

Director, NPFC means the head of the U.S. Coast Guard National Pollution Funds Center (NPFC).

Double hull has the meaning set forth in 33 CFR part 157.

Single hull means any hull other than a double hull.

§ 138.230. Limits of liability.

(a) Vessels. The OPA 90 limits of liability for vessels are—

(1) For a tank vessel greater than 3,000 gross tons with a single hull, including a single-hull vessel fitted with double sides only or a double bottom only, the greater of \$3,200 per gross ton or \$23,320,000;

(2) For a tank vessel greater than 3,000 gross tons with a double hull, the greater of \$2,000 per gross ton or \$19,960,000.

(3) For a tank vessel less than or equal to 3,000 gross tons with a single hull, including a single-hull vessel fitted with double sides only or a double bottom only, the greater of \$3,200 per gross ton or \$6,360,000.

(4) For a tank vessel less than or equal to 3,000 gross tons with a double hull, the greater of \$2,000 per gross ton or \$4,240,000.

(5) For any other vessel, the greater of \$1,000 per gross ton or \$848,000.

(b) Deepwater ports. The OPA 90 limits of liability for deepwater ports are—

(1) Generally. For any deepwater port other than a deepwater port with a limit of liability established by regulation under Section 1004(d)(2) of OPA 90 (33 U.S.C. 2704(d)(2)) and set forth in paragraph (b)(2) of this section, \$371,000,000;

(2) For deepwater ports with limits of liability established by regulation under Section 1004(d)(2) of OPA 90 (33 U.S.C. 2704(d)(2)):

(i) For the Louisiana Offshore Oil Port (LOOP), \$86,924,000; and

(ii) [Reserved].

(c) [Reserved].

§ 138.240 Procedure for calculating limit of liability adjustments for inflation.

(a) Formula for calculating a cumulative percent change in the Annual CPI-U. The Director, NPFC, calculates the cumulative percent change in the Annual CPI-U from the year the limit of liability was established, or last adjusted by statute or regulation, whichever is later, to the present year, using the escalation formula described in Fact Sheet 00-1, U.S. Department of Labor Program Highlights, "How to Use the Consumer Price Index for Escalation", September 2000. This cumulative percent change value is rounded to one decimal place.

(b) Significance threshold. Every three years from the year a limit of liability was established, or last adjusted by statute or regulation, whichever is later, the Director, NPFC, will evaluate whether the cumulative percent change in the Annual CPI-U since that date has reached a significance threshold of 3 percent or greater. For any three-year period in which the cumulative percent change in the Annual CPI-U is less than 3 percent, the Director, NPFC, will publish a notice of no adjustment to the limit of liability in the **Federal Register**. If this occurs, the Director, NPFC, will recalculate the cumulative percent change in the Annual CPI-U since the year in which the limit of liability was most recently established or last adjusted by statute or regulation, whichever is later, each year thereafter until the cumulative percent change equals or exceeds the threshold amount of 3 percent. Once the 3-percent threshold is reached, the Director, NPFC, will increase the limit of liability by an amount equal to the cumulative percent change in the Annual CPI-U.

(c) Formula for calculating inflation adjustments. The Director, NPFC, calculates adjustments to the limits of liability in § 138.230 of this part for inflation using the following formula:
 New limit of liability = Current limit of liability value + (Current limit of liability value × percent change in the Annual CPI-U from the year the limit of liability was established, or last adjusted by statute or regulation, whichever is later, to the present year), then rounded to the closest \$100.

(d) [Reserved].

Dated: September 17, 2008.

Craig A. Bennett,

*Director, National Pollution Funds Center,
 United States Coast Guard.*

Part 252	Update references and clause titles.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the proposed rule makes no significant change to DoD policy regarding the management of Government property in the possession of contractors. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2007-D020.

C. Paperwork Reduction Act

The information collection requirements of DFARS Part 245 have been approved by the Office of Management and Budget under Control Number 0704-0246.

