

significant contributions to our national heritage of certain historic and cultural lands, waterways and structures within the states of Massachusetts and Rhode Island. The heritage corridor was to provide a management framework to assist the states of Massachusetts and Rhode Island and their units of local government in the development and implementation of integrated cultural, historical and land resource management programs in order to retain, enhance and interpret the significant values of the lands, waters and structures of the corridor.

The purpose of this Special Resource Study/EIS is to provide Congress with information about the national significance, suitability, and feasibility of sites and landscape features within the corridor that are associated with American industrial history for possible inclusion in the National Park System. The study will develop alternative options for management and interpretation of the sites and landscape features under consideration.

The draft report of the study, with the draft EIS, is expected to be completed and available for public review by late 2009.

ADDRESSES: Additional information about the study/EIS may be obtained online at <http://www.nps.gov/blac> and <http://parkplanning.nps.gov>. Requests to be added to the project mailing list should be directed to Ellen Carlson, Project Manager, at the address below.

DEPARTMENT OF THE INTERIOR

National Park Service

Resource Protection Study, Final Environmental Impact Statement, Curecanti National Recreation Area, Colorado

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Availability of the Final Environmental Impact Statement (EIS) for the Resource Protection Study (RPS), Curecanti National Recreation Area.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of a Final Environmental Impact Statement for the Resource Protection Study for Curecanti National Recreation Area, Colorado.

Alternatives Evaluated

Alternative 1: No Action (Continuation of Existing Conditions)

Under Alternative 1, the No Action Alternative, NPS would continue to manage the natural, cultural, and recreational resources of Curecanti National Recreation Area (NRA), and associated facilities, pursuant to Reclamation law, NPS law, the 1965 Memorandum of Agreement between NPS and Reclamation (1965 MOA), and other applicable laws and regulations. Reclamation would continue to manage the three dams and reservoirs, power plants, access roads, and other related facilities, to meet the purposes of the Colorado River Storage Project Act (CRSP); would continue to manage the East Portal area to meet the purposes of the Uncompahgre Project; and would continue to have unrestricted access to their lands and land interests, water and water interests, and facilities; pursuant to Reclamation law, the 1965 MOA, and other applicable laws and regulations. There would be no significant change in the NRA boundary. However, a permanent NPS presence would not be assured under this alternative.

Alternative 2: Proposed Action

Under Alternative 2, the Proposed Action, NPS would manage the same natural, cultural, and recreational resources and facilities as Alternative 1, pursuant to Reclamation law, NPS law, including new legislation establishing the NRA with 10,040 acres of additional agreed-upon neighboring agency lands, a revised MOA with Reclamation, and other applicable laws and regulations. Reclamation would manage their same facilities and areas of responsibility as Alternative 1, and would have unrestricted access to their lands and land interests, water and water interests, and facilities, pursuant to Reclamation law, the revised NOA, and other applicable laws and regulations. NPS would be authorized to work in partnership with private landowners within a Conservation Opportunity Area of 24,300 acres outside the NRA boundary, to implement a variety of tools, including acquiring interests in land from willing landowners, such as fee simple acquisition and conservation easements, which would promote the

long-term conservation of resources. A permanent NPS presence would be assured under this alternative, which is also the environmentally preferred alternative.

DATES: The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-454 and 731-TA-1144 (Final)]

Welded Stainless Steel Pressure Pipe From China

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of countervailing duty and antidumping investigations.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of countervailing duty investigation No. 701-TA-454 (Final) under section 705(b) of the Tariff Act of

1930 (19 U.S.C. 1671d(b)) (the Act) and the final phase of antidumping investigation No. 731-TA-1144 (Final) under section 735(b) of the Act (19 U.S.C. 1673d(b)) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of subsidized and less-than-fair-value imports from China of welded stainless steel pressure pipe, provided for in subheadings 7306.40.50 and 7306.40.10 of the Harmonized Tariff Schedule of the United States.¹

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

DATES: *Effective Date:* September 2, 2008.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Haines (202-205-3200), Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background. The final phase of these investigations is being scheduled as a

¹ For purposes of these investigations, the Department of Commerce has defined the subject merchandise as circular welded austenitic stainless pressure pipe not greater than 14 inches in outside diameter. This merchandise includes, but is not limited to, the American Society for Testing and Materials ("ASTM") A-312 or ASTM A-778 specifications, or comparable domestic or foreign specifications. ASTM A-358 products are only included when they are produced to meet ASTM A-312 or ASTM A-778 specifications, or comparable domestic or foreign specifications. Excluded from the scope are: (1) Welded stainless mechanical tubing, meeting ASTM A-554 or comparable domestic or foreign specifications; (2) boiler, heat exchanger, superheater, refining furnace, feedwater heater, and condenser tubing, meeting ASTM A-249, ASTM A-688 or comparable domestic or foreign specifications; and (3) specialized tubing, meeting ASTM A-269, ASTM A-270 or comparable domestic or foreign specifications.

