Proposed Project: Maternal and Child Health Services Title V Block Grant Program Guidance and Forms for the Title V Application/Annual Report (OMB No. 0915-0172): Revision

The Health Resources and Services Administration (HRSA) proposes to revise the *Maternal and Child Health Services Title V Block Grant Program—Guidance and Forms for the Application/Annual Report*. The guidance is used annually by the 50 States and 9 jurisdictions in making application for Block Grants under Title V of the Social Security Act, and in preparing the required annual report. The proposed revisions follow and build on extensive consultation received from a workgroup convened to provide suggestions to improve the guidance and forms.

The changes in this edition of the Maternal and Child Health Services Title V Block Grant Program Guidance and Forms for the Title V Application/Annual Report are primarily revisions to Section II—Needs Assessment. The purpose of these revisions is: (1) To provide more complete information on the Background and Conceptual Framework for the Needs Assessment Process (Part A); (2) to clarify what State grantees are to include in the Five Year Needs Assessment Document (Part B); (3) to better explain the information to include in the Annual Needs Assessment Summary/Update, both in the year when the five year Needs Assessment is conducted and in interim years (Part C); and (4) to update Figure 2, the Needs Assessment diagram, to reflect all aspects of the Needs Assessment process. In addition, other minor changes and clarifications are included throughout the document that primarily serves to make the instructions clearer for the respondent.

Such changes include the clarification of headings and the types of information that States may want to include in a particular section.

The estimated average annual burden is as follows:

Reporting document	Number of respondents	Responses per respondent	Total responses	Burden per response	Total burden hours	Cost per hour	Total hour cost
Application and Report without Needs Assessment (2009 & 2011)	59	1	59	270	15,930	\$30	\$477,900
Application with Needs Assessment (2010)	59	1	59	378.5	22,332	30	669,960
Total Average Annual Burden	59	59	306	18,054	30	541,620

The total estimate of annual burden is the average for the next three year period of Application submissions in which a Needs Assessment will be required once. The Application submissions (with and without the Needs Assessment) are based on the calendar year.
