Proposed Low Effect Habitat Conservation Plan for Restoration and Management of the Linden H. Chandler Preserve, City of Rolling Hills Estates, County of Los Angeles, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: The Palos Verdes Peninsula Land Conservancy (applicant) has applied to the U.S. Fish and Wildlife Service (Service) for a 25-year incidental take permit for one covered species pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The application addresses the potential for "take" of the endangered Palos Verdes blue butterfly (*Glaucopsyche lygdamus palosverdesensis*, "PVB") associated with restoration and management of the Linden H. Chandler Preserve ("Preserve") in the City of Rolling Hills Estates, Los Angeles County, California. Following reintroduction of PVB to the Preserve, measures to minimize impacts to PVB would be implemented as described in the proposed Restoration and Management of the Linden H. Chandler Preserve Low Effect Habitat Conservation Plan (proposed HCP), which would be implemented by the applicant.

We are requesting comments on the permit application and on the preliminary determination that the proposed HCP qualifies as a "Low-

effect" Habitat Conservation Plan, eligible for a categorical exclusion under the National Environmental Policy Act (NEPA) of 1969, as amended. The basis for this determination is discussed in the Environmental Action Statement (EAS) and the associated Low Effect Screening Form, which are also available for public review.

DATES: Written comments should be received on or before September 12, 2008.

ADDRESSES: Comments should be addressed to the Field Supervisor, Fish and Wildlife Service, Carlsbad Fish and Wildlife Office, 6010 Hidden Valley Road, Carlsbad, California 92011. Written comments may be sent by facsimile to (760) 918-0638.

FOR FURTHER INFORMATION CONTACT: Ms. Karen Goebel, Assistant Field Supervisor, Carlsbad Fish and Wildlife Office (see **ADDRESSES**); telephone: (760) 431-9440.

SUPPLEMENTARY INFORMATION:

Availability of Documents

Individuals wishing copies of the application, proposed HCP, and EAS should immediately contact the Service by telephone at (760) 431-9440 or by letter to the Carlsbad Fish and Wildlife Office. Copies of the proposed HCP and EAS also are available for public inspection during regular business hours at the Carlsbad Fish and Wildlife Office [see **ADDRESSES**].

Background

Section 9 of the Act and its implementing Federal regulations prohibit the take of animal species listed as endangered or threatened. Take is defined under the Act as to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture or collect listed animal species, or attempt to engage in such conduct (16 U.S.C. 1538). However, under section 10(a) of the Act, the Service may issue permits to authorize incidental take of listed species. "Incidental take" is defined by the Act as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing incidental take permits for threatened and endangered species, respectively, are found in the Code of Federal Regulations at 50 CFR 17.22 and 50 CFR 17.32.

The applicant is seeking a permit for take of the Palos Verdes blue butterfly during the life of the permit. This species is referred to as the "PVB" in the proposed HCP. The PVB is restricted to the Palos Verdes Peninsula in Los Angeles County, California.
