

rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the direct final rule. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the direct final rule. Commenters wishing the FAA to acknowledge receipt of their comments on this rule must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2008-0024, Airspace Docket No. 08-AGL-4." The postcard will be date/time stamped and returned to the commenter. Communications should identify both docket numbers and be submitted in triplicate to the address specified under the caption **ADDRESSES** above or through the Web site. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace at Black River Falls, WI, by providing additional airspace required to support the new RNAV (GPS) Runway 08 approach developed for IFR landings at Black River Falls Area Airport. Controlled airspace extending upward from 700 feet above the surface is required to encompass all SIAPs and for the safety of IFR operations at Black River Falls Area Airport, Black River Falls, WI. Designations for Class E airspace areas extending upward from 700 feet above the surface of the earth are published in the FAA Order 7400.9R, signed August 15, 2007 and effective September 15, 2007, which is incorporated by reference in 14 CFR part 71.1. Class E designations listed in this document will be published subsequently in the Order.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined that this final rule does not have federalism implication under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal since this is a routine matter that will only affect air traffic procedures and air navigation. It is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49, of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in subtitle VII, Part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it provides additional controlled airspace at Black River Falls Area Airport, WI.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (Air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9R, Airspace Designation and Reporting Points, signed August 15, 2007, and effective September 15, 2007, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet above the surface of the earth.

* * * * *

AGL WI E5 Black River Falls, WI [Amended]

Black River Falls Area Airport
(Lat. 44°15'03" N., long. 90°51'19" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the Black River Falls Area Airport and within 3.85 miles each side of the 260° bearing from the Black River Falls Area Airport extending from the 6.4-mile radius to 8.8 miles southwest of the airport.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2008-0003; Airspace Docket No. 08-ASW-1]

Establishment of Class E Airspace; Lexington, OK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments.

SUMMARY: This action establishes Class E airspace at Lexington, OK. New Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedures (SIAPs) at Muldrow Army Heliport make this action necessary. This action will enhance the safety and management of Instrument Flight Rules (IFR) aircraft

operations at Muldrow Army Heliport, Lexington, OK.

DATES: *Effective Dates:* 0901 UTC September 25, 2008. Comments for inclusion in the rules Docket must be received September 22, 2008. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

ADDRESSES: Send comments on this direct final rule to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001. You must identify the docket number FAA-2008-0003/Airspace Docket No. 08-ASW-1, at the beginning of your comments. You may also submit comments through the Internet at <http://regulations.gov>. You may review the public docket containing the direct final rule, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office, telephone number 1-800-647-5527, is on the ground floor of the building at the above address.

FOR FURTHER INFORMATION CONTACT: Gary Mallett, NISC Contractor, Operations Support Group, ATO Central Service Center, Federal Aviation Administration, Southwest Region, Fort Worth, Texas 76193-0530; at telephone number (817) 222-4949.

SUPPLEMENTARY INFORMATION:

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comments, and, therefore, issues it as a direct final rule. Unless a written adverse or negative comment or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the **Federal Register** indicating that no adverse or negative comments were received and confirming the effective date of the rule. If the FAA receives, within the comment period, an adverse or negative comment, or written comment notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the direct final rule. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the direct final rule. Commenters wishing the FAA to acknowledge receipt of their comments on this rule must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2008-0003, Airspace Docket No. 08-ASW-1." The postcard will be date/time stamped and returned to the commenter. Communications should identify both docket numbers and be submitted in triplicate to the address specified under the caption **ADDRESSES** above or through the Web site. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) Part 71 establishes Class E airspace at Lexington, OK, providing the airspace required to support the new 175° Copter RNAV (GPS) approach developed for IFR landings at Muldrow Army Heliport. Controlled airspace extending upward from the surface is required to encompass all SIAPs and for the safety of IFR operations at Muldrow Army Heliport. Designations for Class E airspace areas extending upward from the surface of the earth are published in the FAA Order 7400.9R, signed August 15, 2007 and effective September 15, 2007, which is incorporated by reference in 14 CFR 71.1. Class E designations listed in this document will be published subsequently in the Order.

