RIN 1505-AB81

United States-Bahrain Free Trade Agreement

AGENCIES: Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document adopts as a final rule, with two technical corrections, interim amendments to title 19 of the Code of Federal Regulations which were published in the **Federal Register** on October 16, 2007, as CBP Dec. 07-81 to implement the preferential tariff treatment and other customs-related provisions of the United States-Bahrain Free Trade Agreement entered into by the United States and the Kingdom of Bahrain.

DATES: This final rule is effective on August 22, 2008.

FOR FURTHER INFORMATION CONTACT: Textile Operational Aspects: Robert Abels, Office of International Trade, (202) 863-6503. Other Operational

Aspects: Heather Sykes, Office of International Trade, (202) 863-6099. Legal Aspects: Karen Greene, Office of International Trade, (202) 572-8838.

SUPPLEMENTARY INFORMATION: On September 14, 2004, the United States and the Kingdom of Bahrain (the "Parties") signed the U.S.-Bahrain Free Trade Agreement ("BFTA"). The stated objectives of the BFTA include creating new employment opportunities and raising the standard of living for the citizens of the Parties by liberalizing and expanding trade between them; enhancing the competitiveness of the enterprises of the Parties in global markets; establishing clear and mutually advantageous rules governing trade between the Parties; eliminating bribery and corruption in international trade and investment; fostering creativity and innovation by improving technology and enhancing the protection and enforcement of intellectual property rights; strengthening the development and enforcement of labor and environmental laws and policies; and establishing an expanded free trade area in the Middle East, thereby contributing to economic liberalization and development in the region.

The provisions of the US-BFTA were adopted by the United States with the enactment on January 11, 2006, of the United States-Bahrain Free Trade Area Implementation Act (the "Act"), Public Law 109-169, 119 Stat. 3581 (19 U.S.C. 3805 note). Section 205 of the Act requires that regulations be prescribed as necessary.

On July 27, 2006, the President signed Proclamation 8039 to implement the provisions of the BFTA. The proclamation, which was published in the **Federal Register** on August 1, 2006 (71 FR 43635), modified the Harmonized Tariff Schedule of the United States ("HTSUS") as set forth in Annexes I and II of Publication 3830 of the U.S. International Trade Commission. The modifications to the HTSUS included the addition of new General Note 30, incorporating the relevant BFTA rules of Origin as set forth in the Act, and the insertion throughout the HTSUS of the preferential duty rates applicable to individual products under the BFTA where the special program indicator "BH" appears in parenthesis in the "Special" rate of duty subcolumn. The modifications to the HTSUS also included a new Subchapter XIV to Chapter 99 to provide for temporary tariff rate quotas and applicable safeguards implemented by the BFTA.

U.S. Customs and Border Protection ("CBP") is responsible for administering

the provisions of the BFTA and the Act that relate to the importation of goods into the United States from Bahrain. Those customs-related BFTA provisions that require implementation through regulation include certain tariff and non-tariff provisions within Chapter One (Initial Provisions and Definitions), Chapter Two (National Treatment and Market Access for Goods), Chapter Three (Textiles and Apparel), Chapter Four (Rules of Origin), and Chapter Five (Customs Administration). On October 16, 2007, CBP published CBP Dec. 07-81 in the **Federal Register** (72 FR 58511), setting forth interim amendments to implement the preferential tariff treatment and customs-related provisions of the BFTA. For a more detailed discussion of the BFTA provisions that were implemented by the interim amendments, please see CBP Dec. 07-81.

In order to provide transparency and facilitate their use, the majority of the BFTA implementing regulations set forth in CBP Dec. 07-81 were included within new Subpart N in Part 10 of the CBP regulations (19 CFR Part 10). However, in those cases in which BFTA implementation was more appropriate in the context of an existing regulatory provision, the BFTA regulatory text was incorporated in an existing part within the CBP regulations. CBP Dec. 07-81 also set forth several cross-references and other consequential changes to existing regulatory provisions to clarify the relationship between those existing provisions and the new BFTA implementing regulations.

Although the interim regulatory amendments were promulgated without prior public notice and comment procedures and took effect on October 16, 2007, CBP Dec. 07-81 provided for the submission of public comments which would be considered before adoption of the interim regulations as a final rule, and the prescribed public comment period closed on December 17, 2007. No comments were received in response to the solicitation of public comments in CBP Dec. 07-81.

Conclusion

Accordingly, CBP has determined that the interim regulations published as CBP Dec. 07-81 should be adopted as a final rule with two technical corrections. The technical corrections to the interim regulatory text effected by this final rule involve § 10.804, which concerns the declaration, and § 10.822, which concerns the transshipment of non-Originating fabric or apparel goods. Paragraph (a)(2)(vi) of § 10.804 has been revised by adding the word "the"

immediately before the word "territory" and paragraph (b) of § 10.822 has been revised by replacing the word "terms" with the word "term".

Executive Order 12866

CBP has determined that this document is not a regulation or rule subject to the provisions of Executive Order 12866 of September 30, 1993 (58 FR 51735, October 1993), because it pertains to a foreign affairs function of the United States and implements an international agreement and, therefore, is specifically exempted by section 3(d)(2) of Executive Order 12866.

