

selection process. All FNS discretionary grant programs will be eligible, but not required, to use the uniform grant application package. Before soliciting applications for a discretionary grant program, FNS will decide whether the uniform grant application package will meet the needs of that grant program. If FNS decides to use the uniform grant application package, FNS will note in the grant solicitation that applicants must use the uniform grant application package and that the information collection has already been approved by OMB. If FNS decides not to use the uniform grant application package or determines that it needs grant applicants to provide additional information not contained in the uniform package, then FNS will publish a notice soliciting comments on its proposal to collect different or additional information before making the grant solicitation.

The uniform grant application package will include general information and instructions; a checklist; a requirement for the program narrative statement describing how the grant objectives will be reached; the Standard Form (SF) 424 series that requests basic information, budget information, a lobbying certification and an optional survey form to ensure equal opportunity for applicants. The proposed information collection covered by this notice is related to the requirements for the program narrative statement. The requirements for the program narrative statement are based on the requirements for program narrative statements described in section 1c(5) of the OMB Circular A-102, and will apply to all types of grantees—State and local governments, Indian Tribal Organizations, Non-Profit Organizations, Institutions of Higher Education, Hospitals and For-Profit Organizations. The information collection burden related to the SF-424 series, lobbying certification and the optional survey form for all applicants have been separately approved by OMB.