Agency Findings

The regulations adopted herein will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among various levels of government. Therefore, it is determined

that this final rule does not have federalism implication under Executive Order 13132.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal since this is a routine matter that will only affect air traffic procedures and air navigation. It is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49, of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in subtitle VII, Part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace at Muldrow Army Heliport, Lexington, OK.

BILLING CODE 4910-13-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 388

[Docket No. RM06-23-000]

Critical Energy Information Infrastructure

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Correcting amendment.

SUMMARY: This document contains corrections to the final regulations (Docket No. RM06-23-000) which were published in the **Federal Register** of Wednesday, November 14, 2007. The final rule document amended regulations for gaining access to critical energy infrastructure information (CEII).

DATES: *Effective Date:* August 6, 2008.

FOR FURTHER INFORMATION CONTACT:

Jeffrey H. Kaplan, Office of the General Counsel, 888 First Street, NE., Washington, DC 20426, 202-502-8305.

SUPPLEMENTARY INFORMATION:

Background

The final regulations that are the subject of these corrections amended 18 CFR 388.109 and affect the Commission's fees for records requests.

Need for Correction

As published, the final regulations contained errors which involved the removal of subparagraphs from 18 CFR 388.109(b). These subparagraphs contain critical information addressing fees for records requests.

List of Subjects in 18 CFR Part 388

Confidential business information, Freedom of information.

■ Accordingly, 18 CFR part 388 is corrected by making the following correcting amendment:

PART 388—INFORMATION AND REQUESTS

■ 1. The authority citation for part 388 continues to read as follows:

Authority: 5 U.S.C. 301-305, 551, 552 (as amended), 553-557, 41 U.S.C. 7101-7352.

■ 2. Section 388.109(b) is amended by adding paragraphs (b)(1), (b)(2), (b)(3), (b)(4) and (b)(5) to read as follows:

§ 388.109 Fees for record requests.

* * * * *

(b) * * *

(1) *Definitions:* For the purpose of paragraph (b) of this section.

(i) *Commercial use* request means a request from or on behalf of one who seeks information for a use or purpose that furthers commercial trade, or profit interests as these phrases are commonly known or have been interpreted by the courts in the context of the Freedom of Information Act.

(ii) *Educational institution* refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program of scholarly research.

(iii) *Noncommercial scientific institution* refers to an installation that is not operated on a commercial basis and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(iv) *Representatives of the news media* refers to any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term *news* means information that is about current events that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when the periodicals

can qualify as disseminations of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive. Moreover, as traditional methods of news delivery evolve (e.g. electronic dissemination of newspapers through telecommunication services), such alternative media may be included in this category. A *freelance* journalist may be regarded as working for a news organization if the journalist can demonstrate a solid basis for expecting publication through that organization, even though the journalist is not actually employed by the news organization. A publication contract would be the clearest proof, but the Commission may also look to the past publication record of a requester in making this determination.

(2) *Fees.* (i) If documents are requested for commercial use, the Commission will charge the employee's hourly pay rate plus 16% for benefits for document search time and for document review time, and 15 cents per page for duplication. Commercial use requests are not entitled to two hours of free search time or 100 free pages of reproduction of documents.

(ii) If documents are not sought for commercial use and the request is made by an educational or non-commercial scientific institution, whose purpose is scholarly or scientific research, or a representative of the news media, the Commission will charge 15 cents per page for duplication. There is no charge for the first 100 pages.

(iii) For a request not described in paragraphs (b)(2)(i) or (ii) of this section, the Commission will charge the employees hourly pay rate plus 16 percent for benefits for document search and 15 cents per page for duplication. There is no charge for the first 100 pages of reproduction and the first two hours of search time will be furnished without charge.

(iv) The Director, Office of External Affairs, will normally provide documents by regular mail, with postage prepaid by the Commission. However, the requester may authorize special delivery, such as express mail, at the requester's own expense.

(v) The Commission, or its designee, may establish minimum fees below which no charges will be collected, if it determines that the costs of routine collection and processing of the fees are likely to equal or exceed the amount of the fees. If total fees assessed by Commission staff for a Freedom of Information Act request are less than the appropriate threshold, the Commission may not charge the requesters.
