

b. The alternative computation is: (.5) (\$55,903) + (.5) (.000637) (\$719,088) = \$28,181.

c. The fee is the lesser of a or b; in this case \$28,181.

As noted above, the alternative calculation based on contracts traded is not applicable to NFA because it is not a DCM and has no contracts traded. The Commission's average annual cost for conducting oversight review of the NFA rule enforcement program during fiscal years 2005 through 2007 was \$450,419 (one-third of \$1,351,256). The fee to be paid by the NFA for the current fiscal year is \$450,419.

Payment Method

The Debt Collection Improvement Act (DCIA) requires deposits of fees owed to the government by electronic transfer of funds (See 31 U.S.C. 3720). For information about electronic payments, please contact Angela Clark at (202) 418-5178 or aclark@cftc.gov, or see the CFTC Web site at <http://www.cftc.gov>, specifically, <http://www.cftc.gov/cftc/cftcelectronicpayments.htm>.

Regulatory Flexibility Act

The Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, requires agencies to consider the impact of rules on small business. The fees implemented in this release affect contract markets and registered futures associations. The Commission has previously determined that contract markets and registered futures associations are not "small entities" for purposes of the Regulatory Flexibility Act. Accordingly, the Acting Chairman, on behalf of the Commission, certifies pursuant to 5 U.S.C. 605(b) that the fees implemented here will not have a significant economic impact on a substantial number of small entities.

Issued in Washington, DC, on July 24, 2008, by the Commission.

David Stawick,

Secretary of the Commission.

BILLING CODE 6351-01-P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA-2008-0005]

Proposed Collection; Comment Request

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Department

of the Army announces a proposed revision of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by September 29, 2008.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301-1160.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to U.S. Army Corps of Engineers, 441 G Street, NW., Washington, DC 20314-1000, *Attn:* CECW-CO, or call Department of the Army Reports clearance officer at (703) 428-6440.

Title, Associated Form, and OMB Number: Application for a Department of the Army Permit; ENG Form 4345, OMB Control Number 0710-0003.

Needs and Uses: Information collected is used to evaluate, as required by law, proposed construction or filing in waters of the United States that result in impacts to the aquatic environment and nearby properties, and to determine if issuance of a permit is in the public interest. Respondents are private landowners, businesses, non-profit organizations, and government agencies.

Respondents also include sponsors of proposed and approved mitigation banks and in-lieu fee programs.

Affected Public: Individuals or households; business or other for-profit; not-for-profit institutions; farms; Federal government; State; local or tribal government.

Annual Burden Hours: 984,000.

Number of Respondents: 89,450.

Responses Per Respondent: 1.

Average Burden Per Response: 11 hours.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION: The Corps of Engineers is required by three federal laws, passed by Congress, to regulate construction-related activities in waters of the United States. This is accomplished through the review of applications for permits to do this work.

Dated: July 23, 2008.

Patricia L. Toppings,

*OSD Federal Register Liaison Officer,
Department of Defense.*

DEPARTMENT OF DEFENSE

Department of the Army

[Docket No. USA-2008-0006]

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by September 2, 2008.

Title, Form, and OMB Number: Industry Partnership Survey; OMB Control Number 0702-0122.

Type of Request: Extension.

Number of Respondents: 1,371.

Responses Per Respondent: 1.

Annual Responses: 357.

Average Burden Per Response: 15 minutes.

Annual Burden Hours: 343.

Needs and Uses: The information collected from this survey will be used to systematically survey and measure industry contractors to better understand how they feel about SDDC's acquisition processes, and to improve the way business is conducted. The SDDC provides global surface deployment command and control and distribution operations to meet National
