

Agencies and Persons Consulted

NRC provided a draft of this Environmental Assessment to the State of Connecticut, Department of Environmental Protection, Division of Radiation, for review on January 3, 2008. On April 17, 2008, the State of Connecticut responded by electronic mail. The State agreed with the conclusions of the EA, and otherwise had no comments.

The NRC staff has determined that the proposed action is of a procedural nature, and will not affect listed species or critical habitat. Therefore, no further consultation is required under Section 7 of the Endangered Species Act. The NRC staff has also determined that the proposed action is not the type of activity that has the potential to cause effects on historic properties. Therefore, no further consultation is required under Section 106 of the National Historic Preservation Act.

III. Finding of No Significant Impact

The NRC staff has prepared this EA in support of the proposed action. On the basis of this EA, the NRC finds that there are no significant environmental impacts from the proposed action, and that preparation of an environmental impact statement is not warranted. Accordingly, the NRC has determined that a Finding of No Significant Impact is appropriate.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 19b-1, SEC File No. 270-312, OMB Control No. 3235-0354.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit the existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Section 19(b) of the Investment Company Act of 1940 (the "Act") (15 U.S.C. 80a-19(b)) authorizes the Commission to regulate registered investment company ("fund") distributions of long-term capital gains made more frequently than once every twelve months. Rule 19b-1 under the Act¹ prohibits funds from distributing long-term capital gains more than once every twelve months unless certain conditions are met. Rule 19b-1(c) (17 CFR 270.19b-1(c)) permits unit investment trusts ("UITs") engaged exclusively in the business of investing in certain eligible fixed-income securities to distribute long-term capital gains more than once every twelve months, if: (i) The capital gains distribution falls within one of several categories specified in the rule² and (ii) the distribution is accompanied by a report to the unit holder that clearly

describes the distribution as a capital gains distribution (the "notice requirement").³ Rule 19b-1(e) (17 CFR 270.19b-1(e)) permits a fund to apply to the Commission for permission to distribute long-term capital gains more than once a year if the fund did not foresee the circumstances that created the need for the distribution. The application must set forth the pertinent facts and explain the circumstances that justify the distribution.⁴ An application that meets those requirements is deemed to be granted unless the Commission denies the request within 15 days after the Commission receives the application.

Commission staff estimates that, on average, each year five funds file an application under rule 19b-1(e). The staff understands that funds that file an application generally use outside counsel to prepare the application. The cost burden of using outside counsel is discussed below. The staff estimates that, on average, the fund's investment adviser spends approximately four hours to review an application, including 3.5 hours by an assistant general counsel, at a cost of \$371 per hour, and 0.5 hours by an administrative assistant, at a cost of \$65 per hour.⁵ Thus, the Commission staff estimates that the annual hour burden of the collection of information imposed by rule 19b-1 is approximately four hours per fund, at a cost of \$1331, for a total burden of 20 hours at a cost of \$6655.⁶

The Commission staff estimates that there is no hour burden associated with complying with the collection of information component of rule 19b-1(c).

As noted above, the Commission staff understands that funds that file an application under rule 19b-1(e) generally use outside counsel to prepare

³ The notice requirement in rule 19b-1(c)(2) (17 CFR 270.19b-1(c)(2)) supplements the notice requirement of section 19(a) [15 U.S.C. 80a-19(a)] and rule 19a-1 [17 CFR 270.19a-1], which requires any distribution in the nature of a dividend payment made by a fund to its investors to be accompanied by a notice disclosing the source of the distribution.

⁴ Rule 19b-1(e) also requires that the application comply with rule 0-2 [17 CFR 270.02], which sets forth the general requirements for papers and applications filed with the Commission.

⁵ These hourly rate estimates are derived from annual salaries reported in: Securities Industry and Financial Markets Association, Management and Professional Earnings in the Securities Industry (2007) and Securities Industry and Financial Markets Association, Office Salaries in the Securities Industry (2007).

⁶ This estimate is based on the following calculations: \$1298.50 (3.5 hours × \$371 = \$1298.5) plus \$32.50 (0.5 hours × \$65 = \$32.50) equals \$1331.00 (cost of one application); \$1331 × 5 applications = \$6655 total cost.

the application.⁷ The staff estimates that, on average, outside counsel spends 10 hours preparing a rule 19b-1(e) application, including eight hours by an associate and two hours by a partner. Outside counsel billing arrangements and rates vary based on numerous factors. Based on conversations with outside counsel and average billing rates of outside counsel the staff estimates that the average cost of outside counsel preparation of the 19b-1(e) exemptive application is \$5,000. Thus, the staff estimates that the total annual cost burden imposed by the exemptive application requirements of rule 19b-1(e) is \$25,000.⁸

The Commission staff estimates that there are approximately 6030 UITs,⁹ which may rely on rule 19b-1(c) to make capital gains distributions. The staff estimates that, on average, these UITs rely on rule 19b-1(c) once a year to make a capital gains distribution.¹⁰ In most cases, the trustee of the UIT is responsible for preparing and sending the notices that must accompany a capital gains distribution under rule 19b-1(c)(2). These notices require limited preparation, the cost of which accounts for only a small, indiscrete portion of the comprehensive fee charged by the trustee for its services to the UIT. The staff believes that as a matter of good business practices, and for tax preparation reasons, UITs would collect and distribute the capital gains information required to be sent to unit holders under rule 19b-1(c) even in the absence of the rule. The staff estimates that the cost of preparing a notice for a capital gains distribution under rule 19b-1(c)(2) is approximately \$50. There is no separate cost to mail the notices because they are mailed with the capital gains distribution. Thus, the staff estimates that the capital gains distribution notice requirement imposes an annual cost on UITs of approximately \$301,500.¹¹ The staff therefore estimates that the total cost

⁷ This understanding is based on conversations with representatives from the fund industry.

⁸ This estimate is based on the following calculation: \$5,000 multiplied by 5 (funds) equals \$25,000.

⁹ The Investment Company Institute, Unit Investment Trust Data (April, 2008).

¹⁰ The number of times UITs rely on the rule to make capital gains distributions depends on a wide range of factors and, thus, can vary greatly across years. A number of UITs are organized as grantor trusts, and therefore do not generally make capital gains distributions under rule 19b-1(c), or may not rely on rule 19b-1(c) as they do not meet the rule's requirements. Other UITs may distribute capital gains biannually, annually, quarterly, or at other intervals.

¹¹ This estimate is based on the following calculation: 6030 UITs multiplied by \$50 equals \$301,500.
