Notice of Final Federal Agency Actions on Proposed Highway in Idaho

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA.

SUMMARY: This notice announces actions taken by the FHWA that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to a proposed highway project, 1-84 Orchard Interchange to Gowen Interchange Study, in Boise, Ada County in the State of Idaho [Idaho Transportation Department (ITD) Key Number 6492].

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before January 13, 2009. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Mr. Peter Hartman, Division Administrator, Federal Highway Administration, 3050 Lake Harbor Lane, Suite 126, Boise, Idaho 83703; telephone: (208) 334-1843; e-mail: Peter.Hartman@fhwa.dot.gov. The FHWA Idaho Division Office's normal business hours are 8 a.m. to 5 p.m. (Mountain Standard Time). For IID: Ms. Sue Sullivan, Project Manager, Idaho Transportation Department, District 3 Office, 8150 Chinden Blvd., Boise, Idaho 83724, telephone: (208) 334-8300. Normal business hours are 8 a.m. to 5 p.m. (Mountain Standard Time).

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing approvals for the following highway project in the State of Idaho: 1-84 Orchard Interchange to Gowen Interchange Study in Boise, Ada County. The project will be 9.2 miles long, and expand the existing four-lane freeway to an eight-lane freeway with auxiliary lanes from approximately one half mile west of the Orchard interchange to Broadway interchange. An existing four-lane freeway will be expanded to a six-lane freeway from Broadway interchange to Gowen interchange and from Gowen interchange to just east of Issacs Canyon the existing four-lane freeway will be reconstructed. The project also includes the reconstruction of the Vista, Orchard, Broadway and Gowen interchanges. The actions by the FHWA, and the laws under which such actions were taken, are described in the Environmental Assessment (EA) for the project approved on July 13, 2007. A Finding of No Significant Impact (FONSI) issued on November 5, 2007. The EA, FONSI and other project records are available by contacting the FHWA or the Idaho Transportation Department at the addresses provided above. The EA and FONSI can be viewed and downloaded from the project Web site at <http://www.itd.idaho.gov/Projects/D3/184OrchardToGowen/> or viewed at the Idaho Transportation Department.

This notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

1. General: National Environmental Policy Act (NEPA) [42 U.S.C. 4321-4351]; Federal-Aid Highway Act [23 U.S.C. 109 and 23 U.S.C. 128]; Public Hearing [23 U.S.C. 128].

Federal Highway Administration

Notice To Rescind a Notice of Intent To Prepare an Environmental Impact Statement (EIS), Ada and Canyon Counties, ID

AGENCY: Federal Highway Administration.

ACTION: Rescind Notice of Intent to Prepare an Environmental Impact Statement (EIS).

SUMMARY: The FHWA is issuing this notice to advise the public that the Notice of Intent (NOI) published on July 17, 2007 to prepare an Environmental Impact Statement (EIS) for a proposed highway project in Ada County, Idaho is being rescinded.

FOR FURTHER INFORMATION CONTACT: Mr. Peter Hartman Division Administrator, Federal Highway Administration, 3050 Lakeharbor Lane, Suite 126, Boise, Idaho 83703, Telephone: (208) 334 9180, ext. 116, or Ms. Amy Schroeder, GARVEE Program Engineer, Idaho Transportation Department, P.O. Box 7129, Boise, Idaho 83703-1129, Telephone: (208) 334-8772.

SUPPLEMENTARY INFORMATION:

Background

The Idaho Transportation Department (ITD) and the Federal Highway Administration (FHWA) are rescinding the Notice of Intent (NOI) to prepare an EIS for a project that has been proposed to evaluate existing transportation improvement needs along approximately 16 miles of Interstate 84 (I-84) in Ada and Canyon Counties, Idaho. The project is officially known as the I-84 Karcher Interchange to Five Mile Environmental Study (Project No. A010 (002); Key No. 10002).

The NOI is being rescinded because the current project development and NEPA process are yielding minimal potential for significant impacts and an EIS is not necessary or appropriate for the environmental evaluation.

