SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS) and its components and offices have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern any individual who serves on a DHS-wide and/or component specific advisory committee.

As part of its efforts to streamline and consolidate its records systems, DHS is establishing a new agency-wide system of records under the Privacy Act (5 U.S.C. 552a) for DHS advisory committees. This record system will allow all component parts of DHS to collect and preserve the required personally identifiable information needed for members who apply for or participate in DHS advisory committees. The system will consist of both electronic and paper records and will be used by DHS and its components and offices to maintain records of Federal government employees and other persons who participate in DHS-sponsored Federal advisory committees. The data will be collected by individual name, name of committee, and/or other unique personal identifier. The collection and maintenance of this information will assist DHS in maintaining a list of members of the various Federal advisory committees, internal committees, and interagency committees to provide DHS with information on committee functions,
