[Docket No. CP08-437-000]

City of Toccoa, GA; Notice of Application

July 21, 2008.

Take notice that on July 11, 2008, the City of Toccoa, Georgia (Toccoa), 203 North Alexander Street, P.O. Box 579, Toccoa, Georgia 30577, filed an abbreviated application pursuant to section 7(f) of the Natural Gas Act (NGA) for a service area determination, a finding that Toccoa qualifies as a local distribution company for purposes of section 311 of the Natural Gas Policy Act (NGPA) and for waiver of the Commission's regulatory requirements, including reporting and accounting requirements ordinarily applicable to natural gas companies under the NGA and NGPA, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on

the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any initial questions regarding Toccoa's proposal in this application should be directed to Joshua L. Menter, Miller, Balis & O'Neil, P.C., 1140 19th Street, NW., Washington, DC 20036; *telephone:* (202) 296-2960 or jmenter@mbolaw.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of

comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit the original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comment Date: August 11, 2008.

Secretary.

Whitman River Dam, Inc.; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comment, Motions To Intervene, and Competing Applications

July 21, 2008.

On June 13, 2008, Whitman River Dam, Inc. filed an application, pursuant to section 4(f) of the Federal Power Act,

proposing to develop the hydroelectric potential on Wampanoag Lake located on the Whitman River in the Town of Ashburnham, Worcester County, Massachusetts.

The proposed project would consist of: (1) An earthen dam, 22-foot-high and 660-foot-long, (2) a head pond with storage of 1420.0 acre-feet, (3) one existing 24-inch diameter discharge pipe, and (4) a new powerhouse located in the vicinity of the discharge pipe containing one generating unit having a capacity of 10 kilowatts. The project would have an annual generation of 53,000 kilowatt hours and it is likely that generation will interface with the electric local distribution circuit.