The I-84 Environmental Study is identified in the COMPASS Communities in Motion: Regional Long-Range Transportation Plan 2030 (CIM) as one of several potential transportation needs in the Treasure Valley. The project was initiated with several conceptual alternatives from the previous planning efforts. The initially developed wide range of concept alternatives identified for evaluation in the I-84 Karcher to Five Mile Environmental Study had unknown and much greater potential for impacts. In response, it was thought that an EIS would be the best method to discuss impacts from the broad range of alternatives. This class of action was determined before the purpose and need statement was crafted.

Consequently, a Letter of Project Initiation and NOI was published on July 17, 2007 to prepare an EIS.

Public input, agency and stakeholder coordination was conducted under the SAFETEA-LU Environmental Review process. Public meetings were held on May 15, May 17, and November 6, 2007 to solicit comments from the public on the purpose and need, alternatives being considered and the alternative screening process.

The Participating Agency group convened on August 9 and October 25, 2007. Input from the public and agency meetings assisted in the establishment of the purpose and need for the project,

and yielded the project range of alternatives to be considered. Some of the concept alternatives initially considered for the action, such as the development of a new corridor to the south and improvement of local streets, did not meet the established purpose and need and were therefore dismissed from further consideration. In addition, environmental scans and screening did not reveal potential for significant impacts from the remaining build alternatives. Subsequently added screening criteria effectively dismissed additional concept alternatives based on their reasonability, practicability, and constructability. Alternatives were developed and advanced into further screening where actual footprints are evaluated for impacts within the project limits. The screened alternatives to be advanced were presented to the public on March 19, 2008 and to participating agencies on April 2, 2008.

At this point in the project development process, no significant human or natural environmental impacts are evident in the I-84 Karcher Interchange to Five Mile Road Environmental Study project that would require an EIS. If, at any point in the environmental process, it is determined that the action is likely to have a significant impact on the environment, the preparation of an EIS will be required.

To ensure that the full range of issues related to this proposed action and all significant issues are identified, comments and suggestions are invited from all interested parties regarding this action to rescind the NOI published July 17, 2007 for the highway project in Ada and Canyon County, Idaho. Comments or questions concerning this proposed action should be directed to the FHWA or ITD at the addresses provided above.

Peter J. Hartman,

Division Administrator, FHWA—Idaho Division.

DEPARTMENT OF THE TREASURY

Fiscal Service

Rate for Use in Federal Debt Collection and Discount and Rebate Evaluation

AGENCY: Financial Management Service, Fiscal Service, Treasury.

ACTION: Notice of rate for use in Federal debt collection and discount and rebate evaluation.

SUMMARY: Pursuant to Section 11 of the Debt Collection Act of 1982, as

amended, (31 U.S.C. 3717), the Secretary of the Treasury is responsible for computing and publishing the percentage rate to be used in assessing interest charges for outstanding debts owed to the Government. Treasury's Cash Management Requirements (1 TFM 6-8000) prescribe use of this rate by agencies as a comparison point in evaluating the cost-effectiveness of a cash discount. In addition, 5 CFR 1315.8 of the Prompt Payment rule on "Rebates" requires that this rate be used in determining when agencies should pay purchase card invoices when the card issuer offers a rebate. Notice is hereby given that the applicable rate is 3.00 percent for the remainder of the calendar year.

DATES: The rate will be in effect for the period beginning on July 1, 2008, and ending on December 31, 2008.

FOR FURTHER INFORMATION CONTACT:

Inquiries should be directed to the Agency Enterprise Solutions Division, Financial Management Service, Department of the Treasury, 401 14th Street, SW., Washington, DC 20227 (*Telephone: 202-874-6650*).

SUPPLEMENTARY INFORMATION: The rate reflects the current value of funds to the Treasury for use in connection with Federal Cash Management systems and is based on investment rates set for purposes of Public Law 95-147, 91 Stat. 1227. The rate is computed each year by averaging Treasury Tax and Loan (TT&L) investment rates for the 12-month period ending every September 30, rounded to the nearest whole percentage, for applicability effective each January 1. The rate is subject to quarterly revisions if the annual average, on a moving basis, changes by 2 percentage points, which is the case for the quarter ending June 30, 2008. Therefore, the rate in effect for the period July 1, 2008 through December 31, 2008 reflects the average investment rates for the 12-month period that ended June 30, 2008.

Dated: July 8, 2008.

Sheryl Morrow,

Assistant Commissioner, Federal Finance.
