DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket No. FEMA–B–1010]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1 percent annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents, and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before January 8, 2009.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community are available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1010, to William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151, or (e-mail) bill.blanton@dhs.gov.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Chief, Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151 or (e-mail) bill.blanton@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any

existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

Administrative Procedure Act Statement. This matter is not a rulemaking governed by the Administrative Procedure Act (APA), 5 U.S.C. 553. FEMA publishes flood elevation determinations for notice and comment; however, they are governed by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and do not fall under the APA.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

SUPPLEMENTARY INFORMATION:

A. Background

The GSA is amending the GSAR to revise sections of GSAR Part 514 that provide requirements for sealed bidding. This amendment is a result of the GSA Acquisition Manual (GSAM) rewrite initiative undertaken by GSA to revise the GSAM to maintain consistency with the Federal Acquisition Regulation (FAR) and to implement streamlined and innovative acquisition procedures that contractors, offerors, and GSA contracting personnel can utilize when entering into and administering contractual relationships. The GSAM incorporates the GSAR as well as internal agency acquisition policy.

The GSA will rewrite each part of the GSAR and GSAM, and as each GSAR part is rewritten, will publish it in the **Federal Register**.

This rule covers the rewrite of GSAR Part 514. The specific changes are as follows:

- **501.106 OMB Approval under the Paperwork Reduction Act.**
 - Added Control Number 3090-0163 as a cross reference for 514.201-1.
 - **514.201-2 Part I—The Schedule.**

- Changed (a) from "When you" to "When using." Also in (a) changed "which" to "that" and added the FAR clause number for Prompt Payment.

- Changed (b) from "When you use" to "When using" to clarify the reference to "you" and added a reference to the Standard Form 1449 as an example that this form can also be used.

- **514.201-6 Solicitation provisions.**

- Changed "When you" to "When considering" to delete the reference to the word "you".

- Deleted the reference for Alternate I because it is not consistent with the intention of the basic clause.

- **514.201-7 Contract clauses.**

- In the old paragraph (a) changed "you" to "The contracting officer".

- Deleted paragraph (b), Examination of Records. The clause does not provide basic audit rights that are in addition to the FAR clauses at 52.215-2, Audit and Records-Negotiation and 52.214-26, Audit and Records — Sealed Bidding. And as opposed to the GSA clause, the FAR clause is specific to sealed bids. Further, the GSA clause grants to the agency rights to audit subcontractors that are in excess of those granted by the FAR and the statute.

- **514.202-4 Bid samples.**

- Renamed subparagraphs (a) and (b) to be more consistent with the FAR. Also in (a) and (b) restructured the language to remove the word "you" and replaced with contracting officer.

- Clarified the language to state who must take physical custody of bid samples.

- Deleted paragraph (c) because it is redundant with FAR 14.202-4(d).

- Added a new 514.202-5, Descriptive Literature, in order to address the requirements of FAR 14.202-5(c).

- **514.203 Methods of soliciting bids.**

- Removed because we are not using paper copies and to be consistent with the FAR.

- **514.203-1 Transmittal to prospective bidders.**

- Removed because we are not using paper copies and to be consistent with the FAR.

- **514.270-2 Justification for use.**

- Inserted "the contracting officer should" in paragraph b and made last sentence of (3) a new number (4) and