(A) Assistant Secretary of the Army (AL&T);

(B) Assistant Secretary of the Navy (RD&A);

(C) Assistant Secretary of the Air Force (Acquisition); or

(D) Director, Defense Logistics Agency.

(ii) The authority in paragraph (2)(i) of this section may be delegated to the head of a contracting activity. Any redelegation requires the approval of the Deputy Under Secretary of Defense (Industrial Affairs and Installations).

(iii) To determine the percentage of non-Government use—

(A) Compute the percentage of non-Government use on time available for use. Use the contractor's normal work schedule as represented by the scheduled production shift hours;

(B) Use a base time period that is neither less than three months nor more than one year; and

(C) Use may be averaged at a single plant for all items costing less than \$25,000.

(iv) Contractors should submit requests for non-Government use of Government-owned equipment to the contract administration office at least six weeks before the projected use. The request shall include—

(v) Approving officials shall retain for periodic review, documentation of the circumstances justifying non-Government use of Government property.

245.302 Contracts with foreign governments or international organizations.

(1) *General.*

(A) The use will not interfere with foreseeable requirements of the United States;

(B) The work is undertaken as a DoD foreign military sale; or

(C) For a direct commercial sale, the foreign country or international organization would be authorized to contract with the department concerned under the Arms Export Control Act.

(ii) *Use charges.*

(A) The Use and Charges clause is applicable on direct commercial sales to

foreign governments or international organizations.

(B) When a particular foreign government or international organization has funded the acquisition of specific production and research property, do not assess the foreign government or international organization rental charges or nonrecurring recoupments for the use of such property.

(2) *Special tooling and special test equipment.*

(i) DoD normally recovers a fair share of nonrecurring costs of special tooling and special test equipment by including these costs in its calculation of the nonrecurring cost recoupment charge when major defense equipment is sold by foreign military sales or direct commercial sales to foreign governments or international organizations. "Major defense equipment" is defined in DoD Directive 2140.2, Recoupment of Nonrecurring Costs on Sales of U.S. Items, as any item of significant military equipment on the United States Munitions List having a nonrecurring research, development, test, and evaluation cost of more than \$50 million or a total production cost of more than \$200 million.

(ii) When the cost thresholds in paragraph (2)(i) of this section are not met, the contracting officer shall assess rental charges for use of special tooling and special test equipment pursuant to the Use and Charges clause if administratively practicable.

(3) *Waivers.*

(i) Rental charges for use of U.S. production and research property on commercial sales transactions to the Government of Canada are waived for all commercial contracts. This waiver is based on an understanding wherein the Government of Canada has agreed to waive its rental charges.

(ii) Requests for waiver or reduction of charges for the use of Government property on work for foreign governments or international organizations shall be submitted to the contracting officer, who shall refer the matter through contracting channels. In response to these requests, approvals may be granted only by the Director, Defense Security Cooperation Agency, for particular sales that are consistent with paragraph (1)(i)(C) of this section.

Fisheries of the Exclusive Economic Zone Off Alaska; Revised Management Authority for Dark Rockfish in the Bering Sea and Aleutian Islands Management Area and the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues a proposed rule that would implement Amendment 73

to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area and Amendment 77 to the Fishery Management Plan for Groundfish of the Gulf of Alaska (collectively, Amendments 73/77). If approved, Amendments 73/77 would remove dark rockfish (*Sebastes ciliatus*) from both fishery management plans (FMPs). The State of Alaska (State) would then assume management of dark rockfish catch by State-permitted vessels in the Bering Sea and Aleutian Islands Management Area and the Gulf of Alaska. This action is necessary to allow the State of Alaska to implement more responsive, regionally based management of dark rockfish than is currently possible under the FMPs. This action would improve conservation and management of dark rockfish and is intended to promote the goals and objectives of the Magnuson–Stevens Fishery Conservation and Management Act, the FMPs, and other applicable laws.

DATES: Comments must be received no later than November 17, 2008.
