Additional Information

Once PGT formally files its application with the Commission, you may want to become an ''intervenor,'' which is an official party to the proceeding. Intervenors play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in a Commission proceeding by filing a request to intervene. Instructions for becoming an intervenor are included in the User's Guide under the ''e-filing'' link on the Commission's Web site. Please note that you may *not* request intervenor status at this time. You must wait until a formal application is filed with the Commission.

Additional information about the Project is available from the Commission's Office of External Affairs at 1–866–208 FERC (3372) or on the FERC Internet Web site (*http://www.ferc.gov*) using the ''eLibrary'' link. Click on the eLibrary link, click on ''General Search,'' and enter the docket number excluding the last three digits in the Docket Number field (*i.e.*, PF07–15). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at *FercOnlineSupport@ferc.gov* or toll free at 1–866–208–3676, or for TTY, contact (202) 502–8659. The eLibrary link on the FERC Internet Web site also provides access to the texts of formal documents issued by the Commission, such as Orders, notices, and rulemakings.

In addition, the FERC now offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to *http://www.ferc.gov/esubscribenow.htm.*

Public meetings or site visits will be posted on the Commission's calendar located at *http://www.ferc.gov/EventCalendar/EventsList.aspx* along with other related information.

Finally, PGT has established a Web site for this project at *http://www.palomargas.com/project.html.* The Web site includes a project overview, timeline, safety and environmental information, and answers to frequently asked questions. You can also request additional information by e-mailing PGT directly at *info@palomargas.com* or writing to: Palomar Gas Transmission, 1400 SW. Fifth Avenue, Suite 900, Portland, Oregon 97225.
