Office of the Assistant Secretary for Civil Rights; Notice of Request for Emergency Approval of New Information Collection, Paper Reduction Act of 1995

AGENCY: Office of the Assistant Secretary for Civil Rights, USDA/1890 Programs.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces the Office of the Assistant Secretary for Civil Rights, USDA/1890 Program intention to request an emergency approval of information collection for the USDA/1890 National Scholars Program.

DATES: Comments on this notice must be received to be assured of consideration.

Additional Information or Comments: Contact Carl Butler, USDA/1890 National Scholars Program Manager, U.S. Department of Agriculture, 300 7th Street, SW., Suite 266, Room 273, Washington, DC 20024 (202) 205-2641 (Fax number).

SUPPLEMENTARY INFORMATION: Overview of the information collected.

Title: USDA/1890 National Scholars Program Application.

Type of Request: Emergency approval of new information collection.

Abstract: The USDA/1890 National Scholars Program is a joint human capital initiative between the U.S. Department of Agriculture (USDA) and Historical Black Land-Grant Universities. Through the Program, USDA offers scholarships to high school students who are seeking a bachelor's degree, in the fields of agriculture, food, or natural resource sciences and related majors, at one of the eighteen Historically Black Land-Grant Universities. In order for graduating high school students to be considered

for the scholarship, a completed application is required. The first section of the application requests the applicant to include biographical information (e.g., name, address, age, etc.); educational background information (e.g., grade point average, test scores, name of university(ies) interested in attending, and desired major); and extracurricular activities. The second of the application section is completed by the student's guidance counselor and requests information pertaining to the student's academic status, grade point average, and test scores. The last section of the application, which is to be completed by a teacher, provides information that assesses the applicant's interest, habits, and potential. All of this information is used to assist the selecting agencies in their process of identifying potential recipients of the scholarship.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1 hour per respondent.

Respondents: High school students, teachers, guidance counselors (each application requires 3 respondents to complete a section).

Estimated Number of Respondents: 1,200 (400 applications).

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 3,600 hours.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the agency's functions, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Carl Butler, 300 7th Street, SW., Reporter's Building, Suite 266, Room 273, Washington, DC 20024. All comments received will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record.

Arthur L. Neal,

Acting Director, USDA/1890 Programs.

FOR FURTHER INFORMATION CONTACT: Persons interested in making a presentation, submitting technical papers, or providing comments at the September 26, plenary session should contact Karen Thomas-Sharp, phone (202) 690-6620, fax (202) 690-6334, e-mail Karen.thomas-sharp@fsis.usda.gov,

or at the mailing address above. Persons requiring a sign language interpreter or other special accommodations should notify Mrs. Thomas-Sharp by September 17, 2008.

SUPPLEMENTARY INFORMATION:

Background

The NACMCF was established in 1988, in response to a recommendation of the National Academy of Sciences for an interagency approach to microbiological criteria for foods, and in response to a recommendation of the U.S. House of Representatives Committee on Appropriations, as expressed in the Rural Development, Agriculture, and Related Agencies Appropriation Bill for fiscal year 1988. The charter for the NACMCF is available for viewing on the FSIS Internet Web page at http://www.fsis.usda.gov/About/NACMCF_Charter/.

The NACMCF provides scientific advice and recommendations to the Secretary of Agriculture and the Secretary of Health and Human Services on public health issues relative to the safety and wholesomeness of the U.S. food supply, including development of microbiological criteria and review and evaluation of epidemiological and risk assessment data and methodologies for assessing microbiological hazards in foods. The Committee also provides scientific advice and recommendations to the Centers for Disease Control and Prevention and the Departments of Commerce and Defense.

Dr. H. Scott Hurd, Deputy Under Secretary for Food Safety, U.S. Department of Agriculture, is the Committee Chair; Dr. Stephen Sundlof, Director of the Food and Drug Administration's Center for Food Safety and Applied Nutrition (CFSAN), is the Vice-Chair; and Gerri Ransom, FSIS, is the Executive Secretary.

- At the subcommittee meetings the week of September 22-25, 2008 the groups will discuss:

- Parameters for inoculated-pack challenge study protocols, and
- Determination of the most appropriate technologies for the FSIS to adopt in performing routine and baseline microbiological analyses.

Documents Reviewed by NACMCF

FSIS intends to make available to the public all materials that are reviewed and considered by NACMCF regarding its deliberations. Generally, these materials will be made available as soon as possible after the full Committee meeting. Further, FSIS intends to make these materials available in electronic format on the FSIS Web page, as well as
