

FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, Texas Gas proposes to construct two sixteen-inch side valves, approximately fifty feet of connecting 20-inch piping, overpressure protection equipment with bypass, electronic flow measurement equipment, communication equipment, and other appurtenant auxiliary facilities in order to receive 600 MMcf/d of revaporized LNG from KMLP, which will directly connect to the Cheniere Sabine Pass LNG import terminal, located in Cameron Parish, Louisiana. Texas Gas estimates the cost of construction to be \$712,113, with all costs associated with such facilities to be reimbursed by KMLP. Texas Gas states that addition of the proposed receipt point will have no significant impact on Texas Gas' peak day or annual deliveries.

Any questions regarding the application should be directed to Kathy D. Fort, Manager of Certificates and Tariffs, Texas Gas Transmission, LLC, 3800 Frederica Street, Owensboro, Kentucky 42301, or call (270) 688-6825, fax (270) 688-5871, or e-mail kathy.fort@bwpmlp.com.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (www.ferc.gov) under the "e-Filing" link.

Kimberly D. Bose,
Secretary.

| | CP05-131-002 |
| | (Not consolidated) |

Take notice that as previously announced on August 1, 2008, the Federal Energy Regulatory Commission (Commission) will hold a technical conference in the above-captioned proceedings on Thursday, August 14, 2008. As stated in the August 1, 2008 Notice, the purpose of the conference is to allow the parties and Commission staff to discuss whether and when the Cove Point Expansion Project can go forward without causing unsafe leakage consistent with the public interest. Specifically, the participants should be prepared to discuss the nature and progress of remedial measures taken to date, as well as the need and benefit of any other remedial measures that might be taken by Washington Gas Light Company (WGL) and Dominion Cove Point LNG, LP so that WGL's system can safely accommodate the increased amounts of regasified LNG from Cove Point's LNG import terminal. The Commission is providing further information concerning the conference.

Conference Information

Date: Thursday, August 14, 2008.

Time: 9:30 a.m. to 1:30 p.m. (EST).

Location: Federal Energy Regulatory Commission, 888 First Street, NE., Room 3M-2A and B, Washington, DC 20426.

Commission staff will preside over the technical conference. Following staff's opening remarks and questions from staff to various participants, Commission staff will oversee a discussion among the participants, confined to subjects described herein and in prior notices, as appropriate in light of the information provided in response to Commission staff questions. The Commission's seasonal, business-casual policy will apply. For further information about this proceeding, interested persons may go to the Commission's Web site, www.ferc.gov, and search under the docket number for this proceeding, Docket No. CP05-130-000, *et al.*

CPV Power Development, Inc. filed a motion to intervene out-of-time in these proceedings on July 29, 2008. The Commission, pursuant to Rule 214(d)(3)(i) of the Commission's Rules of Practice and Procedure, hereby grants CPV Power Development, Inc.'s motion to intervene out-of-time for the limited purpose of participating in the Technical Conference. The Commission reserves to right later to grant or deny further party status to CPV Power Development, Inc. as may be appropriate.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or (202) 208-1659 (TTY), or send a FAX to (202) 208-2106.

Any questions about this procedural conference may be directed to: Berne Mosley, 202-502-8265, berne.mosley@ferc.gov or Whit Holden, 202-502-8089, edwin.holden@ferc.gov.

Nathaniel J. Davis, Sr.,
Deputy Secretary.

BILLING CODE 6560-50-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8705-8]

Science Advisory Board Staff Office; Notification of Upcoming Meeting of the Science Advisory Board Environmental Engineering Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Science Advisory Board (SAB) Staff Office announces a public meeting of the SAB Environmental Engineering Committee to provide consultative advice to EPA's Office of Pollution Prevention and Toxics (OPPT) on possible new approaches for measuring results of pollution prevention activities. The Committee will also discuss its advisory activities for the coming fiscal year.

DATES: The meeting dates are Wednesday, September 3, 2008 from 9 a.m. to 5:30 p.m. through Thursday, September 4, 2008 from 9 a.m. to 2 p.m. (Eastern Time).

ADDRESSES: The meeting will be held in the SAB Conference Center, located at 1025 F Street, NW., Suite 3705, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Members of the public who wish to obtain further information about this meeting must contact Ms. Kathleen White, Designated Federal Officer (DFO). Ms. White may be contacted at the EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; or via telephone/voice mail; (202) 343-9878; fax (202) 233-0643; or e-mail at:

white.kathleen@epa.gov. General information about the EPA SAB, as well as any updates concerning the meeting announced in this notice, may be found on the SAB Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the SAB Environmental Engineering Committee will hold a public meeting to provide consultative advice on measuring new annual and recurring results across all OPPT pollution prevention-related program centers. OPPT currently uses a suite of measures to evaluate the effectiveness of pollution prevention programs and would like to add measures to more fully capture economic and other benefits of pollution prevention. The Committee will also discuss its advisory activities for the coming year.

The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: OPPT manages programs under the Toxic Substances Control Act (TSCA) and the Pollution Prevention Act (PPA). Under these laws, EPA evaluates new and existing chemicals and their risks and finds ways to prevent or reduce environmental pollution. OPPT also manages a variety of environmental stewardship programs that encourage companies to reduce and prevent pollution. Pollution prevention (P2) is reducing or eliminating waste at the source by modifying production processes, promoting the use of non-toxic or less-toxic substances, implementing conservation techniques, and re-using materials rather than putting them into the waste stream. The pollution prevention programs are described at <http://www.epa.gov/p2/>.

The SAB Environmental Engineering Committee will be augmented with additional SAB members with expertise in pollution prevention, voluntary programs, and economic measures of results. The roster and biosketches of those members participating in the consultation will be posted on the SAB Web site at: <http://www.epa.gov/sab>.

Availability of Meeting Materials: The agenda and other material for the upcoming public meeting will be posted on the SAB Web site at: <http://www.epa.gov/sab>.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB Panel to consider on the topics included in this advisory activity, or the group conducting the activity. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public meeting will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Ms. White, DFO, in writing (preferably via e-mail) at the contact information noted above, by August 27, 2008, to be placed on a list of public speakers for the meeting. **Written Statements:** Written statements should be received in the SAB Staff Office by August 19, 2008, so that the information may be made available to the SAB Panel members for their consideration. Written statements should be supplied to the DFO in the following formats: One hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Ms. White at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting to give EPA as much time as possible to process your request.

Dated: August 11, 2008.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.
