

The burden estimates for compliance will vary depending on the particular business opportunity seller's prior experience with the original Franchise Rule. Staff estimates that 250 or so new business opportunity sellers will enter the market each year, requiring approximately 30 hours each to develop a Rule-compliant disclosure document. Thus, staff estimates that the cumulative annual disclosure burden for new business opportunity sellers will be approximately 7,500 hours. Staff further estimates that the remaining 2,250 established business opportunity sellers will require no more than approximately 3 hours each to update their disclosure document. Accordingly, the cumulative estimated annual disclosure burden for established business opportunity sellers will be approximately 6,750 hours.

Business opportunity sellers may need to maintain additional documentation for the sale of business opportunities in states not currently requiring these records as part of their regulation of business opportunity sellers. This might entail an additional hour of recordkeeping per year. Accordingly, staff estimates that business opportunity sellers will cumulatively incur approximately 2,500 hours of recordkeeping burden per year (2,500 business opportunity sellers x 1 hour).

Thus, the total burden for business opportunity sellers is approximately 16,750 hours (7,500 hours of disclosure burden for new business opportunity sellers + 6,750 hours of disclosure burden for established business opportunity sellers + 2,500 of recordkeeping burden for all business opportunity sellers).

Estimated annual labor cost: \$3,595,000

Labor costs are determined by applying applicable wage rates to associated burden hours. Staff presumes an attorney will prepare or update the disclosure document at an estimated \$250 per hour. As applied, this would yield approximately \$3,562,500 in labor costs attributable to compliance with the Rule's disclosure requirements ((250 new business opportunity sellers x \$250 per hour x 30 hours per seller) + (2,250 established business opportunity sellers x \$250 per hour x 3 hours per seller)).

Staff anticipates that recordkeeping would be performed by clerical staff at approximately \$13 per hour. At 2,500 hours per year for all affected business opportunity sellers (see above), this amounts to an estimated \$32,500 of recordkeeping cost. Thus, the combined labor costs for recordkeeping and

disclosure for business opportunity sellers is approximately \$3,595,000.

Estimated non-labor cost: \$3,887,500

Business opportunity sellers must also incur costs to print and distribute the disclosure document. These costs vary based upon the length of the disclosures and the number of copies produced to meet the expected demand. Staff estimates that 2,500 business opportunity sellers print and mail 100 documents per year at a cost of \$15 per document, for a total cost of \$3,750,000 (2,500 business opportunity sellers x 100 documents per year x \$15 per document).

Business opportunity sellers must also complete and disseminate an FTC-required cover sheet that identifies the business opportunity seller, the date the document is issued, a table of contents, and a notice that tracks the language specifically provided in the Rule. Although some of the language in the cover sheet is supplied by the government for the purpose of disclosure to the public, and is thus excluded from the definition of "collection of information" under the PRA, see 5 CFR 1320.3(c)(2), there are residual costs to print and mail these cover sheets, including within them the presentation of related information beyond the supplied text. Staff estimates that 2,500 business opportunity sellers complete and disseminate 100 cover sheets per year at a cost of approximately \$0.55 per cover sheet, or a total cost of approximately \$137,500 (2,500 business opportunity sellers x 100 cover sheets per year x \$0.55 per cover sheet).

Accordingly, the cumulative non-labor cost incurred by business opportunity sellers each year attributable to compliance will be approximately \$3,887,500 (\$3,750,000 for printing and mailing documents + \$137,500 for completing and mailing cover sheets).

Title: Financial Status Reporting Form for State Councils on Developmental Disabilities Program.

OMB No.: 0980-0212.

Description: For the program of the State Councils on Developmental Disabilities, funds are awarded to State agencies contingent on fiscal requirements in subtitle B of the Developmental Disabilities Assistance and Bill of Rights Act. The SF-269, ordinarily mandated in the revised OMB Circular A-102, provides no accounting breakouts necessary for proper stewardship. Consequently, the proposed streamlined form will substitute for the SF-269 and will allow compliance monitoring and proactive compliance maintenance and technical assistance.

Respondents: State Councils and Designated State Agencies.
