

Therefore, a regulatory flexibility analysis was not prepared.

*Paperwork Reduction Act*

This action does not require the collection of information.

*Executive Order 13132*

This action does not contain policies with federalism implications under E.O. 13132.

*Executive Order 12898, Section 4-4, Subsistence Consumption of Fish and Wildlife.*

Section 4-4, Executive Order 12898, requires Federal agencies to protect populations who consume fish and wildlife as part of their subsistence lifestyle, and to communicate to the public the potential health risks [from contaminants] involved as a result of eating fish and wildlife. NMFS has monitored and evaluated contaminant loads in northern fur seals in Alaska for nearly a decade and has reported this information to the Alaska Department of Health and Social Service, and to Alaska Native communities, as this information becomes available.

*Executive Order 13175*

Executive Order 13175 of November 6, 2000 (25 U.S.C. 450 Note), the executive Memorandum of April 29, 1994 (25 U.S.C. 450 note), and the American Indian Native Policy of the U.S. Department of Commerce (March 30, 1995) outline the responsibilities of the National Marine Fisheries Service in matters affecting tribal interests. Section 161 of Public Law 108-100 (188 Stat. 452) as amended by section 518 of Public Law 108-447 (118 Stat. 3267), extends the consultation requirements of E.O. 13175 to Alaska Native corporations. NMFS has contacted the tribal governments of St. Paul and St. George Islands and their respective local Native corporations (Tanadgusix and Tanaq) about setting the next three years harvest estimates and received their input. NMFS signed cooperative agreements with the tribal governments of St. Paul Island in 2000 and with St. George Island in 2001 pursuant to section 119 of the MMPA.

Dated: August 18, 2008.

[Docket No. 060418103-6181-02]

RIN 0648-XJ82

**Fisheries of the Northeastern United States; Spiny Dogfish Fishery; Commercial Period 1 Quota Harvested**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure of spiny dogfish fishery.

**SUMMARY:** NMFS announces that the spiny dogfish commercial quota available to the coastal states from Maine through Florida for the semi-annual quota period, May 1, 2008 - October 31, 2008, has been harvested. Therefore, effective 0001 hours, August 20, 2008, federally permitted spiny dogfish vessels may not fish for, possess, transfer, or land spiny dogfish until November 1, 2008, when the Period 2 quota becomes available. Regulations governing the spiny dogfish fishery require publication of this notification to advise the coastal states from Maine through Florida that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no Federal commercial quota is available for landing spiny dogfish in these states. This action is necessary to prevent the fishery from exceeding its Period 1 quota and to allow for effective management of this stock.

**DATES:** Quota Period 1 for the spiny dogfish fishery is closed effective at 0001 hr local time, August 20, 2008, through 2400 hr local time October 31, 2008. Effective August 20, 2008, federally permitted dealers are also advised that they may not purchase spiny dogfish from federally permitted spiny dogfish vessels.

**FOR FURTHER INFORMATION CONTACT:** Don Frei, Fisheries Management Specialist, at (978) 281-9221, or [Don.Frei@noaa.gov](mailto:Don.Frei@noaa.gov).

**SUPPLEMENTARY INFORMATION:** Regulations governing the spiny dogfish fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota, which is allocated into two quota periods based upon percentages specified in the fishery management plan. The commercial quota is distributed to the coastal states from Maine through Florida, as described in § 648.230.

The initial total commercial quota for spiny dogfish for the 2008 fishing year is 4 million lb (1.81 million kg) (71 FR 40436, July 17, 2006). The commercial quota is allocated into two periods (May 1 through October 31, and November 1 through April 30). Vessel possession limits are intended to preclude directed fishing, and they are set at 600 lb (272 kg) for both Quota Periods 1 and 2. Quota Period 1 is allocated 2.3 million lb (1.05 million kg), and Quota Period 2 is allocated 1.7 million lb (763,849 kg) of the commercial quota. The total quota cannot be exceeded, so landings in excess of the amount allocated to Period 1 have the effect of reducing the quota available to the fishery during Period 2.

The Administrator, Northeast Region, NMFS (Regional Administrator) monitors the commercial spiny dogfish quota for each quota period and, based upon dealer reports, state data, and other available information, determines when the total commercial quota will be harvested. NMFS is required to publish a notification in the **Federal Register** advising and notifying commercial vessels and dealer permit holders that, effective upon a specific date, the Federal spiny dogfish commercial quota has been harvested and no Federal commercial quota is available for landing spiny dogfish for the remainder of that quota period.

Section 648.4(b) provides that Federal spiny dogfish permit holders agree, as a condition of the permit, not to land spiny dogfish in any state after NMFS has published notification in the **Federal Register** that the commercial quota has been harvested and that no commercial quota for the spiny dogfish fishery is available. Therefore, effective 0001 hr local time, August 20, 2008, landings of spiny dogfish in coastal states from Maine through Florida by vessels holding commercial Federal fisheries permits are prohibited through October 31, 2008, 2400 hr local time. The 2008 Period 2 quota will be available for commercial spiny dogfish harvest on November 1, 2008. Effective August 20, 2008, federally permitted dealers are also advised that they may not purchase spiny dogfish from vessels issued Federal spiny dogfish permits that land in coastal states from Maine through Florida.

**Classification**

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*
