

Environmental, LLC (PG), contract number EP-C-07-029, located in Herndon, VA, and with Westat, contract numbers EP-D-07-109 and GS-23F-8144H, located in Rockville, MD. The purpose of these contracts is to secure economic, technical, and statistical analysis support for EPA in its development, review, implementation, and defense of effluent limitation guidelines and standards for, and studies of the environmental impacts and potential mitigation of effluent discharges for, a variety of industries, such as the drinking water treatment industry and the airport deicing industry. To obtain assistance in performing these contracts, Abt and PG have entered into contracts with their subcontractors. In particular, Abt has obtained the services of the following subcontractors: RTI International (located in Research Triangle Park, NC, subcontract number 21043); ICF Consulting (located in Fairfax, VA, subcontract number 21052); Great Lakes Environmental Center (located in Traverse City, MI, subcontract number 21040); Horizon Systems Corporation (located in Herndon, VA, subcontract number 21050); Aqua Terra (located in Mountain View, CA, subcontract number 21049); ETI (located in Westford, MA, subcontract number 21171); Stratus Consulting, Inc. (located in Washington, DC, subcontract number 20657); Indtai Inc. (located in Falls Church, VA, subcontract number 21046); and independent consultants Frank Arnold, Brynhildur Davidsdottir, Lori Snyder Bennear, Robert Johnston, Tim Bondelid, and Kurt Stephenson. PG has obtained the services of the following subcontractors: Amendola Engineering, Inc. (located in Westlake, OH, subcontract number EAD/029-003); Tetra Tech, Inc. (located in Fairfax, VA, subcontract number EAD/029-002); and Eastern Research Group (located in Chantilly, VA, subcontract number EAD/029-001).

All EPA contractor, subcontractor, and consultant personnel are bound by the requirements and sanctions contained in their contracts with EPA and in EPA's confidentiality regulations found at 40 CFR Part 2, Subpart B. Abt, PG, and Westat will adhere to EPA-approved security plans which describe procedures to protect CBI. Abt, PG, and Westat will apply the procedures in these plans to CBI previously gathered by EPA and to CBI that may be gathered in the future for the airport deicing industry, the drinking water treatment industry, and other industries. The security plans specify that contractor personnel are required to sign non-

disclosure agreements and are briefed on appropriate security procedures before they are permitted access to CBI. No person is automatically granted access to CBI: a need to know must exist.

The information that will be transferred to Abt, PG, and Westat and their subcontractors consists, in part, of information previously collected by EPA to support the development, review, implementation, and defense of effluent limitations guidelines and standards under the CWA and for studies of the environmental impacts of and potential mitigation of effluent discharges from the airport deicing point source category, the drinking water treatment industry, the health services industry, and other industries. The information that will be transferred consists of material claimed as trade secrets, intellectual property, commercial, financial, and other information. It includes information about operations, processes, products, and company finances but does not include information which is inherently public, such as effluent discharge data.

EPA also intends to transfer to Abt, PG, and Westat all information described in this notice, of the type described above (including CBI) that may be collected in the future under the authority of section 308 of the CWA or voluntarily submitted (e.g., in comments in response to a **Federal Register** notice), as is necessary to enable Abt, PG, and Westat to carry out the work required by their contracts to support EPA.

Dated: September 16, 2008.

Ephraim S. King,

Director, Office of Science and Technology.

Science Advisory Board Staff Office Clean Air Scientific Advisory Committee (CASAC); Notification of a Public Advisory Committee Teleconference of the CASAC Oxides of Nitrogen Primary NAAQS Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces a public teleconference of the Clean Air

Scientific Advisory Committee's (CASAC) Oxides of Nitrogen Primary NAAQS Review Panel (Panel) to conduct a peer review of the draft Exposure and Health Risk Characterization chapter for EPA's *Risk and Exposure Assessment to Support the Review of the NO₂ Primary National Ambient Air Quality Standard: Second Draft*.

DATES: The teleconference will be held on October 22, 2008 from 11 a.m. to 1 p.m. (Eastern Daylight Time).

ADDRESSES: The public teleconference will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Members of the public who wish to obtain the call-in number and access code to participate in the teleconference may contact Dr. Angela Nugent, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 343-9981; fax (202) 233-0643; or e-mail at nugent.angela@epa.gov. General information concerning the CASAC and the CASAC documents cited below can be found on the EPA Web site at <http://www.epa.gov/casac>.

