

356043 soybean; and (10) when considered in light of other past, present, and reasonably foreseeable future actions, and considering potential environmental effects associated with adoption of 356043 soybean, APHIS could not identify significant environmental impacts that would result from granting nonregulated status to 356043 soybean.

#### National Environmental Policy Act

To provide the public with documentation of APHIS' review and analysis of any potential environmental impacts associated with the determination of nonregulated status for 356043 soybeans, an EA was prepared. The EA was prepared in accordance with (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372). Based on that EA and other pertinent scientific data, APHIS has reached a finding of no significant impact with regard to the determination that Pioneer 356043 soybean line and lines developed from it are no longer regulated articles under its regulations in 7 CFR part 340. Copies of the EA and finding of no significant impact are available as indicated in the **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** sections of this notice.

AMA was established in 2000. Since that time, AMA has been made available to 15 States, listed in statutory authority, in which participation in the Federal crop insurance program has been historically low. The 15 States include: Connecticut, Delaware, Maine, Maryland, Massachusetts, Nevada, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Utah, Vermont, West Virginia, and Wyoming. The 2008 Act expanded

AMA's geographic scope to include the State of Hawaii.

The 2008 Act provided for the continuation of conservation programs in 2008. AMA will continue to use the policies and operating procedures outlined in AMA's regulation (7 CFR part 1465) for program implementation in 2008. Individuals interested in applying for AMA assistance may contact their local Department of Agriculture (USDA) service center in participating AMA States.
