SUPPLEMENTARY INFORMATION FOR THE SCOPING PROCESS: The Minerals Management Service (MMS) announced a Call for Information and Nominations (Call) and Notice of Intent (NOI) to prepare an EIS for Sale 214 in the North Aleutian Basin in **Federal Register** Notice Vol. 73, No. 68, Page No. 19095, dated April 8, 2008. Proposed lease sale 214 is that subarea of the larger North Aleutian Basin Planning Area identified in the OCS Oil and Gas Leasing Program for 2007-2012. The EIS analysis will focus on the potential environmental effects of oil and gas exploration, development, and production in the proposed sale area and its vicinity. The Notice of Intent announced the initiation of the scoping process for the EIS, with public comments due July 7, 2008. The MMS has extended the deadline for submission of written scoping comments for the EIS to October 17, 2008 and has scheduled public scoping meetings to provide opportunity for public participation in the NEPA process.

Although the formal public scoping process will conclude on October 17, 2008, the MMS will continue to consider new information throughout the preparation of the EIS. Information about proposed OCS Oil and Gas Lease Sale 214 in the North Aleutian Basin Planning Area offshore of the State of

Alaska was published in **Federal Register** Notice Vol. 73, No. 68, No. 19095, dated April 8, 2008. Additional information on proposed lease sale 214 is on the MMS Web site: <http://www.mms.gov>.