Regulatory Flexibility Act

CBP Dec. 07-81 was issued as an interim rule rather than a notice of proposed rulemaking because CBP had determined that the interim regulations involve a foreign affairs function of the United States pursuant to § 553(a)(1) of the APA. Because no notice of proposed rulemaking was required, the provisions of the Regulatory Flexibility Act, as amended (5 U.S.C. 601 *et seq.*), do not apply. Accordingly, this final rule is not subject to the regulatory analysis requirements or other requirements of 5 U.S.C. 603 and 604.

Paperwork Reduction Act

The collection of information in this final rule has previously been reviewed and approved by the Office of Management and Budget in accordance with the requirements of the Paperwork Reduction Act (44 U.S.C. 3507) under control number 1651-0130. The collections of information in these regulations are in §§ 10.803, 10.804, 10.818, and 10.821. This information is required in connection with claims for preferential tariff treatment and for the purpose of the exercise of other rights under the BFTA and the Act and will be used by CBP to determine eligibility for a tariff preference or other rights or benefits under the BFTA and the Act. The likely respondents are business organizations including importers, exporters, and manufacturers.

The estimated average annual burden associated with the collection of information in this final rule is 0.2 hours per respondent or record keeper. Under the Paperwork Reduction Act, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.

Signing Authority

This document is being issued in accordance with § 0.1(a)(1) of the CBP Regulations (19 CFR 0.1(a)(1)) pertaining to the authority of the

Secretary of the Treasury (or his/her delegate) to approve regulations related to certain customs revenue functions.

Section 10.801 through 10.829 also issued under 19 U.S.C. 1202 (General Note 30, HTSUS) and Public Law 109-169, 119 Stat. 3581 (19 U.S.C. 3805 note).

§ 10.804 [Amended]

■ 2. In § 10.804, paragraph (a)(2)(vi) is amended by adding the word “the” immediately before the word “territory”.

§ 10.822 [Amended]

■ 3. In § 10.822, paragraph (b) is amended by removing the word “terms” in the first sentence and adding, in its place, the word “term”.

Jayson P. Ahern,

Acting Commissioner, U.S. Customs and Border Protection.

Approved: July 17, 2008.

Timothy E. Skud,

Deputy Assistant Secretary of the Treasury.

BILLING CODE 9111-14-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R03-OAR-2007-0449; FRL-8696-6]

Approval and Promulgation of Air Quality Implementation Plans; Delaware; Reasonably Available Control Technology Under the 8-Hour Ozone National Ambient Air Quality Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of Delaware. This SIP revision pertains to the requirements in meeting the reasonably available control technology (RACT) under the 8-hour ozone national ambient air quality standard (NAAQS). These requirements are based on: Certification that previously adopted RACT controls in Delaware’s SIP that were approved by EPA under the 1-hour ozone NAAQS are based on the currently available technically and economically feasible controls, and that they continue to represent RACT for the 8-hour implementation purposes; the adoption of new or more stringent regulations that represent RACT control levels; and a negative declaration that certain categories of sources do not exist in Delaware. This action is being taken under the Clean Air Act (CAA).

DATES: *Effective Date:* This final rule is effective on August 22, 2008.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA-R03-OAR-2007-0449. All documents in the docket are listed in the <http://www.regulations.gov> website. Although listed in the electronic docket, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute.

Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the Delaware Department of Natural Resources & Environmental Control, 89 Kings Highway, P.O. Box 1401, Dover, Delaware 19903.

SUPPLEMENTARY INFORMATION:

I. Background

On May 30, 2008 (73 FR 31043), EPA published a notice of proposed rulemaking (NPR) for the State of Delaware. The NPR proposed approval of the requirements of RACT under the 8-hour ozone NAAQS. The formal SIP revision was submitted by Delaware on October 2, 2006. A supplement to this SIP revision was submitted on October 5, 2006.

II. Summary of SIP Revision

Delaware’s SIP revision contains the requirements of RACT set forth by the CAA under the 8-hour ozone NAAQS. Delaware’s SIP revision satisfies the 8-hour RACT requirements through (1) certification that previously adopted RACT controls in Delaware’s SIP that were approved by EPA under the 1-hour ozone NAAQS are based on the currently available technically and economically feasible controls, and continues to represent RACT for the 8-hour implementation purposes; (2) the adoption of new or more stringent regulations that represent RACT control levels; and (3) a negative declaration that certain CTG or non-CTG major sources of VOC and NO_x sources do not exist in Delaware. Other requirements of the Delaware’s 8-hour RACT and the rationale for EPA’s proposed action are explained in the NPR and will not be restated here. No public comments were received on the NPR.

III. Final Action

EPA is approving the 8-hour RACT as a revision to the Delaware SIP. Delaware’s SIP revision contains the requirements of RACT set forth by the CAA under the 8-hour ozone NAAQS. This SIP revision was submitted on October 2, 2006 and a supplement submittal on October 5, 2006.
