DATES: Comments must be received by September 15, 2008.

ADDRESSES: Any persons interested in commenting on these proposed amendments may do so by submitting comments in writing to the Office of Chief Information Officer, Willie Chism, Office of Surface Mining and Reclamation, U.S. Department of the Interior, 1951 Constitution Avenue, NW., Washington, DC 20240, or by e-mail to wchism@osmre.gov.

SUPPLEMENTARY INFORMATION: On May 22, 2007, in a memorandum for the heads of Executive Departments and Agencies entitled "Safeguarding Against and Responding to the Breach of Personally Identifiable Information," the Office of Management and Budget directed agencies to develop and publish a routine use for disclosure of information in connection with response and remedial efforts in the event of a data breach. This routine use will serve to protect the interest of the individuals whose information is at issue by allowing agencies to take appropriate steps to facilitate a timely and effective response to the breach, thereby improving its ability to prevent, minimize or remedy any harm resulting from a compromise of data maintained in its systems of records. Accordingly, the Director, Office of Surface Mining, is proposing to add a new routine use to authorize disclosure to appropriate agencies, entities, and persons, of information maintained in the following systems in the event of a data breach.