SUPPLEMENTARY INFORMATION:

Background: The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and national ambient air quality standards (NAAQS) under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including oxides of nitrogen (NO_x). EPA is in the process of reviewing the primary NAAQS for nitrogen dioxide (NO₂), an indicator for NO_x. Primary standards set limits to protect public health, including the health of "sensitive" populations such as asthmatics, children, and the elderly.

As part of its scientific advice to support EPA's review of the primary NAAQS for nitrogen dioxide (NO₂), CASAC met on September 9-10, 2008 to

conduct a peer review of the *Risk and Exposure Assessment to Support the Review of the NO₂ Primary National Ambient Air Quality Standard: Second Draft* (73 FR 43444–43445). At that time, EPA had not completed chapter eight of the draft assessment entitled “Exposure and Health Risk Characterization.” The purpose of the teleconference is for CASAC to conduct a peer review of the draft Chapter 8. The public may access completed CASAC advisory reports related to the primary NAAQS NO₂, including the CASAC report on the *Risk and Exposure Assessment to Support the Review of the NO₂ Primary National Ambient Air Quality Standard: Second Draft* reviewed at the September 9–10 meeting, on the EPA Web site at <http://www.epa.gov/casac>.

Technical Contact: Any questions concerning Chapter 8 for EPA’s *Risk and Exposure Assessment to Support the Review of the NO₂ Primary National Ambient Air Quality Standard: Second Draft* should be directed to Dr. Scott Jenkins, OAR (by telephone (919) 541–1167, or e-mail jenkins.scott@epa.gov).

Availability of Meeting Materials: Chapter 8 for EPA’s *Risk and Exposure Assessment to Support the Review of the NO₂ Primary National Ambient Air Quality Standard: Second Draft* will be accessible via the Agency’s Office of Air Quality Planning and Standards Web site at http://www.epa.gov/ttn/naaqs/standards/nox/s_nox_cr_rea.html on or about October 3, 2008. Agendas and materials supporting the teleconference will be placed on the EPA Web site at <http://www.epa.gov/casac> before the meeting.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the CASAC Panel to consider during the advisory process. **Oral Statements:** Interested members of the public may submit relevant written or oral information for the SAB Panel to consider during the advisory process. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to three minutes per speaker, with no more than a total of 30 minutes for all speakers. Interested parties should contact Dr. Angela Nugent, DFO, in writing (preferably via e-mail) by October 15, 2008 at the contact information noted above to be placed on the public speaker list for this meeting.

Written Statements: Written statements for the public meeting should be received by Dr. Angela Nugent at the contact information above by October 15, 2008, so that the information may be made available to

the Panel for their consideration prior to the teleconference. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature (optional), and one electronic copy via e-mail (acceptable file format: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Nugent at the phone number or e-mail address noted above, preferably at least ten days prior to the teleconference, to give EPA as much time as possible to process your request.

Dated: September 17, 2008.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board
Staff Office.

[FRL–8719–9]

Gulf of Mexico Program Citizens Advisory Committee Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: Under the Federal Advisory Committee Act (Pub. L. 92–463), EPA gives notice of a meeting of the Gulf of Mexico Program (GMP) Citizens Advisory Committee (CAC).

For information on access or services for individuals with disabilities, please contact Gloria Car, U.S. EPA, at (228) 688–2421 or car.gloria@epa.gov. To request accommodation of a disability, please contact Gloria Car, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

DATES: The meeting will be held on Tuesday, October 28, 2008 from 9 a.m. to 12 p.m.

ADDRESSES: The meeting will be held at the Hilton New Orleans Riverside, No. 2 Poydras Street, New Orleans, LA 70140.

FOR FURTHER INFORMATION CONTACT:

Gloria D. Car, Designated Federal Officer, Gulf of Mexico Program Office, Mail Code EPA/GMPO, Stennis Space Center, MS 39529–6000 at (228) 688–2421.

SUPPLEMENTARY INFORMATION: The proposed agenda includes the following topics: Citizens Advisory Committee

Overview, which includes the purpose, member responsibilities, and bylaws; GMP Program Update; CAC Participation in the Governors’ Alliance; Succession Planning to vote on a new slate of officers and to select alternates; discussions of meeting frequency, date of next meeting and future meeting topics.

The meeting is open to the public.

Dated: September 17, 2008.

Gloria D. Car,
Designated Federal Officer.
