

site. The public comment period will close 45 days after publication in the **Federal Register**. The BLM Field Manager, Rawlins Field Office, 1300 N. Third Street, Rawlins, Wyoming 82301 will receive comments submitted via mail or overnight delivery from the general public and interested parties. Facsimiles, telephone calls, or electronic mail via the Internet will not be considered as validly submitted comments. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

FOR FURTHER INFORMATION CONTACT:

Heather Nino, Realty Specialist, Bureau of Land Management, Rawlins Field Office, 1300 North Third Street, Rawlins, WY 82301 or Heather_Nino@blm.gov, or Jerry Crockford at cellular telephone (505) 360-0473.

SUPPLEMENTARY INFORMATION: The EIS will address the proposed action and a range of reasonable alternatives including a no action alternative.

The proposed action can be summarized as: construction, operation and maintenance of a nominal 2,000 megawatt (MW) wind energy project and ancillary facilities. The wind energy project area comprises approximately 98,500 acres located within Townships 19 and 20 North, Ranges 85 through 87 West for the Chokecherry area, and Townships 16 through 18 North, Ranges 87 through 89 West for the Sierra Madre area. The project occurs in a “checker board” land ownership pattern area with approximately half of the land being BLM public land, and approximately half being private and State of Wyoming ownership.

The proposed 2,000 MWs will be provided by approximately 675 2-MW turbines to be constructed in the Chokecherry area portion of the project, and approximately 325 2-MW turbines to be constructed in the Sierra Madre portion of the project area. Other associated facilities required by the project will include access roads, underground electric gathering lines, an overhead electric transmission line, and electric substations to interconnect the generated power to the electric grid. The project will utilize existing roads.

The project will require approximately three to five years for construction, with an in-service target date of late-2012. The project will operate continuously, except for maintenance shutdowns on individual wind turbine generators, with a projected 30-year life. Power would interconnect with the national electric grid.

Under the No Action Alternative, BLM would not issue right-of-way grants for the Chokecherry and Sierra Madre Wind Energy Project and ancillary facilities. The project including the wind generating turbines, access roads, gathering cables, substations, and transmission line would not be constructed. The areas proposed for the Chokecherry and Sierra Madre Wind Energy Project and ancillary facilities would remain undeveloped. An energy need would not be met by the proposed generated power.

Public participation is encouraged throughout the processing of this project. Comments presented throughout the process will be considered.

Dated: July 9, 2008.

Patrick Madigan,

Field Manager, Rawlins Field Office, Wyoming.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-957-1420-BJ]

Idaho: Filing of Plats of Survey

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Filing of Plats of Surveys.

SUMMARY: The Bureau of Land Management (BLM) has officially filed the plats of survey of the lands described below in the BLM Idaho State Office, Boise, Idaho, effective 9 a.m., on the dates specified.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 1387 South Vinnell Way, Boise, Idaho, 83709-1657.

SUPPLEMENTARY INFORMATION: These surveys were executed at the request of the Bureau of Land Management to meet their administrative needs. The lands surveyed are:

The plat representing the dependent resurvey of a portion of the north boundary and subdivisional lines, and

the subdivision of sections 2, 3, 10, 23 and 26, in T. 8 S., R.36 E., Boise Meridian, Idaho, Group Number 1119, was accepted April 3, 2008.

The plat representing the dependent resurvey of portions of the Fort Hall Correction Line (south boundary), east boundary, and subdivisional lines, and the subdivision of section 25, T. 9 S., R. 37 E., Boise Meridian, Idaho, Group Number 1162, was accepted May 2, 2008.

The plat constituting the entire survey record of the dependent resurvey of portions of the south boundary and subdivisional lines, and the subdivision of section 31, T. 9 S., R. 38 E., Boise Meridian, Idaho, Group Number 1162, was accepted May 2, 2008.

The plat representing the dependent resurvey of portions of the east boundary and subdivisional lines, and the subdivision of sections 1, 12, and 24, T. 10 S., R. 37 E., Boise Meridian, Idaho, Group Number 1162, was accepted May 2, 2008.

The plat representing the dependent resurvey of a portion of the subdivisional lines, and the subdivision of sections 6, 7, 18, and 19, T. 10 S., R. 38 E., Boise Meridian, Idaho, Group Number 1162, was accepted May 2, 2008.

