

estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This change is the result of many corrections, with a moderate increase in light-duty emissions hours and smaller increases in the fuel economy, motorcycle, and defect-reporting programs offset by a moderate decrease in IUVP hours reflecting efficiencies in that program due to the completion of EPA audits of manufacturer IUVP procedures and the maturing of the program, which was a startup at the time of the last renewal.

Agency Information Collection Activities; Proposed Collection; Comment Request; Data Reporting Requirements for State and Local Vehicle Emission Inspection and Maintenance (I/M) Programs; EPA ICR No. 1613.03, OMB Control No. 2060-0252

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on February 28, 2009. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before December 1, 2008.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2008-0707, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- *Mail:* U.S. Environmental Protection Agency, EPA West (Air Docket), 1200 Pennsylvania Avenue, NW., Room: B108; Mail Code: 6102T, Washington, DC 20460.

- *Hand Delivery:* EPA Docket Center (Air Docket), U.S. Environmental

Protection Agency, 1301 Constitution Avenue, NW., Room: B108; Mail Code: 6102T, Washington, DC 20004. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2008-0707. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov> your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2008-0707, which is

available for online viewing at <http://www.regulations.gov>, or in person viewing at the Air Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air Docket is 202-566-1742.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested In?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.

3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Offer alternative ways to improve the collection activity.

6. Make sure to submit your comments by the deadline identified under **DATES**.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Docket ID No. EPA-HQ-OAR-2008-0707.

Affected entities: Entities potentially affected by this action are the state government agencies or departments responsible for oversight and operation of the I/M programs (SIC#91). Thirty-three states plus the District of Columbia will be affected by I/M program requirements.

Title: Data Reporting Requirements for State and Local Vehicle Emission Inspection and Maintenance (I/M) Programs.

ICR number: EPA ICR No. 1613.03, OMB Control No. 2060-0252.

ICR status: This ICR is scheduled to expire February 28, 2009. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: To provide general oversight and support to state and local I/M programs, the Transportation and Regional Programs Division (TRPD), Office of Transportation and Air Quality, Office of Air and Radiation, U.S. Environmental Protection Agency, requires that state or local program management for both basic and enhanced I/M programs collect two varieties of reports to EPA. The first reporting requirement is the submittal of an annual report providing general program operating data and summary statistics, addressing the program's

current design and coverage, a summary of testing data, enforcement program efforts, quality assurance and quality control efforts, and other miscellaneous information allowing for an assessment of the program's relative effectiveness; the second is a biennial report on any changes to the program over the two-year period and the impact of such changes, including any weaknesses discovered and corrections made or planned.

General program effectiveness is determined by the degree to which a program misses, meets, or exceeds the emission reductions committed to in the state's approved SIP, which, in turn, must meet or exceed the minimum emission reductions expected from the relevant performance standard, as promulgated under EPA's revisions to 40 CFR, Part 51, in response to requirements established in section 182 of the Clean Air Act Amendments of 1990 (Act). This information will be used by EPA to determine a program's progress toward meeting requirements under 40 CFR, Part 51, as well as to assess national trends in the area of basic and enhanced I/M programs and to provide background information in support of periodic site visits and evaluations.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 85 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 34.

Frequency of response: Annual and Biennial.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 85 hours.

Estimated total annual costs: \$4,478.

Are There Changes in the Estimates From the Last Approval?

There is no change in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: September 25, 2008.

Acting Division Director, Transportation and Regional Programs Division, Office of Transportation and Air Quality.

Draft Toxicological Review of Ethylene Glycol Mono Butyl Ether (EGBE): In Support of the Summary Information in the Integrated Risk Information System (IRIS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Listening Session.

SUMMARY: EPA is announcing a listening session to be held on Friday, October 10, 2008, for the external review draft document entitled, "Toxicological Review of Ethylene Glycol Mono Butyl Ether (EGBE): In Support of Summary Information on the Integrated Risk Information System (IRIS)." This listening session is a new step in EPA's revised process, announced on April 10, 2008, for development of human health assessments for inclusion on IRIS. The purpose of the listening session is to allow all interested parties to present scientific and technical comments on draft IRIS health assessments to EPA and other interested parties during the public comment period and prior to the external peer review meeting.
