Approval and Promulgation of Revised Municipal Waste Combustor State Plan for Designated Facilities and Pollutants: Indiana; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: EPA is withdrawing the July 8, 2008 (73 FR 38925), direct final rule revisions to Indiana's State Plan to control air pollutants from large Municipal Waste Combustors (MWC). The Indiana Department of Environmental Management (IDEM) submitted the State Plan on August 24, 2007.

In the direct final rule, EPA stated that if adverse comments were submitted by August 7, 2008, the rule would be withdrawn and not take effect. On July 29, 2008, IDEM submitted a comment to EPA. EPA believes this comment is adverse and, therefore, EPA is withdrawing the direct final rule. Specifically, IDEM commented that, in the table for particulate matter, there was a typographical error in identifying the appropriate footnotes for the emission limitations. In addition, IDEM stated that it had recently submitted an agency correction for publication in the Indiana Register to correct the footnotes for mercury and sulfur dioxide in the emission limitations table, and requested that these corrections be part of the final federal approval. EPA will address the comment in a subsequent final action based upon the proposed action also published on July 8, 2008 (73 FR 38954). EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 73 FR 38925 on July 8, 2008, is withdrawn as of August 21, 2008.

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Direct Final Notice of Deletion of the Waste Inc. Landfill Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA), Region V is publishing a direct final Notice of Deletion of the Waste Inc. Landfill Superfund Site (Site), located in Michigan City, Indiana, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is Appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final deletion is being published by EPA with the concurrence of the State of Indiana, through the Indiana Department of Environmental Management (IDEM), because EPA has determined that all appropriate response actions under CERCLA, other than operation, maintenance, and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: This direct final deletion is effective October 20, 2008 unless EPA receives adverse comments by September 22, 2008. If adverse comments are received, EPA will publish a timely withdrawal of the direct final deletion in the **Federal Register** informing the public that the deletion will not take effect.
