA–2006–26175 addressed the issue of whether chapter 203 of the United States Code precluded the development or implementation of

more efficient railroad transportation equipment or other transportation innovations as it relates to ECP brake technology. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number (e.g., Waiver Petition Docket Number FRA–2008–0073) and may be submitted by any of the following methods:

- **Web site:** <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- **Fax:** 202–493–2251.
- **Mail:** Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., W12–140, Washington, DC 20590.
- **Hand Delivery:** 1200 New Jersey Avenue, SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Communications received within 20 days of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable. All written communications concerning these proceedings are available for examination during regular business hours (9 a.m.–5 p.m.) at the above facility. All documents in the public docket are also available for inspection and copying on the Internet at the docket facility's Web site at <http://www.regulations.gov>.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78).

BILLING CODE 4910–06–P

DEPARTMENT OF THE TREASURY**Departmental Offices; Debt Management Advisory Committee Meeting**

Notice is hereby given, pursuant to 5 U.S.C. App. 2, section 10(a)(2), that a meeting will be held at the Hay-Adams Hotel, 16th Street and Pennsylvania Avenue, NW., Washington, DC, on July 29, 2008 at 10:30 a.m. of the following debt management advisory committee:

Treasury Borrowing Advisory Committee of the Securities Industry and Financial Markets Association.

The agenda for the meeting provides for a charge by the Secretary of the Treasury or his designate that the Committee discuss particular issues and conduct a working session. Following the working session, the Committee will present a written report of its recommendations. The meeting will be closed to the public, pursuant to 5 U.S.C. App. 2, section 10(d) and Public Law 103–202, section 202(c)(1)(B) (31 U.S.C. 3121 note).

This notice shall constitute my determination, pursuant to the authority placed in heads of agencies by 5 U.S.C. App. 2, section 10(d) and vested in me by Treasury Department Order No. 10 1–05, that the meeting will consist of discussions and debates of the issues presented to the Committee by the Secretary of the Treasury and the making of recommendations of the Committee to the Secretary, pursuant to Public Law 103–202, section 202(c)(1)(B). Thus, this information is exempt from disclosure under that provision and 5 U.S.C. 552b(c)(3)(B). In addition, the meeting is concerned with information that is exempt from disclosure under 5 U.S.C. 552b(c)(9)(A). The public interest requires that such meetings be closed to the public because the Treasury Department requires frank and full advice from representatives of the financial community prior to making its final decisions on major financing operations. Historically, this advice has been offered by debt management advisory committees established by the several major segments of the financial community. When so utilized, such a committee is recognized to be an advisory committee under 5 U.S.C. App. 2, section 3.

Although the Treasury's final announcement of financing plans may not reflect the recommendations provided in reports of the Committee, premature disclosure of the Committee's deliberations and reports would be likely to lead to significant financial speculation in the securities market. Thus, this meeting falls within the

exemption covered by 5 U.S.C. 552b(c)(9)(A).

Treasury staff will provide a technical briefing to the press on the day before the Committee meeting, following the release of a statement of economic conditions, financing estimates and technical charts. This briefing will give the press an opportunity to ask questions about financing projections and technical charts. The day after the Committee meeting, Treasury will release the minutes of the meeting, any charts that were discussed at the meeting, and the Committee's report to the Secretary.

The Office of Debt Management is responsible for maintaining records of debt management advisory committee meetings and for providing annual reports setting forth a summary of Committee activities and such other matters as may be informative to the public consistent with the policy of 5 U.S.C. 552(b). The Designated Federal Officer or other responsible agency official who may be contacted for additional information is Karthik Ramanathan, Director, Office of Debt Management, at (202) 622–2042.

Dated: June 20, 2008.

Anthony W. Ryan,

Assistant Secretary, Financial Markets.

DEPARTMENT OF THE TREASURY**Fiscal Service****Prompt Payment Interest Rate; Contract Disputes Act**

AGENCY: Bureau of the Public Debt, Fiscal Service, Treasury.

ACTION: Notice.

SUMMARY: For the period beginning July 1, 2008, and ending on December 31, 2008, the prompt payment interest rate is 5½ per centum per annum.

ADDRESSES: Comments or inquiries may be mailed to Milissia S. Morris, Team Leader, Borrowings Accounting Team, Division of Accounting Operations, Office of Public Debt Accounting, Bureau of the Public Debt, Parkersburg, West Virginia, 26106–1328. A copy of this Notice is available at <http://www.publicdebt.treas.gov>.

DATES: Effective July 1, 2008, to December 31, 2008.

FOR FURTHER INFORMATION CONTACT: Mike Linder, Acting Director, Division of Accounting Operations, Office of Public Debt Accounting, Bureau of the Public Debt, Parkersburg, West Virginia,

26106–1328, (304) 480–5125; Milissia S. Morris, Team Leader, Borrowings Accounting Team, Division of Accounting Operations, Office of Public Debt Accounting, Bureau of the Public Debt, Parkersburg, West Virginia, 26106–1328, (304) 480–5167; Amy Mertz Brown, Deputy Chief Counsel, Office of the Chief Counsel, Bureau of the Public Debt, (202) 504–3715; or Brenda L. Hoffman, Attorney-Adviser, Office of the Chief Counsel, Bureau of the Public Debt, (202) 504–3706.

SUPPLEMENTARY INFORMATION: An agency acquiring property or services from a business concern that fails to pay for the complete delivery of property or service by the required payment date shall pay the business concern an interest penalty. 31 U.S.C. 3902(a) (2003). The Contract Disputes Act of 1978, Section 12, Public Law 95–563, 92 Stat. 2389, and, indirectly, the Prompt Payment Act of 1982, 31 U.S.C. 3902(a), provide for the calculation of interest due on claims at the rate established by the Secretary of the Treasury.

The Secretary of the Treasury has the authority to specify the Prompt Payment Interest Rate by which the interest shall be computed for interest payments under § 12 of the Contract Disputes Act of 1978. 31 U.S.C. 3902(a) (2003). Agencies must pay the interest penalty calculated with the interest rate which is in effect at the time the agency accrues the obligation to pay a late payment interest penalty. *Id.* “The interest penalty shall be paid for the period beginning on the date after the required payment date and ending on the date on which the payment is made.” 31 U.S.C. 3902(b) (2003). If an interest penalty is owed to a business concern, the penalty shall be paid regardless of whether the business concern requested payment of money.

Therefore, notice is given that the Secretary of the Treasury has determined that the rate of interest applicable for the period beginning July 1, 2008, and ending on December 31, 2008, is 5½ per centum per annum.

Kenneth E. Carfine,

Fiscal Assistant Secretary.

Background

On September 23, 2001, the President issued Executive Order 13224 (the "Order") pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701-1706, and the United Nations Participation Act of 1945, 22 U.S.C. 287c. In the Order, the President declared a national emergency to address grave acts of terrorism and threats of terrorism committed by foreign terrorists, including the September 11, 2001, terrorist attacks in New York, Pennsylvania, and at the Pentagon. The Order imposes economic sanctions on persons who have committed, pose a significant risk of committing, or support acts of terrorism. The President identified in the Annex to the Order, as amended by Executive Order 13268 of July 2, 2002, 13 individuals and 16 entities as subject to the economic sanctions. The Order was further amended by Executive Order 13284 of January 23, 2003, to reflect the creation of the Department of Homeland Security.

Section 1 of the Order blocks, with certain exceptions, all property and interests in property that are in or hereafter come within the United States or the possession or control of United States persons, of: (1) Foreign persons listed in the Annex to the Order; (2) foreign persons determined by the Secretary of State, in consultation with the Secretary of the Treasury, the

Secretary of the Department of Homeland Security and the Attorney General, to have committed, or to pose a significant risk of committing, acts of terrorism that threaten the security of U.S. nationals or the national security, foreign policy, or economy of the United States; (3) persons determined by the Director of OFAC, in consultation with the Departments of State, Homeland Security and Justice, to be owned or controlled by, or to act for or on behalf of those persons listed in the Annex to the Order or those persons determined to be subject to subsection 1(b), 1(c), or 1(d)(i) of the Order; and (4) except as provided in section 5 of the Order and after such consultation, if any, with foreign authorities as the Secretary of State, in consultation with the Secretary of the Treasury, the Secretary of the Department of Homeland Security and the Attorney General, deems appropriate in the exercise of his discretion, persons determined by the Director of OFAC, in consultation with the Departments of State, Homeland Security and Justice, to assist in, sponsor, or provide financial, material, or technological support for, or financial or other services to or in support of, such acts of terrorism or those persons listed in the Annex to the Order or determined to be subject to the Order or to be otherwise associated with those persons listed in the Annex to the Order or those persons determined to be subject to subsection 1(b), 1(c), or 1(d)(i) of the Order.

On June 19, 2008, the Director of OFAC, in consultation with the Departments of State, Homeland Security, Justice and other relevant agencies, designated, pursuant to one or more of the criteria set forth in subsections 1(b), 1(c) or 1(d) of the Order, one entity whose property and interests in property are blocked pursuant to Executive Order 13224.

The designee is as follows: AL-HARAMAIN ISLAMIC FOUNDATION, P.O. Box 69606, Riyadh 11557, Saudi Arabia; West Al-M'ather Street, Riyadh, Saudi Arabia; all offices worldwide [SDGT].

BILLING CODE 4811-45-P

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

Proposed Collection; Comment Request for Request for A Specific License to Visit An Immediate Family Member In Cuba

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Department of the Treasury, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)). Currently, the Office of Foreign Assets Control ("OFAC") within the Department of the Treasury is soliciting comments concerning OFAC's "Request for a Specific License to Visit an Immediate Family Member in Cuba who is a National of Cuba once in a three year period" Application Form TD-F 90-22 60 and TD-F 90-22 60 (SP).

DATES: Written comments should be received on or before September 2, 2008 to be assured of consideration.

ADDRESSES: Direct all written comments to Rochelle E. Stern, Assistant Director, Policy, Office of Foreign Assets Control, Department of the Treasury, 1500 Pennsylvania Avenue, NW., Annex-2d Floor, Washington, DC 20220.

FOR FURTHER INFORMATION CONTACT: Requests for additional information about the filings or procedures should be directed to Rochelle E. Stern, Assistant Director, Policy, Office of Foreign Assets Control, or Sean Thornton, Chief Counsel (Foreign Assets Control), Department of the Treasury, 1500 Pennsylvania Avenue, NW., 1500 Pennsylvania Avenue, Annex-2d Floor, Washington, DC 20220.

SUPPLEMENTARY INFORMATION: Title: OFAC Form "Request for a Specific License to Visit an Immediate Family Member in Cuba who is a National of Cuba once in a three year period."

Agency Form Number: TD-F 90-22 60 and TD-F 90-22 60 (SP).

OMB Number: 1505-0202.

Abstract: OFAC issues specific licenses authorizing travel-related transactions incident to visits to members of a person's immediate family who are nationals of Cuba once per three-year period and for no more than 14 days. In order to ensure that the one-trip-per-three-year-period and other requirements are not violated, OFAC uses forms TD-F 90-22 60 and TD-F 90-22 60 (SP) to collect information on the traveler and the family members in Cuba whom the traveler is visiting. The form is provided in English and Spanish to accommodate those persons for whom Spanish is the primary language. The use of the form provides a standardized method of information collection, ensures uniform and consistent compliance, and allows OFAC to maintain detailed records that enable OFAC to verify that travelers are not exceeding the restriction of the frequency of visits to Cuba and that they are only visiting members of their immediate family.

Current Actions: There are no changes being made to the form at this time.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 60,000.

Estimated Time Per Respondent: 10 minutes.

Estimated Total Annual Burden Hours: 10,000.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid Office of Management and Budget ("OMB") control number. Books or records relating to a collection of information must be retained for five years.

Request for Comments

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: June 25, 2008.

Background

On June 28, 2005, the President, invoking the authority, *inter alia*, of the International Emergency Economic Powers Act (50 U.S.C. 1701-1706) ("IEEPA"), issued Executive Order 13382 (70 FR 38567, July 1, 2005) (the "Order"), effective at 12:01 a.m. eastern daylight time on June 29, 2005. In the Order, the President took additional steps with respect to the national emergency described and declared in Executive Order 12938 of November 14, 1994, regarding the proliferation of

weapons of mass destruction and the means of delivering them.

Section 1 of the Order blocks, with certain exceptions, all property and interests in property that are in the United States, or that hereafter come within the United States or that are or hereafter come within the possession or control of United States persons, of: (1) The persons listed in an Annex to the Order; (2) any foreign person determined by the Secretary of State, in consultation with the Secretary of the Treasury, the Attorney General, and other relevant agencies, to have engaged, or attempted to engage, in activities or transactions that have materially contributed to, or pose a risk of materially contributing to, the proliferation of weapons of mass destruction or their means of delivery (including missiles capable of delivering such weapons), including any efforts to manufacture, acquire, possess, develop, transport, transfer or use such items, by any person or foreign country of proliferation concern; (3) any person determined by the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, and other relevant agencies, to have provided, or attempted to provide, financial, material, technological or other support for, or goods or services in support of, any activity or transaction described in clause (2) above or any person whose property and interests in property are blocked pursuant to the Order; and (4) any person determined by the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, and other relevant agencies, to be owned or controlled by, or acting or purporting to act for or on behalf of, directly or indirectly, any person whose property and interests in property are blocked pursuant to the Order.

On June 13, 2006, the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, and other relevant agencies, designated two persons whose property and interests in property are blocked pursuant to the Order.

The Department of the Treasury's Office of Foreign Assets Control has determined that these persons no longer meet the criteria for designation under the Order and are appropriate for removal from the list of Specially Designated Nationals and Blocked Persons.

The following persons are removed from the list of Specially Designated Nationals and Blocked Persons:

China Great Wall Industry Corporation (a.k.a. CGWIC; a.k.a. Zhongguo Changcheng Gongye

Zonggongsi), No. 30 Haidian Nanlu, Beijing, China; Moscow, Russia; and all other locations worldwide;

G.W. Aerospace, Inc. (a.k.a. Great Wall Aerospace, Inc.), 21515 Hawthorne Blvd., Suite 670, Torrance, CA 90503; California Corporate Number C1458237 (United States).

The removal of the persons' names from the list of Specially Designated Nationals and Blocked Persons is effective as of June 19, 2008. All property and interests in property of these persons that are in or hereafter come within the United States or the possession or control of United States persons are now unblocked.

Unblocking of Specially Designated National Pursuant to Executive Order 13224

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice.

SUMMARY: The Treasury Department's Office of Foreign Assets Control ("OFAC") is removing the name of one individual from the list of Specially Designated Nationals and Blocked Persons whose property and interests in property have been blocked pursuant to Executive Order 13224 of September 23, 2001, "*Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten To Commit, or Support Terrorism*." The individual, MOHAMMED, Lokman Amin, was designated pursuant to Executive Order 13224 on December 5, 2005.

DATES: The removal of the individual from the list of Specially Designated Nationals and Blocked Persons whose property and interests in property have been blocked pursuant to Executive Order 13224 is effective as of June 18, 2008.

Electronic and Facsimile Availability

This document and additional information concerning OFAC are

available from OFAC's Web site (<http://www.treas.gov/ofac>) or via facsimile through a 24-hour fax-on-demand service, tel.: 202/622-0077.

Background

On September 23, 2001, the President issued Executive Order 13224 (the "Order") pursuant to the International Emergency Economic Powers Act, 50 U.S.C. 1701-1706, and the United Nations Participation Act of 1945, 22 U.S.C. 287c, imposing economic sanctions on persons who commit, threaten to commit, or support acts of terrorism. The President identified in the Annex to the Order various individuals and entities as subject to the economic sanctions. The Order authorizes the Secretary of the Treasury, in consultation with the Secretary of State, the Attorney General, and (pursuant to Executive Order 13284) the Secretary of the Department of Homeland Security, to designate additional persons or entities determined to meet certain criteria set forth in Executive Order 13224.

One such additional person was designated by the Secretary of the Treasury on December 5, 2005. The Department of the Treasury's Office of Foreign Assets Control has determined that this individual no longer continues to meet the criteria for designation under the Order and is appropriate for removal from the list of Specially Designated Nationals and Blocked Persons.

The following designation is removed from the list of Specially Designated Nationals and Blocked Persons:

MOHAMMED, Lokman Amin (a.k.a. MOHAMAD, Lokman Ami; a.k.a.

MOHAMMED, Lukman Ami), Oberanger 47, Munich 80331, Germany; Stadelheim Prison, Munich, Germany; DOB 1 Feb 1974; POB Kirkuk, Iraq; nationality Iraq; Travel Document Number A006991 (Germany) (individual) [SDGT].

The removal of the individual's name from the list of Specially Designated Nationals and Blocked Persons is effective as of June 18, 2008. All property and interests in property of the individual that are in or hereafter come within the United States or the possession or control of United States persons are now unblocked.

Amendment of Final Rule**

DEPARTMENT OF THE TREASURY**Office of Foreign Assets Control****31 CFR Chapter V****Alphabetical Listing of Blocked Persons, Specially Designated Nationals, Specially Designated Terrorists, Specially Designated Global Terrorists, Foreign Terrorist Organizations, and Specially Designated Narcotics Traffickers**

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Amendment of final rule.

SUMMARY: The Office of Foreign Assets Control ("OFAC") of the Department of the Treasury is amending Appendix A to 31 CFR chapter V to (1) reflect the addition or removal from Appendix A, since it was last published, of the names of individuals and entities subject to the various economic sanctions programs administered by OFAC, and (2) provide updated identifying and clarifying information for certain individuals and entities included in the appendix. OFAC also is amending the notes to the appendices to 31 CFR chapter V to reflect the revisions to Appendix A and changes in the status of several programs.

DATES: Effective Date: July 1, 2008.

FOR FURTHER INFORMATION CONTACT:

Assistant Director, Compliance Programs, *tel.*: 202/622-2490, Office of Foreign Assets Control, or Chief Counsel (Foreign Assets Control), *tel.*: 202/622-2410, Office of the General Counsel, Department of the Treasury, Washington, DC 20220 (not toll free numbers).

SUPPLEMENTARY INFORMATION:**Electronic and Facsimile Availability**

This document and additional information concerning OFAC are available from OFAC's Web site (<http://www.treas.gov/ofac>) or via facsimile through a 24-hour fax-on demand service, *tel.*: (202) 622-0077.

Background

Appendix A to 31 CFR chapter V is a list that contains the names of blocked persons, specially designated nationals, specially designated terrorists, specially designated global terrorists, foreign terrorist organizations, and specially designated narcotics traffickers listed pursuant to the various economic sanctions programs administered by the Office of Foreign Assets Control ("OFAC"). OFAC is hereby amending and republishing it in its entirety to reflect the names of individuals and

entities added to, or removed from, the list, as well as to provide updated identifying and clarifying information for certain individuals and entities included on the list.

Note 7 to the appendices to chapter V of Title 31 of the Code of Federal Regulations states, in relevant part, that frequently updated information on OFAC designations is provided for examination on or downloading from OFAC's Web site (<http://www.treas.gov/ofac>). Among other data, the Web site posts changes in designations and identifying information, including alternative spellings and additional aliases, and provides lists sorted by sanctions program. Information is also available via facsimile through OFAC's fax-on-demand service at 202/622-0077 and on various information systems serviced by OFAC. Updated information on OFAC designations should be consulted before engaging in transactions that may be subject to the economic sanctions programs administered by OFAC. Please note that some OFAC sanctions programs may prohibit transactions involving individuals or entities not identified in this appendix.

Appendix A of chapter V of Title 31 of the Code of Federal Regulations conforms to the format used on OFAC's Web site to present the information on Specially Designated Nationals and Blocked Persons. This amendment reflects the complete list of persons identified in OFAC's Specially Designated Nationals and Blocked Persons list as of April 10, 2008, though some alternative spellings and aliases are presented in a different format on the OFAC Web site. Changes after that date are not reflected in this document.

Public Participation

Because the amendment of Appendix A to 31 CFR chapter V involves a foreign affairs function, Executive Order 12866 and the provisions of the Administrative Procedure Act (5 U.S.C. 553), requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601-612) does not apply.

DEPARTMENT OF THE TREASURY

FISCAL SERVICE

(Dept. Circular 570; 2008 Revision)

COMPANIES HOLDING CERTIFICATES OF AUTHORITY AS ACCEPTABLE SURETIES ON
FEDERAL BONDS AND AS ACCEPTABLE REINSURING COMPANIES

Effective July 1, 2008

This Circular is published annually, solely for the information of Federal bond-approving officers and persons required to give bonds to the United States. Copies of the Circular and interim changes may be obtained directly from the internet or from the Government Printing Office (202) 512-1800. (Interim changes are published in the FEDERAL REGISTER and on the internet as they occur). Other information pertinent to Federal sureties may be obtained from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, 3700 East West Highway, Room 6F01, Hyattsville, MD 20782, Telephone (202) 874-6850 or Fax (202) 874-9978.

The most current list of Treasury authorized companies is always available through the Internet at www.fms.treas.gov/c570. In addition, applicable laws, regulations, and application information are also available at the same site.

Please note that the underwriting limitation published herein is on a per bond basis but this does not limit the amount of a bond that a company can write. Companies are allowed to write bonds with a penal sum over their underwriting limitation as long as they protect the excess amount with reinsurance, coinsurance or other methods as specified at 31 CFR 223.10-11. Please refer to footnote (b) at the end of this publication.

The following companies have complied with the law and the regulations of the U.S. Department of the Treasury. Those listed in the front of this Circular are acceptable as sureties and reinsurers on Federal bonds under Title 31 of the United States Code, Sections 9304 to 9308 [See Note (a)]. Those listed in the back are acceptable only as reinsurers on Federal bonds under 31 CFR 223.3(b) [See Note (e)].

If we can be of any assistance, please feel free to contact the Surety Bond Branch at (202) 874-6850.

Scott H. Johnson
Assistant Commissioner, Management (CFO)
Financial Management Services

Notes

(a) All Certificates of Authority expire June 30, and are renewable July 1, annually. Companies holding Certificates of Authority as acceptable sureties on Federal bonds are also acceptable as reinsuring companies.

(b) The Underwriting Limitations published herein are on a *per bond basis*. Treasury requirements do not limit the penal sum (face amount) of bonds which surety companies may

See footnotes and notes at the end of this Circular.

provide. However, *when the penal sum exceeds a company's Underwriting Limitation, the excess must be protected* by co-insurance, reinsurance, or other methods in accordance with 31 CFR Section 223.10, Section 223.11. Treasury refers to a *bond of this type as an Excess Risk*. When Excess Risks on *bonds in favor of the United States are protected by reinsurance*, such reinsurance is to be effected by use of a *Federal reinsurance form* to be filed with the bond or within 45 days thereafter. In protecting such excess risks, the underwriting limitation in force on the day in which the bond was provided will govern absolutely. For further assistance, contact the Surety Bond Branch at (202) 874-6850.

(c) A surety company *must be licensed in the State or other area in which it provides a bond*, but need not be licensed in the State or other area in which the principal resides or where the contract is to be performed [28 Op. Atty. Gen. 127, Dec.24, 1909; 31 CFR Section 223.5 (b)]. The term "other area" includes the District of Columbia, American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands.

License information in this Circular is provided to the Treasury Department by the companies themselves. *For updated license information, you may contact the company directly or the applicable State Insurance Department*. Refer to the list of state insurance departments at the end of this publication. For further assistance, contact the Surety Bond Branch at (202) 874-6850.

(d) FEDERAL PROCESS AGENTS: Treasury Approved surety companies are required to appoint Federal process agents in accord with 31 U.S.C. 9306 and 31 CFR 224.

(e) Companies holding Certificates of Authority as acceptable reinsuring companies are acceptable only as reinsuring companies on Federal bonds and may not directly write Federal bonds.

(f) Some companies may be Approved *surplus lines carriers* in various states. Such approval may indicate that the company is *authorized to write surety in a particular state, even though the company is not licensed in the state*. Questions related to this may be directed to the appropriate State Insurance Department. Refer to the list of state insurance departments at the end of this publication.

Ford Federal Direct Loan Program****AGENCY:** Office of Postsecondary Education, Department of Education.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Secretary proposes to amend the Federal Perkins Loan (Perkins Loan) Program, Federal Family Education Loan (FFEL) Program, and William D. Ford Federal Direct Loan (Direct Loan) Program regulations. These proposed regulations are needed to implement provisions of the Higher Education Act of 1965 (HEA), as amended by the College Cost Reduction and Access Act of 2007 (CCRAA).

DATES: We must receive your comments on or before August 15, 2008.

ADDRESSES: Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments by fax or by e-mail. Please submit your comments only one time, in order to ensure that we do not receive duplicate copies. In addition, please include the Docket ID at the top of your comments.

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> to submit your comments electronically. Information on using Regulations.gov, including instructions for accessing agency documents, submitting comments, and viewing the docket, is available on the site under "How To Use This Site."

- *Postal Mail, Commercial Delivery, or Hand Delivery.* If you mail or deliver your comments about these proposed regulations, address them to Nikki Harris, U.S. Department of Education, 1990 K Street, NW., room 8033, Washington, DC 20006-8502.

Privacy Note: The Department's policy for comments received from members of the public (including those comments submitted by mail, commercial delivery, or hand delivery) is to make these submissions available for public viewing on the Federal eRulemaking Portal at <http://www.regulations.gov>. All submissions will be posted to the Federal eRulemaking Portal without change, including personal identifiers and contact information.

SUPPLEMENTARY INFORMATION:**Invitation To Comment**

As outlined in the section of this notice entitled "*Negotiated Rulemaking*," significant public participation, through three public hearings and four negotiated rulemaking sessions, has occurred in developing this notice of proposed rulemaking (NPRM). Therefore, in accordance with the requirements of the Administrative Procedure Act, the Department invites you to submit comments regarding these proposed regulations on or before August 15, 2008. To ensure that your comments have maximum effect in developing the final regulations, we urge you to identify clearly the specific section or sections of the proposed regulations that each of your comments addresses and to arrange your comments in the same order as the proposed regulations.

We invite you to assist us in complying with the specific requirements of Executive Order 12866, including its overall requirements to assess both the costs and the benefits of the intended regulation and feasible alternatives, and to make a reasoned determination that the benefits of this intended regulation justify its costs. Please let us know of any further opportunities we should take to reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the programs.

During and after the comment period, you may inspect all public comments about these proposed regulations by accessing Regulations.gov. Assistance to Individuals With Disabilities in Reviewing the Rulemaking Record

On request, we will supply an appropriate aid, such as a reader or

print magnifier, to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for these proposed regulations. If you want to schedule an appointment for this type of aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Negotiated Rulemaking

Section 492 of the HEA requires the Secretary, before publishing any proposed regulations for programs authorized by title IV of the HEA, to obtain public involvement in the development of the proposed regulations. After obtaining advice and recommendations from the public, including individuals and representatives of groups involved in the Federal student financial assistance programs, the Secretary must subject the proposed regulations to a negotiated rulemaking process. All proposed regulations that the Department publishes on which the negotiators reached consensus must conform to final agreements resulting from that process unless the Secretary reopens the process or provides a written explanation to the participants stating why the Secretary has decided to depart from the agreements. Further information on the negotiated rulemaking process can be found at <http://www.ed.gov/policy/highered/reg/hearulemaking/2008/index2008.html>.

On October 22, 2007, the Department published a notice in the **Federal Register** (72 FR 59494) announcing our intent to establish up to two negotiated rulemaking committees to prepare proposed regulations. One committee would focus on issues related to the new TEACH Grant Program (TEACH Grant Committee). A second committee would address Federal student loans (Loans Committee). The notice requested nominations of individuals for membership on the committees who could represent the interests of key stakeholder constituencies on each committee. The Loans Committee met to develop proposed regulations during the months of January 2008, February 2008, March 2008, and April 2008. This NPRM resulted from the work of the Loans Committee and proposes regulations relating to the administration of the Federal student loan programs.

The Department developed a list of proposed regulatory provisions from advice and recommendations submitted by individuals and organizations as testimony to the Department in a series of three public hearings held on:

- November 2, 2007, at the Sheraton New Orleans, New Orleans, Louisiana.
- November 16, 2007, at the U.S. Department of Education in Washington, DC.
- November 29, 2007, at the Manchester Grand Hyatt San Diego, San Diego, California.

In addition, the Department accepted written comments on possible regulatory provisions submitted directly to the Department by interested parties and organizations. A summary of all comments received orally and in writing is posted as background material in the docket. Transcripts of the regional meetings can be accessed at <http://www.ed.gov/policy/highered/reg/hearulemaking/2008/index2008.html>.

Staff within the Department also identified issues for discussion and negotiation.

At its first meeting, the Loans Committee reached agreement on its protocols and proposed agenda. These protocols provided that the non-Federal negotiators would participate in the negotiated rulemaking process based on each Committee member's experience and expertise and would not represent specific constituencies.

The Loans Committee included the following members:

- Luke Swarthout, U.S. Public Interest Research Group, and Rebecca Thompson (alternate), United States Student Association.
- Carrie Steere-Salazar, Association of American Medical Colleges, and Radhika Miller (alternate), National Lawyers Guild Partnership for Civil Justice.
- Deanne Loonin, National Consumer Law Center, and Lauren Saunders (alternate), National Consumer Law Center.
- Allison Jones, California State University, and Anna Griswold (alternate), Pennsylvania State University.
- Eileen O'Leary, National Direct Student Loan Coalition, and Kathleen Koch (alternate), Seattle University School of Law.
- George Chin, University Director of Student Financial Assistance, The City University of New York, and John Curtice (alternate), The State University of New York System Administration.
- Mark Pelesh, Corinthian Colleges, and Tammy Halligan, (alternate), Career College Association.
- Tom Levandowski, Wachovia Corporation, and Walter Balmas (alternate), MyRichUncle Student Loans.
- Scott Giles, Vermont Student Assistance Corporation, and Phil Van

Horn (alternate), Wyoming Student Loan Corporation.

- Gene Hutchins, New Jersey Higher Education Student Assistance Authority, and Dick George (alternate), Great Lakes Higher Education Guaranty Corporation.
- Wanda Hall, Edfinancial Services, and Robert Sommer (alternate), Sallie Mae.
- Martin Damian, Windham Professionals, and Carl Perry (alternate), Progressive Financial Services, Inc.
- Anne Gross, National Association of College and University Business Officers, and Larry Zaglaniczny (alternate), National Association of Student Financial Aid Administrators.
- Dan Madzelan, U.S. Department of Education.

These protocols also provided that, unless agreed to otherwise, consensus on all of the amendments in the proposed regulations had to be achieved for consensus to be reached on the entire NPRM. Consensus means that there must be no dissent by any member.

During its meetings, the Loans Committee reviewed and discussed drafts of proposed regulations. At the final meeting in April 2008, the Loans Committee reached consensus on all of the proposed regulations in this document. More information on the work of the Loans Committee can be found at <http://www.ed.gov/policy/highered/reg/hearulemaking/2008/loans.html>.

Following the Loans Committee's final meeting the proposed regulations were reviewed by the Department of Defense (DOD) and the Department of Health and Human Services (HHS). Based on the comments we received from DOD and HHS, we made technical changes to the proposed regulations.

HHS pointed out that the correct technical term for the specific set of dollar figures published annually by HHS for use in determining eligibility for certain programs is "the poverty guidelines" rather than "the poverty line guidelines." The poverty guidelines are used to determine whether a title IV borrower is eligible for an economic hardship deferment or has a partial financial hardship under the IBR plan. HHS recommended that we replace all references to "the poverty line guidelines" in the proposed regulations with the term "poverty guidelines." We agreed and made this change.

DOD questioned one provision in the proposed definition of "active duty" for purposes of determining a borrower's eligibility for the post-active duty student deferment in the Federal Perkins, FFEL, and Direct Loan

programs. DOD indicated that the reference to "section 101(19) of title 32" in proposed 34 CFR 674.34(i)(2)(iv), 682.210(u)(2)(iv), and 685.204(f)(2)(iv) was incorrect because State active duty, which is not Federally funded, would not be covered under section 101(19) of title 32, but under State law and regulations. To correct the reference and to accomplish the goal of the proposed provision, which was to exclude from deferment eligibility those individuals who are employed in permanent full-time positions with the National Guard unless they are subject to a further call-up to active State duty, DOD recommended language that we have substantively incorporated in the relevant sections of the proposed regulations.

These proposed regulations would implement a new loan repayment plan and a new loan forgiveness program created by the CCRAA. In addition, these proposed regulations would implement several other provisions enacted by the CCRAA that relate to the title IV HEA loan programs.

The CCRAA added a new income-based repayment (IBR) plan to the FFEL and Direct Loan Programs. Under the IBR plan, effective July 1, 2009, a borrower who has a partial financial hardship is eligible to make reduced monthly payments on his or her loan for a period of up to 25 years, after which the Secretary cancels any remaining principal and accrued interest on the loan, provided the borrower meets certain requirements.

The CCRAA also added the new Public Service Loan Forgiveness program to the Direct Loan Program. Under this loan forgiveness program, the Secretary forgives any remaining principal and accrued interest on a borrower's eligible Direct Loan if, after October 1, 2007, the borrower makes 120 monthly payments on the loan while the borrower is employed full-time in a public service job. The CCRAA provides that a FFEL borrower may obtain a Direct Consolidation Loan if the borrower wants to participate in the Public Service Loan Forgiveness Program, but this provision does not take effect until July 1, 2008.

This NPRM also addresses changes made by the CCRAA to military and economic hardship deferments, special allowance payments, and not-for-profit holders under the FFEL Program.

Significant Proposed Regulations

We group major issues according to subject, with appropriate sections of the proposed regulations referenced in parentheses. We discuss substantive issues under the sections of the

proposed regulations to which they pertain. Generally, we do not address proposed regulatory provisions that are technical or otherwise minor in effect.

Economic Hardship Deferment (§§ 674.34 and 682.210)

Statute: Section 435(o) of the HEA defines economic hardship as when a borrower is working full-time and is earning an amount that does not exceed either an amount equal to 150 percent of the poverty guideline applicable to the borrower's family size or the Federal minimum wage rate. The poverty guidelines are issued annually by the Department of Health and Human Services (HHS). The statute also authorizes the Secretary to establish other criteria by regulation. Any regulatory criteria added by the Secretary would have to consider a borrower's income and debt-to-income ratio as primary factors.

Current Regulations: The regulations governing the economic hardship deferment in the FFEL, Direct Loan, and Federal Perkins Loan programs were amended on November 1, 2007 (72 FR 61960) to incorporate the change in the eligibility standard enacted as part of the CCRAA. The CCRAA changed the applicable standard used to determine eligibility for the deferment from "an amount equal to 100 percent of the poverty line for a family of two, as determined in accordance with section 673(2) of the Community Service Block Grant Act" to "an amount equal to 150 percent of the poverty line applicable to the borrower's family size, as determined in accordance with section 673(2) of the Community Service Block Grant Act." The current regulations also include criteria under which a borrower could qualify for the deferment if the borrower is: (1) Working full-time and has a Federal educational debt burden that equals or exceeds 20 percent of the borrower's monthly income, and that income, minus the borrower's Federal education debt burden, is less than 220 percent of either the Federal minimum wage rate or the poverty guideline, or (2) working less than full-time and has a monthly income that does not exceed twice the Federal minimum wage rate or poverty guideline and, after deducting the borrower's Federal education debt burden, the remaining amount of that income does not exceed the Federal minimum wage rate or the poverty guideline.

Proposed Regulations: The Secretary proposes to amend the regulations governing eligibility for an economic hardship deferment to include a definition of family size. The proposed definition of family size would be the

number that is determined by counting the borrower, the borrower's spouse, and the borrower's children, if the children receive more than half their support from the borrower. A borrower's family size could include other individuals if, at the time the borrower requests the economic hardship deferment, the other individuals reside with the borrower and receive more than half of their support from the borrower, and if they will continue to receive that support from the borrower. The kinds of support provided by the borrower to the individual could include money, gifts, loans, housing, food, clothes, car, medical and dental care, and payment of college costs.

The proposed regulations also would remove the reference to "section 673(2) of the Community Service Block Grant Act" and substitute, in its place, a reference to "the Department of Health and Human Services guidelines pursuant to 42 U.S.C. 9902(2)." The regulations also would specify that if a borrower is not a resident of a State identified in the poverty guidelines, the poverty guideline to be used for the borrower is the poverty guideline for the relevant family size used for the 48 contiguous States.

Finally, the proposed regulations would eliminate both the economic hardship criterion for a borrower who is working full-time and has a 20/220 debt-to-income ratio, and the corresponding debt-to-income ratio criterion for a borrower who is working part-time.

Reasons: A definition of family size is not currently part of the poverty guidelines. A definition is now necessary because the applicable poverty guideline used to determine whether a borrower has an economic hardship is based on the borrower's family size at the time the borrower requests, or applies for renewed eligibility for, the deferment. A standard definition is needed to ensure that borrowers are treated equitably in determining economic hardship. Because they share the same statutory basis in section 435(o) of the HEA, the proposed definition of family size for the purpose of determining eligibility for an economic hardship deferment is also the definition proposed for use to determine a borrower's partial economic hardship under the new IBR plan.

The proposed regulations would clarify that HHS is the source of the poverty guidelines and provide guidance on the treatment of a borrower who is not residing in a "State" identified in the poverty guidelines. In particular, the proposed regulations address situations in which a borrower

resides in a foreign country when the borrower applies for the deferment. Some non-Federal negotiators indicated that they believed that the Department's prior operational guidance on economic hardship deferments directed them to use the poverty guideline for the State in which the borrower last resided. However, the borrower's last residence in that State might be many years in the past and irrelevant to the borrower's current circumstances. Moreover, such an approach could result in using a more favorable poverty guideline for borrowers who formerly resided in either Alaska or Hawaii than borrowers who formerly lived in one of the 48 contiguous States. In light of these factors, the negotiators decided that using the contiguous 48-State poverty guideline for borrowers living outside the United States would be more equitable for similarly situated borrowers.

The CCRAA eliminated the provision in section 435(o) of the HEA under which a borrower could be considered to have an economic hardship if the borrower was working full-time and had a Federal educational debt burden that equaled or exceeded 20 percent of the borrower's adjusted gross income (AGI). Previously, borrowers were eligible for an economic hardship deferment if they could demonstrate that they were working full-time and had a Federal education debt burden that equaled or exceeded 20 percent of the borrower's income, and that the borrower's income minus the borrower's Federal education debt burden would leave the borrower with an available income that was less than 220 percent of the Federal minimum wage rate or an amount equal to 150 percent of the poverty guideline based on the borrower's family size. A comparable debt-to-income ratio provision applied to borrowers working less than full-time. This has been referred to as "the 20/220 rule."

The Department retained the 20/220 rule in regulations published on November 1, 2007, so that borrowers could continue to qualify for an economic hardship deferment on this basis until the newly created IBR plan became operational on July 1, 2009. Consequently, a borrower who is in an economic hardship deferment under either one of the debt-to-income provisions (applicable to borrowers working full-time or on a less than full-time basis), with a deferment period that starts prior to July 1, 2009, will continue in that status for one year after the start date of that deferment period. However, no subsequent economic hardship deferment will be available under that

criterion for any deferment request made on or after July 1, 2009.

Some non-Federal negotiators asked the Department to retain the 20/220 rule. They argued that the elimination of the rule would have an adverse impact on borrowers (i.e., some borrowers who would not have to make payments under the 20/220 rule would now be required to make payments), particularly on medical and other health professionals who have a large amount of student loan debt and will spend a number of years in low paying medical internships and residencies as part of their training. The Department believes, however, that Congress intended to eliminate the 20/220 rule and replace it with the new IBR plan that is meant to provide assistance to this kind of borrower during periods of limited earnings. Both the definition of partial financial hardship for purposes of the IBR plan and the criteria for economic hardship deferment are based on the definition of economic hardship in section 435(o) of the HEA. The Congress expanded the potential applicability of a partial financial hardship, which supports IBR eligibility, by changing the applicable poverty guideline for eligibility in section 435(o)(1)(A)(ii), while at the same time deleting section 435(o)(1)(B), which specifically supported the 20/220 criteria for the economic hardship deferment. The Department's action to retain the 20/220 rule in the November 1, 2007, regulations was designed to ease the transition for affected borrowers until the IBR plan is implemented.

Although the IBR plan, unlike a deferment, does not permit a borrower to postpone payments, it does provide for reduced payments because borrowers who initially select the IBR plan must have a partial financial hardship. A borrower has a partial financial hardship if the annual amount due on all eligible loans, as calculated under a standard repayment plan based on a 10-year repayment period, is more than 15 percent of the difference between the borrower's most recent, documented AGI and 150 percent of the poverty guideline for the borrower's family size. Some borrowers in the IBR plan will not be required to make monthly loan payments. Other borrowers will have monthly payment amounts that are much less than those normally calculated under a standard repayment plan.

Military Service Deferment and Post-Active Duty Student Deferment (§§ 674.34, 682.210, 682.211, and 685.204)

Statute: The Higher Education Reconciliation Act of 2005 (HERA) established a new military service deferment in the FFEL, Direct Loan, and Federal Perkins Loan programs for military personnel and members of the National Guard who are called to active duty military service during a war or other military operation or national emergency. The CCRAA expanded the military service deferment to allow all eligible borrowers to receive the deferment on all their outstanding title IV loans, rather than just on loans that were first disbursed on or after July 1, 2001, and eliminated the maximum three-year limit on the deferment. The CCRAA also extended the military service deferment for an additional 180 days following the date the borrower is demobilized from the qualifying active duty service. The expansion of the military deferment is for all periods of active duty service that include October 1, 2007, or begin on or after that date.

The CCRAA also created a new post-active duty student deferment in the FFEL, Direct Loan, and Federal Perkins Loan programs for members of the National Guard or Armed Forces Reserve, and members of the Armed Forces who are in a retired status who are called or ordered to active duty service. The deferment is available for up to 13 months following the borrower's demobilization from active duty service. To be eligible, the borrower must have been called to active duty service while the borrower was enrolled in a program of instruction at an eligible institution or within six months of having been enrolled. The deferment expires if the borrower reenrolls in school. Active duty for the purpose of this deferment is defined in the CCRAA as active duty as the term is used in 10 U.S.C. section 101(d)(1); however, it does not include active duty for attendance at a service school or for training duty, and it does include active duty of members of the National Guard ("active State duty"). Consistent with the date of enactment of the CCRAA, the deferment is available to an eligible borrower who was serving on active duty on October 1, 2007, or was called to active duty service on or after that date.

Current Regulations: The FFEL, Direct Loan, and Federal Perkins Loan program regulations governing the military service deferment were amended on November 1, 2007, to reflect the expansion of deferment benefits

resulting from the CCRAA. The references in prior regulations to a three-year time limit and its applicability only to loans first disbursed on or after July 1, 2001 were removed from the regulations, and the new 180-day post-active duty deferment was added. A provision for the new 13-month post-active duty student deferment and the statutory definition of the term "active duty" for purposes of this deferment were also added to the regulations.

Proposed Regulations: The proposed regulations would clarify the current regulations, incorporate guidance on the deferments that was provided to program participants in Dear Colleague Letter GEN-08-01 (issued January 8, 2008), and would provide relief to borrowers who may qualify for a post-active duty student deferment after demobilization, but do not qualify for the military service deferment during their active State duty service.

The proposed regulations would clarify that the expansion of the military service deferment to include a 180-day post demobilization period, and the post-active duty student deferment would be available to borrowers who were serving on active duty on October 1, 2007, or who are called to active duty on or after that date. The proposed regulations in §§ 674.34(i)(3), 682.210(u)(3), and 685.204(f)(1)(ii) would also clarify that a borrower's eligibility for the post-active duty student deferment terminates only if the borrower returns to enrolled student status on at least a half-time basis, and that a borrower returning from active duty who is in the grace period on a loan is not required to waive the grace period to use the 13-month post-active duty student deferment. The proposed regulations in §§ 674.34(i)(2)(i) and (ii), 682.210(u)(2)(i) and (ii), and 685.204(f)(2)(i) and (ii) would also clarify that active State duty for members of the National Guard includes, for purposes of the post-active duty student deferment, both active duty under which a Governor activates members of the National Guard under State statute or policy and the activities are paid for with State funds, and active duty under which a Governor is authorized, with the approval of the President or U.S. Secretary of Defense to activate members of the National Guard and the activities are paid for with Federal funds. The proposed regulations in §§ 674.34(i)(2)(iv), 682.210(u)(2)(iv), and 685.204(f)(2)(iv) would also specify that active duty for this purpose does not include a borrower who is serving in a full-time, permanent position of employment with the National Guard,

unless the borrower is reassigned as part of a call-up to active duty service. At the recommendation of DOD, the incorrect reference to section 101(19) of title 32, U.S.C. has been removed, as discussed elsewhere in this preamble.

The proposed regulations also incorporate the Department's earlier guidance (Dear Colleague Letter GEN-08-01) on implementation of the CCRAA military-related deferment provisions. As provided in that guidance, the proposed regulations in §§ 674.34(h)(7), 682.210(t)(9), and 685.204(e)(7) would authorize loan holders to grant a military service deferment to an otherwise eligible borrower for an initial deferment period not to exceed 12 months from the date the borrower's qualifying active duty service begins based on a request from either the borrower or the borrower's representative. Consistent with that earlier guidance, although supporting documentation is not required for this initial 12-month deferment period, it is required for any subsequent deferment period. Additionally, §§ 674.34(i)(4), 682.210(u)(4), and 685.214(f)(4) of the proposed regulations would specify that if a borrower is eligible for both the 180-day military service deferment following the borrower's demobilization, and the 13-month post-active duty student deferment, the borrower's eligibility for those separate deferments runs concurrently.

Finally, a change has been proposed in the FFEL program regulations in § 682.211(h) governing mandatory forbearance that would require the loan holder to grant forbearance to a borrower who is called to active State duty for more than a 30-day period and who does not qualify for a military service deferment during the active State duty service period, but who qualifies for the post-active duty student deferment.

Reasons: The negotiators agreed that the regulations governing the two military service-related deferments required clarifying amendments, and that the Department's earlier guidance should be included in the proposed regulations to ease program administration. That guidance addressed the October 1, 2007, effective date for the new benefits, and clarified that a borrower who received a military service deferment that began prior to October 1, 2007, would qualify for the extra 180 days of deferment if the borrower's period of military service included the October 1, 2007, date.

Non-federal negotiators noted that the post-active duty student deferment does not relieve a borrower of the obligation to make payments on a student loan

during the borrower's period of active duty military service. A borrower in an in-school status would be required to make payments after the initial grace period elapses. A borrower receiving an in-school deferment would be required to make payments on a student loan after the borrower drops below half-time status at the school and reports for active duty service.

The non-federal negotiators recommended that the Department provide for a mandatory forbearance to cover this gap, so that borrowers who will qualify for a post-active duty student deferment, but are no longer in an in-school status or qualify for an in-school deferment, will not be obligated to make loan payments during the period of active duty service.

The Department agreed with the non-federal negotiators. The proposed revisions to § 682.211(h) provide for the mandatory forbearance to begin after the initial grace period elapses, for borrowers in an in-school status, and to begin after the borrower ceases enrollment, for borrowers who are in an in-school deferment at the time of the call to active duty.

Some of the non-Federal negotiators expressed concern over the confusion that may result for borrowers and those assisting them with respect to the different eligibility requirements for the two different military service-related deferments. The negotiators discussed different approaches to providing information on the various forms of relief available to title IV student loan borrowers called to active duty military service, such as charts and brochures, but determined that these efforts were operational in nature and would not affect the regulations.

Income-Based Repayment Plan

Definitions (§§ 682.215(a) and 685.221(a))

Partial Financial Hardship

Statute: Section 493C(a)(3) of the HEA provides that a borrower has a partial financial hardship if the annual amount due on all of the borrower's eligible FFEL and Direct Loans (as calculated under a standard repayment plan based on a 10-year repayment period) exceeds 15 percent of the difference between the borrower's AGI and 150 percent of the poverty guideline for the borrower's family size. If a married borrower files a separate Federal income tax return, section 493C(d) of the HEA provides that only the borrower's income and student debt are used in determining the amount of the borrower's payment under the IBR plan.

Proposed Regulations: Proposed §§ 682.215(a)(4) and 685.221(a)(4) would incorporate the statutory definition of the term partial financial hardship. The proposed regulations would also incorporate the terms and definitions of "AGI," "family size," and "poverty guideline" from existing § 682.210, which addresses how to determine whether a borrower qualifies for an economic hardship deferment.

Under the proposed regulations, AGI would mean the income reported by the borrower to the Internal Revenue Service (IRS). For a married borrower filing jointly, AGI would include both the borrower's and spouse's income. If a married borrower files separately, AGI would include only the borrower's income.

Under the proposed regulations, family size would include the borrower, the borrower's spouse, and the borrower's children if the children receive more than half their support from the borrower. Other individuals could be included in family size if, at the time the borrower certifies family size, those other individuals live with the borrower and receive more than half their support from the borrower and will continue to receive this support for the year the borrower certifies family size. Support would include money, gifts and payment of other expenses, including college costs.

Under the proposed regulations, poverty income would be the income categorized by State and family size in the poverty guidelines.

Finally, under the proposed regulations, the term "eligible loan" would refer to any outstanding FFEL or Direct Loan made to a borrower, except for a FFEL or Direct PLUS Loan made to a parent borrower or a FFEL or Direct Consolidation Loan that repaid a FFEL or Direct PLUS Loan made to a parent borrower.

Reasons: For consistency and ease of administering the title IV loan programs, the definitions of AGI, family size, and poverty guidelines would be the same in all sections of the regulations to which they apply. While supporting this approach, some non-Federal negotiators suggested that AGI or the total amount of eligible loans should be adjusted in cases when a married borrower and his or her spouse both have outstanding loans, file a joint Federal tax return, and both qualify for IBR. In these cases, the combined monthly student loan payments of the borrower and the spouse could exceed the 15 percent payment threshold under the IBR plan. The Department acknowledged this possibility but noted that the negotiators' suggested change would be

inconsistent with the HEA. First, section 493C(d) of the HEA, as amended by Public Law 110–153, specifically provides for considering the individual AGI of one married borrower only when the borrower and the borrower's spouse file separate Federal tax returns. Second, section 493C(a)(3)(A) of the HEA requires that only the borrower's eligible loans, not the spouse's, are considered in determining whether the borrower has a partial financial hardship.

Income-Based Payment Amount (§§ 682.215(b) and 685.221(b))

Statute: Under section 493C(b)(1) of the HEA, the monthly payment amount of a borrower who qualifies for a partial financial hardship is determined by calculating 15 percent of the amount obtained by subtracting 150 percent of the borrower's poverty guideline from the borrower's AGI, and then dividing this amount by 12 (an example of this calculation is provided in Appendix A of this preamble).

Proposed Regulations: If a borrower's eligible loans are held by more than one loan holder, proposed §§ 682.215(b)(1) and 685.221(b)(2) would require each loan holder to adjust the amount of a borrower's calculated monthly payment. The borrower's adjusted monthly payment would be determined by multiplying the calculated monthly payment amount by the percentage of the total outstanding principal amount of eligible loans held by that holder (see the example in Appendix A of this preamble).

