Petition for Exemption

Docket No.: FAA-2008-0874.

Petitioner: The Boeing Company.

Section of 14 CFR Affected: § 26.47.

Description of Relief Sought: The petitioner is requesting relief from a design approval holder requirement to develop data for specific airplanes that have been permanently removed from service and, therefore, will not be operated in commercial service in the United States.

[Summary Notice No. PE-2008-42]

Petition for Exemption; Summary of Petition Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Reopening of comment period.

SUMMARY: In accordance with 14 CFR 11.47(c), the FAA has received petitions from the Association of Flight Attendants-CWA, AFL-CIO (AFA-CWA) and the Air Line Pilots Association, International (ALPA). Those petitions requested an extension of the comment period for a petition from The Boeing Company. That exemption, if granted, would provide Boeing relief from certain pressurized cabin requirements in regard to uncontained engine failure for Boeing Model 747-8/8F series airplanes. The FAA finds that AFA-CWA and ALPA have substantive interest in the exemption request and show that good cause exists to extend the comment period because it is in the public's interest.

DATE: The comment period for the Summary of Petition Received published on August 22, 2008 (73 FR 49734), closed September 11, 2008, and is reopened until October 8, 2008.
