SUPPLEMENTARY INFORMATION: This proposal addresses the approval of NSAQMD Rules 501, 505, 510, 511, 512, 513, 515, and 517 into the SIP and the removal of eight NCAPCD, two PCAPCD, and four SCAPCD permitting rules from the SIP. In the Rules section of this **Federal Register**, we are approving revisions in these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule.

Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: April 16, 2008.

Acting Regional Administrator, Region IX.