If the borrower's calculated monthly payment is less than \$5.00, the borrower would not be required to make a payment. If the borrower's calculated monthly payment is between \$5.00 and \$10.00, the borrower would be required to make a \$10.00 payment.

Reasons: Without the proposed adjustment by each loan holder of the borrower's eligible loans, a borrower who selects the IBR plan with two or more loan holders would have to make total monthly payments in excess of the statutory maximum.

With regard to minimum monthly payment amounts, the Department initially proposed to adopt the \$5.00 minimum monthly payment provision used in the Direct Loan Program income contingent repayment (ICR) plan. Under the ICR plan, a minimum payment of \$5.00 is required whenever the borrower's calculated monthly payment is greater than zero but equal to or less than \$5.00. The non-Federal negotiators argued that, because a borrower's calculated monthly payment amount under the IBR plan could be zero, a

minimum \$5.00 payment (or any payment amount over zero) would violate the 15 percent payment threshold. As a result, the Department agreed to allow zero payment amounts, which will require no collection action on the part of the loan holder. However, as an administrative matter, taking into consideration the cost of processing payments, the non-Federal negotiators agreed to the Department's proposal to establish a minimum payment of \$10.00 whenever the borrower's calculated monthly payment is between \$5.00 and \$10.00. This represents a compromise approach for dealing with *de minimis* payment amounts for borrowers with low income and high debt. On one hand, it satisfies the concern of the non-Federal negotiators that a borrower with a calculated payment at or near zero should not have to make any payments. On the other hand, setting the minimum payment at \$10 (an amount agreed to by the Loans Committee as part of the negotiations) mitigates the financial risk to FFEL loan holders, servicers, and the Department that the marginal cost of processing the payment is not more than the payment amount.

Borrower Payments (§§ 682.215(b), 682.215(c), 685.221(b), 685.221(c), and 682.300(b))

Statute: Section 493C(b)(2) of the HEA specifies that monthly loan payments made under the IBR plan are applied first toward interest due on the loan, next toward any fees, and then to the principal balance of the loan. In addition, section 493C(b)(3) provides that if the borrower's monthly payment does not cover the accrued interest on a subsidized loan, the Secretary will pay the interest for up to three years after the date the borrower elects IBR. The three-year period does not include any period during which a borrower receives an economic hardship deferment.

Proposed Regulations: Proposed §§ 682.215(c) and 685.221(c) would incorporate the provisions from the HEA regarding the order in which IBR payments are to be applied by a loan holder.

Proposed §§ 682.215(b)(4) and 682.300(b)(1)(iv) and (b)(2)(x) would provide that, if the borrower's payment is insufficient to pay the accrued interest on a loan, the Secretary pays the accrued interest on a subsidized Stafford Loan, or on the subsidized portion of a Consolidation Loan, to the FFEL loan holder for up to three consecutive years from the date that the borrower initially began repayment on each loan under the IBR plan. In the Direct Loan Program, proposed

§ 685.221(b)(3) would provide that the Secretary will not charge interest to borrowers during this three-year period. In the proposed regulations for both the FFEL and Direct Loan Programs, the three-year period would not include any period during which a borrower receives an economic hardship deferment.

Reasons: Some of the non-Federal negotiators believed that the statutory provisions regarding the three-year interest subsidy period were ambiguous in three respects. First, these negotiators believed that the date that a borrower elects the IBR plan could be interpreted to mean the date the borrower notified the holder, or any other date up to the date the borrower makes a payment under the IBR plan. Second, they believed it was unclear whether the three-year period was applicable to each of the borrower's loans or was the cumulative period of the borrower's eligibility for the subsidy payments. The proposed regulations would address both of these issues by providing that the three-year period starts on the date the borrower initially begins repayment on each loan under the IBR plan.

Third, some of the non-Federal negotiators did not agree with the Department's determination that the three-year period is a consecutive period. The Department notes that section 493C(b)(3)(A) of the HEA specifically states that the subsidy period starts on the date the borrower selects the IBR plan and provides for only one type of interruption or break in the three-year period—economic hardship deferments. Therefore, once the subsidy period begins, it runs continuously for three years as long as the borrower's monthly payment under the IBR plan is not sufficient to pay the accrued interest on the borrower's loan.

Changes in Payment Amount (§§ 682.215(d) and 685.221(d))

Statute: For a borrower who no longer has a partial financial hardship, or who no longer wants to continue making income-based payments under the IBR plan, section 493C(b)(6) of the HEA provides that the maximum monthly payment the borrower may be required to make must not exceed the monthly amount calculated for the borrower under a 10-year repayment period when the borrower first entered IBR. Under either of these circumstances, the repayment period may exceed 10 years. Section 493C(b)(8) of the HEA also provides that a borrower who is paying under the IBR plan may elect, at any time, to terminate payment under the IBR plan and repay under the standard repayment plan.

Proposed Regulations: Proposed §§ 682.215(d) and 685.221(d) would provide for the recalculation of the borrower's monthly payment if the borrower no longer has a partial financial hardship, chooses to stop making income-based payments, or elects to leave the IBR plan entirely.

The proposed regulations provide that if a borrower no longer has a partial financial hardship or wishes to stop making income-based payments, but remains within the IBR plan, the maximum monthly amount that the borrower would be required to repay must be recalculated. The recalculated amount the borrower would be required to repay is the amount the borrower would have paid under the standard repayment plan with a 10-year repayment period based on the eligible loans that were outstanding at the time the borrower began repayment under the IBR plan. The proposed regulations would also provide that the borrower's total repayment period based on the recalculated payment amount may exceed 10 years.

If a borrower no longer wishes to pay under the IBR plan, the proposed regulations would require the borrower to pay under the standard repayment plan for the remaining term available based on the borrower's initial standard repayment disclosure. The loan holder would recalculate the borrower's monthly payment based on the time remaining under the maximum 10-year repayment period for the amount of the borrower's loans that were outstanding at the time the borrower discontinued paying under the IBR plan. For a Consolidation Loan borrower who elects to leave the IBR plan, the applicable repayment period would be the repayment period remaining based on the total amount of that loan and the balance on other student loans that were outstanding at the time the borrower discontinued paying under the IBR plan.

Reasons: The proposed regulations would reflect the statutory provisions in section 493C(b)(6) of the HEA, which require a loan holder to recalculate the borrower's monthly payment if the borrower no longer has a partial financial hardship, chooses to stop making income-based payments, or leaves the IBR plan entirely. The proposed regulations would also provide for a different calculation of monthly payment amounts for Consolidation Loans when a borrower elects to leave the IBR plan and must repay under a standard repayment plan. The Department is proposing this distinction because a Consolidation Loan can have a repayment period of up

to 30 years. The negotiators agreed with this approach.

Eligibility Documentation and Verification (§§ 682.215(e) and 685.221(e))

Statute: Section 493C(c) of the HEA requires the Department to establish procedures for annually determining whether a borrower qualifies for IBR. These procedures include verifying the borrower's annual income and the annual amount due on the borrower's loans, and other procedures necessary to effectively implement the IBR plan.

Proposed Regulations: Under proposed §§ 682.215(e) and 685.221(e), the loan holder would determine whether a borrower has a partial financial hardship to qualify for the IBR plan for the year the borrower initially selects the plan and for each subsequent year that the borrower remains in the plan.

To make this determination, the loan holder would require the borrower to (1) provide written consent to the disclosure of AGI and other tax return information by the IRS to the loan holder, and (2) annually certify family size. The borrower would provide consent by signing a consent form and returning it to the loan holder. If the borrower's AGI is not available, or the loan holder believes that the borrower's reported AGI does not reasonably reflect the borrower's current income, the proposed regulations would allow the loan holder to use other documentation provided by the borrower (for example, a current pay stub or unemployment benefits letter) to verify income. If the borrower fails to respond to a loan holder's request to certify family size for a particular year, the loan holder must assume a family size of one for that year.

The proposed regulations would require the loan holder to place the borrower in a standard repayment plan if the borrower selects the IBR plan, but fails to provide the required written consent necessary for the loan holder to determine whether the borrower initially qualifies for the IBR plan. The proposed regulations also designate the recalculated monthly payment option as discussed under the "Changes in Payment Amount" for a borrower who no longer has a partial financial hardship or a borrower who fails to renew the required written consent for income verification (or withdraws that consent) but does not select another repayment plan.

Reasons: If a borrower initially selects the IBR plan but fails to provide the necessary consent for securing income information, the loan holder would place the borrower into the standard

repayment plan. This approach is consistent with the current FFEL and Direct Loan regulations that provide for a borrower to be placed on the standard repayment plan if the borrower selects the income-sensitive repayment plan in the FFEL Program or the ICR plan in the Direct Loan Program, but then fails to provide the information or authorization that is necessary for the borrower to enter that repayment plan.

The non-Federal negotiators proposed that borrowers should be allowed to provide consent for the disclosure of income information for multiple years, rather than annually. Although the Department does not object to this proposal, the forms used to provide consent are IRS-produced forms. The Department has no authority to specify the period of time an IRS consent form may cover, so the proposed regulations do not specify the duration of the consent form.

The Department initially proposed that a loan holder would automatically change the borrower's repayment option if the borrower fails to provide annual information on family size. The non-Federal negotiators recommended that the Department instead allow the borrower's family size to default to one in these cases to allow the loan holder to recalculate the borrower's eligibility for a partial financial hardship. If the borrower no longer qualifies for a partial financial hardship based on a family size of one, the loan holder would recalculate the borrower's monthly payment as discussed under "Changes in Payment Amount." The Department agreed with this proposal.

Loan Forgiveness (§§ 682.215(f) and 685.221(f))

Statute: Section 493C(b)(7) of the HEA provides that the Department will repay or cancel the outstanding balance and accrued interest on an eligible loan for a borrower who participates in the IBR plan for a period not to exceed 25 years and meets certain requirements or makes qualifying payments during the maximum 25-year period.

Proposed Regulations: Sections 682.215(f) and 685.221(f) of the proposed regulations would: (1) Establish the conditions that a borrower must satisfy to qualify for loan forgiveness under the IBR plan; (2) identify the beginning date of the 25-year period for determining whether a borrower made qualifying payments or received economic hardship deferments during that period; and (3) provide that the Department will repay or cancel the outstanding balance and accrued interest on an eligible loan at the end of the 25-year period.

Under the proposed regulations, a borrower would qualify for loan forgiveness after 25 years as long as the borrower participated in the IBR plan at any time during that period and satisfied at least one of the following conditions:

- Made reduced monthly payments on the loan under a partial financial hardship, including a payment of zero dollars.
- Made reduced monthly payments on the loan after the borrower no longer had a partial financial hardship or stopped making income-based payments.
- Made monthly payments under any repayment plan that were not less than the amount required under a FFEL or Direct Loan standard repayment plan with a 10-year repayment period based on when the borrower initially entered repayment.
- Made monthly payments under the FFEL standard repayment plan based on a 10-year repayment period for the amount of the borrower's loans that were outstanding at the time the borrower first selected the IBR plan.
- Paid a Direct Loan under the income contingent repayment (ICR) plan.
- Received an economic hardship deferment on an eligible loan.

Except for borrowers who repaid Direct Loans under the ICR plan, under proposed § 685.221(f)(3)(ii) the beginning date of the 25-year period would be no earlier than July 1, 2009, which is the effective date for the implementation of the IBR plan. In general, after the borrower selects the IBR plan, the loan holder would establish the beginning date by determining when the borrower made a qualifying payment or received an economic hardship deferment on the loan on or after July 1, 2009. However, under § 685.221(f)(3)(i) of the proposed regulations, for a borrower who made payments under the Direct Loan Program ICR plan, the beginning date would be the date the borrower made a payment on the loan under that plan any time after July 1, 1994. For borrowers who consolidate their eligible loans, the 25-year period would restart from the date of the consolidation.

Under proposed §§ 682.215(f)(4) and 685.221(f)(4), the Secretary would pay (for a FFEL loan) or forgive (for a Direct Loan) the outstanding balance and accrued interest on the eligible loan after the guaranty agency or the Department determines that the borrower satisfies the loan forgiveness requirements.

Reasons: With regard to establishing the beginning date of the 25-year period,

some of the non-Federal negotiators suggested that qualifying payments made by an otherwise eligible borrower at any time before July 1, 2009 (i.e., retroactive payments), should count toward the 25-year forgiveness period. The Department considered, but did not adopt this suggestion, for three reasons. First, the statute does not support a general rule that payments made before the effective date of the IBR plan (July 1, 2009) should count toward the forgiveness period. Second, allowing retroactive payments would substantially increase costs to the Federal government and the taxpayers (for more detail see the discussion under the Regulatory Impact Analysis section of the preamble). Third, it would be administratively difficult, if not impossible in some cases, for a loan holder to determine the beginning date of the 25-year period before July 1, 2009, because there was no expectation of loan forgiveness, and therefore, no basis to require loan holders to track and maintain data on individual loan payments in the manner needed to readily identify qualifying payments under the IBR plan.

The Department was able, however, to reach a compromise on this issue with the non-Federal negotiators for a group of borrowers that the negotiators acknowledged as the most vulnerable and needy. The Department agreed to count retroactive payments made by borrowers in the Direct Loan Program ICR plan for two reasons. First, there are no material administrative costs because the Department has readily available payment data for ICR borrowers. Second, we do not believe there would be any additional program costs because borrowers repaying their loans under the Direct Loan Program ICR plan are already on a path to loan forgiveness.

The proposed conditions and qualifying payments that a borrower must satisfy for loan forgiveness would parallel the statutory requirements. Some non-Federal negotiators encouraged the Department to consider establishing a loan forgiveness period of less than 25 years. The negotiators suggested a 20-year period, stating that the 25-year period is only a statutory maximum. The Department could not adopt this suggestion for two reasons. First, reducing the forgiveness period to 20 years would increase Federal costs (for more detail see the discussion under the Regulatory Impact Analysis section of the preamble). Second, as a policy matter, the Department believes that the loan forgiveness periods for IBR and ICR should be the same for these borrowers because they are in similar circumstances.

Loan Forgiveness Processing and Payment (§ 682.215(g))

Statute: The HEA does not address procedures for IBR loan forgiveness processing and payment with respect to FFEL loan holders and guaranty agencies.

Proposed Regulations: Proposed § 682.215(g) would establish deadlines for FFEL loan holders and guaranty agencies for processing loan forgiveness claims. A loan holder would be required to request payment from a guaranty agency no later than 60 days from the date the holder determines that a borrower qualifies for loan forgiveness. Within 45 days of receiving the lender's request, the guaranty agency would need to determine if the borrower satisfies the forgiveness requirements and notify the lender of that determination. Finally, the proposed regulations would require the loan holder to notify the borrower of the guaranty agency's determination within 30 days.

In addition, the proposed regulations would address how the loan holder and guaranty agency resolve any differences between the outstanding balance of the borrower's eligible loans and the forgiveness amount, and how a borrower is treated if it is determined that the borrower is not eligible for loan forgiveness. Although the Department has not included comparable processes in the Direct Loan Program regulations, the Department intends to follow the same deadline and notification provisions specified in these proposed FFEL regulations.

Reasons: The non-Federal negotiators supported including these processing requirements in the proposed regulations to provide for the timely processing of IBR forgiveness claims. The deadlines for lenders and guaranty agencies to process IBR loan forgiveness claims are consistent with the deadlines used for other loan discharges.

Special Allowance Payments for Income-based Loans (§ 682.302(a))

Statute: For loans in repayment under the IBR plan, section 493C(b)(9) of the HEA requires that the special allowance payment to a lender be calculated separately on the principal balance of the loan and on any unpaid accrued interest. In addition, section 493C(b)(3)(B) provides that accrued interest may be capitalized only when the borrower: (1) Elects to leave the IBR plan; or (2) begins making payments of not less than the amount the borrower would have made under a standard 10-year repayment plan based on the outstanding amount of the borrower's

loan at the time the borrower began repayment under the IBR plan.

Current Regulations: Current § 682.302(a) provides for special allowance payments by the Secretary to loan holders in the FFEL Program. A special allowance payment is generally described as a subsidy payment made to a FFEL lender under a formula provided in the HEA that ensures that the lender will receive a market-based rate on a FFEL loan regardless of what the student or parent borrower pays.

Proposed Regulations: Proposed § 682.302(a) would add to the current regulations a separate calculation of the special allowance rate for the unpaid accrued interest on a loan in repayment under the IBR plan. The current provisions for calculating the special allowance payment rate on the unpaid principal balance of a loan (including capitalized interest) would remain unchanged. However, the proposed regulations would require that, when computing the special allowance rate on the unpaid accrued interest for a borrower in IBR, the applicable interest rate used in the calculation would be zero.

Reasons: The Department initially proposed calculating the special allowance payment to be paid on the unpaid accrued interest for a borrower in the IBR plan in the same way that the special allowance payment would be calculated for other loans. Some of the non-Federal negotiators argued, however, that since accrued unpaid interest on an income-based loan can only be capitalized under limited circumstances, or may never be capitalized, the yield on the principal balance of an income-based loan would be less than the yield that would otherwise be obtained on the same type of loan when accrued unpaid interest is capitalized and becomes part of the loan principal. Moreover, the yield on the income-based loan would have been further reduced under the Department's initial approach (the special allowance rate for the unpaid accrued interest would be reduced by the applicable interest rate of the loan). The Department agreed.

Income Contingent Repayment Plan—Maximum Repayment Period (§ 685.209(c))

Statute: Section 455(e) of the HEA specifies the periods that count toward the maximum 25-year repayment period under the ICR plan in the Direct Loan Program.

Current Regulations: Current § 685.209(c) establishes the repayment period for Direct Loans under the ICR plan.

Proposed Regulations: Proposed § 685.209(c)(4) would parallel the provisions in the HEA by counting the following periods toward the maximum 25-year repayment requirement:

- Periods in which the borrower makes payments under the ICR plan on loans that are not in default.
- Periods in which the borrower makes reduced monthly payments under the IBR plan or a recalculated reduced monthly payment after the borrower no longer has a partial financial hardship or stops making income-based payments.
- Periods in which the borrower made monthly payments under the standard repayment plan after leaving the IBR plan.
- Periods in which the borrower makes payments under the standard repayment plan.
- Periods after October 1, 2007, in which the borrower makes monthly payments under any other repayment plan that are not less than the amount required under the standard repayment plan.
- Periods of economic hardship deferment after October 1, 2007.

In addition to the provisions reflecting the statutory requirements, the Department proposes to maintain the current provision in § 685.209(c)(4)(ii)(A)(2). This current provision applies to borrowers who entered repayment before October 1, 2007, with repayment periods of not more than 12 years and who made payments under either of the extended repayment plans, or, for Direct Consolidation Loan borrowers, made payments under the standard repayment plan. October 1, 2007, is the effective date of the maximum ICR repayment period provisions in the CCRAA.

Reasons: The proposed changes are necessary to reflect the statutory requirements. The Department proposes to maintain the current provisions to allow the periods that now count toward the 25-year repayment timeframe to continue to be counted for these borrowers.

Eligible Not-For-Profit Holder Definition (§ 682.302)

Statute: Section 435(p) of the HEA, added by the CCRAA, included the new term “eligible not-for-profit holder” to describe a State or non-profit entity that may receive a higher special allowance payment (SAP) rate on loans it holds than other lenders. Regulations issued by the Department on November 1, 2007 (72 FR 61960), incorporated the statutory definition of “eligible not-for-profit holder” from the CCRAA into the regulations. However, Congress made

further changes to that definition in Public Law 110–109, the Third Higher Education Extension Act of 2007, enacted October 31, 2007. Public Law 110–109 made a significant change to the definition by removing the requirement that only an entity that is an eligible lender in its own right under section 435(d) of the HEA could qualify as an eligible not-for-profit holder. Public Law 110–109 made conforming changes to other parts of section 435(p) of the HEA that excluded from eligible not-for-profit holder status any State or non-profit entity that was not the sole owner of the beneficial interest in the loan or that was itself owned or controlled by a for-profit entity.

Current Regulations: Current § 682.302(f) does not reflect the changes made by Public Law 110–109. In addition, the regulations do not address how an entity that claims to qualify as an eligible not-for-profit holder demonstrates eligibility to the Department or the standards the Department will use to determine whether the entity qualifies for that status.

Proposed Regulations: The proposed regulations would amend § 682.302(f)(3) to incorporate the changes made by Public Law 110–109 that removed the requirement that an entity qualified for not-for-profit holder status, either directly or through an eligible lender trustee (ELT), only if the entity was an eligible lender under section 435(d) of the HEA.

The Secretary also proposes to describe, in § 682.302(f)(3)(v), the circumstances in which a State or non-profit entity is deemed to be owned or controlled by a for-profit entity. These circumstances generally are those described in the Department's Dear Colleague Letter FP–07–12, issued December 28, 2007, and which were used by the Department in its initial determination of whether entities qualified for eligible not-for-profit holder status. These circumstances include those in which a for-profit entity either has a sufficient ownership interest, as a member or shareholder of an entity, to control the State or non-profit entity, or employs or appoints a majority of the individuals who serve as trustees of the State or non-profit entity, or who serve on the audit, executive, or compensation committees of the board of the entity. The proposed regulations would deem a trustee or director to be employed or appointed by a for-profit entity if the for-profit entity employs a family member of an individual, unless the Secretary determines that the nature of a family member's employment by the for-profit entity is not the kind that

would likely subject the trustee, director, or the board on which the family member serves to pressures that would affect the integrity of their decisions. The proposed regulations thus would distinguish between family members employed as lower level employees from those employed in more responsible positions.

To identify whether a for-profit entity has the power to control a State or non-profit entity, the proposed regulations would provide for review of whether the for-profit entity controls, by any of various agreements, a sufficient voting percentage of the membership or equity interests of the State or non-profit entity to direct or cause the direction of the management and policies of the State or non-profit entity.

Section 435(p)(2)(C) of the HEA provides that the State or non-profit entity must be the exclusive owner of at least the beneficial interest in a loan and its income. The proposed regulations would define "beneficial owner" (including "beneficial ownership" and "owner of a beneficial interest") in the conventional sense, as the right to receive, possess, use, and sell or otherwise exercise control over a loan and income from the loan. The proposed regulations would recognize and disregard those instances in which this power might be significantly restricted by a security interest granted by the entity in the course of issuing a debt obligation or where the entity has used an ELT to retain ownership of its loans in order to qualify those loans for FFEL Program benefits.

The HEA provides that a trustee that holds loans on behalf of a State or non-profit entity may not be compensated for that function in excess of reasonable and customary fees. The proposed regulations would provide that fees are reasonable and customary if the rate paid by the entity to the trustee does not exceed the rate paid for similar services on similar portfolios of loans of that State or non-profit entity that did not qualify for the higher SAP, or did not exceed an amount determined by using another method requested by the State or non-profit entity that the Secretary considers reliable.

The Secretary also proposes, in § 682.302(f)(3)(x), the list of documents that must be provided to the Secretary by a State or non-profit entity that seeks to demonstrate that it qualifies as an eligible not-for-profit holder. These documents generally are those described in Dear Colleague Letter FP-07-12, and which were used by the Department in its initial determination of whether entities qualified for eligible not-for-profit holder status. The requirements

would include submission of a certification signed by the State or non-profit entity's Chief Executive Officer (CEO), as well as a certification or opinion signed by the State or non-profit entity's external legal counsel or the attorney general of the State. Both submissions would be required to include copies of documents that provide the basis for the certification or opinion.

The certification or opinion of the external legal counsel or State attorney general, with supporting documentation, would be required to show that the State or non-profit entity meets one of the four criteria: (1) Is a constituted entity by operation of State law; (2) has been designated by the State or one or more political subdivisions of the State to serve as a qualified scholarship funding corporation under section 150(d)(2) of the Internal Revenue Code of 1986 (IRC), has not made the election described under section 150(d)(3) of the IRC, and is incorporated under State law as a not-for-profit organization; (3) is incorporated under State law as a not-for-profit organization or entity described in 150(d)(3) of the IRC; or (4) has in effect a relationship with an eligible lender under which the lender is acting as trustee on behalf of the State or non-profit entity. The certification of the State or non-profit entity's CEO would be required to state the basis upon which the entity believes it qualifies as an eligible not-for-profit holder for purposes of SAP as a State entity, a 150(d) entity, a 501(c)(3) entity, or a trustee on behalf of a State entity, and that the entity, on September 27, 2007, acted as an eligible lender under section 435(d) of the HEA, other than as a school lender, or was on that date the sole beneficial owner of a loan eligible for SAP under the HEA; is not owned or controlled, in whole or in part, by a for-profit entity; and is the sole beneficial owner of the loan and income from the loan. The HEA expressly requires the entity's status to be determined as of the effective date of the CCRAA, which was September 27, 2007.

Proposed § 682.302(f)(3)(xi) would provide that, to retain continued eligibility as a not-for-profit holder, the State or the not-for-profit entity must submit an annual certification signed by the State or not-for-profit entity's CEO that states that the State or entity has not altered its status since its prior certification or that describes any alterations that have taken place since its prior certification, and, if a non-profit entity, provide copies of its most recent IRS Form 990.

Reasons: The proposed changes are required to conform current regulations to changes in the HEA, and to establish procedures for demonstrating whether an entity qualifies as an eligible not-for-profit holder. In addition, changes were needed to clarify the standards that would be used to determine whether a for-profit entity had ownership or control of the entity or its loans or whether excessive fees were paid to a trustee engaged by the entity.

The changes to the HEA indicated strong Congressional concern that only those entities not controlled by for-profit entities could receive the higher SAP. Control can be exercised directly or indirectly by a for-profit entity. The Department initially proposed to identify specific kinds of conduct by a State or non-profit entity that would indicate that the entity was indirectly controlled by a for-profit entity. One proposed provision would have required the not-for-profit holder to use a survey to determine the market rate for fee-paid services used by the not-for-profit holder to determine whether the particular not-for-profit holder's fee payments were excessive. The Department proposed to view excessive fee payments for services as a possible indication that a for-profit entity receiving fee payments from the not-for-profit entity effectively controlled the not-for-profit holder and was diverting SAP-related benefits through the excessive fee payments. Additionally, the Department proposed that a not-for-profit holder be subject to an ongoing transaction-based analysis of its student loan financing arrangements, again to determine whether payments made by the not-for-profit holder to acquire loans or received by that entity for the sale of its loans exceed the sale price paid or received by other entities in the purchase or sale of similar loans.

The Department determined, after extensive discussions with non-Federal negotiators familiar with not-for-profit loan holders, that a survey of fees would be impractical for a not-for-profit holder to conduct on an ongoing basis, and that market fluctuations affected the cost of services to such an extent that it would be an unreliable indicator of any indirect control by another entity. The Department instead agreed to measure whether fees are excessive by simply comparing the fees a not-for-profit entity pays on its eligible loans to what it pays on its ineligible loans.

Similarly, the same non-Federal negotiators argued that each student loan financing transaction was subject to marketplace volatility and that the nature of the student loan paper subject to sale or acquisition (e.g., default risk,

loan amount, or loan maturity) dictated the associated costs and was therefore an equally unreliable indicator of indirect control of a not-for-profit holder. The Department also consulted with individuals who had knowledge of capital financing and with Department of Treasury staff responsible for oversight of tax-exempt organizations and IRS Form 990, which is filed annually by tax-exempt organizations and reflects the activities and supports the tax-exempt status of the organization. As a result of these discussions, the Department determined that a not-for-profit entity had little incentive to undertake questionable activities related to the receipt of increased special allowance payments that would threaten the tax-exempt status of the organization.

The Department agreed to determine “control” of the not-for-profit entity based on a measurement of any for-profit entity’s control over the voting rights of the members or shareholders sufficient to dictate the policies and management of the not-for-profit holder, or any for-profit entity’s ability to place employees with the not-for-profit holder or secure appointments to the majority of its boards or committees. The Department also believes that the annual recertification process adopted in the proposed regulations, the receipt of the not-for-profit entity’s Form 990, and the not-for-profit entity’s quarterly lender financial reports to the Department will provide a sufficient baseline against which future activities of a not-for-profit holder can be monitored.

Public Service Loan Forgiveness

Borrower Eligibility for Loan Forgiveness (§ 685.219(c))

Statute: Section 455(m) of the HEA, which governs the William D. Ford Direct Loan Program, was amended to create a new loan forgiveness program for public service employees. Under section 455(m)(1) of the HEA, the Secretary will forgive the outstanding principal balance and accrued interest on a borrower’s eligible Direct Loan if the borrower satisfies the following conditions:

- The borrower is not in default on the loan.
- The borrower makes 120 monthly payments on the loan after October 1, 2007, under one or more specified repayment plans.
- The borrower is employed in a public service job at the time that loan forgiveness is requested and granted, and during the period the borrower

makes the required 120 monthly payments.

Proposed Regulations: Proposed § 685.219(c)(1) would parallel the statutory requirements and would require the borrower to make 120 separate, full, qualifying monthly payments within 15 days of the scheduled payment due date while the borrower is employed full-time in a public service job to be eligible for this program. The qualifying 120 payments would not have to be consecutive.

To be considered a qualifying payment for loan forgiveness, each payment would have to be made under one or more of the following repayment plans:

- The IBR plan.
- The ICR plan.
- The Direct Loan standard repayment plan.
- Any other repayment plan if the monthly payment amount is not less than the amount the borrower would have paid under the Direct Loan standard repayment plan.

For a payment to count towards the forgiveness period, the borrower would have to have been employed full-time by a public service organization when the payment was made. For borrowers with a contractual or employment period of less than 12 months, qualifying payments would have to have been made each month for all 12 months. This requirement is primarily intended to address teachers who work on an academic year basis. Although teachers on this type of schedule typically work for only 9 months out of the year, they would still be required to make payments on their loans during the summer vacation period. This provision would also apply to other individuals who might work on a similar type of schedule.

The proposed regulations would acknowledge full-time service in an AmeriCorps position as equivalent to employment in a public service job. The proposed regulations also would treat an AmeriCorps education award used for loan repayment of a Direct Loan as qualifying payments to meet the 120-payment requirement. The number of qualifying monthly payments would be calculated for this purpose by dividing the lump sum AmeriCorps education award used for Direct Loan repayment by the amount of the borrower’s scheduled monthly payment on the loan.

Reasons: The proposed regulations implement the basic statutory framework for the public service loan forgiveness program.

After much discussion concerning the many types of public service jobs that

might qualify a borrower for public service loan forgiveness, the negotiators decided not to define specific job types that might qualify. Instead, they decided it would be clearer and more efficient to define the types of organizations that would qualify as eligible employers for purposes of public service loan forgiveness, and base eligibility for the forgiveness on the type of organization that employs the borrower. Accordingly, the proposed regulations define the term “public service organization.”

AmeriCorps members receive an award for service performed annually (the Segal Education Award) that can be used to make a lump sum payment on a Federal student loan. The negotiators determined that it would be appropriate and consistent with considering AmeriCorps service as qualifying service for this purpose to allow use of the education award received for that service as a basis for deriving qualifying payments on a Direct Loan that would count towards the 120 monthly payments required for loan forgiveness.

Definitions (§ 685.219(b))

Statute: For purposes of the public service loan forgiveness program, section 455(m)(3)(A) of the HEA defines “eligible Federal Direct Loan” as a Direct Stafford Loan, a Direct PLUS Loan, a Direct Unsubsidized Stafford Loan, or a Direct Consolidation Loan.

Section 455(m)(3)(B) of the HEA defines “public service job” as: (1) A full-time job in a number of public service occupations and fields; (2) a full-time job at a non-profit organization that satisfies the requirements of section 501(c)(3) of the IRC; or (3) a full-time faculty member at a Tribal college or university as provided in section 316(b) of the HEA, or other faculty teaching in high-needs areas as determined by the Secretary. The statute does not define any other term for the purposes of this program.

Proposed Regulations: Proposed § 685.219(b) would define several terms for purposes of implementing the public service loan forgiveness program. The defined terms would include “Employee or employed,” “Full-time,” “Public Interest Law,” and “Public Service organization”.

Under the proposed regulations:

- “Employee or employed” would mean an individual who is hired and paid by a public service organization.
- “Full-time” would mean working in qualifying employment in one or more jobs for the greater of—

(1)(i) An annual average of at least 30 hours per week; or

(ii) For a contractual or employment period of at least 8 months, an average of 30 hours per week; or

(2) The number of hours the employer considers full-time.

Vacation or leave time provided by the employer would not be considered in determining the average hours worked on an annual or contract basis.

- “Public interest law” would refer to legal services provided by a public service organization that are funded in whole or in part by a local, State, Federal, or Tribal government.

- “Public service organization” would mean:

(1) A Federal, State, local, or Tribal government organization, agency, or entity;

(2) A public child or family service agency;

(3) A non-profit organization that qualifies under section 501(c)(3) of the IRC that is exempt from taxation under section 501(a) of the IRC;

(4) A Tribal college or university; or

(5) A private organization that—

(i) Provides the following public services: Emergency management, military service, public safety, law enforcement, public interest law services, public child care, public service for individuals with disabilities and the elderly, public health, public education, public library services, school library, or other school-based services; and

(ii) Is not a business organized for profit, a labor union, a partisan political organization, or an organization engaged in religious activities, unless the qualifying activities are unrelated to religious instruction, worship services, or any form of proselytizing.

Reasons: The proposed definitions are needed to clarify program eligibility and public service work requirements for borrowers who wish to seek public service loan forgiveness.

Some of the non-Federal negotiators proposed definitions that would extend eligibility to individuals in certain jobs (e.g., public defenders) by specifically identifying them in the definition of public interest law, regardless of the nature of their employer or the funding source of their salaries. The negotiators determined that this would be inconsistent with the statutory intent of the definition of the term “public service job” and the fact that the legislative history surrounding this section of the CCRAA spoke to recognizing individuals in “public sector jobs.” Some of the non-Federal negotiators also argued that the definitions should not limit the eligibility of individuals. In particular, negotiators were concerned that the

definition of the term “full-time” could make it difficult for teachers to qualify for loan forgiveness.

The term “Employee or employed” includes only those individuals who are hired and paid by a public service organization. The term would not include individuals who are contracted to work for the organization or individuals who are hired by a for-profit company that has a contract with the public service organization.

The term “full-time” would be defined to recognize the varied full-time work schedules that can exist and the fact that there are no Federal or generally applicable State standards for what constitutes full-time employment. Under the proposed regulations, a borrower would be considered to be employed full-time if the borrower works an annual average of 30 hours per week, an average of 30 hours per week during a contractual or employment period of at least 8 months, or for the number of hours the employer considers full-time. The 30-hour standard is the same full-time standard used for purposes of title IV student loan unemployment deferment eligibility, which requires a borrower to be seeking but unable to find full-time employment of at least 30 hours per week. The definition is broad enough to include individuals who might not work 30 hours each week, but who meet that standard using an annual average of their weekly hours. Consequently, teachers and others with contractual or employment periods that include an acknowledged break period during which they could still be considered employed would meet the definition for full-time.

The term “Public Interest Law” limits such services to services that are supported in whole or in part by a government.

The term “public service organization” would be derived largely from the statutory definition of “public service job,” but is clarified to include certain non-profit organizations that are not qualified under 501(c)(3) of the IRC, but that meet the other statutory requirements and qualify as public service employers under the HEA.

Loan Forgiveness (§ 685.219(d) and (e))

Statute: Section 455(m)(2) of the HEA provides that at the conclusion of the borrower’s employment period in a public service job during which the borrower has made 120 qualifying payments under one or more qualifying repayment plans, the Secretary will cancel the outstanding loan principal and accrued interest on the borrower’s loan.

Proposed Regulations: Proposed § 685.219(d) and (e) would provide that, after making the qualifying 120 monthly payments, a borrower could request loan forgiveness on a form provided by the Secretary. If the Secretary determines that the borrower qualifies for loan forgiveness, the Secretary would cancel the outstanding principal balance and accrued interest on the borrower’s loan and notify the borrower of those actions. If the Secretary determines that the borrower is ineligible for the loan forgiveness, the Secretary would notify the borrower of that determination.

Reasons: Although the proposed regulations implement the statutory requirements, some of the non-Federal negotiators recommended that the Department provide more assistance to a borrower seeking public service loan forgiveness by providing for annual borrower submission and Departmental review and retention of the form provided by the Secretary that would be certified by the borrower’s employer. The negotiators believed that this approach would provide timely confirmation to the borrower that all requirements for loan forgiveness (provided the borrower made the qualified monthly payments) were satisfied for that year. The Department considered the negotiators’ suggestion, but decided not to adopt this approach for several reasons. First, this suggestion would be operational rather than a regulatory issue. Second, tracking and reviewing documents on an annual basis for potentially thousands of borrowers, many of whom might not remain in public service employment or who may never meet the eligibility requirements for final loan forgiveness, would be a complex and costly administrative process. Finally, as a policy matter, the Department believes it is the borrower’s responsibility to gather and maintain the documents to support his or her eligibility for this Federal benefit.

Loan Consolidation (§§ 682.201 and 685.220(d))

Statute: Section 428C(a)(3)(B) and (b)(5) of the HEA provide that a borrower who has a FFEL loan or a FFEL Consolidation Loan, but who wishes to use the public service loan forgiveness program, can obtain a Direct Consolidation Loan. These provisions are effective July 1, 2008.

Current Regulations: Sections 682.201(e) and 685.220(d)(1) provide that a FFEL borrower can obtain a Direct Consolidation Loan only if: (1) The borrower is unable to obtain a FFEL consolidation loan; (2) the borrower is

unable to obtain a FFEL consolidation loan with income sensitive repayment terms acceptable to the borrower; or (3) the borrower's FFEL consolidation loan is submitted to the guaranty agency for default aversion and the borrower wants to obtain a Direct Consolidation Loan to make payments under the ICR plan.

Proposed Regulations: The proposed regulations would amend § 685.220(d) to provide that a FFEL borrower can obtain a Direct Consolidation loan for the purpose of using the public service loan forgiveness program. The Department is proposing a conforming change to § 682.201(e)(5).

Reasons: The proposed regulations implement statutory requirements.

Conforming and Technical Amendments (34 CFR Parts 682, 685)

Statute: The CCRAA made conforming amendments to sections 428C and 455(d) of the HEA to include in these sections certain provisions of the IBR plan, the public service loan forgiveness program, and the ICR plan. The HEA does not specifically address conforming or technical amendments to the Department's regulations that are needed to implement statutory provisions.

Proposed Regulations: The proposed regulations in 34 CFR parts 682 and 685 contain statutory and regulatory conforming and technical amendments.

Reasons: The proposed conforming and technical amendments are needed to reflect and implement statutory provisions or are otherwise needed to harmonize program regulations. These conforming and technical amendments were discussed with the negotiating committee and consensus was reached on the amendments.

Appendix

The following Appendix will not appear in the Code of Federal Regulations:

Appendix A to the Preamble—Partial Financial Hardship

Example: Borrower's AGI = \$50,000, Family Size = 5, Borrower's Total Loans = \$25,000, Borrower is a resident of Virginia.

Step 1: Determine the poverty guideline associated with the borrower's family size and State of residence. Using the 2008 HHS poverty guidelines, which are available at <http://aspe.hhs.gov/poverty/08poverty.shtml>, the borrower's poverty guideline is \$24,800.

Step 2: Multiply the poverty guideline by 150%

$\$24,800 \times 150\% = \$37,200$

Step 3: Subtract the result in Step 2 from AGI.

$\$50,000 - \$37,200 = \$12,800$

Step 4: Calculate 15% of the amount obtained in Step 3. This is the annual amount of the borrower's income-based payment.

$15\% \times \$12,800 = \$1,920$

Step 5: Determine the annual payment on the total amount of the borrower's loans based on a standard 10-year repayment schedule and the applicable interest rate. In this example, the total amount of the borrower's loans is \$25,000, and the interest rate is 6.8%. The annual payment is \$3,452.40.

Step 6: Since the annual payment amount in Step 5 (\$3,452.40) is greater than the annual income-based payment amount in Step 4 (\$1,920), the borrower has a partial financial hardship.

Step 7: To calculate the borrower's monthly income-based payment, divide the result in Step 4 by 12.

$\$1,920 / 12 = \$160$

Step 8: If a borrower's loans are held by more than one loan holder, each loan holder needs to adjust the amount of the borrower's monthly income-based payment by multiplying the payment by the percentage of the total amount of loans owed to the holder. In this case, assume the borrower owes \$20,000 to Bank A and the remaining \$5,000 to Bank B. Bank A's percentage of the borrower's total loan amount is 80% ($\$20,000 / \$25,000$). The borrower's monthly income-based payment for Bank A would be $80\% \times \$160$, or \$128.

Executive Order 12866

Regulatory Impact Analysis

Under Executive Order 12866, the Secretary must determine whether the regulatory action is "significant" and therefore subject to the requirements of the Executive Order and subject to review by the OMB. Section 3(f) of Executive Order 12866 defines a "significant regulatory action" as an action likely to result in a rule that may (1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local or Tribal governments or communities in a material way (also referred to as an "economically significant" rule); (2) create serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive order.

Pursuant to the terms of the Executive order, it has been determined this proposed regulatory action will have an annual effect on the economy of more than \$100 million. Therefore, this action

is "economically significant" and subject to OMB review under section 3(f)(1) of Executive Order 12866. In accordance with the Executive order, the Secretary has assessed the potential costs and benefits of this regulatory action and has determined that the benefits justify the costs.

Need for Federal Regulatory Action

These proposed regulations are needed to implement provisions of the HEA, as amended by the CCRAA, that established a new IBR plan for FFEL and Direct Loan borrowers, revised the conditions under which a FFEL or Direct Loan borrower could qualify for a loan deferment due to economic hardship, changed the terms of a number of military service deferments, created a loan forgiveness program in the Direct Loan Program for borrowers who perform public service, and established a separate special allowance rate formula for not-for-profit loan holders.

Proposed Regulation's Discretionary Provisions

The Secretary has limited discretion in implementing the provisions of the CCRAA; in most cases these proposed regulations directly reflect specific statutory requirements. Policy choices were made in a small number of areas. Those areas are listed below, followed by a discussion of the alternatives considered and final policy choices made.

Minimum payment under IBR: The CCRAA does not establish a minimum payment that must be made by a borrower under the IBR plan.

Procedures for Establishing IBR Eligibility: The CCRAA requires the Department to establish procedures for annually determining whether a borrower qualifies for IBR; these procedures must include verifying the borrower's annual income and the annual amount due on the borrower's loans.

Loan Forgiveness Processing and Payment: The CCRAA does not address procedures for IBR loan forgiveness processing and payment with respect to FFEL loan holders and guaranty agencies.

Loan Forgiveness: The CCRAA provides that the Department repays or cancels the outstanding balance and accrued interest on an eligible loan for a borrower who has participated in IBR for a period not to exceed 25 years and

met certain requirements. The statute does not set a minimum for the period of years a borrower can be in IBR and have their loan forgiven.

SAP for Income-Based Loans: For loans being repaid under IBR, the CCRAA requires the special allowance payment to be calculated separately on the principal balance of the loan and on any unpaid accrued interest. The statute does not specify the precise elements that must be included in this calculation.

Economic Hardship Deferment: The CCRAA changed the eligibility criteria under which a borrower may qualify for an economic hardship deferment. In implementing this provision, the Secretary has the discretion to implement additional criteria through regulations.

Definition of Full-Time Employment: The CCRAA requires borrowers to have worked full-time in a qualifying occupation to be eligible for the public service loan forgiveness program; however, the statute does not include a definition of full-time employment.

The following section addresses the alternatives that the Secretary considered in implementing these discretionary portions of the CCRAA provisions. These alternatives are also discussed in the *Reasons* sections of this preamble related to the specific regulatory provisions.

Regulatory Alternatives Considered

Minimum payment under IBR: As noted above, the CCRAA does not set minimum payment levels under the IBR plan. As discussed in the *Reasons* section of the preamble related to this provision, the Department initially proposed to the non-Federal negotiators a provision requiring a \$5.00 minimum monthly payment, which is the minimum monthly payment used in the Direct Loan Program ICR plan. Under that plan, a minimum payment of \$5.00 is required whenever the borrower's calculated monthly payment is greater than zero but equal to or less than \$5.00. Non-Federal negotiators argued that a \$5.00 minimum monthly payment (or any payment amount over zero) would violate the statute's 15 percent payment cap. Department negotiators agreed that allowing zero payment amounts would avoid this problem. (The Department determined that this approach had no budgetary impact.) Recognizing that requiring a small payment may be inefficient given the administrative costs, the negotiators agreed, and the Department is therefore proposing to establish a minimum monthly payment of \$10.00 whenever the calculated

monthly payment is between \$5.00 and \$10.00.

Procedures for Establishing IBR Eligibility: As discussed in more detail earlier in this preamble, the establishment of IBR eligibility is largely dependent on a borrower providing consent for a loan holder to obtain tax information from the IRS. Non-Federal negotiators recommended that the Department allow borrowers to provide consent to disclose income information for multiple years. The Department agreed to this conceptually, but noted that the forms used for this purpose are IRS forms and that the Department could not regulate the period of time that these consent forms would cover. The Direct Loan ICR form allows consent to be granted for 5 years. The burden associated with completing this form was estimated at 12 minutes. Should IRS adopt a similar form for IBR, loan holders' administrative costs would be significantly reduced. The Department is interested in obtaining any data that could be used to quantify this assessment.

Under the Department's initial proposal at the beginning of the negotiating process, borrowers who failed to provide annual information on family size when they provide their consent would automatically be deemed ineligible to participate in IBR and would be placed in another repayment plan. The non-Federal negotiators recommended, and the Department agreed, that under these circumstances a borrower's family size should be set at one, allowing loan holders to recalculate IBR eligibility for the upcoming year. The approach adopted is consistent with Department practice in administering the ICR plan. However, the Department specifically seeks comment on whether family size should instead default to the number previously certified by the borrower. The Department's initial baseline budget estimates in this area were based on ICR procedures, so the adopted alternative would result in no cost beyond this baseline. The Department did not attempt to calculate the budget impact of the initial proposal; however, we believe the overall impact to the budget would not have been substantially different than this proposed policy, since borrowers would have been assigned to another repayment plan.

Loan Forgiveness Processing and Payment: While the CCRAA did not establish procedures for FFEL loan holders and guaranty agencies to follow in processing loan forgiveness claims and payments for IBR borrowers, the non-Federal negotiators supported including such requirements in the

proposed regulations to provide clear guidelines for FFEL loan holders and guaranty agencies administering the IBR plan. Accordingly, the proposed regulations would establish deadlines related to processing of loan forgiveness claims, notifying borrowers of their eligibility for loan forgiveness, and the handling of loan forgiveness payments. These proposed regulations are consistent with current FFEL regulations for other claim payment transactions between loan holders and guaranty agencies and, as such, should not represent a significant additional administrative burden for lenders and guaranty agencies. This new benefit represents a new collection under the Paperwork Reduction Act. A separate 60-day **Federal Register** notice, including burden estimates, will be published to solicit comment on this form once it is developed.

Loan Forgiveness: In the CCRAA, Congress gave the Secretary discretion to set a period not to exceed 25 years during which a borrower must meet certain requirements to qualify for loan forgiveness at the end of such period. The CCRAA did not provide that qualifying payments made prior to July 1, 2009, the date this statutory amendment becomes effective, would count when determining whether a borrower met the relevant requirements during this time period. Some non-Federal negotiators suggested that qualifying payments made by a borrower at any time before July 1, 2009, should count, and that the forgiveness period should be shortened to 20 years. In assessing these suggested alternatives, the Department determined that both would result in substantially increased Federal costs. Reducing the forgiveness period to 20 years, for example, would increase Federal costs by nearly \$600 million over 10 years when compared to the baseline established by initial estimates of CCRAA costs, which assumed a forgiveness period of 25 years. Under OMB memorandum M-05-13, any regulatory action that increases the costs to the Federal government must be offset by corresponding cost savings; as no corresponding offsets to these proposals were available, it was not possible to include them in the proposed regulations. In addition, if retroactive payments counted for purposes of meeting the loan forgiveness requirements, loans holders would find it difficult, if not impossible, to determine a beginning date before July 1, 2009, since there was no expectation of loan forgiveness and, therefore, no need to track and maintain

data on individual loan payments in the manner required for IBR purposes. A compromise was ultimately agreed to under which retroactive payments made by borrowers in the ICR plan would be counted when calculating the IBR forgiveness period. This approach avoids both additional Federal costs (since ICR borrowers are already on a path to loan forgiveness) and administrative hurdles, since ICR is available only in the Direct Loan Program, for which the Department has readily available payment data.

SAP for Income-Based Loans:

Initially, the Department recommended calculating SAP rates related to accrued interest on loans repaid under the IBR plan in the same manner that is used to calculate rates for a loan's principal balance. Some non-Federal negotiators noted that accrued interest on an IBR loan is only capitalized under limited circumstances. They stated that the lender's yield on the principal balance of these loans would be less than that obtained on a similar loan where accrued interest is capitalized. These negotiators also noted that, under the Department's approach, the lender's yield on a loan in repayment under IBR would be reduced further because the special allowance rate for the unpaid accrued interest would be reduced by the applicable interest rate of the loan. The Department agreed.

Economic Hardship Deferment: Under the CCRAA, economic hardship for the purpose of qualifying for a student loan deferment is defined through an income threshold of 150 percent of the poverty guideline applicable to the borrower's family size. This approach replaced previous criteria under which borrowers were eligible if they earned 100 percent of the poverty guideline for a family of two or if their Federal educational debt burden exceeded 20 percent of their adjusted gross income when adjusted gross income minus debt burden is less than 220 percent of the poverty guideline for a family of two.

Under the HEA, the Secretary has discretion to establish additional eligibility criteria for economic hardship deferments through regulation. The Department is proposing to exercise this discretion to retain the "20/220" rule described above for a limited time. First established in regulations published on November 1, 2007, retaining this provision would allow borrowers to continue to qualify for an economic hardship deferment until July 1, 2009, when the newly created IBR plan becomes effective. Borrowers in an economic hardship deferment under the 20/220 provision that began prior to July 1, 2009, would continue in that status

for one year from the start of the deferment period. Some of the non-Federal negotiators were concerned that eliminating the rule after July 1, 2009, would adversely affect medical students with large student loans. Data from the National Postsecondary Student Aid Survey indicate 91.2 percent of students beyond their third year of medical school have Federal student loans, with an average outstanding balance of \$109,572. Nearly three-quarters of these students have Federal student loan debt of at least \$75,000. Under the 20/220 provision, a significant number of these borrowers qualify for an economic hardship deferment during their internship and residency; under this deferment they would make no payments for up to 3 years, with interest paid by the government on Stafford Loans during that period. In the absence of the 20/220 provision, many of these borrowers would not qualify for a deferment and would therefore have to begin repaying their loans while completing their training in relatively low-paying positions. In light of these concerns, negotiators asked the Department to extend the 20/220 provision indefinitely. Such an extension would be prohibitively expensive, with estimated 10-year costs of over \$1.1 billion. This estimate, based on a review of Department data on borrower incomes and debt burdens, reflects an estimated 30 percent increase in loan volume qualifying for economic hardship deferment over the amount assumed under baseline estimates. In addition, the Department noted that many high-debt, low-income borrowers under the IBR plan will not be required to make monthly loan payments; others will have monthly payment amounts well below those normally calculated under a standard repayment plan. All borrowers have access to either the IBR or the ICR plan in the Direct Loan Program. The Department does not have borrower-level income data by profession and so cannot estimate aggregate payment amounts under these plans for medical students affected by these regulations. After considering all these factors, the Department declined to use its authority to extend the 20/220 provision beyond July 1, 2009.

