**SUPPLEMENTARY INFORMATION:**

## I. Regulatory History

On May 22, 2006, the Department of Homeland Security (DHS) through the United States Coast Guard (Coast Guard) and the Transportation Security Administration (TSA) published a joint notice of proposed rulemaking entitled "Transportation Worker Identification Credential (TWIC) Implementation in the Maritime Sector; Hazardous Materials Endorsement for a Commercial Driver's License" in the **Federal Register** (71 FR 29396). This was followed by a 45-day comment period and four public meetings. The Coast Guard and TSA issued a joint final rule, under the same title, on January 25, 2007 (72 FR 3492) (hereinafter referred to as the original TWIC final rule). The preamble to that final rule contains a discussion of all the comments received on the NPRM, as well as a discussion of the provisions found in the original TWIC final rule, which became effective on March 26, 2007.

On May 7, 2008, the Coast Guard and TSA issued a final rule to realign the compliance date for implementation of the Transportation Worker Identification Credential. 73 FR 25562. The date by which mariners need to obtain a TWIC, and by which owners and operators of vessels, facilities, and outer continental shelf facilities, who have not otherwise been required to implement access control procedures utilizing TWIC, must implement those procedures, is now April 15, 2009 instead of September 25, 2008. Owners and operators of facilities that must comply with 33 CFR part 105 will still be subject to earlier, rolling compliance dates, as laid out in 33 CFR 105.115(e).

The Coast Guard will continue to announce rolling compliance dates, as laid out in 33 CFR 105.115(e), at least 90 days in advance via notices published in the **Federal Register**. The final compliance date for all COTP Zones will not be later than April 15, 2009.

## II. Notice of Facility Compliance Date—COTP Zones Cape Fear River, Corpus Christi, North Carolina, and Port Arthur

Title 33 CFR 105.115(e) currently states that "[f]acility owners and operators must be operating in accordance with the TWIC provisions in this part by the date set by the Coast Guard in a Notice to be published in the **Federal Register**." Through this Notice, the Coast Guard informs the owners and operators of facilities subject to 33 CFR 105.115(e) located within COTP Zones Cape Fear River, Corpus Christi, North

Carolina, and Port Arthur that the deadline for their compliance with Coast Guard and TSA TWIC requirements is November 28, 2008.

The TSA and Coast Guard have determined that this date provides sufficient time for the estimated population required to obtain TWICs for these COTP Zones to enroll and for TSA to complete the necessary security threat assessments for those enrollment applications. We strongly encourage persons requiring unescorted access to facilities regulated by 33 CFR part 105 and located in one of these COTP Zones to enroll for their TWIC as soon as possible, if they haven't already. Information on enrollment procedures, as well as a link to the pre-enrollment Web site (which will also enable an applicant to make an appointment for enrollment), may be found at <https://twicprogram.tsa.dhs.gov/TWICWebApp/>.

You may also visit our Web site at [homeport.uscg.mil/twic](http://homeport.uscg.mil/twic) for a framework showing expected future compliance dates by COTP Zone. This list is subject to change; changes in expected future compliance dates will appear on that Web site. The exact compliance date for COTP Zones will also be announced in the **Federal Register** at least 90 days in advance.

Dated: July 7, 2008.

#### 33 CFR Part 165

[Docket No. USCG-2008-0630]

RIN 1625-AA00

#### Safety Zone; Mackinac Bridge Birthday Fireworks, Lake Huron, St. Ignace, MI

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone on Lake Huron, St. Ignace, MI. This zone is intended to restrict vessels from a portion of Lake Huron during the Mackinac Bridge Birthday Fireworks, July 26, 2008 fireworks display. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks displays.

**DATES:** This rule is effective from 9 p.m. to 11:59 p.m. on July 26, 2008.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket are part of docket USCG-2008-0630 and are available online at [www.regulations.gov](http://www.regulations.gov). They are also available for inspection or copying at two locations: The Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays, and the U.S. Coast Guard Sector Sault Ste. Marie, 337 Water St., Sault Ste. Marie, MI 49783 between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary rule, call LCDR Christopher Friese, Prevention Dept. Chief, Sector Sault Ste. Marie, 337 Water St., Sault Ste. #### SUPPLEMENTARY INFORMATION:

##### Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when an agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the permit application was not received in time to publish a NPRM followed by a final rule before the effective date.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property.

##### Background and Purpose

This temporary safety zone is necessary to ensure the safety of vessels and spectators from hazards associated with a fireworks display. Based on