The plat representing the dependent resurvey of portions of the east boundary and subdivisional lines, and the corrective dependent resurvey of a portion of the subdivisional lines and the subdivision of section 23, and the subdivision of sections 13 and 24, the survey of a portion of the 2005-2008 meanders of the right bank of the Salmon River in section 24, and certain metes-and-bounds surveys in sections 13, 23, and 24, T. 15 N., R. 19 E., and the dependent resurvey of portions of the subdivisional lines, and the original 1911 right bank meanders of the Salmon River in sections 17 and 18, and the subdivision of sections 7, 17, and 18, the survey of the 2005-2008 meanders of the Salmon River in sections 7, 17, and 18, the survey of certain 2005-2008 partition lines in section 17, and the metes-and-bounds survey of lots 10 and 11 in section 18, T. 15 N., R. 20 E., of the Boise Meridian, Idaho, Group Number 1205, was accepted May 9, 2008. The supplemental plat prepared to correct certain erroneous depictions of the Snake River Birds of Prey National Conservation Area, T. 1 N., R. 2 E., Boise Meridian, Idaho, was accepted May 9, 2008.

The plat representing the dependent resurvey of portions of the north boundary, subdivisional lines, and boundaries of certain mineral surveys, T. 5 S., R. 3 W., of the Boise Meridian,

Idaho, Group Number 1191, was accepted May 16, 2008.

The plat representing the dependent resurvey of a portion of the Third Standard Parallel North (south boundary) and subdivisional lines, and the subdivision of section 35, in T. 13 N., R. 38 E., Boise Meridian, Idaho, Group Number 1224, was accepted May 29, 2008.

The plat constituting the entire survey record of the dependent resurvey of a portion of the subdivisional lines and the subdivision of section 9, T. 2 S., R. 15 E., Boise Meridian, Idaho, Group Number 1263, was accepted June 27, 2008.

This survey was executed at the request of the U.S.D.A., Forest Service, to meet certain administrative and management purposes. The supplemental plat prepared to correct certain erroneously lotted areas as depicted on the plat accepted December 12, 1990, section 15, T. 54 N., R. 1 W., Boise Meridian, Idaho.

Dated: July 3, 2008.

Stanley G. French,

Chief Cadastral Surveyor for Idaho.

BILLING CODE 4310-GG-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[WY-920-1430-FR; WYW-74694]

Notice of Realty Action: Recreation and Public Purposes Act Classification of Public Lands in Sweetwater County, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) has examined and found suitable for classification for conveyance under the provisions of the Recreation and Public Purposes (R&PP) Act, as amended, approximately 10.00 acres of public land in Sweetwater County, Wyoming. The Sweetwater County Solid Waste Disposal District #1 proposes to use the land for a solid waste transfer station.

DATES: Interested parties may submit comments regarding the proposed conveyance or classification of the lands until *September 8, 2008*.

ADDRESSES: Send written comments to the Field Manager, Rock Springs Field Office, 280 Highway 191 North, Rock Springs, Wyoming 82901.

FOR FURTHER INFORMATION CONTACT: Lance Porter, Field Manager, Bureau of

Land Management, Rock Springs Field Office, at (307) 352-0238.

SUPPLEMENTARY INFORMATION: In accordance with Section 7 of the Taylor Grazing Act, (43 U.S.C. 315f), and Executive Order No. 6910, the following described public land in Sweetwater County, Wyoming, has been examined and found suitable for classification for lease and conveyance under the provisions of the R&PP Act, as amended, (43 U.S.C. 869 et seq.):

Sixth Principal Meridian, Wyoming,

T. 20 N., R. 101 W.
Sec. 28, SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$.

The land described contains 10.00 acres, more or less.

In accordance with the R&PP Act, the Sweetwater County Solid Waste Disposal District #1 (District) filed an application to purchase the above-described 10.00 acres of public land which has been leased to the District for solid waste disposal purposes since 1982. The land was classified for lease under the provisions of the R&PP Act and was originally leased as a sanitary landfill. The lease stopped operating as a landfill in 1992 and was converted to a solid waste transfer station. The transfer station has been in operation since then in conformance with the terms and conditions of the lease. Before the conveyance can occur, the land must be classified for conveyance under the provisions of the R&PP Act. Additional detailed information pertaining to this application, plan of development, and site plan is in case file WYW 74694, located in the BLM Rock Springs Field Office at the above address.

The land is not needed for any Federal purpose. The conveyance is consistent with the Rock Springs Resource Management Plan dated August 8, 1986, and would be in the public interest. The patent, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches or canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945); and

2. All minerals, together with the right to prospect for, mine, and remove such deposits from the same under applicable law and such regulations as the Secretary of the Interior may prescribe.

The patent will be subject to all valid existing rights documented on the official public land records at the time of patent issuance.

Classification Comments: Interested parties may submit comments involving

the suitability of the land for municipal and recreation uses. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision to convey under the R&PP Act, or any other factor not directly related to the suitability of the land for R&PP use.

Confidentiality of Comments: Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Only written comments submitted by postal service or overnight mail to the Field Manager—BLM Rock Springs Field Office will be considered properly filed. Electronic mail, facsimile or telephone comments will not be considered properly filed.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this notice will become effective September 23, 2008. The lands will not be available for conveyance until after the classification becomes effective.

Authority: 43 CFR 2740.

Dated: July 7, 2008.

Lance Porter,

Field Manager.