Definition of Full-Time Employment: The CCRAA did not include a definition of the term "full-time," when describing the type of employment that would qualify a borrower for the public service loan forgiveness program. Accordingly, we are proposing a definition in this NPRM.

After consulting with the Department of Labor, the Department determined that there is no Federal or generally

applicable State standard for what constitutes full-time employment. Subsequent discussions considered the wide variety of full-time work schedules available. Negotiators agreed to a definition under which an individual who works an annual average of 30 hours per week, an average of 30 hours per week during a contractual or employment period of at least 8 months, or for the number of hours the employer considers full-time, would be considered a full-time employee. This proposed definition is consistent with the standard used to determine a borrower's eligibility for a student loan unemployment deferment, which requires a borrower to be seeking but unable to find full-time employment of at least 30 hours per week. The proposed definition also could include employment that is less than 30 hours each week, but which averages 30 hours a week over the course of a year. Under the proposed definition, teachers and other individuals engaged in public service employment who have a contractual or employment period that includes an acknowledged break period during which they remain employed could be considered to be employed full-time.

Benefits

Benefits provided in these regulations include: The provision of more flexible repayment options for student loan borrowers, expanded eligibility for economic hardship deferments for borrowers with large families, additional deferment benefits for military personnel, and the provision of loan forgiveness for public service employees. The Federal taxpayer also benefits from reduced costs related to the reduction of SAP paid to not-for-profit loan holders in the FFEL Program. These benefits all flow directly from statutory changes included in the CCRAA; the Department does not believe these benefits are materially affected by discretionary choices exercised by the Department in developing these regulations. As discussed in greater detail under *Net Budget Impacts*, these proposed provisions result in net costs to the government of \$3.3 billion over 2008–2012.

Costs

Because entities affected by these proposed regulations already participate in the title IV, HEA programs, these lenders, guaranty agencies, and schools must already have systems and procedures in place to meet program eligibility requirements. These proposed regulations generally would require

discrete changes in specific parameters associated with existing guidance—such as the use of new criteria to calculate eligibility for deferments or determine SAP—rather than wholly new requirements. Accordingly, entities wishing to continue to participate in the student aid programs have already incurred most of the administrative costs related to implementing these proposed regulations. Marginal costs over this baseline are primarily related to one-time system changes that, while possibly significant in some cases, are an unavoidable cost of continued program participation. In assessing the potential impact of these proposed regulations, the Department recognizes that certain provisions—primarily the provision of an IBR plan—are likely to increase workload for some program participants. (This additional workload is discussed in more detail under the Paperwork Reduction Act of 1995 section of this preamble. These workload analyses indicate an overall increase of 217,297 hours as a result of this NPRM.) Additional workload would normally be expected to result in estimated costs associated with either the hiring of additional employees or opportunity costs related to the reassignment of existing staff from other activities. In this case, however, these costs are not expected to be significant because the Department estimates that participation by FFEL borrowers in the IBR plan will be extremely limited.

The Department is particularly interested in comments on possible administrative burdens related to the proposed regulations. In a number of areas, such as the administrative activities required for FFEL lenders in establishing an IBR option, non-Federal negotiators raised concerns about possible administrative burden associated with provisions included in these proposed regulations. Given the limited data available, however, the Department is particularly interested in comments and supporting information related to possible burden stemming from the proposed regulations. Estimates included in this notice will be reevaluated based on any information received during the public comment period.

IBR and Economic Hardship

Deferment Changes. The Department estimates that the proposed regulatory changes related to IBR and economic hardship deferments would result in \$4.5 billion in additional Federal costs over fiscal years 2008–2012. (\$3.0 billion of these costs are associated with loans made prior to 2008.) These costs are almost entirely related to IBR, as the proposed changes in the economic

hardship deferment—liberalizing the family-size criteria while eliminating the debt burden test—largely cancelled one another out. With respect to the IBR plan, the Department reviewed Direct Loan servicing system data on participation in the ICR plan and assumed borrowers participating or estimated to participate in ICR who meet the IBR eligibility criteria would stop participating in the ICR plan and choose to participate in the more generous IBR plan. Assumptions were derived by applying percentages based on historical participation in the ICR plan to loan volume forecasts for future years. Using this approach, we estimate that 126,000 borrowers in the FY 2009 loan cohort would select the IBR plan, and that of these borrowers, 44,000 would eventually have at least a portion of their loan forgiven after 25 years. By the 2012 cohort, projected growth in loan volume increase these figures to 146,000 and 52,000, respectively.

Public Service Loan Forgiveness. The Department estimates the public service loan forgiveness provisions in these proposed regulations would increase Federal costs by \$1.5 billion over FY 2008–2012. (Of these costs, \$1.2 billion is associated with loans made prior to 2008.) This estimate was based on an analysis of public sector job participation by student loan borrowers using information from Department Direct Loan systems and data compiled by the Census Bureau through its *Current Population Surveys*. These data indicated 32.6 percent of individuals between the ages of 21 and 28 were employed in public service positions that meet the statutory eligibility percent criteria. This age range was chosen to best capture the population of borrowers most likely to take advantage of this benefit. The Department was unable to obtain data on how long individuals remain employed in qualifying positions. In the absence of data to the contrary, and to estimate the maximum government exposure under this provision, the Department assumed all individuals would work the full 10 years needed to receive the benefit. Given the requirement that borrowers be making payments throughout the qualifying employment period, it was assumed that only borrowers choosing the IBR or ICR plan would have balances eligible for forgiveness after 10 years. The Department assumed the distribution of borrowers choosing these repayment plans was consistent with the population as a whole as indicated by the Census data. Accordingly, the Department's cost estimation model was run assuming remaining balances would

be forgiven after 10 years for 32.6 percent of ICR and IBR borrowers.

SAP for Not-for-Profit Entities. The Department estimates the not-for-profit holder SAP provisions will reduce Federal costs by \$2.9 billion over FY 2008–2012. These estimates are based on forecasts of commercial paper rates prepared by OMB and loan volume assumptions developed by the Department using data from the FFEL lender payment system and publicly available information on lender characteristics. Initial estimates prepared following the passage of the CCRAA assumed 12.4 percent of new FFEL loan volume will be held by not-for-profit loan holders; this percentage increased to 16.2 percent when adjusted for Public Law 110–109, as implemented by this NPRM, which removed the requirement that eligible not-for-profit holders be eligible lenders under section 435(d) of the HEA. To determine the cost of this change, the Department's loan cost model was run applying the not-for-profit SAP rates to the revised percentage of loan volume.

Net Budget Impacts

The CCRAA provisions implemented by these proposed regulations are estimated to have a net budget impact of \$650 million in 2008 and \$9.2 billion over FY 2008–2012. Consistent with the requirements of the Credit Reform Act of 1990, budget cost estimates for the student loan programs reflect the estimated net present value of all future non-administrative Federal costs associated with a cohort of loans. (A cohort reflects all loans originated in a given fiscal year.)

These estimates were developed using OMB's Credit Subsidy Calculator. (This calculator will also be used for re-estimates of prior-year costs, which will be performed each year beginning in FY 2009). The OMB calculator takes projected future cash flows from the Department's student loan cost estimation model and produces discounted subsidy rates reflecting the net present value of all future Federal costs associated with awards made in a given fiscal year. Values are calculated using a "basket of zeros" methodology under which each cash flow is discounted using the interest rate of a zero-coupon Treasury bond with the same maturity as that cash flow. To ensure comparability across programs, this methodology is incorporated into the calculator and used government-wide to develop estimates of the Federal cost of credit programs. Accordingly, the Department believes it is the appropriate methodology to use in developing estimates for these

regulations. That said, however, in developing the Accounting Statement included below, the Department consulted with OMB on how to integrate our discounting methodology with the discounting methodology traditionally used in developing regulatory impact analyses.

Absent evidence on the impact of these regulations on student behavior, budget cost estimates were based on behavior as reflected in various Department data sets and longitudinal surveys listed under *Assumptions, Limitations, and Data Sources*. Program cost estimates were generated by running projected cash flows related to each provision through the Department's student loan cost estimation model. Student loan cost estimates are developed across five risk categories: Proprietary schools, two-year schools, freshmen/sophomores at four-year schools, juniors/seniors at four-year schools, and graduate students. Risk categories have separate assumptions based on the historical pattern of behavior—for example, the likelihood of default or the likelihood to use statutory deferment or discharge benefits—of borrowers in each category.

Assumptions, Limitations, and Data Sources

Because these proposed regulations would largely restate statutory requirements that would be self-implementing in the absence of regulatory action, impact estimates provided in the preceding section reflect a pre-statutory baseline in which the CCRAA changes implemented in these proposed regulations do not exist. Costs have been quantified for five years. In general, these estimates should be considered preliminary; they will be reevaluated in light of any comments or information received by the Department prior to the publication of the final regulations. The final regulations will incorporate this information in a more robust analysis.

In developing these estimates, a wide range of data sources were used, including data from the National Student Loan Data System, operational and financial data from Department of Education systems, and data from a range of surveys conducted by the National Center for Education Statistics such as the 2004 National Postsecondary Student Aid Survey, the 1994 National Education Longitudinal Study, and the 1996 Beginning Postsecondary Student Survey. Data from other sources, such as the Census

Bureau, were also used. Data on administrative burden at participating schools, lenders, guaranty agencies, and third-party servicers are extremely limited; accordingly, as noted above, the Department is particularly interested in comments in this area.

Elsewhere in this **SUPPLEMENTARY INFORMATION** section we identify and explain burdens specifically associated with information collection requirements. See the heading *Paperwork Reduction Act of 1995*.

Accounting Statement

As required by OMB Circular A–4 (available at <http://www.Whitehouse.gov/omb/Circulars/a004/a-4.pdf>), in Table 2 below, we have prepared an accounting statement showing the classification of the expenditures associated with the provisions of these proposed regulations. This table provides our best estimate of the changes in Federal student aid payments as a result of these proposed regulations. Expenditures are classified as transfers from the Federal government to student loan borrowers (for the IBR, loan deferment, and loan forgiveness provisions) and from student loan holders to the Federal government (for the SAP provisions).

TABLE 2.—ACCOUNTING STATEMENT: CLASSIFICATION OF ESTIMATED EXPENDITURES

Category	Transfers
Annualized Monetized Transfers:	
Federal Government to Student Loan Borrowers	\$1.357 billion.
Federal Government To Student Loan Holders	568 million.
Total	1.925 billion.

Clarity of the Regulations

Executive Order 12866 and the Presidential memorandum “Plain Language in Government Writing” requires each agency to write regulations that are easy to understand. The Secretary invites comments on how to make these proposed regulations easier to understand, including answers to questions such as the following:

- Are the requirements in the proposed regulations clearly stated?
- Do the proposed regulations contain technical terms or other wording that interferes with their clarity?
- Does the format of the proposed regulations (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce their clarity?
- Would the proposed regulations be easier to understand if we divided them into more (but shorter) sections? (A “section” is preceded by the symbol “§”

and a numbered heading; for example, § 682.209 Repayment of a loan.)

- Could the description of the proposed regulations in the “Supplementary Information” section of this preamble be more helpful in making the proposed regulations easier to understand? If so, how?
- What else could we do to make the proposed regulations easier to understand?

To send any comments that concern how the Department could make these proposed regulations easier to understand, see the instructions in the **ADDRESSES** section of this preamble.

Regulatory Flexibility Act Certification

The Secretary certifies that these proposed regulations would not have a significant economic impact on a substantial number of small entities. These proposed regulations would affect

institutions of higher education, lenders, and guaranty agencies that participate in title IV, HEA programs and individual students and loan borrowers. The U.S. Small Business Administration Size Standards define these institutions as “small entities” if they are for-profit or nonprofit institutions with total annual revenue below \$5,000,000 or if they are institutions controlled by governmental entities with populations below 50,000. Guaranty agencies are State and private nonprofit entities that act as agents of the Federal government, and as such are not considered “small entities” under the Regulatory Flexibility Act. Individuals are also not defined as “small entities” under the Regulatory Flexibility Act.

A significant percentage of the lenders and schools participating in the Federal student loan programs meet the

definition of “small entities.” While these lenders and schools fall within the SBA size guidelines, the proposed regulations do not impose significant new costs on these entities.

The Secretary invites comments from small institutions and lenders as to whether they believe the proposed changes would have a significant economic impact on them and, if so, requests evidence to support that belief.

Paperwork Reduction Act of 1995

Proposed §§ 674.34, 682.205, 682.209, 682.210, 682.211, 682.215, 682.302, 685.204, 685.205, 685.219, 685.220, and 685.221 contain information collection requirements. Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)), the Department has submitted a copy of these sections to OMB for its review.

Sections 674.34(h)–(i), 682.210(t)–(u), and 685.204(e)–(f)—Deferment of Repayment—Federal Perkins Loan, NDSLs, Defense Loans, FFEL, and Direct Loans

The proposed regulations amend the provisions related to the military service deferment and the post-active duty student deferment in the Federal Perkins, FFEL, and Direct Loan Programs.

The proposed changes regarding the post-active duty student deferment would result in an increase in the burden hours associated with the current Federal Perkins/FFEL/Direct Loan military deferment request form cleared under OMB Control Number 1845–0080. The current military deferment request form covers only the military service deferment. The form will be revised to cover both the military service deferment and the post-active duty student deferment. The Department expects to submit a revised deferment request form for OMB clearance by October 2008.

Section 682.205(h)—Disclosure Requirements for Lenders

These proposed regulations provide that, at the time of offering a borrower a loan and at the time of offering a borrower repayment options, the lender must provide the borrower with a notice that informs the borrower of the availability of income-sensitive and IBR plans, except for parent PLUS borrowers and Consolidation Loan borrowers whose Consolidation Loan paid off one or more parent PLUS Loans. This information may be provided in a separate notice or as part of the other disclosures required by this section.

The Department has determined that this modification to the current

notification requirements would not increase the burden associated with § 682.205 and the associated collection, OMB Control No. 1845–0020.

Section 682.209(a)—Repayment of a Loan

The proposed regulations would add the IBR plan as a repayment option for FFEL borrowers and require lenders to take certain actions when a borrower fails to select a repayment plan within 45 days of the lender notification.

The Department has determined that this modification to the current notification requirements would not increase the burden associated with § 682.209 and the associated collection, OMB Control No. 1845–0020.

Section 682.211(f)—Forbearance

The proposed regulations would provide for a period of forbearance, not to exceed 60 days, necessary for the lender to collect and process documentation supporting the borrower's eligibility for loan forgiveness under the IBR program. The lender must notify the borrower that the requirement to make payments on the loans for which forgiveness was requested has been suspended pending approval of the forgiveness by the guaranty agency.

The proposed addition of this new type of forbearance under the IBR plan is estimated to increase the burden hours for lenders and guaranty agencies by 31,414 hours under OMB Control Number 1845–0020. (Note: This is an administrative forbearance and does not require an OMB-approved form.)

Section 682.215—Income-Based Repayment Plan

The proposed regulations provide that a borrower may elect the IBR plan only if the borrower has a partial financial hardship. Under this plan, the borrower's aggregate monthly loan payments would be limited to no more than 15 percent of the amount by which the borrower's AGI exceeds 150 percent of the poverty guideline applicable to the borrower's family size, divided by 12. If a borrower no longer has a partial financial hardship, the borrower may continue to make payments under the IBR plan, but the loan holder must recalculate the borrower's monthly repayment. If the borrower no longer wishes to pay under the IBR plan, the borrower must pay under a standard repayment plan as calculated by the loan holder.

The proposed regulations provide that a loan holder would require the borrower, in order to establish his or her eligibility for the IBR plan, to provide

written consent to the disclosure of AGI and other tax return information by the IRS to the loan holder. The borrower also would be required to annually certify his or her family size; otherwise the loan holder would assume a family size of one. To determine whether a borrower qualifies for loan forgiveness after 25 years, the loan holder must make a determination that the borrower has established eligibility for loan forgiveness by making payments for 25 years, or, that through a combination of monthly payments and economic hardship deferments, the borrower has made the equivalent of 25 years of payments. The loan holder is required, no later than 60 days after it makes the determination that the borrower is eligible for loan forgiveness, to request payment from the guaranty agency. Within 45 days of receiving the loan holder's request for payment, the guaranty agency must determine if the borrower meets the eligibility requirements for loan forgiveness and must notify the loan holder. If the guaranty agency determines that the borrower is eligible for loan forgiveness, it must pay the loan holder within the same 45-day period. The holder must notify the borrower within 30 days of being notified by the guaranty agency.

We estimate that the proposed regulation will increase burden for borrowers, lenders and guaranty agencies by 185,778 hours, under new OMB Control Number 1845–XXXX.

Section 682.302(x)—Eligible Not-For-Profit Holder

The proposed regulations would require a State, non-profit entity, or eligible lender trustee to provide to the Secretary a certification on the State or non-profit entity's letterhead signed by the State or non-profit entity's CEO which states the basis upon which the entity qualifies as a State or non-profit entity. The submission must include documentation establishing the entity's State or non-profit status. In addition, the submission must include the name and lender identification number for which the eligible not-for-profit designation is being certified. For an entity establishing non-profit status under section 150(d) of the IRC, the submission must include copies of the requests of the State or political subdivision or subdivisions thereof, or requirements described in section 150(d) of the IRC, and the CEO's additional certification that the entity has not elected to cease its status as a qualified scholarship funding corporation. A separately submitted certification or opinion by the State or non-profit entity's external legal counsel

or the office of the attorney general of the State, must be submitted with supporting documentation that shows that the State or non-profit entity is a constituted State entity by operation of specific State law, has been designated by the State or one or more political subdivisions of the State to serve as a qualified scholarship funding corporation, and is incorporated under State law as a not-for-profit organization, or is an entity described in section 501(c)(3) of the IRC, or has in effect a relationship with an eligible lender under which the lender is acting as trustee on behalf of the State or non-profit entity.

Under the proposed regulations, once an entity has been approved as an eligible not-for-profit holder, the entity must provide to the Secretary an annual certification on the State or non-profit entity's letterhead signed by the CEO, which includes the name and lender identification number(s) of the entities for which designation is being recertified. The annual certification must state that the State or non-profit entity has not altered its status as a State or non-profit entity since its prior certification to the Secretary and that it continues to satisfy the requirements of an eligible not-for-profit holder either in its own right or through a trust agreement with an eligible lender trustee. A copy of its IRS Form 990—Return of Organization Exempt From Income Tax, if applicable, must be submitted at the same time the entity files that return with the IRS as a part of the annual certification.

Within 10 days of becoming aware of the occurrence of a change that may result in a State or non-profit entity that has been designated an eligible not-for-profit holder, either directly or through an eligible lender trustee, losing that eligibility, the State or non-profit entity must submit details of the change to the Secretary.

We estimate that the proposed regulation will increase burden for States, non-profit entities and eligible lender trustees by 105 hours in the new OMB Control Number 1845-XXXX.

Section 685.205(a)—Forbearance

The proposed regulations would provide for loan forbearance for a borrower who qualifies for a post-active

duty student deferment, but does not qualify for a military service or other deferment, and is engaged in active State duty for a period of more than 30 consecutive days.

The proposed addition of a new type of forbearance will increase the burden hours associated with OMB Control Number 1845-0031, the Direct Loan Program General Forbearance Request form. The current form will be revised to cover the new forbearance condition. The Department expects to submit the revised form for clearance by October 2008.

Section 685.219—Public Service Loan Forgiveness

The Public Service Loan Forgiveness Program created by the CCRAA is intended to encourage individuals to enter and continue in full-time public service employment by forgiving the remaining balance of their eligible Direct loans after they satisfy the public service and loan payment requirements of this section.

The burden associated with the proposed regulations for this program will be reported in the paperwork clearance package for a new public service loan forgiveness application form under the new OMB Control Number 1845-XXX3 that the Department will develop. Because no borrowers will be eligible to apply for loan forgiveness under this program until 2017, the Department has not yet established a timeline for developing a loan forgiveness application.

Section 685.220—Consolidation

The proposed regulation permits a borrower to consolidate a FFEL Consolidation Loan into the Federal Direct Loan Program for the purpose of participating in the Public Service Loan Forgiveness Program.

We estimate that the expected increase in the number of FFEL Program borrowers who wish to consolidate into the Federal Direct Loan Program for the purpose of using the public loan forgiveness program will increase the burden hours associated with OMB Control Number 1845-0053 (Direct Consolidation Loan Application and Promissory Note). The Department will submit an OMB 83-C indicating the increased burden associated with this collection by October 2008.

Section 685.221—Income-Based Repayment Plan

The proposed regulations would provide that a borrower may elect the IBR plan only if the borrower has a partial financial hardship. Under this plan, the borrower's aggregate monthly loan payments would be limited to no more than 15 percent of the amount by which the borrower's AGI exceeds 150 percent of the poverty guideline applicable to the borrower's family size, divided by 12. If a borrower no longer has a partial financial hardship, the borrower may continue to make payments under the IBR plan, but the Secretary must recalculate the borrower's monthly repayment. If the borrower no longer wishes to pay under the IBR plan, the borrower must pay under the standard repayment plan as calculated by the Secretary.

The proposed regulations provide that the Secretary would require a borrower, in order to establish his or her eligibility for the IBR plan, to provide written consent to the disclosure of AGI and other tax return information by the IRS to the Secretary. The borrower annually certifies his or her family size; otherwise the Secretary assumes a family size of one. To qualify for loan forgiveness after 25 years, a determination must be made that the borrower has established eligibility for loan forgiveness by making payments for 25 years, or that through a combination of monthly payments and economic hardship deferments, the borrower has made the equivalent of 25 years of payments.

The Department plans to revise the current collection approved under OMB Control Number 1845-0017, the Direct Loan Program Income Contingent Repayment Plan Consent to Disclosure of Tax Information, so that it may also be used to collect the income information needed for the Income-Based Repayment Plan. The resulting increased burden associated with OMB Control Number 1845-0017 will be reported in the paperwork clearance package for the revised form. The Department expects to submit the revised form for clearance by October 2008.

Collection of Information

OMB 1845-0017. This will be a revision of an existing collection. A separate 60-day FEDERAL REGISTER notice will be published to solicit comment on the revised form once it is developed. The revised form will be submitted for clearance by October 2008.

Intergovernmental Review

These programs are not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

Assessment of Educational Impact

In accordance with section 441 of the General Education Provisions Act, 20 U.S.C.1221e-4, the Secretary particularly requests comments on whether these proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Dated: June 18, 2008.

Margaret Spellings,
Secretary of Education.

For the reasons discussed in the preamble, the Secretary proposes to amend 34 CFR chapter IV as follows:

PART 674—FEDERAL PERKINS LOAN PROGRAM

1. The authority citation for part 674 continues to read as follows:

Authority: 20 U.S.C. 1087aa-1087hh and 20 U.S.C. 421-429 unless otherwise noted.

2. Section 674.34 is amended by:

A. In the introductory text of paragraph (e), removing the reference “(e)(6)” from the cross-reference in the parenthetical phrase that appears after the word “time” and adding, in its place, the reference “(e)(5)”, and removing the words “through (e)(6)” and adding, in their place, the words “through (e)(5)”.

B. In paragraph (e)(1), removing the word “FDSL” and adding, in its place, “Federal Direct Loan Program”, and adding the word “the” before the words “FFEL programs”.

C. In paragraph (e)(3)(ii), removing the words “poverty line applicable to the borrower's family size, as determined in accordance with section 673(2) of the Community Service Block Grant Act” and adding, in its place, the words “poverty guideline applicable to the borrower's family size as published annually by the Department of Health

and Human Services pursuant to 42 U.S.C. 9902(2). If a borrower is not a resident of a State identified in the poverty guidelines, the poverty guideline to be used for the borrower is the poverty guideline (for the relevant family size) used for the 48 contiguous States”.

D. Removing paragraph (e)(5).

E. Redesignating paragraphs (e)(6), (e)(7), (e)(8), (e)(9), and (e)(10) as paragraphs (e)(5), (e)(6), (e)(7), (e)(8), and (e)(9) respectively.

F. In newly redesignated paragraph (e)(6), removing the words “or (e)(5)”.

G. In newly redesignated paragraph (e)(7), removing the words “, or (e)(5)”, removing the punctuation “,” after the reference “(e)(3)”, and adding the word “and” after the reference “(e)(3)”.

H. In newly redesignated paragraph (e)(8), adding “(i)” after the number “(8)” and removing the words “and (e)(5)”.

I. Adding new paragraph (e)(8)(ii).

J. In newly redesignated paragraph (e)(9), removing the words “and (e)(5)”.

K. In paragraph (h)(1), adding the heading “Military service deferment” before the paragraph designation “(1)” and adding the punctuation “,” after the word “principal” and after the word “accrue”.

L. In paragraph (h)(4), removing the word “section” and adding, in its place, the word “paragraph”.

M. Revising paragraph (h)(6).

N. Adding new paragraph (h)(7).

O. Adding a heading to paragraph (i).

P. In paragraph (i)(1), revising the introductory text.

Q. In paragraph (i)(1)(ii), adding the words “, on at least a half-time basis,” after the word “enrolled”.

R. Revising paragraph (i)(2).

S. In paragraph (i)(3), adding the words “, on at least a half-time basis,” after the word “status” each time it appears.

T. Adding new paragraph (i)(4).

U. In paragraph (j), removing the words “paragraph (j)” and adding, in their place, the words “paragraph (k)”.

The revisions and additions read as follows:

§ 674.34 Deferment of repayment—Federal Perkins loans, NDSLs and Defense loans.

* * * * *

(e) * * *

(8)(i) For purposes of paragraphs (e)(3) of this section, a borrower is considered to be working full-time if the borrower is expected to be employed for at least three consecutive months at 30 hours per week.

(ii) For purposes of paragraph (e)(3)(ii) of this section, family size means the number that is determined by counting

the borrower, the borrower’s spouse, and the borrower’s children if the children receive more than half their support from the borrower. A borrower’s family size includes other individuals if, at the time the borrower requests the economic hardship deferment, the other individuals—

(A) Live with the borrower; and

(B) Receive more than half their support from the borrower and will continue to receive this support from the borrower. Support includes money, gifts, loans, housing, food, clothes, car, medical and dental care, and payment of college costs.

* * * * *

(h) * * *

(6) For a borrower whose active duty service includes October 1, 2007, or begins on or after that date, the deferment period ends 180 days after the demobilization date for each period of service described in paragraphs (h)(1)(i) and (h)(1)(ii) of this section.

(7) Without supporting documentation, a military service deferment may be granted to an otherwise eligible borrower for a period not to exceed 12 months from the date of the qualifying eligible service based on a request from the borrower or the borrower’s representative.

* * * * *

(i) *Post-active duty student deferment.*

(1) Effective October 1, 2007, a borrower of a Federal Perkins loan, an NDSL, or a Defense loan serving on active duty military service on that date, or who begins serving on or after that date need not pay principal, and interest does not accrue for up to 13 months following the conclusion of the borrower’s active duty military service and initial grace period if— * * *

(2) As used in paragraph (i)(1) of this section “Active duty” means active duty as defined in section 101(d)(1) of title 10, United States Code, for at least a 30-day period, except that—

(i) Active duty includes active State duty for members of the National Guard under which the Governor activates National Guard personnel based on State statute or policy and the activities of the National Guard are paid for with State funds;

(ii) Active duty includes full-time National Guard duty under which the Governor is authorized, with the approval of the President or the U.S. Secretary of Defense, to order a member to State active duty and the activities of the National Guard are paid for with Federal funds;

(iii) Active duty does not include active duty for training or attendance at a service school; and

(iv) Active duty does not include employment in a full-time, permanent position in the National Guard unless the borrower employed in such a position is reassigned to active duty under paragraph (i)(2)(i) of this section or full-time National Guard duty under paragraph (i)(2)(ii) of this section.

* * * * *

(4) If a borrower qualifies for both a military service deferment and a post-active duty student deferment under both paragraphs (h) and (i) of this section, the 180-day post-mobilization military service deferment period and the 13-month post-active duty student deferment period apply concurrently.

PART 682—FEDERAL FAMILY EDUCATION LOAN (FFEL) PROGRAM

3. The authority citation for part 682 continues to read as follows:

Authority: 20 U.S.C. 1071 to 1087–2 unless otherwise noted.

4. Section 682.201 is amended by:

A. In paragraph (e)(3), removing the word “and” at the end of the paragraph.

B. In paragraph (e)(4), removing the punctuation “,” at the end of the paragraph and adding, in its place, the words “; and”.

C. Adding a new paragraph (e)(5) to read as follows:

§ 682.201 Eligible borrowers.

* * * * *

(e) * * *

(5) A FFEL borrower may consolidate his or her loans (including a FFEL Consolidation Loan) into the Federal Direct Consolidation Loan Program for the purpose of using the Public Service Loan Forgiveness Program.

5. Section 682.205 is amended by revising paragraph (h)(1) to read as follows:

§ 682.205 Disclosure requirements for lenders.

* * * * *

(h) * * *

(1) At the time of offering a borrower a loan and at the time of offering a borrower repayment options, the lender must provide the borrower with a notice that informs the borrower of the availability of income-sensitive and, except for parent PLUS borrowers and Consolidation Loan borrowers whose Consolidation Loan paid off one or more parent PLUS Loans, income-based repayment plans. This information may be provided in a separate notice or as part of the other disclosures required by this section. The notice must inform the borrower—

(i) That the borrower is eligible for income-sensitive repayment and may be eligible for income-based repayment, including through loan consolidation;

(ii) Of the procedures by which the borrower can elect income-sensitive or income-based repayment; and

(iii) Of where and how the borrower may obtain more information concerning income-sensitive and income-based repayment plans.

* * * * *

6. Section 682.209 is amended by:

A. Revising paragraph (a)(6)(iii).

B. Revising paragraph (a)(6)(iv).

C. Revising paragraph (a)(6)(v).

D. Redesignating paragraphs (a)(6)(x) and (a)(6)(xi) as (a)(6)(xi) and (a)(6)(xii), respectively.

E. Adding a new paragraph (a)(6)(x).

F. In newly redesignated paragraph (a)(6)(xi), adding the words “, or at any time in the case of a borrower in an income-based repayment plan” immediately after the word “annually”.

G. In paragraph (a)(8), adding the words “, except in the case of payments made under an income-based repayment plan.” immediately after the words “five dollars” the first time those words appear.

H. In paragraph (b)(1), removing the word “The” at the beginning of the sentence and adding, in its place, the words “Except in the case of payments made under an income-based repayment plan, the”.

I. In paragraph (b)(2)(ii), in the second sentence, removing the words “borrower coupon book” and adding, in their place, “borrower’s coupon book”.

J. In paragraph (c)(1)(i), removing the word “or” the first time it appears and adding the words “, or income-based” immediately after the word “extended”.

The revisions and additions read as follows:

§ 682.209 Repayment of a loan.

* * * * *

(a) * * *

(6) * * *

(iii) Not more than six months prior to the date that the borrower’s first payment is due, the lender must offer the borrower a choice of a standard, income-sensitive, income-based, graduated, or, if applicable, an extended repayment schedule.

(iv) Except in the case of an income-based repayment schedule, the repayment schedule must require that each payment equal at least the interest that accrues during the interval between scheduled payments.

(v) The lender shall require the borrower to repay the loan under a standard repayment schedule described in paragraph (a)(6)(vi) of this section if the borrower—

(A) Does not select an income-sensitive, income-based, graduated, or, if applicable, an extended repayment schedule within 45 days after being notified by the lender to choose a repayment schedule;

(B) Chooses an income-sensitive repayment schedule, but does not provide the documentation requested by the lender under paragraph

(a)(6)(viii)(C) of this section within the time period specified by the lender; or

(C) Chooses an income-based repayment schedule, but does not provide the income documentation requested by the lender under § 682.215(e)(1)(i) within the time period specified by the lender.

* * * * *

(x) Under an income-based repayment schedule, the borrower repays the loan in accordance with § 682.215.

(B) An amount equal to 150 percent of the poverty guideline applicable to the borrower’s family size as published annually by the Department of Health and Human Services pursuant to 42 U.S.C. 9902(2). If a borrower is not a resident of a State identified in the poverty guidelines, the poverty guideline to be used for the borrower is the poverty guideline (for the relevant family size) used for the 48 contiguous States.

* * * * *

(ix) For purposes of paragraph (s)(6)(iii)(B) of this section, family size means the number that is determined by counting the borrower, the borrower’s spouse, and the borrower’s children if the children receive more than half their support from the borrower. A borrower’s family size includes other individuals if, at the time the borrower requests the economic hardship deferment, the other individuals—

(A) Live with the borrower; and

(B) Receive more than half their support from the borrower and will continue to receive this support from the borrower. Support includes money, gifts, loans, housing, food, clothes, car, medical and dental care, and payment of college costs.

(9) Without supporting documentation, a military service deferment may be granted to an otherwise eligible borrower for a period not to exceed the initial 12 months from the date the qualifying eligible service began based on a request from the borrower or the borrower’s representative.

(u) Post-active duty student deferment. (1) Effective October 1, 2007, a borrower who receives a FFEL Program loan and is serving on active duty on that date, or begins serving on or after that date, is entitled to receive a post-active duty student deferment for 13 months following the conclusion of the borrower’s active duty military service and any applicable grace period if—* * *

(2) As used in paragraph (u)(1) of this section, “active duty” means active duty as defined in section 101 (d)(1) of title 10, United States Code for at least a 30-day period, except that—

(i) Active duty includes active State duty for members of the National Guard

under which a Governor activates National Guard personnel based on State statute or policy and the activities of the National Guard are paid for with State funds;

(ii) Active duty includes full-time National Guard duty under which a Governor is authorized, with the approval of the President or the U.S. Secretary of Defense, to order a member to State active duty and the activities of the National Guard are paid for with Federal funds;

(iii) Active duty does not include active duty for training or attendance at a service school; and

(iv) Active duty does not include employment in a full-time, permanent position in the National Guard unless the borrower employed in such a position is reassigned to active duty under paragraph (u)(2)(i) of this section or full-time National Guard duty under paragraph (u)(2)(ii) of this section.

(iii) In yearly increments (or a lesser period equal to the actual period for which the borrower is eligible) when a member of the National Guard who qualifies for a post-active duty student deferment, but does not qualify for a

military service deferment or other deferment, is engaged in active State duty as defined in § 682.210(u)(2)(i) and (ii) for a period of more than 30 consecutive days, beginning—

(A) On the day after the grace period expires for a Stafford loan that has not entered repayment; or

(B) On the day after the borrower ceases enrollment, for a FFEL loan in repayment.

9. Redesignate § 682.215 as § 682.216.

10. Add a new § 682.215 to read as follows:

§ 682.215 Income-based repayment plan.

(a) *Definitions.* As used in this section—(1) Adjusted gross income (AGI) means the borrower's adjusted gross income as reported to the Internal Revenue Service. For a married borrower filing jointly, AGI includes both the borrower's and spouse's income. For a married borrower filing separately, AGI includes only the borrower's income.

(2) *Eligible loan* means any outstanding loan made to a borrower under the FFEL and Direct Loan programs except for a FFEL or Direct PLUS Loan made to a parent borrower or a FFEL or Direct Consolidation Loan that repaid a FFEL or Direct PLUS Loan made to a parent borrower.

(3) *Family size* means the number that is determined by counting the borrower, the borrower's spouse, and the borrower's children if the children receive more than half their support from the borrower. A borrower's family size includes other individuals if, at the time the borrower certifies family size the other individuals—

(i) Live with the borrower; and

(ii) Receive more than half their support from the borrower and will continue to receive this support from the borrower for the year the borrower certifies family size. Support includes money, gifts, loans, housing, food, clothes, car, medical and dental care, and payment of college costs.

(4) *Partial financial hardship* means a circumstance in which the annual amount due on all of a borrower's eligible loans, as calculated under a standard repayment plan based on a 10-year repayment period, exceeds 15 percent of the difference between the borrower's AGI and 150 percent of the poverty guideline for the borrower's family size.

(5) *Poverty guideline* refers to the income categorized by State and family size in the poverty guidelines published annually by the United States Department of Health and Human Services pursuant to 42 U.S.C. 9902(2). If a borrower is not a resident of a State

identified in the poverty guidelines, the poverty guideline to be used for the borrower is the poverty guideline (for the relevant family size) used for the 48 contiguous States.

(b) *Repayment plan.* (1) A borrower may elect the income-based repayment plan only if the borrower has a partial financial hardship. Except as provided under paragraph (b)(1)(i), (b)(1)(ii), and (b)(1)(iii) of this section, the borrower's aggregate monthly loan payments are limited to no more than 15 percent of the amount by which the borrower's AGI exceeds 150 percent of the poverty line income applicable to the borrower's family size, divided by 12. The loan holder adjusts the calculated monthly payment if—

(i) The total amount of the borrower's eligible loans includes loans not held by the loan holder, in which case the loan holder determines the borrower's adjusted monthly payment by multiplying the calculated payment by the percentage of the total outstanding principal amount of eligible loans that are held by the loan holder;

(ii) The calculated amount is less than \$5.00, in which case the borrower's monthly payment is \$0.00; or

(iii) The calculated amount is equal to or greater than \$5.00 but less than \$10.00, in which case the borrower's monthly payment is \$10.00.

(2) A borrower with eligible loans held by two or more loan holders must request income-based repayment from each loan holder if the borrower wants to repay all of his or her eligible loans under an income-based repayment plan.

(3) If a borrower elects an income-based repayment plan, the loan holder must, unless the borrower requests otherwise, require that all eligible loans owed by the borrower to that holder be repaid under the income-based repayment plan.

(4) If the borrower's monthly payment amount is not sufficient to pay the accrued interest on the borrower's subsidized Stafford Loans or the subsidized portion of the borrower's Federal Consolidation loan, the Secretary pays to the holder the remaining accrued interest for a period not to exceed three consecutive years from the date the borrower initially began repayment on each loan under the income-based repayment plan. On a Consolidation Loan that repays loans on which the Secretary has paid accrued interest under this section, the three-year period includes the period for which the Secretary paid accrued interest on the underlying loans. The three-year period does not include any period during which the borrower

receives an economic hardship deferment.

(5) Except as provided in paragraph (b)(4) of this section, accrued interest is capitalized at the time the borrower chooses to leave the income-based repayment plan or no longer has a partial financial hardship.

(6) If the borrower's monthly payment amount is not sufficient to pay any principal due, the payment of that principal is postponed until the borrower chooses to leave the income-based repayment plan or no longer has a partial financial hardship.

(7) The special allowance payment to a lender during the period in which the borrower has a partial financial hardship under an income-based repayment plan is calculated on the principal balance of the loan and any accrued interest unpaid by the borrower.

(8) The repayment period for a borrower under an income-based repayment plan may be greater than 10 years.

(c) *Payment application and prepayment.* (1) The loan holder shall apply any payment made under an income-based repayment plan in the following order:

- (i) Accrued interest.
- (ii) Collection costs.
- (iii) Late charges.
- (iv) Loan principal.

(2) The borrower may prepay the whole or any part of a loan at any time without penalty.

(3) If the prepayment amount equals or exceeds the monthly payment amount under the repayment schedule established for the loan, the loan holder shall apply the prepayment consistent with the requirements of § 682.209(b)(2)(ii).

(d) *Changes in the payment amount.*

(1) If a borrower no longer has a partial financial hardship, the borrower may continue to make payments under the income-based repayment plan but the loan holder must recalculate the borrower's monthly payment. The loan holder also recalculates the monthly payment for a borrower who chooses to stop making income-based payments. In either case, as a result of the recalculation—

(i) The maximum monthly amount that the borrower may be required to repay is the amount the borrower would have paid under the FFEL standard repayment plan based on a 10-year repayment period on the borrower's eligible loans that were outstanding at the time the borrower began repayment on the loans with that holder under the income-based repayment plan; and

(ii) The borrower's repayment period based on the recalculated payment amount may exceed 10 years.

(2) If a borrower no longer wishes to pay under the income-based repayment plan, the borrower must pay under the FFEL standard repayment plan and the loan holder recalculates the borrower's monthly payment based on—

(i) The time remaining under the maximum ten-year repayment period for the amount of the borrower's loans that were outstanding at the time the borrower discontinued paying under the income-based repayment plan; or

(ii) For a Consolidation Loan, the applicable repayment period remaining specified in § 682.209(h)(2) for the total amount of that loan and the balance of other student loans that was outstanding at the time the borrower discontinued paying under the income-based repayment plan.

(e) *Eligibility documentation and verification.*

(1) The loan holder determines whether a borrower has a partial financial hardship to qualify for the income-based repayment plan for the year the borrower elects the plan and for each subsequent year that the borrower remains on the plan. To make this determination, the loan holder requires the borrower to—

(i)(A) Provide written consent to the disclosure of AGI and other tax return information by the Internal Revenue Service to the loan holder. The borrower provides consent by signing a consent form and returning it to the loan holder;

(B) If the borrower's AGI is not available, or the loan holder believes that the borrower's reported AGI does not reasonably reflect the borrower's current income, the loan holder may use other documentation provided by the borrower to verify income; and

(ii) Annually certify the borrower's family size. If the borrower fails to certify family size, the loan holder must assume a family size of one for that year.

(2) The loan holder designates the repayment option described in paragraph (d)(1) of this section for any borrower who selects the income-based repayment plan but—

(i) Fails to provide or renew the required written consent for income verification; or

(ii) Withdraws consent and does not select another repayment plan.

(f) *Loan forgiveness.* (1) To qualify for loan forgiveness after 25 years, the borrower must have participated in the income-based repayment plan and satisfied at least one of the following conditions during that period—

(i) Made reduced monthly payments under a partial financial hardship as provided under paragraph (b)(1) of this

section. Monthly payments of \$0.00 qualify as reduced monthly payments as provided in paragraph (b)(1)(ii) of this section;

(ii) Made reduced monthly payments after the borrower no longer had a partial financial hardship or stopped making income-based payments as provided in paragraph (d)(1) of this section;

(iii) Made monthly payments under any repayment plan, that were not less than the amount required under the FFEL standard repayment plan described in § 682.209(a)(6)(vi) with a 10-year repayment period;

(iv) Made monthly payments under the FFEL standard repayment plan described in § 682.209(a)(6)(vi) based on a 10-year repayment period for the amount of the borrower's loans that were outstanding at the time the borrower first selected the income-based repayment plan; or

(v) Received an economic hardship deferment on eligible FFEL loans.

(2) As provided under paragraph (f)(4) of this section, the Secretary repays any outstanding balance of principal and accrued interest on FFEL loans for which the borrower qualifies for forgiveness if the guaranty agency determines that—

(i) The borrower made monthly payments under one or more of the repayment plans described in paragraph (f)(1) of this section, including a monthly amount of \$0.00 as provided in paragraph (b)(1)(ii) of this section; and

(ii)(A) The borrower made those monthly payments each year for a 25-year period; or

(B) Through a combination of monthly payments and economic hardship deferments, the borrower made the equivalent of 25 years of payments.

(3) For a borrower who qualifies for the income-based repayment plan, the beginning date for the 25-year period is—

(i) For a borrower who has a FFEL Consolidation Loan, the date the borrower made a payment or received an economic hardship deferment on that loan, before the date the borrower qualified for income-based repayment. The beginning date is the date the borrower made the payment or received the deferment, but no earlier than July 1, 2009;

(ii) For a borrower who has one or more other eligible FFEL loans, the date the borrower made a payment or received an economic hardship deferment on that loan. The beginning date is the date the borrower made that payment or received the deferment on

that loan, but no earlier than July 1, 2009;

(iii) For a borrower who did not make a payment or receive an economic hardship deferment on the loan under paragraph (f)(3)(i) or (ii) of this section, the date the borrower made a payment under the income-based repayment plan on the loan; or

(iv) If the borrower consolidates his or her eligible loans, the date the borrower made a payment on the FFEL Consolidation Loan that met the conditions in (f)(1) after qualifying for the income-based repayment plan.

(4) If a borrower satisfies the loan forgiveness requirements, the Secretary repays the outstanding balance and accrued interest on the FFEL Consolidation Loan described in paragraph (f)(3)(i), (iii), or (iv) of this section or other eligible FFEL loans described in paragraph (f)(3)(ii) or (iv) of this section.

(g) *Loan forgiveness processing and payment.* (1) No later than 60 days after the loan holder determines that a borrower qualifies for loan forgiveness under paragraph (f) of this section, the loan holder must request payment from the guaranty agency.

(2) If the loan holder requests payment from the guaranty agency later than 60 days after the 25-year repayment period required for forgiveness, interest that accrues on the discharged amount after the expiration of the 60-day filing period is ineligible for reimbursement by the Secretary, and the holder must repay all interest and special allowance received on the discharged amount for periods after the expiration of the 60-day filing period. The holder cannot collect from the borrower any interest that is not paid by the Secretary under this paragraph.

(3)(i) Within 45 days of receiving the holder's request for payment, the guaranty agency must determine if the borrower meets the eligibility requirements for loan forgiveness under this section and must notify the holder of its determination.

(ii) If the guaranty agency approves the loan forgiveness, it must, within the same 45-day period required under paragraph (g)(3)(i) of this section, pay the holder the amount of the forgiveness.

(4) After being notified by the guaranty agency of its determination of the eligibility of the borrower for loan forgiveness, the holder must, within 30 days, inform the borrower of the determination and, if appropriate, that the borrower's repayment obligation on the loans for which income-based forgiveness was requested is satisfied. The lender must also provide the

borrower with information on the required handling of the forgiveness amount.

(5)(i) The holder must apply the proceeds of the income-based repayment loan forgiveness amount to satisfy the outstanding balance on those loans for which income-based forgiveness was requested; or

(ii) If the forgiveness amount exceeds the outstanding balance on the eligible loans subject to forgiveness, the loan holder must refund the excess amount to the guaranty agency.

(6) If the guaranty agency does not pay the forgiveness claim, the lender will continue the borrower in repayment on the loan. The lender is deemed to have exercised forbearance of both principal and interest from the date the borrower's repayment obligation was suspended until a new payment due date is established.

(7) In the case of a forgiveness applied to a defaulted loan held by the guaranty agency, the Secretary pays the guaranty agency a percentage of the amount forgiven that is equal to the complement of the reinsurance percentage paid on the loan. The payment may also include interest that accrues on the forgiven amount from the date on which the guaranty agency received payment from the Secretary on the default claim to the date on which the guaranty agency determines that the borrower is eligible for the income-based repayment plan loan forgiveness discharge.

N. Adding new paragraphs (f)(3)(x), (f)(3)(xi), and (f)(3)(xii).

O. Redesignating paragraph (f)(4) as (f)(3)(xiii).

P. Revising redesignated paragraph (f)(3)(xiii).

The revisions and additions read as follows:

§ 682.302 Payment of special allowance on FFEL loans.

(a) *General.* The Secretary pays a special allowance to a lender on an eligible FFEL loan. The special allowance is a percentage of the average unpaid principal balance of a loan, including capitalized interest computed in accordance with paragraphs (c) and (f) of this section. Special allowance is also paid on the unpaid accrued interest of a loan covered by § 682.215(b)(7) computed in the same manner as in paragraphs (c) and (f), as applicable, except for this purpose the applicable interest rate shall be deemed to be zero.

* * * * *

(f) * * *

(3) *Eligible not-for-profit holder.* (i) For purposes of this section, the term

“eligible not-for-profit holder” means an eligible lender under section 435(d) of the Act (except for a school) that requests special allowance payments from the Secretary and that is— * * *

(D) A trustee acting as an eligible lender on behalf of a State, political subdivision, authority, agency, instrumentality, or other entity described in paragraph (f)(3)(i)(A), (f)(3)(i)(B), or (f)(3)(i)(C) of this section, other than a school that is a lender under § 682.200 (“Lender”), regardless of whether that State, political subdivision, authority, agency, instrumentality, or other entity is an eligible lender under section 435(d) of the Act.

* * * * *

(ii) For purposes of paragraph (f)(3) of this section, the term “State or non-profit entity” means an entity that is not a school and that is described in paragraph (f)(3)(i)(A), (f)(3)(i)(B), or (f)(3)(i)(C) of this section, regardless of whether such entity is an eligible lender under section 435(d) of the Act.

(iii) An entity that otherwise qualifies under paragraph (f)(3)(i) of this section shall not be considered an eligible not-for-profit holder unless such lender—

(A) Was a State or non-profit entity and an eligible lender under section 435(d) of the Act, other than a school lender, and had made or acquired on or before September 27, 2007, a FFELP Loan, unless the State waives this requirement under paragraph (f)(3)(iv) of this section; or

(B) Is acting as an eligible lender trustee on behalf of a State or non-profit entity that was the sole beneficial owner of a loan eligible for a special allowance payment on September 27, 2007.

(iv) Subject to the provisions of section 435(d)(1)(D) of the Act, a State may waive the requirement of paragraph (f)(3)(iii)(A) of this section to identify a new eligible not-for-profit holder pursuant to a written application filed in accordance with paragraph (f)(3)(x) of this section, for the purposes of carrying out a public purpose of the State, except that a State may not designate a trustee for this purpose.

(v) A State or non-profit entity, and a trustee to the extent acting on behalf of such an entity, shall not be an eligible not-for-profit holder if the State or non-profit entity is owned or controlled, in whole or in part, by a for-profit entity. A for-profit entity has ownership and control of a State or non-profit entity, for purposes of this paragraph if—

(A) The for-profit entity is a member or shareholder of a State or non-profit entity that is a membership or stock corporation, and the for-profit entity has

sufficient power to control the State or non-profit entity;

(B) The for-profit entity employs or appoints individuals that together constitute a majority of the State or non-profit entity’s board of trustees or directors, or a majority of such board’s audit committee, executive committee, or compensation committee; or

(C) For a State or non-profit entity that has no board of trustees or directors and associated committees of such, the for-profit entity is authorized by law, agreement, or otherwise to approve decisions by the entity regarding its audits, investments, hiring, retention, or compensation of officials, unless the Secretary determines that the particular authority to approve such decisions is not likely to affect the integrity of those decisions.

(vi) For purposes of paragraph (f)(3) of this section—

(A) A for-profit entity has sufficient power to control a State or non-profit entity if it possesses directly, or represents, either alone or together with other persons, under a voting trust, power of attorney, proxy, or similar agreement, one or more persons who hold, individually or in combination with the other person represented or the persons representing them, a sufficient voting percentage of the membership interests or voting securities to direct or cause the direction of the management and policies of the State or non-profit entity.

(B) An individual is deemed to be employed or appointed by a for-profit entity if the for-profit entity employs a family member, as defined in § 600.21(f), of that individual, unless the Secretary determines that the particular nature of the family member’s employment is not likely to affect the integrity of decisions made by the board or committee member.

(C) “Beneficial owner” (including “beneficial ownership” and “owner of a beneficial interest”) means the entity that has those rights with respect to the loan or income from the loan that are the normal incidents of ownership, including the right to receive, possess, use, and sell or otherwise exercise control over the loan and the income from the loan, subject to any rights granted and limitations imposed in connection with or related to the granting of a security interest described in paragraph (f)(3)(ix) of this section, and subject to any limitations on such rights under the Act as a result of such entity not qualifying as an eligible lender or holder under the Act.

