

recordkeeping costs related to electronic credit card payments and electronic deposit account replenishments.

There are service fees for setting up a deposit account at the USPTO, for not maintaining the minimum balance required for the deposit account, and for returned payments. The service charge to establish a deposit account is \$10, and the USPTO estimates that it processes 298 Deposit Account Application Forms annually, for a total of \$2,980 per year. There is also a \$25 service charge for deposit accounts that are below the minimum balance (\$1,000 minimum balance for an unrestricted deposit account or \$300 minimum balance for a restricted deposit account) at the end of the month. The USPTO estimates that it assesses 4,000 of these low balance charges annually, for a total of \$100,000 per year. There is a \$50 service charge for processing a payment refused (including a check returned "unpaid") or charged back by a financial institution. The USPTO estimates that it assesses 456 of these returned payment charges annually, for a total of \$22,800 per year. The total estimated service fees for this collection are \$125,780 per year.

Customers may incur postage costs when submitting the Credit Card Payment Form and other paper forms or requests to the USPTO by mail. Customers generally send the Credit Card Payment Form to the USPTO along with other documents related to the fee or service being paid for by credit card, but some customers may submit just the Credit Card Payment Form without additional supporting documents. The USPTO estimates that roughly 5 percent of the 863,389 paper Credit Card Payment Forms submitted annually may be mailed in by themselves, approximately 43,169 per year. The USPTO estimates that it will receive an additional 27,480 submissions per year that may be mailed, including Deposit Account Application Forms, Deposit Account Replenishments, Deposit Account Closure Requests, and Refund Requests, for a total of 70,649 mailed submissions per year. The USPTO estimates that the first-class postage cost for a mailed submission will be 42 cents, for a total postage cost of approximately \$29,673 per year.

Customers using the Electronic Credit Card Payment Form or the Electronic Deposit Account Replenishment Form may incur recordkeeping costs from printing a copy of the electronic receipt confirming their successful online transaction. The USPTO estimates that it will take 5 seconds (0.001 hours) to print a copy of the confirmation receipt and that approximately 1,034,986

submissions per year will use the Electronic Credit Card Payment Form or the Electronic Deposit Account Replenishment Form, for a total recordkeeping burden of 1,035 hours per year. Using the paraprofessional rate of \$90 per hour, the USPTO estimates that the recordkeeping cost associated with this collection will be approximately \$93,150 per year.

The total non-hour respondent cost burden for this collection in the form of service fees, postage costs, and recordkeeping costs is estimated to be \$248,603 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The IC Clearance Official, Regulatory Information Management Services, Office of Management invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before September 22, 2008.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, Washington, DC 20503. Commenters are encouraged to submit responses electronically by email to oir_submission@omb.eop.gov or via fax to (202) 395-6974. Commenters should include the following subject line in their response "Comment: [insert OMB number], [insert abbreviated collection name, e.g., "Upward Bound Evaluation"]". Persons submitting comments electronically should not submit paper copies.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information

collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: August 18, 2008.

DEPARTMENT OF ENERGY

[Docket No. PP-304]

Record of Decision and Floodplain Statement of Findings; Generadora del Desierto SA de C.V. (GDD) San Luis Rio Colorado (SLRC) Project

AGENCY: Office of Electricity Delivery and Energy Reliability (OE), Department of Energy (DOE).

ACTION: Record of Decision (ROD) and Floodplain Statement of Findings.

SUMMARY: DOE announces its decision to issue a Presidential Permit that would authorize Generadora del Desierto SA de C.V. (GDD) to construct, operate, maintain, and connect a new double-circuit 230,000-volt (230-kV) electric transmission line across the U.S.-Mexico border into Yuma County, southeast of San Luis, Arizona. The environmental impacts that would be associated with the line were analyzed in the *Environmental Impact Statement (EIS) for the San Luis Rio Colorado Project* (DOE/EIS-0395, SLRC EIS). The transmission line, known as the San Luis Rio Colorado (SLRC) Project, would extend from a new gas-fired electric power plant, known as the SLRC Power Center (to be constructed by GDD approximately one mile south of the U.S.-Mexico border in San Luis Rio Colorado, Sonora, Mexico), cross the U.S.-Mexico border, extend approximately 21 miles north, and connect to the existing Gila Substation that is owned and operated by the Western Area Power Administration (Western), an organizational element within DOE. From the Gila Substation, the line would extend an additional five miles north and connect to the existing North Gila Substation that is owned and operated by the Arizona Public Service Company (APS).

In reaching this decision, DOE considered the low environmental impacts in the United States from constructing, operating, maintaining, and connecting the proposed international transmission line and from the construction and operation of the SLRC Power Center, the absence of adverse impacts to the reliability of the U.S. electric power supply system, and the absence of major issues of concern to the public. On October 12, 2007, Western issued a ROD (72 FR 58074) in which it decided to allow the proposed international transmission line and the SLRC Power Center to interconnect with Western's transmission system at the Gila Substation.

DOE has prepared this ROD and Floodplain Statement of Findings in accordance with the regulations of the
