Title: Review Rating Summary, RUS Form 300, 7 CFR Part 1730.

OMB Control Number: 0572-0025.

Type of Request: Extension of a currently approved collection.

Abstract: The RUS manages loan programs in accordance with the RE Act of 1936, as amended (7 U.S.C. 901 *et seq.*). An important part of safeguarding loan security is to see that RUS financed facilities are being responsibly used, adequately operated, and adequately maintained. Future needs have to be anticipated to ensure that facilities will continue to produce revenue and that loans will be repaid as required by the RUS mortgage. A periodic operations and maintenance (O&M) review, using the RUS Form 300, in accordance with 7 CFR Part 1730, is an effective means for RUS to determine whether the borrowers systems are being properly operated and maintained, thereby protecting the loan collateral. An O&M review is also used to rate facilities and can be used for appraisals of collateral as prescribed by OMB Circular A-129, Policies for Federal Credit Programs and Non-Tax Receivables.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 4 hours per response.

Respondents: Not-for-profit institutions.

Estimated Number of Respondents: 229.

Estimated Total Annual Burden on Respondents: 916 hours.

Title: Use of Consultants Funded by Borrowers, 7 CFR Part 1789.

Type of Request: Extension of a currently approved collection.

Abstract: Section 18(c) of the Rural Electrification Act of 1936 (RE Act), as amended (7 U.S.C. 901 *et seq.*) authorizes RUS to use consultants voluntarily funded by borrowers for financial, legal, engineering and other technical services. Consultants may be used to facilitate timely action on loan applications by borrowers for financial assistance and for approvals required by RUS, pursuant to the terms of outstanding loans, or otherwise. RUS may not require borrowers to fund consultants. The provision of section 18(c) may be utilized only at the borrower's request. This collection of

information implements RUS policies and procedures for use of consultants funded by RUS borrowers to facilitate timely action on a borrower's loan application for financial assistance and for RUS approvals.

Foreign-Trade Zones Board

[Order No. 1571]

Application for Subzone Status Not Approved

Johnson Controls Battery Group, Inc.

Yuma, Arizona

Pursuant to its authority under the Foreign-Trade Zones Act, of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for "... the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities

cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

Whereas, the Yuma County Airport Authority, grantee of FTZ 219, has made application to the Board for authority to establish special-purpose subzone status at the lead-acid battery manufacturing facility of Johnson Controls Battery Group, Inc., located in Yuma, Arizona (FTZ Docket 48-2007, filed 09-28-07);

Whereas, notice inviting public comment has been given in the **Federal Register** (72 FR 57287-57288, 10/09/2007); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations have not been satisfied and that approval of the application would not be in the public interest;

Now, therefore, the Board hereby does not approve the application for subzone status at the lead-acid battery manufacturing facility of Johnson Controls Battery Group, Inc., located in Yuma, Arizona.

Signed at Washington, DC, this 2nd day of September 2008.