(D) “Sole owner” means the entity that has all the rights described in paragraph (f)(3)(vi)(C) of this section,

which may be subject to the rights and limitations described in paragraph (f)(3)(vi)(C), to the exclusion of any other entity, with respect both to a loan and the income from a loan.

(vii) No State or non-profit entity, and no trustee to the extent acting on behalf of such a State or non-profit entity, shall be an eligible not-for-profit holder with respect to any loan, or income from any loan on which payment is claimed at the rate established under paragraph (f)(2) of this section, unless such State or non-profit entity is the sole owner of the beneficial interest in such loan and the income from such loan.

(viii) (A) A trustee described in paragraph (f)(3)(i)(D) of this section shall not receive compensation as consideration for acting as an eligible lender on behalf of a State or non-profit entity in excess of reasonable and customary fees paid for providing the particular service or services which the trustee undertakes to provide to such entity.

(B) Fees are reasonable and customary, for purposes of this paragraph, if they do not exceed the amounts received by the trustee for similar services with regard to similar portfolios of loans of that State or non-profit entity that are not eligible to receive special allowance payments at the rate established under paragraph (f)(2) of this section, or if they do not exceed an amount as determined by such other method requested by the State or non-profit entity that the Secretary considers reliable.

(C) Loans owned by the State or non-profit entity for which the trustee receives fees in excess of the amount permitted by paragraph (f)(3)(viii) of this section cease to qualify for a special allowance payment at the rate prescribed under paragraph (f)(2) of this section.

(ix) For purposes of paragraph (f)(3) of this section, if a State or non-profit entity, or a trustee acting on its behalf, grants a security interest in, or otherwise pledges as collateral, a loan, or the income from a loan, to secure a debt obligation for which such State or non-profit entity is the issuer of that debt obligation, the State or non-profit entity shall not, by such action—

(A) Be deemed to be owned or controlled, in whole or in part, by a for-profit entity; or

(B) Lose its status as the sole owner of a beneficial interest in a loan and the income from a loan.

(x) *Not-for-profit holder eligibility determination.* A State or non-profit entity that seeks to qualify as an eligible not-for-profit holder, either in its own right or through a trust agreement with

an eligible lender trustee, must provide to the Secretary—

(A) A certification on the State or non-profit entity's letterhead signed by the State or non-profit entity's Chief Executive Officer (CEO) which—

(1) States the basis upon which the entity qualifies as a State or non-profit entity;

(2) Includes documentation establishing its status as a State or non-profit entity;

(3) Includes the name and lender identification number(s) of the entities for which designation is being certified; and

(4) For an entity establishing status under section 150(d) of the Internal Revenue Code of 1986, includes copies of the requests of the State or political subdivision or subdivisions thereof or requirements described in section 150(d)(2) of the Code and the CEO's additional certification that the entity has not elected under section 150(d)(3) of the Code to cease its status as a qualified scholarship funding corporation.

(B) A separately submitted certification or opinion by the State or non-profit entity's external legal counsel or the office of the attorney general of the State, with supporting documentation that shows that the State or non-profit entity—

(1) Is a constituted State entity by operation of specific State law;

(2) Has been designated by the State or one or more political subdivisions of the State to serve as a qualified scholarship funding corporation under section 150(d)(2) of the Code, has not made the election described under section 150(d)(3) of the Code, and is incorporated under State law as a not-for-profit organization;

(3) Is incorporated under State law as a not-for-profit organization or is an entity described in section 501(c)(3) of the Code; or

(4) Has in effect a relationship with an eligible lender under which the lender is acting as trustee on behalf of the State or non-profit entity.

(xi) *Annual certification by eligible not-for-profit holder.* A State or non-profit entity that seeks to retain its eligibility as an eligible not-for-profit holder, either in its own right or through a trust agreement with an eligible lender trustee, must annually provide to the Secretary—

(A) A certification on the State or non-profit entity's letterhead signed by the State or non-profit entity's Chief Executive Officer (CEO) which—

(1) Includes the name and lender identification number(s) of the entities

for which designation is being recertified;

(2) States that the State or non-profit entity has not altered its status as a State or non-profit entity since its prior certification to the Secretary, or, if it has altered its status, describes any such alterations; and

(3) States that the State or non-profit entity continues to satisfy the requirements of an eligible not-for-profit holder, as defined in this section, either in its own right or through a trust agreement with an eligible lender trustee; and

(B) A copy of its IRS Form 990, if applicable, at the same time it files that return with the Internal Revenue Service.

(xii) *Not-for-profit holder change of status.* Within 10 business days of becoming aware of the occurrence of a change that may result in a State or non-profit entity that has been designated an eligible not-for-profit holder, either directly or through an eligible lender trustee, losing that eligibility, the State or non-profit entity must—

(A) Submit details of the change to the Secretary; and

(B) Cease billing for special allowance at the rate established under paragraph (f)(2) of this section for the period from the date of the change that may result in it no longer being eligible for the rate established under paragraph (f)(2) of this section to the date of the Secretary's determination that such entity has not lost its eligibility as a result of such change; provided, however, that in the quarter following the Secretary's determination that such eligible not-for-profit holder has not lost its eligibility, the eligible not-for-profit holder may submit a billing for special allowance during the period from the date of the change to the date of the Secretary's determination equal to the difference between special allowance at the rate established under paragraph (f)(2) of this section and the amount it actually billed at the rate established under paragraph (f)(1) of this section.

(xiii) In the case of a loan for which the special allowance payment is calculated under paragraph (f)(2) of this section and that is sold by the eligible not-for-profit holder holding the loan to an entity that is not an eligible not-for-profit holder, the special allowance payment for such loan shall, beginning on the date of the sale, no longer be calculated under paragraph (f)(2) and shall be calculated under paragraph (f)(1) of this section instead.

13. Section 682.304 is amended by:

A. Redesignating paragraph (d)(2) as paragraph (d)(3).

B. Adding a new paragraph (d)(2).

C. In newly designated paragraph (d)(3), removing the words “paragraph (d)(1)” and adding, in their place, the words “paragraphs (d)(1) and (2)”.

The addition reads as follows:

§ 682.304 Method of computing interest benefits and special allowance.

* * * * *

(d) * * *

(2) To compute the average daily balance of unpaid accrued interest for purposes of special allowance on loans covered by § 682.215(b)(7), the lender adds the unpaid accrued interest on such loans for each eligible day of the quarter, divides this sum by the number of days in the quarter, and rounds the result to the nearest whole dollar. The resulting figure is the average daily balance for the quarter for qualifying loans at the applicable interest rate.

* * * * *

14. Section 682.405 is amended by:

A. Revising paragraph (b)(4) to read as follows:

§ 682.405 Loan rehabilitation agreement.

* * * * *

(b) * * *

(4) An eligible lender purchasing a rehabilitated loan must establish a repayment schedule that meets the same requirements that are applicable to other FFEL Program loans of the same loan type as the rehabilitated loan and must permit the borrower to choose any statutorily available repayment plan for that loan type. The lender must treat the first payment made under the nine payments as the first payment under the applicable maximum repayment term, as defined under § 682.209(a) or (h). For Consolidation loans, the maximum repayment term is based on the balance outstanding at the time of loan rehabilitation.

* * * * *

§ 682.410 [Amended]

15. Section 682.410 is amended by:

A. In paragraph (b)(5)(vi)(G), adding the words “, which must include consideration of the borrower's eligibility for income-based repayment,” immediately after the words “satisfactory to the agency”.

B. In paragraph (b)(9)(i)(D), adding the words “, which must include consideration of the borrower's eligibility for income-based repayment” immediately after the words “to the agency”.

§ 682.411 [Amended]

16. Section 682.411 is amended, in paragraph (d)(1), by adding the words “, income-based repayment” immediately after the words “income-sensitive repayment”.

§ 682.604 [Amended]

17. Section 682.604 is amended by:

A. In paragraph (g)(2)(ii), removing the words “and income-sensitive” and adding, in their place, the words “income sensitive, and income-based”.

B. In paragraph (g)(2)(v), adding the words “forgiveness or” immediately after the words “full or partial”, and adding the words “, including forgiveness or discharge benefits available to a FFEL borrower who consolidates his or her loan into the Direct Loan program” immediately after the words “of a loan”.

**PART 685—WILLIAM D. FORD
FEDERAL DIRECT LOAN PROGRAM**

18. The authority citation for part 685 continues to read as follows:

Authority: 20 U.S.C. 1087a *et seq.*, unless otherwise noted.

19. Section 685.204 is amended by:

A. Adding a heading to paragraph (e).

B. In paragraph (e)(2), removing the word “The” and adding, in its place, the words “For a borrower whose active duty service includes October 1, 2007, or begins on or after that date, the” before the word “deferment” and by adding the words “each period of” before the words “service described”.

C. In paragraph (e)(6), removing the word “section” and adding in its place the word “paragraph”.

D. Adding a new paragraph (e)(7).

E. In paragraph (f), adding the heading “Post-Active Duty Student Deferment” before the paragraph designation “(1)”.

F. In paragraph (f)(1)(ii), adding the words “on at least a half-time basis” after the word “enrolled”.

G. Revising paragraph (f)(2).

H. In paragraph (f)(3), adding the words “on at least a half-time basis” after the word “status” each time it appears and the words “grace period or the” before the words “13-month”.

I. Adding new paragraph (f)(4).

J. In paragraph (h)(1), removing the word “granted”.

The revision reads as follows:

§ 685.204 Deferment.

* * * * *

(e) Military service deferment.

* * * * *

(7) Without supporting documentation, the military service deferment will be granted to an otherwise eligible borrower for a period not to exceed 12 months from the date of the qualifying eligible service based on a request from the borrower or the borrower's representative.

(f) Post-Active Duty Deferment.

* * * * *

(2) As used in paragraph (f)(1) of this section, “Active Duty” means active duty as defined in section 101(d)(1) of title 10, United States Code, except that—

(i) Active duty includes active State duty for members of the National Guard under which a Governor activates National Guard personnel based on State statute or policy and the activities of the National Guard are paid for with State funds;

(ii) Active duty includes full-time National Guard duty under which a Governor is authorized, with the approval of the President or the U.S. Secretary of Defense, to order a member to State active duty and the activities of the National Guard are paid for with Federal funds;

(iii) Active duty does not include active duty training or attendance at a service school; and

(iv) Active duty does not include employment in a full-time, permanent position in the National Guard unless the borrower employed in such a position is reassigned to active duty under paragraph (f)(2)(i) of this section or full-time National Guard duty under paragraph (f)(2)(ii) of this section.

* * * * *

(4) If a borrower qualifies for both a military service deferment and a post-active duty student deferment, the 180-day post-mobilization deferment period and the 13-month post-active duty student deferment period apply concurrently.

* * * * *

20. Section 685.205 is amended by:

A. Adding a new paragraph (a)(7) to read as follows:

§ 685.205 Forbearance.

* * * * *

(a) * * *

(7) The borrower is a member of the National Guard who qualifies for a post-active duty student deferment, but does not qualify for a military service or other deferment, and is engaged in active State duty for a period of more than 30 consecutive days, beginning—

(i) On the day after the grace period expires for a Direct Subsidized Loan or Direct Unsubsidized Loan that has not entered repayment; or

(ii) On the day after the borrower ceases enrollment on at least a half-time basis, for a Direct Loan in repayment.

* * * * *

21. Section 685.208 is amended by:

A. Revising paragraph (a).

B. Adding a new paragraph (m).

The revisions and addition read as follows:

§ 685.208 Repayment plans.

(a) *General.* (1) *Borrowers who entered repayment before July 1, 2006.* (i) A borrower may repay a Direct Subsidized Loan, a Direct Unsubsidized Loan, a Direct Subsidized Consolidation Loan, or a Direct Unsubsidized Consolidation Loan under the standard repayment plan, the extended repayment plan, the graduated repayment plan, the income contingent repayment plan, or the income-based repayment plan, in accordance with paragraphs (b), (d), (f), (k), and (m) of this section, respectively.

(ii) A borrower may repay a Direct PLUS Loan or a Direct PLUS Consolidation Loan under the standard repayment plan, the extended repayment plan, or the graduated repayment plan, in accordance with paragraphs (b), (d), and (f) of this section, respectively.

(2) *Borrowers entering repayment on or after July 1, 2006.* (i) A borrower may repay a Direct Subsidized Loan or a Direct Unsubsidized Loan under the standard repayment plan, the extended repayment plan, the graduated repayment plan, the income contingent repayment plan, or the income-based repayment plan, in accordance with paragraphs (b), (e), (g), (k), and (m) of this section, respectively.

(ii)(A) A Direct PLUS Loan that was made to a graduate or professional student borrower may be repaid under the standard repayment plan, the extended repayment plan, the graduated repayment plan, the income contingent repayment plan, or the income-based repayment plan in accordance with paragraphs (b), (e), (g), (k), and (m) of this section, respectively.

(B) A Direct PLUS Loan that was made to a parent borrower may be repaid under the standard repayment plan, the extended repayment plan, or the graduated repayment plan, in accordance with paragraphs (b), (e), and (g) of this section, respectively.

(iii) A borrower may repay a Direct Consolidation Loan under the standard repayment plan, the extended repayment plan, the graduated repayment plan, the income contingent repayment plan, or, unless the Direct Consolidation Loan repaid a parent Direct PLUS Loan or a parent Federal PLUS Loan, the income-based repayment plan, in accordance with paragraphs (c), (e), (h), (k), and (m) of this section, respectively. A Direct Consolidation Loan that repaid a parent Direct PLUS Loan or a parent Federal PLUS Loan may not be repaid under the income-based repayment plan.

(iv) No scheduled payment may be less than the amount of interest accrued on the loan between monthly payments,

except under the income contingent repayment plan, the income-based repayment plan, or an alternative repayment plan.

(3) The Secretary may provide an alternative repayment plan in accordance with paragraph (l) of this section.

(4) All Direct Loans obtained by one borrower must be repaid together under the same repayment plan, except that—

(i) A borrower of a Direct PLUS Loan or a Direct Consolidation Loan that is not eligible for repayment under the income-contingent repayment plan or the income-based repayment plan may repay the Direct PLUS Loan or Direct Consolidation Loan separately from other Direct Loans obtained by the borrower; and

(ii) A borrower of a Direct PLUS Consolidation Loan that entered repayment before July 1, 2006 may repay the Direct PLUS Consolidation Loan separately from other Direct Loans obtained by that borrower.

(5) Except as provided in § 685.209 and § 685.221 for the income contingent or income-based repayment plan, the repayment period for any of the repayment plans described in this section does not include periods of authorized deferment or forbearance.

* * * * *

(m) *Income-based repayment plan.* (1) Under this repayment plan, the required monthly payment for a borrower who has a partial financial hardship is limited to no more than 15 percent of the amount by which the borrower's AGI exceeds 150 percent of the poverty guideline applicable to the borrower's family size, divided by 12. The Secretary determines annually whether the borrower continues to qualify for this reduced monthly payment based on the amount of the borrower's eligible loans, AGI, and poverty guideline.

(2) The specific provisions governing the income-based repayment plan are in § 685.221.

22. Section 685.209 is amended by revising paragraph (c)(4) to read as follows:

§ 685.209 Income contingent repayment plan.

* * * * *

(c) * * *

(4) *Repayment period.* (i) The maximum repayment period under the income contingent repayment plan is 25 years.

(ii) The repayment period includes—

(A) Periods in which the borrower makes payments under the income-contingent repayment plan on loans that are not in default;

(B) Periods in which the borrower makes reduced monthly payments under the income-based repayment plan or a recalculated reduced monthly payment after the borrower no longer has a partial financial hardship or stops making income-based payments, as provided in § 685.221(d)(i);

(C) Periods in which the borrower made monthly payments under the standard repayment plan after leaving the income-based repayment plan as provided in § 685.221(d)(2);

(D) Periods in which the borrower makes payments under the standard repayment plan described in § 685.208(b);

(E) For borrowers who entered repayment before October 1, 2007, and if the repayment period is not more than 12 years, periods in which the borrower makes monthly payments under the extended repayment plans described in § 685.208(d) and (e), or the standard repayment plan described in § 685.208(c);

(F) Periods after October 1, 2007, in which the borrower makes monthly payments under any other repayment plan that are not less than the amount required under the standard repayment plan described in § 685.208(b); or

(G) Periods of economic hardship deferment after October 1, 2007.

* * * * *

23. Section 685.210 is amended by revising paragraph (b)(2) to read as follows:

§ 685.210 Choice of repayment plan.

* * * * *

(b) * * *

(2)(i) A borrower may not change to a repayment plan that has a maximum repayment period of less than the number of years the loan has already been in repayment, except that a borrower may change to either the income contingent or income-based repayment plan at any time.

(ii) If a borrower changes plans, the repayment period is the period provided under the borrower's new repayment plan, calculated from the date the loan initially entered repayment. However, if a borrower changes to the income contingent repayment plan or the income-based repayment plan, the repayment period is calculated as described in § 685.209(c)(4) or § 685.221(b)(6), respectively.

* * * * *

24. Section 685.211 is amended by:

A. Revising paragraph (a) introductory text and (a)(1).

B. Revising paragraph (d)(3)(ii).

The revisions read as follows:

§ 685.211 Miscellaneous repayment provisions.

(a) *Payment application and prepayment.* (1) Except as provided for the income-based repayment plan under § 685.221(c)(1), the Secretary applies any payment first to any accrued charges and collection costs, then to any outstanding interest, and then to outstanding principal.

* * * * *

(d) * * *

(3) * * *

(ii) If a borrower defaults on a Direct Subsidized Loan, a Direct Unsubsidized Loan, a Direct Consolidation Loan, or a student Direct PLUS Loan—

(A) The Secretary may designate the income contingent repayment plan for the borrower; or

(B) If the borrower qualifies, the borrower may select the income-based repayment plan.

* * * * *

25. Section 685.212 is amended by:

A. Redesignating paragraph (i) as paragraph (j).

B. Adding new paragraph (i) to read as follows:

§ 685.212 Discharge of a loan obligation.

* * * * *

(i) *Public Service Loan Forgiveness Program.* If a borrower meets the requirements in § 685.219, the Secretary cancels the remaining principal and accrued interest of the borrower's eligible Direct Subsidized Loan, Direct Unsubsidized Loan, Direct PLUS Loan, and Direct Consolidation Loan.

* * * * *

26. A new § 685.219 is added to read as follows:

§ 685.219 Public Service Loan Forgiveness Program.

(a) *General.* The Public Service Loan Forgiveness Program is intended to encourage individuals to enter and continue in full-time public service employment by forgiving the remaining balance of their Direct loans after they satisfy the public service and loan payment requirements of this section.

(b) *Definitions.* The following definitions apply to this section:

AmeriCorps position means a position approved by the Corporation for National and Community Service under section 123 of the National and Community Service Act of 1990 (42 U.S.C. 12573).

Eligible Direct loan means a Direct Subsidized Loan, Direct Unsubsidized Loan, Direct PLUS loan, or a Direct Consolidation loan.

Employee or employed means an individual who is hired and paid by a public service organization.

Full-time (1) means working in qualifying employment in one or more jobs for the greater of—

(i)(A) An annual average of at least 30 hours per week, or

(B) For a contractual or employment period of at least 8 months, an average of 30 hours per week; or

(ii) The number of hours the employer considers full-time.

(2) Vacation or leave time provided by the employer is not considered in determining the average hours worked on an annual or contract basis.

Government employee means an individual who is employed by a local, State, Federal, or Tribal government.

Law enforcement means service performed by an employee of a public service organization that is publicly funded and whose principal activities pertain to crime prevention, control or reduction of crime, or the enforcement of criminal law.

Military service, for uniformed members of the U.S. Armed Forces or the National Guard, means “active duty” service or “full-time National Guard duty” as defined in section 101(d)(1) and (d)(5) of title 10 in the United States Code, but does not include active duty for training or attendance at a service school. For civilians, “Military service” means service on behalf of the U.S. Armed Forces or the National Guard performed by an employee of a public service organization.

Public interest law refers to legal services provided by a public service organization that are funded in whole or in part by a local, State, Federal, or Tribal government.

Public service organization means:

(1) A Federal, State, local, or Tribal government organization, agency, or entity;

(2) A public child or family service agency;

(3) A non-profit organization under section 501(c)(3) of the Internal Revenue Code that is exempt from taxation under section 501(a) of the Internal Revenue Code;

(4) A Tribal college or university; or

(5) A private organization that—

(i) Provides the following public services: Emergency management, military service, public safety, law enforcement, public interest law services, public child care, public service for individuals with disabilities and the elderly, public health, public education, public library services, school library or other school-based services; and

(ii) Is not a business organized for profit, a labor union, a partisan political organization, or an organization engaged

in religious activities, unless the qualifying activities are unrelated to religious instruction, worship services, or any form of proselytizing.

(c) Borrower eligibility. (1) A borrower may obtain loan forgiveness under this program if he or she—

(i) Is not in default on the loan for which forgiveness is requested;

(ii) Is employed full-time by a public service organization or serving in a full-time AmeriCorps position—

(A) When the borrower makes the 120 monthly payments described under paragraph (c)(1)(iii) of this section;

(B) At the time of application for loan forgiveness, and

(C) At the time the remaining principal and accrued interest are forgiven;

(iii) Makes 120 separate monthly payments after October 1, 2007, on eligible Direct loans for which forgiveness is sought. Except as provided in paragraph (c)(2) of this section for a borrower in an AmeriCorps position, the borrower must make the monthly payments within 15 days of the scheduled due date for the full scheduled installment amount; and

(iv) Makes the required 120 monthly payments under one or more of the following repayment plans—

(A) Except for a Parent PLUS borrower, an income-based repayment plan, as determined in accordance with § 685.221;

(B) Except for a Parent PLUS borrower, an income-contingent repayment plan, as determined in accordance with § 685.209;

(C) A standard repayment plan, as determined in accordance with § 685.208(b); or

(D) Any other repayment plan if the monthly payment amount paid is not less than what would have been paid under the Direct Loan standard repayment plan described in § 685.208(b).

(2) If a borrower uses all or part of a Segal Education Award received after a year of AmeriCorps service to make a lump sum payment on an eligible loan for which the borrower is seeking forgiveness, the Secretary considers the borrower to have made qualifying payments equal to the lesser of—

(i) The number of payments resulting after dividing the amount of the lump sum payment from the Segal Education Award by the monthly payment amount the borrower would have made under paragraph (c)(1)(iv) of this section; or

(ii) Twelve payments.

(d) *Forgiveness Amount*. The Secretary forgives the principal and accrued interest that remains on all eligible loans for which loan forgiveness

is requested by the borrower. The Secretary forgives this amount after the borrower makes the 120 monthly qualifying payments under paragraph (c) of this section.

(e) *Application*. (1) After making the 120 monthly qualifying payments on the eligible loans for which loan forgiveness is requested, a borrower may request loan forgiveness on a form provided by the Secretary.

(2) If the Secretary determines that the borrower meets the eligibility requirements for loan forgiveness under this section, the Secretary—

(i) Notifies the borrower of this determination; and

(ii) Forgives the outstanding balance of the eligible loans.

(3) If the Secretary determines that the borrower does not meet the eligibility requirements for loan forgiveness under this section, the Secretary notifies the borrower of that determination.

(Authority: 20 U.S.C. 1087e(m))

27. Section 685.220 is amended by:

A. Redesignating paragraph (d)(1)(i)(B)(3) as (d)(1)(i)(B)(4).

B. In newly redesignated paragraph (d)(1)(i)(B)(4), adding the words “is in default or” after the word “that”.

C. Adding new paragraph (d)(1)(i)(B)(3).

D. Adding new paragraph (d)(1)(i)(B)(5).

E. In paragraph (d)(1)(ii)(A), removing the word “a” and adding, in its place, the words “the grace” before the word “period”.

F. In paragraph (d)(1)(ii)(D), adding the words “, or the income-based repayment plan described in § 685.208(m),” after the reference to “§ 685.220(k)” and the words “or § 685.221(e)” after the reference to “§ 685.209(d)(5)”.

The additions read as follows:

§ 685.220 Consolidation.

* * * * *

(d) * * *

(1) * * *

(i) * * *

(B) * * *

(3) The borrower wishes to use the Public Service Loan forgiveness program;

* * * * *

(5) The borrower has a FFEL Consolidation Loan and the borrower wants to consolidate that loan into the Federal Direct Loan Program for purposes of using the Public Service Loan Forgiveness Program.

* * * * *

28. A new § 685.221 is added to read as follows:

§ 685.221 Income-based repayment plan.

(a) *Definitions.* As used in this section—

(1) *Adjusted gross income (AGI)* means the borrower's adjusted gross income as reported to the Internal Revenue Service. For a married borrower filing jointly, AGI includes both the borrower's and spouse's income. For a married borrower filing separately, AGI includes only the borrower's income.

(2) *Eligible loan* means any outstanding loan made to a borrower under the FFEL or Direct Loan programs except for a FFEL or Direct PLUS Loan made to a parent borrower or a FFEL or Direct Consolidation Loan that repaid a FFEL or Direct PLUS Loan made to a parent borrower.

(3) *Family size* means the number that is determined by counting the borrower, the borrower's spouse, and the borrower's children if the children receive more than half their support from the borrower. A borrower's family size includes other individuals if, at the time the borrower certifies family size, the other individuals—

(i) Live with the borrower; and
(ii) Receive more than half their support from the borrower and will continue to receive this support from the borrower for the year the borrower certifies family size. Support includes money, gifts, loans, housing, food, clothes, car, medical and dental care, and payment of college costs.

(4) *Partial financial hardship* means a circumstance in which the annual amount due on all of a borrower's eligible loans, as calculated under a standard repayment plan based on a 10-year repayment period, exceeds 15 percent of the difference between the borrower's AGI and 150 percent of the poverty guideline for the borrower's family size.

(5) *Poverty guideline* refers to the income categorized by State and family size in the poverty guidelines published annually by the United States Department of Health and Human Services pursuant to 42 U.S.C. 9902(2). If a borrower is not a resident of a State identified in the poverty guidelines, the poverty guideline to be used for the borrower is the poverty guideline (for the relevant family size) used for the 48 contiguous States.

(b) *Terms of the repayment plan.* (1) A borrower may select the income-based repayment plan only if the borrower has a partial financial hardship. Except as provided under paragraph (b)(2) of this section, the borrower's aggregate monthly loan payments are limited to no more than 15 percent of the amount by which the borrower's AGI exceeds

150 percent of the poverty guideline applicable to the borrower's family size, divided by 12.

(2) The Secretary adjusts the calculated monthly payment if—

(i) The total amount of the borrower's eligible loans are not Direct Loans, in which case, the Secretary determines the borrower's adjusted monthly payment by multiplying the calculated payment by the percentage of the total amount of eligible loans that are Direct Loans;

(ii) The calculated amount is less than \$5.00, in which case the borrower's monthly payment is \$0.00; or

(iii) The calculated amount is equal to or greater than \$5.00 but less than \$10.00, in which case the borrower's monthly payment is \$10.00.

(3) If the borrower's monthly payment amount is not sufficient to pay the accrued interest on the borrower's Direct Subsidized loan or the subsidized portion of a Direct Consolidation Loan, the Secretary does not charge the borrower the remaining accrued interest for a period not to exceed three consecutive years from the date the borrower began repayment of the loans under the income-based repayment plan for that loan. On a Direct Consolidation Loan that repays loans on which the Secretary has not charged the borrower accrued interest, the three-year period includes the period for which the Secretary did not charge the borrower accrued interest on the underlying loans. This three-year period does not include any period during which the borrower receives an economic hardship deferment.

(4) Except as provided in paragraph (b)(3) of this section, accrued interest is capitalized at the time a borrower chooses to leave the income-based repayment plan or no longer has a partial financial hardship.

(5) If the borrower's monthly payment amount is not sufficient to pay any of the principal due, the payment of that principal is postponed until the borrower chooses to leave the income-based repayment plan or no longer has a partial financial hardship.

(6) The repayment period for a borrower under the income-based repayment plan may be greater than 10 years.

(c) *Payment application and prepayment.* The Secretary applies any payment made under an income-based repayment plan in the following order:

(1) Accrued interest.

(2) Collection costs.

(3) Late charges.

(4) Loan principal.

(d) *Changes in the payment amount.*

(1) If a borrower no longer has a partial

financial hardship, the borrower may continue to make payments under the income-based repayment plan, but the Secretary recalculates the borrower's monthly payment. The Secretary also recalculates the monthly payment for a borrower who chooses to stop making income-based payments. In either case, as result of the recalculation—

(i) The maximum monthly amount that the borrower may be required to repay is the amount the borrower would have paid under the standard repayment plan based on the amount of the borrower's eligible loans that were outstanding at the time the borrower began repayment on the loans under the income-based repayment plan; and
(ii) The borrower's repayment period based on the recalculated payment amount may exceed 10 years.

(2) If a borrower no longer wishes to pay under the income-based payment plan, the borrower must pay under the standard repayment plan and the Secretary recalculates the borrower's monthly payment based on—

(i) A maximum ten-year repayment period for the amount of the borrower's loans that were outstanding at the time the borrower discontinued paying under the income-based repayment plan; or

(ii) For a Direct Consolidation Loan, the applicable repayment period specified in § 685.208(j) for the amount of the borrower's loan that was outstanding at the time the borrower discontinued paying under the income-based repayment plan.

(e) *Eligibility documentation and verification.* (1) The Secretary determines whether a borrower has a partial financial hardship to qualify for the income-based repayment plan for the year the borrower selects the plan and for each subsequent year that the borrower remains on the plan. To make this determination, the Secretary requires the borrower to—

(i)(A) Provide written consent to the disclosure of AGI and other tax return information by the Internal Revenue Service to the Secretary. The borrower provides consent by signing a consent form and returning it to the Secretary;

(B) If a borrower's AGI is not available, or the Secretary believes that the borrower's reported AGI does not reasonably reflect the borrower's current income, the Secretary may use other documentation provided by the borrower to verify income; and

(ii) Annually certify the borrower's family size. If the borrower fails to certify family size, the Secretary assumes a family size of one for that year.

(2) The Secretary designates the repayment option described in

paragraph (d)(1) of this section for any borrower who selects the income-based repayment plan but—

(i) Fails to provide or renew the required written consent for income verification; or

(ii) Withdraws consent and does not select another repayment plan.

(f) *Loan forgiveness.* (1) To qualify for loan forgiveness after 25 years, a borrower must have participated in the income-based repayment plan and satisfied at least one of the following conditions during that period:

(i) Made reduced monthly payments under a partial financial hardship as provided in paragraph (b)(1) or (2) of this section, including a monthly payment amount of \$0.00, as provided under paragraph (b)(2)(ii) of this section.

(ii) Made reduced monthly payments after the borrower no longer had a partial financial hardship or stopped making income-based payments as provided in paragraph (d) of this section.

(iii) Made monthly payments under any repayment plan, that were not less than the amount required under the Direct Loan standard repayment plan described in § 685.208(b).

(iv) Made monthly payments under the Direct Loan standard repayment plan described in § 685.208(b) based on the amount of the borrower's loans that were outstanding at the time the borrower first selected the income-based repayment plan.

(v) Paid Direct Loans under the income-contingent repayment plan.

(vi) Received an economic hardship deferment on eligible Direct Loans.

(2) As provided under paragraph (f)(4) of this section, the Secretary cancels any outstanding balance of principal and accrued interest on Direct loans for which the borrower qualifies for forgiveness if the Secretary determines that—

(i) The borrower made monthly payments under one or more of the

repayment plans described in paragraph (f)(1) of this section, including a monthly payment amount of \$0.00, as provided under paragraph (b)(2)(ii) of this section; and

(ii)(A) The borrower made those monthly payments each year for a 25-year period, or

(B) Through a combination of monthly payments and economic hardship deferments, the borrower has made the equivalent of 25 years of payments.

(3) For a borrower who qualifies for the income-based repayment plan, the beginning date for the 25-year period is—

(i) If the borrower made payments under the income contingent repayment plan, the date the borrower made a payment on the loan under that plan at any time after July 1, 1994;

(ii) If the borrower did not make payments under the income contingent repayment plan—

(A) For a borrower who has a Direct Consolidation Loan, the date the borrower made a payment or received an economic hardship deferment on that loan, before the date the borrower qualified for income-based repayment. The beginning date is the date the borrower made the payment or received the deferment, but no earlier than July 1, 2009;

(B) For a borrower who has one or more other eligible Direct Loans, the date the borrower made a payment or received an economic hardship deferment on that loan. The beginning date is the date the borrower made that payment or received the deferment on that loan, but no earlier than July 1, 2009;

(C) For a borrower who did not make a payment or receive an economic hardship deferment on the loan under paragraph (f)(3)(ii)(A) or (B) of this section, the date the borrower made a payment under the income-based repayment plan on the loan;

(D) If the borrower consolidates his or her eligible loans, the date the borrower made a payment on the Direct Consolidation Loan after qualifying for the income-based repayment plan; or

(E) If the borrower did not make a payment or receive an economic hardship deferment on the loan under paragraph (f)(3)(i) or (ii) of this section, determining the date the borrower made a payment under the income-based repayment plan on the loan.

(4) If the Secretary determines that a borrower satisfies the loan forgiveness requirements, the Secretary cancels the outstanding balance and accrued interest on the Direct Consolidation Loan described in paragraph (f)(3)(i), (iii) or (iv) of this section or other eligible Direct Loans described in paragraph (f)(3)(ii) or (iv) of this section.

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 63****[EPA-HQ-OAR-2005-0084; FRL-8581-3]****RIN 2060-AM37****National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: We are issuing national emission standards for control of hazardous air pollutants (HAP) for the plating and polishing area source category. This final rule establishes emission standards in the form of management practices for new and existing tanks, thermal spraying equipment, and mechanical polishing equipment in certain plating and polishing processes. These final emission standards reflect EPA's determination regarding the generally achievable control technology (GACT) and/or management practices for the area source category.

DATES: This final rule is effective on July 1, 2008.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2005-0084. All documents in the docket are listed in the <http://www.regulations.gov> index. Although listed in the index, some information is not publicly available, e.g., confidential business information or other information whose disclosure is

restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at the EPA Docket Center, Public Reading Room, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the Air Docket is (202) 566-1742.

I. General Information*A. Does this action apply to me?*

The regulated category and entities potentially affected by this final action include:

Category	NAICS code ¹	Examples of regulated entities
Industry * * *	332813	Area source facilities engaged in any one or more types of nonchromium electroplating; electropolishing; electroforming; electroless plating, including thermal metal spraying, chromate conversion coating, and coloring; or mechanical polishing of metals and formed products for the trade. Regulated sources do not include chromium electroplating and chromium anodizing sources, as those sources are subject to 40 CFR part 63, subpart N, "Chromium Emissions From Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks."
Manufacturing	32, 33	Area source establishments engaged in one or more types of nonchromium electroplating; electropolishing; electroforming; electroless plating, including thermal metal spraying, chromate conversion coating, and coloring; or mechanical polishing of metals and formed products for the trade. Examples include: 33251, Hardware Manufacturing; 323111, Commercial Gravure Printing; 332116, Metal Stamping; 332722, Bolt, Nut, Screw, Rivet, and Washer Manufacturing; 332811, Metal Heat Treating; 332812, Metal Coating, Engraving (except Jewelry and Silverware), and Allied Services to Manufacturers; 332913, Plumbing Fixture Fitting and Trim Manufacturing; Other Metal Valve and Pipe Fitting Manufacturing; 332999, All Other Miscellaneous Fabricated Metal Product Manufacturing; 334412, Bare Printed Circuit Board Manufacturing; 336412, Aircraft Engine and Engine Parts Manufacturing; and 339911, Jewelry (except Costume) Manufacturing.

¹ North American Industry Classification System.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. To determine

whether your facility will be regulated by this action, you should examine the applicability criteria in 40 CFR 63.11504, "Am I subject to this

subpart?" of subpart WWWW (National Emission Standards for Hazardous Air Pollutants (NESHAP): Area Source Standards for Plating and

Polishing Operations). If you have any questions regarding the applicability of this action to a particular entity, consult either the air permit authority for the entity or your EPA regional representative as listed in § 63.13 of the General Provisions to part 63 (40 CFR part 63, subpart A).

B. Where can I get a copy of this document?

In addition to being available in the docket, an electronic copy of this final action will also be available on the Worldwide Web (WWW) through the Technology Transfer Network (TTN). Following signature, a copy of the final action will be posted on the TTN's policy and guidance page for newly proposed or promulgated rules at the following address: <http://www.epa.gov/ttn/oarpg/>. The TTN provides information and technology exchange in various areas of air pollution control.

C. Judicial Review

Under section 307(b)(1) of the Clean Air Act (CAA), judicial review of these final rules is available only by filing a petition for review in the U.S. Court of Appeals for the District of Columbia Circuit by September 2, 2008. Under section 307(d)(7)(B) of the CAA, only an objection to these final rules that was raised with reasonable specificity during the period for public comment can be raised during judicial review. This section also provides a mechanism for us to convene a proceeding for reconsideration, "[i]f the person raising an objection can demonstrate to EPA that it was impracticable to raise such objection within [the period for public comment] or if the grounds for such objection arose after the period for public comment (but within the time specified for judicial review) and if such objection is of central relevance to the outcome of this rule." Any person seeking to make such a demonstration to us should submit a Petition for Reconsideration to the Office of the Administrator, Environmental Protection Agency, Room 3000, Ariel Rios Building, 1200 Pennsylvania Ave., NW., Washington, DC 20004, with a copy to the person listed in the preceding **FOR FURTHER INFORMATION CONTACT** section, and the Associate General Counsel for the Air and Radiation Law Office, Office of General Counsel (Mail Code 2344A), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20004. Moreover, under section 307(d)(7)(B) of the CAA, only an objection to these final rules that was raised with reasonable specificity during the period for public comment

can be raised during judicial review. Moreover, under section 307(b)(2) of the CAA, the requirements established by these final rules may not be challenged separately in any civil or criminal proceedings brought by EPA to enforce these requirements.

II. Background Information for Final Area Source Standards

Section 112(d) of the CAA requires us to establish NESHAP for both major and area sources of HAP that are listed for regulation under CAA section 112(c). A major source emits or has the potential to emit 10 tons per year (tpy) or more of any single HAP or 25 tpy or more of any combination of HAP. An area source is a stationary source that is not a major source.

Section 112(k)(3)(B) of the CAA calls for EPA to identify at least 30 HAP which, as the result of emissions from area sources, pose the greatest threat to public health in the largest number of urban areas. EPA implemented this provision in 1999 in the Integrated Urban Air Toxics Strategy, (64 FR 38715, July 19, 1999). Specifically, in the Strategy, EPA identified 30 HAP that pose the greatest potential health threat in urban areas, and these HAP are referred to as the "30 urban HAP." Section 112(c)(3) requires EPA to list sufficient categories or subcategories of area sources to ensure that area sources representing 90 percent of the emissions of the 30 urban HAP are subject to regulation. We implemented these requirements through the Integrated Urban Air Toxics Strategy (64 FR 38715, July 19, 1999). A primary goal of the Strategy is to achieve a 75 percent reduction in cancer incidence attributable to HAP emitted from stationary sources.

Under CAA section 112(d)(5), we may elect to promulgate standards or requirements for area sources "which provide for the use of generally available control technologies or management practices by such sources to reduce emissions of hazardous air pollutants." Additional information on GACT is found in the Senate report on the legislation (Senate Report Number 101-228, December 20, 1989), which describes GACT as:

* * * methods, practices and techniques which are commercially available and appropriate for application by the sources in the category considering economic impacts and the technical capabilities of the firms to operate and maintain the emissions control systems.

Consistent with the legislative history, we can consider costs and economic impacts in determining GACT, which is particularly important when developing

regulations for source categories that have many small businesses.

Determining what constitutes GACT involves considering the control technologies and management practices that are generally available to the area sources in the source category. We also consider the standards applicable to major sources in the same industrial sector to determine if the control technologies and management practices are transferable and generally available to area sources. In appropriate circumstances, we may also consider technologies and practices at area and major sources in similar categories to determine whether such technologies and practices could be considered generally available for the area source category at issue. Finally, as we have already noted, in determining GACT for a particular area source category, we consider the costs and economic impacts of available control technologies and management practices on that category.

We are establishing these national emission standards in response to a court-ordered deadline that requires EPA to issue standards for 11 source categories listed pursuant to section 112(c)(3) and (k) by June 15, 2008 (*Sierra Club v. Johnson*, no. 01-1537, D.D.C., March 2006). We have already issued regulations addressing one of the 11 source categories. See regulations for Wood Preserving (72 FR 38864, July 16, 2007.) Other rulemakings will include standards for the remaining source categories that are due in June 2008.

III. Summary of Final Rule and Changes Since Proposal

A. Summary of Changes Since Proposal

1. Applicability

In response to comments, we made several changes to clarify the applicability of this final rule. Specifically, we have revised the definition of plating and polishing metal HAP to mean any compound of cadmium, chromium, lead, manganese, and nickel. We further clarified that the term plating and polishing metal HAP includes the elemental form of these metals, with the exception of lead. We also clarified throughout this final rule that this final rule applies only to sources that use the plating and polishing metal HAP (i.e., tanks that contain one or more of the metal HAP, thermal spraying operations that apply one or more of the metal HAP, and dry mechanical polishing operations that emit one or more of the plating and polishing metal HAP).

We have revised § 63.11505, "What parts of my plant does this subpart

cover?”, to clarify that this final rule does not apply to any of the following sources: Any source subject to 40 CFR part 63, subpart N, National Emission Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks (Chromium Electroplating NESHAP); process units used strictly for educational purposes; thermal spraying conducted to repair surfaces; polishing conducted to restore the original finish to a surface; and any plating and polishing processes that do not use any materials that contain cadmium, chromium, lead, or nickel in amounts of at least 0.1 percent by weight, and do not use any materials that contain manganese in amounts of at least 1.0 percent by weight, as reported on the Material Safety Data Sheet for the material. We do not believe that HAP emissions from these activities were part of the inventory that supported the area source listing decision for this category because the emissions from these activities are very low.

We also corrected an error in § 63.11505, “What parts of my plant does this subpart cover?”, concerning the definitions of new and existing sources. In the final rule, an existing source is a source for which construction or reconstruction began on or before March 14, 2008 (i.e., the proposal date), and new source is defined as a source for which construction or reconstruction began after March 14, 2008.

2. Standards and Compliance Requirements

We have revised the compliance options specified in § 63.11507, “What are my standards and management practices?”, of the final rule. We have clarified in § 63.11507(a) that if wetting agent/fume suppressant (WAFS) is included in the bath chemicals, and the WAFS is added according to the manufacturer’s instruction, plants are not required to add more WAFS to the tank. We also have added a third compliance option for affected electrolytic process tanks. In addition to using WAFS or exhausting emissions to a control device, the final rule allows owners and operators of affected tanks to comply by using tank covers. To meet this option for batch process tanks, a tank cover will have to be used during at least 95 percent of the process operating time. As mentioned above, for continuous electrolytic process tanks, covers must be used whenever the process is operating. We also expanded the definition of tank cover in § 63.11507 to clarify that, for continuous process tanks, the tank surface area

must be covered at least 75 percent. We have clarified the requirements for tanks that are used both for short-term or “flash” plating and for longer plating operations that do not meet the definition of short-term plating (i.e., “long-term” plating). Section 63.11507(c), “What are my standards and management practices,” of the final rule specifies that owners or operators must comply with the requirements for short-term plating whenever short-term plating is performed in the tank and must comply with the requirements for long-term plating whenever long-term plating is performed.

We have clarified the requirements for cyanide electroplating tanks in § 63.11507(d) of the final rule, “What are my standards and management practices”. In § 63.11507(f) of the final rule, we have clarified the requirements for thermal spraying operations. The final rule distinguishes between permanent and temporary thermal spraying. The requirements for permanent thermal spraying are the same as in the proposed rule. However, temporary thermal spraying operations are required only to meet the applicable management practices specified in the final rule. We also have added a definition for temporary thermal spraying to § 63.11511, “What definitions apply to this subpart?”, of the final rule to clarify whether a thermal spraying operation is temporary or permanent.

In § 63.11507(g), “What are my standards and management practices?”, of the final rule, we have expanded the list of management practices. We also have clarified that this final rule requires facilities to implement only those listed management practices that are applicable and that the practices are to be implemented as practicable. In addition, we have revised some of the specific practices that were listed in the proposed rule, including the practices for minimizing bath agitation, maximizing drainage of bath liquid from parts as they are removed from the tank, using tank covers, and heating tank baths.

We have made several changes to § 63.11508, “What are my compliance requirements?”, of the final rule to clarify the requirements for initial and continuous compliance. The changes include adding the compliance requirements for continuous electrolytic process tanks and temporary thermal spraying operations, and clarifying the compliance requirements for cyanide electroplating tanks.

We have also changed the process by which facilities seek approval to use an alternative equipment standard other

than those specifically listed in this final rule. In the proposal we indicated that facilities that would like to use equipment other than those listed must seek approval to do so pursuant to the procedures in § 63.6(g) of the General Provisions to part 63. We did not receive any comments on this part of the proposal, nor did any commenters identify any alternative equipment standards that are equivalent to those specified in this final rule. We believe that facilities should be able to request approval to use an alternative equipment standard, and therefore, we have identified two different options available to facilities that would like to use alternative equipment that achieves at least equivalent HAP emission reductions as the controls specified in this final rule: (1) Facilities may petition the Agency to amend this final rule pursuant to section 553(e) of the Administrative Procedure Act, or (2) facilities may work with State permitting authorities pursuant to EPA’s regulations at 40 CFR Subpart E (“Approval of State Programs and Delegation of Federal Authorities”). Subpart E implements section 112(l) of the CAA which authorizes EPA to approve alternative State/Local/Tribal HAP standards or programs when such requirements are demonstrated to be no less stringent than EPA promulgated standards. We believe that these options are more appropriate mechanisms for area sources subject to section 112(d)(5) rules to obtain approval of alternative equipment standards.

3. Reporting and Recordkeeping Requirements

We have revised § 63.11509, “What are my notification, reporting, and recordkeeping requirements?”, of the final rule to eliminate the requirement for submitting annual compliance reports. The final rule still requires owners or operators of affected sources to prepare annual compliance certifications and keep the certifications on-site and available for review. However, the certifications need only be submitted if a deviation occurred during the year, in which case the certification and report of deviations must be submitted to your state or local permitting authority. The final rule also specifies the deadline for preparing the certifications as January 31 of the year immediately following the reporting period.

4. Definitions

We have made several changes to the definitions in § 63.11511, “What definitions apply to this subpart?”, of the final rule and have added

definitions for other terms used in the final rule. We added definitions for batch electrolytic process tank, continuous electrolytic process tank, tank cover for continuous process units, and temporary thermal spraying. We have revised the definitions of cyanide plating, dry mechanical polishing, flash electroplating, and plating and polishing metal HAP.

5. Other

We also corrected some typographical errors that appeared in various sections of the proposed rule.

B. Summary of Final Rule

1. Applicability

The final subpart WWWWWW applies to new and existing area sources of plating and polishing that use any of the plating and polishing metal HAP (cadmium, chromium,¹ lead, manganese, or nickel) in tanks or thermal spraying processes; and dry mechanical polishing operations used to remove or polish products with these metal HAP after plating. A new source is any affected source where you commenced construction or reconstruction of the affected source after March 14, 2008.

The final rule applies to the following sources: Any tank that contains one or more of the plating and polishing metal HAP and is used for non-chromium electroplating; electroforming; electropolishing; electroless plating or other non-electrolytic metal coating operations, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating; any thermal spraying operation that applies one or more of the plating and polishing metal HAP; and any dry mechanical polishing operation that emits one or more of the plating and polishing metal HAP. This final rule does not apply to the following sources: Process units that are subject to the Chromium Electroplating NESHAP, research and development process units, process units that are used strictly for educational purposes; thermal spraying conducted to repair surfaces; dry mechanical polishing conducted to restore the original finish to a surface before plating; and any plating or polishing process that only uses materials that do not contain cadmium, chromium, lead, or nickel in amounts of at least 0.1 percent by

weight, and do not contain manganese in amounts of at least 1.0 percent by weight, as reported on the Material Safety Data Sheet for the material. As stated above, we believe that HAP emissions from these activities were not part of the inventory that supported the area source listing decision for this category because the emissions from these activities are small.

2. Compliance Dates

All existing area source facilities with operations subject to this final rule must comply with the final rule requirements for their existing operations no later than 2 years after the date of publication of the final rule in the **Federal Register**. The owner or operator of a new area source operation must comply with these final rule requirements by the date of publication of the final rule in the **Federal Register** or upon startup, whichever is later.

3. Standards

The final rule requires owners or operators of affected non-cyanide plating and polishing tanks to meet one of the following three compliance options, which are described in further detail below: Use WAFS in the tank, capture and control emissions using an emission control device, or use a tank cover. To meet the requirement for WAFS, the owner or operator must use a bath chemistry that includes a WAFS or must add WAFS separately to the bath. In either case, the owner or operator will be required to maintain the level of WAFS in the tank according to manufacturer's specifications and requirements. No additional WAFS needs to be added beyond the manufacturer's specifications and requirements.

To meet the control device option, the owner or operator must install, operate, and maintain a control system that includes a capture device designed to capture the plating and polishing metal HAP emissions from the tank and to transport the metal HAP emissions to a composite mesh pad (CMP), packed bed scrubber (PBS), or mesh pad mist eliminator (MPME).

The tank cover option distinguishes between batch process tanks and continuous process tanks. For batch process tanks, the cover must enclose the entire surface area of the tank and must be in place during at least 95 percent of the process operating time; for continuous process tanks, the tank surface area must be covered at least 75 percent during all periods of process operation.

For short-term or flash plating tanks, the final rule requires owners or

operators to limit plating time to no more than 1 cumulative hour per day or 3 cumulative minutes per hour of plating time, or to use a tank cover during at least 95 percent of the plating time. For affected cyanide plating tanks, owners or operators must perform and record a one-time measurement of pH in the tank bath. In addition to the above requirements, owners or operators of all affected plating and polishing tanks are required to implement, as practicable, the applicable management practices listed in § 63.11507(g), "What are my standards and management practices?", and certify that they have implemented the management practices.

For any existing affected permanent thermal spraying processes, the final rule will require a control system that is designed to provide capture of the plating and polishing metal HAP emissions from the thermal spraying operation and transport the metal HAP emissions to a water curtain, fabric filter, or high efficiency particulate air (HEPA) filter. For new permanent thermal spraying operations, the final rule requires owners or operators to install a control system that is designed to provide capture and control of the metal HAP emissions from these sources and that transports the emissions from the affected source to a fabric filter, or HEPA filter. For any temporary thermal spraying operation, the final rule requires owners or operators to document the length of time and location of the temporary thermal spraying, and to meet applicable management practices listed in § 63.11507(g), "What are my standards and management practices?", such as, but not limited to, vacuuming or sweeping following the operation.

For any new and existing affected dry mechanical polishing operation, the final rule requires a control system that is designed to capture the plating and polishing metal HAP emissions from dry mechanical polishing operations and transport the metal HAP emissions to a cartridge, fabric, or HEPA filter.