result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in China of welded stainless steel pressure pipe, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on January 30, 2008, by Bristol Metals (Bristol, TN), Felker Brothers Corp. (Marshfield, WI), Marcegaglia USA Inc. (Munhall, PA), Outokumpu Stainless Pipe, Inc. (Schaumburg, IL), and the United Steel Workers of America (Pittsburgh, PA).

Participation in the investigations and public service list. Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations. *Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.*

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report. The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on December 18, 2008, and a public version will be issued

thereafter, pursuant to section 207.22 of the Commission's rules.

Hearing. The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on January 13, 2009, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before January 7, 2009. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on January 9, 2009, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by sections 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony in *camera* no later than 7 business days prior to the date of the hearing.

Written submissions. Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of section 207.23 of the Commission's rules; the deadline for filing is January 6, 2009. Parties may also file written testimony in connection with their presentation at the hearing, as provided in section 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of section 207.25 of the Commission's rules. The deadline for filing posthearing briefs is January 23, 2009; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations, including statements of support or opposition to the petition, on or before January 23, 2009. On February 11, 2009, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before February 13, 2009, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of

sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means, except to the extent permitted by section 201.8 of the Commission's rules, as amended, 67 FR 68036 (November 8, 2002). Even where electronic filing of a document is permitted, certain documents must also be filed in paper form, as specified in II (C) of the Commission's Handbook on Electronic Filing Procedures, 67 FR 68168, 68173 (November 8, 2002).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission's rules.

Issued: September 30, 2008.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Clean Air Act

Pursuant to 28 CFR 50.7, notice is hereby given that, on September 30, 2008, a proposed Consent Decree in *United States v. Merit Energy Company, LLC and Shell Exploration & Production Co.*, Civil Action No. 1:08-cv-917 (W.D. Mich.) was lodged with the United States District Court for the Western District of Michigan. The Consent Decree addresses alleged violations of the Clean Air Act, 42 U.S.C. 7401-7671q, and its implementing regulations at a natural gas processing facility that is located approximately eight miles northeast of Manistee, Michigan. Shell Exploration & Production Co. ("Shell") constructed the facility in the late 1970s

and Shell owned and operated the facility until it sold it to Merit Energy Company, LLC ("Merit") in December 2003. The facility includes a natural gas sweetening unit that is used to separate sulfur-containing compounds from natural gas extracted from nearby production wells. The facility also has two Claus sulfur recovery units that recover elemental sulfur from the concentrated sulfur-containing gases generated by the sweetening unit.

The proposed Consent Decree would resolve the claims alleged in the Complaint in exchange for the Defendants' commitment to implement appropriate injunctive relief, pay a \$500,000 civil penalty, and perform a \$1 million Supplemental Environmental Project. Among other things, the injunctive relief provisions of the Decree would require Merit to eliminate all routine emission of sulfur dioxide from the facility by September 1, 2009, either by shutting the facility down or by installing and operating a separately-permitted acid gas injection control system. The Decree also would impose strict limits on emissions from the facility in non-routine situations, such as during any control equipment malfunction. Shell and Merit are jointly liable for payment of the \$500,000 civil penalty under the Decree. Finally, the Decree would require Merit to perform a Supplemental Environmental Project, at a cost of at least \$1 million, that would involve reducing air pollutant emissions from gas-fired compressors at several other gas handling facilities near the Manistee natural gas processing facility.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and mailed either electronically to pubcommentees.enrd@usdoj.gov or in hard copy to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. Comments should refer to *United States v. Merit Energy Company, LLC and Shell Exploration & Production Co.*, Civil Action No. 1:08-cv-917 (W.D. Mich.) and D.J. Ref. No. 90-5-2-1-09003.

The Consent Decree may be examined at: (1) The offices of the United States Attorney, 330 Ionia Avenue, NW., Suite 501, Grand Rapids, Michigan; and (2) the offices of the U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, 14th Floor, Chicago, Illinois. During the public comment period, the Consent Decree may also be examined on the following Department

of Justice Web site: http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Consent Decree may also be obtained by mail from the Department of Justice Consent Decree Library, P.O. Box 7611, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$14.50 (58 pages at 25 cents per page reproduction cost) payable to the U.S. Treasury.

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.
