SUMMARY: Pursuant to the Notice of Motion to Terminate the Panel Review by the case participants, the panel review is terminated as of July 9, 2008. SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686). The panel review in this matter was requested and terminated pursuant to these Rules.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold public hearings regarding Amendment 7 to the Shrimp Fishery Management Plan (FMP) for the South Atlantic Region and Amendment 16 to the Snapper Grouper FMP for the South Atlantic Region. Amendment 7 to the Shrimp FMP addresses requirements for South Atlantic rock shrimp endorsements, Vessel Monitoring System (VMS) verification for the rock shrimp fishery, and economic reporting for the shrimp fishery.

Amendment 16 to the Snapper Grouper FMP ends overfishing of gag and vermilion snapper and proposes interim allocations for commercial and recreational sectors. A series of public hearings for Amendment 16 were held from May 7 - 15, 2008. Since that time, additional management alternatives have been included in the amendment.

DATES: The series of 3 public hearings will be held August 7th, 8th, and 12th, 2008. All public hearings will be open from 3 p.m. - 7 p.m. Written comments must be received in the South Atlantic Council's office by 5 p.m. on August 15, 2008.

SUPPLEMENTARY INFORMATION: Proposed actions in Amendment 7 to the Shrimp FMP address: (1) the current 15,000-pound landing requirement for rock shrimp; (2) loss of limited access rock shrimp endorsements due to not meeting the landing requirement by December 31, 2007; (3) loss of limited access rock shrimp endorsements due to failing to renew within the specified timeframe; (4) renaming the rock shrimp permit and endorsement to minimize confusion, (5) requirements for Vessel Monitoring System verification; and (6) requirements for the provision of economic data by shrimp permit holders.

A series of public hearings were held May 7-15, 2008 on management alternatives in Amendment 16 to the Snapper Grouper FMP. The amendment updates management reference points for gag grouper and vermilion snapper, including Maximum Sustainable Yield (MSY), Optimum Yield (OY), Maximum Fishing Mortality Threshold (MFMT) and Minimum Stock Size Threshold (MSST), which reflect current scientific information as provided by stock assessments and approved by the Scientific and Statistical Committee. In addition, the amendment would either alter current management measures or implement new management measures that would reduce current harvest levels to yields associated with the optimum yield and end overfishing of both stocks in the South Atlantic. The Council will also specify interim allocations between the commercial and recreational sectors.

As a response to public input and recommendations from its Snapper Grouper Advisory Panel, in June 2008, the Council agreed to add four additional management alternatives for consideration and analysis in Amendment 16. The new alternatives include: (1) a commercial trip limit of 1,000 pounds for gag with a fishing year start date of May 1. In addition, during

March and April, no fishing for and/or possession of the following species would be allowed: gag, black grouper, red grouper, scamp, red hind, rock hind, yellowmouth grouper, tiger grouper, yellowfin grouper, graysby, and coney; (2) a commercial trip limit of 1,000 pounds for gag with a fishing year start date of January 1. In addition, during February, March, and April no fishing for and/or possession of the following species would be allowed: gag, black grouper, red grouper, scamp, red hind, rock hind, yellowmouth grouper, tiger grouper, yellowfin grouper, graysby, and coney; (3) implement a May 1 fishing year start date for the commercial vermilion snapper fishery and a 1,000 pound trip limit for the commercial vermilion snapper fishery; and 4) South of the Miami-Dade/Monroe County line, no fishing for and/or possession of the following species would be allowed during June 1 - December 31: gag, black grouper, red grouper, scamp, red hind, rock hind, yellowmouth grouper, tiger grouper, yellowfin grouper, graysby, and coney. No fishing for and/or possession of gag would be allowed year-round south of the Miami-Dade/Monroe County line. Fishing for black grouper, red grouper, scamp, red hind, rock hind, yellowmouth grouper, tiger grouper, yellowfin grouper, graysby, and coney would be allowed January 1 through May 31 for Monroe County (Southern region). Alternative 4 would apply to both commercial and recreational fisheries.

Council staff and area Council members will be available for presentations, informal discussions, and to answer questions. Members of the public will have an opportunity to go on record at any time during the meeting hours to record their comments on the public hearing issues for Council consideration.