4. Compliance Requirements

To demonstrate compliance with the final rule, owners or operators of affected new or existing plating and polishing tanks will have to implement one or more of the equipment standards specified in § 63.11507, "What are my standards and management practices?", of the final rule and certify that they have implemented the equipment standard.

Owners or operators of affected new or existing non-cyanide electrolytic process tanks that comply with the WAFS requirement must add WAFS to

¹Regulated sources do not include chromium electroplating and chromium anodizing sources, as those sources are subject to 40 CFR part 63, subpart N, "Chromium Emissions From Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks."

the tank and replenish the WAFS levels in the tank, according to the manufacturer's specifications and operating instructions, and certify that they have done so. Owners or operators of affected new or existing non-cyanide electrolytic process tanks that comply with the control device option must install, operate, and maintain a control system that captures the metal HAP emissions from plating tanks and transports the emissions to CMP, PBS, or MPME, and certify that they have done so. Owners or operators of affected new or existing non-cyanide electrolytic process tanks that comply using the tank cover option must certify that they have installed the tank cover and are operating the tank with the cover in place, as required by the final rule.

Owners or operators of affected cyanide plating tanks must perform a one-time measurement of pH, record the measurement, and certify that they have done so. The owner or operator of a facility that uses an affected flash electroplating process that chooses to comply by limiting the plating time must demonstrate compliance by operating the affected tank no more than 1 cumulative hour per day or 3 cumulative minutes per hour, and documenting that they have done so.

Owners or operators of affected flash electroplating tanks that choose to comply by using a tank cover must certify that they have installed the tank cover and are operating the tank with the cover in place for at least 95 percent of the plating time. In addition to the above requirements, owners or operators of all affected plating and polishing tanks must demonstrate compliance by implementing the applicable management and pollution prevention practices specified in § 63.11507(g), "What are my standards and management practices?", of the final rule, as practicable, maintaining the appropriate records to document compliance, and certifying that they have implemented the management practices.

The owners or operators of affected new and existing dry mechanical polishing processes must demonstrate compliance by installing, operating, and maintaining an emissions control system according to the manufacturer's specifications and operating instructions that is designed to provide capture of the metal HAP emissions from these sources and to transport these emissions from the affected source to a cartridge, fabric, or HEPA filter. In any case, the owner or operator must also certify that the control system has been installed and is being operated and

maintained according to manufacturer's specifications.

Owners or operators of affected existing permanent thermal spraying processes must demonstrate compliance by installing, operating, and maintaining an emissions control system according to the manufacturer's specifications and operating instructions. The control system must be designed to provide capture of the metal HAP emissions from these sources and to transport the emissions from the affected source to a water curtain, fabric filter, or HEPA filter. The owner or operator must also certify that the control system has been installed and is being operated and maintained according to manufacturer's specifications.

Owners or operators of new permanent thermal spraying processes must demonstrate initial compliance by installing, operating, and maintaining an emissions control system according to the manufacturer's specifications and operating instructions. The control system must be designed to provide capture of the metal HAP emissions from these sources and transport the emissions from the affected source to a fabric or HEPA filter, device. The owner or operator must also certify that the control system has been installed and is being operated and maintained according to manufacturer's specifications.

Owners or operators of affected existing temporary thermal spraying processes must demonstrate compliance by documenting that the thermal spraying occurs for less than one hour per day and is performed in situ; and by implementing the applicable management and pollution prevention practices specified in § 63.11507(g), "What are my standards and management practices?", of the final rule, as practicable, maintaining the appropriate records to document compliance, and certifying that they have implemented the management practices.

5. Notification, Recordkeeping, and Reporting Requirements

The owner or operator of a new or existing affected source is required to comply with certain requirements of the General Provisions to part 63, which are identified in Table 1 of the final rule. Each facility is required to submit an Initial Notification and a Notification of Compliance Status according to the requirements in 40 CFR 63.9 of the General Provisions to part 63. The owner or operator of an affected source is required to prepare and keep on-site an annual compliance certification. If

any deviations occurred during the reporting year, the owner or operator will be required to submit the compliance certification along with a report that describes the deviations and the corrective action taken.

Owners and operators also are required to maintain all records that demonstrate initial and continuous compliance with this final rule, including records of all required notifications and reports, with supporting documentation; and records showing compliance with the management and pollution prevention practices. Owners and operators must maintain records of the following, if applicable: For cyanide electroplating tanks, the one-time pH measurement value; for non-cyanide electroplating tanks, the amount and frequency of WAFS additions; for flash electroplating tanks, the daily plating time; for electroplating tanks using covers as a control option, the time the tank is operated with a cover in place; for continuous electroplating tanks, the amount of tank surface covered and the time the tank is operated with a cover in place; and maintenance of any required control systems.

IV. Exemption of Area Source Category From Title V Permitting Requirements

We did not receive any comments on our proposal to exempt facilities in the Plating and Polishing area source category from title V permitting requirements. Therefore, this final rule does not require facilities in this source category to obtain an operating permit under 40 CFR part 70 or part 71, provided they are not otherwise required to obtain a permit under the part 70 or part 71 regulations.

V. Summary of Comments and Responses

The significant comments and responses are summarized and discussed below according to the comment subject.

A. Applicability

1. Delisting

Comment: One commenter stated that the Plating and Polishing source category should be delisted. The commenter explained that in the past, when EPA has determined that a NESHAP source category was no longer a significant source of the targeted HAPs, it was delisted. The commenter noted that no additional emission reductions are expected as a result of this rule, which is only codifying the voluntary efforts of industry, and that small businesses, such as those affected

by the proposed rule, should not be burdened by a rule that provides no environmental benefit.

Response: As noted in the preamble to the proposed rule, Section 112(k)(3)(B) of the CAA requires EPA to identify at least 30 HAP which, as the result of emissions from area sources, pose the greatest threat to public health in urban areas. Section 112(c)(3) requires EPA to list sufficient categories or subcategories of area sources to ensure that area sources representing 90 percent of the emissions of the 30 urban HAP are subject to regulation. This provision requires that we subject to regulation area source categories representing 90 percent of the emissions of cadmium, chromium, lead, manganese and nickel. See section 112(c)(3). Since plating and polishing is one of the area source categories that we need to meet the section 112(c)(3) requirement, we are issuing regulations for this source category.

The commenter is correct in stating that no additional emissions reductions are expected as a result of the final rule. However, we disagree with the commenter's statement that this rule will result in no environmental benefit. This final rule will help to ensure that future emissions will be limited to the same levels currently achieved; if the source category were to be delisted, as suggested by the commenter, there would be no such limit of future emissions from existing and new plating and polishing sources.

Comment: One commenter explained that in situ thermal spraying is sometimes performed in confined areas in the interior of vessels. The commenter explained that these jobs are of short duration (approximately 1 hour) and infrequent in nature (up to 5 times per year). The commenter noted that setting up a temporary emissions capture system for this type of thermal spray operation is impracticable and economically infeasible because it would take an estimated 32 hours to set up and remove the temporary capture system. As an alternative, the commenter recommended allowing up to 2 pounds per year of metal HAP emissions from uncontrolled thermal spraying if the operation is temporary and capture and control is impractical.

Response: We recognize that temporary in situ thermal spraying operations should not be subject to the same requirements as permanent thermal spraying operations for the reasons outlined by the commenter. To address this type of operation, we have included a definition of short-term thermal spraying in, "What definitions apply to this subpart?", of the final rule.

We also have revised, "What are my standards and management practices?", in the final rule to address thermal spraying in the same manner as another time-limited operation, flash plating, that is subject only to management practices. In addition, we have added sweeping and/or vacuuming as a management practice specifically with short-term thermal spraying operations in mind, but also as a possible management practice for the other plating and polishing operations, to be done "as practicable." Also, as explained above, we believe that repair and maintenance operations were not part of the source category in the inventory and, therefore, we are not including requirements for these practices in this final rule. Since some of the thermal spraying repair and maintenance operations may also be performed in situ, the number of in-situ thermal spraying operations at a facility affected by this final rule may be reduced.

2. Regulated Pollutant

Comment: One commenter recommends that EPA clarify whether elemental metals (other than lead) are considered "Plating and Polishing metal HAP". The commenter explained that in thermal spraying, the metallic coating applied is in the elemental form both before and after application.

Response: We acknowledge that some thermal spraying operations use one of the plating and polishing metal HAP in elemental form. The metal compounds on the HAP list, except for lead, include the elemental form, as per the footnote in the CAA section 112(b)(1) that reads: "For all listings above which contain the word 'compounds' and for glycol ethers, the following applies: Unless otherwise specified, these listings are defined as including any unique chemical substance that contains the named chemical (i.e., antimony, arsenic, etc.) as part of that chemical's infrastructure." Moreover, publications by the American Welding Society and the California Air Resources Board state that compounds of metal HAP may form and be emitted from the thermal spraying process even when the metal used is in its elemental form. Furthermore, elemental metals are emitted from the process as particulate matter (PM), and PM is a surrogate for the metal HAP at issue here. For the above reasons, we have revised the definition of plating and polishing metal HAP in, "What definitions apply to this subpart?", of the final rule to indicate that, with the exception of lead, this final rule also applies to metals in their elemental form.

Comment: One commenter noted that thermal spray operations are sometimes conducted with non-HAP metals that may contain small amounts of one or more of the target HAP metals as impurities. The commenter recommended that EPA revise the definition of Plating and Polishing metal HAP to include those metal HAPs present in quantities greater than 0.1 percent for carcinogens and greater than 1.0 percent for other metal HAP. They also recommend revising the definition of thermal spraying to include the following language: "Only thermal spray materials containing greater than 1 percent (0.1 percent for carcinogens) of Plating and Polishing Metal HAP as reported on a Material Safety Data Sheet are subject to this rule." Another commenter requested that we clarify that this rule does not apply to all plating tanks with cyanide, but only those that contain one or more of the five metal plating HAP.

Response: It was not our intent for this rule to apply to non-HAP materials that contain trace levels of one or more of the plating and polishing metal HAP as impurities. Therefore, we have revised the definition of plating and polishing metal HAP in, "What definitions apply to this subpart?", to clarify that this final rule does not apply to materials that contain any of the metal HAP in concentrations less than 0.1 percent for carcinogens and less than 1.0 percent for other metals, as reported in the Material Safety Data Sheet, since these emissions were not part of the 1990 inventory used for the area source category listing.

We also have clarified that this final rule only applies to tanks, including cyanide tanks, that contain or have the potential to emit the five metal plating HAP.

3. Thresholds and Exemptions

Comment: One commenter believes EPA should establish a threshold to exclude very small plating and polishing area sources from the applicability of the proposed rule. The commenter noted that, for each of the 2,900 area sources, the number of plating and polishing tanks ranged from 1 to 20 tanks, with an average of 10 tanks, and the number of polishing and thermal spray lines ranged from 1 to 10 lines, with an average of 5 lines. The commenter stated that a threshold for the applicability of the proposed rule would result in no net loss in reductions of metal HAP emissions, would significantly minimize the regulatory burden on small plating and polishing area sources, and would reduce the

administrative burden on federal and state regulatory agencies.

Response: We understand the commenter's concern regarding the potential impact of this final rule on small facilities. However, we cannot establish an applicability threshold for small plating facilities for the following reasons. Plating and polishing is one of the area source categories needed to meet the section 112(c)(3) requirement that we subject to regulation, area source categories representing 90 percent of the emissions of cadmium, chromium, lead, manganese and nickel. See section 112(c)(3). We recognize that the plating and polishing area source category is comprised of a large number of relatively small plating and polishing facilities. Although area sources individually may be considered low-emitting sources, collectively, they are not. The commenter's suggestion fails to address the requirement of section 112(c)(3), and as discussed above, we previously determined that we need the plating and polishing area source category to meet this requirement, which provides that EPA regulate area sources accounting for 90 percent of the emissions of the 30 urban HAP. However, in developing the proposed rule, we attempted to minimize the burden on small facilities while ensuring that this final rule includes sufficient requirements for ensuring compliance. As discussed more fully below, we have incorporated certain changes in the final rule to further reduce the burden to small facilities. Finally, we are planning various outreach activities specifically for this industry to help affected facilities comply with the final rule to further reduce the overall burden.

Comment: One commenter requested an exemption for maintenance activities that require thermal spraying for repair (e.g., that would take place on an oil rig or platform) and maintenance activities that might involve polishing a plated surface to restore the original finish in order to accomplish its intended task (e.g., a sealing plate or hydraulic cylinder). The commenter explained that the low levels of emissions from these operations justifies exempting them from the proposed rule. Another commenter remarked that EPA should exempt small tanks that are used only for educational purposes. The commenter believes that such an exemption would be consistent with the exemption for research and development process units specified in, "What parts of my plant does this subpart cover?", of the proposed rule.

Response: The commenter has misconstrued this rule's treatment of

research and development process units specified in, "What parts of my plant does this subpart cover?". Research and development process units are not subject to this rule because the source category does not cover these activities. Similarly, based on reasonable assumptions about the practices included in the 1990 112(k) urban HAP inventory, we have concluded that the processes that contributed to plating and polishing metal HAP emissions most likely did not include thermal spraying operations used for repairing surfaces, polishing operations used to restore original finish, or tanks used strictly for educational purposes. As a result, we have revised, "What parts of my plant does this subpart cover?", of the final rule by adding a new paragraph (g) to clarify the scope of the listed source category addressed in this final rule. The new paragraph provides that the plating and polishing area source category does not include thermal spraying operations for repair, polishing operations used to restore original finish, or tanks used strictly for educational purposes.

Comment: One commenter stated that EPA should exempt chromate conversion coating tanks from the plating and polishing rule. The commenter states that the chromium conversion coating process does not utilize an electrical current or apply heat to the tank, so there is nothing to drive emissions from the process. The commenter also pointed out that chromium conversion tanks were exempted from the Chromium Electroplating NESHAP; communication in the docket from OSHA states that employee exposures are very low; and the proposal does not include any emissions estimates for chromium conversion coating.

Response: We disagree with the commenter that chromium conversion tanks should be exempt from this rule. The commenter requests an exemption, but fails to demonstrate that emissions from such tanks were not included as part of EPA's inventory analysis when it listed the area source category. As explained above, we need to regulate the plating and polishing area source category in order to meet the section 112(c)(3) requirement that we subject to regulation area source categories representing 90 percent of the emissions of cadmium, chromium, lead, manganese and nickel.

Moreover, the proposed management practices represent pollution prevention activities for air emissions. Incidentally, these practices also help to prevent pollution associated with water discharges and the chromate conversion

process. It is our understanding that these practices, when practicable, also can result in cost savings for many facilities, which thereby reduces the net burden. The lack of emission data is not in itself a reason to exempt sources when other information indicates that HAP emissions from those sources are possible. Likewise, the lack of an electrical current in chromium conversion baths is not a reason to exempt those processes since electroless nickel plating baths also are operated without electrical current applied to the bath, yet the data show that there are metal HAP emissions from electroless nickel plating tanks.

Comment: One commenter stated that EPA should exempt all continuous plating operations from the proposed rule. The commenter reasoned that exemption of continuous plating from this rule is appropriate based on the insignificant number of continuous plating operations and the miniscule amount of potential HAP emissions from the process. The commenter explained that bubbling, which is the primary emissions mechanism for batch plating operations, does not occur in continuous plating. In addition, the commenter stated that the tanks are not agitated and have little surface area compared to the surface area of batch plating tanks. The commenter further stated that most of the surface area of continuous plating operations is covered.

Response: We disagree with the commenter and are not providing the exemption requested. We recognize that the plating and polishing area source category is comprised of a large number of relatively small plating and polishing facilities. Although area sources individually may be considered low-emitting sources, collectively, they are not. HAP emissions from the processes identified by the commenter do occur, and the commenter has not demonstrated that emissions from such processes were not included as part of EPA's inventory analysis when it listed the area source category. As explained above, we need to regulate the plating and polishing area source category to meet the 90 percent requirement in section 112(c)(3) for emissions of cadmium, chromium, lead, manganese and nickel.

In developing this final rule, we have attempted to minimize the burden on the sources identified by the commenter. At the time of proposal, we had no information on the differences between batch plating processes and continuous plating processes. We acknowledge that the continuous electroplating processes differ

significantly from batch plating processes for the reasons identified by this commenter; another commenter also pointed out these differences. To account for the differences between continuous plating operations and batch plating operations, we are including in the final rule separate requirements for continuous plating operations, which should address the commenter's concerns. Under the final rule, continuous plating operations will have three options for complying with the standard. Owners or operators of affected continuous plating tanks can comply by covering at least 75 percent of the tank whenever the process is operating. As discussed more fully below in Section C, this option represents GACT for continuous plating tanks. Owners or operators can also comply by using WAFS in the plating bath or by using controls, either of which is equivalent to GACT for continuous plating tanks. We are also revising the management practices in the final rule by including practices specifically used with continuous plating operations.

B. Affected Source

Comment: One commenter stated that the definition of dry mechanical polishing in "What definitions apply to this subpart?", is ambiguous and inconsistent with the description of the process in the preamble to the proposed rule. The commenter suggested the following alternative wording: "Dry mechanical polishing means a process used for removing defects from and smoothing the surface of finished metals and formed products after plating, using hard-face abrasive wheels or belts and where no liquids or fluids are used to trap the removed metal particles."

Another commenter noted that the proposed rule does not provide a definition for the term "polishing." The commenter also remarked that the proposed rule appears to apply only to the polishing of metals or finished products after they have been plated, and not to polishing done before plating, or to grinding and machine operations.

Response: We agree with both commenters that the definition of dry mechanical polishing in the proposed rule should be clarified. We are revising the definition of dry mechanical polishing in, "What definitions apply to this subpart?", of the final rule, as suggested by the commenters to help clarify which types of operations are subject to this final rule. In light of the revised definition of dry mechanical polishing in the final rule, we do not believe it is necessary to separately

define "polishing." With respect to grinding and machining operations, emissions from these sources are covered under 40 CFR part 63, subpart XXXXXX—National Emission Standards for Hazardous Air Pollutants Area Source Standards for 9 Metal Fabrication and Finishing Source Categories, which we expect to finalize by June 15, 2008.

Comment: One commenter suggested revising the definition of short-term or "flash" electroplating in, "What definitions apply to this subpart?", to reflect the full range of compliance options. The commenter noted that doing so would also be consistent with the preamble to the proposed rule. The commenter suggested revising the definition as follows: Short-term or "flash" electroplating means an electroplating process that is used no more than 1 hour per day or 3 minutes per hour in duration, or an electroplating process that has a cover in place 95 percent of the plating time.

Response: We agree with the commenter's suggestion that the definition of short-term or "flash" electroplating in, "What definitions apply to this subpart?", should be revised to include the maximum duration of 1 hour per day, and we have revised the definition in the final rule accordingly. We do not agree with the commenter's suggestion that flash electroplating should be defined in terms of tank cover usage since flash electroplating is different from other electroplating solely on the amount of time it is performed, whereas using tank covers are a control option. However, as explained below, we have revised, "What are my standards and management practices?", to add paragraph (3), which provides the option of using tank covers during at least 95 percent of the process operating time as a compliance option for long-term plating processes (i.e., for all affected plating processes that are not short-term or flash processes). With this change, all batch electroplating processes, both long-term and short-term, will be allowed to use covers 95 percent of the process operating time to comply with this final rule. We believe this change addresses the commenter's concern.

Comment: One commenter suggested that EPA clarify the requirements for tanks that are used for both flash electroplating and for other electroplating processes that are longer in duration. The commenter suggested such tanks should have to comply by meeting the requirements for the other types of electroplating processes, as specified in, "What are my standards

and management practices?", of the proposed rule.

Response: Our intent in, "What parts of my plant does this subpart cover?", of the proposed rule was to define affected source in terms of the plating and polishing process that is performed in the tank and not to define affected source as the physical tank structure. Therefore, in the case of a tank that is used for both flash plating and for any of the other type of plating process that would be subject to the requirements in, "What are my standards and management practices?", the requirements for flash plating requirements would apply when the tank is used for short-term plating, and the requirements for the other affected plating processes would apply when those processes are being conducted in the tank. We have revised the final rule to clarify this requirement.

C. GACT

Comment: Two commenters commented on how GACT was defined for the proposed rule and the relevance of that definition to continuous plating tanks. The commenters explained that, as proposed, owners or operators of continuous plating operations would be required to use either WAFS or a control device to comply with this rule. However, the commenters stated that the facility they represent does not use WAFS in their continuous nickel electroplating tanks, and that WAFS may not be feasible for the process. One commenter pointed out that for WAFS to be GACT for continuous plating processes, the technology must be commercially available and appropriate considering the economic impacts and technical capabilities. The commenters stated that WAFS are not used in continuous nickel electroplating tanks, and it is unknown if WAFS is a feasible control option for continuous nickel plating tanks; to make this feasibility determination would require lengthy and expensive trials. The commenters concluded that WAFS is not GACT for continuous nickel electroplating tanks.

The commenters also stated that, as proposed, facilities that cannot use WAFS would have to install a control device, thereby making control devices GACT for such facilities even though EPA states in the preamble to the proposed rule that capture and control technology is cost-prohibitive and therefore not appropriate for GACT.

Both commenters stated that the continuous plating tanks have relatively small surface areas and that emissions are negligible because there is no bubbling in, or agitation of, plating baths. One of the commenters stated

that the commenter's facility uses tank covers on their continuous plating tanks, but those covers cover about 80 percent of the surface area which does not meet the definition of tank cover in the proposed rule. The commenter pointed out that covers that totally enclose tanks are practical only for batch operations, and the commenter suggested revising the definition of tank cover to allow for partial covers over most of the open surface of the tank. Both commenters stated that because of the differences in the continuous plating process, continuous plating should not be required to use WAFS or control devices, but should be allowed to comply only with appropriate management practices.

Response: As a result of these comments, we now recognize that continuous electroplating operations differ significantly from batch electroplating operations, that the use of WAFS may not be appropriate for all continuous electroplating operations, and that control devices should not be the only compliance option for this type of process. By consultation with other facilities that responded to our survey that perform continuous electroplating, we also now recognize that partial tank covers are the generally available technology for continuous electroplating tanks, and that partially covering the surface area of the tank is the most that could be used considering the equipment that is permanently positioned within the continuous plating tanks. Consequently, we have revised this final rule to provide separate requirements for continuous electroplating operations. In the final rule, continuous electroplating operations will be able to comply using tank covers that cover at least 75 percent of the tank surface, or by using WAFS or control devices as alternate compliance options equivalent to GACT. Although the commenter identified tank covers that cover 80 percent of the surface area, we chose 75 percent as GACT based on consultation with other facilities that perform continuous electroplating. This value is also a more practical percentage in terms of an accurate estimation. Finally, we have added the use of squeegee rolls as a management practice for continuous electroplating operations.

D. Equipment Standards

Comment: One commenter requested that EPA clarify that when WAFS are already included in the plating chemicals, the requirement is simply to identify the WAFS in the plating solution and add the plating solution to the tank. The commenter also requested

that EPA clarify that when WAFS are added separately plants can comply by adding WAFS as recommended by the manufacturer and recording the time and amount of all additions of WAFS. Another commenter requested that EPA clarify the term or requirement for WAFS so that facilities know that if a WAFS is already in use, no additional fume suppressants are necessary to meet the standard. The commenter was concerned that facilities might expand the use of perfluorooctane sulfate (PFOS), a pollutant of concern usually used in chromium plating baths as a fume suppressant.

Response: The commenter is correct regarding the compliance requirements for the use of WAFS in affected tanks. As specified compliance is demonstrated by adding and maintaining the WAFS in the bath according to manufacturer's specifications and instructions, and documenting that the additions of WAFS to the affected tank, regardless of whether the WAFS is included in the plating chemical solution or added separately. In regard to the comment with PFOS concerns, this final rule will be clarified to state that if WAFS are already in the bath ingredients, no additional WAFS need to be added unless specified by the manufacturer's instructions.

E. Management Practices

Comment: One commenter noted that the proposed rule would require each affected plant to meet all five of the management practices listed in, "What are my standards and management practices?" The commenter stated that because of the variability inherent in plating and polishing operations, it is not reasonable or practical to implement all five of the management practices listed in the regulation, and that some affected facilities may not be able to implement any of them.

The commenter explained that, while the management practices listed in the proposed rule can be effective in reducing HAP emissions, they are unnecessarily limited in scope and do not reflect the broad range of management practices and pollution prevention techniques that have been implemented since 1990. The commenter stated that there are several other management practices and pollution prevention activities that would be appropriate and would achieve the same objectives as those listed in the proposed rule, and provided lists of those practices. The commenter believes that sources should be allowed to demonstrate compliance with the management practices

requirement by identifying the management practices that it has implemented since 1990, is currently implementing (and will continue to implement), and any management practices that it implements in the future. Another commenter urged EPA to not require affected facilities to meet all five of the listed management practices, some of which would not be appropriate for the commenter's facility.

Response: We have added a number of pollution prevention management practices that were provided to EPA by the commenter. We believe that the revised list of management practices represents the most significant pollution prevention management practices that can be done to eliminate, reduce, or minimize air pollution in the plating and polishing processes regulated by this final rule. We also have emphasized in the revised rule that these pollution prevention management practices need to be done only "as practicable" to the specific plating operation being performed, as explained in this section in response to other comments. However, we are unable to provide the additional flexibility suggested by the commenter that sources be allowed to demonstrate compliance with a site-specific management plan that would identify management practices. Under the commenter's approach, no one, other than the source, would review the site-specific plan. Such an approach would constitute an improper delegation of our rulemaking authority under the Act. We therefore reject the approach.

Comment: Several commenters stated that one or more of the management practices listed in, "What are my standards and management practices?", of the proposed rule are not practical for all affected tanks where the practices would be required. The commenters provided several examples in regard to minimizing bath agitation when removing any parts from the tank; maximizing the dripping or draining of bath solution back into the tank; optimizing the design of barrels, racks, and parts to minimize dragout of bath solution; using tank covers; and minimizing or reducing the heating of process tanks. The comments on these practices are discussed in more detail below.

One commenter stated that the required management practice of maximizing drip time can present problems for some plating operations. The commenter noted that if a part is allowed to drip too long, it can result in a residue pattern that could negatively impact quality. In addition, longer drip times can lower production rates,

having negative economic impacts. The commenter noted that slow withdrawal of the part from the plating bath can be far more effective in reducing potential metal HAP emissions, yet this is not listed as a management practice in the proposed rule.

The same commenter noted that the management practice specified, "What are my standards and management practices?", is problematic. This practice requires facilities to "optimize the design of barrels, racks, and parts to minimize dragout of bath solution, such as by using slotted barrels and tilted racks, or by designing parts with flow-through holes to allow the tank solution to drip back into the tank." The commenter stated that part design is controlled by the customer, not the plating facility; to the extent that plants have already redesigned barrels, racks, and parts, the metal HAP emissions associated with that process have already been reduced and will continue to be reduced. The commenter also stated that replacing barrels and racks can be very expensive, and if required, EPA would have to revise its economic impact analysis for the proposed rule.

Two commenters expressed concern about the management practice to minimize bath agitation when removing parts from the tank, as specified in, "What are my standards and management practices?", of the proposed rule. One commenter stated that minimizing agitation as parts are removed could adversely affect compliance with the customer specifications for the part that is being plated. The commenter suggested revising the language to the following: "Minimize bath agitation when removing any parts processed in the tank, except when necessary to meet part quality requirements." The other commenter noted that replacing air agitation with eductors to reduce emissions can be very expensive if it requires replacing or reconfiguring tanks. The commenter also noted that EPA needs to reword the phrase "when removing tank parts" to "when removing parts from the tank." In addition, the commenter pointed out that air agitation is not only an issue when parts are removed from the tank, and cites this as another example of how the management practices as written are unduly limited and restrictive.

Another commenter stated that the requirement in, "What are my standards and management practices?", to use tank covers is ambiguous with respect to when using covers is feasible and when using covers is not feasible. The commenter pointed out that, as

specified in the proposed rule, this requirement may drive using covers when it is unwise to do so. The commenter suggested either eliminating this requirement for tank covers or eliminating the phrase "(i.e., not during lifting or lowering)," because that implies there are no other times when tank covers are impracticable.

Two commenters commented on the management practice that addresses the heating of affected tanks, specified in, "What are my standards and management practices?", of the proposed rule. One commenter remarked that it may not be practical to adjust tank temperature unless the tank will be down for an extended period. Doing so could adversely affect bath stability, which can take a long time to reach. The commenter suggested revising this practice to specify that it is required only when practical. The other commenter explained that tanks must be maintained at the proper temperature due to the quality requirements for the parts being plated. The commenter also stated that changes in bath temperature interrupt production, adversely affect product quality, and can generate additional waste. The commenter recommended defining the term "not in use" to mean when the shop is not operating, and not when the shop is operating, but tanks or process lines are idled.

Another commenter requested that EPA clarify the management practices specified in the proposed rule as they relate to continuous plating operations. As an example, the commenter stated that EPA should clarify if the management practice related to dripping and drainage in, "What are my standards and management practices?", can be addressed by using squeegee rolls in continuous plating.

Response: As discussed above, we have expanded the list of potential management practices to include additional practices used in the industry and also changed this final rule to reaffirm that the listed management practices are meant to be applied "as practicable." The expanded list of management practices also includes practices that are more appropriate for continuous plating operations, such as the use of squeegee rolls. In addition, we have reworded specific management practices for clarity, as suggested by the commenters.

F. Compliance Demonstrations

Comment: One commenter requested that EPA confirm that pH measurement of cyanide baths is required only at startup. The commenter noted that a single pH measurement taken when the

bath is initially made up makes sense and is adequate because cyanide baths are by nature self-regulating and can last for years if properly maintained. The initial pH measurement could then be reported in the facility's annual compliance certification.

Response: To clarify that pH measurements of affected tanks with cyanide plating baths are required only at startup, we have revised, "What are my compliance requirements?", to state that a pH measurement is required in such tanks only at startup.

G. Burden

Comment: Several commenters expressed concern about the burden that the proposed rule would impose. One commenter remarked that, in addition to imposing an unnecessary burden on industry, the proposed rule would impose a significant burden on states to provide even a minimal level of assistance and outreach. The commenter stated that, given the minimal level of funding available for states to spread across all the area source categories, their efforts could be better spent on a rule that would actually achieve some additional emissions reductions. The same commenter suggested replacing the annual certification with notification of change as per § 63.11176 (40 CFR part 63, subpart HHHHHH, NESHAP for Paint Stripping and Miscellaneous Coating Operations). The commenter believes this may reduce the burden on small facilities.

Another commenter stated that the burden that would be imposed on the industry justifies exempting small facilities from this rule. Such an exemption would also reduce the administrative burden on regulatory agencies.

Another commenter stated that the proposed requirements are more extensive than needed for such low-emitting facilities. The commenter stated that the proposed notification, reporting and recordkeeping requirements would be extremely burdensome for small businesses and especially for small businesses not previously subject to NESHAP. The commenter urged EPA to minimize the requirements for facilities that pose minimum risk. The commenter also urged EPA to provide adequate compliance assistance and outreach. The commenter requested that the outreach be provided well in advance of rule implementation to allow time for training; otherwise, affected plants could be vulnerable to enforcement action. This same commenter stated that EPA has underestimated burden that would result from the proposed rule.

The commenter stated that understanding all of the proposed requirements “could take a facility a minimum of one week’s worth of work * * *.” The commenter stated that EPA needs to recalculate the costs of this rule to accurately reflect the burden for notification, reporting, and recordkeeping.

Response: As explained above, we need to regulate the plating and polishing area source category to meet the 90 percent requirement in section 112(c)(3) for emissions of cadmium, chromium, lead, manganese and nickel. In developing the proposed rule, we attempted to minimize the burden on small facilities, while ensuring that this final rule includes sufficient requirements for ensuring compliance. This final rule imposes no testing or emission monitoring requirements. We also have incorporated certain changes in the final rule to further reduce the burden to affected facilities by eliminating the requirement for submission of the annual compliance certifications. With respect to recordkeeping, our understanding is that the required records are already maintained at most facilities as part of routine procedures. Therefore, the recordkeeping requirements do not represent any significant burden on these facilities. Regarding the comment about our estimates of the burden, we based those estimates of the burden on past experience with similar rules. Finally, because we recognize that many of the facilities that will be subject to this final rule are likely to need assistance in understanding what is required to comply, we have already chosen this source category for implementation support. This support will include a plain language summary of this final rule and items such as examples of the “Initial Notification” and “Notification of Compliance Status.” As an example of this type of compliance assistance, for the Chromium Electroplating NESHAP, we developed the publication, “A Guidebook on How to Comply with the Chromium Electroplating and Chromium Anodizing National Emission Standards for Hazardous Air Pollutants” (EPA-453/B-95-001) following promulgation of that rule. The Guidebook, which is available on our Web site, at <http://www.epa.gov/ttn/atw/chrome/chromepeg.html>, provides an overview of that rule, an explanation of compliance dates and how to comply, and other information to help affected facilities understand what is required of them.

H. Miscellaneous

Comment: One commenter, who represents a company that performs continuous nickel plating, pointed out that the company was not included in the list of recipients for the Information Collection Request (ICR) and was not given the opportunity to provide input in the rulemaking process. The commenter explained that the company’s plating process differs significantly from batch plating processes that appear to be the focus of the proposed rule.

Response: When developing the list of recipients for the ICR, we attempted to identify all companies that potentially would be affected by the plating and polishing rule. We contacted trade associations and accessed the available information on company Web sites and on-line databases. We also contacted state and local permitting agencies for information on facilities that might be affected. We recognized that our facility list did not account for all facilities in operation. However, we believed that the facilities identified through this process would be representative of the types of plating and polishing facilities in operation. For those companies that were not included in this information gathering effort, the public comment process offers the opportunity to let their concerns be acknowledged and addressed, and we appreciate the fact that the commenter took advantage of this process to submit these comments on the proposed rule.

We acknowledge that the continuous electroplating process differs from batch plating processes for the reasons identified by this commenter and another commenter. To address this issue, we are including in the final rule separate requirements for continuous plating operations that we believe address the commenter’s concerns.

Comment: One commenter pointed out typographical errors in §§ 63.11500(c), “What are my notification, reporting, and recordkeeping requirements?”, and 11512(c), “Who implements and enforces this subpart?”

Response: We appreciate the commenter bringing the errors to our attention. We have made these corrections in the final rule.

Comment: One commenter agreed with EPA’s proposed exemption of affected facilities from Title V requirements.

Response: We appreciate the commenter’s support of our exemption for affected facilities from title V permitting requirements.

I. Non-Significant Comments

A few comments addressed minor clarifications to this rule or other issues that we did not consider to be significant. Those comments and the responses to those comments are summarized in a memorandum that is included in the docket for this final rulemaking (Docket ID No. EPA-HQ-OAR-2005-0084).

VI. Impacts of the Final Area Source Standards

A. What are the air impacts?

Since 1990, the plating and polishing industry has reduced their air impacts by voluntary controls that were likely motivated by concerns for worker safety. These controls have reduced approximately 20 tons of the metal HAP (cadmium, chromium, lead, manganese, and nickel) attributed to this industry in the 1990 urban HAP inventory. Although there are no additional air emission reductions as a result of this rule, we believe that this rule will assure that the emission reductions made by the industry since 1990 will be maintained.

Along with the HAP described above, there is an undetermined amount of PM that has been co-controlled in thermal spraying and mechanical polishing processes that contributed to criteria pollutant emissions in 1990.

B. What are the cost impacts?

All facilities are expected to be achieving the level of control required by the final standard; therefore, no additional air pollution control devices or systems are required. Many of the management and pollution prevention practices are expected to provide a cost savings for facilities, as reported by facilities in the 2006 EPA survey. Therefore, no capital costs are associated with this rule. No operation and maintenance costs are associated with this rule because facilities are already following the manufacturer’s instructions for operation and maintenance of pollution control devices and systems.

We estimate the only impact to affected sources is the labor burden associated with the reporting and recordkeeping requirements. We estimated that the cost associated with recordkeeping and reporting requirements for the final rule are \$713 per facility starting in the third year, or less than 0.04 percent of revenues. Costs for initial notifications in the first year are estimated at \$380 per facility, for a total of \$1,094 per facility over the first 3 years for all costs. In the final rule, we also eliminated the submission of the

annual compliance reports unless deviations of the standards occurred during the year. Although not included in the above estimates, the effect of this change can only reduce these costs further, albeit a small amount. Detailed information on our impact estimates for the affected sources is available in the docket. (See Docket Number EPA-HQ-OAR-2005-0084.)

C. What are the economic impacts?

This final standard is estimated to impact a total of 2,900 area source facilities. We estimate that more than 2,600 of these facilities are small entities. Our analysis indicates that this rule will not impose a significant adverse impact on any facilities, large or small. The economic impacts are estimated to be less than 0.04 percent of revenues.

D. What are the non-air health, environmental, and energy impacts?

No detrimental secondary impacts are expected to occur because all facilities are currently achieving the GACT level of control. Therefore, no facilities are required to install and operate new or additional control devices or systems. In addition, no facilities are required to install and operate monitoring devices or systems. Therefore, no additional solid waste will be generated as a result of the PM and metal HAP emissions collected. There also are no additional energy impacts associated with operation of control devices or monitoring systems.

Because some of the management practices we have required in this rule also have the potential co-benefit of reducing water pollution, there will be a beneficial effect of the final rule to reduce water pollution. However, today's final regulatory changes will not: (1) Increase the amount of discharged wastewater pollutants at the industry or facility levels; or (2) interfere with the ability of facilities in the plating and polishing area source category to comply with the Clean Water Act requirements (e.g., Metal Finishing Effluent Guidelines, 40 CFR Part 433).

VII. Statutory and Executive Order Reviews

A. Executive Order 12866: Regulatory Planning and Review

This action is not a "significant regulatory action" under the terms of Executive Order 12866 (58 FR 51735, October 4, 1993) and is therefore not subject to review under the EO.

B. Paperwork Reduction Act

The information collection requirements in this final rule will be submitted for approval to OMB under the *Paperwork Reduction Act*, 44 U.S.C. 3501 *et seq.* The information collection requirements are not enforceable until OMB approves them.

The recordkeeping and reporting requirements in this final rule are based on the requirements in EPA's NESHAP General Provisions to part 63. This final NESHAP requires plating and polishing area sources to submit an Initial Notification and a Notification of Compliance Status according to the requirements in 40 CFR 63.9 of the General Provisions to part 63.

Records will be required to demonstrate compliance with good operation and maintenance of capture systems and control devices, use of wetting agents and fume suppressants, plating time, use of tank covers, and other management practices. The owner or operator of a plating and polishing facility also is subject to notification and recordkeeping requirements in 40 CFR 63.9 and 63.10 of the General Provisions to part 63. Annual compliance reports are required to be prepared instead of the semiannual excess emissions reports required by the General Provisions to part 63; these reports are only required to be submitted if any violations of the standard occurred during the year.

The average annual burden for this information collection, averaged over the first 3 years of this ICR, is estimated to total 33,290 labor hours per year at a cost of \$1,048,976, which is less than 0.02 percent of revenues. The average annual reporting burden is 6.9 hours per response, with less than one average response per facility for the 2,900 facilities. The only costs attributable to the final standards are associated with the monitoring, recordkeeping, and reporting requirements. There are no capital, operating, maintenance, or purchase of services costs expected as a result of this final rule. Burden is defined at 5 CFR 1320.3(b).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR part 63 are listed in 40 CFR part 9. When this ICR is approved by OMB, the Agency will publish a technical amendment to 40 CFR part 9 in the **Federal Register** to display the OMB control number for the approved information collection requirements contained in this final rule.

C. Regulatory Flexibility Act

The Regulatory Flexibility Act generally requires an agency to prepare a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements under the Administrative Procedure Act or any other statute unless the agency certifies that this final rule will not have a significant economic impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and small governmental jurisdictions.

For the purposes of assessing the impacts of this final rule on small entities, small entity is defined as: (1) A small business that meets the Small Business Administration size standards for small businesses found at 13 CFR 121.201 (less than 500 employees for NAICS codes 332813); (2) a small governmental jurisdiction that is a government of a city, county, town, school district, or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of this final rule on small entities, I certify that this action will not have a significant economic impact on a substantial number of small entities. This final rule is estimated to impact a total of 2,900 area source plating and polishing facilities; more than 2,600 of these facilities are estimated to be small entities. We have determined that small entity compliance costs, as assessed by the facilities' cost-to-sales ratio, are expected to be approximately 0.14 percent. The analysis also shows that of the more than 2,600 small entities, no small entities will incur economic impacts exceeding three percent of its revenue. Although this final rule contains requirements for new area sources, we are not aware of any new area sources being constructed now or planned in the next three years, and consequently, we did not estimate any impacts for new sources. Although this final rule will not have a significant economic impact on a substantial number of small entities, EPA nonetheless has tried to reduce the impact of this final rule on small entities. The standards represent practices and controls that are common throughout the sources engaged in plating and polishing. The standards also require minimal amount of recordkeeping and reporting needed to demonstrate and verify compliance. These standards were developed in consultation with small business

representatives on the state and national level and the trade associations that represent small businesses.

D. Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104-4, establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and the private sector. Under section 202 of the UMRA, EPA generally must prepare a written statement, including a cost-benefit analysis, for proposed and final rules with "Federal mandates" that may result in expenditures by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year. Before promulgating an EPA rule for which a written statement is needed, section 205 of the UMRA generally requires EPA to identify and consider a reasonable number of regulatory alternatives and adopt the least costly, most cost-effective, or least burdensome alternative that achieves the objectives of this final rule. The provisions of section 205 do not apply when they are inconsistent with applicable law. Moreover, section 205 allows EPA to adopt an alternative other than the least costly, most cost-effective, or least burdensome alternative if the Administrator publishes with the final rule an explanation why that alternative was not adopted. Before EPA establishes any regulatory requirements that may significantly or uniquely affect small governments, including tribal governments, it must have developed under section 203 of the UMRA a small government agency plan. The plan must provide for notifying potentially affected small governments, enabling officials of affected small governments to have meaningful and timely input in the development of EPA regulatory proposals with significant Federal intergovernmental mandates, and informing, educating, and advising small governments on compliance with the regulatory requirements.

This final rule contains no Federal mandates (under the regulatory provisions of Title II of the UMRA) for State, local, or tribal governments or the private sector. This final rule is not expected to impact State, local, or tribal governments. Thus, this final rule is not subject to the requirements of sections 202 and 205 of the UMRA. EPA has determined that this final rule contains no regulatory requirements that might significantly or uniquely affect small governments. This final rule contains no requirements that apply to such governments, and impose no obligations

upon them. Therefore, this final rule is not subject to section 203 of the UMRA.

E. Executive Order 13132: Federalism

Executive Order 13132 (64 FR 43255, August 10, 1999) requires EPA to develop an accountable process to ensure "meaningful and timely input by State and local officials in the development of regulatory policies that have federalism implications." "Policies that have federalism implications" is defined in the Executive Order to include regulations that have "substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government."

This final rule does not have federalism implications. It will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132. This final rule does not impose any requirements on State and local governments. Thus, Executive Order 13132 does not apply to this final rule.

F. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments

Executive Order 13175 entitled "Consultation and Coordination with Indian Tribal Governments" (65 FR 67249, November 6, 2000), requires EPA to develop an accountable process to ensure "meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications." This final rule does not have tribal implications, as specified in Executive Order 13175. This final rule imposes no requirements on tribal governments. Thus, Executive Order 13175 does not apply to this final rule.

G. Executive Order 13045: Protection of Children From Environmental Health and Safety Risks

EPA interprets EO 13045 (62 F.R. 19885, April 23, 1997) as applying to those regulatory actions that concern health or safety risks, such that the analysis required under section 5-501 of the Order has the potential to influence the regulation. This action is not subject to EO 13045 because it is based solely on technology performance.

H. Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

This rule is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001) because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer Advancement Act

Section 12(d) of the National Technology Transfer and Advancement Act of 1995 ("NTTAA"), Public Law 104-113 (15 U.S.C. 272 note) directs EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., materials specifications, test methods, sampling procedures, and business practices) that are developed or adopted by voluntary consensus standards bodies. NTTAA directs EPA to provide Congress, through OMB, explanations when the Agency decides not to use available and applicable voluntary consensus standards.

This action does not involve technical standards. Therefore, EPA did not consider the use of any voluntary consensus standards.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

Executive Order 12898 (59 FR 7629, February 16, 1994) establishes Federal executive policy on environmental justice. Its main provision directs Federal agencies, to the greatest extent practicable and permitted by law, to make environmental justice part of their mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of their programs, policies, and activities on minority populations and low-income populations in the United States.

EPA has determined that this final rule will not have disproportionately high and adverse human health or environmental effects on minority or low-income populations because it increases the level of environmental protection for all affected populations without having any disproportionately high and adverse human health or environmental effects on any population, including any minority or low-income population. The nationwide

standards will reduce HAP emissions and thus decrease the amount of emissions to which all affected populations are exposed.

K. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801, *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of Congress and to the Comptroller General of the United States. The EPA will submit a report containing these final rules and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the final rules in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2). This final rule will be effective on July 1, 2008.

Plating and Polishing Area Sources

Subpart WWWW—National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations

Applicability and Compliance Dates

§ 63.11504 Am I subject to this subpart?

(a) You are subject to this subpart if you own or operate a plating and polishing facility that is an area source of hazardous air pollutant (HAP) emissions and meets the criteria specified in paragraphs (a)(1) through (3) of this section.

(1) A plating and polishing facility is a plant site that is engaged in one or more of the processes listed in paragraphs (a)(1)(i) through (vi) of this section.

(i) Electroplating other than chromium electroplating (i.e., non-chromium electroplating).

(ii) Electroless or non-electrolytic plating.

(iii) Other non-electrolytic metal coating processes, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating; and thermal spraying.

(iv) Dry mechanical polishing of finished metals and formed products after plating.

(v) Electroforming.

(vi) Electropolishing.

(2) An area source of HAP emissions is any stationary source or group of stationary sources within a contiguous area under common control that does not have the potential to emit any single HAP at a rate of 9.07 megagrams per year (Mg/yr) (10 tons per year (tpy)) or more and any combination of HAP at a rate of 22.68 Mg/yr (25 tpy) or more.

(3) Your plating and polishing facility uses or has emissions of compounds of one or more plating and polishing metal HAP, which means any compound of any of the following metals: cadmium, chromium, lead, manganese, and nickel, as defined in § 63.11511, "What definitions apply to this subpart?" With

the exception of lead, plating and polishing metal HAP also include any of these metals in the elemental form.

(b) [Reserved]

§ 63.11505 What parts of my plant does this subpart cover?

(a) This subpart applies to each new or existing affected source, as specified in paragraphs (a)(1) through (3) of this section, at all times. A new source is defined in § 63.11511, "What definitions apply to this subpart?"

(1) Each tank that contains one or more of the plating and polishing metal HAP, as defined in § 63.11511, "What definitions apply to this subpart?", and is used for non-chromium electroplating; electroforming; electropolishing; electroless plating or other non-electrolytic metal coating operations, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating.

(2) Each thermal spraying operation that applies one or more of the plating and polishing metal HAP, as defined in § 63.11511, "What definitions apply to this subpart?"

(3) Each dry mechanical polishing operation that emits one or more of the plating and polishing metal HAP, as defined in § 63.11511, "What definitions apply to this subpart?"

(b) An affected source is existing if you commenced construction or reconstruction of the affected source on or before March 14, 2008.

(c) An affected source is new if you commenced construction or reconstruction of the affected source after March 14, 2008.

(d) This subpart does not apply to any of the process units or operations described in paragraphs (d)(1) through (6) of this section.

(1) Process units that are subject to the requirements of 40 CFR part 63, subpart N (National Emission Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks).

(2) Research and development process units, as defined in § 63.11511, "What definitions apply to this subpart?"

(3) Process units that are used strictly for educational purposes.

(4) Thermal spraying conducted to repair surfaces.

(5) Dry mechanical polishing conducted to restore the original finish to a surface to apply to restoring the original finish.

(6) Any plating or polishing process that does not use any material that contains cadmium, chromium, lead, or nickel in amounts of 0.1 percent or more by weight, or that contains manganese

in amounts of 1.0 percent or more by weight, as reported on the Material Safety Data Sheet for the material.

(e) You are exempt from the obligation to obtain a permit under 40 CFR part 70 or 40 CFR part 71, "Title V," provided you are not otherwise required to obtain a permit under 40 CFR 70.3(a) or 40 CFR 71.3(a) for a reason other than your status as an area source under this subpart. Notwithstanding the previous sentence, you must continue to comply with the provisions of this subpart applicable to area sources.

§ 63.11506 What are my compliance dates?

(a) If you own or operate an existing affected source, you must achieve compliance with the applicable provisions of this subpart no later than July 1, 2010.

(b) If you own or operate a new affected source for which the initial startup date is on or before July 1, 2008, you must achieve compliance with the provisions of this subpart no later than July 1, 2008.

(c) If you own or operate a new affected source for which the initial startup date is after July 1, 2008, you must achieve compliance with the provisions of this subpart upon initial startup of your affected source.

Standards and Compliance Requirements

§ 63.11507 What are my standards and management practices?

(a) If you own or operate an affected new or existing non-cyanide electroplating, electroforming, or electropolishing tank (hereafter referred to as an "electrolytic" process tank, as defined in § 63.11511, "What definitions apply to this subpart?") that contains one or more of the plating and polishing metal HAP and operates at a pH of less than 12, you must comply with the requirements in paragraph (a)(1), (2), or (3) of this section, and implement the applicable management practices in paragraph (g) of this section, as practicable.

(1) You must use a wetting agent/fume suppressant, as defined in § 63.11511, "What definitions apply to this subpart?", in the bath of the affected tank according to paragraphs (a)(1)(i) through (iii) of this section.

(i) You must initially add the wetting agent/fume suppressant in the amounts recommended by the manufacturer for the specific type of electrolytic process.

(ii) You must add wetting agent/fume suppressant in proportion to the other bath chemistry ingredients that are

added to replenish the tank bath, as in the original make-up of the tank.

(iii) If a wetting agent/fume suppressant is included in the electrolytic process bath chemicals used in the affected tank according to the manufacturer's instructions, it is not necessary to add additional wetting agent/fume suppressants to the tank to comply with this rule.

(2) You must capture and exhaust emissions from the affected tank to any one of the following emission control devices: composite mesh pad, packed bed scrubber, or mesh pad mist eliminator, according to paragraphs (a)(2)(i) and (ii) of this section.

(i) You must operate all capture and control devices according to the manufacturer's specifications and operating instructions.

(ii) You must keep the manufacturer's specifications and operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(3) You must cover the tank surface according to paragraph (a)(3)(i) or (ii) of this section.

(i) For batch electrolytic process tanks, as defined in § 63.11511, "What definitions apply to this subpart?", you must use a tank cover, as defined in § 63.11511, over all of the effective surface area of the tank for at least 95 percent of the electrolytic process operating time.

(ii) For continuous electrolytic process tanks, as defined in § 63.11511, "What definitions apply to this subpart?", you must cover at least 75 percent of the surface of the tank, as defined in § 63.11511, whenever the electrolytic process tank is in operation.

