

that is substantially transformed in the United States into a new and different article of commerce with a name, character, or use distinct from that of the article or articles from which it was transformed. 48 CFR 25.003. Therefore, the question presented in this final determination is whether, as a result of the operations performed in the United States, the nonwoven cotton fabric is substantially transformed into a product of the United States.

The rules of origin for textile products for purposes of the customs laws and the administration of quantitative restrictions are set forth in 19 U.S.C. 3592. These provisions are implemented in the CBP Regulations at 19 CFR 102.21. The rules set forth in § 3592 apply to textile and apparel products, unless otherwise provided for by statute. The rule of origin in § 2518(4)(B) is a rule of origin otherwise provided for by statute, however, it is a general rule, whereas § 3592 is specific to textile products. Section 3592 has been described as Congress's expression of substantial transformation as it relates to textile products.

The rules of origin in 19 U.S.C. 3592 are implemented in the CBP Regulations in 19 CFR 102.21. The imported product is a nonwoven textile fabric. The finished product, Tegaderm™ Ag Mesh Dressings, is also a textile product as defined by 19 CFR 102.21(b)(5). Tegaderm™ Ag Mesh Dressings are classified in subheading 3005.90, HTSUS, which provides for "Wadding, gauze, bandages and similar articles (for example, dressings, adhesive plasters, poultices), impregnated or coated with pharmaceutical substances or put up in forms or packings for retail sale for medical, surgical, dental or veterinary purposes" other than adhesive dressings and other articles having an adhesive layer.

As the finished dressing is produced by processing in more than one country, its origin cannot be determined by application of § 102.21(c)(1), wholly obtained or produced rule, and resort must be made to § 102.21(c)(2). Section 102.21(c)(2) states that the origin of a good is the country "in which each foreign material incorporated in that good underwent an applicable change in tariff classification, and/or met any other requirement, specified for the good in paragraph (e) of [102.21]." Section 102.21(e) provides in pertinent part:

(1) The following rules will apply for purposes of determining the country of origin of a textile or apparel product under paragraph (c)(2) of this section:
3005.90 If the good contains pharmaceutical substances, a change to

subheading 3005.90 from any other heading;
* * *

The material of foreign origin in this case is the nonwoven cotton fabric classifiable in heading 5603, HTSUS. The processing in the United States causes the foreign origin material to make a tariff shift from heading 5603 to subheading 3005.90, HTSUS. Therefore, by application of the rules set forth in 19 CFR 102.21, the finished Tegaderm™ Ag Mesh Dressings are products of the United States for purposes of government procurement. **HOLDING:**

Based on the facts and analysis set forth above, the finished Tegaderm™ Ag Mesh Dressings are products of the United States for the purpose of government procurement.

Notice of this final determination will be given in the **Federal Register**, as required by 19 CFR § 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 CFR 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 CFR 177.30, any party-at-interest may, within 30 days after publication of the **Federal Register** notice referenced above, seek judicial review of this final determination before the Court of International Trade.

Sincerely,
Jeremy Baskin

SUPPLEMENTARY INFORMATION:

I. Abstract

Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection activity that the Office of Conservation, Partnerships & Management Policy will submit to OMB for approval for the Department and its bureaus to collect information from proposed donors relative to their relationship(s) with the Department. The Department and its individual bureaus all have gift acceptance authority. In support of the variety of donation authorities in the Department and increasing numbers of donations, it is the policy of the Department to ask those proposing to donate gifts valued at \$25,000 or more to provide information regarding their relationship with the Department. The purpose of this policy is to ensure that the acceptance of a gift does not create legal or ethical issues for the Department, its bureaus, or potential donors. The information will be gathered through the use of a new form. If this information were not collected from the prospective donor, the Department would have to collect the information. The information is scattered throughout the Department. With eight major bureaus, 2500 locations and 70,000 employees, it is not possible to collect the information about a particular donor in a timely manner to respond to a proposed donation. Having the donor certify his interactions with the Department gives the staff reviewing the proposed donation basic information.

II. Method of Collection

Individuals notifying the Department or one of its bureaus of a proposed offer

of a gift valued at \$25,000 or higher will be asked to submit a form listing several items of basic information.
