SUPPLEMENTARY INFORMATION: In accordance with the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR 21), Public Law 106–114 (Apr. 5, 2000; 114 Stat. 61), this notice must be published in the Federal Register 30 days before the Secretary may waive any condition imposed on a federally obligated airport by surplus property conveyance deeds.

The following is a brief overview of the request:

The City of Nenana, Alaska requested a release from surplus property agreement obligations, described in a Quit Claim Deed executed by the General Services Administration (GSA), recorded in Book Volume III Page 210 Nenana Recording District for approximately 15.61 acres of airport land. The property is only a portion of the Surplus Property granted and recorded in Book Volume III Page 210 Nenana Recording District for approximately 15.61 acres of railroad property to straighten tracks will be compatible with the airport and the reuse of the sale proceeds will benefit the airport, thereby serving the interests of civil aviation.

Issued in Anchorage, Alaska, on September 3, 2008.

James W. Lomen,
Deputy Division Manager, Airports Division, Alaska Region.

SUPPLEMENTARY INFORMATION: Electronic Access

Background

The FHWA’s Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when application of the requirements would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding the FHWA’s finding that a Buy America waiver is appropriate for three specific cases.

In accordance with section 130 of Division K of the “Consolidated Appropriations Act, 2008” (Pub. L. 110–161), on July 24, 2008, the FHWA published on its Web site a notice of intent to issue a waiver for a Casing shoe for a Casing shoe for dual rotary drill rig in Maine (http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=16) and for Self-drill and Grout Dowels and Self-Drill Grout spiles in California (http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=15). In addition, on July 31, 2008, the FHWA published a notice of intent on its Web site to issue a waiver (http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=17) for 1” Hollow Core Anchors for a Federal-aid railroad project in Oregon. No comments were received in response to either of these notices. During the 15-day comment period, the FHWA conducted a nationwide review to locate potential domestic manufacturers. Based on all the information available to the Agency, including the lack of response received to the notices as well as the Agency’s nationwide review, the FHWA concludes that there are no domestic manufacturers for these products and a Buy America waiver is appropriate as provided by 23 CFR 635.410(c)(1).

In accordance with the provisions of section 117 of the “SAFETEA–LU Technical Corrections Act of 2008” (Pub. L. 110–244, 122 Stat. 1572), the FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to the FHWA’s Web site via the links above to the Maine, California and Oregon waiver pages noted above.