(b) If you own or operate an affected new or existing "flash" or short-term electroplating tank, as defined in § 63.11511, "What definitions apply to this subpart?", that uses or emits one or more of the plating and polishing metal HAP, you must comply with the requirements specified in paragraph (b)(1) or (b)(2), and implement the applicable management practices in paragraph (g) of this section, as practicable.

(1) You must limit short-term or "flash" electroplating to no more than 1 cumulative hour per day or 3 cumulative minutes per hour of plating time.

(2) You must use a tank cover, as defined in § 63.11511, "What definitions apply to this subpart?", for at least 95 percent of the plating time.

(c) If you own or operate an affected new or existing process tank that is used both for short-term electroplating and for electrolytic processing of longer

duration (i.e., processing that does not meet the definition of short-term or flash electroplating) and contains one or more of the plating and polishing metal HAP, you must meet the requirements specified in paragraph (a) or (b) of this section, whichever apply to the process operation, and implement the applicable management practices in paragraph (g) of this section, as practicable.

(d) If you own or operate an affected new or existing electroplating tank that uses cyanide in the plating bath, operates at pH greater than or equal to 12, and contains one or more of the plating and polishing metal HAP, you must comply with the requirements in paragraphs (d)(1) and (2) of this section:

(1) You must measure and record the pH of the tank upon start-up. No additional pH measurements are required.

(2) You must implement the applicable management practices in paragraph (g) of this section, as practicable.

(e) If you own or operate an affected new or existing dry mechanical polishing equipment that emits one or more of the plating and polishing metal HAP, you must operate a capture system that captures particulate matter (PM) emissions from the dry mechanical polishing process and transports the emissions to a cartridge, fabric, or high efficiency particulate air (HEPA) filter, according to paragraphs (e)(1) and (2) of this section.

(1) You must operate all capture and control devices according to the manufacturer's specifications and operating instructions.

(2) You must keep the manufacturer's specifications and operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(f) If you own or operate an affected thermal spraying operation that applies one or more of the plating and polishing metal HAP, you must meet the applicable requirements specified in paragraphs (f)(1) through (3) of this section, and the applicable management practices in paragraph (g) of this section.

(1) For existing permanent thermal spraying operations, you must operate a capture system that collects PM emissions from the thermal spraying process and transports the emissions to a water curtain, fabric filter, or HEPA filter, according to paragraphs (f)(1)(i) and (ii) of this section.

(i) You must operate all capture and control devices according to the manufacturer's specifications and instructions.

(ii) You must keep the manufacturer's operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(2) For new permanent thermal spraying operations, you must operate a capture system that collects PM emissions from the thermal spraying process and transports the emissions to a fabric or HEPA filter, according to paragraphs (f)(2)(i) and (ii) of this section.

(i) You must operate all capture and control devices according to the manufacturer's specifications and instructions.

(ii) You must keep the manufacturer's operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(3) For temporary thermal spraying operations, as defined in § 63.11511 "What definitions apply to this subpart?", you must meet the applicable requirements specified in paragraphs (f)(3)(i) and (ii) of this section.

(i) You must document the amount of time the thermal spraying occurs each day, and where it is conducted.

(ii) You must implement the applicable management practices specified in paragraph (g) of this section, as practicable.

(g) If you own or operate an affected new or existing plating and polishing process unit that contains, applies, or emits one or more of the plating and polishing metal HAP, you must implement the applicable management practices in paragraphs (g)(1) through (12) of this section, as practicable.

(1) Minimize bath agitation when removing any parts processed in the tank, as practicable except when necessary to meet part quality requirements.

(2) Maximize the draining of bath solution back into the tank, as practicable, by extending drip time when removing parts from the tank; using drain boards (also known as drip shields); or withdrawing parts slowly from the tank, as practicable.

(3) Optimize the design of barrels, racks, and parts to minimize dragout of bath solution (such as by using slotted barrels and tilted racks, or by designing parts with flow-through holes to allow the tank solution to drip back into the tank), as practicable.

(4) Use tank covers, if already owned and available at the facility, whenever practicable.

(5) Minimize or reduce heating of process tanks, as practicable (e.g., when doing so would not interrupt production or adversely affect part quality).

(6) Perform regular repair, maintenance, and preventive

maintenance of racks, barrels, and other equipment associated with affected sources, as practicable.

(7) Minimize bath contamination, such as through the prevention or quick recovery of dropped parts, use of distilled/de-ionized water, water filtration, pre-cleaning of parts to be plated, and thorough rinsing of pre-treated parts to be plated, as practicable.

(8) Maintain quality control of chemicals, and chemical and other bath ingredient concentrations in the tanks, as practicable.

(9) Perform general good housekeeping, such as regular sweeping or vacuuming, if needed, and periodic washdowns, as practicable.

(10) Minimize spills and overflow of tanks, as practicable.

(11) Use squeegee rolls in continuous or reel-to-reel plating tanks, as practicable.

(12) Perform regular inspections to identify leaks and other opportunities for pollution prevention.

§ 63.11508 What are my compliance requirements?

(a) If you own or operate an affected source, you must submit a Notification of Compliance Status in accordance with § 63.11509(b) of "What are my notification, reporting, and recordkeeping requirements?"

(b) You must be in compliance with the applicable management practices and equipment standards in this subpart at all times.

(c) To demonstrate initial compliance, you must satisfy the requirements specified in paragraphs (c)(1) through (11) of this section.

(1) If you own or operate an affected electroplating, electroforming, or electropolishing tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), "What are my standards and management practices?", and you use a wetting agent/fume suppressant to comply with this subpart, you must demonstrate initial compliance according to paragraphs (c)(1)(i) through (iv) of this section.

(i) You must add wetting agent/fume suppressant to the bath of each affected tank according to manufacturer's specifications and instructions.

(ii) You must state in your Notification of Compliance Status that you add wetting agent/fume suppressant to the bath according to manufacturer's specifications and instructions.

(iii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iv) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(2) If you own or operate an affected electroplating, electroforming, or electropolishing tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), "What are my standards and management practices?", and you use a control system, as defined in § 63.11511, "What definitions apply to this subpart?", to comply with this subpart, you must demonstrate initial compliance according to paragraphs (c)(2)(i) through (v) of this section.

(i) You must install a control system designed to capture emissions from the affected tank and exhaust them to a composite mesh pad, packed bed scrubber, or mesh pad mist eliminator.

(ii) You must state in your Notification of Compliance Status that you have installed the control system according to the manufacturer's specifications and instructions.

(iii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iv) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(v) You must follow the manufacturer's specifications and operating instructions for the control systems at all times.

(3) If you own or operate an affected batch electrolytic process tank, as defined in § 63.11511, "What definitions apply to this subpart?", that contains one or more of the plating and polishing metal HAP and which is subject to the requirements in § 63.11507(a), "What are my standards and management practices?", and you use a tank cover, as defined in § 63.11511, to comply with this subpart, you must demonstrate initial compliance according to paragraphs (c)(3)(i) through (iv) of this section.

(i) You must install a tank cover on the affected tank.

(ii) You must state in your Notification of Compliance Status that you operate the tank with the cover in place at least 95 percent of the electrolytic process operating time.

(iii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iv) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(4) If you own or operate an affected continuous electrolytic process tank, as defined in § 63.11511, "What definitions apply to this subpart?", that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), "What are my standards and management practices?", and you cover the tank surface to comply with this subpart, you must demonstrate initial compliance according to paragraphs (c)(4)(i) through (iv) of this section.

(i) You must cover at least 75 percent of the surface area of the affected tank.

(ii) You must state in your Notification of Compliance Status that you operate the tank with the surface cover in place whenever the continuous electrolytic process is in operation.

(iii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iv) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(5) If you own or operate an affected flash or short-term electroplating tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(b), "What are my standards and management practices?", and you comply with this subpart by limiting the plating time of the affected tank, you must demonstrate initial compliance according to paragraphs (c)(5)(i) through (iii) of this section.

(i) You must state in your Notification of Compliance Status that you limit short-term or flash electroplating to no more than 1 cumulative hour per day, or 3 cumulative minutes per hour of plating time.

(ii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iii) You must state in your Notification of Compliance Status that

you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(6) If you own or operate an affected flash or short-term electroplating tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(b), "What are my standards and management practices?", and you comply by operating the affected tank with a cover, you must demonstrate initial compliance according to paragraphs (c)(6)(i) through (iv) of this section.

(i) You must install a tank cover on the affected tank.

(ii) You must state in your Notification of Compliance Status that you operate the tank with the cover in place at least 95 percent of the plating time.

(iii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iv) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(7) If you own or operate an affected tank that contains one or more of the plating and polishing metal HAP, uses cyanide in the bath, and is subject to the management practices specified in § 63.11507(d), "What are my standards and management practices?", you must demonstrate initial compliance according to paragraphs (c)(7)(i) through (iii) of this section.

(i) You must report in your Notification of Compliance Status the pH of the bath solution that was measured at start-up, according to the requirements of § 63.11507(d)(1).

(ii) You must implement the applicable management practices specified in § 63.11507(g), "What are my standards and management practices?", as practicable.

(iii) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11490(g), "What are my standards and management practices?", as practicable.

(8) If you own or operate an affected dry mechanical polishing operation that emits one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(e), "What are my standards and

management practices?", you must demonstrate initial compliance according to paragraphs (c)(8)(i) through (iii) of this section.

(i) You must install a control system that is designed to capture PM emissions from the polishing operation and exhaust them to a cartridge, fabric, or HEPA filter.

(ii) You must state in your Notification of Compliance Status that you have installed the control system according to the manufacturer's specifications and instructions.

(iii) You must keep the manufacturer's operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(9) If you own or operate an existing affected permanent thermal spraying operation that applies one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(f)(1), "What are my standards and management practices?", you must demonstrate initial compliance according to paragraphs (c)(9)(i) through (iii) of this section.

(i) You must install a control system that is designed to capture PM emissions from the thermal spraying operation and exhaust them to a water curtain, fabric filter, or HEPA filter.

(ii) You must state in your Notification of Compliance Status that you have installed and are operating the control system according to the manufacturer's specifications and instructions.

(iii) You must keep the manufacturer's operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(10) If you own or operate a new affected permanent thermal spraying operation that applies one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(f)(2), "What are my standards and management practices?", you must demonstrate initial compliance according to paragraphs (c)(10)(i) through (iii) of this section.

(i) You must install and operate a control system that is designed to capture PM emissions from the thermal spraying operation and exhaust them to a fabric or HEPA filter.

(ii) You must state in your Notification of Compliance Status that you have installed and operate the control system according to the manufacturer's specifications and instructions.

(iii) You must keep the manufacturer's operating instructions at the facility at all times in a location

where they can be easily accessed by the operators.

(11) If you own or operate an affected temporary thermal spraying operation that applies one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(f)(3), “What are my standards and management practices?”, you must demonstrate initial compliance according to paragraphs (c)(11)(i) and (ii) of this section.

(i) You must implement the applicable management practices specified in § 63.11507(g), “What are my standards and management practices?”, as practicable.

(ii) You must state in your Notification of Compliance Status that you have implemented the applicable management practices specified in § 63.11507(g), “What are my standards and management practices?”, as practicable.

(d) To demonstrate continuous compliance with the applicable management practices and equipment standards specified in this subpart, you must satisfy the requirements specified in paragraphs (d)(1) through (8) of this section.

(1) You must always operate and maintain your affected source, including air pollution control equipment.

(2) You must prepare an annual compliance certification according to the requirements specified in § 63.11509(c), “Notification, Reporting, and Recordkeeping,” and keep it in a readily-accessible location for inspector review.

(3) If you own or operate an affected electroplating, electroforming, or electropolishing tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), “What are my standards and management practices?”, and you use a wetting agent/fume suppressant to comply with this subpart, you must demonstrate continuous compliance according to paragraphs (d)(3)(i) through (iii) of this section.

(i) You must record that you have added the wetting agent/fume suppressant to the tank bath in the original make-up of the tank.

(ii) For tanks where the wetting agent/fume suppressant is a separate purchased ingredient from the other tank additives, you must demonstrate continuous compliance according to paragraphs (d)(3)(ii) (A) and (B) this section.

(A) You must add wetting agent/fume suppressant in proportion to the other bath chemistry ingredients that are

added to replenish the tank bath, as in the original make-up of the tank.

(B) You must record each addition of wetting agent/fume suppressant to the tank bath.

(iii) You must state in your annual compliance certification that you have added wetting agent/fume suppressant to the bath according to the manufacturer's specifications and instructions.

(4) If you own or operate an affected electroplating, electroforming, or electropolishing tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), “What are my standards and management practices?”, and you use a control system to comply with this subpart; an affected dry mechanical polishing operation that is subject to § 63.11507(e); or an affected thermal spraying operation that is subject to § 63.11507(f)(1) or (2), you must demonstrate continuous compliance according to paragraphs (d)(4)(i) through (v) of this section.

(i) You must operate and maintain the control system according to the manufacturer's specifications and instructions.

(ii) Following any malfunction or failure of the capture or control devices to operate properly, you must take immediate corrective action to return the equipment to normal operation according to the manufacturer's specifications and operating instructions.

(iii) You must state in your annual certification that you have operated and maintained the control system according to the manufacturer's specifications and instructions.

(iv) You must record the results of all control system inspections, deviations from proper operation, and any corrective action taken.

(v) You must keep the manufacturer's operating instructions at the facility at all times in a location where they can be easily accessed by the operators.

(5) If you own or operate an affected flash or short-term electroplating tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(b), “What are my standards and management practices?”, and you comply with this subpart by limiting the plating time for the affected tank, you must demonstrate continuous compliance according to paragraphs (d)(5)(i) through (iii) of this section.

(i) You must limit short-term or flash electroplating to no more than 1 cumulative hour per day or 3

cumulative minutes per hour of plating time.

(ii) You must record the times that the affected tank is operated each day.

(iii) You must state in your annual compliance certification that you have limited short-term or flash electroplating to no more than 1 cumulative hour per day or 3 cumulative minutes per hour of plating time.

(6) If you own or operate an affected batch electrolytic process tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements of § 63.11507(a), “What are my standards and management practices?”, or a flash or short-term electroplating tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(b), and you comply by operating the affected tank with a cover, you must demonstrate continuous compliance according to paragraphs (d)(6)(i) through (iii) of this section.

(i) You must operate the tank with the cover in place at least 95 percent of the electrolytic process operating time.

(ii) You must record the times that the tank is operated and the times that the tank is covered on a daily basis.

(iii) You must state in your annual certification that you have operated the tank with the cover in place at least 95 percent of the electrolytic process time.

(7) If you own or operate an affected continuous electrolytic process tank that contains one or more of the plating and polishing metal HAP and is subject to the requirements in § 63.11507(a), “What are my standards and management practices?”, and you cover your tanks to comply with this subpart, you must demonstrate continuous compliance according to paragraphs (d)(7)(i) and (ii) of this section.

(i) You must operate the tank with at least 75 percent of the surface covered during all periods of electrolytic process operation.

(ii) You must state in your annual certification that you have operated the tank with 75 percent of the surface covered during all periods of electrolytic process operation.

(8) If you own or operate an affected tank or other operation that is subject to the management practices specified in § 63.11507(g), “What are my standards and management practices?”, you must demonstrate continuous compliance according to paragraphs (d)(8)(i) and (ii) of this section.

(i) You must implement the applicable management practices during all times that the affected tank or process is in operation.

(ii) You must state in your annual compliance certification that you have implemented the applicable management practices, as practicable.

§ 63.11509 What are my notification, reporting, and recordkeeping requirements?

(a) If you own or operate an affected source, as defined in § 63.11505(a), “What parts of my plant does this subpart cover?”, you must submit an Initial Notification in accordance with paragraphs (a)(1) through (4) of this section by the dates specified.

(1) The Initial Notification must include the information specified in § 63.9(b)(2)(i) through (iv) of the General Provisions of this part.

(2) The Initial Notification must include a description of the compliance method (e.g., use of wetting agent/fume suppressant) for each affected source.

(3) If you start up your affected source on or before July 1, 2008, you must submit an Initial Notification not later than 120 calendar days after July 1, 2008.

(4) If you start up your new affected source after July 1, 2008, you must submit an Initial Notification not later than 120 calendar days after you become subject to this subpart.

(b) If you own or operate an affected source, you must submit a Notification of Compliance Status in accordance with paragraphs (b)(1) and (2) of this section.

(1) The Notification of Compliance Status must be submitted before the close of business on the compliance date specified in § 63.11506, “What are my compliance dates?”

(2) The Notification of Compliance Status must include the items specified in paragraphs (b)(2)(i) through (iv) of this section.

(i) List of affected sources and the plating and polishing metal HAP used in, or emitted by, those sources.

(ii) Methods used to comply with the applicable management practices and equipment standards.

(iii) Description of the capture and emission control systems used to comply with the applicable equipment standards.

(iv) Statement by the owner or operator of the affected source as to whether the source is in compliance with the applicable standards or other requirements.

(c) If you own or operate an affected source, you must prepare an annual certification of compliance report according to paragraphs (c)(1) through (7) of this section. These reports do not need to be submitted unless a deviation from the requirements of this subpart

has occurred during the reporting year, in which case, the annual compliance report must be submitted along with the deviation report.

(1) If you own or operate an affected electroplating, electroforming, or electropolishing tank that is subject to the requirements in § 63.11507(a)(1), “What are my standards and management practices?”, you must state in your annual compliance certification that you have added wetting agent/fume suppressant to the bath according to the manufacturer’s specifications and instructions.

(2) If you own or operate any one of the affected sources listed in paragraphs (c)(2)(i) through (iii) of this section, you must state in your annual certification that you have operated and maintained the control system according to the manufacturer’s specifications and instructions.

(i) Electroplating, electroforming, or electropolishing tank that is subject to the requirements in § 63.11507(a), “What are my standards and management practices?”, and you use a control system to comply with this subpart;

(ii) Dry mechanical polishing operation that is subject to § 63.11507(e); or

(iii) Permanent thermal spraying operation that is subject to § 63.11507(f)(1) or (2).

(3) If you own or operate an affected flash or short-term electroplating tank that is subject to the requirements in § 63.11507(b), “What are my standards and management practices?”, and you comply with this subpart by limiting the plating time of the affected tank, you must state in your annual compliance certification that you have limited short-term or flash electroplating to no more than 1 cumulative hour per day or 3 cumulative minutes per hour of plating time.

(4) If you own or operate an affected batch electrolytic process tank that is subject to the requirements of § 63.11507(a) or a flash or short-term electroplating tank that is subject to the requirements in § 63.11507(b), “What are my standards and management practices?”, and you comply by operating the affected tank with a cover, you must state in your annual certification that you have operated the tank with the cover in place at least 95 percent of the electrolytic process time.

(5) If you own or operate an affected continuous electrolytic process tank that is subject to the requirements of § 63.11507(a), “What are my standards and management practices?”, and you comply by operating the affected tank with a cover, you must state in your

annual certification that you have covered at least 75 percent of the surface area of the tank during all periods of electrolytic process operation.

(6) If you own or operate an affected tank that is subject to the management practices specified in § 63.11507(g), “What are my standards and management practices?”, you must state in your annual compliance certification that you have implemented the applicable management practices, as practicable.

(7) Each annual compliance report must be prepared no later than January 31 of the year immediately following the reporting period and kept in a readily-accessible location for inspector review. If a deviation has occurred during the year, each annual compliance report must be submitted along with the deviation report, and postmarked or delivered no later than January 31 of the year immediately following the reporting period.

(d) If you own or operate an affected source, and any deviations from the compliance requirements specified in this subpart occurred during the year, you must report the deviations, along with the corrective action taken, and submit this report to the delegated authority.

(e) You must keep the records specified in paragraphs (e)(1) through (3) of this section.

(1) A copy of any Initial Notification and Notification of Compliance Status that you submitted and all documentation supporting those notifications.

(2) The records specified in § 63.10(b)(2)(i) through (iii) and (xiv) of the General Provisions of this part.

(3) The records required to show continuous compliance with each management practice and equipment standard that applies to you, as specified in § 63.11508(d), “What are my compliance requirements?”

(f) You must keep each record for a minimum of 5 years following the date of each occurrence, measurement, maintenance, corrective action, report, or record. You must keep each record onsite for at least 2 years after the date of each occurrence, measurement, maintenance, corrective action, report, or record, according to § 63.10(b)(1) of the General Provisions to part 63. You may keep the records offsite for the remaining 3 years.

Other Requirements and Information

§ 63.11510 What General Provisions apply to this subpart?

If you own or operate a new or existing affected source, you must

comply with the requirements of the General Provisions (40 CFR part 63, subpart A) according to Table 1 of this subpart.

§ 63.11511 What definitions apply to this subpart?

Terms used in this subpart are defined in this section.

Batch electrolytic process tank means a tank used for an electrolytic process in which a part or group of parts, typically mounted on racks or placed in barrels, is placed in the tank and immersed in an electrolytic process solution as a single unit (i.e., as a batch) for a predetermined period of time, during which none of the parts are removed from the tank and no other parts are added to the tank, and after which the part or parts are removed from the tank as a unit.

Bath means the liquid contents of a tank that is used for electroplating, electroforming, electropolishing, or other metal coating processes at a plating and polishing facility.

Capture system means the collection of components used to capture gases and fumes released from one or more emissions points and then convey the captured gas stream to a control device, as part of a complete control system. A capture system may include, but is not limited to, the following components as applicable to a given capture system design: duct intake devices, hoods, enclosures, ductwork, dampers, manifolds, plenums, and fans.

Cartridge filter means a type of control device that uses perforated metal cartridges containing a pleated paper or non-woven fibrous filter media to remove PM from a gas stream by sieving and other mechanisms. Cartridge filters can be designed with single use cartridges, which are removed and disposed after reaching capacity, or continuous use cartridges, which typically are cleaned by means of a pulse-jet mechanism.

Composite mesh pad means a type of control device similar to a mesh pad mist eliminator except that the device is designed with multiple pads in series that are woven with layers of material with varying fiber diameters, which produce a coalescing effect on the droplets or PM that impinge upon the pads.

Continuous electrolytic process tank means a tank that uses an electrolytic process and in which a continuous metal strip or other type of continuous substrate is fed into and removed from the tank continuously. This process is also called reel-to-reel electrolytic plating.

Control device means equipment that is part of a control system that collects and/or reduces the quantity of a pollutant that is emitted to the air. The control device receives emissions that are transported from the process by the capture system.

Control system means the combination of a capture system and a control device. The capture system is designed to collect and transport air emissions from the affected source to the control device. The overall control efficiency of any control system is a combination of the ability of the system to capture the air emissions (i.e., the capture efficiency) and the control device efficiency. Consequently, it is important to achieve good capture to ensure good overall control efficiency. Capture devices that are known to provide high capture efficiencies include hoods, enclosures, or any other duct intake devices with ductwork, dampers, manifolds, plenums, or fans.

Cyanide plating means plating processes performed in tanks that use cyanide as a major bath ingredient and that operate at pH of 12 or more, and use or emit any of the plating and polishing metal HAP, as defined in this section. Electroplating and electroforming are performed with or without cyanide. The cyanide in the bath works to dissolve the HAP metal added as a cyanide compound (e.g., cadmium cyanide) and creates free cyanide in solution, which helps to corrode the anode. These tanks are self-regulating to a pH of 12 due to the caustic nature of the cyanide bath chemistry. The cyanide in the bath is a major bath constituent and not an additive; however, the self-regulating chemistry of the bath causes the bath to act as if wetting agents/fume suppressants are being used and to ensure an optimum plating process. All cyanide plating baths at pH greater than or equal to 12 have cyanide-metal complexes in solution. The metal HAP to be plated is not emitted because it is either bound in the metal-cyanide complex or reduced at the cathode to elemental metal, and plated onto the immersed parts. Cyanide baths are not intentionally operated at pH less than 12 since unfavorable plating conditions would occur in the tank, among other negative effects.

Deviation means any instance in which an affected source or an owner or operator of such an affected source:

(1) Fails to meet any requirement or obligation established by this rule including, but not limited to, any equipment standard (including emissions and operating limits),

management practice, or operation and maintenance requirement;

(2) Fails to meet any term or condition that is adopted to implement an applicable requirement in this rule and that is included in the operating permit for any affected facility required to obtain such a permit; or

(3) Fails to meet any equipment standard (including emission and operating limits), management standard, or operation and maintenance requirement in this rule during startup, shutdown, or malfunction.

Dry mechanical polishing means a process used for removing defects from and smoothing the surface of finished metals and formed products after plating with any of the plating and polishing metal HAP, as defined in this section, using hard-faced abrasive wheels or belts and where no liquids or fluids are used to trap the removed metal particles.

Electroforming means an electrolytic process using or emitting any of the plating and polishing metal HAP, as defined in this section, that is used for fabricating metal parts. This process is essentially the same as electroplating except that the plated substrate (mandrel) is removed, leaving only the metal plate. In electroforming, the metal plate is self-supporting and generally thicker than in electroplating.

Electroless plating means a non-electrolytic process that uses or emits any of the plating and polishing metal HAP, as defined in this section, in which metallic ions in a plating bath or solution are reduced to form a metal coating at the surface of a catalytic substrate without the use of external electrical energy. Electroless plating is also called non-electrolytic plating. Examples include, but are not limited to, chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating.

Electrolytic plating processes means electroplating and electroforming that use or emit any of the plating and polishing metal HAP, as defined in this section, where metallic ions in a plating bath or solution are reduced to form a metal coating on the surface of parts and products using electrical energy.

Electroplating means an electrolytic process that uses or emits any of the plating and polishing metal HAP, as defined in this section, in which metal ions in solution are reduced onto the surface of the work piece (the cathode) via an electrical current. The metal ions in the solution are usually replenished by the dissolution of metal from solid metal anodes fabricated of the same metal being plated, or by direct

replenishment of the solution with metal salts or oxides; electroplating is also called electrolytic plating.

Electropolishing means an electrolytic process that uses or emits any of the plating and polishing metal HAP, as defined in this section, in which a work piece is attached to an anode immersed in a bath, and the metal substrate is dissolved electrolytically, thereby removing the surface contaminant; electropolishing is also called electrolytic polishing.

Fabric filter means a type of control device used for collecting PM by filtering a process exhaust stream through a filter or filter media. A fabric filter is also known as a baghouse.

Flash electroplating means an electrolytic process that uses or emits any of the plating and polishing metal HAP, as defined in this section, and that is used no more than 3 cumulative minutes per hour or no more than 1 cumulative hour per day.

General Provisions of this part (40 CFR part 63, subpart A) means the section of the Code of Federal Regulations (CFR) that addresses air pollution rules that apply to all HAP sources addressed in part 63, which includes the National Emission Standards for Hazardous Air Pollutants (NESHAP).

HAP means hazardous air pollutant as defined from the list of 188 chemicals and compounds specified in the CAA Amendments of 1990; HAP are also called "air toxics." The five plating and polishing metal HAP, as defined in this section, are on this list of 188 chemicals.

High efficiency particulate air (HEPA) filter means a type of control device that uses a filter composed of a mat of randomly arranged fibers and is designed to remove at least 99.97 percent of airborne particles that are 0.3 micrometers or larger in diameter.

Mesh pad mist eliminator means a type of control device, consisting of layers of interlocked filaments densely packed between two supporting grids that remove liquid droplets and PM from the gas stream through inertial impaction and direct interception.

Metal coating operation means any process performed either in a tank that contains liquids or as part of a spraying operation that applies one or more plating and polishing metal HAP, as defined in this section, to parts and products used in manufacturing. These processes include but are not limited to: Non-chromium electroplating; electroforming; electropolishing; other non-electrolytic metal coating processes, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese

phosphate coating; and thermal spraying.

New source means any affected source for which you commenced construction or reconstruction after March 14, 2008.

Non-cyanide electrolytic plating and electropolishing processes means electroplating, electroforming, and electropolishing that uses or emits any of the plating and polishing metal HAP, as defined in this section, performed without cyanide in the tank. These processes do not use cyanide in the tank and operate at pH values less than 12. These processes use electricity and add or remove metals such as metal HAP from parts and products used in manufacturing. Both electroplating and electroforming can be performed with cyanide as well.

Non-electrolytic plating means a process that uses or emits any of the plating and polishing metal HAP, as defined in this section, in which metallic ions in a plating bath or solution are reduced to form a metal coating at the surface of a catalytic substrate without the use of external electrical energy. Non-electrolytic plating is also called electroless plating. Examples include chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating.

Packed-bed scrubber means a type of control device that includes a single or double packed bed that contains packing media on which PM and droplets impinge and are removed from the gas stream. The packed-bed section of the scrubber is followed by a mist eliminator to remove any water entrained from the packed-bed section.

Plating and polishing facility means a facility engaged in one or more of the following processes that uses or emits any of the plating and polishing metal HAP, as defined in this section: Electroplating processes other than chromium electroplating (i.e., non-chromium electroplating); electroless plating; other non-electrolytic metal coating processes, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating; thermal spraying; and the dry mechanical polishing of finished metals and formed products after plating.

Plating and polishing metal HAP means any compound of any of the following metals: cadmium, chromium, lead, manganese, and nickel, or any of these metals in the elemental form, with the exception of lead. Any material that does not contain cadmium, chromium, lead, or nickel in amounts greater than or equal to 0.1 percent by weight, and does not contain manganese in amounts

greater than or equal to 1.0 percent by weight, as reported on the Material Safety Data Sheet for the material, is not considered to be a plating and polishing metal HAP.

Plating and polishing process tanks means any tank in which a process is performed at an affected plating and polishing facility that uses or has the potential to emit any of the plating and polishing metal HAP, as defined in this section. The processes performed in plating and polishing tanks include the following: Electroplating processes other than chromium electroplating (i.e., non-chromium electroplating) performed in a tank; electroless plating; and non-electrolytic metal coating processes, such as chromate conversion coating, nickel acetate sealing, sodium dichromate sealing, and manganese phosphate coating; and electropolishing. This term does not include tanks containing solutions that are used to rinse or wash parts prior to placing the parts in a plating and polishing process tank, or subsequent to removing the parts from a plating and polishing process tank. This term also does not include thermal spraying or dry polishing with machines.

PM means solid or particulate matter that is emitted into the air.

Research and development process unit means any process unit that is used for conducting research and development for new processes and products and is not used to manufacture products for commercial sale, except in a *de minimis* manner.

Short-term plating means an electroplating process that uses or emits any of the plating and polishing metal HAP, as defined in this section, and that is used no more than 3 cumulative minutes per hour or 1 hour cumulative per day.

Tank cover for batch process units means a solid structure made of an impervious material that is designed to cover the entire open surface of a tank or process unit that is used for plating or other metal coating processes.

Tank cover for continuous process units, means a solid structure or combination of structures, made of an impervious material that is designed to cover at least 75 percent of the open surface of the tank or process unit that is used for continuous plating or other continuous metal coating processes.

Temporary thermal spraying means a thermal spraying operation that uses or emits any of the plating and polishing metal HAP, as defined in this section, and that lasts no more than 1 hour in duration during any one day and is conducted in situ. Thermal spraying that is conducted in a dedicated thermal

spray booth or structure is not considered to be temporary thermal spraying.

Thermal spraying (also referred to as metal spraying or flame spraying) is a process that uses or emits any of the plating and polishing metal HAP, as defined in this section, in which a metallic coating is applied by projecting molten or semi-molten metal particles onto a substrate. Commonly-used thermal spraying methods include high velocity oxy-fuel (HVOF) spraying, flame spraying, electric arc spraying, plasma arc spraying, and detonation gun spraying.

Water curtain means a type of control device that draws the exhaust stream through a continuous curtain of moving water to scrub out suspended PM.

Wetting agent/fume suppressant means any chemical agent that reduces or suppresses fumes or mists from a plating and polishing tank by reducing the surface tension of the tank bath.

§ 63.11512 Who implements and enforces this subpart?

(a) This subpart can be implemented and enforced by EPA or a delegated

authority such as your State, local, or tribal agency. If the EPA Administrator has delegated authority to your State, local, or tribal agency, then that agency, in addition to EPA, has the authority to implement and enforce this subpart. You should contact your EPA Regional Office to find out if implementation and enforcement of this subpart is delegated to your State, local, or tribal agency.

(b) In delegating implementation and enforcement authority of this subpart to a State, local, or tribal agency under 40 CFR part 63, subpart E, the authorities contained in paragraph (c) of this section are retained by the EPA Administrator and are not transferred to the State, local, or tribal agency.

(c) The authorities that cannot be delegated to State, local, or tribal agencies are specified in paragraphs (c)(1) through (5) of this section.

(1) Approval of an alternative non-opacity emissions standard under 40 CFR 63.6(g), of the General Provisions of this part.

(2) Approval of an alternative opacity emissions standard under § 63.6(h)(9), of the General Provisions of this part.

(3) Approval of a major change to test methods under § 63.7(e)(2)(ii) and (f), of the General Provisions of this part. A “major change to test method” is defined in § 63.90.

(4) Approval of a major change to monitoring under § 63.8(f), of the General Provisions of this part. A “major change to monitoring” is defined in § 63.90.

(5) Approval of a major change to recordkeeping and reporting under § 63.10(f), of the General Provisions of this part. A “major change to recordkeeping/reporting” is defined in § 63.90.

Indexed Annuities and Certain Other Insurance Contracts

AGENCY: Securities and Exchange Commission.

ACTION: Proposed rule.

SUMMARY: We are proposing a new rule that would define the terms “annuity contract” and “optional annuity contract” under the Securities Act of 1933. The proposed rule is intended to clarify the status under the federal securities laws of indexed annuities, under which payments to the purchaser are dependent on the performance of a securities index. The proposed rule would apply on a prospective basis to contracts issued on or after the effective date of the rule. We are also proposing to exempt insurance companies from filing reports under the Securities Exchange Act of 1934 with respect to indexed annuities and other securities that are registered under the Securities Act, provided that the securities are regulated under state insurance law, the issuing insurance company and its financial condition are subject to supervision and examination by a state insurance regulator, and the securities are not publicly traded.

DATES: Comments should be received on or before September 10, 2008.

ADDRESSES: Comments may be submitted by any of the following methods:

I. Executive Summary

We are proposing a new rule that is intended to clarify the status under the federal securities laws of indexed annuities, under which payments to the purchaser are dependent on the performance of a securities index. Section 3(a)(8) of the Securities Act provides an exemption under the

Securities Act for certain insurance contracts. The proposed rule would prospectively define certain indexed annuities as not being “annuity contracts” or “optional annuity contracts” under this insurance exemption if the amounts payable by the insurer under the contract are more likely than not to exceed the amounts guaranteed under the contract.

The proposed definition would hinge upon a familiar concept: The allocation of risk. Insurance provides protection against risk, and the courts have held that the allocation of investment risk is a significant factor in distinguishing a security from a contract of insurance. The Commission has also recognized that the allocation of investment risk is significant in determining whether a particular contract that is regulated as insurance under state law is insurance for purposes of the federal securities laws.

Individuals who purchase indexed annuities are exposed to a significant investment risk—*i.e.*, the volatility of the underlying securities index. Insurance companies have successfully utilized this investment feature, which appeals to purchasers not on the usual insurance basis of stability and security, but on the prospect of investment growth. Indexed annuities are attractive to purchasers because they promise to offer market-related gains. Thus, these purchasers obtain indexed annuity contracts for many of the same reasons that individuals purchase mutual funds and variable annuities, and open brokerage accounts.

When the amounts payable by an insurer under an indexed annuity are more likely than not to exceed the amounts guaranteed under the contract, the majority of the investment risk for the fluctuating, equity-linked portion of the return is borne by the individual purchaser, not the insurer. The individual underwrites the effect of the underlying index’s performance on his or her contract investment and assumes the majority of the investment risk for the equity-linked returns under the contract.

The federal interest in providing investors with disclosure, antifraud, and sales practice protections arises when individuals are offered indexed annuities that expose them to securities investment risk. Individuals who purchase such indexed annuities assume many of the same risks and rewards that investors assume when investing their money in mutual funds, variable annuities, and other securities. However, a fundamental difference

¹ 15 U.S.C. 77a *et seq.*

² 15 U.S.C. 78a *et seq.*

between these securities and indexed annuities is that—with few exceptions—indexed annuities historically have not been registered as securities. As a result, most purchasers of indexed annuities have not received the benefits of federally mandated disclosure and sales practice protections.

We have determined that providing greater clarity with regard to the status of indexed annuities under the federal securities laws would enhance investor protection, as well as provide greater certainty to the issuers and sellers of these products with respect to their obligations under the federal securities laws. Accordingly, we are proposing a new definition of “annuity contract” that, on a prospective basis, would define a class of indexed annuities that are outside the scope of section 3(a)(8). With respect to these annuities, investors would be entitled to all the protections of the federal securities laws, including full and fair disclosure and sales practice protections.

We are aware that many insurance companies, in the absence of definitive interpretation or definition by the Commission, have of necessity acted in reliance on their own analysis of the legal status of indexed annuities based on the state of the law prior to this release. Under these circumstances, we do not believe that insurance companies should be subject to any additional legal risk relating to their past offers and sales of indexed annuities as a result of our proposal today or its eventual adoption. Therefore, we are also proposing that the new definition apply prospectively only—that is, only to indexed annuities that are issued on or after the effective date of our final rule.

Finally, we are proposing a new exemption from Exchange Act reporting that would apply to insurance companies with respect to indexed annuities and certain other securities that are registered under the Securities Act and regulated as insurance under state law. We believe that this exemption is necessary or appropriate in the public interest and consistent with the protection of investors. Where an insurer’s financial condition and ability to meet its contractual obligations are subject to oversight under state law, and where there is no trading interest in an insurance contract, the concerns that periodic and current financial disclosures are intended to address are generally not implicated. Rather, investors who purchase these securities are primarily affected by issues relating to the insurer’s financial ability to satisfy its contractual obligations—issues that are addressed by state law and regulation.

II. Background

Beginning in the mid-1990s, the life insurance industry introduced a new type of annuity, referred to as an “equity-indexed annuity,” or, more recently, “fixed indexed annuity” (herein “indexed annuity”). Amounts paid by the insurer to the purchaser of an indexed annuity are based, in part, on the performance of an equity index or another securities index, such as a bond index.

The status of indexed annuities under the federal securities laws has been uncertain since their introduction in the mid-1990s. Under existing precedents, the status of each indexed annuity is determined based on a facts and circumstances analysis of factors that have been articulated by the U.S. Supreme Court.³ Insurers have typically marketed and sold indexed annuities without complying with the federal securities laws, and sales of the products have grown dramatically in recent years. This growth has, unfortunately, been accompanied by growth in complaints of abusive sales practices. These include claims that the often-complex features of these annuities have not been adequately disclosed to purchasers, as well as claims that rapid sales growth has been fueled by the payment of outside commissions that are funded by high surrender charges imposed over long periods, which can make these annuities particularly unsuitable for seniors and others who may need ready access to their assets.

We have observed the development of indexed annuities for some time, and we have become persuaded that guidance is needed with respect to their status under the federal securities laws. Today, we are proposing rules that are intended to provide greater clarity regarding the scope of the exemption provided by section 3(a)(8). We believe our proposed action is consistent with Congressional intent in that the proposed definition would afford the disclosure and sales practice protections of the federal securities laws to purchasers of indexed annuities who are more likely than not to receive payments that vary in accordance with the performance of a security. In addition, the proposed rules are intended to provide regulatory certainty and relief from Exchange Act reporting obligations to the insurers that issue these indexed annuities and certain other securities that are regulated as insurance under state law. We base our

proposed exemption on two factors: First, the nature and extent of the activities of insurance company issuers, and their income and assets, and, in particular, the regulation of these activities and assets under state insurance law; and, second, the absence of trading interest in the securities.

A. Description of Indexed Annuities

An indexed annuity is a contract issued by a life insurance company that generally provides for accumulation of the purchaser’s payments, followed by payment of the accumulated value to the purchaser either as a lump sum, upon death or withdrawal, or as a series of payments (an “annuity”). During the accumulation period, the insurer credits the purchaser with a return that is based on changes in a securities index, such as the Dow Jones Industrial Average, Lehman Brothers Aggregate U.S. Index, Nasdaq 100 Index, or Standard & Poor’s 500 Composite Stock Price Index. The insurer also guarantees a minimum value to the purchaser.⁴

Life insurance companies began offering indexed annuities in the mid-1990s.⁵ Sales of indexed annuities for 1998 totaled \$4 billion and grew each year through 2005, when sales totaled \$27.2 billion.⁶ Indexed annuity sales for 2006 totaled \$25.4 billion and \$24.8 billion in 2007.⁷ In 2007, indexed annuity assets totaled \$123 billion, 58 companies were issuing indexed annuities, and there were a total of 322 indexed annuities offered.⁸ The specific features of indexed annuities vary from product to product. Some of the key features are as follows.

Computation of Index-Based Return

The purchaser’s index-based return under an indexed annuity depends on the particular combination of features specified in the contract. Typically, an indexed annuity specifies all aspects of the formula for computing return in

advance of the period for which return is to be credited, and the crediting period is generally at least one year long.⁹ The rate of the index-based return is computed at the end of the crediting period, based on the actual performance of a specified securities index during that period, but the computation is performed pursuant to a mathematical formula that is guaranteed in advance of the crediting period. Common indexing features are described below.

- *Index.* Indexed annuities credit return based on the performance of a securities index, such as the Dow Jones Industrial Average, Lehman Brothers Aggregate U.S. Index, Nasdaq 100 Index, or Standard & Poor's 500 Composite Stock Price Index. Some annuities permit the purchaser to select one or more indices from a specified group of indices.

- *Determining Change in Index.* There are several methods for determining the change in the relevant index over the crediting period.¹⁰ For example, the "point-to-point" method compares the index level at two discrete points in time, such as the beginning and ending dates of the crediting period. Another method, sometimes referred to as "monthly point-to-point," combines both positive and negative changes in the index values from one month to the next during the crediting period and recognizes the aggregate change as the amount of index credit for the period, if it is positive. Another method compares an average of index values at periodic intervals during the crediting period to the index value at the beginning of the period. Typically, in determining the amount of index change, dividends paid on securities underlying the index are not included. Indexed annuities typically do not apply negative changes in an index to contract value. Thus, if the change in index value is negative over the course of a crediting period, no deduction is taken from contract value nor is any index-based return credited.¹¹

- *Portion of Index Change to be Credited.* The portion of the index change to be credited under an indexed annuity is typically determined through the application of caps, participation rates, spread deductions, or a combination of these features.¹² Some

contracts "cap" the index-based returns that may be credited. For example, if the change in the index is 6%, and the contract has a 5% cap, 5% would be credited. A contract may establish a "participation rate," which is multiplied by index growth to determine the rate to be credited. If the change in the index is 6%, and a contract's participation rate is 75%, the rate credited would be 4.5% (75% of 6%). In addition, some indexed annuities may deduct a percentage, or spread, from the amount of gain in the index in determining return. If the change in the index is 6%, and a contract has a spread of 1%, the rate credited would be 5% (6% minus 1%).

Surrender Charges

Surrender charges are commonly deducted from withdrawals taken by a purchaser.¹³ The maximum surrender charges, which may be as high as 15–20%,¹⁴ are imposed on surrenders made during the early years of the contract and decline gradually to 0% at the end of a specified surrender charge period, which may be in excess of 15 years. Imposition of a surrender charge may have the effect of reducing or eliminating any index-based return credited to the purchaser up to the time of a withdrawal. In addition, a surrender charge may result in a loss of principal, so that a purchaser who surrenders prior to the end of the surrender charge period may receive less than the original purchase payments.¹⁵ Many indexed annuities permit purchasers to withdraw a portion of contract value each year, typically 10%, without payment of surrender charges.

Guaranteed Minimum Value

Indexed annuities generally provide a guaranteed minimum value, which serves as a floor on the amount paid upon withdrawal, as a death benefit, or in determining the amount of annuity payments. The guaranteed minimum value is typically a percentage of purchase payments, accumulated at a specified interest rate, and may not be lower than a floor established by applicable state insurance law. Indexed

annuities typically provide that the guaranteed minimum value is equal to at least 87.5% of purchase payments, accumulated at annual interest rate of between 1% and 3%.¹⁶ Assuming a guarantee of 87.5% of purchase payments, accumulated at 1% interest compounded annually, it would take approximately 13 years for a purchaser's guaranteed minimum value to be 100% of purchase payments.

Registration

Insurers typically have concluded that the indexed annuities they issue are not securities. As a result, virtually all indexed annuities have been issued without registration under the Securities Act.¹⁷

B. Marketing of Indexed Annuities

In the years after indexed annuities were first introduced, sales volumes were relatively small. In 1998, when sales totaled \$4 billion, the impact of these products on both purchasers and issuing insurance companies was limited. As sales have grown in more recent years, with sales of \$24.8 billion and total indexed annuity assets of \$123 billion in 2007, these products have affected larger and larger numbers of purchasers. They have also become an increasingly important business line for some insurers.¹⁸ In addition, in recent

¹⁴ The highest surrender charges are often associated with annuities in which the insurer credits a "bonus" equal to a percentage of purchase payments to the purchaser at the time of purchase. The surrender charge may serve, in part, to recapture the bonus.

years, guarantees provided by indexed annuities have been reduced. In the years immediately following their introduction, indexed annuities typically guaranteed 90% of purchase payments accumulated at 3% annual interest.¹⁹ More recently, however, following changes in state insurance laws,²⁰ guarantees in indexed annuities have been as low as 87.5% of purchase payments accumulated at 1% annual interest.²¹

At the same time that sales of indexed annuities have increased and guarantees within the products have been reduced, concerns about potentially abusive sales practices and inadequate disclosure have grown. In August 2005, NASD²² issued a Notice to Members in which it cited its concerns about the manner in which persons associated with broker-dealers were marketing unregistered indexed annuities and the absence of adequate supervision of those sales practices.²³ The Notice to Members also expressed NASD's concern with

C. Section 3(a)(8) Exemption

Section 3(a)(8) of the Securities Act provides an exemption for any "annuity contract" or "optional annuity contract" issued by a corporation that is subject to the supervision of the insurance commissioner, bank commissioner, or similar state regulatory authority.²⁷ The

²⁷ The Commission has previously stated its view that Congress intended any insurance contract falling within Section 3(a)(8) to be excluded from all provisions of the Securities Act notwithstanding the language of the Act indicating that Section 3(a)(8) is an exemption from the registration but not the antifraud provisions. Securities Act Release No. 6558 (Nov. 21, 1984) [49 FR 46750, 46753 (Nov. 28, 1984)]. See also *Tcherepnin v. Knight*, 389 U.S. 332, 342 n.30 (1967) (Congress specifically stated that "insurance policies are not to be regarded as securities subject to the provisions of the

exemption, however, is not available to all contracts that are considered annuities under state insurance law. For example, variable annuities, which pass through to the purchaser the investment performance of a pool of assets, are not exempt annuity contracts.

The U.S. Supreme Court has addressed the insurance exemption on two occasions.²⁸ Under these cases, factors that are important to a determination of an annuity's status under section 3(a)(8) include (1) the allocation of investment risk between insurer and purchaser, and (2) the manner in which the annuity is marketed.

With regard to investment risk, beginning with *SEC v. Variable Annuity Life Ins. Co.* ("VALIC"),²⁹ the Court has considered whether the risk is borne by the purchaser (tending to indicate that the product is not an exempt "annuity contract") or by the insurer (tending to indicate that the product falls within the Section 3(a)(8) exemption). In *VALIC*, the Court determined that variable annuities, under which payments varied with the performance of particular investments and which provided no guarantee of fixed income, were not entitled to the section 3(a)(8) exemption. In *SEC v. United Benefit Life Ins. Co.* ("*United Benefit*"),³⁰ the Court extended the *VALIC* reasoning, finding that a contract that provides for some assumption of investment risk by the insurer may nonetheless not be entitled to the section 3(a)(8) exemption. The *United Benefit* insurer guaranteed that the cash value of its variable annuity contract would never be less than 50% of purchase payments made and that, after ten years, the value would be no less than 100% of payments. The Court determined that this contract, under which the insurer did assume some investment risk through minimum guarantees, was not an "annuity contract" under the federal securities laws. In making this determination, the Court concluded that "the assumption of an investment risk cannot by itself create an insurance provision under the federal definition" and distinguished a "contract which to some degree is insured" from a "contract of insurance."³¹

In analyzing investment risk, Justice Brennan's concurring opinion in *VALIC* applied a functional analysis to determine whether a new form of

investment arrangement that emerges and is labeled “annuity” by its promoters is the sort of arrangement that Congress was willing to leave exclusively to the state insurance commissioners. In that inquiry, the purposes of the federal securities laws and state insurance laws are important. Justice Brennan noted, in particular, that the emphasis in the Securities Act is on disclosure and that the philosophy of the Act is that “full disclosure of the details of the enterprise in which the investor is to put his money should be made so that he can intelligently appraise the risks involved.”³² Where an investor’s investment in an annuity is sufficiently protected by the insurer, state insurance law regulation of insurer solvency and the adequacy of reserves are relevant. Where the investor’s investment is not sufficiently protected, the disclosure protections of the Securities Act assume importance.

Marketing is another significant factor in determining whether a state-regulated insurance contract is entitled to the Securities Act “annuity contract” exemption. In *United Benefit*, the U.S. Supreme Court, in holding an annuity to be outside the scope of section 3(a)(8), found significant the fact that the contract was “considered to appeal to the purchaser not on the usual insurance basis of stability and security but on the prospect of ‘growth’ through sound investment management.”³³ Under these circumstances, the Court concluded “it is not inappropriate that promoters’ offerings be judged as being what they were represented to be.”³⁴

In 1986, given the proliferation of annuity contracts commonly known as “guaranteed investment contracts,” the Commission adopted rule 151 under the Securities Act to establish a “safe harbor” for certain annuity contracts that are not deemed subject to the federal securities laws and are entitled to rely on section 3(a)(8) of the Securities Act.³⁵ Under rule 151, an annuity contract issued by a state-

regulated insurance company is deemed to be within section 3(a)(8) of the Securities Act if (1) the insurer assumes the investment risk under the contract in the manner prescribed in the rule; and (2) the contract is not marketed primarily as an investment.³⁶ Rule 151 essentially codifies the tests the courts have used to determine whether an annuity contract is entitled to the section 3(a)(8) exemption, but adds greater specificity with respect to the investment risk test. Under rule 151, an insurer is deemed to assume the investment risk under an annuity contract if, among other things,

(1) The insurer, for the life of the contract, (a) guarantees the principal amount of purchase payments and credited interest, less any deduction for sales, administrative, or other expenses or charges; and

(b) credits a specified interest rate that is at least equal to the minimum rate required by applicable state law; and

(2) The insurer guarantees that the rate of any interest to be credited in excess of the guaranteed minimum rate described in paragraph 1(b) will not be modified more frequently than once per year.³⁷ Indexed annuities are not entitled to rely on the safe harbor of rule 151 because they fail to satisfy the requirement that the insurer guarantee that the rate of any interest to be credited in excess of the guaranteed minimum rate will not be modified more frequently than once per year.³⁸

³⁶ 17 CFR 230.151(a).

³⁷ 17 CFR 230.151(b) and (c). In addition, the value of the contract may not vary according to the investment experience of a separate account.

³⁸ Some indexed annuities also may fail other aspects of the safe harbor test.

In adopting rule 151, the Commission declined to extend the safe harbor to excess interest rates that are computed pursuant to an indexing formula that is guaranteed for one year. Rather, the Commission determined that it would be appropriate to permit insurers to make limited use of index features, provided that the insurer specifies an index to which it would refer, no more often than annually, to determine the excess interest rate that it would guarantee for the next 12-month or longer period. For example, an insurer would meet this test if it established an “excess” interest rate of 5% by reference to the past performance of an external index and then guaranteed to pay 5% interest for the coming year. Securities Act Release No. 6645, *supra* note 35, 51 FR at 20260. The Commission specifically expressed concern that index feature contracts that adjust the rate of return actually credited on a more frequent basis operate less like a traditional annuity and more like a security and that they shift to the purchaser all of the investment risk regarding fluctuations in that rate.

The only judicial decision that we are aware of regarding the status of indexed annuities under the federal securities laws is a district court case that concluded that the contracts at issue in the case fell within the Commission’s Rule 151 safe harbor notwithstanding the fact that they apparently did

III. Discussion of the Proposed Amendments

The Commission has determined that providing greater clarity with regard to the status of indexed annuities under the federal securities laws would enhance investor protection, as well as provide greater certainty to the issuers and sellers of these products with respect to their obligations under the federal securities laws. We are proposing a new definition of “annuity contract” that, on a prospective basis, would define a class of indexed annuities that are outside the scope of section 3(a)(8). With respect to these annuities, investors would be entitled to all the protections of the federal securities laws, including full and fair disclosure and sales practice protections. We are also proposing a new exemption under the Exchange Act that would apply to insurance companies that issue indexed annuities and certain other securities that are registered under the Securities Act and regulated as insurance under state law. We believe that this exemption is necessary or appropriate in the public interest and consistent with the protection of investors because of the presence of state oversight of insurance company financial condition and the absence of trading interest in these securities.

A. Definition of Annuity Contract

The Commission is proposing new rule 151A, which would define a class of indexed annuities that are not “annuity contracts” or “optional annuity contracts”³⁹ for purposes of section 3(a)(8) of the Securities Act. Although we recognize that these instruments are issued by insurance companies and are treated as annuities under state law, these facts are not conclusive for purposes of the analysis under the federal securities laws.

not meet the limited test described above, i.e., specifying an index that would be used to determine a rate that would remain in effect for at least one year. Instead, the contracts appear to have guaranteed the index-based formula, but not the actual rate of interest. See *Malone v. Addison Ins. Marketing, Inc.*, 225 F.Supp.2d 743, 751–754 (W.D. Ky. 2002).

³⁹ An “optional annuity contract” is a deferred annuity. See *United Benefit*, *supra* note 3, 387 U.S. at 204. In a deferred annuity, annuitization begins at a date in the future, after assets in the contract have accumulated over a period of time (normally many years). In contrast, in an immediate annuity, the insurer begins making annuity payments shortly after the purchase payment is made; i.e., within one year. See Kenneth Black, Jr., and Harold D. Skipper, Jr., *Life and Health Insurance*, at 164 (2000).

1. Analysis

“Insurance” and “Annuity”: Federal Terms under the Federal Securities Laws

Our analysis begins with the well-settled conclusion that the terms “insurance” and “annuity contract” as used in the Securities Act are “federal terms,” the meanings of which are a “federal question” under the federal securities laws.⁴⁰ The Securities Act does not provide a definition of either term, and we have not previously provided a definition that applies to indexed annuities.⁴¹ Moreover, indexed annuities did not exist and were not contemplated by Congress when it enacted the insurance exemption.

We therefore analyze indexed annuities under the facts and circumstances factors articulated by the U.S. Supreme Court in *VALIC* and *United Benefit*. In particular, we focus on whether these instruments are “the sort of investment form that Congress was * * * willing to leave exclusively to the State Insurance Commissioners” and whether they necessitate the “regulatory and protective purposes” of the Securities Act.⁴²

Type of Investment

We believe that the indexed annuities that would be included in our proposed definition are not the sort of investment that Congress contemplated leaving exclusively to state insurance regulation. According to the U.S. Supreme Court, Congress intended to include in the insurance exemption only those policies and contracts that include a “true underwriting of risks”

and “investment risk-taking” by the insurer.⁴³ Moreover, the level of risk assumption necessary for a contract to be “insurance” under the Securities Act must be meaningful—the assumption of an investment risk does not “by itself create an insurance provision under the federal definition.”⁴⁴

The annuities that “traditionally and customarily” were offered at the time Congress enacted the insurance exemption were fixed annuities that typically involved no investment risk to the purchaser.⁴⁵ These contracts offered the purchaser “specified and definite amounts beginning with a certain year of his or her life,” and the “standards for investments of funds” by the insurer under these contracts were “conservative.”⁴⁶ Moreover, these types of annuity contracts were part of a “concept which had taken on its coloration and meaning largely from state law, from state practice, from state usage.”⁴⁷ Thus, Congress exempted these instruments from the requirements of the federal securities laws because they were a “form of ‘investment’ * * * which did not present very squarely the problems that [the federal securities laws] were devised to deal with,” and were “subject to a form of state regulation of a sort which made the federal regulation even less relevant.”⁴⁸

In contrast, when the amounts payable by an insurer under an indexed annuity contract are more likely than not to exceed the amounts guaranteed under the contract, the purchaser assumes substantially different risks and benefits. Notably, at the time that such a contract is purchased, the risk for the unknown, unspecified, and fluctuating securities-linked portion of the return is primarily assumed by the purchaser.

By purchasing this type of indexed annuity, the purchaser assumes the risk of an uncertain and fluctuating financial instrument, in exchange for exposure to future, securities-linked returns. The value of such an indexed annuity

reflects the benefits and risks inherent in the securities market, and the contract’s value depends upon the trajectory of that same market. Thus, the purchaser obtains an instrument that, by its very terms, depends on market volatility and risk.

Such indexed annuity contracts provide some protection against the risk of loss, but these provisions do not, “by [themselves,] create an insurance provision under the federal definition.”⁴⁹ Rather, these provisions reduce—but do not eliminate—a purchaser’s exposure to investment risk under the contract. These contracts may to some degree be insured, but that degree may be too small to make the indexed annuity a contract of insurance.⁵⁰

Thus, the protections provided by indexed annuities may not adequately transfer investment risk from the purchaser to the insurer when amounts payable by an insurer under the contract are more likely than not to exceed the amounts guaranteed under the contract. Purchasers of these annuities assume the investment risk for investments that are more likely than not to fluctuate and move with the securities markets. The value of the purchaser’s investment is more likely than not to depend on movements in the underlying securities index. The protections offered in these indexed annuities may give the instruments an aspect of insurance, but we do not believe that these protections are substantial enough.⁵¹

Need for the Regulatory Protections of the Federal Securities Acts

We also analyze indexed annuities to determine whether they implicate the regulatory and protective purposes of the federal securities laws. Based on that analysis, we believe that the indexed annuities that would be included in our proposed definition present many of the concerns that Congress intended the federal securities laws to address.

Indexed annuities are similar in many ways to mutual funds, variable annuities, and other securities.

⁴⁰ See *United Benefit*, *supra* note 3, 387 U.S. at 211 (finding that while a “guarantee of cash value” provided by an insurer to purchasers of a deferred annuity plan reduced “substantially the investment risk of the contract holder, the assumption of investment risk cannot by itself create an insurance provision under the federal definition.”).

⁴⁹ *Id.* at 211 (“The basic difference between a contract which to some degree is insured and a contract of insurance must be recognized.”).

⁵⁰ See *VALIC*, *supra* note 3, 359 U.S. at 71 (finding that although the insurer’s assumption of a traditional insurance risk gives variable annuities an “aspect of insurance,” this is “apparent, not real; superficial, not substantial.”).

⁴⁰ See *VALIC*, *supra* note 3, 359 U.S. at 69.

⁴¹ The last time the Commission formally addressed indexed annuities was in 1997. At that time, the Commission issued a concept release requesting public comment regarding indexed insurance contracts. The concept release stated that “depending on the mix of features * * * [an indexed insurance contract] may or may not be entitled to exemption from registration under the Securities Act” and that the Commission was “considering the status of [indexed annuities and other indexed insurance contracts] under the federal securities laws.” See Concept Release, *supra* note 19, at 4–5.

The Commission has previously adopted a safe harbor for certain annuity contracts that are entitled to rely on section 3(a)(8) of the Securities Act. However, as discussed in Part II.C., indexed annuities are not entitled to rely on the safe harbor.

⁴² See *VALIC*, *supra* note 3, 359 U.S. at 75 (Brennan, J., concurring) (“* * * if a brand-new form of investment arrangement emerges which is labeled ‘insurance’ or ‘annuity’ by its promoters, the functional distinction that Congress set up in 1933 and 1940 must be examined to test whether the contract falls within the sort of investment form that Congress was then willing to leave exclusively to the State Insurance Commissioners. In that inquiry, an analysis of the regulatory and protective purposes of the Federal Acts and of state insurance regulation as it then existed becomes relevant.”).

⁴³ *Id.* at 71–73.

⁴⁴ See *United Benefit*, *supra* note 3, 387 U.S. at 211 (“[T]he assumption of investment risk cannot by itself create an insurance provision. * * * The basic difference between a contract which to some degree is insured and a contract of insurance must be recognized.”).

⁴⁵ See *VALIC*, *supra* note 3, 359 U.S. at 69.

⁴⁶ *Id.* (“While all the States regulate ‘annuities’ under their ‘insurance’ laws, traditionally and customarily they have been fixed annuities, offering the annuitant specified and definite amounts beginning with a certain year of his or her life. The standards for investment of funds underlying these annuities have been conservative.”).

⁴⁷ *Id.* (“Congress was legislating concerning a concept which had taken on its coloration and meaning largely from state law, from state practice, from state usage.”).

⁴⁸ *Id.* at 75 (Brennan, J., concurring).

Although these contracts contain certain features that are typical of insurance contracts,⁵² they also may contain “to a very substantial degree elements of investment contracts.”⁵³ Indexed annuities are attractive to purchasers precisely because they offer participation in the securities markets. Thus, individuals who purchase such indexed annuities are “vitally interested in the investment experience.”⁵⁴ However, indexed annuities historically have not been registered with us as securities. Insurers have treated these annuities as subject only to state insurance laws.

There is a strong federal interest in providing investors with disclosure, antifraud, and sales practice protections when they are purchasing annuities that are likely to expose them to market volatility and risk. We believe that individuals who purchase indexed annuities that are more likely than not to provide payments that vary with the performance of securities are exposed to significant investment risks. They are confronted with many of the same risks and benefits that other securities investors are confronted with when making investment decisions. Moreover, they are more likely than not to experience market volatility.

Accordingly, we believe that the regulatory objectives that Congress was attempting to achieve when it enacted the Securities Act are present when the amounts payable by an insurer under an indexed annuity contract are more likely than not to exceed the guaranteed amounts. Therefore, we are proposing a rule that would define such contracts as falling outside the insurance exemption.

2. Proposed Definition

Scope of the Proposed Definition

Proposed rule 151A would apply to a contract that is issued by a corporation subject to the supervision of the insurance commissioner, bank commissioner, or any agency or officer performing like functions, of any State or Territory of the United States or the District of Columbia.⁵⁵ This language is the same language used in Section

3(a)(8) of the Securities Act. Thus, the insurance companies that will be covered by the proposed rule are the same as those covered by Section 3(a)(8). In addition, in order to be covered by the proposed rule, a contract must be subject to regulation as an annuity under state insurance law.⁵⁶ As a result, the proposed rule does not apply to contracts that are regulated under state insurance law as life insurance, health insurance, or any form of insurance other than an annuity, and it does not apply to any contract issued by an insurance company if the contract itself is not subject to regulation under state insurance law.

The proposed rule would expressly state that it does not apply to any contract whose value varies according to the investment experience of a separate account.⁵⁷ The effect of this provision is to eliminate variable annuities from the scope of the rule.⁵⁸ It has long been established that variable annuities are not entitled to the exemption under Section 3(a)(8) of the Securities Act, and, accordingly, we do not propose to cover them under the new definition or affect their regulation in any way.⁵⁹

We request comment on the scope of the proposed definition and in particular on the following issues:

- Should the rule apply only to contracts that are issued by the same insurance companies that are covered by section 3(a)(8) of the Securities Act, or should the proposed definition apply with respect to contracts of different issuers than those covered by section 3(a)(8)?
- What contracts should be covered by the proposed definition? Should the scope of contracts covered be articulated by reference to state law? Should the proposed definition extend to all

annuity contracts, or should any annuity contracts be excluded? Should variable annuity contracts be covered by the proposed definition? Should the proposed definition apply to forms of insurance other than annuities, such as life insurance or health insurance? Should the proposed definition apply to a contract issued by an insurance company if the contract is not itself regulated as insurance under state law?

- Should we permit insurance companies to register indexed annuities, as well as any other annuities that are securities, on Form N-4,⁶⁰ the form that is currently used by insurance companies to register variable annuities under the Securities Act? If so, should we modify Form N-4, which is also used by insurance company separate accounts to register under the Investment Company Act, in any way?

Definition of “Annuity Contract” and “Optional Annuity Contract”

We are proposing that an annuity issued by an insurance company would *not* be an “annuity contract” or an “optional annuity contract” under section 3(a)(8) of the Securities Act if the annuity has the following two characteristics. First, amounts payable by the insurance company under the contract are calculated, in whole or in part, by reference to the performance of a security, including a group or index of securities. Second, amounts payable by the insurance company under the contract are more likely than not to exceed the amounts guaranteed under the contract.

The first characteristic, that amounts payable by the insurance company under the contract are calculated by reference to the performance of a security or securities, defines a class of contracts that we believe, in all cases, require further scrutiny because they implicate the factors articulated by the U.S. Supreme Court as important in determining whether the section 3(a)(8) exemption is applicable. When payments under a contract are calculated by reference to the performance of a security or securities, rather than being paid in a fixed amount, at least some investment risk relating to the performance of the securities is assumed by the purchaser. In addition, the contract may be marketed on the basis of the potential for growth offered by investments in the securities.

The proposed rule would define the class of contracts that is subject to scrutiny broadly. The rule would apply whenever any amounts payable under

⁵² The presence of protection against loss does not, in itself, transform a security into an insurance or annuity contract. Like indexed annuities, variable annuities typically provide some protection against the risk of loss, but are registered as securities. Historically, variable annuity contracts have typically provided a minimum death benefit at least equal to the greater of contract value or purchase payments less any withdrawals. More recently, many contracts have offered benefits that protect against downside market risk during the purchaser's lifetime.

CODE section 1003 (West 2007); N.J. ADMIN. CODE tit. 11, section 4-2.2 (2008); N.Y. INS. LAW section 1113 (McKinney 2007). Those states that do not expressly define annuities typically have regulations in place that address annuities. *See, e.g.,* KAN. ADMIN. REGS. section 40-2-12 (2008); MISS. CODE ANN. § 83-1-151 (2008).

the contract under any circumstances, including full or partial surrender, annuitization, or death, are calculated, in whole or in part, by reference to the performance of a security or securities. If, for example, the amount payable under a contract upon a full surrender is not calculated by reference to the performance of a security or securities, but the amount payable upon annuitization is so calculated, then the contract would need to be analyzed under the rule. As another example, if amounts payable under a contract are partly fixed in amount and partly dependent on the performance of a security or securities, the contract would need to be analyzed under the rule.

We note that the proposed rule would apply to contracts under which amounts payable are calculated by reference to a security, including a group or index of securities. Thus, the proposed rule would, by its terms, apply to indexed annuities but also to other annuities where amounts payable are calculated by reference to a single security or any group of securities. The federal securities laws, and investors' interests in full and fair disclosure and protection from abusive sales practices, are equally implicated, whether amounts payable under an annuity are calculated by reference to a securities index, another group of securities, or a single security.

The term "security" in proposed rule 151A would have the same broad meaning as in section 2(a)(1) of the Securities Act. Proposed rule 151A does not define the term "security," and our existing rules provide that, unless otherwise specifically provided, the terms used in the rules and regulations under the Securities Act have the same meanings defined in the Act.⁶¹

The second characteristic, that amounts payable by the insurance company under the contract are more likely than not to exceed the amounts guaranteed under the contract, sets forth the test that would define a class of contracts that are not "annuity contracts" or "optional annuity contracts" under the Securities Act and that, therefore, are not entitled to the section 3(a)(8) exemption. As explained above, by purchasing this type of indexed annuity, the purchaser assumes the risk of an uncertain and fluctuating financial instrument, in exchange for exposure to future, securities-linked returns.⁶² As a result, the purchaser assumes many of the same risks that investors assume when investing in mutual funds, variable annuities, and

other securities. Our proposal is intended to provide the purchaser of such an annuity with the same protections that are provided under the federal securities laws to other investors who participate in the securities markets, including full and fair disclosure regarding the terms of the investment and the significant risks that he or she is assuming, as well as protection from abusive sales practices and the recommendation of unsuitable transactions.

Under proposed rule 151A, amounts payable by the insurance company under a contract would be more likely than not to exceed the amounts guaranteed under the contract if this were the expected outcome more than half the time. In order to determine whether this is the case, it would be necessary to analyze expected outcomes under various scenarios involving different facts and circumstances. In performing this analysis, the amounts payable by the insurance company under any particular set of facts and circumstances would be the amounts that the purchaser⁶³ would be entitled to receive from the insurer under those facts and circumstances. The facts and circumstances would include, among other things, the particular features of the annuity contract (e.g., in the case of an indexed annuity, the relevant index, participation rate, and other features), the particular options selected by the purchaser (e.g., surrender or annuitization), and the performance of the relevant securities benchmark (e.g., in the case of an indexed annuity, the performance of the relevant index, such as the Dow Jones Industrial Average, Lehman Brothers Aggregate U.S. Index, Nasdaq 100 Index, or Standard & Poor's 500 Composite Stock Price Index). The amounts guaranteed under a contract under any particular set of facts and circumstances would be the minimum amount that the insurer would be obligated to pay the purchaser under those facts and circumstances without reference to the performance of the security that is used in calculating amounts payable under the contract. Thus, if an indexed annuity, in all circumstances, were to guarantee that, on surrender, a purchaser would receive 87.5% of purchase payments, plus 1% interest compounded annually, and that any additional payout would be based exclusively on the performance of a

securities index, the amount guaranteed after 3 years would be 90.15% of purchase payments ($87.5\% \times 1.01 \times 1.01 \times 1.01$).

We request comment on the proposed definition and in particular on the following issues:

- Should we define a class of annuities that are not "annuity contracts" or "optional annuity contracts" under the Securities Act? If so, should we adopt the proposed definition or should the proposed definition be modified?
- Should we provide greater clarity with respect to the status under the Securities Act of annuities under which amounts payable by the insurance company are calculated, in whole or in part, by reference to the performance of a security, including a group or index of securities? Should we, as proposed, adopt a definitional rule that would apply to all such annuities? Or should we adopt a definitional rule that applies to a more limited subset of annuities, such as annuities under which amounts payable are calculated by reference to the performance of a securities index?
- Is the proposed test that defines a class of contracts that are not "annuity contracts" or "optional annuity contracts," i.e., that amounts payable by the insurance company under the contract are more likely than not to exceed the amounts guaranteed under the contract, an appropriate test? Should the test be modified in any way, e.g., should the threshold be higher or lower than "more likely than not?" Should we provide further clarification with respect to the meaning of any of the elements of that test, including "amounts payable by the insurance company under the contract" and "amounts guaranteed under the contract?"
- Should we specify a particular point in time as of which "amounts payable by the insurance company under the contract" and "amounts guaranteed under the contract" should be determined under the rule? If so, what would be an appropriate time, e.g., contract maturity, the point where the surrender charge period ends, a specified number of years (5 years, 10 years, 15 years, 20 years, or some other period), or a specified age of the annuitant or a joint annuitant under the contract (60 years, 65 years, 75 years, or some other age)?

Determining Whether an Annuity Is Not an "Annuity Contract" or "Optional Annuity Contract" Under Proposed Rule 151A

Proposed rule 151A addresses the manner in which a determination would

⁶¹ 17 CFR 230.100(b).

⁶² See *supra* Part III.A.1.

⁶³ For simplicity, we are referring to payments to the purchaser. The proposed rule, however, references payments by the insurer without reference to a specified payee. In performing the analysis, payments to any payee, including the purchaser, annuitant, and beneficiaries would be included.

be made regarding whether amounts payable by the insurance company under a contract are more likely than not to exceed the amounts guaranteed under the contract. The proposed rule is principles-based, providing that a determination made by the insurer at or prior to issuance of a contract would be conclusive, provided that: (i) Both the insurer's methodology and the insurer's economic, actuarial, and other assumptions are reasonable; (ii) the insurer's computations are materially accurate; and (iii) the determination is made not earlier than six months prior to the date on which the form of contract is first offered and not more than three years prior to the date on which the particular contract is issued.⁶⁴ The proposed rule would, however, specify the treatment of charges that are imposed at the time of payments under the contract by the insurer.⁶⁵

We are proposing this principles-based approach because we believe that an insurance company should be able to evaluate anticipated outcomes under an annuity that it issues. Insurers routinely undertake such analyses for purposes of pricing and hedging their contracts.⁶⁶ In addition, we believe that it is important to provide reasonable certainty to insurers with respect to the application of the proposed rule and to preclude an insurer's determination from being second guessed, in litigation or otherwise, in light of actual events that may differ from assumptions that were reasonable when made.

As with all exemptions from the registration and prospectus delivery requirements of the Securities Act, the party claiming the benefit of the exemption—in this case, the insurer—bears the burden of proving that the exemption applies.⁶⁷ Thus, an insurer that believes an indexed annuity is entitled to the exemption under Section 3(a)(8) based, in part, on a determination made under the proposed rule would—if challenged in litigation—be required to prove that its methodology and its economic, actuarial, and other assumptions were reasonable, and that the computations were materially accurate.

The proposed rule provides that an insurer's determination under the rule would be conclusive only if it is made at or prior to issuance of the contract.

Proposed rule 151A is intended to provide certainty to both insurers and investors, and we believe that this certainty would be undermined unless insurance companies undertake the analysis required by the rule no later than the time that an annuity is issued. The proposed rule also provides that, for an insurer's determination to be conclusive, the computations made by the insurance company in support of the determination must be materially accurate. An insurer should not be permitted to rely on a determination of an annuity's status under the proposed rule that is based on computations that are materially inaccurate. For this purpose, we intend that computations would be considered to be materially accurate if any computational errors do not affect the outcome of the insurer's determination as to whether amounts payable by the insurer under the contract are more likely than not to exceed the amounts guaranteed under the contract.

In order for an insurer's determination to be conclusive, both the methodology and the economic, actuarial, and other assumptions used would be required to be reasonable. We recognize that a range of methodologies and assumptions may be reasonable and that a reasonable methodology or assumption utilized by one insurer may differ from a reasonable assumption or methodology selected by another insurer. In determining whether an insurer's methodology is reasonable, it would be appropriate to look to methods commonly used for valuing and hedging similar products in insurance and derivatives markets.

An insurer will need to make assumptions in several areas, including assumptions about (i) insurer behavior, (ii) purchaser behavior, and (iii) market behavior, and will need to assign probabilities to various potential behaviors. With regard to insurer behavior, the insurer will need to make assumptions about discretionary actions that it may take under the terms of an annuity. In the case of an indexed annuity, for example, an insurer often has discretion to modify various features, such as guaranteed interest rates, caps, participation rates, and spreads. Similarly, the insurer will need to make assumptions concerning purchaser behavior, including matters such as how long purchasers will hold a contract, how they will allocate contract value among different investment options available under the contract, and the form in which they will take payments under the contract. Assumptions about market behavior would include assumptions about expected return, market volatility, and

interest rates. In general, insurers will need to make assumptions about any feature of insurer, purchaser, or market behavior, or any other factor, that is material in determining the likelihood that amounts payable under the contract exceed the amounts guaranteed.

In determining whether assumptions are reasonable, insurers should generally be guided by both history and their own expectations about the future. An insurer may look to its own, and to industry, experience with similar or otherwise comparable contracts in constructing assumptions about both insurer behavior and investor behavior. In making assumptions about future market behavior, an insurer may be guided, for example, by historical market characteristics, such as historical returns and volatility, provided that the insurer bases its assumptions on an appropriate period of time and does not have reason to believe that the time period chosen is likely to be unrepresentative. As a general matter, assumptions about insurer, investor, or market behavior that are not consistent with historical experience would not be reasonable unless an insurer has a reasonable basis for any differences between historical experience and the assumptions used.

In addition, an insurer may look to its own expectations about the future in constructing reasonable assumptions. As noted above, insurers routinely analyze anticipated outcomes for purposes of pricing and hedging their contracts, and for similar purposes. We would expect that, in making a determination under proposed rule 151A, an insurer would use assumptions that are consistent with the assumptions that it uses for other purposes. Generally, assumptions that are inconsistent with the assumptions that an insurer uses for other purposes would not be reasonable under proposed rule 151A.

We note that an insurer may offer a particular form of contract over a significant period of time. Assumptions that are reasonable when a contract is originally offered may or may not continue to be reasonable at a subsequent time when the insurer continues to offer the contract. For this reason, the rule would provide that an insurer's determination would be conclusive if it is sufficiently current. Specifically, the determination must be made not more than six months prior to the date on which the form of contract is first offered and not more than three years prior to the date on which a particular contract is issued. For example, if a form of contract were first offered on January 1, 2011, the insurer

⁶⁴ Proposed rule 151A(b)(2).

⁶⁵ Proposed rule 151A(b)(1).

⁶⁶ See generally, Black and Skipper, *supra* note 39, at 26–47, 890–99.

⁶⁷ See, e.g., *SEC v. Ralston Purina*, 346 U.S. 119, 126 (1953) (an issuer claiming an exemption under section 4 of the Securities Act carries the burden of showing that the exemption applies).

would be required to make the determination not earlier than July 1, 2010. If the same form of contract were issued to a particular individual on January 1, 2014, the insurer's determination would be required to be made not earlier than January 1, 2011, in order to be conclusive for this transaction. This approach is intended to address the changing nature of reasonable assumptions, while permitting an insurer to rely on its determination for a significant period of time (three years) once made.

Proposed rule 151A would require that, in determining whether amounts payable by the insurance company under the contract are more likely than not to exceed the amounts guaranteed under the contract, amounts payable under the contract be determined without reference to any charges that are imposed at the time of payment. For example, the calculation of amounts payable upon surrender would be computed without deduction of any surrender charges, which typically decline over time. We are proposing this calculation methodology in order to eliminate the differential impact that such charges would have on the determination depending on the assumptions made about contract holding periods. However, the proposed rule would require that charges imposed at the time of payment be reflected in computing the amounts guaranteed under the contract. In many cases, amounts guaranteed under annuities are not affected by charges imposed at the time payments are made by the insurer under the contract.⁶⁸ However, in the case of an annuity where the amounts guaranteed are affected by charges imposed at the time payments are made,⁶⁹ the determination under proposed rule 151A would be made using the actual amounts guaranteed under the contract (which reflect the impact of these charges).

⁶⁸ Guaranteed minimum value, as commonly defined in indexed annuity contracts, equals a percentage of purchase payments, accumulated at a specified interest rate, as explained above, and this amount is not subject to surrender charges.

⁶⁹ For example, a purchaser buys a contract for \$100,000. The contract defines surrender value as the greater of (i) purchase payments plus index-linked interest minus surrender charges or (ii) the guaranteed minimum value. The maximum surrender charge is equal to 10%. The guaranteed minimum value is defined in the contract as 87.5% of premium accumulated at 1% annual interest. If the purchaser surrenders within the first year of purchase, and there is no index-linked interest credited, the surrender value would equal \$90,000 (determined under clause (i) as \$100,000 purchase payment minus 10% surrender charge), and this amount would be the guaranteed amount under the contract, not the lower amount defined in the contract as guaranteed minimum value (\$87,500).

We request comment on the manner in which a determination would be made under proposed rule 151A regarding whether amounts payable by the insurance company under a contract are more likely than not to exceed the amounts guaranteed under the contract and, in particular, on the following issues:

- Should we, as proposed, adopt a principles-based approach to this determination? Would the principles-based approach facilitate our goal of providing certainty?

- Should the insurer's determination be conclusive? If so, are the conditions in the proposed rule (*i.e.*, determination at or prior to contract issuance, reasonable methodology and assumptions, materially accurate computation) appropriate, or should we modify these conditions in any way?

- Should we expressly specify the circumstances under which a computation is materially accurate? If so, should the rule, as proposed, provide that an insurer's computation is materially accurate if any computational errors do not affect the outcome of the insurer's determination as to whether amounts payable by the insurer under the contract are more likely than not to exceed the amounts guaranteed under the contract? Or should we provide a different guideline for determining whether the computation is "materially accurate?" For example, should the rule provide that an insurer's computation is materially accurate if any computational errors do not materially affect the insurer's determination of the likelihood that amounts payable by the insurer under the contract exceed the amounts guaranteed under the contract?

- Should the rule prescribe the assumptions to be used by an insurer in making its determination? What factors should affect a determination of whether an insurer's assumptions are reasonable? Should the rule specify how the determination should be made with respect to securities, including indices, that have little or no history?

- Should we, as proposed, provide that, in order for an insurer's determination to be conclusive, it must be made not more than six months prior to the date on which the form of contract is first offered? Should this period be shorter or longer, *e.g.*, 30 days, 3 months, 9 months, 1 year?

- Should we, as proposed, provide that, in order for an insurer's determination to be conclusive, it must not be made more than three years prior to the date on which a particular contract is issued? Should this period be shorter or longer, *e.g.*, 1 year, 2 years, or 5 years?

- Should an insurer's determination, once made for a particular form of contract, be conclusive with respect to every particular contract of that form that is sold provided that the determination meets the standards required for conclusiveness at the time of the insurer's original determination, *i.e.*, reasonable methodology and assumptions and materially accurate computation? Or should an insurer's determination only be conclusive with respect to any particular sale of a contract if the methodology and assumptions are reasonable at the time of the particular sale?

- How should surrender charges and other charges imposed at the time of payout under an annuity be treated in making the determination required under the proposed rule? Should amounts payable under the contract be determined with or without reference to such charges? Should amounts guaranteed under the contract be computed with or without reference to such charges? Should we define with greater specificity the concept of charges imposed at the time of payment under a contract?

- Should we provide any guidance with respect to the principles-based approach of the rule?

- Should we provide guidance on the circumstances under which it is reasonable to rely on historical experience? Would it be reasonable to use other asset prices (such as derivative prices) to form expectations about the future, as long as the use of these prices is supported by historical experience?

- Should we provide guidance about the circumstances under which it is reasonable to rely on insurer expectations about the future? Would it be reasonable to rely on these expectations for factors over which insurers have control (*e.g.*, changes in contract features) or about which they have particular expertise (*e.g.*, rates of annuitization, mortality rates)? Would it be reasonable to rely on these expectations for factors over which insurers do not have control, such as market behavior?

- Should we provide guidance that would specify how insurers should consider interactions between various factors that may affect the determination (such as interactions between market returns and surrender behavior)?

- Should the rule specify how the determination should be made in the case of contracts that offer more than one investment option, *e.g.*, multiple indices or multiple crediting formulas or the availability of a guaranteed interest rate option in addition to indexed investment options? In such a

case, should we require a separate determination under each available option? If so, should we provide that the entire annuity is not an “annuity contract” or “optional annuity contract” if it is determined that the annuity would not be an “annuity contract” or “optional annuity contract” under any one or more of the available options?

- Should the rule require separate determinations with respect to the various benefits available under an annuity, such as lump sum payments, annuity payments, and death benefits? If so, should the rule prescribe that if the amounts payable under any one of these options are more likely than not to exceed the amounts guaranteed under that option, then the entire contract is not an “annuity contract” or “optional annuity contract”?

3. Effective Date

We propose to have the new definition apply prospectively—that is, only to indexed annuities issued on or after the effective date of a final rule. We are using our definitional rulemaking authority under Section 19(a) of the Securities Act, and the explicitly prospective nature of our proposed rule is consistent with similar prospective rulemaking that we have undertaken in the past when doing so was appropriate and fair under the circumstances.⁷⁰

We are aware that many insurance companies, in the absence of definitive interpretation or definition by the Commission, have of necessity acted in reliance on their own analysis of the legal status of indexed annuities based on the state of the law prior to this release. Under these circumstances, we do not believe that insurance companies should be subject to any additional legal risk relating to their past offers and sales

of indexed annuity contracts as a result of our proposal or its eventual adoption.

We also recognize that, if our proposal is adopted, the industry will need sufficient time to conduct the analysis required by the new definitional rule and comply with any applicable requirements under the federal securities laws. Therefore, we propose that if we adopt a final rule, the effective date of that rule would be a date that is 12 months after publication in the **Federal Register**.

We request comment on the proposed effective date of the rule and in particular on the following issue:

- Should the effective date of the new definitional rule, if adopted, be 12 months after publication in the **Federal Register**, or should it be effective sooner (e.g., 60 days after publication, six months after publication) or later (e.g., 18 months after publication, 2 years after publication)?

4. Annuities Not Covered by the Proposed Definition

Proposed rule 151A would apply to annuities under which amounts payable by the insurance company are calculated by reference to the performance of a security. The proposed rule would define certain of those annuities (annuities under which amounts payable by the issuer are more likely than not to exceed the amounts guaranteed under the contract) as not “annuity contracts” or “optional annuity contracts” under section 3(a)(8) of the Securities Act. The proposed rule, however, would not provide a safe harbor under section 3(a)(8) for any other annuities, including any other annuities under which amounts payable by the insurance company are calculated by reference to the performance of a security. The status under the Securities Act of any annuity, other than an annuity that is determined under proposed rule 151A to be not an “annuity contract” or “optional annuity contract,” would continue to be determined by reference to the investment risk and marketing tests articulated in existing case law under section 3(a)(8) and, to the extent applicable, the Commission’s safe harbor rule 151.⁷¹

We request comment on the proposal not to include a safe harbor in the proposal and in particular on the following issues:

- Should we provide a safe harbor under section 3(a)(8) of the Securities Act for any annuities under which amounts payable by the insurance

company are calculated by reference to the performance of a security? If so, what should the safe harbor be?

- Should we modify the Commission’s existing safe harbor for certain annuities, rule 151, to address indexed annuities or other annuities under which amounts payable by the insurance company are calculated by reference to the performance of a security? If so, how?

B. Exchange Act Exemption for Securities That Are Regulated as Insurance

The Commission is also proposing new rule 12h–7, which would provide an insurance company with an exemption from Exchange Act reporting with respect to indexed annuities and certain other securities issued by the company that are registered under the Securities Act and regulated as insurance under state law.⁷² We are proposing this exemption because we believe that the exemption is necessary or appropriate in the public interest and consistent with the protection of investors. We base that view on two factors: First, the nature and extent of the activities of insurance company issuers, and their income and assets, and, in particular, the regulation of those activities and assets under state insurance law; and, second, the absence of trading interest in the securities.⁷³ We are also proposing to impose conditions to the exemption that relate to these factors and that we believe are necessary or appropriate in the public interest and consistent with the protection of investors.

State insurance regulation is focused on insurance company solvency and the adequacy of insurers’ reserves, with the ultimate purpose of ensuring that insurance companies are financially secure enough to meet their contractual obligations.⁷⁴ State insurance regulators require insurance companies to

⁷⁰ See, e.g., Securities Act Release No. 4896 (Feb. 1, 1968) [33 FR 3142, 3143 (Feb. 17, 1968)] (“The Commission is aware that for many years issuers of the securities identified in this rule have not considered their obligations to be separate securities and that they have acted in reliance on the view, which they believed to be the view of the Commission, that registration under the Securities Act was not required. Under the circumstances, the Commission does not believe that such issuers are subject to any penalty or other damages resulting from entering into such arrangements in the past. Paragraph (b) provides that the rule shall apply to transactions of the character described in paragraph (a) only with respect to bonds or other evidence of indebtedness issued after adoption of the rule.”). See also Securities Act Release No. 5316 (Oct. 6, 1972) [37 FR 23631, 23632 (Nov. 7, 1972)] (“The Commission recognizes that the ‘no-sale’ concept has been in existence in one form or another for a long period of time. * * * The Commission believes, after a thorough reexamination of the studies and proposals cited above, that the interpretation embodied in Rule 133 is no longer consistent with the statutory objectives of the [Securities] Act. * * * Rule 133 is rescinded prospectively on and after January 1, 1973. * * *”).

⁷¹ As noted in Part II.C., above, indexed annuities are not entitled to rely on the rule 151 safe harbor.

⁷² The Commission has received a petition requesting that we propose a rule that would exempt issuers of certain types of insurance contracts from Exchange Act reporting requirements. Letter from Stephen E. Roth, Sutherland Asbill & Brennan LLP, on behalf of Jackson National Life Insurance Co., to Nancy M. Morris, Secretary, U.S. Securities and Exchange Commission (Dec. 19, 2007) (File No. 4–553) available at: <http://www.sec.gov/rules/petitions/2007/petn4-553.pdf>.

⁷³ See Section 12(h) of the Exchange Act [15 U.S.C. 78l(h)] (Commission may, by rules, exempt any class of issuers from the reporting provisions of the Exchange Act “if the Commission finds, by reason of the number of public investors, amount of trading interest in the securities, the nature and extent of the activities of the issuer, income or assets of the issuer, or otherwise, that such action is not inconsistent with the public interest or the protection of investors.”) (emphasis added).

⁷⁴ Black and Skipper, *supra* note 39, at 949.

maintain certain levels of capital, surplus, and risk-based capital; restrict the investments in insurers' general accounts; limit the amount of risk that may be assumed by insurers; and impose requirements with regard to valuation of insurers' investments.⁷⁵ Insurance companies are required to file annual reports on their financial condition with state insurance regulators. In addition, insurance companies are subject to periodic examination of their financial condition by state insurance regulators. State insurance regulators also preside over the conservation or liquidation of companies with inadequate solvency.⁷⁶

State insurance regulation, like Exchange Act reporting, relates to an entity's financial condition. We are of the view that, as a general matter, it may be unnecessary for both to apply in the same situation, which may result in duplicative regulation that is burdensome. Through Exchange Act reporting, issuers periodically disclose their financial condition, which enables investors and the markets to independently evaluate an issuer's income, assets, and balance sheet. State insurance regulation takes a different approach to the issue of financial condition, instead relying on state insurance regulators to supervise insurers' financial condition, with the goal that insurance companies be financially able to meet their contractual obligations. We believe that it would be consistent with our federal system of regulation, which has allocated the responsibility for oversight of insurers' solvency to state insurance regulators, to exempt insurers from Exchange Act reporting with respect to state-regulated insurance contracts.

Our conclusion in this regard is strengthened by the general absence of trading interest in insurance contracts. Insurance is typically purchased directly from an insurance company. While insurance contracts may be assigned in limited circumstances,⁷⁷ they typically are not listed or traded on securities exchanges or in other markets. As a result, outside the context of publicly owned insurance companies, there is little, if any, market interest in the information that is required to be disclosed in Exchange Act reports.

We request comment on whether we should provide insurance companies

with exemptions from Exchange Act reporting with respect to securities that are regulated as insurance under state law and in particular on the following issues:

- Does the existence of state insurance regulation, and, in particular, state regulation of insurance company financial condition and solvency, support providing an exemption from Exchange Act reporting? Does Exchange Act reporting serve any purpose, in the context of insurance contracts that are also securities, that is not served by state insurance regulation?

- Does the lack of trading interest in insurance contracts support providing an exemption from Exchange Act reporting for securities that are regulated as insurance under state law? Should Exchange Act reporting be required notwithstanding the absence of trading interest and, if so, why? Are there any circumstances where trading interest in insurance contracts that are securities is significant enough that Exchange Act reporting should be required?

1. The Exemption

Proposed rule 12h-7 would provide an insurance company that is covered by the rule with an exemption from the duty under section 15(d) of the Exchange Act to file reports required by section 13(a) of the Exchange Act with respect to certain securities registered under the Securities Act.⁷⁸

Covered Insurance Companies

The proposed Exchange Act exemption would apply to an issuer that is a corporation subject to the supervision of the insurance commissioner, bank commissioner, or any agency or officer performing like functions, of any state, including the District of Columbia, Puerto Rico, the

Virgin Islands, and any other possession of the United States.⁷⁹ In the case of a variable annuity contract or variable life insurance policy, the exemption would apply to the insurance company that issues the contract or policy. However, the exemption would not apply to the insurance company separate account in which the purchaser's payments are invested and which is separately registered as an investment company under the Investment Company Act of 1940 and is not regulated as an insurance company under state law.⁸⁰

Covered Securities

The proposed exemption would apply with respect to securities that do not constitute an equity interest in the insurance company issuer and that are either subject to regulation under the insurance laws of the domiciliary state of the insurance company or are guarantees of securities that are subject to regulation under the insurance laws of that jurisdiction.⁸¹ The exemption does not apply with respect to any other securities issued by an insurance company. As a result, if an insurance company issues securities with respect to which the exemption applies, and other securities that do not entitle the insurer to the exemption, the insurer will remain subject to Exchange Act reporting obligations. For example, if an insurer that is a stock company⁸² also issues insurance contracts that are registered securities under the Securities Act, the insurer generally

⁷⁹ Proposed rule 12h-7(a). The Exchange Act defines "State" as any state of the United States, the District of Columbia, Puerto Rico, the Virgin Islands, or any other possession of the United States. Section 3(a)(16) of the Exchange Act [15 U.S.C. 78c(a)(16)]. The term "State" in proposed rule 12h-7 has the same meaning as in the Exchange Act. Proposed rule 12h-7 does not define the term "State," and our existing rules provide that, unless otherwise specifically provided, the terms used in the rules and regulations under the Exchange Act have the same meanings defined in the Exchange Act. See rule 240.0-1(b) [17 CFR 240.0-1(b)].

⁸⁰ This approach is consistent with the historical practice of insurance companies that issue variable annuities and do not file Exchange Act reports. The associated separate accounts, however, are required to file Exchange Act reports. These Exchange Act reporting requirements are deemed to be satisfied by filing annual reports on Form N-SAR. 17 CFR 274.101. See Section 30(d) of the Investment Company Act [15 U.S.C. 80a-30(d)] and rule 30a-1 under the Investment Company Act [17 CFR 270.30a-1].

⁸¹ Proposed rule 12h-7(b).

⁸² A stock life insurance company is a corporation authorized to sell life insurance, which is owned by stockholders and is formed for the purpose of earning a profit for its stockholders. This is in contrast to another prevailing insurance company structure, the mutual life insurance company. In this structure, the corporation authorized to sell life insurance is owned by and operated for the benefit of its policyowners. Black and Skipper, *supra* note 39, at 577-78.

⁷⁸ Introductory paragraph to proposed rule 12h-7. Cf. Rule 12h-3(a) under the Exchange Act [17 CFR 240.12h-3(a)] (suspension of duty under section 15(d) of the Exchange Act to file reports with respect to classes of securities held by 500 persons or less where total assets of the issuer have not exceeded \$10,000,000); Rule 12h-4 under the Exchange Act [17 CFR 240.12h-4] (exemption from duty under Section 15(d) of the Exchange Act to file reports with respect to securities registered on specified Securities Act forms relating to certain Canadian issuers).

Section 15(d) of the Exchange Act requires each issuer that has filed a registration statement that has become effective under the Securities Act to file reports and other information and documents required under section 13 of the Exchange Act [15 U.S.C. 78m] with respect to issuers registered under section 12 of the Exchange Act [15 U.S.C. 78l]. Section 13(a) of the Exchange Act [15 U.S.C. 78m(a)] requires issuers of securities registered under section 12 of the Act to file annual reports and other documents and information required by Commission rule.

would be required to file Exchange Act reports as a result of being a stock company. Similarly, if an insurer raises capital through a debt offering, the proposed exemption would not apply with respect to the debt securities.

We are proposing that the exemption be available with respect to securities that are either subject to regulation under the insurance laws of the domiciliary state of the insurance company or are guarantees of securities that are subject to regulation under the insurance laws of that jurisdiction.⁸³ We are proposing a broad exemption that would apply to any contract that is regulated under the insurance laws of the insurer's home state because we intend that the exemption apply to all contracts, and only those contracts, where state insurance law, and the associated regulation of insurer financial condition, applies. A key basis for the proposed exemption is that investors are already entitled to the financial condition protections of state law and that, under our federal system of regulation, Exchange Act reporting may be unnecessary. Therefore, we believe it is important that the reach of the exemption and the reach of state insurance law be the same.

The proposed Exchange Act exemption would apply both to certain existing types of insurance contracts and to types of contracts that are developed in the future and that are registered as securities under the Securities Act. The proposed exemption would apply to indexed annuities that are registered under the Securities Act. However, the proposed Exchange Act exemption is independent of proposed rule 151A and would apply to types of contracts in addition to those that are covered by proposed rule 151A. There are at least two types of existing insurance contracts with respect to which we intend that the proposed Exchange Act exemption would apply, contracts with so-called "market value adjustment" ("MVA") features and insurance contracts that provide certain guaranteed benefits in connection with assets held in an investor's account, such as a mutual fund, brokerage, or investment advisory account.

Contracts including MVA features have, for some time, been registered under the Securities Act.⁸⁴ Insurance companies issuing contracts with these features have also complied with

Exchange Act reporting requirements.⁸⁵ MVA features have historically been associated with annuity and life insurance contracts that guarantee a specified rate of return to purchasers.⁸⁶ In order to protect the insurer against the risk that a purchaser may make withdrawals from the contract at a time when the market value of the insurer's assets that support the contract has declined due to rising interest rates, insurers sometime impose an MVA upon surrender. Under an MVA feature, the insurer adjusts the proceeds a purchaser receives upon surrender prior to the end of the guarantee period to reflect changes in the market value of its portfolio securities supporting the contract. As a result, if a purchaser makes a withdrawal at a time when interest rates are higher than at the time of contract issuance (and the market value of the insurer's assets has decreased), the proceeds payable upon surrender are adjusted downwards. By contrast, if interest rates are lower than at the time of contract issuance (and the market value of the insurer's assets has increased), the proceeds payable upon surrender are adjusted upwards.

More recently, some insurance companies have registered under the Securities Act insurance contracts that provide certain guarantees in connection with assets held in an investor's account, such as a mutual fund, brokerage, or investment advisory account.⁸⁷ As a result, the insurers become subject to Exchange Act reporting requirements if they are not already subject to those requirements. These contracts, often called "guaranteed living benefits," are intended to provide insurance to the purchaser against the risk of outliving the assets held in the mutual fund, brokerage, or investment advisory account. An example of a guaranteed living benefit is a contract that guarantees regular income payments for

the life of the purchaser to the extent that the value of the purchaser's investment in the relevant account is not sufficient to provide such payments. Such a contract could, for example, guarantee that if the purchaser withdraws no more than five percent per year of the amount invested, and if withdrawals and market performance reduce the account value to a zero balance, the insurer will thereafter make annual payments to the purchaser in an amount equal to five percent of the amount invested.

As noted above, the proposed Exchange Act exemption would also apply with respect to a guarantee of a security if the guaranteed security is subject to regulation under state insurance law.⁸⁸ We are proposing this provision because we believe that it would be appropriate to exempt from Exchange Act reporting an insurer that provides a guarantee of an insurance contract (that is also a security) when the insurer would not be subject to Exchange Act reporting if it had issued the guaranteed contract. This situation may arise, for example, when an insurance company issues a contract that is a security and its affiliate, also an insurance company, provides a guarantee of benefits provided under the first company's contract.⁸⁹

Finally, the proposed exemption would be unavailable with respect to any security that constitutes an equity interest in the issuing insurance company. As a general matter, an equity interest in an insurer would not be covered by the proposed exemption because it would not be subject to regulation under state insurance law and often would be publicly traded. Nonetheless, we believe that the rule should expressly preclude any security that constitutes an equity interest in the issuing insurance company from being covered by the proposed exemption. Where investors own an equity interest in an issuing insurance company, and are therefore dependent on the financial condition of the issuer for the value of that interest, we believe that they have a significant interest in directly evaluating the issuers' financial condition for themselves on an ongoing basis and that Exchange Act reporting is appropriate.

⁸⁸ The Securities Act defines "security" in Section 2(a)(1) of the Act [15 U.S.C. 77b(a)(1)]. That definition provides that a guarantee of any of the instruments included in the definition is also a security.

⁸⁹ For example, an insurance company may offer a registered variable annuity, and a parent or other affiliate of the issuing insurance company may act as guarantor for the issuing company's insurance obligations under the contract.

⁸³ A domiciliary state is the jurisdiction in which an insurer is incorporated or organized. See National Association of Insurance Commissioners Model Laws, Regulations and Guidelines 555-1, § 104 (2007).

⁸⁶ Some indexed annuities also include MVA features. See, e.g., Pre-Effective Amendment No. 4 to Registration Statement on Form S-1 of PHL Variable Insurance Company (File No. 333-132399) (filed Feb. 7, 2007); Initial Registration Statement on Form S-1 of ING USA Annuity and Life Insurance Company (File No. 333-133153) (filed Apr. 7, 2006); Pre-Effective Amendment No. 2 to Registration Statement on Form S-3 of Allstate Life Insurance Company (File No. 333-117685) (filed Dec. 20, 2004).

We request comment on the proposed exemption and in particular on the following issues:

- Should we provide insurance companies with an exemption from the duty under Section 15(d) of the Exchange Act to file reports required by Section 13(a) of the Exchange Act with respect to certain securities that are also regulated as insurance? Should we modify the exemption in any way?

- What securities should be covered by the proposed exemption? Should the exemption, as proposed, only be available with respect to securities that are either subject to regulation under state insurance law or are guarantees of securities that are subject to regulation under state insurance law? Should the exemption apply to indexed annuities, contracts with MVA features, and insurance contracts that provide certain guaranteed benefits in connection with assets held in an investor's account, such as a mutual fund, brokerage, or investment advisory account? Should we limit the exemption to all or any of those three types of securities, or should we also make the exemption available to types of securities that may be issued by insurance companies in the future?

- If we adopt the proposed Exchange Act exemption, should the adopted rule expressly provide that the exemption is unavailable with respect to any security that constitutes an equity interest in the issuing insurance company? Should the rule expressly provide that the exemption is unavailable with respect to debt securities? If so, how should we define the term "debt securities" so that it does not cover insurance obligations?

2. Conditions to Exemption

As described above, we believe that the proposed exemption is necessary or appropriate in the public interest and consistent with the protection of investors because of the existence of state regulation of insurers' financial condition and because of the general absence of trading interest in insurance contracts. We are proposing that the Exchange Act exemption be subject to conditions that are designed to ensure that both of these factors are, in fact, present in cases where an insurance company is permitted to rely on the exemption.

Regulation of Insurer's Financial Condition

In order to rely on the proposed exemption, an insurer must file an annual statement of its financial condition with, and the insurer must be supervised and its financial condition examined periodically by, the insurance commissioner, bank commissioner, or

any agency or any officer performing like functions, of the insurer's domiciliary state.⁹⁰ This condition is intended to ensure that an insurer claiming the exemption is, in fact, subject to state insurance regulation of its financial condition. Absent satisfaction of this condition, Exchange Act reporting would not be duplicative of state insurance regulation, and the proposed exemption would not be available.

Absence of Trading Interest

The proposed Exchange Act exemption would be subject to two conditions intended to insure that there is no trading interest in securities with respect to which the exemption applies. First, the securities may not be listed, traded, or quoted on an exchange, alternative trading system,⁹¹ inter-dealer quotation system,⁹² electronic communications network, or any other similar system, network, or publication for trading or quoting.⁹³ This condition is designed to ensure that there is no established trading market for the securities. Second, the issuing insurance company must take steps reasonably designed to ensure that a trading market for the securities does not develop, including requiring written notice to, and acceptance by, the insurance company prior to any assignment or other transfer of the securities and reserving the right to refuse assignments or other transfers of the securities at any time on a non-discriminatory basis.⁹⁴ This condition is designed to ensure that the insurer takes reasonable steps to ensure the absence of trading interest in the securities. We recognize that insurance contracts typically permit assignment in some circumstances. The proposed condition is intended to permit these assignments to continue while requiring the insurer to monitor assignments and, if it observes development of trading interest in the securities, to step in and refuse assignments related to this trading interest. We understand that it is commonplace for insurers today to

⁹¹ For this purpose, "alternative trading system" would have the same meaning as in Regulation ATS. See 17 CFR 242.300(a) (definition of "alternative trading system").

⁹² For this purpose, "inter-dealer quotation system" would have the same meaning as in Exchange Act rule 15c2-11. See 17 CFR 240.15c2-11(e)(2) (definition of "inter-dealer quotation system").

⁹³ Proposed rule 12h-7(d).

include restrictions on assignments in their contracts similar to those that would be required by the proposed rule.⁹⁵

We request comment generally on the proposed conditions to the Exchange Act exemption and specifically on the following issues:

- Are the proposed conditions appropriate? Will they help to ensure that the proposed exemption is necessary or appropriate in the public interest and consistent with the protection of investors?

- Should we, as proposed, condition the exemption on the insurer filing an annual statement of its financial condition with its home state insurance regulator? Should we require more or less frequent filings relating to financial condition, e.g., quarterly, semi-annually, every two years, etc.?

- Should we require, as a condition to the exemption, any public disclosure of the insurer's financial condition, either through filing with us or by posting on the insurer's Web site? Should we require that an insurer post on its Web site, or make available to investors on request, any reports of financial condition that it files with state insurance regulators or any third-party ratings of its claims-paying ability? Should we require, as a condition to the exemption, an insurer to report to the Commission, disclose to its contract owners, and/or publicly disclose any material disciplinary action undertaken, or material deficiency identified by, a state insurance regulator that relates to the insurer's financial condition or any other matter?

- Should we require, as a condition to the exemption, that the insurer be subject to supervision and periodic examination of its financial condition by its home state regulator, as proposed? Is the proposed condition consistent with state insurance regulation? Are there other conditions that should be imposed relating to supervision by the state insurance regulator?

- Should the Exchange Act exemption include conditions designed to limit trading interest in the securities? If so, are the proposed conditions appropriate? Does the proposed rule place appropriate restrictions on transfers of securities with respect to which the exemption is claimed without unduly restricting transfers in a manner that would be harmful to investors' interests?

IV. General Request for Comments

The Commission requests comment on the rules proposed in this release,

⁹⁵ See Roth, *supra* note 72, at 4 n. 4.

whether any further changes to our rules are necessary or appropriate to implement the objectives of our proposed rules, and on other matters that might affect the proposals contained in this release.

V. Paperwork Reduction Act

A. Background

Proposed rule 151A contains no new "collection of information" requirements within the meaning of the Paperwork Reduction Act of 1995 ("PRA").⁹⁶ However, we believe that proposed rule 151A would, if adopted, result in an increase in the disclosure burden associated with existing Form S-1 as a result of additional filings that would be made on Form S-1.⁹⁷ Form S-1 contains "collection of information" requirements within the meaning of the PRA. Although we are not proposing to amend Form S-1, we are submitting the Form S-1 "collection of information" ("Form S-1 (OMB Control No. 3235-0065)), which we estimate would increase as a result of proposed rule 151A, to the Office of Management and Budget ("OMB") for review and approval in accordance with the PRA.⁹⁸

We adopted existing Form S-1 pursuant to the Securities Act. This form sets forth the disclosure requirements for registration statements that are prepared by eligible issuers to provide investors with the information they need to make informed investment decisions in registered offerings. We anticipate that indexed annuities that register under the Securities Act would generally register on Form S-1.⁹⁹

⁹⁶ 44 U.S.C. 3501 *et seq.*

⁹⁷ 17 CFR 239.11.

⁹⁸ 44 U.S.C. 3507(d); 5 CFR 1320.11.

⁹⁹ Some Securities Act offerings are registered on Form S-3 [17 CFR 239.13]. We do not believe that proposed rule 151A would have any significant impact on the disclosure burden associated with Form S-3 because we believe that very few insurance companies that issue indexed annuities would be eligible to register those contracts on Form S-3. In order to be eligible to file on Form S-3, an issuer, must, among other things, have filed Exchange Act reports for a period of at least 12 calendar months. General Instruction I.A.3. of Form S-3. Very few insurance companies that issue indexed annuities today are currently eligible to file Form S-3. Further, if we adopt the proposed Exchange Act reporting exemption, insurance companies that issue indexed annuities and rely on the exemption would not meet the eligibility requirements for Form S-3.

We also do not believe that the proposed rules would have any significant impact on the disclosure burden associated with reporting under the Exchange Act on Forms 10-K, 10-Q, and 8-K. As a result of proposed rule 12h-7, insurance companies would not be required to file Exchange Act reports on these forms in connection with indexed annuities that are registered under the Securities Act. While proposed rule 12h-7 would permit some insurance companies that are currently required to file Exchange Act reports as a result of

The hours and costs associated with preparing disclosure, filing forms, and retaining records constitute reporting and cost burdens imposed by the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The information collection requirements related to registration statements on Form S-1 are mandatory. There is no mandatory retention period for the information disclosed, and the information disclosed would be made publicly available on the EDGAR filing system.

B. Summary of Information Collection

Because proposed rule 151A would affect the number of filings on Form S-1 but not the disclosure required by this form, we do not believe that the amendments will impose any new recordkeeping or information collection requirements. However, we expect that some insurance companies will register indexed annuities in the future that they would not previously have registered. We believe this will result in an increase in the number of annual responses expected with respect to Form S-1 and in the disclosure burden associated with Form S-1. At the same time, we expect that, on a per response basis, proposed rule 151A would decrease the existing disclosure burden for Form S-1. This is because the disclosure burden for each indexed annuity on Form S-1 is likely to be lower than the existing burden per respondent on Form S-1. The decreased burden per response on Form S-1 would partially offset the increased burden resulting from the increase in the annual number of responses on Form S-1. We believe that, in the aggregate, the disclosure burden for Form S-1 would increase if proposed rule 151A were adopted.

C. Paperwork Reduction Act Burden Estimates

For purposes of the PRA, we estimate that our proposal will result in an annual increase in the paperwork burden for companies to comply with the Form S-1 collection of information requirements of approximately 60,000 hours of in-house company personnel time and approximately \$72,000,000 for the services of outside professionals. These estimates represent the combined

issuing insurance contracts that are registered under the Securities Act to cease filing those reports, the number of such companies is insignificant compared to the total number of Exchange Act reporting companies.

effect of an expected increase in the number of annual responses on Form S-1 and a decrease in the expected burden per response. These estimates include the time and the cost of preparing and reviewing disclosure, filing documents, and retaining records. Our methodologies for deriving the above estimates are discussed below.

We are proposing a new definition of "annuity contract" that, on a prospective basis, would define a class of indexed annuities that are not "annuity contracts" or "optional annuity contracts" for purposes of section 3(a)(8) of the Securities Act, which provides an exemption under the Securities Act for certain insurance contracts. These indexed annuities would, on a prospective basis, be required to register under the Securities Act on Form S-1.¹⁰⁰

Increase in Number of Annual Responses

For purposes of the PRA, we estimate that there would be an annual increase of 400 responses on Form S-1 as a result of the proposal. In 2007, there were 322 indexed annuity contracts offered.¹⁰¹ For purposes of the PRA analysis, we assume that 400 indexed annuities will be offered each year. This allows for some escalation in the number of contracts offered in the future over the number offered in 2007. Our Office of Economic Analysis has considered the effect of the proposed rule on indexed annuity contracts with typical terms and has determined that these contracts would not meet the definition of "annuity contract" or "optional annuity contract" if they were to be issued after the effective date of the proposed rule, if adopted as proposed. Therefore, we assume that all indexed annuities that are offered will be registered, and that each of the 400 registered indexed annuities would be the subject of one response per year on Form S-1,¹⁰² resulting in the estimated annual increase of 400 responses of Form S-1.

¹⁰⁰ Some Securities Act offerings are registered on Form S-3, but we believe that very few, if any, insurance companies that issue indexed annuities would be eligible to register those contracts on Form S-3. See *supra* note 99.

¹⁰¹ NAVA, *supra* note 6, at 57.

¹⁰² Annuity contracts are typically offered to purchasers on a continuous basis, and as a result, an insurer offering an annuity contract that is registered under the Securities Act generally would be required to update the registration statement once a year. See section 10(a)(3) of the Securities Act [15 U.S.C. 77j(a)(3)] (when prospectus used more than 9 months after effective date of registration statement, information therein generally required to be not more than 16 months old).

Decrease in Expected Hours per Response

For purposes of the PRA, we estimate that there would be a decrease of 265 hours per response on Form S-1 as a result of our proposal. Current OMB estimates and recent Commission rulemaking estimate the hours per response on Form S-1 as 1,176.¹⁰³ The current hour estimate represents the burden for all issuers, both large and small. We believe that registration statements on Form S-1 for indexed annuities would result in a significantly lower number of hours per response, which, based on our experience with other similar contracts, we estimate as 600 hours per indexed annuity response on Form S-1. We attribute this lower estimate to two factors. First, the estimated 400 indexed annuity registration statements will likely be filed by far fewer than 400 different insurance companies,¹⁰⁴ and a significant part of the information in each of the multiple registration

statements filed by a single insurance company will be the same, resulting in economies of scale with respect to the multiple filings. Second, many of the 400 responses on Form S-1 each year will be annual updates to registration statements for existing contracts, rather than new registration statements, resulting in a significantly lower hour burden than a new registration statement.¹⁰⁵ Combining our estimate of 600 hours per indexed annuity response on Form S-1 (for an estimated 400 responses) with the existing estimate of 1,176 hours per response on Form S-1 (for an estimated 471 responses),¹⁰⁶ our new estimate is 911 hours per response $((400 \times 600) + (471 \times 1,176))/871$.

Net Increase in Burden

To calculate the total effect of the proposed rules on the overall compliance burden for all issuers, large and small, we added the burden associated with the 400 additional Forms S-1 that we estimate will be filed

annually in the future and subtracted the burden associated with our reduced estimate of 911 hours for each of the current estimated 471 responses. We used current OMB estimates in our calculation of the hours and cost burden associated with preparing, reviewing, and filing Form S-1.

Consistent with current OMB estimates and recent Commission rulemaking,¹⁰⁷ we estimate that 25% of the burden of preparation of Form S-1 is carried by the company internally and that 75% of the burden is carried by outside professionals retained by the issuer at an average cost of \$400 per hour.¹⁰⁸ The portion of the burden carried by outside professionals is reflected as a cost, while the burden carried by the company internally is reflected in hours.

The tables below illustrate our estimates concerning the incremental annual compliance burden in the collection of information in hours and cost for Form S-1.

INCREMENTAL PRA BURDEN DUE TO INCREASED FILINGS

Estimated increase in annual responses	Hours/response	Incremental burden (hours)
400	911	364,400

INCREMENTAL DECREASE IN PRA BURDEN DUE TO DECREASE IN HOURS PER RESPONSE

Estimated decrease in hours/response	Current estimated number of annual filings	Incremental decrease in burden (hours)
(265)	471	(124,800)

SUMMARY OF CHANGE IN INCREMENTAL COMPLIANCE BURDEN

Incremental burden (hours)	25% Issuer (hours)	75% Professional (hours)	\$400/hr. Professional cost
240,000	60,000	180,000	\$72,000,000

D. Request for Comment

Pursuant to 44 U.S.C. 3506(c)(2)(B), we request comments to: (1) Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information would have practical utility; (2) evaluate the accuracy of our estimate of the burden of the proposed collections of information; (3) determine whether there are ways to enhance the quality, utility, and clarity of the

information to be collected; and (4) evaluate whether there are ways to minimize the burden of the collections of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology. We note that the PRA burden will depend on the number of indexed annuity contracts that, under any rule we adopt, are not "annuity contracts," and therefore will be required to register under the Securities Act. We have assumed, for purposes of the PRA, that

all indexed annuities would not be "annuity contracts" under the rule and that, if the proposed rule were adopted, they would be required to be registered under the Securities Act. We request comment regarding this assumption and, more generally, on the percentage, or number, of indexed annuities that would be required to register under the Securities Act if the proposed rule were adopted.

Persons submitting comments on the collection of information requirements should direct the comments to OMB,

VI. Cost/Benefit Analysis

The Commission is sensitive to the costs and benefits imposed by its rules. Proposed rule 151A is intended to clarify the status under the federal securities laws of indexed annuities, under which payments to the purchaser are dependent on the performance of a securities index. Section 3(a)(8) of the Securities Act provides an exemption for certain insurance contracts. The proposed rule would prospectively define certain indexed annuities as not being "annuity contracts" or "optional annuity contracts" under this insurance exemption if the amounts payable by the insurer under the contract are more likely than not to exceed the amounts guaranteed under the contract. With respect to these annuities, investors would be entitled to all the protections of the federal securities laws, including full and fair disclosure and sales practice protections. We are also proposing new rule 12h-7 under the Exchange Act, which would exempt certain insurance companies from Exchange Act reporting with respect to indexed annuities and certain other securities that are registered under the Securities Act and regulated as insurance under state law.

A. Benefits

Possible benefits of the proposed amendments include the following: (i) Enhanced disclosure of information needed to make informed investment decisions about indexed annuities; (ii) sales practice protections would apply with respect to those indexed annuities that are outside the insurance exemption; (iii) greater regulatory certainty with regard to the status of

indexed annuities under the federal securities laws; (iv) enhanced competition; and (v) relief from Exchange Act reporting obligations to insurers that issue certain securities that are regulated as insurance under state law.

Disclosure

Proposed rule 151A would extend the benefits of full and fair disclosure under the federal securities laws to investors in indexed annuities that, under the proposed rule, fall outside the insurance exemption. Without such disclosure, investors face significant obstacles in making informed investment decisions with regard to purchasing indexed annuities that expose investors to securities investment risk. Extending the federal securities disclosure regime to such indexed annuities that impose securities investment risk should help to provide investors with the information they need.

Disclosures that would be required for registered indexed annuities include information about costs (such as surrender charges); the method of computing indexed return (*e.g.*, applicable index, method for determining change in index, caps, participation rates, spreads); minimum guarantees, as well as guarantees, or lack thereof, with respect to the method for computing indexed return; and benefits (lump sum, as well as annuity and death benefits). We think there are significant benefits to the disclosures provided under the federal securities laws. This information will be public and accessible to all investors, intermediaries, third party information providers, and others through the SEC's EDGAR system. Public availability of this information would be helpful to investors in making informed decisions about purchasing indexed annuities. The information would enhance investors' ability to compare various indexed annuities and also to compare indexed annuities with mutual funds, variable annuities, and other securities and financial products. The potential liability for materially false and misleading statements and omissions under the federal securities laws would provide additional encouragement for accurate, relevant, and complete disclosures by insurers that issue indexed annuities and by the broker-dealers who sell them.¹⁰⁹

¹⁰⁹ See, *e.g.*, Section 12(a)(2) of the Securities Act [15 U.S.C. 77l(a)(2)] (imposing liability for materially false or misleading statements in a prospectus or oral communication, subject to a reasonable care defense). See also Section 10(b) of the Exchange Act [15 U.S.C. 78j(b)]; rule 10b-5 under the Exchange Act [17 CFR 240.10b-5];

In addition, we believe that potential purchasers of indexed annuities that an insurer determines do not fall outside the insurance exemption under the proposed rule may benefit from enhanced information available as a result of the proposed rule. An indexed annuity that is not registered under the Securities Act after the adoption of proposed rule 151A would reflect the insurer's determination that investors in the annuity would not receive more than the amounts guaranteed under the contract at least half the time. This information would help a purchaser to evaluate the value of the index-based return.

Sales Practice Protections

Investors would also benefit because, under the federal securities laws, persons effecting transactions in indexed annuities that fall outside the insurance exemption under proposed rule 151A would be required to be registered broker-dealers or become associated persons of a broker-dealer through a networking arrangement. Thus, the broker-dealer sales practice protections would apply to transactions in registered indexed annuities. As a result, investors who purchase these indexed annuities after the effective date of proposed rule 151A would receive the benefits associated with a registered representative's obligation to make only recommendations that are suitable. The registered representatives who sell registered indexed annuities would be subject to supervision by the broker-dealer with which they are associated. Both the selling broker-dealer and its registered representatives would be subject to the oversight of FINRA.¹¹⁰ The registered broker-dealers would also be required to comply with specific books and records, supervisory, and other compliance requirements under the federal securities laws, as well as be subject to the Commission's general inspections and, where warranted, enforcement powers.

Section 17 of the Securities Act [15 U.S.C. 77q] (general antifraud provisions).

¹¹⁰ Cf. NASD Rule 2821 (recently adopted rule designed to enhance broker-dealers' compliance and supervisory systems and provide more comprehensive and targeted protection to investors regarding deferred variable annuities). See Order Approving FINRA's NASD Rule 2821 Regarding Members' Responsibilities for Deferred Variable Annuities (Approval Order), Securities Exchange Act Release No. 56375 (Sept. 7, 2007), 72 FR 52403 (Sept. 13, 2007) (SR-NASD-2004-183); Corrective Order, Securities Exchange Act Release No. 56375A (Sept. 14, 2007), 72 FR 53612 (September 19, 2007) (SR-NASD-2004-183) (correcting the rule's effective date).

Regulatory Certainty

Proposed rule 151A would provide the benefit of increased regulatory certainty to insurance companies that issue indexed annuities and the distributors who sell them, as well as to purchasers of indexed annuities. The status of indexed annuities under the federal securities laws has been uncertain since their introduction in the mid-1990s. Under existing precedents, the status of each indexed annuity is determined based on a facts and circumstances analysis of factors that have been articulated by the U.S. Supreme Court. Proposed rule 151A would bring greater certainty into this area by defining a class of indexed annuities that are outside the scope of the insurance exemption and by providing that an insurer's determination, in accordance with the proposed rule, would be conclusive.

Enhanced Competition

Proposed rule 151A may result in enhanced competition among indexed annuities, as well as between indexed annuities and other competing financial products, such as mutual funds and variable annuities. Proposed rule 151A would result in enhanced disclosure, and, as a result, more informed investment decisions by potential investors, which may enhance competition among indexed annuities and competing products. The greater clarity that results from proposed rule 151A may enhance competition as well because insurers who may have been reluctant to issue indexed annuities while their status was uncertain may now decide to enter the market. Similarly, registered broker-dealers who currently may be unwilling to sell unregistered indexed annuities because of their uncertain regulatory status may become willing to sell indexed annuities that are registered, thereby increasing competition among distributors of indexed annuities. Further, we believe that the proposed Exchange Act exemption may enhance competition among insurance products and between insurance products and other financial products because the exemption may encourage insurers to innovate and introduce a range of new insurance contracts that are securities, since the exemption would reduce the regulatory costs associated with doing so. Increased competition may benefit investors through improvements in the terms of insurance products and other financial products, such as reductions of direct or indirect fees.

Relief from Reporting Obligations

In addition, the proposed exemption from Exchange Act reporting requirements with respect to certain securities that are regulated as insurance under state law would provide a cost savings to insurers. We have identified approximately 24 insurance companies that currently are subject to Exchange Act reporting obligations solely as a result of issuing insurance contracts that are securities and that we believe would, if we adopt proposed rule 12h-7, be exempted from Exchange Act reporting obligations.¹¹¹ We estimate that, each year, these insurers file an estimated 24 annual reports on Form 10-K, 72 quarterly reports on Form 10-Q, and 26 reports on Form 8-K.¹¹² Based on current cost estimates, we believe that the total estimated annual cost savings to these companies would be approximately \$15,414,600.¹¹³

B. Costs

While our proposal would result in significant cost savings for insurers as a result of the proposed exemption from Exchange Act reporting requirements, we believe that there would be costs

¹¹¹ In addition, if we adopt both proposed rules 151A and 12h-7, insurers that currently are not Exchange Act reporting companies and that would be required to register indexed annuities under the Securities Act could avail themselves of the Exchange Act exemption and obtain the benefits of the exemption. We have not included potential cost savings to these companies in our computation because they are not currently Exchange Act reporting companies.

¹¹² These estimates are based on the requirement to file one Form 10-K each year and three Forms 10-Q each year, and on our review of the actual number of Form 8-K filings by these insurers in calendar year 2007.

¹¹³ This consists of \$8,748,950 attributable to internal personnel costs, representing 49,994 burden hours at \$175 per hour, and \$6,665,600 attributable to the costs of outside professionals, representing 16,664 burden hours at \$400 per hour. Our estimates of \$175 per hour for internal time and \$400 per hour for outside professionals are consistent with the estimates that we have used in recent rulemaking releases.

Our total burden hour estimate for Forms 10-K, 10-Q, and 8-K is 66,658 hours, which, consistent with current OMB estimates and recent Commission rulemaking, we have allocated 75% (49,994 hours) to the insurers internally and 25% (16,664 hours) to outside professional time. See Supporting Statement to the Office of Management and Budget under the PRA for Securities Act Release No. 8819, available at: <http://www.reginfo.gov/public/do/DownloadDocument?documentID=42924&version=1>. The total burden hour estimate was derived as follows. The burden attributable to Form 10-K is 52,704 hours, representing 24 Forms 10-K at 2,196 hours per Form 10-K. The burden attributable to Form 10-Q is 13,824 hours, representing 72 Forms 10-Q at 192 hours per Form 10-Q. The burden attributable to Form 8-K is 130 hours, representing 26 Forms 8-K at 5 hours per Form 8-K. The burden hours per response for Form 10-K (2,196 hours), Form 10-Q (192 hours), and Form 8-K (5 hours) are consistent with current OMB estimates.

associated with the proposal. These would include costs associated with: (i) Determining under proposed rule 151A whether amounts payable by the insurer under an indexed annuity are more likely than not to exceed the amounts guaranteed under the contract; (ii) preparing and filing required Securities Act registration statements with the Commission; (iii) printing prospectuses and providing them to investors; (iv) entering into a networking arrangement with a registered broker-dealer for those entities that are not currently parties to a networking arrangement or registered as broker-dealers and that intend to distribute indexed annuities that are registered as securities;¹¹⁴ (v) loss of revenue to insurance companies that determine to cease issuing indexed annuities; and (vi) diminished competition that may result if some insurance companies cease issuing indexed annuities.

Determination Under Proposed Rule 151A

Insurers may incur costs in performing the analysis necessary to determine whether amounts payable under an indexed annuity would be more likely than not to exceed the amounts guaranteed under the contract. This analysis calls for the insurer to analyze expected outcomes under various scenarios involving different facts and circumstances. Insurers routinely undertake such analyses for purposes of pricing and hedging their contracts.¹¹⁵ As a result, we believe that the costs of undertaking the analysis for purposes of the proposed rule may not be significant. However, the determinations necessary under the proposed rule may result in some additional costs for insurers that issue indexed annuities, either because the timing of the determination does not coincide with other similar analyses undertaken by the insurer or because the level or type of actuarial and legal analysis that the insurer would determine is appropriate under the proposed rule is different or greater than that undertaken for other purposes, or for other reasons. These costs, if any, could include the costs of software, as well as the costs of internal personnel

¹¹⁴ While some distributors may register as broker-dealers or cease distributing indexed annuities that would be required to be registered as a result of proposed rule 151A, based on our experience with insurance companies that issue insurance products that are also securities, we believe that the vast majority would continue to distribute those indexed annuities via networking arrangements with registered broker-dealers, as discussed below.

and external consultants (e.g., actuarial, accounting, legal).

Securities Act Registration Statements

Insurers will incur costs associated with preparing and filing registration statements for indexed annuities that are outside the insurance exemption as a result of proposed rule 151A. These include the costs of preparing and reviewing disclosure, filing documents, and retaining records. As noted above, our Office of Economic Analysis has considered the effect of the proposed rule on indexed annuity contracts with typical terms and has determined that these contracts would not meet the definition of "annuity contract" or "optional annuity contract" if they were issued after the effective date of the proposed rule, if adopted as proposed. For purposes of the PRA, we have estimated an annual increase in the paperwork burden for companies to comply with the proposed rules to be 60,000 hours of in-house company personnel time and \$72,000,000 for services of outside professionals. We estimate that the additional burden hours of in-house company personnel time would equal total internal costs of \$10,500,000¹¹⁶ annually, resulting in aggregate annual costs of \$82,500,000¹¹⁷ for in-house personnel and outside professionals. These costs reflect the assumption that filings will be made on Form S-1 for 400 contracts each year, which we made for purposes of the PRA.

Costs of Printing Prospectuses and Providing Them to Investors

Insurers will also incur costs to print and provide prospectuses to investors for indexed annuities that are outside the insurance exemption as a result of proposed rule 151A. For purposes of the PRA, we have estimated that registration statements would be filed for 400 indexed annuities per year. We estimate that it would cost \$0.35 to print each prospectus and \$1.21 to mail each prospectus,¹¹⁸ for a total of \$1.56 per

prospectus.¹¹⁹ These estimates would be reduced to the extent that prospectuses are delivered in person or electronically, or to the extent that Securities Act prospectuses are substituted for written materials used today, rather than being delivered in addition to those materials.

Networking Arrangements With Registered Broker-Dealers

Proposed rule 151A may impose costs on indexed annuity distributors that are not currently parties to a networking arrangement or registered as broker-dealers. While these entities may choose to register as broker-dealers, in order to continue to distribute indexed annuities that are registered as securities, these distributors would likely enter into a networking arrangement with a registered broker-dealer. Under these arrangements, an affiliated or third-party broker-dealer provides brokerage services for an insurance agency's customers, in connection with transactions in insurance products that are also securities. Entering into a networking arrangement would impose costs associated with contracting with the registered broker-dealer regarding the terms, conditions, and obligations of each party to the arrangement. We anticipate that a distributor would incur legal costs in connection with entering into a networking arrangement with a registered broker-dealer, as well as ongoing costs associated with monitoring compliance with the terms of the networking arrangement.¹²⁰

Possible Loss of Revenue

Insurance companies that determine that indexed annuities are outside the insurance exemption under proposed rule 151A could either choose to register those annuities under the Securities Act or to cease selling those annuities. If an insurer ceases selling such annuities, the insurer may experience a loss of revenue. The amount of lost revenue would depend on actual revenues prior to effectiveness of the proposed rules

and to the particular determinations made by insurers regarding whether to continue to issue registered indexed annuities. The loss of revenue may be offset, in whole or in part, by gains in revenue from the sale of other financial products, as purchasers' need for financial products will not diminish. These gains could be experienced by the same insurers who exit the indexed annuity business or they could be experienced by other insurance companies or other issuers of securities or other financial products.

Possible Diminished Competition

There could be costs associated with diminished competition as a result of our proposed rules. In order to issue indexed annuities that are outside the insurance exemption under proposed rule 151A, insurers would be required to register those annuities as securities. If some insurers determine to cease issuing indexed annuities rather than undertake the analysis required by proposed rule 151A and register those annuities that are outside the insurance exemption under the proposed rule, there will be fewer issuers of indexed annuities, which may result in reduced competition. Any reduction in competition may affect investors through potentially less favorable terms of insurance products and other financial products, such as increases in direct or indirect fees. Any reduction in competition must be considered in conjunction with the potential enhancements to competition that are described in the Benefits section, above.

C. Request for Comments

We request comments on all aspects of this cost/benefit analysis, including identification of any additional costs or benefits that may result from the proposed amendments. We also solicit comment on any alternatives to the proposal in light of the cost-benefit analysis. Commenters are requested to provide empirical data and other factual support for their views to the extent possible. In particular, we request comment on the following issues:

- Are our quantitative estimates of benefits and costs correct? If not, how should they be adjusted?
- What are the costs associated with determining whether amounts payable under an indexed annuity would be more likely than not to exceed the amounts guaranteed under the contract? Are valuation and hedging models currently in use readily adaptable for the purposes of this calculation? How much, if any, additional cost would this represent for insurers over and above the costs they routinely incur for the

¹¹⁶ This cost increase is estimated by multiplying the total annual hour burden (60,000 hours) by the estimated hourly wage rate of \$175 per hour. Consistent with recent rulemaking releases, we estimate the value of work performed by the company internally at a cost of \$175 per hour.

¹¹⁷ \$10,500,000 (in-house personnel) + \$72,000,000 (outside professionals).

¹¹⁸ These estimates reflect estimates provided to us by Broadridge Financial Solutions, Inc., in connection with our recent proposal to create a summary prospectus for mutual funds. The estimates depend on factors such as page length and number of copies printed and not on the content of the disclosures. Because we believe that these factors may be reasonably comparable for indexed annuity and mutual fund prospectuses, we believe that it is reasonable to use these estimates in the

context of indexed annuities. See Memorandum to File number S7-28-07 regarding October 27, 2007 meeting between Commission staff members and representatives of Broadridge Financial Solutions, Inc. (Nov. 28, 2007). The memorandum is available for inspection and copying in File No. S7-28-07 in the Commission's Public Reference Room and on the Commission's Web site at <http://www.sec.gov/comments/s7-28-07/s72807-5.pdf>.

¹¹⁹ We note that we solicit specific comment on the average number of prospectuses that would be provided each year to offerees and/or purchasers of a registered indexed annuity. This information may assist us in estimating an aggregate cost for printing and providing prospectuses.

¹²⁰ We note that we solicit specific comment on the number of entities that are distributors of indexed annuities, and on how many are parties to a networking arrangement.

analysis necessary for pricing and hedging contracts, or for other purposes?

- We have estimated that 400 indexed annuity contracts would be registered on Form S-1 each year. Is this an accurate estimate, or is it too high or too low? What percentage of indexed annuities currently offered would not be considered “annuity contracts” or “optional annuity contracts” under proposed rule 151A?

- What would the costs of printing and providing prospectuses be for indexed annuities that are outside the insurance exemption under proposed rule 151A? What would the per prospectus printing and mailing costs be? On average, how many prospectuses would be provided each year for a registered indexed annuity to offerees and/or purchasers? To what degree would prospectuses be delivered by mail, in person, or electronically? To what degree would Securities Act prospectuses be provided in lieu of written materials used today?

- What are the costs of entering into a networking arrangement with a registered broker-dealer? How many entities currently distribute indexed annuities? Of those, how many have entered into a networking arrangement to sell other insurance products that are also securities (*i.e.*, variable annuities)? How many have registered as broker-dealers to sell other insurance products that are also securities?

- How much revenue would be lost by insurers that determine to cease issuing indexed annuities? Would this lost revenue be offset by revenue gains of these insurance companies or by revenue gains of others? If so, by how much?

VII. Consideration of Promotion of Efficiency, Competition, and Capital Formation; Consideration of Burden on Competition

Section 2(b) of the Securities Act¹²¹ and section 3(f) of the Securities Exchange Act¹²² require the Commission, when engaging in rulemaking that requires it to consider or determine whether an action is necessary or appropriate in the public interest, to consider, in addition to the protection of investors, whether the action will promote efficiency, competition, and capital formation. Section 23(a)(2) of the Exchange Act¹²³ requires us, when adopting rules under the Exchange Act, to consider the impact that any new rule would have on

competition. In addition, Section 23(a)(2) prohibits us from adopting any rule that would impose a burden on competition not necessary or appropriate in furtherance of the purposes of the Exchange Act.

We believe that proposed rule 151A would promote efficiency by extending the benefits of the disclosure and sales practice protections of the federal securities laws to indexed annuities that are more likely than not to provide payments that vary with the performance of securities. The required disclosures would enable investors to make more informed investment decisions, and investors would receive the benefits of the sales practice protections, including a registered representative's obligation to make only recommendations that are suitable. We believe that these investor protections would provide better dissemination of investment-related information, enhance investment decisions by investors, and, ultimately, lead to greater efficiency in the securities markets.

We also anticipate that, because proposed rule 151A would improve investors' ability to make informed investment decisions, it would lead to increased competition between issuers and sellers of indexed annuities, mutual funds, variable annuities, and other financial products, and increased competitiveness in the U.S. capital markets. The greater clarity that results from proposed rule 151A also may enhance competition because insurers who may have been reluctant to issue indexed annuities, while their status was uncertain, may decide to enter the market. Similarly, registered broker-dealers who currently may be unwilling to sell unregistered indexed annuities because of their uncertain regulatory status may become willing to sell indexed annuities that are registered, thereby increasing competition among distributors of indexed annuities.

Proposed rule 151A might have some negative effects on competition. In order to issue indexed annuities that are outside the insurance exemption under proposed rule 151A, insurers would be required to register those annuities as securities. If some insurers determine to cease issuing indexed annuities rather than undertake the analysis required by proposed rule 151A and register those annuities that are outside the insurance exemption under the proposed rule, there will be fewer issuers of indexed annuities, which may result in reduced competition. Any reduction in competition must be considered in conjunction with the potential

enhancements to competition that are described in the preceding paragraph.

We also anticipate that the increased market efficiency resulting from enhanced investor protections under proposed rule 151A could promote capital formation by improving the flow of information between insurers that issue indexed annuities, the distributors of those annuities, and investors.

Proposed rule 12h-7 would provide insurance companies with an exemption from Exchange Act reporting with respect to indexed annuities and certain other securities that are regulated as insurance under state law. We have proposed this exemption because the concerns that Exchange Act financial disclosures are intended to address are generally not implicated where an insurer's financial condition and ability to meet its contractual obligations are subject to oversight under state law and where there is no trading interest in an insurance contract. Accordingly, we believe that the proposed exemption would improve efficiency by eliminating potentially duplicative and burdensome regulation relating to insurers' financial condition.

Furthermore, we believe that proposed rule 12h-7 would not impose any burden on competition. Rather, we believe that the proposed rule would enhance competition among insurance products and between insurance products and other financial products because the exemption may encourage insurers to innovate and introduce a range of new insurance contracts that are securities, since the exemption would reduce the regulatory costs associated with doing so. We also anticipate that the innovations in product development could promote capital formation by providing new investment opportunities for investors.

We request comment on whether the proposed amendments, if adopted, would promote efficiency, competition, and capital formation. We also request comment on any anti-competitive effects of the proposed rules. Commenters are requested to provide empirical data and other factual support for their views.

VIII. Initial Regulatory Flexibility Analysis

This Initial Regulatory Flexibility Analysis has been prepared in accordance with the Regulatory Flexibility Act.¹²⁴ It relates to the Commission's proposed rule 151A that would define the terms “annuity contract” and “optional annuity contract” under the Securities Act of

¹²¹ 15 U.S.C. 77b(b).

¹²² 15 U.S.C. 78c(f).

¹²³ 15 U.S.C. 78w(a)(2).

1933 and proposed rule 12h-7 that would exempt insurance companies from filing reports under the Securities Exchange Act of 1934 with respect to indexed annuities and other securities that are registered under the Securities Act, subject to certain conditions.

A. Reasons for, and Objective of, Proposed Amendments

We are proposing the definition of the terms “annuity contract” and “optional annuity contract” to provide greater clarity with regard to the status of indexed annuities under the federal securities laws. We believe this would enhance investor protection and would provide greater certainty to the issuers and sellers of these products with respect to their obligations under the federal securities laws. We are proposing the exemption from Exchange Act reporting because we believe that the concerns that periodic financial disclosures are intended to address are generally not implicated where an insurer’s financial condition and ability to meet its contractual obligations are subject to oversight under state law and where there is no trading interest in an insurance contract.

B. Legal Basis

The Commission is proposing rules 151A and 12h-7 pursuant to the authority set forth in sections 3(a)(8) and 19(a) of the Securities Act [15 U.S.C. 77c(a)(8) and 77s(a)] and sections 12(h), 13, 15, 23(a), and 36 of the Exchange Act [15 U.S.C. 78l(h), 78m, 78o, 78w(a), and 78mm].

C. Small Entities Subject to the Proposed Rules

The Commission’s rules define “small business” and “small organization” for purposes of the Regulatory Flexibility Act for each of the types of entities regulated by the Commission.¹²⁵ Rule 0-10(a)¹²⁶ defines an issuer, other than an investment company, to be a “small business” or “small organization” for purposes of the Regulatory Flexibility Act if it had total assets of \$5 million or less on the last day of its most recent fiscal year.¹²⁷ No insurers currently

issuing indexed annuities are small entities.¹²⁸ In addition, no other insurers that would be covered by the proposed Exchange Act exemption are small entities.¹²⁹

While there are no small entities among the insurers who are subject to the proposed rules, we note that there may be small entities among distributors of indexed annuities. Proposed rule 151A, if adopted as proposed, may affect indexed annuity distributors who are not currently parties to a networking arrangement or registered as broker-dealers. While these entities may choose to register as broker-dealers, in order to continue to distribute indexed annuities that are registered as securities, these distributors would likely enter into a networking arrangement with a registered broker-dealer.¹³⁰ Under these arrangements, an affiliated or third-party broker-dealer provides brokerage services for an insurance agency’s customers, in connection with transactions in insurance products that are also securities. Entering into a networking arrangement would impose costs associated with contracting with the registered broker-dealer regarding the terms, conditions, and obligations of each party to the arrangement. We anticipate that a distributor would incur legal costs in connection with entering into a networking arrangement with a registered broker-dealer, as well as ongoing costs associated with

because that definition includes more issuers than does the Securities Act definition and, as a result, assures that the definition we use would not itself lead to an understatement of the impact of the amendments on small entities.

¹²⁸ The staff has determined that each insurance company that currently offers indexed annuities has total assets significantly in excess of \$5 million. The staff compiled a list of indexed annuity issuers from four sources: AnnuitySpecs, Carrier List, <http://www.annuityspecs.com/Page.aspx?s=carrierlist>; Annuity Advantage, Equity Indexed Annuity Data, <http://www.annuityadvantage.com/annuitydataequity.htm>; Advantage Compendium, Current Rates, http://www.indexannuity.org/rates_by_carrier.htm; and a search of BEST’S COMPANY REPORTS (available on LEXIS) for indexed annuity issuers. The total assets of each insurance company issuer of indexed annuities were determined by reviewing the most recent BEST’S COMPANY REPORTS for each indexed annuity issuer.

¹²⁹ The staff has determined that each insurance company that currently offers contracts that are registered under the Securities Act and that include so-called market value adjustment features or guaranteed benefits in connection with assets held in an investor’s account has total assets significantly in excess of \$5 million. The total assets of each such insurance company were determined by reviewing the Form 10-K of that company and, in some cases, BEST’S COMPANY REPORTS (available on LEXIS).

¹³⁰ We note that we solicit specific comment on the number of entities that are distributors of indexed annuities, and on how many are parties to a networking arrangement. See Part VI., above.

monitoring compliance with the terms of the networking arrangement.

Rule 0-10(c)¹³¹ states that the term “small business” or “small organization,” when referring to a broker-dealer that is not required to file audited financial statements prepared pursuant to rule 17a-5(d) under the Exchange Act,¹³² means a broker or dealer that had total capital (net worth plus subordinated liabilities) of less than \$500,000 on the last business day of the preceding fiscal year (or in the time that it has been in business, if shorter); and is not affiliated with any person (other than a natural person) that is not a small business or small organization. Rule 0-1(a)¹³³ states that the term “small business” or “small organization,” when used with reference to a “person,” other than an investment company, means a “person” that, on the last day of its most recent fiscal year, had total assets of \$5 million or less.

D. Reporting, Recordkeeping, and Other Compliance Requirements

Proposed rule 151A would result in Securities Act filing obligations for those insurance companies that, in the future, issue indexed annuities that fall outside the insurance exemption under proposed rule 151A, and proposed rule 12h-7 would result in the elimination of Exchange Act reporting obligations for those insurance companies that meet the conditions to the proposed exemption. As noted above, no insurance companies that currently issue indexed annuities or that would be covered by the proposed exemption are small entities.

However, proposed rule 151A may affect indexed annuity distributors that are small entities and that are not currently parties to a networking arrangement or registered as broker-dealers. While these entities may choose to register as broker-dealers, in order to continue to distribute indexed annuities that are registered as securities, these distributors would likely enter into a networking arrangement with a registered broker-dealer. Entities that enter into such networking arrangements would not be subject to ongoing reporting, recordkeeping, or other compliance requirements. If any of these entities were to choose to register as broker-dealers as a result of proposed rule 151A,¹³⁴ they would be subject to

¹²⁶ 17 CFR 240.0-10(a).

¹²⁷ Securities Act rule 157(a) [17 CFR 157(a)] generally defines an issuer, other than an investment company, to be a “small business” or “small organization” for purposes of the Regulatory Flexibility Act if it had total assets of \$5 million or less on the last day of its most recent fiscal year and it is conducting or proposing to conduct a securities offering of \$5 million or less. For purposes of our analysis, however, we use the Exchange Act definition of “small business” or “small entity”

ongoing reporting, recordkeeping, and other compliance requirements applicable to registered broker-dealers. Compliance with these requirements, if applicable, would impose costs associated with accounting, legal, and other professional personnel, and the design and operation of automated and other compliance systems.

E. Duplicative, Overlapping, or Conflicting Federal Rules

We believe that the proposed rules would not duplicate, overlap, or conflict with other federal rules.

F. Significant Alternatives

The Regulatory Flexibility Act directs us to consider significant alternatives that would accomplish the stated objective, while minimizing any significant adverse impact on small entities. In connection with the proposed amendments, we considered the following alternatives:

- Establishing different compliance or reporting requirements or timetables that take into account the resources available to small entities;
- Further clarifying, consolidating, or simplifying the proposed requirements for small entities;
- Using performance standards rather than design standards; and
- Providing an exemption from the proposed requirements, or any part of them, for small entities.

Because no insurers that currently issue indexed annuities or that would be covered by the proposed Exchange Act exemption are small entities, consideration of these alternatives for those insurance companies is not applicable. Small distributors of indexed annuities that choose to enter into networking arrangements with registered broker-dealers, which we believe would be likely if proposed rule 151A were adopted, would not be subject to ongoing reporting, recordkeeping, or other compliance requirements. However, because some small distributors may choose to register as broker-dealers, we did consider the alternatives above for small distributors.

The Commission believes that different registration, compliance, or reporting requirements or timetables for small entities that distribute registered indexed annuities would not be appropriate or consistent with investor protection. The proposed rules would provide investors with the sales practice protections of the federal securities laws when they purchase indexed annuities that are outside the insurance exemption. These indexed annuities would be required to be distributed by a registered broker-dealer. As a result,

investors who purchase these indexed annuities after the effective date of proposed rule 151A would receive the benefits associated with a registered representative's obligation to make only recommendations that are suitable. The registered representatives who sell registered indexed annuities would be subject to supervision by the broker-dealer with which they are associated, and the selling broker-dealers would be subject to the oversight of FINRA. The registered broker-dealers would also be required to comply with specific books and records, supervisory, and other compliance requirements under the federal securities laws, as well as to be subject to the Commission's general inspections and, where warranted, enforcement powers.

Different registration, compliance, or reporting requirements or timetables for small entities that distribute indexed annuities may create the risk that investors would receive lesser sales practice and other protections when they purchase a registered indexed annuity through a distributor that is a small entity. We believe that it is important for all investors that purchase indexed annuities that are outside the insurance exemption to receive equivalent protections under the federal securities laws, without regard to the size of the distributor through which they purchase. For those same reasons, the Commission also does not believe that it would be appropriate or consistent with investor protection to exempt small entities from the broker-dealer registration requirements when those entities distribute indexed annuities that fall outside of the insurance exemption under our proposed rules.

Through our existing requirements for broker-dealers, we have endeavored to minimize the regulatory burden on all broker-dealers, including small entities, while meeting our regulatory objectives. Small entities that distribute indexed annuities that are outside the insurance exemption under our proposed rule should benefit from the Commission's reasoned approach to broker-dealer regulation to the same degree as other entities that distribute securities. In our existing broker-dealer regulatory framework, we have endeavored to clarify, consolidate, and simplify the requirements applicable to all registered broker-dealers, and the proposed rules do not change those requirements in any way. Finally, we do not consider using performance rather than design standards to be consistent with investor protection in the context of broker-dealer registration, compliance, and reporting requirements.

G. Solicitation of Comments

We encourage the submission of comments with respect to any aspect of this Initial Regulatory Flexibility Analysis. In particular, we request comments regarding:

- Whether there are any small entity insurance companies that would be affected by the proposed rules and, if so, how many and the nature of the potential impact of the proposed rules on these insurance companies;
- The number of small entity distributors of indexed annuities that may be affected by proposed rule 151A and the potential effect of the rule on these small entities; and
- Any other small entities that may be affected by the proposed rules.

Commenters are asked to describe the nature of any impact and provide empirical data supporting the extent of the impact. These comments will be considered in the preparation of the Final Regulatory Flexibility Analysis, if the proposed rules are adopted, and will be placed in the same public file as comments on the proposed rules themselves.

IX. Consideration of Impact on the Economy

For purposes of the Small Business Regulatory Enforcement Fairness Act of 1996 "SBREFA",¹³⁵ a rule is "major" if it results or is likely to result in:

- An annual effect on the economy of \$100 million or more;
- A major increase in costs or prices for consumers or individual industries; or
- Significant adverse effects on competition, investment, or innovation.

We request comment on whether our proposal would be a "major rule" for purposes of SBREFA. We solicit comment and empirical data on:

- The potential effect on the U.S. economy on an annual basis;
- Any potential increase in costs or prices for consumers or individual industries; and
- Any potential effect on competition, investment, or innovation.

X. Statutory Authority

The Commission is proposing the amendments outlined above under sections 3(a)(8) and 19(a) of the Securities Act [15 U.S.C. 77c(a)(8) and 77s(a)] and Sections 12(h), 13, 15, 23(a), and 36 of the Exchange Act [15 U.S.C. 78l(h), 78m, 78o, 78w(a), and 78mm].

Text of Proposed Rules

For the reasons set forth in the preamble, the Commission proposes to amend title 17, Chapter II, of the Code of Federal Regulations as follows:

PART 230—GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

1. The authority citation for Part 230 continues to read in part as follows:

Authority: 15 U.S.C. 77b, 77c, 77d, 77f, 77g, 77h, 77j, 77r, 77s, 77z-3, 77sss, 78c, 78d, 78j, 78l, 78m, 78n, 78o, 78t, 78w, 78ll(d), 78mm, 80a-8, 80a-24, 80a-28, 80a-29, 80a-30, and 80a-37, unless otherwise noted.

2. Add § 230.151A to read as follows:

§ 230.151A Certain contracts not “annuity contracts” or “optional annuity contracts” under section 3(a)(8).

(a) *General.* Except as provided in paragraph (c) of this section, a contract that is issued by a corporation subject to the supervision of the insurance commissioner, bank commissioner, or any agency or officer performing like functions, of any State or Territory of the United States or the District of Columbia, and that is subject to regulation under the insurance laws of that jurisdiction as an annuity is not an “annuity contract” or “optional annuity contract” under Section 3(a)(8) of the Securities Act (15 U.S.C. 77c(a)(8)) if:

(1) Amounts payable by the issuer under the contract are calculated, in whole or in part, by reference to the performance of a security, including a group or index of securities; and

(2) Amounts payable by the issuer under the contract are more likely than not to exceed the amounts guaranteed under the contract.

(b) *Determination of amounts payable and guaranteed.* In making the

determination under paragraph (a)(2) of this section:

(1) Amounts payable by the issuer under the contract shall be determined without reference to any charges that are imposed at the time of payment, but those charges shall be taken into account in computing the amounts guaranteed under the contract; and

(2) A determination by the issuer at or prior to issuance of the contract shall be conclusive, provided that:

(i) Both the methodology and the economic, actuarial, and other assumptions used in the determination are reasonable;

(ii) The computations made by the issuer in support of the determination are materially accurate; and

(iii) The determination is made not more than six months prior to the date on which the form of contract is first offered and not more than three years prior to the date on which the particular contract is issued.

(c) *Separate accounts.* This section does not apply to any contract whose value varies according to the investment experience of a separate account.

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

3. The authority citation for Part 240 continues to read in part as follows:

Authority: 15 U.S.C. 77c, 77d, 77g, 77j, 77s, 77z-2, 77z-3, 77eee, 77ggg, 77nnn, 77sss, 77ttt, 78c, 78d, 78e, 78f, 78g, 78i, 78j, 78j-1, 78k, 78k-1, 78l, 78m, 78n, 78o, 78p, 78q, 78s, 78u-5, 78w, 78x, 78ll, 78mm, 80a-20, 80a-23, 80a-29, 80a-37, 80b-3, 80b-4, 80b-11, and 7201 *et seq.*; and 18 U.S.C. 1350, unless otherwise noted.

* * * * *

4. Add § 240.12h-7 to read as follows:

§ 240.12h-7 Exemption for issuers of securities that are subject to insurance regulation.

An issuer shall be exempt from the duty under section 15(d) of the Act (15 U.S.C. 78o(d)) to file reports required by

section 13(a) of the Act (15 U.S.C. 78m(a)) with respect to securities registered under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*), provided that:

(a) The issuer is a corporation subject to the supervision of the insurance commissioner, bank commissioner, or any agency or officer performing like functions, of any State;

(b) The securities do not constitute an equity interest in the issuer and are either subject to regulation under the insurance laws of the domiciliary State of the issuer or are guarantees of securities that are subject to regulation under the insurance laws of that jurisdiction;

(c) The issuer files an annual statement of its financial condition with, and is supervised and its financial condition examined periodically by, the insurance commissioner, bank commissioner, or any agency or officer performing like functions, of the issuer's domiciliary State;

(d) The securities are not listed, traded, or quoted on an exchange, alternative trading system (as defined in § 242.300(a) of this chapter), inter-dealer quotation system (as defined in § 240.15c2-11(e)(2)), electronic communications network, or any other similar system, network, or publication for trading or quoting; and

(e) The issuer takes steps reasonably designed to ensure that a trading market for the securities does not develop, including requiring written notice to, and acceptance by, the issuer prior to any assignment or other transfer of the securities and reserving the right to refuse assignments or other transfers at any time on a non-discriminatory basis.

June 25, 2008.

By the Commission.

TABLE OF EFFECTIVE DATES AND TIME PERIODS—JULY 2008

This table is used by the Office of the Federal Register to compute certain dates, such as effective dates and comment deadlines, which appear in agency documents. In computing these

dates, the day after publication is counted as the first day.

When a date falls on a weekend or holiday, the next Federal business day is used. (See 1 CFR 18.17)

A new table will be published in the first issue of each month.
